Maine State Cultural Affairs Council

ANNUAL REPORT

INTRODUCTION

Maine State Cultural Affairs Council History and Purpose

The Maine State Cultural Affairs Council [CAC] was established in 1990 to ensure a coordinated, integrated system of cultural resource programming and projects, and to ensure the support of cultural heritage institutions and activities of the State.

The CAC membership includes the chair and vice-chair of the governing body of the following agencies and organizations: the Maine Arts Commission, the Maine Historic Preservation Commission, the Maine Library Commission, the Maine State Museum Commission, the Maine Humanities Council, the Maine Historical Society and the Maine State Archives. The chair of the CAC is appointed by the Governor from among the members of the governing body of the member agencies. Ex-officio members include the agency directors and a liaison representative from the Office of the Governor.

As set forth in statute, the functions of the CAC are to:

- Coordinate budget requests
- Provide a forum for interagency planning
- Serve as the principal liaison for distribution of agency-wide notices and instructions from other governmental administrative agencies
- Prepare a joint annual report and planning documents for the agencies
- Meet with the Maine State Film Commission and the State Law Library and others as appropriate to exchange information and coordinate statewide cultural planning.
- Administer the New Century Community Program fund

Six of the seven cultural agencies summarize and report on their activities during the course of the year. The Maine State Archives did not provide information for the report.

This is a report of the activities of the CAC agencies during fiscal year 2012 as required by law. A summary of CAC direct activity begins on the following page, and thereafter, each of the cultural agencies (with the exception of the Maine State Archives) summarizes and reports on its activities during the course of the year.

MAINE STATE CULTURAL AFFAIRS COUNCIL

Central Office: C/O Maine State Library, Augusta, ME 04333-0064

Mail Address: 64 State House Station, Augusta, ME 04333-0064

Established: 1990

Beth Edmonds, Chair

Purpose and Organization:

The Maine State Cultural Affairs Council [CAC] ensures a coordinated, integrated system of cultural resource programs and projects, and shall ensure the support of cultural heritage institutions and activities of the State. (Title 5, section 12004-G, subsection 7-A.)

The CAC was established in 1990 to coordinate the resources, programs and projects of the cultural agencies with statewide responsibilities. Membership of the council consists of a chairman, together with the chair and vice-chair of the following boards or commissions: the Maine Arts Commission, the Maine Historic Preservation Commission, the Maine Library Commission, the Maine State Museum Commission, the Maine State Archives Advisory Board, the Maine Humanities Council, and the Maine Historical Society. Nonvoting, ex-officio members include a staff member from the Office of the Governor and the directors of the seven cultural agencies.

Program / Acquisitions:

Each agency represented by the CAC has a special mission, program, and public constituency. While some agencies do acquire historical materials and educational resources, others do not. While some are primarily grant-making entities, others are not. Taken together, however, the work of these agencies – coordinated and promoted by the CAC – constitutes a broad, integrated program of state-supported cultural activity in service to the people of Maine.

The work of the CAC is guided by the charge given in 27 MRSA Sect. 552 by: 1) Meeting on a regular basis to coordinate the programs and projects of state cultural agencies, 2) Planning for coordinated budget requests for the State Cultural Agencies, and 3) Publishing useful information concerning statewide cultural issues.

Accomplishments:

In FY 2012, the CAC met quarterly, and continued to work in coordination with Maine's locally based organizations to promote coordinated cultural activities, the creative economy, and community revitalization.

Program Needs:

The greatest need for the CAC is to develop sustainable lines of funding (public and possibly private) that will help the cultural agencies maintain current levels of service, expand successful programs, and thereby contribute to the quality-of-place upon which so much of Maine's economic future depends.

Improvements:

The CAC has been engaged in discussions about the future of the New Century Community Program in conjunction with the bicentennial celebration of Maine statehood in 2020. It is anticipated that an upcoming planning retreat will generate a vision statement, as well as a set of goals and actions to be pursued in the next 5 to 10 years.

Finances for FY 2012:

MAINE ARTS COMMISSION

Submission for Cultural Affairs Council Annual Report

April 2013

Mission:

The Maine Arts Commission shall encourage and stimulate public interest and participation in the cultural heritage and cultural programs of our state; it shall expand the state's cultural resources; and it shall encourage and assist freedom of artistic expression for the well-being of the arts to meet the needs and aspirations of persons in all parts of the state.

To carry out this mission, which is drawn from the agency's enabling legislation, the agency will support programs and partnerships that:

- engender a cooperative environment within the arts field that results in more efficient delivery of programs and services;
- further the goals of the state as articulated by its elected leadership, advancing the arts through activities in such areas as the economy, education, and technology;
- have the potential to change lives by giving people of all ages the opportunity to come into meaningful contact with artists and art-making; and
- build a broad support base for the arts by increasing local capacity for arts-making and arts presenting, and by increasing local advocacy.

