FRANCO-SERBIAN VICTORY GROWING

Further Advance Will Necessitate Withdrawal of Bulgarians on Western Front to Prevent Disaster—British and French Make Gains. Quiet on the American Front.

By The Associated Press.

While the Serbs and their French allies are wrestling from the Bulgarians some of the strongest positions they have held in Macedonia for the past two years, Marshal Foch's forces are nibbling successfully at the German lines on the western front in the face of more determined resistance.

The near east furnished the most sensational news of the day, however. The offensive which has been launched there seems not only the most successful, but the most pretentious in many months. It appears probable that a further advance by the Franco-Serbian troops will necessitate to call of the Bulgarian divisions which have been loaned to Emperor William to bolster the Teuton resistance in France and Flanders.

Cardinal Farley Succumbs to Illness

Arch-Bishop of New York Passes Away at His Country Home in Mamaroneck Early Tuesday Night—"The End Came Peacefully and Beautifully," Says Bishop Hayes, Who Was Among Those at the Bedside.

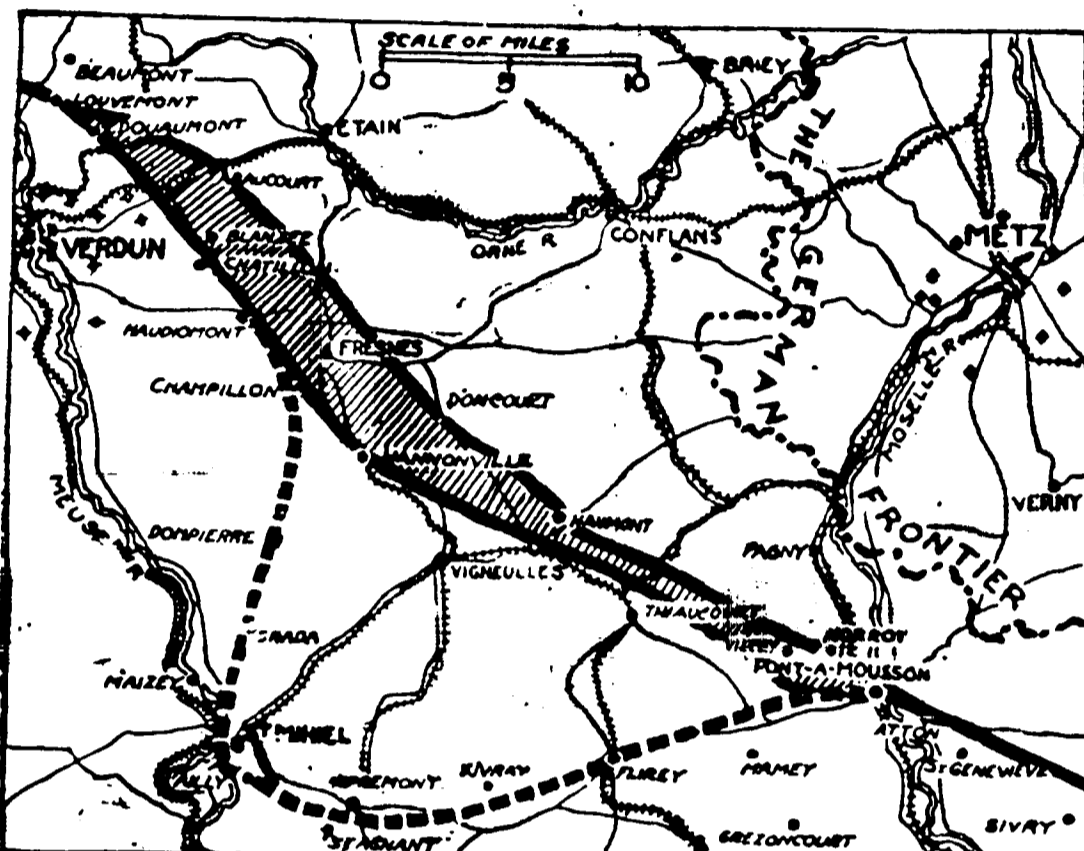

MAMARONECK, N. Y., Sept. 17.—Cardinal John M. Farley, arch-bishop of New York, died at his country home here tonight. The aged prelate had been sinking rapidly since he suffered a relapse last Saturday following partial recovery from an attack of pneumonia.

Indeed for the last three days physicians attending the cardinal have been expecting his death hourly. Although he rallied today from several sinking spells, no hope was entertained for his recovery.

