**EXPLOSIONS.**

PHILADELPHIA, Dec. 24, 1873.

I SELDOM, if ever, pick up a newspaper without seeing, among the first items that arrest my attention, the record of a terrible boiler explosion. Very many causes are assigned for this loss of life and property. A great deal is said as to what should be done and what should not be done. But I scarcely ever hear it said that these explosions are due to an accumulation of Scale in the Boiler, and yet eight out of ten instances that occur in our midst are undoubtedly due to this cause.

Now, permit me to say that I manufacture a Composition that will readily and thoroughly remove this incrustation; and while I am constantly sending it over the United States, I exact no pay for its use unless it gives perfect satisfaction and fulfils all the claims I make for it.

My preparation will remove Scale from any Boiler, no matter how deep may be the incrustation, and at the same time it will prevent injury to the Boiler from anything which may be held in solution by the water contained in it. This article will absolutely prevent the formation of Scale if timely introduced.

The powder which I manufacture has been carefully tested by some of the ablest chemists in the country, and its fitness to keep iron clean and to preserve it has been demonstrated by them in the most satisfactory manner.

If you will send for my circular, with my terms and full particulars, or give me a call, I think I will be able to convince the most sceptical that this composition will justify all I claim for it.

Very respectfully yours,

GEO. W. LORD.

THE PORTLAND

**Kerosene Oil Company**

Would inform the public, that they continue to Manufacture

Portland Kerosene Oil

The prevalence of a large quantity of inferior and dangerous oils in the market, at a cheap price—many of which are little better than Naptha itself—and the existence of false reports in regard to the PORTLAND KEROSENE OIL, renders it a matter of justice to ourselves, as well as safety to consumers, that some notice should be taken of these facts. Therefore, we again present an advertisement, and would call attention to the high standard of our Oils. The REFINED PETROLEUM, the fire test of which is 122; THE PORTLAND KEROSENE, the fire test of which is 125 degrees Fahrenheit, and often reaches considerably higher; also, we would say, that we are determined to maintain their long established reputation.

PORTLAND KEROSENE OIL COMPANY.

We quote from chap. 39 R. S. 1871, the title of said chapter being "Inspection and sale of Manufactured Articles."

SECT. 31. Every person and corporation engaged in manufacturing petroleum, coal oil or burning fluid shall cause every cask or other vessel thereof to be so inspected and marked, by a sworn inspector. And if any person manufactures or sells such oil or burning fluid not so inspected and marked *in this State*, or that has not been so inspected and marked as unsafe for illuminating purposes, he shall *pay a fine not exceeding Five Hundred dollars* or be imprisoned six months in the county jail, upon indictments therefor.

**Your attention is respectfully invited to the following City Ordinance which it is my duty to enforce:**

"The tenant or occupant, and in case there should be no tenant, the owner, or any person having the care of any building or lot of land bordering not more than one hundred and fifty feet on any street, lane, court, square, or public place within the city, where there is any footway or sidewalk, shall, after the ceasing to fall of any snow, if in the day time within three hours, and if in the night time, before ten of the clock of the forenoon succeeding, cause such snow to be removed from such footway or sidewalk, and, in default thereof, shall forfeit and pay a sum not less than two dollars, or more than ten dollars; and for each and every hour thereafter that the same shall remain on such footway or sidewalk, such tenant, occupant, owner or other person, shall forfeit and pay a sum not less than one dollar, nor more than ten dollars. And if such building or lot should extend more than one hundred and fifty feet, on any street or land, it shall be the duty of such tenant or occupant, owner or other person, to remove such snow from the footway or sidewalk for the space of one hundred and fifty feet, according to the provisions and subject to the penalties aforesaid."

"The provisions of the preceding section shall also apply to the falling of snow from any building."

"Whenever the sidewalk, or any part thereof adjoining any building or lot of land on any street, shall be encumbered with ice, it shall be the duty of the occupant, and in case there is no occupant, the owner, or any person having the care of such building or lot, to cause such sidewalk to be made safe and convenient, by removing the ice therefrom, or by covering the same with sand or some other suitable substance; and in case such owner or occupant, or other person, shall neglect so to do, for the space of six hours during the day time, he shall forfeit and pay not less than two nor more than five dollars, and a like sum for every day that the same shall continue so encumbered.

The above ordinances will be strictly enforced.

**WEDNESDAY MORNING, JAN. 28, '74**

EVERY regular attache of the PRESS is furnished with a *Card* certificate countersigned by Stanley T. Pullen, Editor. All railway, steamboat and hotel managers will confer a favor upon us by demanding credentials of every person claiming to represent our journal, as we have information that several "bummers" are seeking courtesies in the name of the PRESS, and we have no disposition to be, even passively, a party to such frauds.

We do not read anonymous letters and communications. The name and address of the writer are in all cases indispensable, not necessarily for publication but as a guaranty of good faith.

We cannot undertake to return or reserve communications that are not used.

## State Temperance Convention.

at 12 o'clock noon, to adopt such means as they judge best to reform the inebriate, to save the young from the paths of intemperance, and to drive, if possible, the traffic from the land. Let there be a general rally. We need to encourage each other's hearts and strengthen each other's hands in this great work.

The usual reduction of fare on the several railroads may be expected.

The Convention will probably continue through Thursday.

## The Abuses and Perils of Journalism.

It is a serious misfortune that public discussion should have assumed so low a tone, as has been observable during the past two years. The decadence is attributable to the fact that since the adoption of the Fifteenth Constitutional amendment, there has really been no great issue to divide the country into opposing political organizations. Consequently the last Presidential election was contested by a resort to low personalities and was characterized by a brutality and mendacity of assault, repulsive not merely to morality, but to common decency. No incumbent of office however exalted his station, or however pure his character was exempted from the ribald abuse of scurrilous penny-a-liners. The desperate necessities of a hungry coalition created a market for coarse gabble about public men, and hucksters of the pen sprang up, in every purlieu of the capital, foul enough of tongue to minister to the most insatiable pruriency. The decorous Washington correspondent of earlier days, who was wont to present truthful pictures of current events and to speak of the gentlemen comprising the several branches of the government with becoming respect, has been superceded by the mousing eaves-dropper and impudent Bohemian, who spares neither rank nor sex in his effort to give piquant flavor to a vulgar lampoon.

The blame for this melancholy state of things rests far less upon the poor creatures who earn their bread by the coinage of this spurious tender than upon newspaper proprietors, who hire them and utter their forged tokens. When great journals in New York, Cincinnati, Chicago and Louisville give ready publicity to every sneaking paragraph, however inherently improbable—which inveighs against the President, a cabinet minister, a Senator or a Representative, they encourage a continued manufacture of such unwholesome wares. It is quite possible they may find a temporary account in this sort of thing in the enlargement of their circle of scandal loving readers, but they are inflicting an irreparable wound upon the dignity and influence of the press, and gradually depriving it of all power for usefulness. The time may come when there will be real abuses to denounce, actual evils to suppress, when public opinion will need enlightenment and public virtue effective leadership. Of what value, then will be the teachings of editors, who have lost all claim to popular confidence by allowing their columns to sink into mere sewers of vituperation and calumny?

During the last Presidential campaign the opponents of the administration were literally graveled for want of a rallying cry. There was nothing to fight about. And so they were tempted to resort to the fabrication of petty items of gossip, derogatory to the prominent men in power. The air was thick with stories affecting the honor or integrity of this and that official. The libelled parties turned upon their miserable traducers with such crushing force that they were absolutely pulverized into silence. Every body remembers, and especially everybody in Maine, where the decisive battle was fought, how swiftly the tide of indignation set against the unlucky stump orators, who, as they unfolded their budget of lies, were confronted by facts till they were driven from assault to defense and finally put to flight. No political combination of the century ever met with such an ignominious defeat, or sunk into such universal contempt.

Still, that demoralizing campaign gave rise to a species of newspaper literature, which ought to be promptly and speedily extirpated. Having once fallen into the habit of dealing in slander, these Grubstreet journalists will not abandon their shameful calling until their tales cease to command pelf. As long as the papers thrive, that lend their columns to the dissemination of such pitiful stuff, the Capital of the Nation will be infested with the tattlers who subsist by furnishing it. Contradiction is out of the question, for it would give the witnesses a certain standing in court, which is precisely what they covet. Besides, it would be a waste of time. While an honest man is exposing a single lie, one of these fellows can invent a dozen.

