## Sargent—Wing.

The wedding bells pealed out merrily on Sunday evening, June 4, when Miss Nettie Agnes, youngest daughter of Mrs. Vesta Sargent, was united in marriage to Mr. Chester Arthur Wing, youngest son of Mr. and Mrs. Morrell Wing, at Reed's Mill church.

The church was well filled before the hour appointed. Exactly at 8.30, the wedding party arrived and marched up the center aisle to the strains of the wedding march played by Miss Carrie Fesse, and took their places beneath an arch of evergreen. The beautiful and impressive double ring service was used. Rev. F. E. Freeze was the officiating clergyman. Mr. Leon Wing acted as best man and Miss Verna Leadbetter as bridesmaid, with little Thelma Sargent as flower girl.

The bride was charming in a gown of white with the bridal veil. The bridesmaid and flower girl were also in white, while the bridegroom and best man wore the conventional black.

The church was beautifully decorated with evergreens, ferns, apple blossoms and potted plants.

## Gordon—Kimball.

The home of Mr. and Mrs. S. W. Gordon of Vienna, Me., was the scene of a very quiet but pretty wedding, June 4, the contracting parties being Mr. Roy E. Kimball and Miss Bessie Gordon, R. v. Mr. Kerney of Mt. Vernon performing the ceremony.

The bride was dressed in a beautiful white muslin and looked very lovely indeed. The groom was dressed in black.

Mrs. Mabel Dunn and Miss Mabelle Davis acted as bridesmaids and Messrs. Cory Dunn and R. L. Kimball stood beside the groom during the ceremony, only the immediate relatives of the bride and groom being present.

After the wedding the party went to the Methodist church where they listened to a long and strongly given talk by Presiding Elder Southey. Mr. and Mrs. J. F. Kimball, the parents of the groom, then gave a very elaborate supper at their home. The happy couple spent the night there and Monday morn-

ing started on a short trip across country by team.

Mr. Kimball is a prosperous young farmer, having one of the best farms in the town of Vienna. He has been in town a little over a year. His former home was in Rangeley.

Mrs. Kimball is a well known and very highly respected young lady throughout this and adjoining towns.

Mr. and Mrs. Kimball have the best wishes of the entire community for a long, happy and prosperous life.

## Obituary.

Mr. Asa H. Lake died at his home in West Freeman, April 16, at the age of 63 years, 5 months. He had been lovingly and untiringly caring for his wife and son, who were sick with the grip, when he was taken with the same and pleurisy set in. He was a great sufferer until death came to his relief.

Mr. Lake was born in Madrid, Nov. 8, 1843. At the age of 23 he gave his heart to God and has maintained a Christian life since. For the last 13 years he has lived at West Freeman and in the church and neighborhood has always manifested a very kindly Christian spirit and will be greatly missed.

Jan. 21, 1868, he was married to Miss Hannah Stuart and to them four children were born two of whom died when small. His wife and one daughter, Mrs. George Willard of West Freeman and son, Bert, who has always lived at home, survive him and will deeply mourn his loss, for he was a kind, devoted husband and loving father. He has also three brothers and one sister living who has lost a very kind brother. We feel a deep sympathy for his family. The wife had been in poor health for a long time and will miss so much the tender care of a loving husband. It is hard to understand the mysteries of God's providence, yet we know he doeth all things well.

The loved ones go out of our homes  
And I aught their places can fill,  
But we think of them in Glory  
Our own dear loved ones still.

We ask the why and wherefore,  
But we ask alas, in vain,  
Until we reach the heavenly city,  
Then God will make it plain.

For we know that his word is true,  
And in it we hear him say,  
"What I do thou knowest not now,  
But thou shalt know some day."

So we bow in sweet submission  
Unto our heavenly Father's will,  
Knowing that tho' he chastens  
He loves his children still.

We take up life's duty as best we may  
Amidst our sorrow and pain,  
Believing that our great loss  
Is our dear loved one's gain.

We miss them oh, so sadly  
As around the house we go  
And look in vain for their dear face,  
How the tears will unbidden flow.

And sometimes so long seems the waiting  
Ere we meet them again once more  
In the beautiful hereafter  
Where parting is known no more.

—R. A. W.

## Eustis.

Miss Alice Durrell from the Ridge is visiting Mrs. Mattie Campbell.

Carroll Lander and wife of Kingfield, who have been visiting in town for the past week, returned home the 4th. While here they went on a fishing trip with his sister, Mrs. Herman Lisherness and husband and his sister, Mrs. George Douglass. They went up to Jim brook fishing and caught over 40 nice trout.

Mrs. Wm. Douglass and niece, Mrs. Bana Savage, are going into Deer Pond Camps to work.

C. S. Sprague and wife have gone to Flagstaff for a short stay. He has taken a job to cut and peel poplar.

Dr. Pennell of Kingfield was called to town June 3 to see Mrs. Mary Lisherness who was taken suddenly ill. She is a little better at this writing.

## West Weld.

Henry Abbott has taken the job to clear the Ranger lot of pulp wood for N. S. Stowell of D. field.

Asa Brown, road commissioner, has a crew repairing the roads in this part of the town.

Mr. H. F. Dexter of Dexter, Me., General state agent for the Empire Cream Separator Co., was at John Snowman's recently.

D. W. Berry of Carthage has a crew repairing the road in No. 6.

Irvin Hutchinson has lately purchased a fine pair of horses.

## LETTER FROM SAM.

Mr. and Mrs. Farrar to Visit  
Maine Soon.

The Pros and Cons of the Oil  
Business Discussed.

ARKANSAS CITY, KANSAS, May 15, 1905

To the Editor of Maine Woodsman:

After quite a severe drought which was affecting the crops severely a bountiful rain with heavy thunder and sharp lightning passed over this section of country which lasted several hours and soaked the ground thoroughly Friday the 12th, which makes everything look beautiful.

House grown strawberries, peas, beans and lettuce are plenty, and new potatoes will be on the bill of fare in two weeks. Wheat is heading out and now looks like a fair crop. Other crops are looking quite well, and with plenty of rain the prospect is good.

A fearful cyclone struck Snyder, a small town 250 miles southwest of here in the territory last week which nearly wiped the town out, and from 75 to 100 persons are reported killed and many more wounded. Also several lesser tornadoes a few being in Kansas none of which were within several hundred miles of this place, probably all of which are reported in the eastern papers.

We received a very pleasant call from Mr. and Mrs. Byron Farrar last week who intend to spend the summer in Maine. They will leave here next Wednesday. A stop in Chicago one day to visit a friend, and thence to New Hampshire where they will visit their daughter about 10 days and arrive in Phillips about the 1st of June. Mr. Farrar has been very successful in business since coming to Kansas. I am reliably informed he cleared \$3,000 on one deal in real estate in this city. It is claimed that real estate has doubled in value here in the last few years, and now with plenty of gas for heating, lightning and manufacturing at about half the cost of coal, and with a fair prospect of another railroad coming from Fort Smith in Indian Territory through the coal fields in said Territory makes it look as if Arkansas City must grow.

In regard to the oil business there is no doubt there are many misapprehensions, many who are not engaged in the business think the whole thing has gone to pieces. But others think differently. Our Rex Co., has six wells which produce 125 barrels a day on an average and have sold no oil for less than 57 cents a barrel so far, which means \$1,600 a month and costs only \$75 for help to care for it a month, only one man, so there is quite a good profit at that price.

Our trouble has been this: The Standard Co. would take only one tank of 250 barrels a week but now will take all we have and since the Kansas legislature has passed laws regulating freight rates so the Standard Oil Co. can have no advantages over others. Independent refineries are being built in many places and when they start up it is thought that the Standard will put the price of oil up to a high price and put the refined oil down to a low price, which they can easily do as they are now building large storage tanks and filling them with crude oil, a scheme which they have always practiced.

Another thing which will confront the Standard is the many uses to which crude oil will be applied that will make an immense market for it. They already have oil burners installed in the Santa Fe railroad engines besides, by extracting the gasoline from the crude oil it can be used to take the place of coal at a less price than coal which will create an unbounded market for the oil. There are quite a number of western states interested in the above matter and the whole country is coming to see the trouble exploitation the Standard Oil company has been taking from all the people in so many ways, sympathizers for that old dragon are scarce as hen's teeth.

There are a great many oil and gas companies organized in Kansas and Indian Territory who have expended large sums of money in developing their leases, encouraged by the Standard Co. who promised they would take all the oil they would produce, then paying over a dollar a barrel, which made it look like a safe investment, but the high prices paid for promising leases and the heavy expense of drilling their

wells necessitated the use of more money than was expected and they were compelled to get in debt or stop developing. They were encouraged thinking their production of oil would soon pay all up.

