Local Idioms.

Diversities of Speech in Various Parts of the Country.

No person of observation can travel far, nor tarry long in different quarters of our land, peopled as it is by the descendants of so many different nationalities, without being impressed by their diversities of speech, which are perhaps more remarkable than the differences in their manners and customs. A brief glance at a few of the former may not be altogether unprofitable, as the subject is a curious one, and is largely suggestive of the effects of local pursuits and habits, as well as the fact of ancestry, in changing and modifying that English tongue which is supposed to be the common language of America.

I visited New Hampshire while a lad, and was impressed with the oddity of several idioms which were then, and I presume are now, a part of the daily speech of the people. They were certainly unlike anything that I had ever heard in New York. Thus—a farmer, desiring to know whether his neighbor's oxen are well broke, and draw well in the yoke, invariably puts the question, "Are they *handy?*" In New York the adjective might well be applied to a useful boy, or a smart servant girl, but never to an animal.

In the Granite state also I often heard the singular question asked in regard to a particular individual, "Is he *forehanded?*" A stranger hearing such a query for the first time would certainly need to be told that it's almost the equivalent of the very common "Is he well off?" of the Middle States. One of the strangest errors as to the derivation of an idiomatic word that could be well made, was that of a person who insisted that this word was properly spelled *four-handed*, and that the pith of its meaning lay in the fact that a person with two sets of hands, if such a monstrosity could exist, would be able to rake in money very fast.

Still another peculiarity of New Hampshire speech is the question, "*how do you like?*" I never heard the pronoun added; where the interrogation related to a book, a town, a new song, or a human being, it invariably ended in this abrupt fashion, as though the objective pronoun were scarce and costly.

Coming somewhat nearer home, I wonder if the remarkable pronunciation of "begretch" for "begrudge" is ever heard elsewhere than in the Empire state? If so, I never happened to hear it elsewhere. So have I heard people from other states criticise, with good-natured ridicule, the frequent use in New York of the barbarous, not to say ungrammatical expression, "He hadn't ought to do it," an expression by no means infrequent.

The use of the word "level" for "levy" by a sheriff or a constable is in very frequent use by out common people. This, of course, is merely a misconception of the correct word to be used; but, in time, language becomes corrupted by just such means. So of the outlandish "baffot" for "barefoot," and "bagnet" for "bayonet."

The use of the Americanism "tote," to signify "carry" or "bear," is popularly supposed to be confined to the West and Southwest. I heard it used during the war by a white woman of Virginia with ridiculous effect, and with a personal application which I believe is not given to it in the West. She was standing in the doorway of her house, near Berryville, watching the army pass, when one of our officers rode up and politely asked if he could buy a loaf of bread and a canteen of milk of her. She instantly put her arms akimbo, and delivered herself thus:

"No, you can't! We hain't got no bread. We haint got no milk. We've clean done gone up a spout; so you kip tote yourself from h'yar."

It is unnecessary to say that the officer felt constrained to "tote."

The use of the words "done" and "done gone," not only by the negroes, but by many of the whites of the South, to express the idea of full and complete performance of an happening, has very often been commented upon by observers of Southern habits and customs. The most absurd use of this idiom that I ever heard—and yet no more absurd than the use that is daily made of it—was by my negro servant, who volunteered to inform me one evening that the sun had "done sot."

"We 'uns" and "you 'uns," manifestly corruptions of such tautology as "we ones" and "you ones," were expressions which so often greeted the ear of the Northern soldier during the war, that he almost ceased to think them outlandish. A very striking example of their use was contained in the doggerel rhyme sent by the Confederate soldier in the field to his sweetheart at home. I believe it has been in print before; but as I heard it read from the letter itself, part of the contents of a captured Confederate mail, it may be worth while to republish it in connection with this certificate of its genuineness:

"'Tis hard for we 'uns to live in camps;
'Tis hard for we 'uns to fight the Yanks;
'Tis hard for we 'uns and you 'uns to part,
Since you 'uns has stolen we uns' heart."

It will be remembered that in Sheridan's final raid up the Shenandoah Valley, in the spring of 1865, a large number of prisoners were taken near Staunton. They brought to Winchester, where I heard one of them narrating the story of his capture. The burden of it was that "you 'uns came down on we 'uns, and sc

UNITED STATES OF AMERICA

BY THE PRESIDENT.

A Proclamation for a Day of Public Thanksgiving and Praise.

We are reminded by the changing seasons that it is time to pause in our daily vocation and offer thanks to Almighty God for the mercies and abundance of the year which is drawing to a close. The blessings of a free government have continued to be vouchsafed to us; the earth has responded to the labor of the husbandman; the land has been free from pestilence; internal order is being maintained; and peace with other powers has prevailed. It is fitting that at stated periods we should cease from our accustomed pursuits, and from the turmoil of our daily lives, and unite in thankfulness for the blessings of the past and the cultivation of kindly feelings towards each other. Now, therefore, recognizing these considerations, I, Ulysses S. Grant, President of the United States, do recommend to all citizens to assemble in their respective places of worship on

Thursday, the 26th Day of Nov. Next,

and express their thanks for the mercy and favor of the Almighty God, and laying aside all political contention and all secular occupations, to observe such day as a day of praise.

In witness whereof I have hereunto set my hand and caused the seal of the United States to be affixed.

Done at the city of Washington, this the 29th day of October, in the year of our Lord, 1874, and of the independence of the United States the ninety-ninth.

U. S. GRANT.

By the President:
HAMILTON FISH, Secretary of State.

The Elections.

Further returns do not improve the situation from the Republican stand point. In nearly every state the Republicans have lost members of Congress, and in several of those hitherto the most steadfast and intelligent, the disaffection appears to be the most general. At another time we shall undertake to set forth some of the causes that have resulted so seriously, but as our readers are more interested in the details of the defeat, at this time we shall confine our remarks to that topic.

In Massachusetts the overturn as much astonishes those who have caused it as those who have for twenty years regarded the Democracy in that state as hardly are collection of a party. The revised returns of the vote for Governor gives Talbot (Rep.) 88,391, Gaston (Dem.) 95,523, Andrew, Labor Reform, 31, Gaston's plurality 7132. The Legislature will stand: Senate 25 Republicans, 15 Democrats; the House 151 Republicans, 85 Democrats. The Democratic Governor will have a council composed of seven Republicans and one Democrat. The Legislature is largely opposed to prohibition. The Congressional delegation stands 5 Republicans and 6 opposition—a Republican loss of six compared with that in the present Congress.

The majority against Governor Dix in New York will not be less than 30,000. It is estimated that 16 of the 33 Congressmen elected are Democrats—a loss of seven Republicans.

New Jersey reports 12,000 majority for the state tieket, a Democratic Legislature and 5 of the 7 Congressmen are of that party—a gain of four, the present delegation standing 6 Republicans and 1 Democrat.