Summary of FY12 Budget:

The expenditure information for this unit was generated from the Budget and Financial Management System.

Acquisitions:

There were no acquisitions in FY2012.

Program Needs:

- The Maine Arts Commission wishes to seek out funds that would allow the agency to provide support for various needs that are not met under the current granting structure. The agency will be undertaking a Strategic and Cultural Planning process in the upcoming year which will require additional funds to implement. The agency is also partnering with the Collins Center for the Arts to hold the Maine International Conference on Arts & Culture in the fall of 2013 which will also require additional funds. The agency will seek funds while remaining non-competitive with state organizations.
- The agency's Ticket to Ride program, a fund that supports the transportation of school students to cultural events and venues, requires additional funding in the long-term. The agency has operated the program with support from two sources but, due to the popularity of the program, additional funding will be required in the coming years in order to maintain its success.
- The agency is seeking to create an endowment fund to insure long-term stability of funds for the Commission and its programs.
- The agency needs additional funding overall to better serve the needs of the field (artists, arts organizations and arts education) throughout the State of Maine.

Improvements:

- The Maine Arts Commission recently hired a new Executive Director, Julie Richard, to oversee the next phase of development for the agency. She is analyzing programs and staff structure to ensure that programs have maximum impact and reach the broadest constituency throughout the State.
- The Maine Arts Commission has expanded its grant programming through partnerships in the field and additional funding. The agency continues to oversee the Jane Morrison Film Fund and Ticket to Ride program and now has expanded its grant offerings to include select opportunities for Craft Artists. This new focus comes through a partnership with the Maine Community Foundation and the

Belvedere Fund and brings craft artists in alignment with other disciplines by offering a fellowship that is at the same level as other agency fellowships.

- The agency has continued to update its grant making systems. The agency is currently developing a new grants website that will allow for better data gathering and ease of use for staff and grantees.
- In response to requests from the field, the agency will hold the Maine International Conference on Arts & Culture in October 2013 bringing together artists, educators and arts organizations from throughout New England and Canada. The conference will feature a performing arts showcase – connecting performers to presenters; professional development sessions and keynote speakers that will teach participants about trends in audience development, marketing and fundraising; and networking opportunities for all.
- The agency recently reworked its website to allow staff easier access for updates and constituents easier access to the directory.

Mission

Established through a legislative act in 1971, the Maine Historic Preservation Commission is an independent agency within the Executive branch of state government that functions as the State Historic Preservation Office. Its Director is the State Historic Preservation Officer (SHPO). The Commission is responsible for the identification, evaluation, and protection of Maine's significant cultural resources as directed by the National Historic Preservation Act of 1966.

Public Composition

The Commission consists of eleven appointed members made up as follows: The Commissioner of Transportation or a representative of the Department of Transportation, and the Commissioner of Conservation or a representative of the Department of Conservation, to serve ex officio; and 9 representatives from among the citizens of the State who are known for their competence, experience and interest in historic preservation, including at least one prehistoric archaeologist, one historic archaeologist, one historian, one architectural historian and one architect, to be appointed by the Governor. The Commission meets on a quarterly basis to review and approve nominations of historic properties to the National Register of Historic Places, the agency's annual operating budget, and to make grant awards for historic preservation projects.

Total Expenditures	1,214,786	277,118	303,114	621,709	12,845

Acquisitions

The Commission continues to add to its collection of Maine images, maps and prints which are used for research purposes by the staff, and that are made available to the public for educational purposes.

Program Needs

One of the Commission's principal responsibilities is the identification of historic properties, including historic and prehistoric archaeological sites. In the past, sufficient funds were available in the budget to support a small subgrant program for this purpose. However, since FY03 no such grants (except within the nine Certified Local Governments) have been made due to budgetary constraints. Although survey data is being collected during the project review process, the Commission is unable to focus survey efforts in particular geographic areas of the state or on certain types of properties that may be threatened.

Improvements

Among the accomplishments or improvements in the area of historic preservation during 2012 were the following:

Dresden Falls Archaic Site

In FY 2012, a coalition of conservation and preservation groups (Friends of Merrymeeting Bay, The Archaeological Conservancy, Maine Historic Preservation Commission, and the Land for Maine's Future program) completed the acquisition of an additional 5+ acres of the Dresden Falls Archaic Site, Dresden, Maine. The site was a seasonal fishing village occupied by various Native American cultural groups between 9,000 and 4,500 years ago. It is the largest known archaeological site of this time period in Maine.

The total area that has been acquired and permanently protected is 20 acres. Ownership in fee is held by The Archaeological Conservancy, with a Preservation Agreement held by Maine Historic Preservation Commission.