Next came the falling price of oil until the receipts for all the oil the Standard would take would no more than pay operating expenses and as the stock was non-accessible and no more stock could be sold the only way has been to surrender and lose all the money put in. However, the bigger part of the companies were more cautious, kept out of debt and now only have to wait until things change, which as things look now, will not be very long. It is an old trick of the Standard Oil Co. to run stocks down so as to compel the smaller holders to sell at ruinous prices and then commence buying and run them way up and scoop in another crowd of suckers. In that way they have amassed an enormous amount of wealth and in the same way with oil have run it down to about 12c a barrel at one time and at another time up to over \$2 a barrel and that's what we expect to see again.

There are six states in the oil belt now combined to stop such manipulations and it remains to be seen whether they will be able to do so. If not there seems but one more chance to get rid of them and that is for all the people to own all the trusts.

That a great struggle betwixt capital and labor now exists not only in this country but over the world is true. The labor unions which are none other than a trust are organized in such vast numbers and under the present system cannot be persuaded to surrender their cause and the capitalists are just as persistent in their dominations and taken together the situation seems most uncontrollable and the country is in nearly the same plight as in 1854, when the political parties were divided up into factions on the slavery question and the fight to extend it into the territories. The people were in fever heat over the situation and it was only when Fort Sumpter was bombarded by the rebels that the people were led to see the importance of getting together on a single platform to save our country from destruction and there was but one way to do, which was to lay politics on one side and call the people together in conventions all over the country with the view of forming a new party for the sole purpose of putting down the rebellion and save the government with all its institutions. Everybody knows now this is what was done and the only thing that could be done to save this, the best country in the world.

Now are the people in this country in a similar plight as in 1854, with vast organizations warring against each other, which means a revolution of some kind. Which shall it be, by our ballots, or swords and bloodshed? It is plain to see our politics are defective or we should not be drifting into such conditions. Even the Socialist party, which in its true principles is right, but the way it is talked by many who claim to be Socialist, will never be accepted by a majority of the people who must decide all questions by a majority vote of the whole people.

SAM FARMER.

## Madrid.

The Ladies' circle have a lawn party at the home of Mr. and Mrs. George Stinchfield, Monday evening, June 12. Ice cream and cake will be served.

Repairing the highways is now in order.

Mrs. Rachel Huntington is visiting her daughter, Mrs. Frank Dunham.

Percy Wilber and wife have returned from their visit to Chesterville.

Mrs. Sylvia Wells, almost 90 years old, walked to Mrs. Rachel Huntington's and home May 30.

Lester Rowe and wife were guests of her parents, Mr. and Mrs. Charles Heath, last week.

## "Procrastination

Is the thief of time," but it's more kinds of a thief than if it has to do with advertising in the MAINE WOODSMAN. It goes right down into your till and takes the dollars out. And the longer it operates against you the more you suffer, for all the while the other fellow is getting a stronger hold on the trade you want. Have you given this matter the consideration it deserves?

## Flag Day.

The following circular has been issued to the G. A. R. Posts throughout the state:

With the sunlight of a newborn day Wednesday, June 14, will be the 128th anniversary of the stars and stripes.

The custom inaugurated by proclamation and steadily growing into a general observance of the celebration of the creation of this Emblem of Liberty wrought out by a determined people, now prevails and this day is the banner day of the republic.

Its stripes of red illustrate the blood of freemen shed for freedom from oppression; its parallel stripes of white the purity of purpose. Its stars are brilliant, multiplying as the years pass on which are set in an azure sky covered by the heavens where omnipotence reigns. It is a flag of triumph, crowned with victory, carrying no spoils of war or other trophy of conquest beyond an establishment of unblemished peace.

Every American citizen; every unchained bondman; every being relieved from oppression; every exalted woman; every child of equality, will recognize its mission to uplift the nation above the avarice of mankind.

It floats today through eternal space and as it is lowered at night where the world sleeps it is raised at morn where the world awakes.

It is becoming, therefore, that on this anniversary day, it should fly from every masthead; every steepie; every housetop and as we celebrate the birth of human life with breath untainted or purpose undefiled so should we celebrate the coming into being of an emblem whose life has been untarnished with greed or rapine. As it soars above us we should realize that its wings are not spread in false ambitious flight; its conquests have not been heartless nor tyranny its mission.

Every lover of his country will honor his flag—and no honor can be too great or profuse for our token of peace inspired by the Divine will.

The influence of proper reverence for the brilliant symbol of "Peace and good will toward men" will increase our exaltation as a nation and be a defence against injustice and a warning against trespass.

Let us accept it then as a Seal of Promise, legalizing our birthright as American citizens dwelling together in harmony, brotherly love and family unity.

ALLAN C. BAKEWELL, chief aide in charge of Military Instruction and Patriotic Education in Schools, Grand Army of the Republic.

## Secret Society Notes.

A regular meeting of North Franklin Pomona Grange, P. of H., No. 22, will be held with Blue Mountain grange, Weld, Thursday, June 15, at 10 a. m. Picnic dinner.

The nomination of officers of Sandy River Lodge, No. 115, K. of P. will be held at the next meeting, June 15. The members are requested to be present.

Important business will come before the meeting of Mt. Abram Lodge, No. 65, A. O. U. W., Monday evening, June 12.

## An Inquiry.

MADRID, May 31, 1905.

To the Editor of Maine Woodsman:  
I wish to enquire through the columns of your paper if I may, why the James E. Cushman Post, G. A. R., should allow May 30, the day set apart to decorate the graves of the soldiers, to pass and not a flag brought or sent by them for the yard at Madrid village where are the graves of 14 soldiers. A few of us carried flowers to strew over their graves, but the flag which they defended was missing. It is hoped that such neglect will not occur again but that the flags will be placed on the day that the National department has appointed.

## Thrown From a Wagon.

Mr. George K. Babcock was thrown from his wagon and severely bruised. He applied Chamberlain's Pain Balm freely and says it is the best liniment he ever used. Mr. Babcock is a well-known citizen of North Plain, Conn. There is nothing equal to Pain Balm for sprains and bruises. It will effect a cure in one-third the time required by any other treatment. For sale by Cragin, Phillips; Whitney, Rangeley; Dyer, Strong; Mitchell, Kingfield.

### AMONG THE CHURCHES.

Rev. Mr. Woodward, the new pastor of the congregational church, preached at the Union church. The text was John 1:26, "There standeth one among you whom you know not."

These words were spoken by John the Baptist concerning Jesus. Is it not true that there was always something of mystery about Christ even to those who knew him best? John the Baptist even though he had preached of his coming and had borne testimony to his greatness had yet so little knowledge of his real character that he sent from the place of his imprisonment to ask if he were really the Christ. He had looked for the Messiah to come with conquering arms setting him free from his captors. Even the disciples who were with him through the years of his ministry understood little of his real character. Not until he had been taken away from them, not until they had preached of him for years did they know his real mission. He was with them often an unseen presence. When Mary hastened to his tomb she saw, as she thought, the gardener standing by and she asked him to tell her where he had carried the body of her Lord. Not until she heard her name spoken "Mary" in tones that she recognized did she know that Jesus himself and not the gardener stood before her. Until that word was spoken he had been to her an Unseen Presence.

The disciples walking on the road to Emmaus talked with a traveller by the way. He went with them to their home a wayfarer whom they had asked to partake of their hospitality. As he broke the bread their eyes were opened, and he who had been an Unseen Presence they saw in their guest.

Again they had been toiling all night fishing and had taken nothing. A stranger spoke to them from the shore telling them where to cast their net, but only when Peter, drawing his fisher's coat about him, cast himself into the sea, to hasten to the one upon the shore did they see him who had been watching near them perhaps all the hours of the night an Unseen Presence.

Is it any wonder that we fail sometimes to recognize the Presence that is with us, when even the disciples so often failed to see him.

Yet he is with us. That knowledge has upheld and strengthened many a one. Stephen led forth to a cruel death saw revealed the One who strengthened him and he was able to pray even for those who falsely accused him and caused his death.