Wisconsin evidently repents its action of last year in displacing the Republican party in power and this year gives a Republican majority. The legislature is Republican on a joint ballot, and consequently if Matt Carpenter is not elected, a better Republican will be. The Congressmen will probably be divided as in the present House, six Republicans and two Democrats.

Michigan is another state which has bowed before the storm. At best the Republicans have lost half of the Congressional delegation and it is quite probable that the Legislature may return a United States Senator of a different political complexion from Mr. Chandler.

Pennsylvania falters, and it is more than probable that a Democrat will succeed Mr. Scott from that state in the United States Senate.

Illinois, which promised well last night, swings into the opposition line and reports more than half her Congressmen elect on the same side.

In the balance of the states which held elections Tuesday, the Republicans lose members of Congress as compared with the present House nearly as follows: Alabama 3, Arkansas 2, Delaware 1, Georgia 3, Kansas 2, Louisiana 5, Maryland 2, South Carolina 1, Tennessee 5, Virginia 3.

When the returns are all in it will be found that the states voting Tuesday gave the opposition to President Grant's administration a majority of nearly fifty in the next House.

BANKS whirled in by an overwhelming majority, and Salary Grabber Williams placed on the shelf.—[*Argus.*

If our neighbor had held his lively imagination in check and consulted the World Almanac and its own files he would have drawn the above rather incomplete sentence a little differently. First, Mr. Williams was not a member of the Congress which enacted the salary bill, consequently whatever else may be laid to his charge, salary grabbing cannot be. Banks, who was "whirled in," did vote for the salary grab, took his thousands of back pay which he never returned, and afterwards defended the act.

WESTERN advices indicate that the amount of lumber in pile at Chicago is 75,000,000 feet in excess of the stock held there last year at this time and with no prospect of a fair fall trade, there is stock enough on hand to meet all the demands of 1875. For this reason it is thought that prices will not advance during the next twelve months even if the log crop the coming year should be reduced one-half the usual production. The Wisconsin Lumberman advises manufacturers to stop operations for one season and watch developments.

WE can hardly credit it, but it is announced that the Republicans of the Albany, New York, district have gained a Congressman. The fact is the Democrats undertook to elect two members from one district. Incredible as it may seem, this couldn't be done even on this tidal wave.

THAT veteran Bourbon from the country, who, on hearing the bewildering election news, eagerly inquired if Jeff Davis or Fernando Wood had been elected to take Gen. Grant's place, is informed that he must patiently await the next avalanche for that event. The fact is it isn't quite time.

IT is our conviction that a profusely illustrated daily paper in this city will not meet that degree of pecuniary support that such an enterprise merits. We tried it two years since. This year we will leave it to our neighbor.

THERE was the heaviest fog in New York this (Wednesday) morning from 6 till 9 o'clock ever known.—[*Telegram.*

That's just our opinion; and there are no indications of its clearing.

THURSDAY's explosion is bad enough in all conscience, but now, as if to add the last blow, the World claims that its stilted English set the thing agoing. This is dreadful.

Current Notes.

And we will console ourselves with the reflection that after Bull Run came Gettysburg and Appomattox.—*Bangor Whig.*

A lean, gaunt, clay-eating, bewhisked, one-horse man, in from the country to sell his only bag of cotton, said to one who asked him how the elections had gone in his region: "All's hunkidori, you bet. We've got rid of the damned nigger at last; nary one of them will vote up our way again."—*Atlanta, (Ga.) Advocate.*

Something more than pills and pectoral is needed to fit a man to command the suffrages of the enlightened people of Massachusetts. We trust that the worthy doctor who depended so much on the fame and fortune won by these nostrums, having been put to his purgation by the citizens of the seventh district, will be henceforth a healthier and wiser man.—*Boston Globe.*

MATTERS IN MAINE

Happy.

LEWISTON, Nov. 4.—The Democrats fired a salute this evening and are indulging in expressions of gratification over the election news.

BELFAST, Nov. 4.—There are great rejoicings among the Democrats of this locality over the recent victories. Illuminations are being had this evening and to-morrow one hundred guns will be fired.

NEW HAMPSHIRE.

Verdict in a Slander Suit.

PORTSMOUTH, Nov. 4.—The trial of Hon. John H. Bailey, at the instance of Paymaster James N. Carpenter, U. S. N., for libel, Bailey having signed a remonstrance to the Secretary of the Navy against the further retention at this station of this paymaster, in 1869, the remonstrance setting forth substantially that Carpenter was inattentive to business and was a tool in the hands of ex-Secretary Welles to promote the private interests of Andrew Johnson, and also sympathized with the South. Carpenter having been relieved upon said remonstrance, the jury this morning rendered a verdict in favor of the plaintiff for $600. He sued for $5000. The case has been on trial since last Friday and has occasioned considerable excitement. Gen. Martin, John L. H. Frink and Hon. Wm. B. Small appeared for Bailey, and Hon. Albert B. Hatch for Carpenter. The case will go to the full bench.

Golden Wedding.

NASHUA, Nov. 4.—At Col. Thomas G. Banks' golden wedding at City Hall, fully $600 in cash was presented by the Masonic lodge, citizens and absent friends, and many other articles by the Olive street church.

MASSACHUSETTS.

Gen. Butler's Successor Speaks.

WORCESTER, Nov. 4.—The Democrats held an immense jollification meeting in this city to-night, at which Gen. Butler's successful competitor, Mr. Thompson, spoke. He said it was through no merit of his that the people had gathered, but because they felt that their rights had been violated. He declared himself a non-partisan, and briefly stated his position concerning the finances and equal rights. He believed there was no justification for armed resistance; he understood that Republicans had voted for him because they believed that by so doing they could get some of their principles advocated and some of their rights vindicated, and said he should act as best he could for the good of the whole people.

NEW YORK.

Various Matters.

There was the heaviest fog in this morning, from 6 to 9 o'clock, ever known, completely suspending ferry navigation.

The Episcopal convention adjourned last evening to meet in Boston in 1877. They issued a long pastoral letter, in which they denounce the present system of divorces, the profanation of the Lord's Day, participation in indecent amusements and the indecencies enacted on the stage.

A New Part.

NEW YORK, Nov. 4.—Corydon A. Alword of Hartford, who forged the endorsement of his father and mother and a friend to a note which he received $2,000 from a broker named Moses K. Moody, and went to Europe, came back to fill an engagement at Olympic theatre and was arrested for forgery, pleaded guilty in the General Sessions and was sent to prison for three years.

The 44th Congress.

NEW YORK, Nov. 4.—Tables made up tonight of members elect to next United States House of Representatives show a Democratic majority of 56.

WASHINGTON.

The Democracy Jubilant.

WASHINGTON Nov. 4.—The Democrats are exceedingly jubilant over the election results, especially in Massachusetts, and insist that they are soon to come into possession of the general government. Seedy Democratic adventurers are already parceling out the offices of the next House among themselves. A Democratic newspaper is soon to be started here, which hopes to become the organ of a John Morrissey White League Dynasty.

