RACE MEETING.

Byron Shaw and Humphrey S.
Winners Thursday.

All About the Races at Toothaker
Park, Thursday Afternoon.

A race meeting was held at Toothaker park, Thursday afternoon, by some of the horsemen of this and adjoining towns. The racing was a trifle slow but furnished good amusement for the fair sized crowd that attended.

Two classes started, the 3 minute class, purse \$50 and the 2.30 class, purse \$75. In the 3 minute class the following horses started: Kitty b. m., O. A. Badger, Phillips; Pet, b. m., H. R. Rideout, Phillips; Humphrey S., H. E. Skidmore, North Anson; Maggie P., A. S. Pease, Avon; Ledo Boy, H. E. Vining, Strong; Belle Ledo, Earle Kingsley, Strong; Black Beauty, Dan Cushman, Kingfield.

In the first heat of this class the horses, a large field, came for the word rough gaited and it was after considerable scoring that they were sent away by Starter Roland Withee. All through the heat the horses were on breaks and runs for the mile. Pet, driven by H. R. Rideout, proved herself all through the race to be a fast runner for every time that "Berj" got a little in the rear Pet made a good run, much to the amusement of the crowd and gained a few laps on the field. The second and third heats were practical repetitions of the first, the monotony only being broken by that famous horseman, Dennis Soule, shouting to Dan Cushman, driving Black Beauty to "give her a bushel of soft coal, Daniel!" The joke is appreciated when it is known that Mr. Cushman is the passenger engineer on the Franklin & Megantic railroad. Humphrey S., won this race in three straight heats, winning first money, Belle Ledo, second; Ledo Boy, third and Kitty, fourth.

The 2.30 class had three starters as follows: Byron Shaw, gr. g., Worthley Bros., Avon; Iona, b. m., F. S. Haley, Phillips; Humphrey S., H. E. Skidmore, North Anson.

In this race the battle was between Byron Shaw and Iona and resulted in Byron Shaw taking first money, Iona second and Humphrey S., third. In this race it was evident that Humphrey S. was somewhat tired as he was raced in the 3-minute class.

The summaries:

3-MINUTE CLASS—PURSE \$50.		
Kitty, b. m.,	6 3 4	
O. A. Badger, Phillips.		
Pet, b. m.,	7 7 7	
H. R. Rideout, Phillips.		
Humphrey S.,	1 1 1	
H. E. Skidmore, North Anson.		
Maggie P.,	5 5 6	
A. S. Pease, Avon.		
Ledo Boy, b.	4 4 3	
H. E. Vining, Strong.		
Belle Ledo, gr. m.,	2 2 2	
Earle Kingsley, Strong.		
Black Beauty,	3 6 5	
Dan Cushman, Kingfield.		
Time—2 54 3/4, 2.52, 2.50.		
2.30 CLASS—PURSE \$75.		
Byron Shaw, gr. g.,	1 1 1	
Worthley Bros., Avon.		
Iona, b. m.,	3 2 2	
F. S. Haley, Phillips.		
Humphrey S.,	2 3 3	
H. E. Skidmore, North Anson.		
Time—2.41, 2.41, 2.41.		

During the afternoon a game of ball was played by the North Freeman and Kingfield boys, with a resulting score of 11 to 17 in the Kingfields favor. The game was played for a purse of \$25. It was a quiet game from start to finish with no sensational plays. Tash of Kingfield made a very pretty double play, however.

Score by innings:
Kingfield, 1 8 1 2 1 2 6 1 0—17
N. Freeman, 1 1 0 2 1 0 0 4 2—11

About the best work in the game for Kingfield was done by Vose and Hunt, although the other men came up to the scratch in good form. The feature of the North Freeman game was the star playing of Billie Carson, North Freeman's famous old-time ball player and for years a prominent member of the celebrated "Pork Packers" team of that town. Mr. Carson played ball Thursday afternoon with all his old-time brilliancy and called forth frequent shouts of applause from the crowd.

Officials at the race track were:
Roland Withee, Farmington;

timers, Sheriff Dana O. Coolidge, Walter Wood, Farmington; judges, Dr. C. W. Bell, Strong; W. C. Stevens, Bidonville; Walter Jones, Strong; number man, John Veilleux, Farmington.

Among the prominent horsemen present from other towns at this meet were noted the following, Messrs. A. D. Horn, Carl Curtis, Richard Avery, Farmington; James H. Bell, John C. Tirrell, Fernando Dow, Strong; Geo. M. Esy, Rangeley; H. E. Skidmore, North Anson; Daniel Cushman, Kingfield; Fred Luce, New Vin yard; Dennis Soule, Buxton.

The winner of the 2.30 class, Byron Shaw, the popular Phillips horse, is by Aairy Lothaire, dam by Winthrop Morrill. Byron Shaw is owned by Worthley Bros. of Avon and is one of the best gaited, clearest going horses the Woodsman has seen for some time.

Ledo Boy, who started in the 3 minute class, is owned by Hervey Vining of Strong. Ledo Boy is by Black Ledo, dam by Flying Eaton. He is a small colt, weighing 350 pounds, a pretty bay in color and a very free going colt.

Notes.

Dr. and Mrs. C. W. Bell of Strong and Mr. and Mrs. Fred Luce of New Vin yard came to the races in their automobiles.

The booths for the sale of confectionery, fruit, soda water, etc., did not have a very rushing business.

The grand stand crowd was small, but seemed deeply interested in the outcome of the races.

Dennis Soule, a former Phillips man who is now in Buxton, where he now resides. Mr. Soule informs us that he is on a carriage drive through this section, having the well-known stallion, Alcayone, Jr., hitched in the shafts.

