NOTE! Returns of Regiments must be made without fail, to the Commanding-Officer of each Brigade, in the Month of June annually.—And if from any absolute impossibility, the Return of a Company cannot be obtained for the current Year, the last best Return of such Company must be inserted in the Regimental Return—noting the cause thereof at the bottom.—A Regimental Return, ought never to be received, unless it contains the Returns of every Company in the Regiment.

As the above Capt. Danton's Return is not been received, but as we can collect by other Returns