Shortly after 9 p. m. it was evident that the end was near. At his bedside were three doctors, Bishop Hayes of New York, Monsignor Carroll, the cardinal's private secretary, vicar-general LaVelle and Monsignor Mooney.

Peace Offensive A Closed Incident

Wilson's Prompt Action, and the Brevity of His Reply to Austrian Proposal Draw Expressions of Approval Everywhere in Washington. Officials Now Await Next Move of the Enemy.

WASHINGTON, Sept. 17.—Austria's peace offensive is a closed incident so far as the American government is concerned.

Secretary Lansing sent to the Swedish minister today the note authorized last night by President Wilson flatly rejecting in two short sentences the proposal of the Austro-Hungarian government for secret and non-binding peace discussions. It was started on the cables at once for transmission to Vienna by the foreign office at Stockholm.

The President's action, including the precedent setting brevity of the re-

Women and Boys Are Filling German Gaps

WITH THE AMERICAN ARMY ON THE LORRAINE FRONT, Monday, Sept. 18.—(By The Associated Press) One hundred and eight German infantry battalions, equivalent to twenty divisions, have been disbanded. It is learned, in order to fill the gap made by the past year's fighting. Women and boys are being called to the auxiliary service to replace them. Five thousand women have already been mobilized for this purpose and boys of fourteen are utilized.

THOUSANDS SHOT BY BOLSHEVIKI

State Department Informed That Position of the Populace in Central Russia is Tragic in the Extreme—Outside World Has No Conception of the Actual Conditions.

WASHINGTON, Sept. 17.—Information reaching the State Department today from a neutral country threw new light on the situation in Central Russia, where a reign of terror conducted by the Bolsheviki has made the positions of the populace tragic in the extreme and is endangering citizens of the Entente powers who have been unable to leave the country.

MERE SUSPICION CAUSE FOR EXECUTION

Declaring that the outside world cannot have a true conception of the actual conditions the despatch said that since May, the Bolsheviki extraordinary commission against the counter-revolution has conducted a campaign of wholesale murder. Thousands of persons have been shot without even a form of trial, it was said, and many of them probably were innocent of the political views for which they were executed.

The assassination of Moses Uritsky, head of the commission against the counter-revolution and the attempt on the life of Premier Lenin were direct results of this condition of tyranny, says the advices.

REVENGEFUL GANGS VENTING THEIR DESPERATION

A general search is being made of the homes in Moscow of the well-to-do and former officers in an effort to secure any shred of evidence upon which to make arrests, said the despatch. The prisons are filled to overflowing and executions continue daily. In many cases, it was said, sentences are passed upon the slight grounds that the accused might be dangerous to Bolsheviki power. In addition irresponsible and revengeful gangs are venting on innocent persons their desperation over the daily declining power of the Bolsheviki while the Socialists, who are opposing the Soviet government, have adopted the same methods that they once used against the tyranny of the Imperial Government.

All newspapers in Moscow, except the Bolsheviki organs, have been suppressed since July 1.

TRAPPED BY FIRE, ELEVEN PERISH IN NEWARK PLANT

Eight Girls, a Boy and a Man Die in Cloak Room on Top Floor of Building—Another Girl Leaps From Window and Nine Others Are Injured, Several Fatally.

NEWARK, N. J., Sept. 17.—Trapped in a cloak room on the top floor, eight girls, a boy and a man perished here today in a fire which destroyed the plant of the American Button Company. Another girl was killed when, seeking to escape from the flames, she leaped from a window. Nine other girls were injured, several fatally.

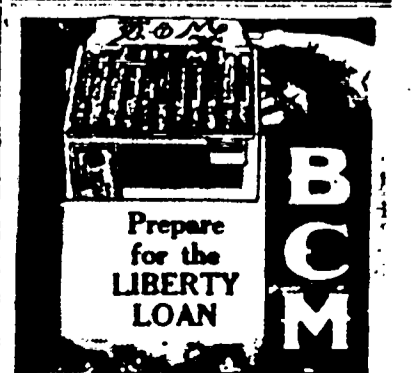

The girls on the lower floors made their escape, some by jumping and others by the fire escapes. Most of the dead and injured were working in the carding room at the top of the building. It is believed that when they found escape by means of fire escapes and stairways cut off, they fled in a panic to the cloak room, where their bodies were later found huddled together. All were burned beyond recognition, and it was only through trinkets and bits of scorched attire that identification was at all possible.

