

AMONG THE CHURCHES.

At the Union church the morning sermon by Rev. Mr. Woodward was from the text found in I Kings xx, 40. "And as thy servant was busy here and there, he was gone."

Tumors Cured

Unqualified Success. Lydia E. Pinkham's Vegetable Compound and Miss Adams.

One of the greatest triumphs of Lydia E. Pinkham's Vegetable Compound is the conquering of woman's dread enemy, Tumor. So-called "wandering pains" may come from its early stages, or the presence of danger may be made manifest by excessive monthly periods accompanied by unusual pain extending from the abdomen through the groin and thighs.

business and in public life the honesty that scorns to receive that which is not rightly and honorably one's own. This high character demands a clean body, a body that is not weakened or polluted by any of the vices, sins, or indulgences that defile the temple of God, which is these bodies of ours.

Lydia E. Pinkham's Vegetable Compound; a Woman's Remedy for Women's Ills. The lesson comes first to nations. Israel is a witness to the folly of so doing. There was set before her a noble duty and mission. She was to teach the nations righteousness, religion, obedience to God. She was to be a nation of priests.

by the physician and he says I have no signs of a tumor now. It has also brought my periods around once more, and I am entirely well. I shall never be without a bottle of Lydia E. Pinkham's Vegetable Compound in the house.—Fannie D. Fox, Bradford, Pa. Another Case of Tumor Cured by Lydia E. Pinkham's Vegetable Compound. Dear Mrs. Pinkham:—About three years ago I had intense pain in my stomach, with cramps and raging headaches. The doctor prescribed for me, but finding that I did not get any better he examined me and, to my surprise, declared I had a tumor.

Twenty-Five Years Ago This Week (The following is from the Phillips Phonograph of 25 years ago.) Local News. Frozen cars are all the rage. Miss Estella McKenney goes to Salem, Mass., to make an extended stay. The appointment of Harry P. Dill as consul to Fort Erie, Canada, has been confirmed. Mrs. Lydia Jacobs of this village died Monday, the 31st ult., of cancer, aged 64 years. Teacher Donovan closed his services here last week and the remainder of the term is under the care of a Mr. Reed, also from Bowdoin. The County Temperance alliance proposes annual conventions and the third Tuesday in January is the time fixed upon for the next meeting. We observe an obituary notice, clipped from a Kansas paper, of the death of Sylvanus Green, formerly a resident of Phillips and still having relatives here. At the last meeting of Phillips lodge, Good Templars, the officers announced last week were duly installed and W. M. Chandler, E. B. Davenport, George and Charlie Dennison and Miss Rosa Perry were initiated. The mother of Mrs. Ira Fuller of Phillips, 84 years of age, had a shock of paralysis last week, which paralyzed her right side, affecting her speech and memory. She has somewhat recovered from the shock, but is still confined to her bed, liable to pass away at any time. Olive, wife of Joel Carlton, died at her home in Phillips Dec. 27th, aged 31 years, 4 months. Mrs. Carlton was a kind and faithful wife and although she was an invalid she labored hard together with her husband for a livelihood. She leaves a husband, parents, one brother and five sisters, besides a large circle of friends to mourn her loss. Partial weather record for past week: Monday, blizzard; Tuesday, blizzard; Wednesday, blizzard; Thursday, blizzard; Friday, blizzard! What it may be hereafter we scarcely know or care. We've sighed for a change; but it changes the wrong way! The North Pole must have tipped over in this direction. The foregoing was written Wednesday, in an agony of despair; but Friday morning we were pleased to notice the mercury came up to 20 above while it had ranged for the week past from 15 below zero to 8 above—most of the time below. The wind has blown without any interval to mention and today is still humming a dirge about the frozen ears of unfortunate pedestrians. The Maine Dairymen's association will hold its annual session at the Grange hall at Phillips, Feb. 23d and 24th, for the purpose of electing officers for the ensuing year and the discussion of dairying. Among those that will give lectures or read papers are Hon. O. S. Bliss, Vermont; Dr. J. W. North, Jr.; S. L. Boardman, D. F. Hodges and others. It is expected some others out of the state will also be present. Arrangements are being made with the railroads for one fare for the round trip. Arrangements are also made at the hotels at Phillips at 75c, \$1 and \$1.25 per day. There is great excitement at Mechanic Falls at the revelations in regard to the swindling operations of the "Eastern Manufacturing company" and the discovery that one of the prominent citizens of that town and present representative to the legislature, in short no less a person than the Hon. Thomas B. Swan, who figured in the alleged bribery in the Fusion legislature of last winter, was the head of the concern. Last Monday Swan called for a letter which the postmaster refused to deliver. He immediately suspected that something was wrong and left for parts unknown by the first train. Officers are after him and there is little doubt but that he will be arrested. Two of his confederates, Charles York and another man, have been arrested by a United States detective. Swan has left a good many creditors behind and it is rumored that he has embezzled town's funds to some extent. He was town treasurer. The hearing of petitioners for the extension of the narrow gauge to the Kennebec was had before the railroad committee at Augusta last Tuesday. Another hearing occurs next Tuesday. There is no objection to a charter from Farmington to either of the three cities on the Kennebec, but the Maine Central oppose any attempt at a route connecting the three cities. O. D. Baker appears for the petitioners and Josiah H. Drummond for the Maine Central.