Rehabilitation Tax Credit Program

In 2010, Maine's state rehabilitation tax credit was re-authorized for another ten years. Since then, the rehabilitation credit has been used in conjunction with housing credits on a number of projects that were completed this year. These projects rehabilitated former public school buildings in Auburn, Biddeford, Lisbon, and Kennebunk, as well as the former Healy Asylum and a portion of the expansive Bates Mill, both in Lewiston.

Swan Island Advisory Group

Swan Island, also known as the Steve Powell Wildlife Management Area, is owned and managed by the Maine Department of Inland Fisheries & Wildlife (MDIFW). Formerly known as Perkins Township, the island was permanently settled in the mid-18th century, developed into a small community in the 19th century, and was abandoned by the 1930s. The entire island is listed in the National Register for its architectural, agricultural, industrial, and archaeological significance.

The Swan Island Advisory Group was created by the Maine Legislature to offer guidance and support to MDIFW staff for improving the educational opportunities, condition of the historic features, and overall user experience on the island. The Maine Historic Preservation Commission is a member of the Group.

Working with the non-profit Friends of Swan Island, the Group applied for and received two grants to help preserve, restore and interpret the historic structures on the island. The first, from the Davis Family Foundation (\$12,500), is being used to repair the center chimney base and first floor structural system at the c.1800 Tubbs-Reed House. After this project is completed the building will periodically be open to the public. The second grant, from the Merrymeeting Bay Trust (\$10,000), will fund the creation and installation of ten signs relating the history of the island and the remaining five domestic complexes. These signs will be installed in 2013. In addition to these activities, the Group has been forming a panel of external, professional advisors in the areas of cultural landscape documentation, preservation planning and preservation architecture, to assist in the development of a long term plan for the island.

MAINE HISTORICAL SOCIETY

489 Congress Street, Portland, ME 04101

phone (207) 774-1822

info@mainehistory.org

Purpose

Incorporated by the State of Maine in 1822, the Maine Historical Society is a private, charitable, educational, non-profit corporation: the third oldest state historical society in the United States. It preserves the heritage and history of Maine: the stories of Maine people, the traditions of Maine communities, and the record of Maine's place in a changing world. Because an understanding of the past is vital to a healthy society, MHS collects, cares for, and exhibits historical treasures; facilitates research into family, local, state, and national history; provides education programs that make history meaningful, accessible and enjoyable; and empowers others to preserve and interpret the history of their communities and our state.

Organization

The Society is organized into five major areas: 1) the Brown Research Library; 2) the MHS Museum, including the Wadsworth-Longfellow House, a National Historic Landmark; 3) Digital projects, including the Maine Memory Network (www.mainememory.net), a statewide collaborative online archive and museum; 4) Educational and community outreach services; and 5) Scholarship and publishing in cooperation with the University of Maine. A Board of Trustees, ten standing committees, and several ad hoc committees advise and support the Society staff of 18 full-time and 18 part-time in its work. (Please See Appendix A for a list of Trustees.)

Acquisitions

Between October 1, 2011 and September 30, 2012 Maine Historical Society added approximately 490 gifts or purchases to its collections. The size of each gift or purchase varies from a single item to large collections comprised of hundreds, sometimes thousands, of items. Of these, 33 were acquired by the museum department (1 of these by purchase), 443 were acquired by the library department (86 of these by purchase), and 14 were acquisitions that included both museum and library materials.

The scope of these acquisitions is surprising. Noteworthy examples include a pair of framed silhouettes of the Honorable Prentiss Mellen, Chief Justice of Maine, and his wife Sarah, cut by acclaimed silhouette artist Master Hanks around 1828. The library added a wonderful group of 81 Civil War letters written by Dr. Charles Packard, a sergeant in the 5th Maine Regiment, to his family back home in Maine. A more contemporary acquisition is the Arthur Unobskey family scrapbooks kept during the 1930s, 40s and 50s covering topics ranging from the Passamaquoddy tidal project, to business and publicity matters regarding the Unobskey Brothers department store in Calais. The Unobskey family was a prominent Russian Jewish family in Washington County.

Program Accomplishments

Maine Historical Society has had a rich and productive year throughout the organization. The MHS Museum offers interpretive exhibitions that explore diverse topics in Maine history drawn from our collection of more than 15,000 artifacts. Our recent exhibit, *Wired! How Electricity Came to Maine*, developed from the vast Central Maine Power collection, explored the electrification of Maine during the 20th century and was complemented by extensive school, public, and outreach programs.