Injury to the National Credit.

Meanwhile there are already indication of serious injury to the national credit, as the result of yesterday's elections. It is feared that the Democratic gain will greatly embarrass if they do not altogether defeat the further negotiation of the new loan, thus preventing the saving of millions to the Treasury.

FIRES.

New Holland, O.

CINCINNATI, Nov. 4—The house of Allen Monroe at New Holland, O., was burned last Thursday and $30,000 in greenbacks in his desk consumed.

Newport, Ky.

At 3 o'clock this morning the saw mill and lumber yard of Divesty & Co., at Newport, Ky., were burned. Loss $60,000; insurance $8000.

East Saginaw.

DETROIT, Nov. 4.—H. P. Ballantine & Co's. saw mill, two miles below East Saginaw, was totally destroyed by fire last night. Loss $35,000; insurance $25,000.

FOREIGN.

The War In Spain.

LONDON, Nov. 4.—A special telegram to the Times from Hendage, says peremptory orders have been received from Paris for the expulsion of all Spaniards without distinction, before Tuesday evening, from the frontier towns on the right bank of the Bidassoa, for fear they may interfere in the conflict at Irun. The order spread consternation, many of those affected being without the means of travelling.

A despatch from Santander says that Don Carlos is determined to concentrate his forces in Biscay for the attack on Irun, knowing that Gen. Laserna had gone to Madrid to tender his resignation. The Republican government has only just begun to take means to resist this movement. All the steamers in the harbor have been embargoed to carry 5000 men to the relief of Irun.

SANTANDER, Nov. 4.—The Carlists commenced their bombardment of Irun this morning. One thousand Republican troops disembarked at Fountabia yesterday.

The non combatants have left Irun en masse. The Carlists fired three shots to one fired by the defendants of the town. Several persons were wounded in the town of Irun and fort and one killed, Gen. Elio is in command of the besieging forces. Don Carlos is present with his army.

China and Japan.

SHANGHAE, Nov. 4.—The amicable settlement of the Formosan difficulty between Japan and China still appears doubtful notwithstanding the more pacific tone of recent advices.

Alsace.

BERLIN, Nov. 3.—The question of creating a provincial representative for Alsace and Loraine is pressing for settlement. As a solution of the latter, Emperor William proposes the establishment of an assembly of notables whose duty it shall be to advise the Imperial government respecting the interest of the provinces.

The King of Patagonia—Banquet.

PARIS, Nov. 4.—A number of deputies representing the department of Dordogne have presented an address to Duke de Cazes, Minister of Foreign Affairs, protesting against the arrest of Orelie Tounens by an Argentine man-of-war while en route for Patagonia. Tounens is a French lawyer who had procured his election by the Patagonians as their King. When arrested he was returning to Patagonia from France, where he had been to negotiate a loan. The Argentine Republic claiming jurisdiction over Patagonia, arrested Tounens as an usurper.

President McMahon entertained Mr. Washburn, the American Minister, and Lord Lytton at an elegant banquet last night.

Secession—Postal.

TORONTO, Can., Nov. 4.—A special despatch received from British Columbia states that Dean Edward Cudge of Victoria, has seceded from the church of England with 350 parish centers, in consequence of differences with Dr. Hills, Bishop of Columbia. Mr. Cudge is the pioneer minister of the Province, having been sent out by the Hudson Bay Co.

The free delivery of mail matter is to be introduced at Toronto and other large towns in their order of prosecution.

Arrest of a Thief.

MONTREAL, Nov. 4.—On steamship Prussian reaching the dock yesterday, a man was arrested on board in connection with some very heavy frads committed in Paris amounting to half a million francs.

Immigration Scheme.

OTTAWA, Nov. 4.—Delegates from the governments of the provinces of Ontairo, Quebec, New Brunswick and Nova Scotia, to confer with the Dominion government, for the consideration of a united scheme of immigration from Europe, met this morning. The Premier and Mr. Edward Jenkins were present. It is understood that the proposition of the minister of agriculture for establishing a comprehensive and united system of immigration from the mother country, has been met with great cordiality by the governments of the provinces named, and that such a system will probably be the result of the present conference.

Reciprocity.

ST. JOHN, N. B., Nov. 4.—At a meeting of the manufacturers of St. John and Portland it was decided to appoint a committee to arrange for a convention of the manufacturers of the maratime provinces to be held about the first of January next, to consider what action to take in reference to the reciprocity treaty.

Stevedore McDermott has seceded from the Laborers Association and secured society men to work independent of the association in stowing vessels at $2 per diem, the standard society charges being $3,25. The Association met last night and expelled these men. Difficulties are apprehended.

A Philadelphia despatch says that Edward Mullen won the championship walking match from New York to that city, coming two minutes ahead of W. E. Harding.

THE ELECTIONS.

THE TIDAL WAVE UNCHECKED.

Illinois Democratic.

PENNSYLVANIA IN DOUBT.

The Next House Anti-Administration by over 50 Majority.

MASSACHUSETTS.

BOSTON, Nov. 4.—An error in counting has been discovered which increases Frost's plurality in the fourth district to 130, but on the other hand it is claimed that a certain individual in Ward 5 managed to have Benjamin Deane's name, who was Democratic candidate in the third district, pasted over that of Judge Abbott and 125 such ballots were cast. Judge Abbott's friends are circulating petitions for a recount in the entire district, and as the Board of Aldermen meet to-morrow at four o'clock, the re-counting will then probably take place.

The annexation of Chelsea and Winthrop was defeated.

How Butler Takes it.

The feeling in this city and section over the result of the election is profound, and the interest to-day has been scarcely less than yesterday. The papers unite in ascribing the defeat to the abuses which have crept into the Republican state party and its apparent sympathy with corrupt "isms." They urge a cleansing process and predict a more glorious record than ever in the future, as the result of temporary defeat. Butler and Ayer's defeat is hailed with satisfaction even by the Republican press.

Butler takes it coolly, and to-day said: "If the Republican party can stand its losses I think I can bear my share."

The Democrats in various parts of the state celebrated the victory to day by firing 100 guns. The struggle in the 4th district between the friends of Frost and Abbott promises to be lively. It is believed that Frost's election will be maintained, though the Abbott party insist that a recount will elect the latter.

NEW YORK.

NEW YORK, Nov. 4.—In Brooklyn, the Democratic state ticket has a majority of 13,000. Three Democratic Congressmen and seven Democratic Assemblymen are elected.

Metcalf, Dem., is elected to Congress from the first district in the place of Scudder.

SARATOGA, Nov 4.—Hartshorn, Rep., for Congress has about 1000 majority.

ALBANY, Nov. 4.—The Republicans of this county elect their county ticket, member of Congress (Adams) and two members of the Assembly, but Tilden's majority in the county is 2500. The returns from Oswego county ensure the election of Wm. H. Baker, Rep., to Congress from the 24th district.