Occasionally, some man of extraordinary credulity may be found, who is deceived by the multitude and variety of these repeated allegations into the apprehension that they bear some semblance of truth. Not a great while ago we met a gentleman, who inquired with apparent seriousness whether it was a fact that the President's cook was on the pay roll of the Army and that the President's horses were fed at the public expense? Upon asking him what ground he had for entertaining such a preposterous supposition, he innocently remarked that he had read it in some newspaper! We confess to a degree of surprise, not unmingled with disgust at the idea that there was a man living, outside of a Lunatic Asylum, who could conceive of the possibility of a conspiracy between the President of the United States and the General of the Army to defraud the government by the commission of petty larceny! Nevertheless this is a sample of many hundreds of ridiculous fictions, which constantly find their way into print, and bring reproach and shame upon their circulators.

It is not because such gross calumnies can do any injury to the objects of them that we deprecate their publication. The country at large has declared with unmistakable emphasis, how little credence it bestows on slanders so palpable that their absurdity constitutes a sufficient refutation of them. But it is lamentable that the press, which ought to be a potent organ of public opinion should have degenerated to so great a degree into a mere vehicle of petty scurrilities and offensive personalities. Grave questions of state policy now claim the calm deliberation of the people. The financial topic is one of absorbing interest, and demands thoughtful and temperate discussion. It is in no sense a party issue. Democrats and Republicans are arrayed, with equal earnestness, on the side of inflation and of contraction, and yet how few of the anti-administration sheets address themselves to this impartial theme, with any indication of a purpose to treat it in the broad spirit of patriotism and common sense. We read instead, elaborate misrepresentations of the state of the Treasury Department, splenetic flings at the Secretary, wholesale arraignment of every head of Department, and one general croak of indiscriminate fault finding, alike inopportune and in bad taste.

The imperative need of the hour is a purification of the "third estate of the realm," American journalism requires the infusion of regenerating influences. It has prospered, from a material point of view, since the subsidence of partisan divisions, but from a moral stand point its course has been retrogressive. A quarter of a century ago the editor who gave place in his columns to such indecencies as are now common in at least two of the metropolitan dailies, would have been kicked, cuffed, and cowhided, and if he proved impervious to these curative measures, the chances are he would have finally reached the penitentiary. Nowadays, the people seem to have grown callous to the most glaring outrages upon the sanctity of private life, or the considerations due to official station. Long impunity has emboldened the transgressor, and weakened the moral sense of the community to such a degree that the most indecent utterances escape reprobation. The public appetite for scandal has been unhealthfully stimulated.

It is high time that there should be a check put to the increasing license of that class of newspapers which fatten on this morbid taste. They ought to be shunned by respectable readers. They are sapping the integrity of the rising generation, inspiring a dangerous familiarity with things that are evil, and helping in so far as they have any influence, to weaken popular faith in the superiority of our form of government over every other known to mankind.

THE Washington special of the Boston *Advertiser* states that the House Committee of the District of Columbia has in its possession letters and papers involving Mr. Huntington and several of the so called District of Columbia ring and also putting Congressman Starkweather of Connecticut in no enviable position as Chairman of the District Committee. There are sufficient charges to render an investigation necessary if the general government proposes to assume any part of the indebtedness of the very large expenditures in Washington.

AT the special election in Bangor on Monday L. J. Morse, esq., Republican, was elected Representative to the Legislature to fill the vacancy caused by the resignation of Mr. Hatch, receiving 929 votes to 601 for James F. Rawson, Democrat. The *Whig* thinks that after the efforts put forth by the Democrats, the result is a reminder that Bangor is a Republican city. Mr. Morse is a well known business man, and will make a faithful and intelligent representative.

AMONG the distinguished arrivals at the State Capital this week, is the porgie for his annual quantam of legislation. This time this venerable subject for legislation comes from Hancock county.

## The Field for 1876.

Henry Watterson, the well known editor of the Louisville Courier-Journal, and the ardent supporter of Mr. Greeley in 1872, has recently given in that paper the following forecast of political parties in 1876:

While the political adventurers and revolutionists, ever ready for plots and juggles, and ever expectant of sensations, are waiting for General Grant to make some signal indicating his readiness to enter into their schemes, the stolid Democrats and the stolid Republicans calmly take their way along the beaten tracks, sure that the next Presidential contest will lie between the two old regular armies, led by two old veteran partisans. It may be on the one hand Thurman or Hendricks or Bayard, and on the other hand Morton or Blaine or Washburn or Conkling, but is bound to be the Democratic party against the Republican party. Extremes are not to meet in the persons of Butler and Stephens, managing a league in the interest of Grant. Butler is to be shelved in Massachusetts. Stevens is to retire to the seclusion of Liberty Hall. Grant is to walk out of the White House, carrying all his baggage along with him, unassisted by a stretcher. There is to be no pit-fall; no sudden trap-door; no ambuscade; no bloody-minded fool's contrivance anywhere. The healthy-minded and cheerful bigots of each particular element are equally confident of success. They, at least, are not going to see anything untoward or even novel. It is not a period of disorganization. The transition epoch has passed away, leaving bygone organisms just as they used to be. Last year was all a stream. The Liberal Republicans, rid of Grant, will be folded into the old embrace. The discontented Democrats, quit of Liberalism, will resume the half-abandoned tenets of the true faith. As for the presumptuous journalists they will have leave to go to the devil, where they properly belong; and so—

"The world will wag its ancient way,
Just as it did before it went astray."

* * * * * *

We really want—the people, North and South, want—to do the fair, honest thing by one another. This can only be done by an abandonment of the interference policy, leaving the Southern States to take care of their local interests like the Northern States. The present policy of the Republican party exposes it to constant injustice. It also gives rise to ill-breeding, criminations, and recriminations, which stand in the way of sectional good will. It is thus as we conceive, an unpatriotic policy, as it is a dangerous policy; and, if it be not abated, it may lead to a collision between Grant and the Democrats, by which the President will be continued in office and the Democrats be re-established in power, at the cost of a great cardinal principle in their faith.

The Republican leaders are too intelligent to need to be told that these are the merest conjectures: but they are also too acute not to recognize them as possibilities. The time has come for them to tack about and fall into the line marked out for them by Morton in 1866. That line was untenable because of the bunging, vacillation, and bad faith of Andrew Johnson. It is perfectly tenable now. Nothing can be more ruinous to the Republican party, as nothing can be more false to the natural predilections and characteristics of many of its best minds than that it should continue the wretched woods-path which it has pursued the last six years. It will lead only deeper and deeper into the briars. There are indeed no ambuscades on the open political highway. It is the other route, promising nothing at the start, and leading nowhere, which is full of them. The Republican party should abandon them at once, put itself on high national ground, and command the respect, if not the affections of the Southern people by its candor, moderation and justice.

## Washington News and Gossip.

A SLANDER STOPPED.

The New York *Herald*, in one of its numerous attacks upon the Treasury Department states that a superb establishment is maintained for the benefit of the First Assistant Secretary, while there is no such officer. But it may be stated that neither of the Assistant Secretaries uses horses belonging to the Government. Mr. Hartley has neither horse nor carriage, nor does he use any belonging to the department. Mr. Sawyer keeps a very modest carriage, with a single horse, which he owns, and all the expenses of which are paid by himself.

LOBBYING.

The Hartford *Courant* says that one method of lobbying at Washington has just been exposed, which inculcates certain special correspondents of newspapers. Mr, Goshorn, the director general of the centennial celebration, visited the national capital last week on business connected with his office. While there he was approached by as many as eight correspondents, "some of them well known lobbyists, and representing papers of influence," proposing for money to assist him in obtaining any legislation he might desire, both by soliciting members of congress and by advocating his measures in their respective papers. In justice to the honest newspaper correspondents, Mr. Goshorn should make it known who were the parties making these offers.

THE HOUSE BANKING BILL.