The Maine Memory Network continues to provide incredible opportunities for MHS to support and engage diverse audiences across Maine in the exploration and practice of Maine history. Launched in 2001, Maine Memory is a statewide digital museum that empowers historical organization across Maine to share their collections online. MHS provides training, support, and the technological infrastructure. Local organizations ("Contributing Partners") select items in their collections; scan or take digital photographs of those items; and then, through their own free account, use a web browser to upload, catalog, manage, and interpret the material online. The process of contributing encourages local organizations—historical societies, libraries, and schools in particular—to collaborate, share resources, and develop skills, all while exploring, celebrating, and vastly expanding access to their community's history. By the end of 2012, Maine Memory featured nearly 40,000 historic items—including photographs, letters, documents, artifacts, and more—contributed by more than 270 organizations from every corner of Maine; hundreds of online exhibits that explore individual stories and topics from Maine history; Maine History Online, a rich and extensive new chronological and thematic introduction to Maine history; lesson plans; and much more. Maine Memory serves a broad and quickly growing audience in Maine and far beyond, including teachers, students, researchers, planners, professionals, tourists, and the general public.

In 2011, Maine Historical Society, in partnership with the Maine State Library, received a National Leadership Grant from the Institute for Museum & Library Services to continue to expand our nationally-recognized program that guides communities as they mobilize around their local history and uses participation in Maine Memory to foster collaboration between local schools, libraries, and historical organizations. Through this program, MHS has provided a digital platform, extensive training and support, and stipends to community teams from forty-five communities as they digitized and shared local historical collections, created online exhibits, and built websites, all through Maine Memory. Organizations that have participated include:

Digitization Projects (14): Berwick Historical Society, Boothbay Historical Society, Bridgton Historical Society, Camden Public Library, Hartford-Sumner Elementary School (Buckfield), Hartland Public Library (with Hartland Historical Society, Palmyra Historical Society, St. Albans Historical Society), Maine Irish Heritage Center, Monson Historical Society, Robert A. Frost Memorial Library (Limestone), South Bristol Historical Society, Walker Memorial Library (Westbrook), Waterford Historical Society, Westport Island History Committee, Winslow Historical Preservation Committee

Online Exhibit Projects (26): Baldwin Historical Society, Bowdoin International Music Festival, Cary Library (Houlton; in conjunction with Aroostook County Historical and Art Museum), Franco-American Collection (USM), Friendship Museum (in conjunction with Friendship School), Great Cranberry Isle Historical Society (in conjunction with Great Cranberry Library), Kennebec Valley Community College (Fairfield), L.C. Bates Museum (Fairfield), Leeds Historical Society (in conjunction with Leeds Central

School), Maine Folklife Center (UMO), Maine's First Ship (Phippsburg; in conjunction with Maine State Museum), Maine Island Trail Association (Little Chebeague Island; in conjunction with National Archives Boston), Maine's Paper and Heritage Museum (Jay/Livermore; in conjunction with Spruce Mountain Middle School and Livermore/Livermore Falls Historical Society), Mantor Library (UMF), Moosehead Historical Society (Greenville), New England Electric Railway Historical Society (Kennebunkport; in conjunction with York Community College), Norway Historical Society, Penobscot Marine Museum (Searsport), Princeton Public Library, Rockland Historical Society (in conjunction with Rockland Public Library), Sebago Historical Society (in conjunction with Sebago Public Library), Ski Museum of Maine (statewide), Stetson Historical Society, Topsham Historical Society (in conjunction with Town of Topsham and Topsham Public Library), Vaugham Homestead Foundation (Hallowell), Waterville Public Library, Waldoboro Public Library (in conjunction with Waldoboro Fire Department and Waldoboro Historical Society), Wayne Library Association (Cary Memorial Library; in conjunction with Wayne Historical Society)

Maine Community Heritage Project Grants (year-long projects; 5 awarded 2011-2012): Mt. Desert Island, Strong, Surry, Swan's Island, Western Foothills Region (RSU #10) with the following organizations participating on each team:

Finally, MHS staff and partners have provided 21st Century Skills workshops in Biddeford (twice), Caribou, Ellsworth, Newport, Presque Isle, Rumford, Scarborough, and Topsham designed to help librarians and staff/members of local historical organizations develop skills and local capacity through local history and technology. These workshops served more than sixty libraries and historical organizations. (Please see Appendix B for a list of Maine Memory Network Contributing partners.)

Finances

The following financial DISPLAY was generated from this unit's accounts as recorded in the files of the Bureau of the Budget's MFASIS System. Not included in this display is the Maine Historical Society FY 11-12 consolidated budget of \$1,744,007 consisting of \$1,244,624 in operating, and \$499,383 in restricted expenses (federal grants & special project activities).