Maggie P., owned by A. S. Pease of Avon, weighs 940 pounds and is a very good goer. "She has never taken first money but once," said Mr. Pease, "and that was in a half-mile on a race."

Belle Ledo, owned by F. S. Kingsley of Strong, is by Black Ledo, dam by Gold dust. Belle Ledo is a promising colt and went well in the 3-minute class Thursday afternoon.

Messrs. R. L. Hillgrove and E. B. Hanscom arranged the details of this race meeting. They were assisted by Harold Worthley. It is thought that Messrs. Hanscom and Hillgrove must have suffered financial loss, as the attendance was small.

District No. 2, Phillips.

Miss Gusta Kempton is visiting home folks for a few weeks.

Mr. and Mrs. Henry McKenney are enjoying a carriage drive to Wilton, Livermore, and other places where they will visit relatives and friends for a few weeks.

Mr. and Mrs. H. J. Wing and son Clifford returned home last Sunday from Mexico where they had been to visit Mr. Wing's brother Ira T. Wing and family.

Mr. and Mrs. George Haley spent a few days in Farmington recently.

Word received from Lilo Field and his friends Ralph Hallett and William Murray who walked from Rangeley through the woods to Quebec, Canada say they arrived safely and enjoyed the trip immensely.

Norman Calden is improving his residence by laying new floors; putting in cupboards; painting, papering, etc. He is also digging a well which will furnish water for his house and barn when completed.

Mrs. Voter is spending a few weeks with her daughter, Mrs. Flora True.

Leon Wing has employment in a barber's shop in Boston.

Mrs. Lucinda Reed of Gardiner spent several days recently with her sister, Mrs. G. W. True.

C. L. Hewey was the guest of relatives in Weld Saturday and Sunday.

Mr. Silas Wing the veteran hunter in this vicinity started recently on a hunting expedition.

Mrs. Nellie Keene attended the Fair at Farmington and will visit a few weeks before returning. Mrs. Lucy Brown of Kingfield is caring for Mrs. S. M. Wing during her absence.

Mrs. Mary Field of Boston spent Thursday night week with the family of L. B. Field. Lilo Field accompanied by his college chums, Ralph Hallett and Bill Murray were at L. B. Field's last week.

BANK BURGLARS IN PHILLIPS.

Crack Vault of Phillips National
Bank and Then "Slope."

Get Out With Over \$750.00 In
Silver and Copper.

The vault of the Phillips National bank was blown at about 2 o'clock Saturday morning and \$754.75 in silver and copper taken.

A trunk belonging to Mrs. Julia Hinkley was also taken. The trunk contained papers valuable only to Mrs. Hinkley.

The bank office was entered from a window on the sidewalk to the store of the Phillips Hardware company. A chisel was used to force an entrance. As an ax was found in the bank it was evident that it was used to knock off the knob on the combination lock on the vault door. After the knob was knocked off the explosive used, was inserted in the resulting hole. The lock was wrecked and pieces of the metal were scattered about the floor. The noise of the explosion was muffled by three horse blankets that had been stolen from L. B. Kinney who lives about a mile from the village on the east side of the river.

Mr. Kinney went into the stable in the morning and discovered that his blankets were gone. Hearing that there were some blankets up at the bank he came up and claimed his property. The blanket nearest the vault had a large hole blown through it, but the others were not badly injured.

Several claim they heard the explosion but are unable to place the exact time. A traveling man in Phillips Hotel, C. H. Prescott of Amesbury, Mass. told a representative of the Woodsman that he either heard a loud noise or dreamed it. The hotel is near the bank. W. A. D. Cragin states that he heard a noise like a thunderstorm about one and two o'clock Saturday morning. He paid no attention to it, however.

It was found in the morning that obstructions of planks, etc. had been placed on the sidewalk intended, it was at first supposed, to give notice of the coming of any peril, but later it was decided that some of the boys around town did that job and perhaps they scared away the corks by doing it.

It is thought by some that the work was done by old hids in the business but D. F. Field, assistant cashier of the bank in talking with the Woodsman said: "I am thoroughly convinced that the work was not one by professional bank robbers. In the first place professionals would be known that the vault was first-class and would not have blown the vault imply for the silver and coppers to be behind the e. Again an old hand at the business would have seen the sign of the American Bankers' association, of which we are a member, and would not have taken the chance. The American Bankers' association pursues safe blowers ruthlessly and when captured they are given no mercy. So I am inclined to think that the work must have been done by amateurs in the bank blowing business."

Sheriff Dana O. Coolidge was at once notified and deputized and now scouring the county for the robbers. Of course all kinds of theories float about the matter.

During the night the break many people were out of town, as there was a special train to Farmington to attend the Knights' Temp meeting and dances in Strong and Lrid.

Not a clue could the officers obtain about the bank or the building in regard to the robbery. No footprints were found about the bank or near the window to give the first a clue.

Saturday afternoon Sheriff Dana O. Coolidge came to town and went over the matter carefully. In the afternoon, accompanied by Deputy Bell, he went to Strong and taken from there to North Anson by C. W. Bell in his automobile. Not a trace of any suspicious people could be found, however.

In the meantime, the sheriffs and deputies within a radius of 50 miles had been telephoned in on the lookout for suspicious characters. Deputy Jos. Witham of Weld also set to hunting through the town of Weld and Carthage.

Late Saturday night Sheriff Coolidge received a message from Sheriff Clyde H. Smith, saying it he had something of a confidential man to impart, which

he did not wish to give by telephone. Acting on this advice Deputy Lester D. Eaton drove to Skowhegan, Sunday, and called on Mr. Smith, who is jailer as well as sheriff. What he got has not been made public at this writing.