FAMOUS ROMANCE, JANE EYRE, PICTURED ON PARK SCREEN

The introduction of Jane Eyre, best beloved of all fiction heroines to the screen, in the Select Star Series photoplay, is a notable event which has been awaited with keen interest. This masterpiece, by Charlotte Bronte, has made Jane Eyre a household word; and sharing in her popularity is the unfortunate Rochester whom she loved so devotedly.

This world-famous novel enjoys a doubly-high reputation, for seldom is a classic hailed by generation after generation with such love and interest by readers of both sexes, of all ages, and in all lands. Jane Eyre has been translated into a score of tongues and in each of them the book easily holds its own as a favorite of favorites.

It is a tale of a girl's boundless courage and sweet optimism in the face of the many difficulties which beset her path; parallel with her story is the struggle of a virtuous personality, Edward Rochester, whom dark clouds likewise overshadow; but their paths meet and after still further misfortunes, the denouement brings them together to their well-deserved happiness.

Alice Brady's sympathetic interpretation of the touching little governess will make even more secure her already established place in the hearts of America's film audiences.

Among other good things at the Park are Charlie Chaplin in a clever comic, The Immigrant; a gay comedy called, There Goes the Bride, and new Burton Holmes travel pictures.—adv.

FARNUM IN MILITARY PLAY AT GRAPHIC

SCENE IN A SOLDIER'S OATH

A military drama of thrilling interest entitled A Soldier's Oath, heads the new bill at the Graphic Theatre for Wednesday and Thursday, with that fine actor of heroic parts, William Farnum, in the principal role. Farnum is effective in any sort of picture, and any picture with Farnum in it is good. Everybody who ever goes

GREAT ACTOR COMING

There are few better-known actors in this country than George Fawcett, a veteran player, whose latest role is that of a patriotic German-American, who disapproves the statement so often made, that all hyphenated citizens of German birth are undesirable and should be expelled from the country. Mr. Fawcett plays the role of a German in the Hun Within, which will be seen at the Bijou Theatre on Friday and Saturday, but in this instance, this German loves the United States, the country of his adoption and is

ready to sacrifice his life if necessary for the American cause. Mr. Fawcett's portrayal is said to be one of the best of his kind in motion pictures. Chief in the supporting cast is Dorothy Gish, the charming Griffith star, Charles Gerard, Douglas MacLean, Lillian Clarke and Kate Bruce.—adv.

PLANS OUTLINED FOR LIBERTY LOAN

Team Captains Talked Matters Over—Campaign Occurs Week of October 7.

Plans for the next Liberty Loan campaign in Bangor were outlined by Col. I. K. Stetson, in charge of the work here, at an informal meeting of the 25 team captains in the rooms of the Chamber of Commerce on Tuesday night. Each team will have four or five men and it is planned to make a thorough canvass of Bangor in order to meet the large quota assigned to this city.

It has been decided to hold the local campaign on the week of October 7, or the second week of the national campaign. There will be a meeting of the teams each night of the campaign at the rooms of the Chamber of Commerce when reports will be made and a supper served, which are expected to keep up the interest and to allow the persons in charge to obtain accurate information as to just how the campaign is progressing.

Col. Stetson outlined the plans of the campaign and the details of the work with the captains, many of whom were experienced in other campaigns, and a very comprehensive line of endeavor was arranged. With the results of the other campaigns to work from, proper division of the teams should be easily arranged and duplication of work be avoided.

Among those present were, James Q. Guinan, president of the Chamber of Commerce, H. H. Bowes, G. G. Chalmers, F. C. Tyler, William D. Matheson, Moses B. Buck, Harry J. Coville, C. E. Preble, Josiah T. Taylor, Simon Cohen, E. E. Herrick, George M. Dole, F. J. Erickson, O. H. Nelson, Ols Skinner and W. A. Hennessy.

TOPSFIELD SOLDIER WRITES FROM TRENCHES

TOPSFIELD, Sept. 17.—The following letter has been received by Mrs. Frank Bailey from her brother Lester A. Thibodeau who is with the American Expeditionary Forces overseas:

August 7, 1918.

Dear Sister Alice:

I will try and pen you a few lines to let you know that I have arrived in France and am feeling fine and dandy.

I visited part of England on my way through and had the good fortune to visit one of the ancient cathedrals there. It was certainly fine and I wish you could have been there to have seen it.

You cannot imagine the difference in the mode of living and conditions in the U. S. A. but of course when one realizes that these countries in Europe are hundreds of years older than America one could not expect them to be the same. The French people are very kind and think there is no one like the Americans.

The country both in England and France is very beautiful and farming is extensively carried on and the crops are of a varied kind.