Phillips and Vicinity.

—Mr. Russell Lynn of Strong was in town Saturday.

—The farmers about town are hauling much pulp lumber to town lately.

—Mr. P. W. Mason of Strong was in town Saturday, returning from a trip to Berlin Mills.

—Mr. Oscar Beedy will learn the barber's trade with W. B. McKeene, commencing the first of February.

—Miss Elma Byron, who has been quite ill for some time past, is now slowly regaining her health, we are glad to be able to report.

—Mrs. J. R. Kittridge was in Phillips Saturday en route for the Dead River region where she accompanied the Doctor on his professional trip.

—Misses Hermia and Ella Beal who have recently returned from their California trip spent Sunday in town with their father, Mr. F. N. Beal.

—Friends of Col. Elliott C. Dill of Portland, will be pleased to learn that the Dill family has been increased by a baby boy. Mother and son are doing well.

—Mr. E. Marchetti returned from Boston Tuesday noon, bringing with him his wife, who has been visiting relatives in Barga, Italy. Mrs. Marchetti reports a very pleasant trip.

—Members of the King's daughters, please remember the quilting at Mrs. Chas. McKenzie's, on Pleasant street, this Friday evening. Every member is especially requested to attend. Bring thimbles.

—A new car has made its appearance at Sandy River shops. It is technically called a wrecker, for its mission is to carry the wrecking paraphernalia to the scene of an accident or wreck. The car is numbered 25 and presents a very neat appearance in its new coat of paint.

—Mr. and Mrs. W. T. Hinds have received a box of oranges and grape fruit from their son, C. H. Hinds, who is in Apopka, Fla. Mr. Hinds wrote an interesting letter, describing the weather saying that the thermometer registered 98 in the shade two days of last week. One day Charles and his friend, Mr. Richardson went duck hunting, and after shooting several near the shore waded out to get them. Later they found a big alligator sunning itself at the place where they previously shot the ducks.

—A hearing concerning Dr. L. J. Holt and Mrs. Jennie Smith of this town came before Judge Fenderson of Farmington, Tuesday of last week. The contention made by Dr. Holt, through his attorney, Frank W. Butler, Esq., was to the effect that he had performed some dental work for Mrs. Smith for which she had agreed to pay him \$11.00. One day she met the doctor on the street and paid him ten dollars, remarking at the time that the ten dollars were all he would ever get for the job. This summary statement piqued the doctor, causing him to take action as above. After hearing the evidence, Judge Fenderson found for Dr. Holt, but an appeal to the February term of the Supreme court, was taken by Mrs. Smith.

REACH THE SPOT.

To cure an aching back,
The pains of rheumatism,
The tired-out feelings,
You must reach the spot—get at the cause.

In most cases 'tis the kidneys.
Doan's Kidney Pills are for the kidneys.