It was this presence, to many unseen, that enabled the apostle Paul to bear the hardships and persecutions that filled his life. First revealed to him at the time of his conversion as he was on the way to Damascus he was always conscious of the Presence. He knew it was by his side as he took his long journeys preaching Jesus Christ and his resurrection. When the Athenians mocked at his message, when he fought for his life with the wild beasts at Ephesus, when he took command of the ship in the panic of storm and wreck that Unseen Presence was his strength and stay. Years after there walked out from Rome along the Appian way a man frail and old. With him were guards bearing the bundle of rods that should be broken across his bleeding back before the ax should mercifully fall in the last stroke directed against his quivering body. They wondered at the calmness and joy in the face of the man walking forth to his death. They did not see the Unseen Presence walking with the aged prisoner along the Appian way. But that Presence was the source of his courage, his strength, his faith and his joy. Today there are souls upheld by the same Presence. There are lives into which have come sorrow, disappointment and temptation. Grief has well nigh overwhelmed them. Yet they walk the way of life victorious. The Unseen Presence is their companion. If we look back over the history of the world we shall see much accomplished through the power of this Presence.

Let us go in thought to the Coliseum of Rome. A stupendous ruin, it marks the most wonderful of structures erected by human hands save perhaps the Pyramids. Here thousands looked down from the galleries of the spectators upon gladiators struggling with one another in the amphitheatre, upon Christians brought in covered with pitch and burning for their amusement, upon men fighting with wild beasts. Now as you sit and watch the moonlight quivering among the broken columns over the vacant amphitheatre, you know that no longer in Rome, no longer in any civilized country do gladiators fight in the arena. The Unseen Presence forbids it.

Go down into a coal mine in some parts of England. As you talk with the guard standing by the shaft he can tell

you of a time when deep in these underground passages little boys and girls, children, sat all day in the terrible darkness to open the doors for the passing of the coal cars; when half naked women pushed the cars along these passages. Today no child and no woman is leading this dreadful existence. Why is it? An Unseen Presence has moved through the land and his power has changed these things. It was the same Unseen Presence that broke the bonds of the slaves in our own country.

You question whence the power and inspiration of lives like those of Harriet Beecher Stowe, of Wm. Lloyd Garrison, of Charles Parkhurst who dealt such a powerful blow against the Tammany power in New York, of Joseph W. Folk of Missouri who has made the greatest fight ever witnessed against political corruption. It is the Unseen Presence. These all are Christians and they know the Presence.

Matthew Arnold has said that there is a great uplifting force in society. He does not give its name, but it is this Unseen Presence. To this is due the onward march of our civilization. Look upon the countries where the name of Christ is unknown. The ancient civilizations of Assyria and Babylon were without this uplifting force. The civilizations of the east witness to their lack of it. The power of the Unseen Presence has not permeated their society. To look upon these lands is sufficient to find the most pronounced pessimism. But the heart rejoices over the altruistic tendencies of lands when the Presence is known.

I went one day recently to the Bath shipyards where are being built a cruiser and a battleship. I was shown great plates of steel half an inch in thickness which were to encase the vessels. I was shown machines which cut this steel as readily as you cut with the shears that you take in your hand pasteboard or cloth, machines which cut holes for riveting these plates as easily as you can put holes in the thinnest slice of cheese.

There is a power that is able to achieve things to man impossible. A power able to lift society from sin and degradation. A power able to make our civilization higher and nobler. A power able to lift every individual above the despair of grief and loss, to inspire with noble purposes and to strengthen for their accomplishment. It is the Unseen Presence and it stands among us.

#### Christian Endeavor Notes.

The C. E. consecration was led by Miss Emma Timberlake and treated the subject of helping one another.

The service next Sunday will be led by Mrs. Bernice Hardy. The topic is, "Not ashamed of the Gospel." Reference, Rom. 1, 13 17.

#### Letter to W. L. Nelson, Phillips, Maine.

Dear Sir: You want a cheap job of paint for a cheap house, don't you?

It's Devoo. It's the regular thing in Devoo; there's nothing, in all paint, so cheap as Devoo.

Oh, yes, you can paint with mud; but that isn't paint; you want it to look about right for a month or two.

Paint Devoo; can't do it for less; there's nothing so cheap; say nothing of wear; there's nothing so cheap as Devoo. It goes so far; save gallons; no matter about the price, save gallons. A gallon of paint, put-on, costs \$4 or \$5; save gallons.

Devoo is your paint; save gallons; Devoo is your paint.

Yours truly

#### Lowell Artist Visits Phillips.

Mr. John I. Coggeshall of Lowell, who has been visiting his friend, Artist A. S. Pratt in Phillips, is an artist of renown. In a copy of the Boston Sunday Post of December, 1904, we clip a few extracts from an extended article on his trip to Tangier, the city of the Moors:

Mr. Coggeshall's trip abroad was primarily for the purpose of getting material for a historic picture of a great sea fight that occurred in 1800, at the time when the French were preying upon American commerce. This battle, recorded in Coggeshall's history, took place between three pirate ships flying the French flag and an American vessel. During the action the captain, an American was killed and the mate, a Nantucket man named Randall, took charge and finally drove the French vessels to flight with tremendous loss.

The Lowell artist, on his way to the east last year during the early summer, spent three weeks at St. Michaels in the Azores, devoting himself to nature scenes there. From thence he sailed to Italy, visiting Naples, Genoa, Venice, southern Spain, Gibraltar and finally going across to the city of Tangier in Morocco, where he spent a number of weeks painting nature pictures among the Moors and filling many pages of his diary with impressions and incidents in the city of the modern African Sultan.

Upon Mr. Coggeshall's arrival in Tangier he was fortunate enough to get acquainted with two young Englishmen employed in the service of the Sultan's army. The Kaid of Morocco, instructor in the Sultan's army, is an Englishman named McLain, and it was he who brought Mr. Coggeshall's two English friends to Tangier as his assistants. Mr. Coggeshall met these two gentlemen and by means of their assistance secured access to the palace of the young Sultan, who received him with exceeding graciousness and gave the painter permission to sketch his (the Sultan's) picture, as he sat mounted upon one of his superb Barbary steeds.

During Mr. Coggeshall's stay in Tangier he boarded with a Scotchman named McLain who had married a Moorish lady and through the friendship of these two, the Lowell man was enabled to learn much that foreigners often fail to acquire regarding the manners and customs of the Moors.

Outside the gates of the beautiful white walled minareted city, desertward, Mr. Coggeshall secured one of the most admired and interesting sketches abroad—a picture which he has since put upon a large canvas. The picture represents the halt of a caravan at sunset about four miles from Tangier when it was found that it would be too late to get inside the city's gates before they were closed for the night.

Mr. Coggeshall's description of the Tangier prison is quite at variance with many of the stories that have been reported regarding this reputed dungeon of Hades.

During his stay in Tangier Mr. Coggeshall visited many of the picturesque points outside as well as within the city and upon his return home he brought half a hundred pictures sketched and painted by himself and drawn from the actual scenes and places which he had visited.

Last week, in the Central building at Lowell, his private exhibition of these and other nature pictures of New England and foreign scenes proved one of the most successful of its kind that has ever been given in that city.

On Wednesday and Thursday, Dec. 21 and 22, the sale of his 101 pictures now on display will take place. Following this sale the artist, together with his wife and daughter, will sail for Tangier, where Mr. Coggeshall intends to take residence with the purpose of putting upon canvas many more of the interesting eastern scenes of this picturesque Moorish city and its environments.

Born in Massachusetts, Mr. Coggeshall received his first inspiration to love and depict beautiful nature pictures from his early surroundings among the Catskill mountains, where his father owned a large fruit and dairy farm.

When a boy of 15 he became an apprentice to a wood engraver in Boston, and a little later began to illustrate in wood and to paint from nature in Lowell.

In 1878 he made his first trip abroad, going to England, where he began sketching and painting. Already a number of his pictures have found a place in the collection of connoisseurs in nature scenes and from the rapid strides which he has made during and since his return from his last trip to Venice, Spain and Morocco a notable position among the nature artists of the country is being predicted for him.

#### West Freeman.

Memorial day has come and gone Tender and sad and full of pathos are the memories it awakens as we watch the gray-haired veterans with halting step decorate the ever increasing number of graves of their comrades who have answered the last roll call, while their own ranks are yearly growing less. It seems but a few years ago when they were, many of them, rosy-cheeked, beardless boys eagerly donning their uniforms and marching forth to fight their country's battles and what they endured on battlefield and in prison pen no tongue can tell. It is well to teach the rising generation to hold sacred this day set apart to the memory of these brave defenders of our country and to give due honor and reverence to the remnant with us who will so soon pass on to join their comrades in the silent city of the dead.

Farmers are nearly done planting but the weather continues cold and frosty.

Mrs. Susie R. Jones of Minnesota who has been spending the winter with relatives in Rangeley is visiting her cousin, Mrs. I. P. Savage.

Mrs. Catherine Averill called on her aunt, Mrs. Emma W. Hamblet Sunday.

Mr. and Mrs. Cowan took dinner at Summer Lovejoy's and attended church here Sunday afternoon.