Tilden's majority is now said to be 36,000.

The Evening Journal makes the House of Assembly stand as follows: Democrats 72, Republicans 56. As the Republicans have only four majority in the Senate, the Democrats have a majority on joint ballot, and thus secures a Democratic successor to Fenton.

The Republicans have elected Baker in the 24th and Bass in the 32d Congressional district.

LITTLE ROCK, Nov. 4.—Enough returns are received to indicate with considerable certainty that Gause is elected in the 1st, C. Canons in the 2d, Welshire in the third and Gunter in the 4th district. They are all Democrats.

NEW JERSEY.

TRENTON, Nov 4.—The congressional delegation is as follows: First district, Clement C. Sunicson, Rep.; second do, Samuel A. Dobbins, Rep., re-elected; third do, Miles Rost, Dem., re-elected; fifth do, Augustus W. Cutler, Dem.; sixth do, Frederick H. Teese, Dem.; seventh do, Augustus A. Hardemburg, Dem. The present delegation in Congress consists of 6 Republicans and 1 Democrat. Bedle for Governor is elected by 12,000 majority.

The state Senate stands as did last year, each gaining and losing one. The Republican majority is seven. The House stands 39 Democrats to 21 Republicans, a Democratic gain over last year of 11. On the joint ballot the Legislature is Democratic and will elect the United States Senator to succeed John P. Stockton. Cutler's majority over Phelps is 8.

PENNSYLVANIA.

WILKESBARRE, Nov. 4.—W. W. Ketchum, Rep., defeats Col. Wright, Dem., for Congress in the 12th district by 500 majority. F. D. Callum, Dem., in the 11th district, is elected over Butler, Rep., by 7000 to 8000 majority.

PITTSBURG, Nov. 4.—The official returns of yesterday's election in Alleghany county show increased Democratic gains. Both districts in this county elect Democratic congressmen, while the delegation to the state assembly stands 11 Democrats to 6 Republicans.

In the western part of the state the latest returns indicate Democratic victories in the 17th, 18th, 20th, 21st, 22d, 23d, 25th, 26th and 27th Districts. In five of the western counties the Democrats gain 2 assemblymen.

It is barely possible that on a joint ballot the Republicans will have a small majority, enabling them to elect a U. S. Senator.

It is reported that Pennsylvania has gone Democratic by 3000 to 5000 majority, with 16 Democratic and 11 Republican Congressmen.

PHILADEPHIA, Nov. 4—Forney's Press admits that the result upon the state ticket is very doubtful and that the majority either way will be extremely small. From the present returns it concedes the defeat of Death, Rep., for Secretary of Internal Affairs. Its estimate concede to the Democrats a majority of one on joint ballot in the legislature, but thinks this may be changed by official returns. For congressmen it concludes that the Democrats have 14 and probably 16 members of the 27.

MARYLAND.

BALTIMORE, Nov. 4.—Further returns from the 6th congressional district, which seem reliable though unofficial indicate the election of Walsh, Dem., to Congress, over Saunders, Rep., the present member. This will make the entire delegation Democratic.

MICHIGAN.

DETROIT, Nov. 4.—The Democratic gains throughout the state are immense. The Republicans do not claim over 5000 majority on the state ticket. Williams, Democrat, for Congress in the first district will have over 1000 majority. The second district is close, but is claimed for Waldron, Republican, by 300 majority. The third is claimed for Willard, Republican, by 1500 majority. Potter's majority in the fourth district is estimated at 1200, and Williams, Republican, in the fifth at 1000. Partial returns elect Durand, Democrat, in the sixth by over 400. In the seventh Conger, Republican, is re-elected by probably 1400 majority. The eighth is claimed for Bradley, Republican, by 1200 majority.

The Senate has two or three Democratic majority. The House is claimed by both parties by six or eight majority, Governor Bagley's majority it is now believed will not range over 1,000. The Democrats claim that Chamberlain is elected and some Republicans concede it. The Congressmen elect and their majorities are partly estimated as follows:—1st district Williams, Dem., 200 majority; 2d, Waldron, Rep., 700; 3d, Willard, Rep., 1500; 6th, Durand, Dem., 1500; 7th, Conger, Rep., 2000; 8th, Bradley, Rep., doubtful and claimdd by both. In the 9th district, excepting for Governor, the Republican state ticket has perhaps, 3000 or 4000 majority.

WISCONSIN.

MILWAUKEE, Nov. 4.—The results as stated in last night's despatches are generally confirmed by later returns. The Republicans have elected to Congress William Caswell, Magoon, Kimball, Rust and McDill. The Democrats have elected Burchard and Lynde. The Democrats here claim Bouck over Kimball for Congress in the 6th district. The Democrats concede a Republican majority on a vote by ballot in the Legislature. A despatch just received from the chairman of the Republican State Central Committee claims six Congressmen and ten total majority in the Legislature.

Return now leave little doubt that the delegation in Congress stands Republican 6, Democrats 2. The Republicans have about 6000 majority in the state on the vote for Congressmen. Both Houses of the Legislature are Republican with a majority on joint ballot of about 30.

ILLINOIS.

CHICAGO, Nov. 4.—Reports from the state so far indicate the election of the Republican state ticket by decreased majority and a light aggregate vote. In most localities the result of the Congressional election is so far unchanged from last night's estimate.

The result of the Congressional election in Illinois outside of the 1st, 2d and 3d districts is as follows, the majorities being estimated in round numbers from the returns already received:

Fourth district Hulbut, Rep., 1000 majority; fifth, Burchard, Rep., re-elected, 3000; sixth, Henderson, Rep., 3000; seventh, Campbell, Ind. Rep., 3000; eighth, Ford, Rep., 500; ninth, Whitney, Rep., 253; tenth, Dodley, Dem., 1200, eleventh, Wike, Dem., 4000; twelfth, Springer, Dem., 1000; thirteenth, Stevens, Dem., 1000; fourteenth, Cameron, Rep., re-elected, 800; sixteenth, Sparks, Dem., 2000; seventeenth, Morris, Dem., re-elected, 4000; eighteenth, Hartzel, Dem., 1000: nineteenth, Ind. Dem., 2000.

In the 3d Farwell (Rep.) is now reported defeated by 249 votes, but it will take the official vote of all the precincts to determine the matter, taking the above estimates of majorities on the Congressional tickets, the Democrats have a net majority of 12,000 or 13,000 in the state.

In the 1st district Caulfield, Dem., is elected by a majority of 500 or 600. In the second the Democrats claim Harrison's election by 8 votes and the Republicans claim Ward's election by 11 votes.

MISSOURI.

ST. LOUIS, Nov. 4.—Not a precinct in the city or county has yet returned a full vote. Returns from the state are still very meagre and do not indicate the result. The Democrats, however, claim all the congressional districts except the sixth and tenth. On the other hand the Republicans expect to carry the first district for Sanazd, the present incumbent, the third for Wingate, the fifth for Seay, the sixth for Thrasher, the seventh for Lay, the ninth for Thompson and the tenth for Hyde, the present incumbent, conceding to the Democrats the second for Wells, the fourth for Hatcher, both present incumbents, the eighth for Franklin, the eleventh for Clark, the thirteeth for Buckner, both present incumbents, with the twelfth doubtful.

