My dear Genl.

Your favor in regard to my military history shall be forwarded in a day or two. I have never had time to make this out, as already requested from the Adj. Genl's office in Washington. But I will do so for you, at once.

John S. C. Abbott has written me several times for my history to make an article in his series of "Heroic Men". I couldn't leave the pace to do that, & can scarcely bring myself to brag & brag of my own doings. I will send such official mentions as have been made in regard to my career, with a little elucidation now & then.

By the way, I am at work
too in History making - or
writing rather.

I enclose a circular.
There have been four Maine
Repts. in the 5 vols. - gallant
men all - and I want to
get your Report for 64. in
order to follow up the changes
in their organization &c.

I have your 62. & 63.

The Repts are