We asked the cream collector the other day what the news was on his route. He replied, 'there was a pair of twin boys born in Phillips this morning. "That's good," we exclaimed. "Hope they will live to grow up and have their pictures in the MAINE WOODSMAN.

Bert Lake started Monday with a load of baskets to supply the farmers en route.

Rev. Mr. Freese occupied the pulpit last Sunday and preached a most excellent sermon to the young (we are all young despite our gray hairs) from the words in Genesis xiii, 12, "And Lot dwelled in the cities of the plain and pitched his tent toward Sodom." The necessity of making a right choice was the theme.

Miss Sumner Savage of Temple and Miss Myra Butts of Kingfield have gone to Tim pond to work for the summer.

Billy Bucannon is going to drive backboard for Harry Pierce at King and Bartlett this summer.

George Hennigar got a bear in a trap recently. John Day also shot one the 19th across the river in his pasture.

Payson Lisherness and Wayne Fletcher have taken a contract to cut and peel 300 cords of poplar across Flagstaff pond.

### INTERESTING LETTER WRITTEN BY A NOTABLE WOMAN

Mrs. Sarah Kellogg of Denver, Color Bearer of the Woman's Relief Corps, Sends Thanks to Mrs. Pinkham.

Mrs. Sarah Kellogg

The following letter was written by Mrs. Kellogg, of 1628 Lincoln Ave., Denver, Colo., to Mrs. Pinkham, Lynn, Mass.: "Dear Mrs. Pinkham: For five years I was troubled with a tumor, which kept growing, causing me intense agony and great mental depression. I was unable to attend to my house work, and life became a burden to me. I was confined for days to my bed, lost my appetite, my courage and all hope. "I could not bear to think of an operation, and in my distress I tried every remedy which I thought would be of any use to me, and reading of the value of Lydia E. Pinkham's Vegetable Compound to sick women decided to give it a trial. I felt so discouraged that I had little hope of recovery, and when I began to feel better, after the second week, thought it only meant temporary relief; but to my great surprise I found that I kept gaining, while the tumor lessened in size.

"The Compound continued to build up my general health and the tumor seemed to be absorbed, until, in seven months, the tumor was entirely gone and I a well woman. I am so thankful for my recovery that I ask you to publish my letter in newspapers, so other women may know of the wonderful curative powers of Lydia E. Pinkham's Vegetable Compound."

When women are troubled with irregular or painful menstruation, weakness, leucorrhoea, displacement or ulceration of the womb, that bearing-down feeling, inflammation of the ovaries, backache, flatulence, general debility, indigestion and nervous prostration, they should remember there is one tried and true remedy, Lydia E. Pinkham's Vegetable Compound at once removes such trouble.

No other medicine in the world has received such widespread and unqualified endorsement. No other medicine has such a record of cures of female troubles. Refuse to buy any other medicine.

Mrs. Pinkham invites all sick women to write her for advice. She has guided thousands to health. Address, Lynn, Mass.

Health is too valuable to risk in experiments with unknown and untried medicines or methods of treatment. Remember that it is Lydia E. Pinkham's Vegetable Compound that is curing women, and don't allow any druggist to sell you anything else in its place.

Wedding Announcements.

MAINE WOODSMAN has recently purchased a lot of new type especially for Wedding announcements and invitations.

This new outfit is of the best that is made, has increased our wedding business materially and we appreciate it.

To still further call the attention of the public to this department of our printing, we have decided to offer to all newly married couples who have their wedding announcements printed at the MAINE WOODSMAN office, a free subscription to MAINE WOODS and MAINE WOODSMAN for one year, free of charge.

We have a neat line of samples to show customers and invite them to call.

dressed to the selectmen, asking that all stores be kept closed on Sunday. It is understood that the selectmen have granted this petition. Another matter that has been talked up a little of late relates to issuing an ordinance prohibiting Sunday fishing. This may never result in anything final, however, as the general sentiment, while not exactly concurring with fishing on the Sabbath, yet is not so much down on the idea where it is carried on in a quiet respectable manner.

Considerable complaint is being made by the fishermen regarding the sawdust being thrown in the streams by mill men. In a brook or river choked by sawdust the fishing is always poor, they say.

Fishing is good on the Carrabassett river this spring, June being the particular month when the fish bite well in these waters.

Mr. and Mrs. A. M. Lander and Mr. and Mrs. Embert Hennigar spent Sunday with O. C. Dolbier and children at Tufts pond. During the day Mr. Hennigar got a 2 pound trout and Mrs. Lander a good one as well. All in all the day was one long to be remembered.

Frank Whitchoer and family of Massachusetts are here with friends on a fishing trip. They will come again in September for the hunting.

Mr. F. S. Hunt returned Monday night from a business trip to Massachusetts.

Mr. and Mrs. Parker are in Philadelphia, their former home, where they will spend the summer.

A new tin roof has been put on French's hall.

Mr. F. A. Crossman is busily engaged this week getting out the lumber cut by Boynton & Dutton about four miles from this village. The lumber is taken to the Hudson Lumber Co.'s mill, where it is sawed on order.

Mr. and Mrs. Brown of Lowell are here on a fishing trip. Mr. Brown is a prominent manufacturer of hosiery in Lowell and has been a regular visitor to this section for the last 15 or 16 years.

Mr. Farrar of Lowell is visiting his friends, Mr. and Mrs. Perkins of the Kingfield House.

Messrs. Orris Vose and O. C. Miller have returned from a successful fishing trip to Spring Lake.

Mr. and Mrs. Frank Stanley and Miss Happie Vose had a delightful automobile ride to New Port and Sunday.

Our obliging postmaster, Mr. George Winter, was tendered a surprise party on the evening of May 30, by numerous friends, it being the anniversary of Mr. Winter's birthday. As will be readily imagined a very pleasant evening was spent with games, music and sociability, during which in the name of the assembled company Mrs. A. G. Winter presented the host of the evening with an elegant silk umbrella. After the first shock of surprise Mr. Winter rose to the occasion and in eloquent words thanked one and all for the beautiful gift. About this time toothsome refreshments of ice cream and cake were served and then with many pleasant wishes to Mr. Winter the company dispersed to their homes. Those present were: Mr. and Mrs. F. B. Hutchins, Mr. and Mrs. R. C. Huse, Mr. and Mrs. F. A. Crossman, Mr. and Mrs. E. P. Woodard, Mr. and Mrs. W. B. Small, Mr. and Mrs. A. G. Winter, Mr. and Mrs. H. G. Winter, Mr. W. D. French, Miss a Mabelle and Abbie Simmons, Lelia Hunnewell, Helen Hall, Susie Stanley, Happie Vose.

Rev. Miss Selden of Canton will preach at the Universalist church next Sunday.

Mr. and Mrs. C. O. Wilkins and Mr. and Mrs. G. W. Richards are attending the Universalist State convention in South Paris this week.

Mrs. F. J. D. Barnjum of Melrose is here for the summer.

Mr. and Mrs. Geo. Southerland will soon return to their former home in Lowell.

Mr. J. B. Folsom and daughter-in-law, Mrs. Stephen Folsom of Markesan, Wis., formerly of this place, are here visiting old friends. Monday morning Mr. Folsom, Mrs. Folsom, C. B. Hutchins, Jr., and Mr. and Mrs. Carroll Butts took a fishing trip up the Carrabassett.

Mr. Warren Vose is critically ill with his old trouble.

Mrs. Fred York was operated on Sunday by Drs. Bell and Pennell.

Mrs. Davidson has a severe attack of erysipilas in her face.

Mrs. Isaac Durrell is quite ill we are sorry to note.

Mildred Winter, the little daughter of Postmaster Geo. Winter, has been quite ill.

Dr. O. W. Bell and Winthrop Vining of Strong called in town Sunday.

Mrs. Joshua Jackson is quite ill and it is feared that she has diabetes.

Messrs. S. J. Wyman, A. R. Thurston, E. L. Pennell and L. L. Mitchell have returned from a fishing trip to Tufts pond.

Mr. Archie Haley called in Farmington Monday.

Our Appreciation.

Words cold in sober type or even warm upon the lips are wholly inadequate to our purpose. The best things of life can never be paid for; they are infinitely above any commercial estimate. The only return that can be made is in token of a like order and such is the intention in these few words.

We wish to extend to those who helped in any way to make the concert given in memory of our little Phillip, so eminently successful, our heartfelt thanks.

Without being invidious mention may be made of Mr. F. C. Worthley, director of the chorus, to whose untiring energy, patience and zeal the success of the concert is largely due. Miss Mabelle Tarr, a senior in the Farmington Normal school and a reader and impersonator of exceptional taste and ability rendered several selections which won for her the appreciation of all present. "Bells of Memory," dedicated to our baby, must ever remain sacred in our thought. Miss Annie Howard, who rendered the solo part touched the hearts of all with the sweet and tender pathos of her beautiful voice.