	TOTAL FOR ALL FUNDS	GENERAL FUND	SPECIAL REVENUE	HIGHWAY	FEDERAL FUNDS	MISC. FUNDS
EXPENDITURES						
GRANTS, SUBSIDIES, PENSIONS	46,144	46,144				
TOTAL EXPENDITURES	46,144	46,144				

Program Needs

The most significant need is increased funding for the Maine Memory Network. State support, compared to expenses, is minimal despite the fact that Maine Memory provides vast, proven, and deeply valued support, resources, and infrastructure to cultural organizations, schools, and citizens that empower and build capacity in communities in every corner of the state. To sustain this resource, MHS must combine increased state support with a more secure private base. Toward this end, MHS continues to work through the Cultural Affairs Council to pursue this critical goal.

Improvements

1) Long troubled by inadequate physical facilities in Portland, MHS embarked on a \$9.5 million capital program to renew and expand its Research Library and archive. This project was completed in 2009, providing a new standard for the preservation and care of rare historical materials, and a new base from which to encourage the sharing of history throughout Maine. 2) New digital tools continue to be developed to help organizations and communities make effective local use of Maine Memory.

MAINE HUMANITIES COUNCIL

674 Brighton Avenue, Portland, Maine 04103

207-773-5051

mainehumanities.org

Hayden Anderson, Executive Director

Mission

Maine Humanities Council is an independent state-wide educational nonprofit committed to helping Maine people of all ages and educational levels deepen their understanding of themselves, their communities, and the world. Through programs that convene conversations around books, and grants supporting local projects in community history and other educational programs, the Council works to build communities and make Maine a more literate, thoughtful and humane place to live. An independent nonprofit organization, the Council is Maine's affiliate of the National Endowment for the Humanities, and the Library of Congress Center for the Book. The State of Maine appropriation to the Council is returned 100% to Maine communities as grants, with no money being retained by the Council for administration, personnel or overhead. The Council also distributes grants for humanities infrastructure projects, such as permanent exhibits, museum improvements, equipment and permanent signage. A complete list of grants made in FY 2012 is appended.

Budget Receipts and Expenditures

Expenditure information for this unit was developed from the Budget and Financial Management System.

	TOTAL FOR ALL FUNDS	GENERAL FUND	SPECIAL REVENUE	HIGHWAY	FEDERAL FUNDS	MISC. FUNDS
EXPENDITURES						
GRANTS, SUBSIDIES, PENSIONS	53,357	53,357				
TOTAL EXPENDITURES	53,357	53,357				

Acquisitions

This section of the report does not apply to the Maine Humanities Council, which is not a collecting organization.

Program Needs

The Council serves its public in two ways: through direct programs delivered through networks of libraries, adult education providers, schools, health care facilities and nonprofit organizations, and through its grants program, which is supported by its funding from the State of Maine.

In all Council programs, both direct services and grants, demand from constituents significantly outstrips the organization's budgetary ability to meet that demand. As the current economic circumstances cause cutbacks in other areas, demand for Council services is increasing even more.

The Council has a broad base of funding that includes, in addition to its state appropriation, base support from the Federal government (matching requirements for which are provided by State funds); resources from individual contributions, investment income, earned revenue from program fees (although the MHC makes a practice of offering the majority of its programs free to the public, fees are charged where appropriate) and a variety of grants from foundations. A sampling of the Council's programming would include activities aimed at a range of audiences, including:

Children, Youth and Families

Teachers:

Teacher Enrichment Programs provide a variety of programs on content and new scholarship, offering pre-K and K-12 teachers a way to refresh and enrich their professional lives. In 2012 we offered An Engaged Citizenry: Using Primary Sources in Civics and Government, a program available thanks to the Library of Congress' Teaching with Primary Sources program.

Born to Read promotes the importance of reading aloud to babies and young children, providing training, books, and support to childcare providers and other early childhood educators. In 2012 the Council offered programs on visual literacy, conflict, and nature.

Youth:

History Camp is a week-long summer exploration of Maine and US history for middle and high school students. In 2012, the Council offered an archaeology camp in Richmond, Maine, at the site of a former colonial fort.

Letters About Literature, a national reading and writing promotion program organized by the Center for the Book in the Library of Congress, invites students in grades 4-10 to write a letter to the author (living or dead) of their favorite book, poem, or short story and describe how that book moved or changed them.

General Audience

Let's Talk About It, a free, facilitated book discussion program for adults, has been hosted by local libraries in more than 130 Maine communities. This program is undertaken in partnership with the Maine State Library, one of the Cultural Affairs Council agencies.

Winter Weekends explore great works of literature from a number of perspectives over the course of a weekend. Selections have included Mary Shelley's *Frankenstein*, Seamus Heaney's translation of *Beowulf*, *Moby Dick*, Tolstoy's *Anna Karenina*, and, in 2012, *The Iliad* by Homer.