The buildings are of masonry construction, chiefly of brick, some of stone and mortar and it is not an uncommon sight to see buildings thatched with straw especially in the country places. All buildings have red roofs and take it all in all it forms a very pretty sight. I could say a great deal more on the subject, but of course it would not do.

We had a fine trip across the Atlantic and wasn't sea sick one day. They are doing their harvesting here at the present and all the wheat and other grains are looking fine. I suppose Frank and Sammie are haying or have they got the crop cut? Well sister dear, I must close for this time. Write as often as you can and give little Val and Woodrow a kiss for Uncle Lester. Hugs of love to all.

MELODRAMATIC SENSATION AT THE BIJOU NEXT WEEK

SCENE IN THE MAN WHO CAME BACK—BIJOU THEATRE, SEPT. 23.

William A. Brady will present at the Bijou Theatre, for three nights, beginning Monday, Sept. 23, with a matinee Wednesday, his famous melodramatic success, The Man Who Came Back, which enjoyed such a phenomenal run in Boston at the Wilbur and Plymouth theatres last season. It is unique in its way, for it offers almost every form of strong emotion, and the locale covers the territory between New York and Shanghai, China. The hero is a purely American type, and the incidents associated with his wanderings are sensational, to say the least.

The play is by Jules Eckert Goodman.

MACHIAS FAIR STARTS OFF WELL

Good Attendance, Interesting Exhibits and Some Exciting Horse Racing.

(Special to The Bangor Daily News)

MACHIAS, Sept. 17.—The Washington county fair got a good start today, with a bigger attendance than on the first day last year and every attendance of the most successful event. The track was in fine condition and the races were driven to win all the way. Charles Jackson, Bangor's famous one-eyed driver of Bangor landed the 230 in straight heats. The 238 class was a sizzler going five heats with neck and neck finishes. J. W. Gallagher of Woodville, N. B., with Myrtle Rydyk looked like a winner after taking the first two heats but the Caribou flyer Col. Sphinx, driven by Southard took the next three. Melbride's Mary Heir was right with them all the way. The summary:

220 CLASS, MIXED, PURSE \$200

W. G. Means was starter. The judges and timers were, George D. Perry, of Machias, Harry J. Donald of Adirondack, Crawford H. Plummer of Harrington, W. W. Woodworth of West Pembroke and K. P. Donald of Columbia Falls. W. G. Means, Jr. was clerk of the course.

Three races are on the card for Wednesday, the 216, 225 and free-for-all classes, all of which promise some good sport.

The midway and between heat attractions are fine and the exhibits in the hall interesting particularly the showing by the Victory canning club. The clubs have a total exhibit equal to 1897 plants, more than has been shown in any fair in the state so far. One boy, Leon Andrews of Northfield is something of a canner and has put up 100 jars of all kinds of fruits, vegetables, meat, fish, etc. and did every

man, founded on a short story by John Fleming Wilson, and gives in vivid detail an account of the journey of a man who sank from the top to the depths, and there, in an opium den in Shanghai, found the girl who was to lead him the long way back again.

Frank Morgan and Dorothy Bernard play the leading roles and others in the excellent cast are: Olive Cooper, Hilda Holstrom, James Seelye, Richard Clarke, Frank Houston, Peter Lang, Nick Long, Sophie Allen, Estelle Frederick, Clarence Herrent, Lillian Owen, and William Feenington.

The seat sale will begin at 10 a. m. Thursday.—adv.

LEONARD—HAMM

Charles W. Leonard and Miss Emma Lota Hamm, both of this city, were united in marriage at the home of the bride, 20 Webster avenue, Tuesday afternoon at 1:30 o'clock. Rev. Ashley A. Smith of the Universalist church officiated. J. Harris Holyoke of Brewer was best man and Mrs. J. Harris Holyoke was matron of honor.

The bride was dressed in a blue traveling suit and wore a large black velvet hat. She wore a corsage bouquet of white roses. The matron of honor wore a brown suit, with black velvet hat and wore a bouquet of pink asters.

After the ceremony a buffet luncheon was served, only the immediate relatives being present.

The house was prettily decorated for the occasion, the color scheme in the dining room being yellow and green and in the room where the ceremony took place, green and white.

The couple left immediately after the ceremony to parts unknown. They received many beautiful gifts of silver, cut glass, etc., convincing of the high esteem in which both young people are held by their many friends.