Rev. Mr. Hall and Mrs. Hall have been abundant in labors for the complete success of the concert. We wish to express to each and everyone who helped in this token of love and sympathy, our warm appreciation. We would gladly name each of the many who participated in the chorus or aided in some way, but space will not permit, so we thank you all again and again. The work done in this concert places the Strong chorus easily among the best in the state of Maine.

Beyond any expression of sympathy for Mrs. Howard and myself there is evident here a deep and tender sympathy with all who sorrow or mourn. This speaks much for the keen moral sense and delicacy of feeling of the people of Strong and vicinity who aided in the concert. The spirit of the people, the selections given, in fact everything on the program was in thorough harmony with the loving spirit of the little one whose loss we feel so deeply.

But he is not lost—only gone before. When we see the King in his beauty then shall we know that our baby lives on with him who is the resurrection and the life. We know it now by intuition and faith—then it shall be revealed in glory.

Once more we thank you all. MRS. GEO. C. HOWARD, REV. GEO. C. HOWARD. Livermore Falls, June 5, 1905.

Weld.

Sunday, May 21, Wm. A. Sanborn and Miss Clara F. Buker, both of Weld were married by Orletus Phillips, Esq.

Wallace Conant has arrived to spend the summer. He brought a tent with him intending to "camp out" part of the time.

Scott Swett has bought Abial Jones's blacksmith shop at Wilton and has installed himself in Mr. Jones's place. Mr. Swett will probably move his family to Wilton sometime during the summer.

The members of the Union church have had another meeting and decided to keep Mr. Brown until some other provision is made.

A subscription paper is in circulation to obtain funds to hire a congregational preacher for six months or a year. Nearly \$300 had been raised several days ago.

There were two ball games in town Memorial day. One between the Weld team and the Dixfields in which the Dixfields won the day 7 to 2. The other was between the High school boys and the Grammar school from Wilton. The High school team won 11 to 4. This makes a game a piece.

Henry Swett recently caught, from Lake Webb, a salmon weighing 6 1-2 pounds.

Frank Newman spent a few days in Phillips recently.

Orletus Phillips began last week to make three trips per week on his cream route instead of two.

The ninth Annual Re-union of the Weld club, Massachusetts chapter No. 1 will be held with Mr. and Mrs. D. F. Holt, at Oakland hall, corner of Oakland and River streets, Mattapan Square, Mattapan, Mass., June 10, 1905. Take Mattapan electric car at North and South Union Station, or at Dudley Street Transfer Station or steam cars from South Union Station. Kindly notify Mrs. Holt as early as possible if you intend to be present. "Basket picnic."

Paint Your Buggy For 75c, to \$1 with Devoe's Gloss Carriage Paint. It weighs 3 to 8 ozs. more to the pint than others, wears longer and gives a gloss equal to new work. Sold by W. A. D. Cragin, Phillips.

Freeman Valley.

Albert Huff, wife and little son, Roy visited at Lizzie Thompson's last Sunday.

Clyde Durrell is on the gain, his many friends will be glad to learn.

Albert Huff picked ripe strawberries way 26. They will be quite plenty in the near future.

Mr. and Mrs. Charles Tarr of Farmington visited their relatives and old friends in Freeman last week, their first visit for several years.

Rev. D. H. Cowan and wife visited in West Freeman last Sunday.

Melvin Huff and Alfred Tash took a trip to Salem last Saturday night.

Several from this vicinity spent Memorial day in Stroug. The Grand Army ranks are growing thin and the steps are growing slow. Almost every year shows some new grave to be covered with flowers.

Mr. and Mrs. Marshall Taylor visited Mrs. Taylor's sister, Mrs. Ed Brackett and family in Salem last Sunday.

North Phillips.

Mr. Leroy Hinkley intends moving his family to Wilton where he expects to have mason work until cold weather.

Mr. W. E. Hinkley, who is at work in Rangeley, drove out last Saturday and spent Sunday with his family. He was accompanied by Mr. N. Ellis of Rangeley.

Mrs. Charles Barden and daughters, Cora and Hortense of Kingfield were the guests of Mrs. Ernest Rowe the past week.

Mrs. Frank Harnden and Mrs. Carroll True visited Mrs. Edith Hinkley one day recently.

Mr. and Mrs. Harry Harnden, Mr. and Mrs. Albert Sedgely and Mr. and Mrs. Elton Davenport were the guests of Clinton Harnden and mother one day recently.

The New York World.

THIRCE-A-WEEK EDITION. Read Wherever the English Language Is Spoken.

The tickets are now made up and the most interesting Presidential campaign the United States has known since 1890 has begun. And it is the most important, too.

Which will it be, Parker and Davis or Roosevelt and Fairbanks? Nobody knows yet but The Thrice-a-Week World will tell you promptly, fully and truthfully every movement of a hot and thrilling campaign. The real newspaper now prints facts rather than hopes, and it has always been the effort of The Thrice-a-Week World to tell the thing that has happened exactly as it happened. Thus you can judge for yourself and form your opinion.

There is also a great war going on in the East, where The World has a brilliant staff of correspondents in the field, and their reports are found regularly in the columns of The Thrice-a-Week World.

The Thrice-a-Week World's regular subscription price is only \$1.00 per year and this pays for 156 papers. We offer this unequalled newspaper and MAINE WOODS and MAINE WOODSMAN together one year for \$2.25.

The regular subscription price of the two papers is \$2.50.

The Maine Woodsman.

Because fabulous sums are spent in advertising, some merchants think that it costs a fortune to keep any business before the public. They do not stop to think that advertising space can be bought like cloth or lard or soap—in any desired quantity, as one's business may demand. The man who is selling cigars from a small stand on the corner doesn't need as much space as a department store. But the proper space is just as essential to the best results in his business as is the big store's big ad. It doesn't cost much to buy a small space in the MAINE WOODSMAN—a space that is suitable for an unpretentious business. And, after all, it's not the size of the space, but what you put in it that counts. Start off with a little space and use it well and you'll need a big one by and by.

Terms of Supreme Judicial Court, the first Tuesday of February, third Tuesday of May and fourth Tuesday of September. Terms of Probate Court, the third Tuesday of each month. Regular sessions of County Commissioners Court, last Tuesday of April and last Tuesday of December.

Dallas Plantation. Dana Hinkley and his brother are staying at Mrs. Alf Brackett's while their mother is cooking at Redington, where she will remain during the summer. Miss Grace Dunham visited friends in Phillips one day last week. Mrs. Elias Brackett is working at Mr. Hoar's for a few weeks. Mrs. Maggie Skofield visited friends in Phillips last Tuesday. Harry Hinkley and Hal Ellis went fishing one day last week. Mrs. Ruth Bubier of Hudson visited her brother, William Oakes, one day last week. Alf Brackett is working for Chas. Adams for a few days. Frank Pepper is working at Bald Mountain Camps for a few weeks.

Reed's Mill. Mr. and Mrs. Geo. Stinchfield will give a lawn party on Monday evening, June 12, for the benefit of the Ladies' circle. Ice cream and cake will be sold. H. H. Hathaway is visiting friends in Wilton. Mrs. Geo. Stinchfield is suffering from a bad cold and neuralgia. The schools in the Dunham and Sargent schoolhouses are progressing finely, the former under the instruction of Miss Verna Leadbetter and the latter with Miss Alice True as teacher. We have some new neighbors just moved in and some more are coming—about 30 Italian workmen who are to work on the gravel train. The road is to be graveled and put in first class condition.

Canaries and Cats. Phillips cats have queer names. Rags, Tags, W. ich, Tother and Whereas are some of the samples. Cats are usually dangerous where canary birds are kept, but we heard the other day of a Phillips lady who had a cat that was "brought up with the bird," so there could be no trouble. One day the lady entered the room where the bird was, just in time to see the cat swallow the bird's head. The lady rescued the bird's body, wrapped it in a silk handkerchief and kept it. The body became mummified and remains to this day, wrapped in the silk handkerchief, "lying in the sewing machine drawer."

Children's Spring Tonic. After a long winter the children's blood flows sluggishly, the bowels are irregular and the channels of the body clogged. This is the chance for which disease has been lying in wait. No time should be lost in cleansing the blood and regulating the stomach with good spring medicine. For children's ailments nothing equals Dr. True's Worm Elixir. A few doses will expel worms, if any, and tone up the whole system. A better spring medicine cannot be found. Twenty thousand bottles sold in March alone. Price, 35c at all druggists.

