INTRODUCTION

This genealogical research has been on-going for the past twenty plus years. It is not complete. The author welcomes any additions and/or changes. There are many missing persons and corrections to be done. This is just a working copy and will be revised and up-dated at some future time. New generations are born every year.

Unfortunately the computer made a printing error that I was unable to solve. The family of Kenneth Ormand Bartlett starting on page 57 and continuing on pages 62, 80, and 100 are printed out of sequence but the data is correct.

Jonathan Bartlett and his wife, Lydia Chase, moved from Plastow, NH to Aina, Maine about 1765 with their ten children. In 1809 Caleb with his wife, Molly, moved to St. Andrews, NB. With them at that time were their son, Leonard with his wife and 5 children. We know that Caleb's son, Caleb, Jr and his daughter, Susannah also went to St. Andrews in 1809 from the 1851 census there. From the 1790 and 1800 censuses in Ballstown, Maine (now Whitefield) we know there were other children two females and three males. Due to the fact that Vital Records were not recorded in Ballstown before they left for NB and no records of this births can be found in NB, we have been unable to find these other children.

There is an Enoch Bartlett that we have found in the St. Andrews - Calais area that may have been one of the sons of Caleb & Molly.

The eleven generations of Jonathan & Lydia's descendants, numbering 1498 at this printing, are now scattered from the east coast to the west coast of both US and Canada and some in Europe.
