Bro. Wentworth Pastor read the following Report
Report
We have but one Sabbath School on the charge at
the present time viz., at South Orrington. This school
is in a usually prosperous condition. The average
No in attendance 40
During the last summer we had a flourishing
school in the both neighborhood. So called, at
North Bucksport numbering about 40 Teachers
and Scholars.
The School at Centre Bucksport was not organised
last season owing to circumstances which ren-
dered it impracticable. I purposed to organize
this school with the opening of spring but the
bitterness with which I consulted thought it advisable
to wait until after Conference. It was also
proposed to open the School at North Bucksport
but I advised those interested to wait until
after Conference and then make an effort to
unite the two Schools, if this can be done I doubt not it will tend to promote the interest of both, not only will it bring the children together for instruction in the Sabbath School but it will have a tendency to unite parents in one common interest and bring them with the children to the house of God to receive instruction from the sacred Desk.

I have attended to some extent to the religious instruction of the children as organized by the Discipline. This instruction has been mostly of a public character.

Of the general condition of the Charge I have little to say. It is not materially different from what I found it two years ago. Religion is at a low ebb. There is a great lack of spirituality among the Members. A lamentable want of interest in those things that pertain to the Kingdom of God. On the whole I think the Charge is in as good condition as for several years past.

During the past season we have completed a fine Korbah for worship at Centr. Buck'sport. The Desk is dedicated to the N. E. Church. The Pews are in the hands of the people and there is not a Dollar indebtedness, but for the difficult going out of the furnishing of the house. I should say that
part of the charge was in a much more flourishing condition than for many years past, as it is I am inclined to think. My successor will find a better state of things than I did. I commenced my labor with this people under unfavorable circumstances. I have continued them under difficulties, and I close them without witnessing the charge so desirable, but with the consciousness of having done not all my duty, but what I have done with a sincere desire to benefit those whom and for whom I have labored.

The doctrines I have preached have all been drawn from the Holy Oracles of God and I have labored to present them as clearly as fully and as firmly as I was able. Had I been in a large city with a large salary and with a large congregation I could have done no better. My successor may present the same doctrines more clearly, more forcibly and with a warmer heart but not more honestly or with a more sincere desire that the Gospel may prove the power of God unto salvation.

Collected for Benevolent purposes about $20,000.

Report of Sunday School at So. Orrington

Numbers 60
Average Attendance 50
It has 510 souls in Library
It takes 35 dollars paper
Eight classes
I have talked to this school a little on the subject of religion
Dinners at So Orrington $5.35

State of the Church at So. Orrington
In general religion is low, yet thank God there are some living Christians. I preach them every Sabbath afternoon, when I began I had twenty hearers, the last Sabbath I had a hundred. We have a prayer meeting at 6 Sabbath evening in attendance, but spiritual and good. I think the interest is increasing, I lecture once in 4 weeks at Drinke School House, and once in four weeks at Snows School House. I think on the whole everything on that part of the circuit is encouraging.

Report
First 2. Report of Preacher in charge of Cornington Cir-
cuit for year 1868 to 1869.
The plan of dividing the entire town into one circuit seems
to have been accepted by the people without objection,
and it has thus far operated without friction. In
view of the interests and wishes of all parties it appears
to be an excellent arrangement. The entire charge
seems to acquiesce in the appointments and the
members have received their Preachers with becoming
resignation. There have been fewer lectures delivered
and less pastoral labor expended than we intended
the seasons for this are the illness of one Preacher and
the long move and late settlement of the other.
We aim at holding Lectures and prayer-meetings
all over the charge, and intend that all the classes
shall meet and every family be visited. We propose
to adopt immediately after Camp-meeting a thorough
and systematic plan of operations embracing ever,
neighborhood in the Circuit.
Then an Extra Sabbath Schools in operation. Parents and children are well represented in the Centre School. At both the others the attendance is far less than it should be: there is however at both of them an encouraging increase both of numbers and of interest. No systematic instruction of children in the Catholicism either public or private has been practised or even attempted by the Preachers in charge.
During the last quarter Solomon and Maria Bolton, George and Eldridge, and Rose and Mary A. Dickerson have been received into the Church from probation. Clarinda Freeman and Abba Mayswell have been admitted by certificate. Death has taken Bro. Daniel Dickerson. He was advanced in years and was a great sufferer, but his end was peace. The Preachers expect arrival. They intend to pray and to labor that it may be realized. In this work they implore the cooperation of the entire church and especially of the official members.

at Orrington Rev. E. A. Helmershausen presiding.
Conference opened with prayer by Rev A. Prince,
Voted W. J. Nickerson Secretary.
Trustees and S S Superintendents approved.
No complaints or appeals.
The Sunday School at the front and at the South
are still in operation. The School at the Centre
has suspended. The arrangement for Sunday
services is such that the preachers can do but
little in the Sunday Schools. One sermon has
been preached to the children during the quarter
and a number of addresses made but no for-
mal system of catechising them has been in-
stituted. The statistics of the several Schools
are not available for this Report. The attendance
has not been large. The proportion of youth to the entire population is small. Of these on many an absent most of the season. And of those that can attend I regret to say quite a portion do not. No members have withdrawn or removed and none have been expelled or excused upon probation. Maria A. Reed has joined by letter & Eliza Baker has left for the better land. Nine have joined on trial. A record of pastorial labor has not been kept. I have not done as much as I intended I mean to do more. But one collection for benevolent objects has been taken. That amounted to just $13.00.

During the quarter just closing we have districted the entire charge, and established sections of appointments at eight convenient central points. At each of these there is evening preaching three times a month. The attendance at most places is very good and the interest is encouraging. Most of the classes meet regularly and the people are well supplied with the means of grace. Quite a number have been converted and we are looking and laboring for more extensive work. Quarterly Report.

Of the preacher in charge of Cornington Circuit to the
Third Quarterly Conference held Cornington Centre Feb 6th 1869.

No of Sunday Schools within the bounds of the Charge 1.

State of Sunday Schools within the bounds of the Charge. The Schools at the Poindexter Centre have been closed for the winter. The School at So Cornington is in a good condition. Average attendance good.

Then have been none received into full membership

excluded - received by letter - dismissed by letter,

- died - or withdrawal from the church during the

quarter. Six sermons have been preached upon

seven Sabbath, and four during the week.

The preachers aim to spend every S.D., inside...
the people from house to house, but have frequently failed. We hope not for want of zeal in the work but to attend to other duties.

The kindness of the people with whom we labor has served to lighten our burdens, increase our love for the Master's work.

There has been but two collections taken during the quarter, both of which were for the Church Extension. The amount I am not prepared to state.

Respectfully submitted

P. L. Hanscom
Preacher in Charge

Preacher's receipts are as follows:

A. Prince, from the East... $188.53
   . . . . Centre... 70.67
   . . . . South... 92.32

Report

and Orrington Circuit to the first Quarterly
Conference held at Orrington Cen. Aug. 1869

There are two S. Schools within the bounds of
the charge, both are enjoying more than usual
degree of prosperity.

The average attendance about 125. There are
five Bible classes with an average attendance
of about fifty.

I have intended to spend the afternoon of five
days in each week in pastoral labor, but the
thought that so little has been accomplished is
rather painful than pleasant. When considering
the weakness of the people's servant, we deem it a
first cause of thankfulness that the great work
has in some hope lost nothing, but steadily advance.
Although there has been no particular several intere
yet we deem it safe to say, some are inquiring the way to be saved. At the Centre the people generally seem interested, and the attendance upon public worship is unusually large. We will continue to work and pray trusting in Him who alone can give the increase. There has been no benevolent collections taken during the quarter.