RANGELEY NEWS NOTES.

Special correspondence to Maine Woodsman. RANGELEY, June 6, 1905. Miss Sadie Pickens returned from Hebron academy Saturday for a few days. Mr. and Mrs. Harry Brown of Phillips spent last week in town with Mrs. Brown's relatives. Miss Prudence Richardson returned to Kennebago Saturday. A new organ has been purchased for the schoolhouse and Mr. H. L. Bradford, the High school teacher, will give an entertainment next Saturday evening at Furbish hall to obtain funds to pay for the new organ. The entertainment will be worth attending and the object is a worthy one. The fishing has been very good for the past week and some fine catches made by a number of the town's people. Mrs. H. A. Look is visiting friends in Portland, Vinalhaven and other places and will be absent nearly a month. Capt. F. C. Barker was in town last week to attend the wedding at the Rangeley Lake House. There were several frosty nights last week. L. J. Kempton made a business trip to Kennebago last week. Much needed repairs are being made on the roads outside of the village. A little child of Nathan Ellis is sick with pneumonia. The remains of Mr. Vinton Nile of Rumford Falls were brought to this place Wednesday of last week for interment. Mr. Nile was the youngest son of Mr. Luther Nile who was formerly a resident here. He was a promising young man, a graduate of Hebron academy and one of the first in his class. He was in California for his health at the time of his death. There will be a minstrel show Saturday night for the benefit of Rangeley High school.

Lamb--Darrah. Thursday, June 1, at 12 m., at the residence of Mr. Wm. Lamb of Rangeley, his daughter, Nellie Inza, was united in marriage to Mr. Albert Darrah of Richmond. The ceremony was performed by Rev. E. H. Prescott in the presence of the bride's relatives. In the evening a reception was given the bridal pair at the residence of Mr. Lamb. The parlor was very prettily decorated for the occasion with evergreens, apple blossoms and foliage plants. The bride wore a very becoming reception dress of blue silk and wore white carnations. She also carried a beautiful bouquet of the same. The guests were presented by Mrs. H. A. Look, Mrs. E. H. Prescott and Miss Georgia Esty. The evening was passed very pleasantly by those present, who were all intimate friends of the bride. Mrs. F. E. Russell furnished piano music during the evening which was enjoyed by all. Mr. H. L. Bradford sang two solos and Mrs. George Dow gave several readings. Refreshments of ice cream and cake were served the guests by Mrs. H. A. Dennison and several assistants. The presents received by the young couple were numerous and very beautiful. Mr. and Mrs. Darrah will spend a short time at Salmon Lake and other points of interest in this region, after which they will make their home in Richmond. A new line reputation chocolates from 20c to 80c per pound. Call and try them. We shall carry from now on a full line of fruits and fresh fish. Leave your orders with us. Goods received daily from Portland and Lewiston markets. Neal, Oakes & Quimby.

No Bitter Feeling. Tomson—Didn't it make you furious to think that bunco steerer succeeded in getting the last few thousand of that cranky old aunt of yours? Jonson—No, we think he rather got the worst of it. You see, in order to get it, he had to marry her.—Detroit Free Press. Defined in Confidence. Little Willie—Say, pa, what is a remote period? Pa—A remote period, my son, is the period due at the end of your mother's remarks. Remember, however, I am giving you this explanation in strict confidence.—Chicago Sun. Excels His Teacher. Miss Pert—What an intelligent little thing your dog is! Cholly—Yaas; I taught him myself. "The idea! It seems impossible!"—Philadelphia Ledger.

A Phillips Woman Asks have you a floor paint that will last two weeks? Yes we have Devoo's; it has a beautiful gloss and will wear two years if properly applied. W. A. D. Cragin.

Temp.

Bert Mitchell is sawing wood in the north part of the town with his gasoline engine. Mrs. Wm. Brackley is boarding at Mrs. Cony's for the present. Mrs. Brackley has been in feeble health for some time past. Mr. Fred Mosher has purchased the William Collins farm and will move there this summer. Mr. Collins and family will return to Rangeley. John Ranger bought a cow recently of Wm. Collins. Rev. Chas. Woodcock held an open air meeting Sunday at 4 p. m. in the yard of Chas Guild. It was quite largely attended and Mr. Woodcock's talk was much enjoyed by all present. Mr. and Mrs. John Ranger and Mr. and Mrs. Hartland Ringer spent Sunday in New Vineyard. The friends of Clinton Wright are glad to see him in town for a short stay. The farmers welcome the much needed rain as the grass is looking like a light hay crop. Mrs. C. T. Hodgkins, also the other village people are much enjoying a new piano which Mr Hodgkins has recently added to his home. The telephone is still progressing on the Intervale, as the posts are nearly set and the wire ready to be put up.

DISEASE AMONG SOLDIERS.

Hundreds Die in Hospitals Where Comparatively Few Perish on the Field.

From the standpoint of a humanitarian and a lover of his kind, it was to me, says a writer in Outlook, a positive delight to visit that great series of hospitals, from Tokio to Sasebo, with their long wards filled to overflowing with wounded, suffering soldiers, the legitimate victims of war, their faces full of health and hope, despite their fearful wounds in the long, hard campaigns of five or six months in Manchuria, their chief desire to know how soon they could rejoin their comrades, and to contrast them, in memory, with the vivid picture of the poor, wan, emaciated and almost helpless faces that crowded the wards of our hospitals in Cuba and Porto Rico, in Tampa, Chattanooga and Camp Alger and Montauk Point, in 1898, and in the Philippines in 1899-1900—the innocent, unwounded, and illegitimate victims of another conflict, which in comparison with the one now waging, would be considered no more than a skirmish among outposts. If wars are inevitable, and the slaughter of men must go on (and I firmly believe that wars are inevitable, and that most of them are ultimately beneficial), then let our men be killed legitimately, on the field, fighting for the stake at issue, not dropped by the wayside through preventable diseases, as they were in the Spanish-American war—1,400 for every 100 that died in action. It is for the 1,400 poor fellows who are sacrificed, never for the 100 who fall gallantly fighting, that I offer my prayer.

Duration of Life in Europe. Of European nations the Norwegian and Swedish are the longest lived, and the Spaniards the shortest. According to a foreign statistical concern recently issued, the average duration of life is as follows: Sweden and Norway, 50 years; England, 45 years and 3 months; Belgium, 44 years and 11 months; Switzerland, 44 years and 4 months; France, 43 years and 6 months; Austria, 39 years and 8 months; Prussia and Italy, 39 years; Bavaria, 36 years, and Spain, 32 years and 4 months.

OLD-TIME ELECTIONEERING.

Description of the Way Politicians Operated More Than a Hundred Years Ago. The candidate's trick of kissing the babies to gain votes is not a new thing. The determined candidate of the eighteenth century was as deeply interested in all members of a voter's family as he is to-day, says Youth's Companion. In William Cowper's "Letters" may be found a description of the way things were done more than 100 years ago. We were sitting yesterday at dinner, the two ladies and myself, very composedly and without the least apprehension of any such intrusion in our snug parlor, one lady knitting, another netting, and the gentleman winding worsted. Suddenly, to our insupportable surprise, a mob appeared before the window. A smart tap was heard at the door, the boys halloed, and the maid announced Mr. Grenville. Candidates are creatures not very susceptible to affront, and would rather, I suppose, climb in at the window than be absolutely excluded. In a minute the yard, the kitchen and the parlor was filled. Mr. Grenville advanced toward me, shook me by the hand with a degree of cordiality that was extremely seducing. As soon as he and as many more as could find chairs were seated, he began to open the intent of his visit. I told him I had no vote, for which he readily gave me credit. I assured him I had no influence, which he was not equally inclined to believe. Thus ended the conference. Mr. Grenville squeezed my hand again, kissed the ladies, and withdrew. He kissed, likewise, the maid in the kitchen, and seemed, upon the whole, a most loving, kissing, kind-hearted gentleman.

Nice Way to Treat a Guest.

Fred—What! Fight a duel on account of a woman? No, sir! If I caught a man flirting with my wife I'd invite him to come over for a day's shooting—just as I've invited you—and then, if an accident were to occur— John—Good gracious! I hope you don't suspect me?—Stray Stories.

trouble of eight or ten years' standing. I suffered the most severe backache and other pains in the region of the kidneys. These were especially severe when stooping to lift anything, and often I could hardly straighten my back. The aching was bad in the daytime, but just as bad at night, and I was always lame in the morning. I was bothered with rheumatic pains and dropsical swelling of the feet. The urinary passages were painful, and the secretions were discolored and so free that often I had to rise at night. I felt tired all day. Half a box served to relieve me, and three boxes effected a permanent cure."