The House Committee on Banks and Banking on Monday agreed upon the following leading features for a bill to report at some future day; First, that restriction on the total amount of bank circulation shall be repealed, which is equivalent to authorizing free banking under the provisions of the present law, except as modified by the committee's bill; second, that the requirement that banks shall keep a reserve of greenbacks in their vaults to redeem their notes shall be repealed, and that, instead, every bank shall deposit in the Treasury greenbacks amounting to five per cent of its circulation as a fund for the redemption of its notes, and shall keep this reserve good; third, that banks shall not be allowed to pay or receive interest on deposits with each other; fourth, that country banks shall be required to keep their deposit reserves at home; fifth, that gold banks shall be allowed to issue notes to the amount of 80 per cent only of their bonds, instead of ninety, as at present, It is understood that only three members of the committee voted against reporting a bill combining these features, and that these were Messrs. Hawley, Phelps and Mitchell. The committee subsequently agreed to report adversely upon the postal savings-banks bill, but in order to give the friends of the measure an opportunity to advocate it in the house, it was arranged that the bill, with the adverse report, should be put on the calendar for discussion in committee of the whole.

David Dudley Field is held responsible for the legal establishment of polygamy in California. It appears that Oades, the man with two wives, who has scandalized that State, is justified by its civil code in thus doubling up his matrimonial responsibilities. One of the Commissioners rises to explain that they only copied the code of "that eminent codifier, David Dudley Field."

ELECTIONS IN GREAT BRITAIN.—A general election in England takes place in this way: Parliament is dissolved by proclamation under the great seal, by the advice of the Privy Council, the Lord Chancellors of Great Britain and of Ireland respectively being ordered to issue election writs, returnable on a certain day. These writs, each under the great seal, are addressed to the sheriffs of counties, both for counties and boroughs, and are the authority for holding the elections, the sheriff, in the cases of boroughs, issuing his precept to the returning officer to hold the election. The names of the persons elected are returned by the sheriff to the Clerk of the Crown, who makes out from them a list of the members of the new house of Commons.

A BRAVE MAN.—Jeff Davis indulges in the following letter concerning ex Gov. Foote, who is now in his seventy-fourth year:

MEMPHIS, Tenn., Nov. 25, 1873.

Dear Sir:—Yours of the 20th inst., has been this day received. I have not seen any of the articles which you inform me H. S. Foote had written in abuse of me, nor have I had any desire to read whatever he might write.

In the year 1851 I published him as *constitutionally a liar*, and his subsequent career only served to confirm me in that judgment. Since that date, therefore, I have taken no heed of the utterances of said Foote.

His flattery, when he was seeking political preferment in the Confederacy, and his abuse when, faithless to his trust as a Representative in the Congress of the Confederate States, he was preparing for his subsequent desertion to their enemy, were alike disregarded by me.

You are at liberty to use this as you think proper.

I remain respectfully, and truly yours,
JEFFERSON DAVIS

THE LEGALITY OF LIQUOR SEIZURES.—A case of considerable importance is still under consideration in the Supreme Court of the United States—that of Barbinger vs. the State of Iowa, involving the question of the constitutionality of the Excise laws of that State, and probably largely affecting similar laws in every State in the Union. The position of the plaintiff in error is that under the recent amendments to the Constitution he cannot, as a citizen of the United States, be deprived of his property in liquor by the Legislature of the State. His title, it is maintained, is a right secured to him by the Federal power, and not to be divested by any other authority.

While in this forlorn condition let him commence a course of that supremo restorative, Hostetter's Stomach Bitters. At the end of four or five weeks ask him how he feels and regard him attentively. You will see a new man, you will hear a new voice. Health and vigor will have returned to his frame, his words will be cheerful in purport and in tone, his eye will be clear and its expression untroubled, and he will tell you that he is free from pain, has a good appetite, sleeps soundly, and that his habit of body is natural and regular. We have seen this wonderful change effected in hundreds of instances by a faithful, persevering use of this incomparable medicated stimulant, which is among tonic remedies what Mount Washington is among the surrounding acclivities, it overtops them all.

1840. PAIN-KILLER, 1874
THE GREAT
Family Medicine of the Age.
Taken Internally it Cures
*Dysentery, Cholera, Diarrhea, Cramp and Pain in the Stomach, Bowel Complaints, Painters' Colic, Liver Complaint, Dyspepsia, Indigestion. Sore Throat, Sudden Colds, Coughs, &c., &c., &c.*
Used Externally, it Cures
*Boils, Felons, Cuts, Bruises, Burns, Scalds, Old Sores, Sprains, Toothache, Pain in the Face, Neuralgia, Rheumatism, Frosted Feet, &c., &c., &c.*
PAIN-KILLER,
after a thorough trial by innumerable living witnesses, has proved itself THE MEDICINE OF THE AGE. It is an internal and external remedy. One positive proof of its efficacy is, that its sales have constantly increased, and wholly upon its own merits. The effect of the
Pain-Killer
upon the patient when taken internally, in case of Cold, Cough, Bowel Complaint, Cholera, Dysentery, and other afflictions of the system, has been truly wonderful, and has won for it a name among medical preparations that can never be forgotten. Its success in removing pain, as an external remedy, in cases of Burns, Bruises, Sores, Sprains, Cuts, Stings of Insects, and other causes of suffering, has secured for it such a host of testimony, as an infallible remedy, that it will be handed down to posterity as one of the greatest medical discoveries of the nineteenth century,
The Pain-Killer
derives much of its popularity from the simplicity attending its use, which gives it a peculiar value in a family. The various diseases which may be reached by it, and in their incipient stages eradicated, are among those which are peculiarly fatal if suffered to run; but the curative magic of this preparation at once disarms them of their terrors. In all respects it fulfills the conditions of a popular medicine.
Be sure you call for and get the genuine Pain-Killer, as many worthless nostrums are attempted to be sold on the great reputation of this valuable medicine.
☞ Directions accompany each bottle.
Price 25 cts., 50 cts. and $1 per Bottle.
*Sold by all Medicine Dealers.* ja3eod&w1m

BEFORE JUDGE VIRGIN.

TUESDAY.—William Emery vs. James N. Winslow. Verdict for plaintiff $1203.33.
Emery with Drew for plaintiff.
Mattocks & Fox for defendant.
CRIMINAL DOCKET.
State vs. John Donovan of Biddeford. Indictment alleges that on the first day of May, 1873, and on divers times thereafter he unlawfully did keep a drinking house and tippling shop. After the government testimony was in the counsel for defendant stated that they appeared for the purpose of raising some questions and obtaining adjudication upon them at law court; that if the jury believed the testimony of Berry and Burns they might be justified in finding a verdict of guilty.
No argument was submitted for respondent.
Mr. Lunt simply said: If upon such evidence as this you cannot find the respondent guilty, may the Lord help us all.
His Honor instructed the jury that the evidence would warrant them to find a verdict of guilty. Verdict gvilty.
Lunt, County Attorney.
Ayer with Tapley for defendant.
State vs. Same. Indictment, common seller. The respondent submitted no evidence. Neither side argued. Verdict guilty.
Lunt, County Attorney.
Ayer with Tapley for respondent.
Same vs. Same. Indictment for keeping nuisance. Verdict not guilty.
The case of Jeremiah P. Tuck vs. Sophronia N. Tuck, was ordered transferred to the Aroostook county docket. The libellant came to this county last spring and at the May term of court brought his bill for divorce. It is alleged that his wife lives in Fredericton, N. B., where he has been paying her board for some time. The libel alleges drunkenness, &c.
Bradbury & Bradbury for libellant.
Madigan & Donworth, through T. H. Hubbard, for respondent.
Long, Spear, Clifford and Maguire were arraigned yesterday. Long pleaded guilty and was ordered to pay a fine of $50 with costs; in default of payment of which he was sent to jail for thirty days. The other parties pleaded not guilty.