Only a little more than one-half the ballot cast in this county is yet counted, and the prospect is that it will take all day to-morrow to complete the returns. Thirteen precincts in this city and 31 in the county give Hardin, dem., for Governor, 8567, Gentry, people's, for Governor, 8959. The county will go Democratic by a handsome majority, but it is expected some Republican candidates for county officers will be elected. It seems now R. F. Wingate, rep., for Congress in the 3d district of this city, will be defeated by possibly 2000, by W. H. Stone, dem., present incumbent. The Republicans now claim only the election of Hyde in the 10th district, Seay in the 5th and Thompson in the 9th. The Democratic majority on the state ticket will be quite large. Many claim 40,000 to 50,000.

KANSAS.

ST. LOUIS, Nov, 4.—The Kansas City Times has returns from seven of the fifteen counties in the second Congressional district of Kansas, showing in the aggregate 1637 majority for Goodwin, opposition candidate, to 275 for Cobb, Republican. Goodwin will be elected by over 2000 majority. Returns from the third district are coming in very slowly, and thus far indicate a very close vote.

CINCINNATI, Nov. 4.—Returns from Kansas are very meagre and do not indicate the results. Logan county reports a strong Republican majority. Labatte county gives a small Republican majority. Franklin county gives Cusey, Reform, for Governor, 250 majority, and Goodwin, Reform, for Congress, 150 majority.

VIRGINIA.

ALEXANDRIA, Nov. 4.—Hunton, conservative, is elected in the eighth district by about 500 majority over Barbour.

A later dispatch says that the Conservatives claim 6 out of 9 Congressmen—a gain of 2.

SOUTH CAROLINA.

NEW YORK, Nov. 4.—A Columbia special says that the Chamberlain state ticket, which was the regular Republican ticket, is elected by 20,000 majority. Four Republican Congressmen are certainly elected. Rainey, Rep., in the first district is probably elected. The Legislature will be Republican by a large majority in both branches. The vote in the state is very large as far as heard from.

The election passed off quietly except at Ridge Springs, Edgefield county, where the ballot boxes were destroyed and an election prevented by the opposition, and at Winnesboro', Fairfield county, where a riot occurred, resulting in the shooting of three negroes one of whom is reported dead.

The Democrats claim the election of Chamberlain for Governor by a majority of from 1000 to 2000. The Republicans claim the state by a small majority. A certain decision will require full returns.

The congressional delegation will probably stand 5 Republicans to 4 Democrats.

Later—Returns come in very slowly. The contest for Governor is still in doubt with chances favoring Chamberlain, Rep. The election of Mackey (Fusion) from the 2d and Smalls (colored) Rep., from the 5th district is conceded. In the 4th district the vote is close between Wallace and Kershaw. The other districts are still in doubt.

GEORGIA.

AUGUSTA, Nov. 4.—Dabuey is elected to Congress from the 7th district by 200 or 300 majority. The entire delegation to Congress is Democratic beyond a doubt.

Mayor Spencer of Atlanta and other prominent citizens were arrested to-day for violation of the enforcement act.

ALABAMA

MONTGOMERY, Nov. 4.—Enough gains are reported to insure the election of the Democratic state ticket by from 6000 to 10,000 majority. Five Congressmen are certainly elected and probably two others, and there is a Democratic majority in the Legislature. More negroes voted the Democratic ticket than whites voted the Radical. The Democratic gains are reported from every county heard from except Sumpter.

Unofficial returns from 28 counties show a net Democratic gain of 10,000. This includes Sumter and Greene, where the colored Democrats were intimidated and it overcomes the Republican majority of 1872 and leaves the Democrats 1500 ahead. There are 37 counties to hear from, which will increase the Democratic majority to 6000 or 8000. It is one of the largest votes ever cast in the state. Haralson, colored Republican in first district, Bradford, Dem., in third, Hayes, Rep., in fourth, Caldwell, Dem., in fifth, Hewitt, Dem., in sixth, and Lewis and Forney, Dems., for the state at large are undoubtedly elected to Congress.

Williams, Dem, in the second district is probably elected over Rapier by 600 or 700 majority. All of Rapier's strongholds have been heard from and he loses in these 3000. This leaves Williamson still 800 behind with his strongholds to hear from. This gives a Democratic gain of three Congressmen.

FLORIDA.

AUGUSTA, Ga., Nov. 4.—Returns from Florida come in slowly. The indications are that both districts will elect Republicans to Congress. There has been a heavy falling off in the white vote and a largely increased colored vote.

NEVADA.

SAN FRANCISCO, Nov. 4.—Returns received so far leave the election of Congressmen in Nevada in doubt. Ellis (dem.) is probably elected, Bradley, for Governor, claims over 1000 majority. It is conceded that the Sharon Legislature ticket is elected.

METEOROLOGICAL

PROBABILITIES FOR THE NEXT TWENTY-FOUR HOURS

WAR DEP'T, OFFICE CHIEF SIGNAL OFFICER, Washington, D. C., Nov. 5, (1 A. M.)

Another Kind of K.K.

NEW ORLEANS, Nov. 4.—A few additional election returns strengthen the indications previously reported. United States Commissioner E. D. Craig has sent before the United States Circuit Court Mary Johnson and Joseph Milbrough, both colored, charged with violating the Ku Klux act, in corspiring with others and breaking up a meeting of the colored Democratic club. This is the first commitment of colored persons under this act in Louisiana.

Granger Trouble.

SAN FRANCISCO, Nov. 4.—Wolcott, President of the Granger Bank of this city, has resigned, and S. B. Webster is appointed in his stead. W. A. Fisher, Secretary of the State Grange, has resigned, and J. B. Carrington is appointed in his stead.

A conflict is impending between the Carlists and Spanish troops before Irun, and the French government has ordered all the Spaniards in the frontier towns to leave at once, for fear that they might interfere in the conflict.

Charles F. Bury, first Earl of Charleville, aged 22 years, died yesterday at the residence of William B. Duncan, in New York. His body was sent to England yesterday.

A despatch from Zeattle, Washington Territory, says Jacobs, Republican, for Congress, is elected by over 500 majority.

A Quebec despatch says that Simeon, a member for South Norfolk, has been unseated on account of bribery and corruption.

FINANCIAL AND COMMERCIAL

Review of Portland Markets.

WEEK ENDING Nov. 4, 1874.

The markets are decidedly quiet, and there is but little movement to note in any of the staple articles. The month just closed shows an excellent exhibit. The volume of business transactions was larger than during the corresponding month of last year, and trade was conducted on a healthier basis. But the sanguine expectations of a great revival in trade, entertained last summer, have not been realized, and business is still quiet. Purchasers are afraid of large stocks, and buy only to supply present needs. The money market has been quiet, and gold closed on Wednesday, Nov. 4th, at 110⅞.