A FREE TRIAL of this great kidney medicine which cured Mr. Justus will be mailed on application to any part of the United States. Address Foster-Milburn Co., Buffalo, N. Y. Sold by all dealers; price, fifty cents per box.

STRONG, June 6, 1905.  
Rah! Rah! Rah! Strong High school! And the boys of the above institute of learning, as well as their numerous friends of the gentle sex, made the airing Saturday afternoon when in a whirlwind finish the Strong boys defeated the Farmington High at ball to the tune of three to two.

Don't say a word but it was the best game ever seen on the Strong baseball grounds and the boys of the Strong High school played like Trojans to re-

deem their reputation, succeeding better than their best friends thought they could. For it is a well-known fact that the Farmington High play great ball and a team that beats them has got to "go some." But our boys truly went some!

To describe the game in detail would mean lots of space and great power of description. Suffice to say the game was characterized by brilliant plays by nearly every member of the Strong team, the Farmington boys not being idle in the meantime.

In this game Verne Richardson distinguished himself as a pitcher, but this might have been partly due to the good work done by Alphonzo Luce, Esq., "Snap," behind the bat. The out fielders were hot potatoes, especially Frank Simpson, Ralph Worthley and Roy Lewis. The way the basemen froze on to all balls coming their way was indeed a caution and we are prone to say that short stop "Jake" Richardson was all there all the time.

From the first things went merry as a marriage bell with the Farmington boys in the lead. Then along towards the first of the fourth the tune changed slightly and a good mathematician could easily understand that the score was "two and." About this time the boys fell to playing ball in good earnest and from that time on it was surely a game for the Gods—or the rooters. Judging from the sounds of revelry frequently heard emanating from the vicinity of the grand stand, the Strongs were receiving good support from the spectators, at least. "What's the score, Rib? someone shouted. "Two and," replied Mr. Allen, umpire, as he dodged a ball coming his way, "and the game's just begun!"

And so it went until it became necessary from our town to get another score and untie the nuptial knot. And the trick was done and Bedlam reigned supreme.

The score keepers were Ernest Pottle, Farmington and John Norton, Strong. The umpire was Mr. H. G. Allen and it is a matter worthy of note that his decisions were fair and met with the approval of both players and spectators. Mr. Allen met with a slight accident during the progress of the game by coming in contact with a swiftly traveling ball but was not seriously injured, we are glad to note.

Following we give the score in detail as played on the Strong grounds Saturday, June 3:

Struck out—by Richardson, 11; by Craig, 7. Time of game, 1 hour, 59 minutes.

Miss Freda Fogg is quite ill at her home on Main street, and is attended by a trained nurse, Miss Hooper of Portland.

Mr. Wm. H. Conant has nearly completed his spring's planting, although considerably bothered at times by his machinery, which he said arrived in parts.

A fine pole line has been built by the Northeastern telephone Co., through the town. It is understood that several new subscribers will go on as soon as the wires are strung.

Mr. and Mrs. Matley Will are at M. A. Will's for the summer.

The rolling stones have recently been removed from the bridge hill, as well as the streets of the village—a commendable improvement.

Saturday evening we were favored with quite a heavy rainfall, but by 11 o'clock "old Sol" shone forth once more.

J. T. Skillings is erecting a good big woodshed. Mr. Skillings is a firm believer in having plenty of wood.

Ephraim Johnson recently sold five hundred pounds of wool to B. B. Harvey Esq.

The "Farmers' Mutual Improvement club" will hold a meeting in the near future it is said. The club is now fully provided with badges for both officers and members.

It was incorrectly reported some time ago that Drs. Bell and Pennell had traded autos. As a matter of fact Dr. Bell and Frank Luce, of New Vineyard, have exchanged machines.

Quite a crop of sweet corn has been planted in town for the Burnham & Morrill factory, of which Mr. Alton Tucker is superintendent in this town.

Livery man, Fred Lynn has added several new carriages and harnesses to his equipment of late and can now offer the public a good, stylish turn-out.

J. H. Bell has purchased several phonographs of the Edison manufacture which gives him the agency for this town.

Miss Addie Flint is visiting friends in Portland.

Mr. and Mrs. Fred Flint, who have been at Mr. and Mrs. E. I. Johnson's for some time, have returned to their home, at Wilsons Mills.

Mr. Geo. Frederic has been shearing sheep this spring for the last three weeks. Wool is now quoted at 31 cents per pound, but it is said that the price will drop if the Russians and Japs arrange their difficulties satisfactorily.

Verne Richardson was presented, at the conclusion of the ball game Saturday, with a very complete outfit of football clothes by Prof. Cunningham of the Strong High school in recognition of Mr. Richardson's good work on the diamond during Saturday's great game.

Mr. Ralph W. Knowlton has recently added several new carriages to his livery equipment.

Mr. Nathan Burbank of New Portland was a recent comer in town.

A large crowd attended last Saturday's ball game on the fair grounds, and one and all report the best game ever seen in town.

The village was saddened Saturday morning by the announcement of the death of Mrs. Dana Fogg, which occurred late Friday night after a final illness of about a week. For many years Mrs. Fogg has been a great sufferer from pulmonary troubles, but has always borne up bravely under her afflictions. Within a comparatively short time pneumonia set in and this was the cause of her death, although all medical assistance was rendered to stay the progress of the dreaded disease. Mrs. Fogg leaves a husband, son, W. Fred Fogg, Esq. of Springfield, Mass.; three grandchildren, Misses Leona, Freda and Vera Fogg; two brothers and a sister. One brother, Mr. H. C. Packard is a prominent Auburn druggist, the other a fruit grower of San Bernardino county, Cal. and the sister, Mrs. Davis, lives in Readfield. Mrs. Fogg's maiden name was Charlotte V. Packard, the ancestral home being in Readfield, where she was born March 31, 1832, making her 73 years, 2 months and 2 days old at the time of her death. The funeral was Tuesday afternoon from the Congregational church, Rev. O. W. Peterson of Brunswick officiating.

Our townspeople are glad to see Mrs. David Moore on the street again after her lengthy illness.

Misses Una Bangs and Esley Bicknell of Farmington called in Strong the first of the week.

Mrs. S. D. Gates started for Norwood, Mass. Monday to visit her son-in-law, Mr. Blanche Small, who is quite ill with rheumatic fever.

Mr. and Mrs. Chas. Pease have moved into a rent on Main street.

Mr. and Mrs. H. I. Spinney of Farmington were guests at Hotel Strong Friday.

E. L. Durgan of Portland of the Northeastern Telephone Co. was in town Thursday.

The Strong High school and Phillips High school nines will play at Strong Saturday next.

There will be a Red Men's ball Friday evening in Bell's hall.

A report has been circulated to some extent that there would be no camp-meeting in town this year. A WOODSMAN reporter called on Hon. W. L. Daggett to verify this rumor and Mr. Daggett thereupon said that there would be a camp meeting which will commence on the evening of Tuesday, August 22 and close the following Sabbath.

P. D. Stubbs has a new Underwood typewriter.

Norman Butler of Phillips was in town Sunday.

Messrs. Greenwood and Field were in town Sunday in their automobiles.

The toothpick mill has closed for the summer.

Mrs. Augustus Bradford and son, Herbert of West Farmington, spent Sunday in town, the guests of Mr. and Mrs. Walter Bradford.

Master Berchard Look has a severe attack of tonsillitis.

Mrs. Lena Saunders was operated on Thursday of last week in Portland for appendicitis. Dr. C. W. Bell attended the operation. We are pleased to report that Mrs. Saunders is doing nicely.

Miss Minerva Dickey returned Tuesday night from a trip to Livermore Falls, Lewiston and Portland. While away Miss Dickey attended the Episcopal church of which she is a member.

A New York man Monday night telephoned from Hotel Strong to his home in Princeton, N. J., via New York, a distance he claimed of about 600 miles. Quite a "lengthy talk," even in these progressive days.

Mrs. Walter Bradford was quite ill the first of the week with a bronchial trouble.

Mr. C. V. Starbird has lately completed his new saw mill and is now fully prepared to saw about everything that can be sawed and do other kinds of mill work as well. One new thing of great utility that Mr. Starbird has adopted is the hot air kiln, costing nearly \$900, to dry lumber in at short notice, the lumber coming out thoroughly seasoned.

## Phillips and Vicinity.

—Mr. Frank Atwood was in East Wilton last Friday.

—Miss Nellie Bartlett was in Farmington, Tuesday afternoon.

—Mr. Harry E. Bell has purchased a Poole piano of the Colonial Piano company.

