Dear General,

This Blank can be altered in this way with a very little work, and I think would be a decided improvement. I believe that it will explain it self, if referred to at a future time. Will there be any confusion or difficulty in distinguishing the Prin. from Sub. Of course when the Prin. is drafted is his Residence, no 2, John Adams is Sub. for James W. Stone (see Remarks) Stone was drafted in Portland his Residence. Adams residence is in Boston Mass. Hoping this may meet your approval
I remain
Yours truly
E. S. Stone

Capt Bailey requested us to make out Duplicate Enlistment papers of Sub. If the others have done the same and forward their Enlistment papers, this receipt roll can be made out without any trouble and at the same time that a signed is sent off the Enlistment papers can be sent to you of the Subs in the Squad. Ask Capt Bailey about your Copy of Enlistment papers. Also have them sent to me, I cant make the above roll without it.
m,
