Brunswick Dec. 1. 1865

Dear Genl.

I send you an account which I tried to make brief; but as I have no notion that you intend to make use of it verbatim, I wrote it rather freely. Facts are given, suitable for a statistical report: those that belong to the eulogist are not intentionally at least brought in.

Copies of the commendatory official papers I will forward if they are necessary. I hate to do it.

Thank you for the Postcard.
Yours truly & devotedly
J. L. Chamberlain
