

917
are aware that they
can get an early discharge

Probably no company
had more unfit men
from the Capt. down
than the one from
this section in May 1861.
I understand not one
of the company was
found unfit for service
when it was ordered by
the Surgeon General
to be sent out!

It would return disabled
men so much injured
& to the Surgeon General

I have taken the liberty
to write you ^{that} you may
call the attention ^{to this}
to this

case & that ~~some~~ some
of the State money paid
the had tendency of the
terrible relations of discharged

918
soldiers who have
never seen a battle

I have not enquired
what man interested
Webb but if he belongs
about here, he should
be at once discharged.
For no one here can
be ignorant of the
condition of Webb &
his personal habits,
producing delirium
remens & fits, on
several occasions
since his return
in 1861.

Respectfully
to the
of Gen. of Illinois.

Respectfully
O. C. Call