Monday the box containing the papers belonging to Mrs. Julia Hinkley was found in the river near the railroad bridge by Mr. George S. Whitney and quite a part of the papers he found in the water below the bridge. Among the papers were five \$500 bonds. Three of these have been recovered. One was found by Mr. Field in the swift water opposite the Berj. Butler place about three-fourths of a mile below the point where the trunk was found.

The money taken was about \$20 in coppers, \$50 in nickels, \$80 in dimes and the balance in halves and quarters.

The burglars also got a tin box containing solid silver wedding presents, the property of H. M. Burrows treasurer of the Rangeley Lakes Hotel company. These solid silver pieces were worth several hundred dollars.

A Mr. Murray, a Pinkerton detective from Boston has been in Phillips this week looking up the case.

Grange Notes.

North Franklin grange held their regular meeting, Saturday afternoon, Oct. 21, with Worthy Master Fred Morton in the chair. The first and second degrees were conferred on a small class. The next regular meeting will be held Saturday, Nov. 11, an all day's session with a picnic dinner. Degrees are to be worked in the forenoon. Meeting to begin at 10 a. m. sharp.

North Franklin Pomona grange held an all day's meeting with Aurora grange at Strong, Oct. 19. It being a pleasant day the attendance was very large, over 100 being present.

The meeting was called to order by Worthy Master J. A. Norton. After the routine business the fifth degree was conferred on a small class. The master called Brother O. F. Jones of Wilton, deputy of Franklin county, to the chair, when the fifth degree was then conferred in full form. Recess was then declared for dinner. After the noon hour had been spent order was again restored. Reports of subordinate granges were then called for and all reported in a flourishing and prosperous condition.

Aurora grange at the last regular meeting arranged for an exhibition of fruit at its time. A long, wide table was arranged in the center of the dining hall and filled to overflowing with splendid specimens of apples and pears. E. A. Peary heads the list with largest number of varieties, 25; Timothy Sweet, second with 18, followed by H. W. Allen, O. S. Voter, Michael Kershner, George Wilbur, Walter Daggett, Ernest Vining, John Berry, Samuel Gilman, U. G. Weymouth, Henry Hunter, C. W. Skillings, C. W. Cook and J. A. Norton, all of whom had several varieties of handsome apples and Brother Norton showed several trees of fine yellow apples. It was a fine exhibit and speaks well for the interest of our farmers in orcharding.

The following literary program was carried out:

Music by the choir, George Wilbur
Address of Welcome, J. A. Norton
Response,
Selection on the graphophone, Mrs. S. Pratt
Reading, Florence Blithen
Music, Bro. Jones of Wilton
Remarks, Bro. Jones of Wilton
Music on the graphophone,
Reading, Flora Pease, who responded to an encore,
Remarks, Rev. Robert Scott of New Portland grange,
Reading, Eva Cook
Remarks by Bro. C. S. Stetson, state deputy, heartily received.

Next meeting will be held with Blue Mountain grange, Weld, Thursday, Nov. 16.

There was a horse trot on the Eustis trotting park, Oct. 17. Ray Viles's horse won first money.

Stove Contest.

Our readers will please take notice that when they send in their subscriptions it will be necessary for them to ask for votes for the stove contest if they are interested in any of the contestants and want to help them. After the money has been paid over and no votes taken, it is too late for us to furnish them.

It now looks as though the present contest would be a very warm one and we suggest that there is no time to be lost by any of our readers who may have friends that they want to help.

Tired, Nervous Mothers

Make Unhappy Homes Their Condition Irritates Both Husband and Children—How Thousands of Mothers Have Been Saved From Nervous Prostration and Made Strong and Well.

Mrs. Chester Curry

Mrs. Chas. F. Brown

A nervous, irritable mother, often on the verge of hysterics, is unfit to care for children; it ruins a child's disposition and reacts upon herself. The trouble between children and their mothers too often is due to the fact that the mother has some female weakness, and she is entirely unfit to bear the strain upon her nerves that governing children involves; it is impossible for her to do anything calmly.

The ills of women act like a firebrand upon the nerves, consequently nine-tenths of the nervous prostration, nervous despondency, "the blues," sleeplessness, and nervous irritability of women arise from some derangement of the female organism.

Do you experience fits of depression with restlessness, alternating with extreme irritability? Are your spirits easily affected, so that one minute you laugh, and the next minute you feel like crying?

Do you feel something like a ball rising in your throat and threatening to choke you; all the senses perverted, morbidly sensitive to light and sound; pain in the ovaries, and especially between the shoulders; bearing down pains; nervous dyspepsia, and almost continually cross and snappy?

If so, your nerves are in a shattered condition, and you are threatened with nervous prostration.

Proof is monumental that nothing in the world is so powerful as Lydia E. Pinkham's Vegetable Compound; thousands and thousands of women testify to this fact.

Ask Mrs. Pinkham's Advice—A Woman Best Understands Her Own Ills.

AMONG THE CHURCHES.

At the Union church Rev. Mr. Woodward preached from the text found in Matt. ix, 37, "The harvest truly is plentiful and the laborers are few."

This is preeminently a practical age. Men are eliminating every unnecessary expenditure of time, of labor, of money in the process of production that thereby gain may be increased. They are attempting by all possible methods to add to their wealth as though that were the chief good to be attained. These words of Jesus as they were said to his disciples intimate that there are higher blessings to be sought and suggest the subject which I present "The need of more spiritual workers."