**Brief Jottings.**

There are over 400 manufacturing establishments, large and small, in this cit y.
It snowed just enough yesterday to make nasty walking
Quantities of beef are being shipped to Liverpool from this port this winter.
The flow of Sebago has been weak because of the waste of it by many people in the attempt to keep pipes from freezing.
Casco street became a milkly way yesterday morning by the overturning of a wagon loaded with cans of the lacteal fluid.
There was a lively runaway in Market square about noon yesterday, and two teams were pretty well smashed.
The Irish American Relief Association are to close the dancing season until after Lent with a grand assembly in City Hall, Monday evening, February 16th. Chandler will be there with his "crack six."
The P. L. A's give the drama of the "Twin Sisters" at the School-house, Woodford's Corner, this evening.
The steamer Alhambra from Halifax due here *Monday night, has not arrived. The Chase* which left here Friday night, arrived at Halifax last night. She experienced the hardest trip ever known.
The play of "Box and Cox" will be given at the mite gathering on Friday evening, of this week at Mrs. Norton's, No. 12 Monument, cor. St. Lawrence Street.
There was but one arrest yesterday, and that was a case of intoxication.

THE MARSHALL ENTERTAINMENT.—Attention is called to the announcement in our advertising columns, of the dramatic and elocutionary entertainment to be given Feb. 12th, at City Hall, by Wyzeman Marshall, the distinguished tragedian and elocutionist, (who has a host of friends in this city, "old time and new.)" Lucette Webster, the talented reader, and also a lady of this city, a pupil of Mr. Marshall.
We learn from one who has heard the Portland lady, that she is a most accomplished reader and elocutionist, and will make a most successful debut. There is much curiosity to learn who she is, and we doubt not there will be a large attendance at the entertainment.
Elocution is something every one should heed and apply the principles to every day conversation as well as to the legal, ministerial, oratorical and other professions. Every teacher and scholar should be present. Remember to set apart Feb. 12th for this most deserving occasion. We are glad to know that the prices of admission will be reasonable.

PORTLAND AND OGDENSBURG ANNUAL MEETING.—The adjourned annual meeting of the Portland & Ogdensburg Railroad Co. was held at the office of the Company at 11 o'clock yesterday morning. In the absense of the President, Geo. Anderson, who is confined to the house by illness, Mr. D. W. Clark was called to the chair. After authorizing the usual appointment of a committee to examine the Treasurer's account, the meeting proceeded to the choice of Directors for the ensuing year. The whole number of votes represented were 7545, and the number necessary to a choice 3773. The following named gentlemen had all the votes cast and were elected: S. J. Anderson, D. W. Clark, J. E. Donnell, D. R. Hastings, H. N. Jose, W. F. Milliken, W. L. Putnam, A Spring, J. S. Ricker. Twenty stockholders were present and voting.
The reports of the President, Superintendent and Treasurer were taken from the table and accepted.
The following gentlemen constituted a committee on examination of the Treasurer's accounts: Geo. E. B. Jackson, Jacob McLellan and Edwin Clements.

PERSONAL.—We learn that Joshua Davis, Grand Secretary of the Grand Lodge I. O. O. F. of this State, is quite ill at his residence on Brown street.
Hon. George W. Woodman will lecture at Cumberland Centre on agriculture and horticulture Tuesday evening, Feb. 3d, at 7 o'clock. All are invited.
C. B. Stetson, esq., formerly of Lewiston, is seriously ill in Boston.
Hon. R. D. Rice, ex-President of the Maine Central and now Vice President of the Northern Pacific Railroad, has had a severe attack of disease of the heart at his home in Augusta. He is better, but still in a critical condition.

CUMBERLAND BAR ASSOCIATION.—The annual meeting of the Cumberland Bar Association was held last evening at the Preble House. The following officers were chosen for the ensuing year:—President, Joseph Howard; Vice President, Nathan Webb; Secretary and Treasurer, Percival Bonney; Messenger, Wm. A. Stillings; General Committee, S. C. Strout, Bion Bradbury, J. H. Drummond, Henry B. Cleaves; Committee on Festivities, C. P. Mattocks, H. W. Gage, T. H. Haskell.
After the business meeting, the association sat down to their annual supper. There were about thirty plates laid.

MASQUERADE.—A very pleasant masquerade and surprise party came off at the residence of J. A. Packard in Portland street Monday evening. Mr. Packard is about to remove to Springfield, Mass., so a large number of his friends in this city paid him a farewell visit. They brought as mementoes of their regard a luxurious chair, an ottoman, a fine meerschaum pipe, etc. The neat and appropriate presentation speech was made by Mr. Frank H. Chase. The recipient was too much surpaised to do more than very briefly return thanks.

BOARD OF TRADE.—A meeting of the Board of Trade was held yesterday morning.
Messrs. Ira Witham and A. A. Strout were proposed for membership.
The object of the meeting was to consider what action should be taken in regard to rebuilding the Elevator. The matter was discussed by Messrs. Lynch, Porteous, Dana, Washburn and Shurtleff. It was thought that Sir A. T. Galt might be induced to interest himself in a joint stock company provided he does not sell his whole property here.
A committee composed of Messrs. A. K. Shurtleff, W. S. Dana, C. C. Chapman, Clark H. Barker, and John Porteous was appointed a confer with Sir Alexander, and the merchants, and propose the formation of a joint stock company.
By request of the Board Mr. J. L. Farmer was allowed to present the subject of the shipments of fresh meats from this market to Livrepool by the steamers during the winter months. Mr. Farmer's idea is to bring the cattle here from the West on the hoof, slaughter the beasts here, and despatch the carcasses by steamer. Governor Washburn, by invitation, made some statements in regard to the business introduced by Mr. Farmer, and said he had no doubt a law would be enacted by Congress by which cattle could be brought from Canada on foot, slaughtered and shipped from this port in bond. If this business is fairly inaugurated the amount of capital and labor employed here, or vicinity, will be necessarily large. No positive action was taken, but probably will be after more mature consideration.
This matter of the shipment of fresh meats to England is of more importance than our readers would suppose. The question of cheap meats in that country is becoming of great importance. Only a short time ago we published an extract from the Liverpool papers on the subject. At a "test" luncheon given on Thursday, December 11th, at the Alexandra Hotel in Liverpool, under the presidency of Mr. Town Councillor Forrest, and at which Mr. John Torr, M. P., Mr. Alderman Livingston, and various members of the Liverpool Corporation were present, a very satisfactory and almost unanimous verdict was pronounced. Captain Smith of the Scandanavian, belonging to the Allan Line, and Mr. James Whyte, Emigration Commissioner from Quebec, explained the perfect practicability of such importations, as the frozen beef, mutton and fowl they had partaken of, were found quite equal in quality and flavor to similar viands when only recently killed in Britain.

THE YOUNG MUSICIAN.—Master Henry Walker, the young musician whom the Army & Navy have secured for their Concert to-morrow evening, is certainly a remarkable child. At seven years of age he was admitted to the Royal Academy of Music, London. In the four years which have elapsed since then, he has studied under the best teachers, and has won the medals for piano-forte playing and for musical composition. He made his appearance in this country last November, and won high praise from musical critics. The most difficult compositions of Beethoven and others are rendered by him with rare effect and with an expression all his own. The Army & Navy will find him a great acquisition to the Concert.
The following is the programme of the concert:

Overture of Raymond.....Ambroise Thomas.
Shadow Song (Dinorah).....Meyerbeer.
Mrs. H. M. Smith.
"La Rememberance," Solo for Flute.....Terschak.
Edward Heindl.
Andante and Rondo Capricciosso.....Mendelssohn.
Master Henry S. Walker.
Tema con Varrazioni from the Quartette in c, op. 18.....Beethoven.
Gnomen Klaenge (sounds from the undergrounds spirits,) for Clarionette....
Carl Baermann.
Thomas Ryan.
Scotch Ballad—"Maid O'Dundee".....Gilbert.
Mrs. H. M. Smith.
Fantaisie for Violoncello on Theme.....Franchomme.
Rudolph Hennig.
Scherzo, from the Scotch Symphony, arranged for Quintette.....Mendelssohn.
Polouaise in *a* major and Waltz in *d* Flat....Chopin.
Master Henry S. Walker.
Solo for Violin.....Vieuxtemps.
Carl Hamm.
Song—"Sing, Sweet Bird".....Ganz.
Mrs. H. M. Smith.
Overture to "The Queen for a Day"..Adolph Adam.