Beans are in good demand for choice mediums, with no change in prices. Butter is very steady on choice, and there is even a stronger feeling than last week on high grades. Cheese is steady, but holders are a little more disposed to sell at last week's rates. Coal is in good demand, but with no change in prices. Coffee shows a little advance in Rio, and prices are firm. Copper is steady and in fair demand. Cordage is steady. Drugs and dyes show no movements of consequence; opium is still weak. Dry goods are quiet, with a steady but limited demand for staple woolens and cottons. Duck is in good demand for Portland manufactures. Fish show no change; the demand is light and the market steady. Flour is still very dull, though there is more inquiry for low grades. Fruit exhibits no change, with the exception of a slight advance in New Valencia raisins. Grain is recovering from the late disturbance, and is advancing in Chicago; the prices for corn are $1@1 03, and for meal 98c. Iron is flat. Lard continues to weaken, and is quoted at 14@14½c for tierce and tubs. Leather is quiet. Lead is steady. Lumber is very dull. Molasses is in fair demand and light stock. Naval stores are unchanged. Oil[illegible] exhibit some movement in linseed, but otherwise are quiet. Produce is fairly active; eggs are advancing, and potatoes range from 55@65c. Provisions are quiet. Salt exhibits no change. Sugars are steady. Wool is unchanged.

FREIGHTS.—Freights are dull, both transatlantic and coastwise. There is something doing, however, in Cuba freights. We note the brig Carrie Winslow, for Cardenas, with box shooks at 15c; the bark Genevieve M. Tucker, for North side of Cuba, with box shooks, at 15c; the brig Elizabeth Winslow, for Cardenas, with box shooks, at 15c; the barque Estella, for Matanzas, with box shooks, at 15c; the barque Florence Peters, for Cardenas and back, at $1200 round sum; brig Dirigo, for Cardenas, with box shooks at 15c.

New York Stock and Money Market.

NEW YORK, Nov. 4—*Evening.*—The markets were higher for Exchange and weak and lower for stock and temporarily firmer for gold. Money closed at 2½ per cent on call after loaning at 3½ per cent.; prime mercantile paper 5@7 per cent. The Customs receipts to-day were $345,000. Sterling was firmer at 484½@484¾ for 60 days and 487½@488 for sight. Gold opened at 110¾, advanced to 110½ and closed at 110⅛; the borrowing rates were 1@2 per cent. per annum and 1-64 per cent. per diem and for carrying 2 to 5 per cent.; loans were also made flat. The Assistant Treasurer disbursed $116,000. Governments were in good demand. State bonds and Railroad bonds were dull. Exports of dry goods for the week $5,236,120, an increase over last week of $402,604. Stocks opened quiet and steady. LEAP YEAR.—The sparkling comedy of "Leap Year" was given by Kate Reignolds and troupe at the M. L. A. course last evening. Apparently it was very heartily enjoyed by the many present, who never attend a dramatic entertainment unless it is given in a literary course or a church. Of course Kate Reignolds was pleasing as "Miss O'Leary," the Irish heiress, and Miss Georgiana Reignolds was an attractive "Flora Flowerdew." The part of 'Dimple' was taken by Charles Clark, who is good in low comedy, but not a success in light comedy. The other parts do not call for particular mention.

COLLISION.—Schooner John E. Daily, from Thomaston for Virginia, while passing that port Sunday collided with the schooner Ware, of Portland, Capt. Greene, carrying away flying jib-boom and other head gear, thence drifted into another small vessel but separated without damage to either. The Daily remained in port until Monday morning, and then proceeded on her voyage.

TEMPERANCE.—The temperance meeting at Allen Mission last evening was well attended, and the interest of last week fully sustained. The meeting was adjourned to this evening at the same place.

Wong Chin Foo has decided not to come to Portland next Sunday, but will come later in the season.

The *Argus* is rather forcing the season for the hen show.

Fog set in early last evening and hung over the city all night. It was so dense that one could scarcely see across the street—especially if one had been rejoicing over the elections.

The steamship Tokio is hourly expected to arrive here.

Cumberland County Lodge of Good Templars.

The quarterly session of Cumberland County Lodge met yesterday with Ulysses Lodge at Yarmouth, and was called to order by the Secretary and A. J. Chase called to the chair, the other offices being filled as follows: W. V. T., Mrs. D. R. Dresser; W. Chaplain, Rev. Geo. B. Ilsley; W. M., — Yates, W. D. M., Belle Barstow.

The forenoon was spent in hearing and disposing of appeals.

At the opening of the afternoon session the following officers were unanimously elected for the ensuing year: W. C. T., C. F. Swett; W. Sec., Daniel R. Dresser; W. Treas., W. F. Morrill. After considerable business, confined entirely to the order, the following resolutions were unanimously passed, after being thoroughly discussed by Joshua Nye, H. M. Bryant, A. J. Chase, C. F. Swett and others:

Resolved, That as an Order, the Good Templars should devote more of their energies to the moral aspect of the temperance question and extend their efforts in every community to the reformation of those who habitually use intoxicating drinks as a beverage.

Resolved, That the reform movement now in progress in this state should receive our hearty sympathy.

Resolved, That we approve of the enactment of the state police laws.

Resolved, That native wines should be included in the prohibitory law.

A resolution of thanks was also passed to Ulysses Lodge for the excellent entertainment they had provided for this session of the County Lodge, and we cannot refrain from saying that we most heartily concur in the sentiment of this last resolve.

In the evening a public meeting, presided over by County Templar C. F. Swett, was held in the First Parish church, which was filled to its utmost capacity by an audience who listened with unabated interest until a late hour to short and stiring speeches from the Hon. Joshua Nye, Major Fred Shaw, H. M. Bryant, C. F. Swett and others, interspersed with excellent readings by Mrs. Roberts, and singing by the Leavitt sisters and members of Ulysses Lodge. On the whole it was one of the most successful and interesting County Lodges that has ever been held in this county.

THE MUSEUM.—The great merit of the company now at the Museum has begun to win that success which it deserves. Last evening Miss Cameron and Mr. Bartlett received a perfect ovation. Despite the Mercantile entertainment at City Hall and other attractions every seat was taken and the aisles and lobby were filled with spectators. The audience was an enthusiastic and appreciative one, and Miss Cameron and Mr. Bartlett were received with frequent and long continued applause, and repeatedly called before the curtain.

Of the merits of the acting it is scarcely necessary to speak, but we cannot forbear once more giving the praise which is due to the admirably artistic and finished impersonation of "Pauline" given by Miss Cameron, who is an actress of rare ability, and who commands the sympathetic applause of her audiences from the moment she first appears on the stage to the fall of the curtain. Now that her merits have become generously known we look to see crowded houses at the Museum every evening.