Man in the early ages lived very much like the lower animals. He obtained his food from the earth without labor. He took fish from the waters, game from the field, fruits and nuts from the forests, but he did not cultivate the land. After a time he sought to better the condition about him. Animals have not done this. He made axes and leveled the trees of the forests. The beaver had been able to perform very creditable work in the cutting of trees, but they made no improvement upon

means given them. With the wonderful invention of the saw and edged tools, man entered upon a way of much progress.

He made the plow and with that one invention increased the production of the earth a hundred fold. He developed new kinds of plants by cultivation. He has continually been making the earth to yield more abundantly. He has constructed machines of many kinds, that hand labor may be eliminated as much as possible and production be increased. Look at some of the things that are accomplished by the aid of machinery. Take the single matter of the making of screws. Machines working them automatically take a bit of metal, cut the groove in the head, pass it along, polish the head, give it to a machine that shall cut the thread of the screw, and so on and on until it leaves the machine completed, the work of many men being done by automatic machines, and production being increased. Even young people among us remember when there were small shoe shops where shoes were made by hand and each pair represented two days' work. Now we see the large shops where the machines turn out eight pairs of shoes per day for each man employed. The production is increased sixteen fold.

Think of the forces that man has learned in a measure at least to control and direct: water power, steam, electricity. Each discovery increasing enormously the possible production and all tending to eliminate the need of man's work.

In some kinds of work we find the daily wage very low. Many men work for \$1.25 a day and attempt with that sum to care for a family. It cannot be done decently. A man cannot give his family a proper home, proper medical attendance, the opportunities for education and culture, books, magazines and all the advantages that should be theirs. The greater productive power of the machine has lessened in many cases the wage of the laborer.

We find another feature of the labor question in the large cities where unions of various trades have resulted in workmen in trades that require not many months experience receiving as much as seven dollars for the work of eight hours. This adjustment of matters of men results in much harm for the possession of leisure hours and more ample means causes habits of dissipation from which homes suffer as much as from the insufficient wages.

The resources of the country have been developed until the production is sufficient to afford every person in the nation all that is needed for comfort, for education, for culture.

But is this productive force the great thing that is needed? Consider the great steel industries. Ore which may be obtained at very small cost is found on the shores of Lake Michigan. Two or three dollars per ton pay the cost of manufacture. Think of the prices that are paid for steel and the enormous

profits that build up the fortunes of the manufacturers. Is it greater productive force that is needed here? No, it is greater moral force that shall see the injustice of these things, that shall see the rights of their fellow men and shall be governed by the principles of brotherhood.

See the Western Union Telegraph company, paying from 200 to 300 per cent dividends upon its stock and watered stock at that yet one must pay as high a rate to send a message as in the early days. A quarter must be paid to send a message from a dying child to its parents in the next town. The company has, unused, the right to inventions of Edison for which they paid him \$40,000 or \$50,000. They bought them that they might not come into the hands of others and lessen the revenues of the Western Union Telegraph company. Is it productive force that is needed? Moral force and the exorbitant wages of the trades union men are as much injustice as are these things.

Our country, we have said, produces enough to provide for the needs of its people. In one year there is paid for alcoholic drinks and tobacco \$1,500,000,000. A sum meaningless to us from its very magnitude wasted, worse than wasted. It is moral force that is needed to so control the expenditure of these monies that they shall be applied to the helpful purposes for which they are needed and not used to compass the destruction or degradation of our people.

Who is it, what class of people, who are most invaluable to any community? It is those who strengthen the moral and spiritual forces and sentiments of the people. We have become so accustomed to reckon the worth of things by the increase of money value which accrues through them that we sometimes fail to recognize this truth. We refuse the work in the church, the Sunday school or the Christian Endeavor society because we can not see returns for our labor.

The salaried Christian workers who can give their whole time to Christian work, to increasing among the people the knowledge of God are the most important persons in the community. The persons whom any place could least afford to lose are those, be they man or woman, young man or young woman, who are setting before the people examples of steadfast loyalty to moral integrity and to the work of God. The faithful, though humble workers, in church, Sunday school or any department of religious activity who constantly and consistently teach moral and spiritual truth and in their lives are true and unflinching are the real wealth of the community.

The harvest is great, youth needing the influence of true, noble lives. The laborers are all too few. How many of us will enroll ourselves among those whose lives shall stand for these higher nobler things?

The Song of the Hair

There are four verses. Verse 1. Ayer's Hair Vigor makes the hair grow. Verse 2. Ayer's Hair Vigor stops falling hair. Verse 3. Ayer's Hair Vigor cures dandruff. Verse 4. Ayer's Hair Vigor always restores color to gray hair. The chorus is sung by millions.

"Before using Ayer's Hair Vigor I had very thin and very poor hair. But I continued to use the Vigor until my hair greatly improved in every way. I have used it off and on for the past ten years."—Mrs. M. DRUMMOND, Newark, N. J.

Two Thanksgiving Dinners. TWO OQUAKER RANGES and TWO TEN POUND TURKEYS.

Quaker Range Contest Absolutely Without Parallel.

The MAINE WOODSMAN offers Two Prizes. Two Quaker Ranges and Two of the finest Ten Pound Turkeys that money can buy, to the two ladies who receive the most votes, under the conditions indicated below.

Two Quaker Ranges and Two Ten Pound Turkeys In Two Contests.

A GREAT RANGE.

A GREAT RANGE.

The Quaker Range never has been beaten and never will be beaten as a sure and easy baker and cooker and an economical consumer for either coal, coke or wood. The Quaker Range is world famous and is well known to the good cooks of New England, who always have led and always will lead the world. This range is made by the White-Water Co. of Taunton, Mass., in itself a guarantee of good faith, and is sold by dealers everywhere. All persons unfamiliar with its merits may serve upon application at this office, a full description of this remarkable range. The Woodsman in the last few years has sent out several of these ranges as prizes, and has never yet received a complaint.