THE CADET BALL.—The annual ball of this, our crack drill company, was given last night at the City Hall; the affair proving very pleasant as well as profitable to the boys. In spite of the storm the attendance was good; there being in the Grand March at least one hundred couples; the galleries were also well lined with spectators. The neat uniforms of the Cadets were a relief to the eye after the monotony of black coats generally observable on such occasions. One young lady's dress was peculiarly noticeable for its simplicity as well as *its becomingness*; it was of white tarlatan trimmed with bands of smilax. The dancing commenced at half past eight, and was continued into the wee sma' hours of the morning. The music was most acceptably furnished by Cole's band of twelve pieces. The boys certainly deserve great credit for the able manner in which their ball was conducted, and we hope their enjoyment equalled their anticipations.

ATLAS INSURANCE CO., HARTFORD. — The first annual statement of the Atlas Fire Insurance Co., of Hartford, Barnes & O'Brion, Agents, is published in another column. This company, although formed last spring, is one of the staunchest companies in the country. Its stockholders and directors are some of the leading citizens of Connecticut, Massachusetts and other States. Its chartered capital is $1,000,000. and its paid up capital is $200,000. Its assets on the 1st of January were $319,000—a very handsome exhibit for a six months' business. Hartford insurance is regarded as especially desirable, and the Atlas stands among the very leading companies.

A FULL STOP.—A load of park drawn by a small and very balky horse came to a full stop on Market street yesterday afternoon. At last, after much coaxing a rope was put around the neck of said animal and fastened to a team which was ahead. This plan also failed to work, as it threw the horse down. At last a man produced a small cord and attached it to the lower jaw of the horse, and stepping ahead pulled. This was apparently what the horse was waiting for, and he went with a vengeance. As usual on such occasions, a large and efficient sidewalk committee was present to witness the exercises.

POSTPONED.—The managers of the Young Men's Christian Association course of entertainments, received a despatch from Boston about four o'clock yesterday afternoon, announcing that Mr. Fields would be unable to meet his engagement to lecture this evening on account of a sudden attack of illness. Thereupon the Committee asked to have Rev. W. H. H. Murray to fill the engagement, but could get no favorable reply. The lecture is therefore postponed until further notice.

FIRE.—An alarm of fire was struck last night about 1 o'clock, from box 53. It proved to be the Maine Central locomotive, Gen. Knox, which was standing in the engine house. The cab of the locomotive was injured considerably, but otherwise the damage was slight. The engine had been in use in the freight yard during the afternoon.

SWEET CORN.—All farmers in the county of Cumberland interested in the raising of sweet corn, are requested to meet at Winship's Hall, South Windham, the 31st inst., at 10 o'clock a. m., to discuss questions pertaining thereto; such as price per can, manner of canning, &c. Should the weather prove stormy, the Convention will be held upon the next fair day.

BUFFALO BILL.—The original and only Buffalo Bill, accompanied by Texas Jack and Wild Bill, makes his appearance to-morrow evening, in the highly sensational drama of the "Scouts of the Plains." The well known danseuse, M'lle Morbacchi, and a powerful company, also appear. Tickets are for sale at the box office.

NEW SALOON.—Mr. Robert Clark opened his new eating saloon last evening. The saloon is on Congress street, in Fluent Block, and is very nicely fitted up. The furniture and everything pertaining to it is new and nice. Mr. Clark's experience in the business will be sure to warrant him abundant success.

**Ferry Village.**

Hon. Israel Washburn, jr., will deliver the first lecture of the course next Friday evening at the M. E. church. As these lectures were gotten up under the auspices of the church for the benefit of the society, it is expected that a good audience will be in attendance.
Mr. N. R. Dyer is laying the keel for a tow boat to be built for Mr. John B. Curtis of Portland. Joseph Dyer furnished the model.

IF the old lady who called at Fitzgerald's store yesterday afternoon and got angry because we would not change goods bought elsewhere does not call immediately for a pivot tooth and a pair of spectacles, they will be sold on Thursday afternoon by auction to the highest bidder.

**MISCELLANEOUS NOTICES.**

**To the Manufacturers of Portland.**

*The Board of Manufacturers* respectfully announce to the manufacturers of Portland that an exhibition of all the goods and wares manufactured in our city, or elsewhere, under the direction and control of our citizens, will be held in *May next* at our *City Hall*, to be called "*The Portland Industrial Exhibition,*" *provided*, sufficient encouragement is received to warrant so important undertaking by the Board.
Few people in our city, and none out of it, have any adequate idea of the amount, variety or value of Portland manufactures.
The object of this proposed exhibition is, to gather together specimen products from all our factories and work shops under a single roof; advertise the wares of all who exhibit; increase the sale of Portland manufactured goods; draw the attention of capital and labor to our city; and demonstrate the importance of Portland as a manufacturing center.
The Board have no doubt that steam power can be procured for running machinery, so that nearly all kinds of manufacturing may be put in operation in City Hall before the eyes of visitors.
There will be no charge to exhibitors for admission, or for space in the hall, nor will prizes or diplomas be awarded.
The expenses of the exhibition are to be defrayed by a small admission fee to all visitors other than exhibitors.
To determine the feasibility of holding such an exhibition as is herein suggested, a public meeting of the manufacturers of Portland is hereby called to meet in the Common Council Room, City Building on Wednesday evening, Feb. 11th, 1874. All persons in the city interested in manufacturing here or elsewhere, are earnestly and cordially invited to be present and lend the aid of their personal counsel to an enterprise which it is believed, cannot but prove advantageous to all interests represented, and enhance the business prosperity of all our citizens.

[Special to Press.]

**Capital Punishment Hearing.**

AUGUSTA, Jan. 27.—The hearing before the Judiciary Committee this afternoon on the Talbot and other capital punishment bills before it, was largely attended, the Hall of Representatives where it occurred being filled. Quite a number of ladies were present, as well as many prominent gentlemen from all parts of the State.
*The hearing was opened by Rev. Mr. Quimby* of Augusta, who occupied about an hour. He cited the ancient laws bearing on the question and denounced their barbarity, the executions taking place for the most trifling offences. One strong point made by him, was that a just desire for punishment and not of vengeance should govern in cases of murder. He referred to States where capital punishment is abolished and argued that murder is not more frequent than in States where it is still a law
Hon T. B. Reed of Portland, was the next speaker. He began by a reference to the Talbot bill, the principal element of which was the desire for the speedy execution of the criminal. There is a disposition in the community to hang sombody. He attacked the argument of Mr. Talbot as advanced last week, that the brute class of murderers should be hung, and argued that they were insane and ought in Christian charity to be confined and given a chance to save their souls. The law of 1835, he considered an obnoxious one, as the object of it was indirection, It meant execution in theory, but imprisonment for life in practice. In his reference to the agitators of this subject, he indulged in a telling vein of sarcasm which called forth hearty applause. He had little faith in statistics on this subject, and yet what had been compiled preponderated in favor of the abolition of capital punishment. The New York law which he had read is quite similar to the proposed law in the Talbot bill, and yet murders are every day committed there. The chief difficulty in reaching a conviction of a murderer is the fear of the jury in causing to be hung, what may possibly prove to be an innocent man, They shirk the responsibility if they can. They are more frightened than the prisoner. He referred to the universal execration in which the hangman is held. His argument was able, eloquent and practical.
Hon. E. F. Pillsbury of Augusta, made the closing argument, and added by illustrations drawn from his own experience and extensive reading materially to the effect already produced.

**The Industrial School.**

Mr. Foster of Oxford, made an able argument this morning in the Senate against the resolve to establish an Industrial School for Girls. He occupied over an hour, and is highly complimented.
Messrs. Burgess of Cumberland, and Emery of Hancock did themselves credit. They advocated the appropriation.
It is thought that there will be a sharp fight in the House.

**The State Prison.**

The discussion in the House this morning on the State Prison order, created considerable feeling. The remarks of Mr. Kelloch of Thomaston, and his statement that Warden Rice was, by letter and personal solicitation, endeavoring to influence the membere to place the investigation with the Joint Select, rather than the Special Committee created a deep impression, and probably was the cause of the action of the House in refusing to receed and concur in so placing it. It is thought to-night that the Senate will to-morrow reconsider, receed and concur with the action of the House.