The groom is the son of Mr. and Mrs. J. W. Leonard of Fountain street. He is a graduate of the Bangor high school in the class of 1910, and at present is employed with Morse & Co. He is a prominent member of the Masonic Club. The bride is the daughter of Mr. and Mrs. Mark Hamm, 20 Webster avenue, and is a graduate of the Bangor high school in the class of 1911. They will be at home after Oct. 1 at 20 Webster avenue.

THIRD INSTALLMENT SECRET DOCUMENTS

More German Trickery Revealed in Papers Issued By U. S. Gov't.

WASHINGTON, Sept. 17.—German trickery in breaking the Ukraine away from the bought-and-paid-for Bolshevik government, plots against loyal Russian soldiers and their leaders to insure complete German sway after the false peace conference at Brest-Litovsk, and further evidence of the precautions of the Teutons against Bolshevik preaching in their own ranks, are shown in today's installment of secret documents from Russia made public by the United States government.

Communications written in January disclose that the Bolsheviks were fully informed of what the Germans were doing in the Ukraine and knew that peace treaties with the Ukraine and Rumania were coming. They also learned quickly enough that Germany was disposing of their hopes to see their revolutionary propaganda take root on German soil.

Notes from the German intelligence service taken from Trotsky, the minister of foreign affairs, show first that a Turk with a Russian passport was sent to Petrograd to keep watch over the Russian commander-in-chief, and that a month afterwards, late in February, removal of the commander-in-chief, General Bonch-Bruyevich, was demanded. Bruyevich, whose continuance in the position was "particularly no longer desirable" to the Germans, was turned out and General Pavlov, of the German intelligence service, was appointed to command the Petrograd district.

FIVE NEGROS PAY THE DEATH PENALTY

Hanged at Fort Sam Houston for Participation in Texas Riots Last Year.

SAN ANTONIO, Tex., Sept. 17.—Five negroes, whose sentences to death were pronounced by court martial, which tried them for participation in the Houston riot in August, 1917, and were approved by President Wilson, were hanged at Fort Sam Houston at daybreak Tuesday. No civilians were allowed to witness the executions, which were carried through with great secrecy.

Shortly before daybreak this morning the prisoners were conducted under heavy guard and in trucks to the secret place of execution. They were permitted to have a few minutes with a chaplain and were then hanged.

The five negroes executed were convicted of killing E. M. Jones, a Houston citizen, who was shot during a riot last year.

STOLE ETCHINGS FROM THE MUSEUM OF ART

NEW YORK, Sept. 17.—The theft of fifty etchings, some said to be priceless, from the Metropolitan Museum of Art, their sale for \$800 to a Fifth Avenue art dealer, and the use of the proceeds by the thief to entertain a young woman on automobile "joy rides" was described today when 19-year-old Alexander Rosenberg pleaded guilty in court to grand larceny. All but one of the etchings have been recovered, and the police were instructed by the court to investigate the dealer who bought them.

Rosenfeld told the court that his "ambition to become an artist" had led him to the museum and to the theft, and that he had represented to the dealer that the pictures had been saved from the Germans in Belgium.

HUN MAJOR CAPTURED BY AMERICAN NEGRO

PARIS, Sept. 17.—(Correspondence of The Associated Press).—During the recent American advance out of Chaumont a Red Cross captain was looking about for suitable hospital sites when he met an American negro soldier marching along towards Chaumont, following closely behind a German major. The negro had ferried his pack from his own back to the back of the German officer and also transferred the German's monocle to his own eye. Thus armed, the black warrior was perched triumphantly down the road. As passed the Red Cross captain he called out:

"I say, look here, what this is done for."

JUSTICE PRESCRIBES FOR MORAL ILLS

Cases of Bigamy, Adultery, Rum and Burglary Treated By Doctors of Law.

In the supreme court on Tuesday morning pro forma proceedings were had in the case of David Stevens of Bangor, indicted for bigamy, in order to carry the case to the law court for determination on points of law. Attorney Donald F. Snow demurred to the sentence imposed by Justice Dunn, was over-ruled and exceptions were taken, for the purpose stated. In case the law court decides in favor of respondent that will end the proceedings, but if otherwise, the respondent will plead again in trial and his case will go to a jury trial. The court imposed pro forma a sentence of one year to 18 months imprisonment.

In the case of Maud Colson of 59 Cedar street, indicted for maintaining a common nuisance, the jury rendered a verdict of not guilty. The jury retired at 3:10 o'clock and returned in one hour. In the morning the state continued the presentation of its case, the sheriff's deputies relating what they saw when they made their raid, while other witnesses testified to acts which they thought out of the ordinary. The defense was a general denial. Charles A. Talbot, a teamster, who was prosecuted in the municipal court by Henry L. Pendleton, state cruelty officer, for assault and battery and who entered an appeal to the supreme court, was fined \$25 and costs. C. J. O'Leary was appointed by the court to defend him. The case was continued from the February term, the assault having taken place the previous summer. The respondent, through counsel, pleaded guilty, throwing himself on the mercy of the court.