HOW THE RANGES WILL BE DISTRIBUTED.

Range No. 1. To the Lady residing in Phillips, Avon or Madrid, receiving the most votes.
Range No. 2. To the Farmington Lady receiving the most votes. One ten pound Turkey will be given with each range.

CONDITIONS OF THE CONTEST.

One range and one ten pound turkey will be given to the lady receiving the highest number of votes in either contest. In case that two bona fide contestants do not appear in any contest, or that the total number of votes in any contest fails to reach 1,000, even if more than one contestant does appear, the prizes in that contest will be withdrawn and will be awarded to the lady receiving the highest number of votes for second in the other contest.

One 30 vote coupon will be issued for every dollar and a half that is paid in on subscriptions for MAINE WOODSMAN, but no coupon will be issued for fractional parts of a dollar and a half, or for a subscription of less than a year. This applies either to old or to new subscribers. One 30 vote coupon for every dollar and a half paid, no more, no less.

To prevent trading among contestants those receiving coupons should fill them out at once, preferably with pen and ink. No coupons will be counted upon which two names have been written, or if one of these has been erased.

Any contestant is at liberty to canvas anywhere or subscriptions, no matter where she resides, but the prize winner must be a bona fide resident of a town in which the stove is to be awarded.

Everyone intending to enter this contest should write to this office for valuable instructions and for printed matter. The two ranges in this contest are full size, Quaker Home ranges, the latest pattern, fitted for either coal or wood, as desired, and they are among the best ranges for general service made. They will be delivered at freight dot nearest to residence of the winners. Quaker ranges may be seen on exhibition at the residence of J. W. Brackett in Phillips or at Fred P. Adams, Farmington.

CONTEST CLOSES MONDAY, NOVEMBER 20, AT 6 P. M.

Farmington High School Notes.

The Freshman Class gave an enjoyable party Friday evening week to the invited members of the different classes. Mr. Foss and Miss Vance were guests of the class.

The Junior Class are planning on taking a straw ride to New Sharon Friday evening.

Arthur Corbett '09 has returned to school after being out several weeks on account of an operation.

One session Wednesday of last week on account of foot ball game at Wilton.

The Senior girls have elected Dorris Preston, captain of the basket ball team and Emma Russell, manager. And it is hoped that very soon the captain may be able to choose a team.

The Freshman Latin Class is divided into two divisions, the divisions have been contending to see who should win the greatest number of O. K.'s. on their board work. The first division won—and were entertained by the second in High School Hall last Friday evening. Games, sociability and refreshments were enjoyed and during the evening vocal solos were rendered by the Misses Lucy McConnell, Gladys Johnson and Lora Jennings. Members of the upper classes were invited and all report it a grand celebration of the victory.

The following are the officers elected for the basket ball teams, Juniors, Florentine Knowlton, captain, Disa Greenwood, manager; Sophomores, Cora Preston, captain, Jean Longfellow, manager; Freshman, Tella Marsh, captain, Marguerite Holman, manager. Oct. 19, a meeting of the F. H. S.

Children's Spring Tonic.

After a long winter the children's blood flows sluggishly, the bowels are irregular and the channels of the body clogged. This is the chance for which disease has been lying in wait. No time should be lost in cleansing the blood and regulating the stomach with a good spring medicine. For children's ailments nothing equals Dr. True's Worm Elixir. A few doses will expel worms (any, and the whole system is better spring. It cannot be found. Twenty thousand sold in March alone. Price, 35c per bottle.

Athletic Association was held and the by laws read and accepted by those present. The members then prepared ballots for the election of officers—and the following officers were elected, president, Almon Barker '06; vice president, Benjamin Whitney '07; secretary, Dorris Preston '06; treasurer, Jean Longfellow '08; assistant secretary, Ethel Withee '07. It is hoped that the list of members will increase and thus help the association to be a success.

Of the eight young men who graduated from the Farmington High school in June, six have entered Bowdoin College this fall.—Exchange.

Yes, and the other two are listed for other colleges.

SANAZOL
LOTION AND SOAP.
Positive Cure For All Skin Diseases.

The wonderful discovery of the famous specialist in skin diseases, A. J. Fulton, M. D., Brooklyn, N. Y.

Sanazol treatment is external only. During the hot weather those afflicted with skin eruptions and scaly skin diseases, suffer intensely. You can avoid this suffering and effect a cure by use of Sanazol.

Sufferers from eczema, lupus, herpes, ringworm, prurigo, scrofuloderma, skin cancer, pediculosis, psoriasis, eczema, lichen, syphilis and all other forms of ulcerative, scaly and parasitic skin diseases find immediate relief and permanent cure by the use of Sanazol. It removes pimples and blackheads and cures sweaty or itching feet.

Some of the now famous cures by Sanazol treatment were fully described in the New York World of March 9, and the Brooklyn Daily Eagle of March 23.

The Brooklyn Times of March 30, says: "Dr. Fulton is a practicing physician and a skin disease specialist. The Sanazol treatment is the latest cure and medical men are of the opinion that America has triumphed over Europe."

August Newman of Enfield street near Graves Place, Brooklyn, writes that he had been a sufferer from a skin eruption for eight years, called various names by different physicians. Finally he was induced, in sheer desperation, to try Sanazol. He enjoyed his first unbroken sleep after the first bottle of Sanazol. His reward for a conscientious treatment of this remedy for two months was complete cure.