**Woman Suffrage Convention.**

The Woman's Suffrage Convention was called to order in Granite Hall this evening, by Hon. Joshua Nye. Mrs. Agnes A. Houghton of Bath, was the first speaker. This lady is the wife of an Universalist clergymen, and possesses a fine flexible voice. She is rather young, pretty, and dresses in good taste. She spoke about an hour, and touched upon the leading arguments in favor of giving the ballot to women. She presented her case more from the woman point of view than the majority of female speakers on the subject, and created a very favorable impression upon the large audience present.
She was followed by Judge Kingsbury of Portland, who owing to the lateness of the hour, was very brief. His remarks were felicitious, and will prove a good introduction, as he speaks again to-morrow.
Mrs. Julia Ward Howe and Dr. Blackwell have not arrived to-night, but are confidently expected to be here to-morrow.

**Varieties.**

The Committee on Legal Affairs, have assigned Jan, 30th for a hearing on the bill granting appeals from the decisions of the County Commissioners.
A delegation from Portland appeared before the Committee on Fisheries to day, in behalf of the bill prohibiting the taking of lobsters at certain seasons.
A petition signed by 1300 women will be presented to the legislature asking for an amendment to the State constitution, so as to allow women to vole for President and Vice President of the United States.
Ex-Adjutant General Hodsdon of Bangor, arrived to-night. It is understood that he is to appear before the Executive Council at a special hearing for the purpose of explaining certain matters connected with the war claims during the late war.
It is reported to-night by the quid nuncs that the Boston & Maine having turned a cold shoulder to the Knox & Lincoln, negotiations are now pending with the Eastern road with every prospect of success.
The Committee on Fisheries voted to report a bill to prohibit the catching of lobsters between June 15th and Sept. 15th.
The House of Representatives has invited Mr. Kimball to deliver his lecture on the Centennial Exhibition next Monday evening.
The officers of the 1st Regt. Maine Militia are to meet here Thursday afternoon to elect a major in place of W. H. Fogler resigned.

## FIFTY-THIRD LEGISLATURE.

[Special to Press.]

SENATE.

AUGUSTA, Jan. 27.

House papers were disposed of in concurrence.
The report of the Committee on Fisheries was submitted. Bill to prevent taking eels in Southern Bay, in the town of Brooksville, was laid on the table.
*Petitions, bills, &c., presented and referred.*—Bill to incorporate the Bowdoin Alumni Memorial Hall Association, with Joseph Titcomb, John M. Brown, William L. Putnam, John E. Butler, L. A. Emery, James D. Fessenden, James W. Bradbury, jr., and others, as corporators, for the purpose of erecting a Memorial Hall—any graduate of Bowdoin College may become a member of the Association on payment of two dollars; bill to abolish all discrimination between male and female suffrage in the election of President and Vice President of the United States—the bill is explained by its title; bill in relation to fees of clerks of courts, giving a fee of ten cents per printed page for correcting printed pages and certifying the printed copies when required for the use of the law court; petition of citizens of Mattawamkeag for change of pauper laws so as to require counties to support paupers; of Bremen Oil Company for right to extend wharf into tide waters of Muscongus harbor, in Bremen.
*Read and assigned*—An act to incorporate the Rockland and Thomaston Water Company; to provide further protection to inmates of the Insane Hospital, and guard against error in commitments threto; resolve in favor of Peter Salmore.
The report of the Committee on Education in regard to establishing a State Industrial School for Girls, submitting a bill and a resolve appropriating $12,500 for the purpose, was considered.
Mr. Foster of Oxford, argued at length against the bill and resolve, and in support of the position of the minority of the committee, that legislation upon the subject is inexpedient. His position was that the State, on the score of economy, could not afford to assume the responsibility of maintaining the school, and cited the cost of such institutions in Massachusetts. He alluded also to the request of the Reform School shortly to be made, for an appropriation of $20,000, and thought the Legislature should well consider the matter before imposing an additional burden of some $25 000 a year, as will be the case, judging by the workings of similar institutions in other States, if the State becomes responsible for this school.
Mr. Burgess of Cumberland, supported the bill and resolve. It was an error that the school would cost $25,000 per year. It cost Massachusetts that sum to maintain five schools, and upon the same basis this school would only cost $5000 per year. But this cost weighs as nothing in proportion to the good results to be accomplished, if the results in other institutions may be relied upon.
Mr. Emery of Hancock, advocated the bill and resolve, and cited statistics showing the favorable workings and results in other States and in foreign countries.
On a call of the yeas and nays the minority report was rejected, yeas 9, nays 19. The majority report was accepted, and the bill and resolve were read and assigned for to-morrow for consideration on their passage to be engrossed.
Bill to incorporate the Lockwood Cotton Mills of Waterville, with B. B. Dunn and others as corporators, and a capital stock of $2,000,000, was presented by Mr. Webb of Kennebec, and referred to the Committee on Manufactures.
Bill to provide for the expenditures of government, making the following appropriations: Public debt $51,000; interest on public debt $428,274; balance due on school fund $160,295; school fund No. 41 $20,000; school mill fund No. 1 $19,276.80; school mill fund No 2 $201,-827 21; sinking fund, 1865, $107,687.36; sinking fund, 1868, $79,841.10; pay roll of County Jails $4,000; soldiers' pensions $25.000; contingent fund of Governor and Council $7,500; Houlton Academy $120; Presque Isle Academy $180; various academies and schools $2,220; support of paupers in unincorporated places $6,500; deaf, dumb and blind $11,000; reports of judicial decisions $2,400; agricultural societies $6,000; county taxes collected in 1873, $3,060.84; military paupers $3,000; and other items, amounting in the whole to $1,156,204.12, was referred to the Committee on Financial Affairs.

HOUSE.

Senate papers disposed of in concurrence.
The House order for a special joint committee on State Prison affairs came back from the Senate amended, the question being on receding and concurring. Mr. Talbot of East Machias, obtained the floor and entered into an elaborate argument in support of the House order. He believed the time for a change in the office of Warden had arrived. He thought the salary of $4000 given the Warden was disproportionate to the salaries paid other State officers. He called for the yeas and nays.
The matter was further discussed by Messrs. Morrow of Bangor, Knowlton of Skowhegan, Swasey of Canton, and Kallock of Thomaston, after which by a vote of 40 yeas to 89 nays the House refused to concur with the Senate amendment.
*Petitions &c. presented and referred*—For an act to abate the State tax of Clinton Gore for 1873 and assess the same upon the towns of Clinton and Burnham; resolve to abate part of the State tax of Perkius' plantation and assess the same upon the town of Carthage; for an act in reference to steamboat freights; of inhabitants of No. 3, Range 3, to have their proceedings legalized; of Peter B. Young et als., of Firmin of E. Heald et als., of Lovell, of D. Andrews et. als., of Sweden, in support of petition of trustees of Bridgton Academy asking for the establishment of a State Normal School in place of said academy; of F. Howe et als., of Norway, asking for a law protecting fish in the Pennessawassee pond and other ponds in the town of Norway; remonstrance of O. H. Blodgett et als., of Brookville, against the petition of J. F. Gray et als., for bill to restrict the taking of eels; of E. H. Jewett et als., of So. Berwick, in support of the petition of G. S. Goodwin et als., of Berwick, to be set off to South Berwick; remonstrance of J. D. Cole et als., against the division of the town of Berwick; remonstrance of B. Moulton et als., against the same; of Jackson Brooks plantation for incorporation into a town; of inhabitants of Letter "A" plantation for incorporation; of Fryeburg Cheese Company for incorporation; of China Cheese Company for incorporation; of M. Farrell for reimbursement of money expended by him for the State; of J. E. Cochrane for a law authorizing the Land Agent to deed more than one lot of land to settlers on State lands when they shall occupy a lot containing less than 160 acres; of J. B. Farrell et als., for a law requiring sleighs to be set over; for an act to incorporate the Portland Marine Insurance Company, (the incorporators are J. S. Winslow, S. E. Spring, J. McLellan, R. Lewis, Geo. E. B. Jackson, A. A. Strout, D. Keazer, Geo. S. Hunt. The capital stock is $100,000, in shares of $1000 each); of E. Cousins et als., of Kennebunkport, for authority to bridge certain creeks; of J. C. Nash et als. for a grant to build a wharf in tide water at Addison Point.
*Orders Passed*—That the Committee on Legal Affairs inquire into the expediency of amending sec. 4, chap. 59, R. S., relating to marriage, by striking therefrom the words "at least five days"; that the Committee on Legal Affairs inquire what amendments, if any, shall be made to chap. 67, R. S., relating to the adoption of children; that the Committee on Banks and Banking inquire into the expediency of so amending chap. 47, sec. 91, R. S., that it may read "the trustees shall see to the proper and safe investment of deposits and funds of the corporation in the manner they may regard perfectly safe, but no loan exceeding 25 per cent. of the amount on deposit shall be made on security of names alone, nor directly or indirectly to any one of the Trustees, or any firm of which he is a member"; that the Committee on Insane Hospital examine and consider the offer of Mr. Baxter of Gorham, of his place as a site for the new hospital, and report what in their judgment may seem proper; that the Committee on Agriculture inquire into the expediency of a law to compel persons to maintain a land mark, either by posts or trees, where they have ceased to maintain a fence by the highway liable to be blocked by drifting snows; that the Committee on Education enquire into the expediency of authorizing the school committees of the several towns in each county to meet in convention yearly.
*Read and Assigned*—The following bills were reported from the Committees, and were read and assigned: An act to incorporate the Sagadahoc & Cumberland Railroad Co.; (ordered printed); an act to incorporate the Enterprise Cheese Company of Industry; to incorporate the Calais Railway Co.; an act granting further time to the Penobscot & Megantic Railroad Co. to locate and complete its road; an act to amend chap. 38, C. S., relating to hay, was recommitted to the Committee with instructions to report a bill repealing sections 52, 53 and 54, chapter 38, R. S.; an act authorizing the Maine Central Railroad Co. to change its location. (Tabled.)
The bill in favor of Lewis Guptil was taken from the table and recommitted to the Comtee on Agriculture.

