Loudon, Sep 29, 1840

Sir,

At our term of the Court of Common Pleas
held at Machias a few days ago, we have the
majority of having one court of officers. Each of these
officers being composed of judges to consider interests in
our county that best to advise the appointment
of three more justices of the peace for said county,
resuming same Trescott to have resigned, and agreed to
recommend Moses Fuller of Sabine, Joseph Whitney of
Calais, and Peter Talbot of Machias, as persons
best calculated to give satisfaction to the different
sections of the county, so Justice Bullock to be chief
justice. There will then be three Republicans.

That Judge who is well disposed toward the Government
to I think a Republican) and one Federalist (Mr. Talbot),
but if your should think best not to appoint three, Moses
Fuller will best fill Mr. Trescott's place, and as the
said Court of judges meet in December next.
for Special Learning it may be advisable to have
it filled up before that time. The most important
question will be respecting a jail. The new ones now
have been not sufficient.

Sirs with great respect your
The said 'Wmu'.

Hoscuto G. Welsh

I am sorry to say that my place in the legislature is filled by the election of Mr. Sabre Menor of Sabre, a most inadequate Federalist, an advocate for Hartford convention and peace for the English during the late war and now when occasion requires.