WOULD-BE BURGLARS FREED.

In the case of Guy P. Wood, Peter Dunphy and Michael Lyons, indicted for attempt to break and enter at a residence, in upper State street, Bangor, last summer, George E. Thompson appeared for the two latter, entering a plea of guilty and asking the case be placed on the special docket. There seemed to be a conflict of opinion as to the attorney for Wood, the county attorney stating that E. P. Murray represented him, while J. G. O'Connor entered a claim as counsel, producing a letter from Wood written from Orono. Mr. Dunphy and Lyons retracted their previous plea and pleaded not guilty. Their cases were continued for sentence and they were released on their personal recognizances.

WINE, WOMEN, GAMBLING.

When the case of Thomas Gibbons, bound over from the municipal court on charge of unlawful deposit of liquor at the Riverside House, came on the respondent was called to the stand to be questioned. Judge B. W. Blanchard of the municipal court spoke on behalf of Gibbons, saying he believed Gibbons was not the responsible party in the case, although he had held him in the lower court. The court suggested that the case go to a jury trial, to which Judge Blanchard remarked: "It wouldn't go to trial, or a conviction wouldn't be had, if it was in my court." Justice Dunn took exception to this form of address, replying pointedly: "That is pure assumption on your part. The matter is now in the hands of the county attorney and this court is determined." Judge Blanchard apologized and the incident passed. The court appointed Charles H. Reid to defend Gibbons, who said he was without means. Euphrasie Tardif, represented by Edward J. Hudson, pleaded guilty to unlawful deposit of liquor and his case was placed on the special docket.

The case of Frank Sabar, a Syrian indicted for adultery, was continued for sentence, the respondent being placed on probation.

In the matter of a liquor case pending against Ida Leclair, formerly of Bangor, whose petition for pardon was heard by the governor and council some weeks ago, T. F. Gallagher, attorney, stated that he believed the woman to be dead and will endeavor to secure proofs.

Herbert Drake of Old Town, bound over for drunkenness, stated that he had kept sober for 40 days and was trying to make it a chronic habit, not liking "the kind of stuff they sell now." The court encouraged him and allowed him to depart on payment of a fine of \$10.

FESTIVAL WILL BE BACKED STRONGLY

Guarantee Fund is Being Raised—Features of This Year's Program.

At a meeting at the Chamber of Commerce rooms on Tuesday afternoon in the interests of the Maine Music Festival, Director William H. Chapman and the officers of the local festival organization appeared before the executive committee and presented the situation confronting the festival on account of war conditions. The intent of the meeting was to obtain the enthusiastic co-operation of Bangor in supporting the festival to the limit this year, the Bangor management having made it a distinctly war festival.

It has been decided to apply the entire net proceeds to the United War Relief, a worthy and patriotic decision which should be applauded by the entire community of eastern Maine. This action is sanctioned by the United States government and a decision has been received here abating the war tax on tickets on account of the patriotic work of the festival in aiding, in a great cause. Director Chapman has done his part, saving all dividends which might accrue.

The situation arising out of the war conditions of increased cost of railroad travel and increased expenses in general was gone over with the Chamber of Commerce officers and it was enthusiastically decided on the spot that a guarantee fund be created to ensure the worthy enterprise from all possibility of a deficit. Without solicitation and before the committee of solicitation had been appointed, \$500 was subscribed to the fund by members present.

Harry A. Chapman, Franklin E. Bragg and Eben Leavitt were appointed a committee from the Chamber of Commerce, to solicit funds and they will start work this morning.

Those who do not feel able to subscribe to a guarantee fund will be asked to purchase tickets to the festival and thus substantially aid in that way. It is believed that the fund will be over-subscribed in quick order, as everybody realizes the importance of maintaining the Maine Music Festival by this time.

The people are asked to impress the fact upon their minds that prices of tickets have not been increased, notwithstanding war conditions, and there will be no war tax to pay on tickets.

The stockholders' sale of tickets opened at Andrews Music House on Tuesday with good results.

At 3 p. m. today the auction sale of course tickets will take place at City Hall. On Thursday the public sale of course tickets will take place at Andrews Music House. The sale of single tickets will open on Saturday, Sept. 28.