## MATTERS IN MAINE.

### THE ROCKLAND MURDER.

**The Coroner's Inquest.**

ROCKLAND, Jan. 27.—The coroner's inquest in the case of Caroline Pettee, the woman who was found in a dying condition on Saturday morning, was continued yesterday afternoon and evening, and at the conclusion of the evening session was adjourned for one week.
No evidence has yet been obtained as to how, when or by whom the wounds on the head of the deceased and the bruises and contusions on the limbs were inflicted. Dr. Banks, who made the post mortem, testified that no alcohol was found in the stomach of the deceased, and that she could not have been intoxicated at the time of her death nor have been drinking within a number of hours preceding.
The evidence shows that the deceased left Thorndike's Friday morning, where she had been for some days, and went to Burns' where she remained during the day; that she went out early in the evening and soon returned; that Thorndike came here and quarreled with the deceased and Mrs. Burns, accusing them of having taken money belonging to her; that Mrs. Thorndike attempted to search Mrs. Pettee, and Mrs. Burns interfered and blows passed between her and her sister, Mrs. Thorndike, and the latter was put out of the house. Mrs. Pettee went or was pushed out previously, and left the house after this quarrel. She was seen by a neighbor to come towards the Burns house somewhere about ten o'clock, which is the latest that any witness has positively testified to seeing her till she was found in the morning.—Ann Burns states that she saw an unknown man near her house at twelve o'clock, and Mrs. Martin, the next neighbor, testifies to having seen a man and a woman standing there, but does not identify them. Thorndike and his wife appear to know remarkably little about the matter considering the circumstances. The general opinion is that the woman died from the effects of the beating she received. All the circumstances point to this conclusion. Various theories and suspicions are strongly entertained, but "who did it" is still the mystery

**Frontier National Bank.**

EASTPORT, Jan. 27.—The stockholders of the Frontier National Bank held their annual meeting this afternoon. The following directors were chosen: S. B. Hume, C. B. Paine, C. H. Dyer, J. H. McLarren, C. S. Huston, E. E. Shead and S. D. Leavitt. S. B. Hume was reelected President and E. J. Noyes, Cashier.

**Cold Weather.**

Twenty-two below zero at 8 o'clock last evening and 20 below this morning.

**Postal Changes in Maine.**

The Postmaster General has appointed Jas. Doyle to be Postmaster at East Lyndon, John Howard to be Postmaster at East Peru, and Arthur E. Perry to be Postmaster at Salmon Brook, vice Robert Wilder, resigned.

## MASSACHUSETTS.

**Various Matters.**

BOSTON, Jan. 27.—The Fitchburg Railroad Company at its annual meeting to day voted to increase its capital stock from $4,000,000 to $5,000,000.
A three year old son of Mrs. Pryor, living on Pitts street, died to-day from burns received while playing with fire. The mother was shockingly burned trying to save her child.
The 11th annual report of the Massachusetts Agricultural College represents the College to be in a state of prosperity. The expenses of the College are about $30,000 per annum, and the income from the endowment fund in the State Treasury $15,000. The total annual receipts from other sources are about $10,000. There is thus an annual deficit of $5000.
The Boston School Committee this evening refused to grant seats to ladies elected to the Board. The vote declaring them legally qualified stood 46 to 29.
The State Police to-day raided eighteen liquor stores in Cambridge, seizing about $500 worth of ardent
The Irish societies of Boston met to-night, and after much debate decided to parade on St. Patrick's day.

## NEW YORK.

**The Burning of the Stiner Family.**

NEW YORK, Jan. 27.—A former cook of the Stiner family, four members of which were burned to death with their house two weeks ago, has been arrested pending the inquest of the coroner. Silver plate known to have been in the house, and jewelry belonging to the dead cannot be found since the fire, and robbery and murder are now insinuated in connection with the terrible affair.

**Destructive Fire.**

The loss by the burning last night of the Quintard pattern iron works will reach $100,000, but the proprietors say that five times that amount will be required to replace the patterns destroyed, which included complete drawings in wooden patterns of all the steamships from the Fulton to the Merrimack, also Geo. Steer's famous models.

**Quick Work.**

Ten burglars were disposed of in the Oyer and Terminer Court to-day on pleas of guilty, remitting a portion of the penalty in each case as an inducement to "own up" to save time and trouble. These men were indicted yesterday and sentenced to-day and will be in Sing Sing prison to-morrow. Their term of imprisonment varies from two to fifteen years.

**Various Matters.**

Wm. Muller, a young boy of Harlem, while playing with a pistol, shot himself in the side and received injuries from which he died.
Peter Van Pelt, aged 65, crazy, deliberately sat naked on a red hot stove in Brooklyn until roasted to death.
The proprietors have refused to rent Cooper Institute Hall to the German Free Thinking Society for the adjourned indignation meeting against the the action of the authorities in Tompkins square, unless bonds are filed against the destruction of any furniture.
A fire was discovered in one of the steeples of the Catholic church on avenue B, this morning, and extinguished. Another fire had been started in the other steeple of the same edifice, but had gone out.

## WASHINGTON.

**Filbusters to be Looked After.**

WASHINGTON, Jan. 27.—The House Committee on Judiciary have under consideration the resolution introduced by Gen. Butler instructing it to report a bill providing that under existing laws the courts of the United States have adequate authority and jurisdiction to prevent and punish the improper use of the flag and the national character of the United States on board merchant vessels upon the high seas or in foreign ports—and furthermore to inquire and report if any, and if so what additional legislation by Congress is expedient or necessary to punish persons who fraudently obtain or illegally use a marine document creating vessels of the United States, and to punish officers of the government who carelessly or corruptly issue such documents, and also to inquire and report if any and what legislation is needed to enable military, naval, or consular officers of this government to seize on the high seas or in foreign ports vessels illegally assuming the American national character and to send them within the judicial district for adjudication.

**Treasury Balances.**

The following are the Treasury balances today:—Currency, $2,652,263; special deposit of legal tenders for redemption of certificates of deposit, $44,845,000; coin, $886,536,308, including coin certificates $43,409,100; outstanding legal tenders, $381,910.737.

**The Seal Lock.**

It is stated that the Treasury Department will continue to use the American seal lock, that being the only safe lock known, the Chiller lock being an infringement upon another patent and its owner not being able to construct it to the satisfaction of the Department.