Charles Bierbach, stone contractor living at 2625 Chestnut St., Erie, Pa., says: "For two years I had kidney trouble, and there was such a severe pain through my loins and limbs that I could not stoop or straighten up without great pain. I had difficulty in getting about and was unable to rest a night, arising in the morning tired and worn out. The kidney secretions were irregular and deposited a heavy sediment. Doctors treated me for rheumatism, but failed to help me. I lost all confidence in medicine, but Doan's Kidney Pills relieved me so quickly and so thoroughly that I gladly made a statement to that effect for publication. This was in 1898, and during the six years which have elapsed I have never known Doan's Kidney Pills to fail."

A FREE TRIAL of this great kidney medicine which cured Mr. Bierbach will be mailed on application to any part of the United States. Address Foster-McMurray Co., Buffalo, N. Y. For sale by all druggists; price 50 cents per box.

FROM SAM FARMER.

MAINE PEOPLE IN NEARLY ALL OF THE WESTERN TOWNS.

A List of Taxes Paid by Former Franklin County People in the West. Also a Few Personal Notes Regarding the Same.

ARKANSAS CITY, Kan., Jan. 22, 1906.
To the EDITOR OF MAINE WOODSMAN.

There are but few towns where Maine people are not found. In this vicinity there are many families and quite frequently relatives are unexpectedly met. A short time since a lady appeared at our door on a business matter and on being met by Mrs. Farmer said, "I believe you are from Maine."

"Surely," was the reply, "and are you not from Maine?"

"Yes," said the stranger. "We came from Wilton, Me."

"And who are your folks?" said Mrs. Farmer.

She answered, "My father is Augustus M. Chandler, who now lives at Wilton upper village."

"Yes," said Mrs. Farmer, "and your mother's name was Martha Richards, my own cousin, for your father and my mother were brother and sister."

It was a great surprise to both and a consolation, not supposing either had a relative in all the west, but now can visit relatives and live only four miles apart.

Thinking there are so many Maine people here and mostly from nearly all towns well known all over the county of Franklin it may interest the many readers of MAINE WOODSMAN to know something of the success with which they have met in their sojourn in the far west. Our taxes have to be paid here in December at Winfield, our county seat and if not paid on or before the 20th a penalty is attached, so everybody rushes to pay and save the penalty of a certain per cent. It is easy now to find out how much each one has to pay and explains quite nearly the value of each one's estates, although probably there is about as much dodging here as in any other state and while our valuation is made much higher here than in some other states it is cut down to about one per cent, or \$20 on \$2,000 valuation, varying but little from Maine. I have seen and inquired of each of our Franklin County persons, formerly from Maine, the amount of their taxes this year and find them to be as follows:

A. D. Prescott from New Sharon.	\$3,750 00
Harry Farrar from Phillips.	3,750 00
Theron Houghton from Weld.	240 00
Albert Worthley from Phillips.	240 00
Chas. and Geo. Howard from Phillips.	250 00
Samuel Farmer from Phillips.	128 00
Byron Farrar from Farmington.	100 14
Braford Beal from Phillips.	25 00
A. A. Newman, Weld.	2,500 00
Total.	\$11,003 14

The above is undoubtedly much less than the true valuation of the property owned as would appear in the same amount of property owned in Maine.

Mr. T. Houghton has \$12,000 worth of land in the country on which he pays a very small tax and Messrs. Prescott, Farrar and A. A. Newman have a large amount of property the same as Mr. Houghton.

Messrs. Prescott and Farrar are now the owners of all the stock in The Hill Investment Co., which they obtained when the stock was worth much less than now and are acknowledged now to be the two richest men in Arkansas City, which is saying a whole lot. Mr. Prescott's father was a brother to the late Judge Prescott of Farmington Falls, who brought him up, the father having died when A. D. was a child and it is well known that Judge Horace Prescott was one of the leading men in Franklin county and one of the best.

We have hardly had what could be called winter so far and the last three or four weeks have been more like autumn than winter with scarcely a bit of ice or snow.

Mrs. James F. Toothaker is much pleased with the climate here. She is stopping with her sister, Mrs. B. Farrar, who is improving in health slowly, but surely.