CHAPMAN TALKS TO CHORUS.

Director Chapman attended the Festival Chorus rehearsal on Tuesday night and filled his heart with enthusiasm about the festival program and gave them high anticipations in regard to the artists who are coming. He says that the choruses are doing wonderful work and will be a fine feature of the festival.

Mr. Chapman said that one of the greatest surprises in the twenty-two years of the festival will be had in the appearance of Hipolito Lazaro, the famous Spanish tenor. He has often asked why he has not presented Caruso at the festival. His answer is that he is presenting the nearest to Caruso, and many critics claim superior to him in this great artist, who has been the sensation of Europe and the Metropolitan Opera House, New York, the past season, and in order that the public may realize the expense it means to bring Mr. Lazaro for the festival, he says he is paying him \$250 more than he paid for the great Galli-Curci.

Mr. Chapman said he wanted the public to realize what it meant to bring Lucy Gates to Maine. First, she is an American who has attained success in Europe, second only to Nordica, singing in opera. Second, on account of the war, she came back to America, and has scored a success, quite equal to Galli-Curci in many of the leading musical centers. She is considered by all leading critics the best American coloratura soprano before the public today. She is young and very handsome, and a singer of great personal magnetism and charm.

It is useless to describe Elbel Leginska, as she is a genius, and was acclaimed last season by her wonderful performances, as the greatest lady pianist living. Mr. Chapman said about the fact that the other new artists such as Martha Atwood, Harriet McConnell, Norman Arnold and Hartridge Whipp would more than please the public with their artistic work.

The chorus and orchestra, he says, should not be overlooked, for they are the true backbone of the festival, and are well worth the price of a course ticket alone, to hear their performance without an artist around them.

MAY CLAIM DEFERRED CLASSIFICATION

WASHINGTON, Sept. 17.—Provost Marshal General Crowder today announced that conscripts engaged in truck transport service may claim deferred classification for necessary employees.

LEE-BOY FALLS ON BATTLEFIELD

Willard C. Houghton, Formerly of Milliken Regiment Was Killed in France.

E. W. Houghton of Lee was notified Saturday night by telegram that his son, Private Willard C. Houghton, had been killed in action in France.

Private Houghton was born in Lee Jan. 10, 1895. He attended the public schools of Lee and Higgins Classical Institute, graduating with high honors from the latter institution in the class of 1914. He took a prominent part in athletics, playing on both football and baseball teams. He entered the employ of the Great Northern Paper Company in the fall of 1914 and won rapid promotion. The last year he was head woods clerk at the main river operation. In the spring of 1917 he was chief accountant in the office of the P. Q. Lumber Company of Nouvelle, Quebec. A few months after war was declared he came back to his native state and enlisted in the First Maine Heavy Artillery, being one of the first from the town of Lee to enlist.

He was with the Milliken regiment at Westfield, Mass., Charlotte, N. C., and Spartanburg, S. C.

He was very eager to see active service and after many requests for transfer to a regiment that would see immediate overseas service, was finally transferred in June, 1918, to Co. B, 1st Pioneer Infantry, one of the best trained infantry regiments in the army. This regiment landed in France in July and in the latter part of August took part in some of the heaviest fighting.

No details concerning Private Houghton's death have been learned as yet. Private Houghton is survived by his parents, three brothers and two sisters. A younger brother, Vance L. Houghton, leaves the latter part of September for Camp Devens.

He was well known in Bangor and many friends will learn of his death with deep regret.

MAINE REGISTRATION EXCEEDS ESTIMATES

The registration of Sept. 12, 1918, in Maine has exceeded the estimates. Adjutant General George M. Freeman, the provost marshal of Maine, was able late Saturday afternoon to wire the provost marshal general at Washington that, with 10 precincts missing, Maine would register well over 90,000 men between the ages of 18 and 45; whereas the estimates had called for from 75,000 to 80,000.

The registration figures, with the 10 precincts missing, are divided as follows: Citizens, 72,790; declarants, 5,194; non-declarants, 2,943; total, 80,927. To that total will also be added an estimated 5,000 for the men engaged in lumbering operations, which will bring the grand total, as stated, well over the 90,000 mark.

Wounded Carroll Boy Now in Own Country

CARROLL, Sept. 17.—The many friends of Paul Thibodeau of this town will read with interest the following letter written by him after landing in Virginia:

Newport News, Va., Sept. 10, 1918.

