# BLACK BEAR MANAGEMENT GOALS AND OBJECTIVES 2000 – 2015

*Adopted by MDIFW Commissioner and Advisory Council  
February 22, 2001*

## Wildlife Management Districts 1-23 and 25-28<sup>1</sup>

### **GOAL**

Provide hunting, trapping and viewing opportunity for bears.

Objective 1: Stabilize the bear population by 2005 at no less than current (1999) levels, through annual hunting and trapping harvests.

Objective 2: Create information and education programs by 2002 that target specific audiences and promote traditional hunting and trapping methods as valid and preferred tools to manage black bear populations in Maine.

Objective 3: Create information and education programs by 2002 that target specific audiences and promote public tolerance of bears in Maine.

## Wildlife Management District 29

### **GOAL**

Provide hunting, trapping and viewing opportunity for bears.

Objective 1: Increase the traditional hunting and trapping effort on bears within the existing season framework to reduce fawn mortality by 15% by (date - to be determined by IF&W).

Objective 2: Create information and education programs by 2002 that target specific audiences and promote traditional hunting and trapping methods as valid and preferred tools to manage black bear populations in Maine.

Objective 3: Create information and education programs by 2002 that target specific audiences and promote public tolerance of bears in Maine.

---

<sup>1</sup> Wildlife Management Districts 24 and 30 have high human populations and fragmented forests that are largely unsuitable as bear habitat. Consequently, the public working group did not develop goals and objectives for these districts.