Write for testimonial and full particulars of Sanazol. Treatment requires combined use of lotion and soap. Sent on receipt of price or at druggist.

Lotion full one-half pint, \$1.00; soap, 25c per cake or jar.
Address Sanazol Laboratory, Dept. B, 4, 100-102 Elton St., Brooklyn, N. Y.

Girlhood, Womanhood, Motherhood.

The first lesson that the young girl has of womanhood is usually a painful one. She learns to know what headache means, and backache, and sometimes is sadly borne down by this new experience of life.

All the pain and misery which young girls commonly experience at such a time may, in almost every instance, be entirely prevented or cured by the use of Dr. Pierce's Favorite Prescription. It establishes regularity. It tones up the general health, and cures headache, backache, nervousness, chorea, or St. Vitus's dance, and other consequences of womanly weakness or disease.

MOTHER OF THE FAMILY.

The anxious mother of the family oftentimes carries the whole burden of responsibility so far as the home medication of common ailments of the girls or boys are concerned. The cost of the doctor's visits are very often much too great. At such times the mother is invited to write to Dr. R. V. Pierce, of Buffalo, N. Y., for medical advice, which is given free. Correspondence is held sacredly confidential.

IT STANDS ALONE.

"Favorite Prescription" is the only medicine for women the makers of which are not afraid to print just what it is made of on every bottle wrapper. It is the only medicine for women every ingredient of which has the unanimous endorsement of all the leading medical writers of this country, recommending it for the cure of the very same diseases for which this "Prescription" is advised.

A MOTHER'S LOVE.

A mother's love is so divine that the roughest man cannot help but appreciate it as the crown of womanhood. However, motherhood is often looked forward to with feelings of great dread by most women. At such times a woman is nervous, dyspeptic, irritable, and she is in need of a uterine tonic and nerve, a strength builder to fit her for the ordeal. No matter how healthy or strong a woman may be she cannot but be benefited by taking Dr. Pierce's Favorite Prescription to prepare for the event. It makes childbirth easy and often almost painless.

DR. PIERCE'S FAVORITE PRESCRIPTION is a powerful, invigorating tonic. It imparts strength to the whole system and to the womb and its appendages in particular. For overworked "worn-out," "run-down," debilitated teachers, milliners, dressmakers, seamstresses, "shop-girls," housekeepers, nursing mothers and feeble women generally, Dr. Pierce's Favorite Prescription is the greatest earthly boon, being unequalled as an appetizing cordial and restorative tonic.

A STRENGTHENING NERVE.

"Favorite Prescription" is unequalled and is invaluable in allaying and subduing nervous excitability, irritability, nervous exhaustion, prostration, neuralgia, hysteria, spasms, chorea, or St. Vitus's dance, and other distressing, nervous symptoms commonly attendant upon functional and organic disease of the womb. It induces refreshing sleep and relieves mental anxiety and despondency.

A SCIENTIFIC MEDICINE.
Dr. Pierce's Favorite Prescription is

a scientific medicine, carefully devised by an experienced and skillful physician, and adapted to the delicate organism. It is purely vegetable in its composition and perfectly harmless in its effects in any condition of the system. For morning sickness or nausea, weak stomach, indigestion, dyspepsia and kindred symptoms, its use will prove very beneficial.

CURES OBSTINATE CASES.

"Favorite Prescription" is a positive cure for the most complicated and obstinate cases of leucorrhea, excessive flowing, painful menstruation, unnatural suppressions and irregularities, prolapsus or falling of the womb, weak back, "female weakness," anteversion, retroversion, bearing-down sensations, chronic congestion, inflammation and ulceration of the womb, inflammation, pain and tenderness of the ovaries, accompanied with "internal heat."

HOW TO LOOK BEAUTIFUL.

Young women or matrons should not allow themselves to look sallow and wrinkled because of those pains and weaknesses which become chronic and are the result of colds, tight lacing, and the imprudent care of the womanly system. Many a woman would look beautiful, have healthy color and bright eyes if it were not for those drains on her strength and those weaknesses which come all too frequently and make her life miserable. There is a ready-to-use Prescription, used a great many years by Dr. R. V. Pierce in his large practice as a Specialist in women's diseases, which is not like the many "patent medicines" on the market, as it contains neither alcohol nor any narcotic, or other harmful drug. It is purely vegetable. It is known as Dr. Pierce's Favorite Prescription and is sold by druggists.

DR. PIERCE'S PLEASANT PELLETS

cure biliousness, sick and bilious headache, dizziness, constiveness, or constipation of the bowels, loss of appetite, coated tongue, sour stomach, windy belchings, "heartburn," pain and distress after eating, and kindred derangements of the liver, stomach and bowels.

Persons subjected to any of these troubles should never be without a vial of the "Pleasant Pellets" at hand. In proof of their superior excellence it can truthfully be said that they are always adopted as a household remedy after the first trial.

One little "Pellet" is a laxative, two are cathartic. They regulate, invigorate and cleanse the liver, stomach and bowels. As a "dinner pill," to promote digestion, take one each day. To relieve the distress arising from over-eating, nothing equals one of these little "Pellets." They're tiny, sugar-coated, anti-bilious granules, scarcely larger than mustard seeds.

HEALTH AND HAPPINESS.

How to live in health and happiness, is the general theme of Dr. Pierce's Common Sense Medical Adviser. This great work on medicine and hygiene, containing over 1000 pages and more than 700 illustrations, is sent free on receipt of stamps to pay expense of mailing only. Send 31 one-cent stamps for the cloth-bound volume, or only 21 stamps for the book in paper covers.

HAPPY WOMEN.