Dear Mother:

You don't know how good it seems to be writing from the States once more and it will probably be a surprise to you as well as myself. I'm sure it was some surprise to me to get back before the war closed. Don't let this scare you and think I'm a great deal worse than I am because I'm getting along fine.

My wounds are nearly all healed and the bone is getting strong fast. Of course I am in bed yet with a Thomas splint on but it won't be long now before it can be taken off. Possibly you never got the letters I wrote from France, so I'll tell you again where I got hit. Just below the hip-joint a machine gun bullet went through causing a compound fracture and making a small hole in the back part of my leg. I expect to be home on leave next month anyway. I am in a hospital in Newport News, Virginia now and it's a dandy hospital, best one I've been in yet. I lay where I can look out on the ocean and see the little boats sailing around. This is an evacuation hospital. They send patients to hospitals all over the States, but we go either to Washington, D. C. or New York first and from there to the nearest military hospital to our home. I think Massachusetts is the nearest for me. Well, I think I'll have to stop now and may not write again from here, so don't be worried if it is over a week before you get another letter and don't write until I tell you to. I don't know where I'll be. Love to all

Originally the Finlanders were fire worshippers, and to this fact, doubtless, may be traced the custom, never neglected at midsummer and other seasons, of lighting on the hills bonfires, around which the country folk dance, while they join their voices in rustic choruses. At the coast this traditional fire is often lit upon a raft some short distance from the shore, and there the festive throng rows in a circle, singing almost as long as the flames continue to illuminate the somewhat weird scene.

Pistol and Revolver Cartridges for Shooting Right

FOR home defense, for hunting or for target shooting, buy the kind of cartridges the pistol and revolver experts demand and champions depend on to win—the Remington UMC "Red Ball" brand.

Knowing that a single "unaccountable" wild shot may cost him the match, one misfire in a hundred shots throws him out of his winning "form," the target champion chooses Remington UMC Cartridges.

He knows that over since he loaded down the right of his first pistol, he has found Remington UMC Cartridges all right.

The old adage—"who loaded a six-shooter till he was loaded"—and still delight in making up a thriving career when he gets a "chance" shot. Give me Remington UMC "Red Ball" brand cartridges every time—they shoot right.

RELEASING WHEAT WILL PREVENT DISASTER

Our food administrator has just been to the "Front" and sends us the new flour conservation message.

A careful survey has been made by the Food Administrator of the Allied countries and from the reports it is found that to reserve enough supplies and reserve against disaster for two hundred and twenty million people fighting against Germany there must be maintained a conservation of wheat flour during the coming year.

Beginning September first we may use twenty per cent of wheat flour in out batters, dough, and pastry mixture. There are many of us who will continue on practically a total wheat abstinence basis so long as there is a need for wheat. We like the new breads and we feel more American when we are releasing a bit more than absolutely necessary.

The Food Administration is relying upon each householder to do her part and see that at least twenty per cent of substitute cereals is mixed into the wheat flour for all uses at home.

ASK FOR VICTORY MIXED FLOUR.

and proportions are plainly marked on the package.

When wheat flour is purchased either barley, corn meal or corn flour must be purchased in the proportion of one pound of either to four pounds of wheat flour.

There are some localities where other flours are desirable as wheat flours. The administration allows that where desirable the consumer may buy in the same proportion any of the following flours to mix with the wheat flour: Rice, Bean, Kaffir, Oat, Potato, Buckwheat, Peanut, Sweet Potato, Mito Feterita Flour.

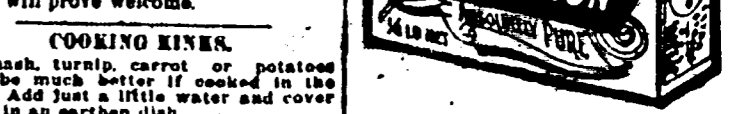

Where Rye flour is purchased as a substitute two pounds of rye flour must be purchased with three pounds of wheat flour.

Navy bean flour should be in every kitchen as it is both a wheat and meat flour. Use it in place of any wheat flour as thickening for gravies and soups and as flouring for cutlets and croquettes. A splendid puree can be made of just the bean flour cooked thoroughly in water or milk seasoned and added to hot milk either fresh or evaporated. If evaporated milk is used it may be diluted one and one-half parts water to one part evaporated milk and give a hearty puree with the cooked bean flour and a liberal seasoning of a high grade oleomargarine. The oleomargarine will add the fat needed to make a thick bean puree practically a meat in itself.

It is no hardship for many of us to do without wheat entirely at least one meal every day. For these meals bread sticks made of the navy bean flour will prove welcome.

COOKING HINTS.