Mr. Bartlett also demands a high meed of praise. It is but seldom that a Portland audience sees his equal in quiet force and finished acting. In furnishing actors of so marked merit the management deserves well of the public, and should be rewarded with a hearty and generous patronage.

In consequence of the immense amount of labor required for the proper production of "The Octoroon" it is found impossible to present it this evening as at first intended. But it will positively be placed upon the stage Friday evening.

The splendid reception accorded to "The Lady of Lyons" last evening induces the management to present it once more, and it will be given this evening, positively for the last time.

Army and Navy Course.

Everybody has been on the tip-toe of anticipation for the opening concert by the New York Glee Singers, and to-night will see assembled in City Hall the fashion of our city. We who have no opera season, look forward to the splendid concerts of the Army and Navy Union for the brilliant audiences that attend the opera in larger cities. The concerts of the New York Glee Club in New York and Boston are always attended by the elite of the two cities, and Portland will not be backward in welcoming them here. Miss Beebe is a charming vocalist with a pure soprano voice of great compass. Miss Finch, contralto, will make herself a favorite here as she has everywhere that she sung. The gentlemen of the club are all fine singers and connected with the leading church choirs in New York. We earnestly hope that everybody will hear them, as we know they form the best club in the country at this time.

The gentlemen of the Army and Navy committee, presents a rare programme of artists and lecturers, and everybody should take pride in supporting this society of returned Portland soldiers. Remember they raise the money from these lectures and concerts to help their comrades, and the long winter before us will probably make many calls on the treasury. Get your tickets early. There are many good reserved seats yet for sale at Rand & Thomes', and the course tickets, each ticket good for a seat, are for sale at the music and book stores.

JUBILANT.—The Democrats went about with happy faces yesterday. In the morning they looked sort of confused and dazed like, but towards nightfall they began to really believe that they had won a victory, and so went right off to the park and fired a salute. Their joy was dashed, however, by the thought that no plunder would result, and that the Republicans would be put upon their guard and buckle on their armor for 1876.

The Republicans felt rather relieved, on the whole, because the process of unloading came so soon as it did, thus opening their eyes in time for the work before them.

PORTLAND CATHOLIC S. S. UNION.—At the semi-annual meeting of the Portland Catholic Sunday School Union, held last evening, the following officers were elected for the ensuing six months: President, T. H. McCann; Vice President, M. Haverty; Recording Secretary, Hugh McGowan; Corresponding Secretary, T. H. Duddy; Treasurer, T. J. Welsh; Librarian, R. J. Nugent; Superintendent St. Dominick's Sunday School, T. H. McCann; Superintendent St. Aloysius Sunday School, P. J. Garhity.

DROWNED.—Moses Hanson, son of Dr. Moses Hanson of Morrill's Corner, was drowned while on board a gulf steamer bound to New York from the South. While jesting with some companions he was accidentally knocked overboard He was twenty-two years old.

TREASURE FOUND.—Last Monday as Mr. B. W. Picketi was removing a stone wall from under the Strout house at Ferry Village, a bag of coin was found by one of the workmen. Mr. Pickett took charge of the money and now awaits its owner. The house was formerly owned by Levi Strout, esq., and was built by him forty years ago, and has been occupied by him until within the last nine years, when it was sold to Mr. Pickett for eleven shares of stock in the H. H. Day. As no one of means has occupied the house since it was owned by Strout, it is probable the gold belonged to Strout's son George, an eccentric young man, who spent his time in Cuba and other Spanish ports, making an annual visit home. In 1865 young Strout came home from Cuba and was known to have eight or ten hundred dollars which he refused to account for to his father. Shortly afterwards he left home to follow the sea and was last heard from in South America five years ago. It is the general opinion the money was put there by him, and as his father is old and in straightened circumstances, the money will no doubt be turned over to him.

SUICIDE.—Wednesday afternoon Mrs. Jane Cutter of Saccarappa, wife of John A. Cutter, committed suicide by drowning herself in the canal. When taken out of the water she had been but a few minutes dead. She was 37 years old, and left two children. Mental depression is thought to have caused the act.

Mrs. Cutter was the daughter of John H. Bigsby of Saccarappa. One of her children is four years old and the other thirteen months. Coroner Gould was called, but deemed an inquest unnecessary.

LOSS OF SHIP PACIFIC.—A special cable dispatch from Liverpool to John T. Smith reports that ship Pacific of Yarmouth, Me., 1812 tons, Capt. Loring, from Antwerp for Cardiff, has been totally wrecked at Stackpole, Wales. The Pacific was owned by S. C. Blanchard and others, and was built at Yarmouth in 1869. The disaster is an unfortunate one for the owners, as the ship was valued at upwards of $112,000, and there was only $10,000 insured on her, which risk was held by the Boston Marine Insurance Company of Boston.

Business Notes.

The Auburn shoe manufacturers have held a meeting and resolved "that we will resist, in common with the boot and shoe manufacturers of New England, any and all such claims or demands made upon us by the owners of the so-called Gallahue patents; that we will not settle or compromise any such claims or demands, or any suit brought against us to collect the same; that we will resist and defend ourselves from any such suit either in law or equity. We furthermore agree that we will not take any license or in any way encourage the validity of the same."

In October, 1873, 30,855,310 feet of lumber were surveyed in Bangor. For the same month this year, 24,722,150 feet is the amount.

One of the most enterprising and far-seeing manufacturers of lumber in the city of Gardiner, and who is engaged extensively in the business, informed his workmen the other day that he was losing $1 on every thousand of lumber manufactured at his mills. He invited a thorough investigation of his books in proof of the statement. His and other mills are running for the sake, chiefly, of keeping the crews of men at work, who in their turn should be willing to yield a certain per cent. of their wages that their employers may be be able to stem the tide and keep their heads above water.—Kennebec Journal.

A Veteran.

CORNISH, NOV. 4, 1874.

Please find enclosed one dollar for the Maine State PRESS for six months. Although an old man of 84 years, I can see quite well with glasses. I am deaf, a broken man and a cripple with two canes, but I am lost without the news of the week. I was a soldier in Portland in the 1812 war, served two months, seven days in the fall of 1814, at 27 cents per day, by finding myself all equipments with 24 rounds of powder and balls, each ball the 18th part of the pounds and 2¼ inches of powder in each cartridge. I then belonged to the company of Denmark of 114 privates. One other and myself are the only two that survive of the 114 privates and officers. The other man is 83 years of age. Neither of us get the $8 pension.

MARK PEASE.

THE BATES COLLEGE HAZING.—The Lewiston Journal says the case of hazing at Bates College was not so serious as reported, though the services of a physician were necessary for the injured man. There was no difficulty in ferreting out the offenders: indeed, they felt so ashamed of their work that they confessed. They went further, and humbly apologized for their offence both to the Faculty and to the injured student, and were freely forgiven by the latter after an explanation of the circumstances. Notwithstanding the offenders pledged themselves never to be concerned in or to countenance another attempt, yet the Faculty regarded it important to make an example of the hazers, and accordingly four were suspended and four put on probation. Under other circumstances the punishment would have been expulsion.