Specialized Adult Audiences

New Books, New Readers is a free, facilitated book discussion program for adults who are learning to read or who are infrequent readers. Participants are given copies of the books, the first many of them have ever owned. New Books, New Readers serves approximately 500 Mainers each year in towns and prisons throughout the state and is offered in conjunction with Local Adult Education organizations.

Literature & Medicine™ brings doctors, nurses, hospital trustees, and support staff together monthly for facilitated discussions of literature that illuminates issues central to caring for people. This program has taken place in 25 hospitals in Maine since 1997, and an extensive evaluation by the Muskie school has shown it to aid in caregiver empathy, job satisfaction, and cross cultural understanding. The Council has expanded this program to hospitals in 25 other states, including 14 Veterans Administration Medical Centers. In 2011, the Council was invited to the White House to share its work with the VA medical system.

Humanities Grants

As noted above, in addition to its various direct programs, the Council offers Humanities grants (from \$500 to \$7,500) to support community organizations in developing and presenting local public humanities programs; and offers humanities infrastructure grants to community organizations of up to \$10,000 to support permanent improvements to "humanities infrastructure" such as interpretive signage, museum lighting and equipment. In total over the years Maine Humanities Council has awarded more than \$4.7 million in grants for public projects that have deepened public understanding of history and culture in communities across Maine.

All of these grants are matched at least 1:1 by the recipients – Infrastructure grants require a cash match, and project support grants can be matched by a combination of cash and documented in-kind support.

In addition, many of these grants are the product of collaboration between the Maine cultural agencies of the Cultural Affairs Council. Its Arts and Humanities grant program, for example, is jointly funded by the Maine Humanities Council and the Maine Arts Commission.

Improvements

The Council operates within a tight budget, and its staff members are constantly seeking ways to increase efficiencies. Most recently, the Council has been exploring and developing ways through which to enhance its ability to deliver services remotely, through video and audio services such as WebEx; and a podcasting service.

Acquisitions

MSL purchases print books; periodicals; online journals, newspapers and reference books; audio books; books on CD; and electronic books. By statute, MSL is responsible for collecting and preserving State government documents.

Program Accomplishments

- Continued work on goals described in the Maine Library Commission Strategic Plan for the Maine State Library 2011-2013. This plan may be found at <http://www.maine.gov/msl/about/commission/plan.htm>
- Completely reorganized public space (second floor) to make it more comfortable for patrons to use – e.g. better lighting, more seating, quiet study and research areas, New Nook (newspapers and streaming television news coverage), collection rearranged for better access, more electrical outlets.
- Started author programming with support of Friends of the Maine State Library.
- Two public access scanners added to second floor in a unique Public Scanning Lab. This was made possible by a grant from the Maine Community Foundation to the Friends of the Maine State Library.
- Worked with University of Maine at Augusta and offered an 8-week (non-paid) internship for a student majoring in Library Sciences.
- Continued to implement the goals of the Public Computer Center grant award of \$1.3m from the American Recovery and Reinvestment Act (ARRC) Broadband
- Technology Opportunity Grant (BTOP). Over 500 computers and 11 video conferencing centers have been installed in 107 Maine public libraries.
- Maintaining partnerships with the Department of Labor Center for Workforce Research and Information; Maine InforME; and Access to Justice.
- Granted 501(c)3 status for the Friends of the Maine State Library.
- Managed a van delivery system for interlibrary loan materials. Maine libraries pay to use this delivery service; however, the second session of the 125th Maine State Legislature approved \$100,000 financing to help support this delivery service for current users.
- Participating in a new consortia discount buying agreement for Maine libraries. This agreement includes vendors of library furniture, books, and supplies. For the first time libraries in New Hampshire and a group of Vermont libraries joined MSL in this agreement – at MSL's instigation.
- Participated in evaluation of 2008-2012 Library Services and Technology Act (LSTA) 5-year plan. Joined 8 other states in RFP for outside evaluation of state plans. Received an excellent evaluation.
- Prepared, submitted and received approval for Library Services and Technology Act 5-year plan (2013-2017). (This plan is mandated by the federal government to receive federal funds.)
- Working toward goals in the Institute of Museum and Library Science (IMLS) Leadership Grant for the “Maine Shared Collections Strategy” which will develop policies essential for the management of shared print and digital collections. MSL is partnered with six other large Maine libraries in this grant.
- Continue to partner with Maine Historical Society in successful Institute of Museum and Library Science (IMLS) Grant - Maine Library/Museum Mobilization Project: Re-Imagining Local History, Building 21st Century Communities,
- Provided significant continuing education programs for Maine librarians including bringing national experts to Maine.
- Income tax check-off for Maine State Library approved by Maine State legislature. All funds raised must go to support of Maine public libraries.
 - As of June 2013 enough money has been raised to keep this fund on the income tax CP form in 2014.)