Wouldn't any woman be happy. After years of backache suffering, Days of misery, nights of unrest, The distress of urinary troubles, To find relief and cure? No reason why any reader Should suffer in the face of evidence like this:

Mrs. Almira A. Jackson, of East Front St., Traverse City, Mich., says: "For

twenty years I was doctoring for kidney and liver trouble, but without benefit. Just before I began using Doan's Kidney Pills I was almost paralyzed. I could hardly stand on my feet because of the numbness and lack of circulation. Had a knife been thrust into my kidneys the pain could not have been more intense. My sleep was disturbed by visions of distorted figures. The kidney secretions were annoyingly irregular, and I was tortured with thirst and always bloated. I used seven boxes of Doan's Kidney Pills. The bloating subsided until I weighed 100 pounds less, could sleep like a child and was relieved of the pain and the irregularity of the kidney action. My circulation is good and I feel better in every way."

A FREE TRIAL of this great kidney medicine which cured Mrs. Jackson will be mailed on application to any part of the United States. Address Foster-Milburn Co., Buffalo, N. Y. For sale by all

—Mrs. Dr. Samuel B. Hunter and two daughters, Dr. Sarah and Miss Annie Hunter, from Machias, Maine, arrived in Seattle Tuesday evening, on the boat via, Vancouver, B. C. Dr. Sam Hunter preceded them three weeks before. They will spend the winter with the editor and family, Mrs. Moore being Dr. Hunter's youngest sister. Dr. Hunter's family have many friends and acquaintances on Puget Sound who have migrated hither in many years in which Dr. Hunter's family have resided and practiced medicine in the Maine city. All lumbermen from "East Machias" are reckoned among their friends and former patients at one time or other during the past forty years.—White River Journal.

—F. N. Beal of Phillips read the story of the great fresnet of 1869 that appeared in the WOODSMAN last week with a good deal of interest as he has a very vivid recollection of some things connected with it. He says he noticed one unimportant error in our write up, viz: the statement about the bridges that were carried off. He says the wire bridge at Strong stood the racket but he thinks nearly every other bridge in the county was taken down stream. Mr. Beal was more strongly impressed by the fact that four or five acres of heavily wooded land near his father's house was carried down stream. He remembers seeing his father's mill that had been located at the upper water power, go down stream and how his mother bewailed the loss and his father laughed and cheered her up.

—Lorenzo Whitney of West Phillips, who is in his 98th year, remembers distinctly events that happened ninety years ago. He remembers the cold year and seeing six inches of snow falling in June and finding birds frozen to death. His father went to Readfield and packed a bushel of corn meal on his back for his family and he used to go to Farmington repeatedly and back in one day and bring a bushel of meal on his back. His father's name was Solomon. Lorenzo remembers going to Rangeley when but three persons lived there: Messrs Dill Hoar and Thomas. In one half hour he and another boy caught all the fish they could carry home. They went in by a spotted blue over the mountain. There are events he can remember that happened 90 years ago and still he cannot remember events that transpired one year ago. Mr. Whitney is tenderly cared for by his son, Roscoe and his devoted and patient wife. He is able to set up most of the time, and enjoys talking over old times.—Lewiston Journal.

Mrs. Lucy Simmons of Ardenbrook county is visiting her sister, Mrs. W. I. Smith.

C. S. Stetson of Lewiston was the guest of Rev. F. H. Hall Thursday.

Miss Ida Spaulding is working for Mrs. Dennis Clark.

We are sorry to learn that D. E. Clark of South Strong met with a serious accident last Monday night by falling a distance of eight feet and striking on his back. He was attending to some business in Freeman and was stopping at the home of Mrs. Julia Whitney where the accident occurred.

North Franklin Pomona met with Aurora grange at Strong, Oct. 17, which was one of the most beautiful days of the fall. There was a large attendance from Phillips, Kingfield, New Vineyard and several from New Portland. Among them was the Rev. Mr. Frost, who gave some spirited remarks that were loudly cheered. C. S. Stetson of Auburn, state deputy of the grange,

gave a fine speech in which he gave the grange some good advice. O. S. Jones, the master of Excelsior Pomona of Wilton, also gave two short talks which were heartily cheered. The dinner was all that could be asked for and all gave it their undivided attention, 68 sitting down to the first table. A new feature was the fruit show held in the dining hall by the patrons and the remark was heard several times that it was fully up to the display at the county fair. The next meeting will be held with Blue Mountain grange at Weld in November. Mrs. Hannah Hilton of Somerville, Mass., is visiting at J. L. Vallier's.

Sunday morning at the M. E. church, Rev. Mr. Hall preached a very impressive and helpful sermon from Rev. iii, 20. Next Sunday morning, Oct. 29, the children of the Junior league will take up a part of the time and Mr. Hall will talk especially to them at the regular hour of the morning service. All children are cordially invited.

Raised Seven Healthy Children

Mrs. C. A. Treadwell, of Naples, Me., writes:—

I have raised seven children to manhood and womanhood keeping them well by using the True "L. F." Bitters. I find them a sure and excellent remedy for worms, with which so many children are tormented.

"L. F." Atwood's Bitters taken in doses according to age and condition mean health at any time of life. 35 cents a bottle at all good stores.

Your Sick Child

can't tell you what it has or how it feels—it only shows it is sick and miserable. If it is restless and peevish, doesn't sleep well, has pains in the stomach and bowels or has an erratic appetite the trouble undoubtedly is stomach or pin worms. Give the little one a few doses of that famous old life saver

DR. TRUE'S ELIXIR

IN USE 54 YEARS.

If worms are present they will be expelled. If no worms exist this wonderful medicine acts gently, yet positively, in toning up the whole system to rugged health.