—Mrs. Arthur McLeary and children visited her parents in South Strong last week.

—Mr. and Mrs. Byron Farrar of Arkansas City, Kansas, have arrived and are stopping with Mrs. Farrar's brother, Mr. W. C. Howland, in Avon.

—Messrs. James and Harry Kerr of Rumford Falls are in town working on the cellar and foundation on Mr. C. H. McKenzie's house.

—Mrs. Mark T. Betts of Gardiner, who has been so seriously ill for the past five years, was able to ride out last Wednesday for the first time.

—Mr. W. B. Hoyt of New Portland returned home Wednesday morning after a few days' visit with his son, W. B. Hoyt in Phillips.

—Mt. Saddleback Lodge, I. O. O. F., will hold their Memorial services at the Union church next Sunday morning at the usual hour of service. They will meet at their hall at 9.45 a. m. and will march in a body to the church where Rev. F. E. Freese will preach the sermon. The Odd Fellows have invited Hope Rebekah lodge to join them in the services. PER ORDER COMMITTEE.

—The G. A. R. "boys" enjoyed a good smoke on Memorial day through the courtesy of Postmaster S. G. Haley who presented them with a box of cigars.

—A heavy frost was reported from Rangeley Wednesday morning and water froze in exposed places here in town. Pretty cold weather for the 7th of June.

—The committee for the Village Improvement society entertainment are now contemplating having a drama instead of the minstrels.

—Miss Leona Beane, daughter of Mr. and Mrs. Charles Beane of Livermore Falls, graduates from the High school June 15. Miss Beane has the valedictory.

—Miss Emma Whitney went to Lewiston Wednesday to attend the wedding of her cousin, Miss Hazelle Gilbert to Mr. Donald Frazer, which occurred at Trinity church on that evening.

—Miss Blanche Kenniston spent Sunday at Greene's Farm with her sister, Miss Carrie, who is doing table work there. Miss Blanche Knapp of Madrid is also employed there as table girl.

—Mr. Henry Harden of Portland has ordered a nice headstone for Mr. W. B. Hoyt for his mother, Mrs. Mary C. Harden. He is also working on a very handsome headstone for Salina Bates Hoyt.

—When the hall is packed to the doors as it was on the 30th with the audience that attended the Memorial day exercises, it does not look as if local interest in the observance of the day that means so much to the nation's history, was dying out as fast as some have thought and feared. It is not and let us hope and trust that the same interest will be in evidence each coming year. The flag drill which was given at the Arbor day exercises by sixteen girls in the Grammar school was repeated on this day and was thoroughly enjoyed by the large audience who complimented the young ladies for their good work and to their teacher, Miss Lillian Sweetser, for her thorough drilling of the same.

## Phillips and Vicinity.

—Mr. and Mrs. Wilder Hayford of Dover passed Memorial day with the latter's parents, Mr. and Mrs. David Bean at West Farmington.

—Mrs. Isaac Libby died at her home in Phillips last Thursday, June 1, at the age of 79 years. She has been in feeble health for some time, both in mind and body.

—Mrs. Woodward, wife of the pastor of the Congregational church, arrived in Phillips Wednesday noon. They are occupying the home rented by them of H. R. Butterfield on Sawyer street.

—We understand that Mr. P. H. Winslow, auditor of the Sandy River railroad, has suffered a shock, how serious we have not learned. He was attending the commencement exercises of Bowdoin at Brunswick where his son is a student and was taken ill while there.

## BEAR DOG'S STRATEGY.

This Well-Trained Animal Can Give Some Military Experts a Few Ideas.

"Talking about strategists, the well-trained bear dog can make all kinds of rings around some of the military experts we are reading about in these days," said a man from Arkansas, according to the New Orleans Times-Democrat.

"Back in Arkansas some years ago I had occasion to give some little attention to one of these humble strategists, and under unfavorable conditions, too, from the standpoint of the dog, for he was very old, almost blind and didn't have a tooth in his head. Bob was a brindle dog, medium size, and had the most pugnacious temperament I have ever known. He was the leader always of the pack, and no better leader could have been found, for he was the most successful dog in a bear campaign I ever knew. Dogs that fought with him followed him strictly in his methods. His plan was to limit the zone of operations to the smallest possible radius, and it was a conspicuous fact in his career that no bear ever succeeded in getting more than 100 yards from the point of the first attack. He simply could not get away from Bob and the dogs that followed him. Bob fought in a circle, and for an evident purpose.

"Instead of going in any one straight direction the bear would keep whirling around in a circle. Bob's plan in limiting the zone of operations was to make relief quicker. When we heard him open up we knew we could go straight to him, as the bear would not be allowed to make much progress, and we never made any mistake about this. Sometimes we would watch him for awhile before wading into the slaughter, just for the simple grandeur of the performance, the ease and cleverness with which he directed his forces."

## HOUSEWIVES' HANDS.

A Few Simple Rules If Followed Will Keep the Busiest Workers' Hands Soft and White.

A few moments' attention each day, and a few more moments once a week, given to the hands of the woman who does her own work will rescue them from unloveliness and save them from discomfort. Dishwater does not spoil, nor housework mar, necessarily, and intelligent care can keep the housekeeper's hands lady-like. First, use a stiff scrubbing brush. They are better than the finer, more expensive brushes. Second, with scissors and file keep the nails curved to the finger; don't let them grow long or pointed. An orange stick helps to keep the skin around the nails free and even, and a small box of pink nail powder lasts a long time, and greatly improves the color and polish. A half-squeezed lemon is a fine bleacher for the finger-tips, and pumice stone easily rubs off ink and other discolorations from the flesh. For burns and bruises use first a healing salve—camphor ice is good—then a bit of plaster or glove-finger for protection. Kid or rubber gloves are a protection when sweeping and dusting, and dish mops save the hands, but the best of all is the stiff scrubbing brush and soap and water used vigorously and often.—American Queen.

## Triumphs of Modern Surgery.

Wonderful things are done for the human body by surgery. Organs are taken out and scraped and polished and put back, or they may be removed entirely; bones are spliced; pipes take the place of diseased section of veins; antiseptic dressings are applied to wounds, bruises, burns and like injuries before inflammation sets in, which causes them to heal without maturation and in one-third the time required by the old treatment. Chamberlain's Pain Balm acts on this same principle. It is an antiseptic and when applied to such injuries, causes them to heal very quickly. It also allays the pain and soreness. Keep a bottle of Pain Balm in your home and it will save you time and money, not to mention the inconvenience and suffering which such injuries entail. For sale by Cragin, Phillips; Whitney, Rangeley; Dyer, Swong; Mitchell, Kingfield.

## Fairbanks.

Mr. W. A. Hoyt has gone to N. H., on a vi-it to his sisters.

Mrs. Aaron Dyer broke her ankle recently.

There was a slight frost two or three nights last week.

A man passed this way going toward Strong distributing religious leaflets and selling small books the first of last week; he said he was a German. On his cap band in large letters were the words, "Prepare to meet thy God."

Mrs. W. A. Hoyt is ill.

The season is unusually backward, everything but grass grows slow.

## SUPERSEDES CHLOROFORM.

Electrifying the Brain a New Discovery in the Field of Surgery.

As the result of some electrical experiments carried on by a French physician, it is confidently predicted that a new era of painless surgery is at hand, says a London exchange.

The experimenters have discovered that sleep, and insensibility to pain, may be produced by electrifying the brain. The original tests were carried out with animals, and as soon as definite results were obtained the French physician referred to had the experiments performed upon himself. The first result of the electrification of his brain was inability to speak or move. Then, finally complete unconsciousness was established.

The value of the discovery lies chiefly in the harmless nature of electricity as an anesthetic. It is far preferable to ether or chloroform, as having no bad effect on the heart.

## CON-AN-INE.

The greatest cow oil obtainable in the world at a cost of only six cents per gallon. Horses and cattle sponged or sprayed with a solution of four to five tablespoonfuls of Con-an-ine to one gallon of water will be kept free from flies, insects and all troublesome pests. Owners of horses and cattle cannot afford to be without Con-an-ine, as they will get results by its use which would doubly pay them if it cost one dollar per gallon instead of the normal cost of six cents.

A Vermont dairyman says that his stable and cattle are constantly in a satisfactory condition as a result of using Con-an-ine. A Kentucky breeder of horses declares Con-an-ine to be the pathway to his success, as he has never lost a single animal since introducing Con-an-ine into his stables.

Large quantities of Con-an-ine are used to keep flies off from horses and cattle in South America, England, France, Germany and every available country in the world. For sale by the **PHILLIPS HARDWARE CO** Phillips, Maine.