- Continued every other month eNewsletter - Off the Shelf - communication and highlights for librarians
- Partnered with the Iris Network and state agencies to make material available to Talking Book patrons on digital cartridge.

Significant content has been created for the MSL web site: some of which is as follows:

- Expansion of the Maine Writers Database – <http://www.maine.gov/msl/maine/writers.htm>
- Creation of the Information Commons/Digital Learning on MSL learning portal to help job seekers- all libraries can use the resources which include LearningExpress, job resources, webinars. (From Broadband Technology Opportunity Program federal grant.) – <http://www.maine.gov/msl/digital/learn.shtml>
- Added AdobeConnect, online learning software for both webinars and presentations.
- Utilized social media to communicate with libraries and Maine citizens, e.g. Facebook and Twitter.
- Prepared online EBook guides to support huge change to downloadable devices and eBooks – <http://www.maine.gov/msl/topics/index.shtml>
- Prepared online Early literacy resources and handouts to customize – <http://www.maine.gov/msl/libs/services/childliteracy.htm>
- Continued accessibility emphasis for website and newer coding standards – HTML5
- Support for Poet Laureate: Take Heart: A Conversation in Poetry – <http://www.maine.gov/msl/poetry/index.shtml>
- Created numerous online databases and added related resources: volunteers for libraries, mentoring for librarians, job descriptions, impact stories related to technology in libraries
 - Volunteers – <http://www.maine.gov/msl/libs/admin/vol/index.shtml>
 - Mentoring – <http://www.maine.gov/msl/libs/ce/mentor/index.shtml>
 - Job Descriptions – <http://www.maine.gov/msl/libs/admin/jobdesc.shtml>
 - Technology impact stories – <http://www.maine.gov/msl/story.shtml>

Program Needs

- Continued funding for Learning Express Library. This is now available through public libraries Career Centers and to Maine Citizens from their homes via the Internet. This online learning portal needs state-wide access to K-12 buildings, academic institutions and adult education locations.
- Support for Regional Consultants. The three regional consultants are responsible for continuing education, trouble shooting, program development and resource sharing for all types of libraries in their districts. Their operating funds have been static for many years. Their travel expenses, printing, and other normal office expenses must come from this same fund.
- Funding for purchases for the Books by Mail collection. This collection serves people who live in towns without libraries or in town with libraries open for 15 hours a week or less. There has been no money for new purchases for two years. Also, citizens have been asked to pay return postage for materials borrowed for the past 3 ½ years. Circulation has dropped, and MSL has received numerous e-mails

and notes on the harmful effect this fee has had on home schooling families and others who simply love to read but can't afford frequent return postage.

- Electronic check-out capability – would free up staff for digitizing and technology training. (e.g. how to use different types of e-books, upgrade GPS maps, use I-phones and I pads to better help patrons).
- Service that provides Selective Dissemination of Information (SDI) program to State agencies.
- Reference and research training by State Library librarians for public library staff throughout Maine.
- Web-based storage and search capacity for digitization projects.
- Collection and preservation of electronic State of Maine government documents in a web-based solution.
- Digitization of Maine maps and archival writings, documents, and books.
- Digitization of pre-1930 microfilmed Maine newspapers and all microfilmed birth, death, and marriage records.
- Funding for online learning resources

Improvements

- Public libraries need support (e.g. continuing education, consultant with early literacy skills) in order to more effectively and efficiently provide early literacy education programs.
- Investigate new technology to service citizens in Maine towns without libraries.
- All Maine State Library programs need increased marketing and outreach. The need to spread the word about available materials and programs is ongoing.
- There is a compelling need for continuing education for library staff state-wide – particularly technology training and training for staff who have no library background.
- Replacement of antiquated microfilm reader/printers with digital reader/scanner equipment for state newspapers and genealogical records. One digital microfilm reader has been purchased.
- Increased State funding for a van delivery service for interlibrary loan delivery.

Mission

The mission of the Maine State Museum is to educate and inspire Maine's people and visitors by collecting, preserving, researching, and exhibiting objects of Maine's natural and cultural heritage. We do this to promote an understanding of, and respect for the past, which is essential for Maine's future.

The Maine State Museum and its collections are a unique source of information on Maine's natural science and human history. Collections are exhibited in the Cultural Building, State House, and Blaine House. The museum staff conducts archeological field work and scientific and historical research in support of publications, exhibits, and a full understanding of state-owned collections.

Organization

The basic concept of a State Museum was approved and funded by the Legislature in 1836 with the first exhibit established in the State House one year later. The Maine State Museum became an independent, professionally staffed agency with the creation of the Maine State Museum Commission in 1966. It is a small museum with the responsibilities of a major institution. The American Association of Museums has accredited the museum for 38 continuous years.