Mr. Charles M. Clay of Gardiner, had a very narrow escape from a serious, if not fatal accident, last Saturday. He called for a man in New Sharon, and was told that he was in the woods back of the house. He got on to a stone wall just as the man tried to shoot a partridge, and Mr. Clay received some of the shot in his left arm. He was not seriously hurt.

A fire at East Machias, Sunday evening last, destroyed the East Machias hotel, and all outbuildings, including stable; supposed set by drunken men in and about the stable. Loss $3000 to $4000; owned by James R. Talbot, Esq. No insurance. The house and ell, also stable of J. G. Munson, on the east side of the hotel was greatly damaged, and the stable destroyed. The loss is a hard one for Mr. Munson, who is a good citizen and a laboring man. Probably a small insurance. A fire started Sunday morning last in Mr. Hemmenway's lumber yard, at Machias, in near proximity to the steam mill. A small quantity of new lumber was burnt, damage light. Drunken incendiary.

Willie, aged about twelve years, second son of Benj. L. Reynolds of Machias, fell off a wharf Saturday afternoon last and was drowned. The body was recovered.

THE IMPORT BUSINESS.—The imports of foreign dry goods into the city of New York for the month of October, 1874, are half a million less than for the same month in 1873, and a million and a half less than 1872, while they were two millions and a half less than for October 31, 1871. The total of such imports at said port for the ten months ending October, 31, 4874, entered at the port, is ten millions less than for the same period last year, and thirty millions less than for the same period in 1872. There has been of late a constant shrinkage in values, with no prospect of an immediate reaction. The market for domestic goods, woolen and cotton, is dull, without any increase of activity, when concessions in price are made. It is very difficult to see how there is to be any marked improvement in season for the spring trade. Everybody is husbanding resources.

PROF. SEELYE.—Julius H. Seelye, Congressman elect from the 10th district, is a Professor at Amherst College, occupying the chair of Mental and Moral Philosophy. He is a man of strong convictions, and broad acquirements, and is widely and justly esteemed in the educational and religious world. He is a clergyman by profession, but his educational duties have absorbed most of his time. He is a profound scholar and well versed in many departments of knowledge. A journey which he made to India a year or two ago was signalized by an intellectual encounter with the Brahmins, and their system of philosophy and religion; the lectures which he delivered were listened to with great interest by a class of people rarely reached by Christian teaching, and a new interest was awakened in Christianity. He adds to his acquirements as a scholar a keen perception, and a fund of sound sense; and on all questions of finance and right government, his vote may be relied upon on the side of honesty and patriotism. He is a thorough Republican.—*Boston Journal.*

HORACE DODD.

A Representative and Champion of American Art Taste.
Prospectus for 1875--Eighth Year.
THE ALDINE,
THE ART JOURNAL of AMERICA,
Issued Monthly.
A Magnificent Conception, wonderfully carried out.
The necessity of a popular medium for the representation of the productions of our great artists, has always been recognized, and many attempts have been made to meet the want. The successive failures which so invariably followed each attempt in this country to establish an art journal, did not prove the indifference of the people of America to the claims of high art. So soon as a proper appreciation of the want and an ability to meet it were shown, the public at once rallied with enthusiasm to its support, and the result was a great artistic and commercial triumph—*THE ALDINE.*
THE ALDINE, while issued with all the regularity, has none of the temporary or *timely* interest characteristic of ordinary periodicals. It is an elegant miscellany of pure, light, and graceful literature; and a collection of pictures, the rarest specimens of artistic skill, in black and white. Although each succeeding number affords a fresh pleasure to its friends, the real value and beauty of *THE ALDINE* will be most appreciated after it is bound up at the close of the year. While other publications may claim superior cheapness, as compared with rivals of a similar class, *THE ALDINE* is a unique and original conception—alone and unapproached—absolutely without competition in price or character. The possessor of a complete volume cannot duplicate the quantity of fine paper and engravings in any other shape or number of volumes *for ten times its cost; ad then, there is the chromo, besides!*
The national feature of *THE ALDINE* must be taken in no narrow sense. True art is cosmopolitan. While *THE ALDINE* is a strictly American institution, it does not confine itself entirely to the reproduction of native art. Its mission is to cultivate a broad and appreciative art taste, one that will discriminate only on grounds of intrinsic merit. Thus, while placing before the patrons of *THE ALDINE*, as a leading characteristic, the productions of the most noted American artists, attention will always be given to specimens from foreign masters, giving subscribers all the pleasure and instruction obtainable from home or foreign sources.
The artistic illustration of American scenery, original with *THE ALDINE*, is an important feature, and its magnificent plates are of a size more appropriate to the satisfactory treatment of details than can be afforded by any inferior page. The judicious interspersion of landscape, marine, figure, and animal subjects, sustains an unabated interest, impossible where the scope of the work confines the artist too closely to a single style of subject. The literature of *THE ALDINE* is a light and graceful accompaniment, worthy of the artistic features, with only such technical disquisitions as do not interfere with the popular interest of the work.
PREMIUM FOR 1875.
Every subscriber for 1875 will receive a beautiful portrait, in fall colors, of the same noble dog whose picture in a former issue attracted so much attention.
"Man's Unselfish Friend"
will be welcome in every home. Everybody loves such a dog, and the portrait is executed so true to the life, that it seems the veritable presence of the animal itself. The Rev. T. De Witt Talmage tells that his own Newfoundland dog (the finest in Brooklyn) barks at it! Although so natural, no one who sees this premium chromo will have the slightest fear of being bitten.
Besides the chromo, every advance subscriber to *THE ALDINE* for 1875 is constituted a member, and entitled to all the privileges of
THE ALDINE ART UNION.
The union owns the originals of all *THE ALDINE* pictures, which, with other paintings and engravings, are to be distributed among the members. To every series of 5,000 subscribers, 100 different pieces, valued at over $2,500 are distributed as soon as the series is full, and the awards of each series as made, are to be published in the next succeeding issue of *THE ALDINE*. This feature only applies to subscribers who pay for *one year in advance*. Full particulars in circular sent on application enclosing a stamp.
TERMS.
One Subscription, entitling to THE ALDINE one year, the Chromo and the Art Union,
$ .00 per annum, in advance.
(No charge for postage.)
Specimen copies of THE ALDINE, 50 cts
THE ALDINE will, hereafter, be obtainable only by subscription. There will be no reduced or club rates; cash for subscriptions must be sent to the publishers direct, or handed to the local canvasser, *without responsibility to the publishers*, except in cases where the certificate is given, bearing the facsimile signature of JAMES SUTTON, President.
CANVASSERS WANTED.
Any person wishing to act permanently as a local canvasser will receive full and prompt information by applying to
THE ALDINE COMPANY.