DR. TRUE.

DEAR SIR:—I wish to inform you of the success I have had in using your Elixir. I gave it to my children and after the third dose, one of them, a boy six years old, passed a long round worm which I believe is more than six inches long, what you call a stomach worm. I also wish to say it is one of the safest and best medicines to have in the house for children. I would not be without it now. Sincerely yours, Mrs. Henry C. Joy. Sold by all dealers—25c, 50c, and \$1.00. Write for free booklet "Children and their Diseases." Dr. J. F. True & Co., Auburn, Me. Established 1851.

—The Ladies' F. B. circle will serve a chicken supper at Wilbur's hall, Tuesday evening, Nov. 7, also apron sale.
—The Ladies' F. B. circle will hold a business meeting at the vestry, Oct. 27. All members are requested to be present.

—Selectman Chas. H. Chandler was in Rumford Falls the first of the week, attending to business for the town of Phillips.

—Mrs. Frank Hunter who with her two youngest children has been passing the summer at West Paris, has returned and is occupying her house located above the fair grounds.

—Regular meeting of Hope Rebekah lodge this Friday evening. Every member of the degree staff is requested to be present for rehearsal after the meeting as there will be work November 10.

—Harry P. Dill says no doughnuts "floated off" in the flood of '69, notwithstanding the write up in the MAINE WOODSMAN of last week. He says "Joe Church sat on the bed and ate doughnuts" at the Sherb Hinkley house.

—County Commissioners Clark and Hall were in Phillips last Tuesday to look over the piece of State road that has been built in Phillips. They went with selectman Chas. F. Chandler to the place and found it very satisfactory.

—A strong feature with the Bennett Moulton Co. coming to Farmington Opera house for a week, coming Monday, Oct. 30, is the lavish manner in which the management has equipped the company with scenery for all the plays, elaborate stage settings and handsome costumes. No attraction presenting repertoire at popular prices goes into the detail as regards scenic display as this company does, every play being mounted with the same careful attention as though it was a big metropolitan production. The opening bill will be the sensational comedy drama, A Daughter of the People.

—The 33 members of Sherburne Chapter, O. E. S., who visited Signal Light chapter at Kingfield were fully repaid, for they passed a most delightful evening. The work was exemplified by Sherburne chapter, after which an elaborate banquet was served.

—Prof. L. A. Lee of Bowdoin College and G. O. M. Smith, geologist for the United States government, were in Phillips and Madrid this week. They examined the graphite mine at Madrid, of which F. W. Chick is manager, and went through to Rangeley.

—Hon. Seth M. Carter of Lewiston, who has charge of the Phillips & Rangeley railroad, has been elected chairman of the Republican State committee to succeed Hon. F. M. Simpson, resigned. Mr. Carter has been a member of the State committee for years and he is one of the ablest men in business and politics in Maine.

—Mr. George Carpenter met with a very narrow escape a few days ago while at work in the Phillips & Rangeley Railroad machine shop. A piece from a stick of wood that was being sawed, flew and struck him in the throat, inflicting a severe wound. The wound did not prove to be of a dangerous nature but the wood penetrated two and a half inches under the skin and went so near the windpipe and jugular vein that Mr. Carpenter considers himself very lucky to be alive at the present moment.

—For 26 years the Bennett Moulton companies have been a standard attraction, presenting popular plays at people's popular prices, always keeping up to the times and this year's company which comes to Farmington for an entire week, commencing Monday, Oct. 30, is no exception to the rule. A strong acting company, new specialties between acts, a carload of magnificent scenery and elaborate stage settings and new plays, all combine to make this attraction well worthy of patronage. The engagement opens with a big scenic production of the sensational comedy drama, "A Daughter of the People." Seats go on sale at Hardy & Tarbox's, commencing Thursday, Oct. 26. Special train on Thursday, Nov. 2 at reduced rates.

UNSEEN DANGER IS ON OUR TRACK

From the time of our birth till we lie down for the last time.

The best defense from the dangers of disease is vigor of body and activity of the natural functions.

The kind of assistance is important. It must not be stimulation for that gives but temporary effect, and the reaction is more than depressing. Take a tonic—one that will re-establish normal digestion and assimilation and prove a reconstructive rather than a promoter of waste. This will give nature a fair chance to put in motion normal work of repair and tissue building.

Such a tonic was grown in Nature's Laboratory, hidden in the ground and brought thence forty years ago by Dr. J. V. Pierce, who has made the treatment of lingering diseases his life-long study and care.

He uses glyceric extracts instead of alcoholic ones, exactly proportioned and combined by processes of his own invention, first used in his private practice and now given out freely to the world in his "Golden Medical Discovery," which is composed of Golden Seal root, Queen's root, Stone root, Black Cherry bark, Blood-root and Mandrake root.

Mrs. A. T. Jones, of 926 Hayes Street, San Francisco, Cal., writes: "As a child I was delicate, and great care was taken of me because some of my relatives had died of consumption, although my father and mother were healthy. I grew up with only the ordinary diseases of all children, but about five years ago I contracted a severe cold, which would not yield to such home-treatment as was handy. Doctors were tried, but after three months of this treatment I was only worse. Then I was advised to try Dr. Pierce's Golden Medical Discovery, and after taking three bottles not only cured me of the cold and cough, but made me feel better than I ever had before. I will always have a bottle of this medicine in the house."

These tiny, sugar-coated antibilious granules regulate and invigorate Stomach, Liver and Bowels. Do not forget the "pill habit," but cure constipation. One or two each day for a laxative and regulator, three or four for an active cathartic. Once tried always in favor. Put up in vials; always fresh and reliable.
