Progress Report

Established by the Legislature in 1994, the Maine Quality Centers program is an economic development initiative of the Maine Community College System. Its mission is to meet the workforce education and training needs of new and expanding businesses and provide new employment and career advancement opportunities for Maine people. Customized training is provided at no cost to either the businesses or the trainees. To qualify, a business must be adding at least eight new, full-time positions with competitive wages, benefits and a specific skill level. In rural areas a project may be approved with fewer than eight new positions.

- ★ **228** expanding Maine businesses have been served by the **Maine Quality Centers** program, creating a projected **12,820** new jobs.
- ★ **13,935** Maine people have completed **MQC** training.
- ★ **11,866** have been hired at an average project wage of **\$11.86** per hour.
- ★ The **Maine Quality Centers** program has received more than **26,324** trainee applications for the projected **12,820** new job openings.
- ★ **62%** of **MQC** projects are in one of the **7** target industries identified by the Joint Select Committee on Research & Development.
- ★ **59%** of participating businesses had **100** or fewer employees.
- ★ Companies served by the program represent a projected **\$2.1 billion** in related private investment in Maine.
- ★ The estimated return on investment is **13** months.

The Maine Quality Centers program has helped Maine businesses expand in all 16 counties!