**Dr. Kelley.**

The Committee on Ways and Means, to-day, by an almost unanimous vote, disagreed to Judge Kelley's bill providing for convertible bonds. The subject, however, will be presented to the House.

**The President's Message.**

The minister at Berlin writes that the foreign portion of the President's message met with universal approval there. He says that the non-return to specie payment by the United States has militated somewhat against the credit of American securities and American enterprises.

**The French Spoliation Bill.**

The French spoliation bill reported favorably by Mr. Cameron from the Committee on Foreign Relations, is the one introduced by Mr. Sumner on the first day of the session. It provides for an adjustment by a board of three commissioners, to be appointed by the President, who shall report to Congress on the validity and amount of all claims presented within three years from the time of their first meeting and the awards so made shall be pro rata to an amount not to exceed $5,000,000, whenever Congress shall make an appropriation therefor. No claims, however, are to be admitted which did not accrue prior to July 31, 1801. The bill specifically excludes all claims embraced in the treaty with France in April, 1803, and all such as were allowed in whole or in part under the treaty of Feb. 1819 with Spain and the treaty of July 1831 with France.

**Other Bills.**

## POETRY.

### Woods in Winter.

BY HENRY WADSWORTH LONGFELLOW.

When winter with angry aspect comes
And the leaves are all blown by the gale,
With solemn feet I tread the hill
That overlooks the lonely dale.

O'er the bare upland and down the slope
Beneath the boughs I go
Through the long reach of desert woods,
The embracing snowbeams chasely play,
And gladden these deep solitudes.

Where, twisted round the barren oak,
The summer vine in beauty clung,
And summer winds the stillness broke,
The crystal icicle is hung.

Where, from their frozen urns, mute springs
Pour out the river's gradual tide,
Shrilly the skater's iron rings,
And voices fill the woodland side.

Alas! how changed from the fair scene
When birds sang out their mellow lay,
And winds were soft and woods were green,
And the song ceased not with the day.

But still, wild music is abroad,
Pale, desert woods! within your crowd;
And gathering winds, in hoarse accord,
Amid the vocal reeds pipe loud.

Chill airs and wintry winds! my ear
Has grown familiar with your song;
I hear it in the opening year—
I listen, and it cheers me long.

We Clergymen were cured by it, and will testify in writing, Rev. Thos. Murphy, D. D., Frankford, Phila. Rev. C. H. Ewing, Media, Pa. Rev. J. S. Buchanan, Clarence, Iowa. Rev. G. G. Smith, Pittsburgh, Pa. Rev. Jos. Pegers, Falls Church, Phila., &c. Afflicted should write Dr. Fitler, Phila., for explanatory Pamphlet & guarantee, gratis. $50 Reward for an incurable case. No cure, no charge, a reality. Sold by druggists

Dr. Sage's Catarrh Remedy cures by its mild, soothing and healing properties, to which the disease yields, when Reptin is used warm and system put in perfect order by the wonderful alterative power of Dr. Pierce's Golden Medical Discovery, taken carefully, to correct blood and system, which are always at fault, also to act specifically upon diseased glands and lining membrane of nose and communicating chambers. Catarrh Remedy should be applied warm with Dr. Pierce's Nasal Douche, the only instrument with which fluid medicine can be perfectly applied to all parts of passages and chambers in which ulcerations exist and from which discharge proceeds. So successful has this treatment proved, that the proprietor offers $500 Reward for a case of "Cold in Head" or Catarrh he can not cure. The two medicines with instrument $2, by all druggists.

### Notice of Foreclosure of Mortgage.

WHEREAS Silas Skillin, of North Yarmouth Cumberland County, and State of Maine, by his mortgage deed dated April 1, 1872, did convey in mortgage to Frances H. Breed, of Holden, in said State of Maine, a certain parcel of land situated in said North Yarmouth, containing about one hundred and forty acres, with the buildings thereon, situated about one mile north of Walnut Hill Meeting House, on the road between the New Gloucester and Gray roads, and being the homestead farm of the late Alexander Skillin, deceased, and also about ten acres of pasture land, lying north of Benjamin Sweetser's land and adjoining said homestead farm on the south; reference being made for a more particular description of said mortgaged property to said mortgage deed recorded in the Registry of Deeds for said Cumberland County, Book 401, Page 127.

And whereas the conditions of said mortgage have been broken, now, therefore, by reason of said breach of conditions, having also obtained leave from the District Court of the United States for the District of Maine, said Silas Skillin being in Bankruptcy in said Court, to foreclose said mortgage under the laws of Maine by advertising, I, Frances H. Breed, the mortgagee therein named, hereby claim a foreclosure of said mortgage. FRANCES H. BREED.

## MEDICAL.

CATARRH!

CATARRH!!

Behold It As It Is!

Let any one suffering from this nasty and foul disease look at the above picture of his nasal organs—behold the inflamed passage—view the throat filled to repletion with the mucous, which quickly passes to the lungs and stomach; how disgusting the thought, and yet thousands day by day neglect to use simple remedies, which will certainly cure them. A short trial of the remedy.

Ræder's GERMAN SNUFF,

Will soon convince you of its wonderful merits in curing this vile disorder; a disease which, when seated, produces Consumption, from which there is no escape; one little box of the German Snuff will cure your Catarrh, and then the foul matter will disappear from your throat, and you will again breathe without trouble; in fact you will be cured, and then and not till then, will you look like the following:

How great the change; how improved your nasal organs have become. There are thousands of people who have spent

Hundreds of Dollars

TO CURE CATARRH,

But they have obtained no relief, and why? Because in the first place the remedies given them were worthless, and in the second place

But Few Physicians

Understand Catarrh.

Years ago Professor Ræder, a renowned German Chemist, devoted his entire attention to the study of this singular complaint; after years of research he was at length rewarded, and presented to the world

Ræder's GERMAN SNUFF,

A Vegetable Compound, which always has cured, and never in a single instance has failed to fully satisfy those who have used it. Please bear in mind it is not a compound that will SNEEZE YOUR HEAD OFF but in a mild and gentle way penetrates the secretions of the Head, and removes the disgusting mucous which have clogged your nose, throat and even your lungs. Try one little box, costing but 35 cents, and you will bless the day you used it. Remember that as a Preventative you must always have a Box of

Ræder's GERMAN SNUFF,

Which will by its use PREVENT disease and save you hundreds of dollars.

GERMAN SNUFF

Will Cure

A BAD COLD.

Who is free from them in this, our changing climate. A few applications and you are freed from this common but severe complaint.

GERMAN SNUFF

Will Cure

Heaviness in the Head,

So common to people, who at times find it so very troublesome that they are unfit for all business purposes; in reality it is caused by an excess of mucous, which can be removed.

GERMAN SNUFF

Will Cure

DROPPING IN THE THROAT.

Is anything more disgusting; and yet thousands of people will allow this disease to continue until at last they have Consumption, which cannot be cured.

GERMAN SNUFF

Will Cure

Partial Deafness,

Caused only by the passages being filled with matter, which the Snuff penetrates as if by magic, and in a short time you feel like a new being.

GERMAN SNUFF

Will Cure

A BAD HEADACHE,

And because, in nine cases out of ten, all headaches have their origin in a diseased state of the nasal organs. Many people keep a supply of the Snuff on hand simply for troubles of this nature.

GERMAN SNUFF

Will Cure

SORE and WEAK EYES.

Hundreds of testimonials might be produced, showing the wonderful cure as performed upon the eyes by using the German Snuff, but one trial alone is needed to convince the most doubtful of its merits.

GERMAN SNUFF

Will Cure

NOISES IN THE HEAD,

A most acute and annoying trouble, which many are now afflicted with, but by the use of the German Snuff the noises are soon removed, and by its slight use are never again troubled with them.

PARENTS,

Children have Catarrh

Yes, many a little one who, with paled face and drooping form, complains of being all "stuffed up," and day by day is growing worse, is often troubled with Catarrh in its first stages. Heed our warning before it is too late, for often, very often

Catarrh Causes Croup!

Would you not rather prevent this complaint than attempt to cure it? Of course you would; then see that you always have a supply on hand.

Do not take any other preparation, but be sure to obtain the above. Price 35 cents. For sale by all dealers. Or, send 50 cents to