The Maine State Museum and six other cultural agencies are members of the Maine State Cultural Affairs Council, which coordinates collaborative ongoing state-wide projects. The museum's long-time director, Joseph R. Phillips, retired in FY12 after twenty years and was succeeded by Bernard Fishman, who was selected by the Maine State Museum Commission following a nationwide search.

Acquisitions

The museum acquired many important artifacts and scientific specimens through direct donations, transfers from other institutions, and purchases made with endowment earnings. Examples include: the Kosti Ruohomaa collection; specimens from the Portland Society of Natural History; artifacts excavated from Malaga Island; documents related to the Revolutionary War's Penobscot Expedition; a rooster weathervane made by John Lombard; an important Penobscot wampum necklace and leggings; and a portrait of Ann Frazier King. To enhance collections quality, the museum also deaccessions materials that are duplicates, damaged, or more appropriate for other institutions; this year, 109 maritime-related artifacts were transferred to two local historical societies and two maritime museums.

Program Accomplishments

Education

The museum was open Tuesday-Saturday and closed for all state holidays. A special legislative appropriation allowed the museum to open on Sundays from August 21 – November 27. Originally planned for a six month period, Sunday open days were reduced due in large part to delays in filling necessary positions. Still, the pilot project was successful and will continue one more year. Including Sunday visitors, more than 49,000 people visited the museum during the year, a 3.6 increase over FY11. As the first choice of Maine teachers for museum field trips, Maine State Museum school and group visitation was 20,229, with 911 groups from 231 communities; 1,212 Learning Results-related gallery programs were presented. Educational events included Maine Earth Science Day, a celebration of 100 years of Girl Scouting, and Bug Maine-ia, Maine's largest one-day science fair. A craft show and Model Train Celebration enlivened the holidays. Daily programs were offered for school vacation weeks in February and April. Four public evening lectures were held, along with a Saturday children's art program and a musical performance. The museum staff continued to refine its group scheduling system that serves the museum, State House, and Blaine House. High school and college interns were trained in several fields.

Exhibits

The museum's major temporary exhibit this year was "Malaga Island, Fragmented Lives," which will remain on view through May 2013. This exhibit, web-based material, and educational programming marked the centennial of the state's eviction of Malaga Island residents from their homes. Another major exhibit effort was "Tourmaline and the Rich Legacy of Mining at Mt. Mica," featuring important specimens on loan to the museum and exhibited publicly for the first time. Additions were made to "At Home in Maine;" "To the Highest Standard" received new flags; "Cabinet of Curiosities" received two dramatic bear mounts. Small temporary exhibits spotlighted the Girl Scouts, portraits by E. E. Finch, the Paul Fournier collection, and new acquisitions.

Outreach

29,026 people visited the museum's website, which represents a 12% increase over the previous year. These visitors made 171,545 page views, an increase of 13% over FY11. Over 350 artifacts and specimens, including the exhibition "Rugs All Marked Out," were lent to other educational institutions. Museum staff members responded to requests for information and assistance via telephone, website, scheduled researchers, and drop-in visitors. Staff members spoke at state, regional, and national conferences and workshops, and also served on professional boards and committees.

Publications

The museum's chief scientist published one peer-reviewed paper in the scientific journal "Journal of Paleontology." The year saw one new book-length publication, EVERYDAY LIVES: AN INTERIM REPORT ON ARCHAEOLOGICAL AND ENVIRONMENTAL INVESTIGATIONS OF MALAGA ISLAND, PHIPPSBURG, MAINE by Nathan D. Hamilton and Robert M. Sanford, published by the University of Southern Maine and Maine State Museum.

Other publications authored by museum or adjunct include:

UNCOMMON THREADS: WABANAKI TEXTILES, CLOTHING, AND COSTUME by Bruce J. Bourque and Laureen A. LaBar, published in 2009 by the Maine State Museum in association with University of Washington Press.

FORT ST. GEORGE, ARCHAEOLOGICAL INVESTIGATION OF THE 1607-1608 POPHAM COLONY by Jeffrey Phipps Brain, published in 2007 by Maine State Museum, Maine Historic Preservation Commission and Maine Archaeological Society.

THE TURNER FARM FAUNA: 500 YEARS OF HUNTING AND FISHING IN PENOBSCOT BAY, MAINE by Arthur E. Spiess and Robert A. Lewis, published in 2001 by Maine State Museum, Maine Historic Preservation Commission, and Maine Archaeological Society.

TWELVE THOUSAND YEARS: AMERICAN INDIANS IN MAINE by Bruce J. Bourque, published in 2001 by the University of Nebraska Press.
