12. Use of Funds by Off Track Betting Facilities	Page 28

1. Executive Summary

The Maine State Harness Racing Commission was originally created by Public Law 1975, Chapter 771, and reconstituted in 1997 to its current structure of five public members appointed by the Governor. One member must be affiliated with agricultural fairs, one member must represent the public and three members must have knowledge of harness racing. Administrative support and staff are provided through the Department of Agriculture, Conservation and Forestry, where there are three full time, three seasonal and two half time employees dedicated to the work of the Commission.

The Commission is responsible for rulemaking, adjudicating appeals of judge's decisions, licensing of participants, tracks and off-track betting facilities, and setting the race dates for the year. It meets approximately monthly. During 2017, the Commission submitted legislation to update its statutes, amended rules governing the use of medications and penalties and adjudicated 33 prohibited substance cases and four judges appeals.

Also during 2017, the Commission authorized, and the staff implemented, marketing efforts aimed at augmenting/complimenting current efforts undertaken by the Harness Racing Promotional Board, the Maine Standardbred Breeders and Owners Association, and The Maine Harness Horsemen's Association. Marketing efforts for 2017 focused on Facebook posts and ads, since these are very inexpensive, can be precisely targeted, and are the best avenue to reach certain demographics that traditional media is ineffective at. A pilot project to revive radio broadcasts of harness racing was implemented during 2017 as well. Races were broadcast at five pari-mutuel fairs and the Sire Stakes Finals in Scarborough. The Commission hopes to build on its 2017 efforts this year with an expanded social media marketing campaign, additional radio broadcasts and a series of special races and events.

2. Overview of Commission Operations and Actions

Annually, the Commission's staff engages in a series of oversight and support activities intended to ensure the integrity of the sport, promote fairness and participation, and enhance the economic viability of the industry. State Stewards and State Veterinarians are present overseeing races on every race day. Blood tests are drawn from two horses following each race, and sent for analysis at LGC Laboratories in Lexington, Kentucky to check for prohibited substances. Samples are also collected daily to check for blood concentrations of carbon dioxide to ensure that trainers are not trying to manipulate carbon dioxide levels through administration of sodium bicarbonate. Finally, the Commission's staff also obtains blood samples during out of competition testing to check for blood doping agents which are designed to increase the oxygen carrying capacity of the horse.

RULEMAKING

Title 8, Chapter 11, contains multiple mandates and/or authorizations for the conduct of agency rulemaking. The Commission currently operates under eleven separate chapters of rules. Keeping rules current with constantly evolving industry practices, issues and statutory mandates requires vigilance and frequent amendments.

Administrative rulemaking must be conducted in accordance with the Maine Administrative Procedures Act pursuant to Title 5, Chapter 375. All of the Commission’s rules are considered routine technical rules as defined under Title 5, Section 8071. Routine technical rules do not require legislative review prior to final agency adoption.

During calendar year 2017, the Commission adopted extensive amendments to two rule chapters— Chapter 11: Medications, Prohibited Substances and Testing, and Chapter 17: Rule Violations; Penalties.

GRANTING LICENSES AND AWARDING RACE DATES

The Commission is authorized to issue annual licenses to entities desiring to hold harness horse races in which wagering is allowed. It also oversees the issuance of race dates to the various racing venues and issues licenses for simulcasting and to off-track betting facilities. Finally, the Commission licenses horse owners, trainers, drivers, grooms and all other persons participating in harness horse racing, including pari-mutuel employees and race officials.

During the 2017 racing year, race days were awarded from March – December:

	Days Granted	Days Raced	Days Not Raced
Scarborough Downs	83	82	1
Bangor Raceway	50	49	1
Northern Maine Fair	6	6	0
Topsham Fair	5	5	0

Stables	30 @ \$30	\$900.00
Venders	9 @ \$50	\$450.00
Total Amount Received for License Fees		\$49,175.00

MAINE SIRE STAKES PROGRAM

The Commission also oversees Maine's Sire Stakes Program, which seeks to encourage the breeding of Standardbred racehorses in Maine. The program requires the registration of participating stallions and mares, and the resulting foals that will participate on the program. Revenues from both harness racing wagering profits and slot machine profits are designated—by statute—for the purpose of supplementing Sire Stakes race purses. Just under \$2 million was designated to the Sire Stakes purse supplement fund in 2017.

During 2017, the Commission staff once again helped organize and implement the Sire Stakes program in collaboration with the Maine Standardbred Breeders and Owners Association (MSBOA). The staff also took part in closing out the Sire Stakes season by attending the consolation draws and the 2 and 3-year old Sire Stakes Finals at Scarborough Downs.

The Commission is happy to report that the 2017 Sire Stakes Program was very successful. As in the past few years there has been a slight decline in the number of participants; however, the favorable purse structure makes the program popular.

Horses in the Sire Stakes events are tested for any prohibited substances as requested by the Sire Stakes Advisory Committee.

A special thank you goes out to each track for hosting, promoting and providing assistance to showcase the Maine Sire Stakes Program. Additionally, a sincere thank you goes to the breeders, owners, Advisory Committee and the MSBOA Board of Directors for all the support and help given to the Commission in carrying out its responsibilities.

MEDICATION/TESTING PROGRAMS

BLOOD TESTING PROGRAM

Test samples were analyzed by the LGC Science Inc. Laboratory located in Lexington, Kentucky, during the 2017 racing season. The laboratory analyses are performed under the direction of Dr. Richard Sams, Director of Science for LGC. Upon arrival at the lab, samples were analyzed to detect prohibited drugs or acceptable drugs that exceeded the permitted levels as stated in the Maine State Harness Racing rule book.

The LGC Science Inc. Laboratory is a parent company of HFL Sports Science, LTD, located in Fordham, United Kingdom. LGC Science Inc., LTD has over 40 years of continuous experience in the science of drug testing. Initial screening of samples is done primarily using either gas or liquid chromatography coupled with mass spectrometry. These dual instrument methods allow for greater confidence in analyte identification. Confirmatory tests generally utilize the same instrumentation, but the method is refined to target the specific analyte in question.

During the 2017 racing year, 3,657 equine blood samples were taken. Of that total, 33 were found to be in violation of the Commission's rules.

OUT OF COMPETITION TESTING PROGRAM

In 2008, the Commission requested the staff test for "blood doping" agents, such as erythropoietin (EPO). This procedure requires taking blood from the horses at the tracks and training centers on days when the horse is not scheduled to race, refrigerating the blood, and transferring it to the LGC Science Lab for analysis. In 2017, there were 17 horses tested out of competition, none of which were found to be in violation.

BLOOD GAS TESTING PROGRAM

The Blood Gas Testing Program was established in 1993 at the request of the Commission. The program requires taking blood from horses shortly before they are scheduled to race, refrigerating the blood, and transferring it to LGC Science Lab for analysis. In 2017, 373 samples were taken pre-race to test for blood gas use. Out of the 373 tests, none were found in violation of the Blood Gas Testing Program.

FUROSEMIDE PROGRAM

The Furosemide Program, formally known as the Controlled Medication Program, was established in 1992 by statute. The program allows tolerances for horses that use phenylbutazone and Lasix. The Commission voted to eliminate phenylbutazone from the Controlled Medication Program during the Commission meeting that was held in June 2014. Consequently, the program now provides for on-site administration of Lasix only by the Commission's veterinarian on race day. There were 521 horses participating in this program in 2017. Throughout the year 31 horses went off the program.

HUMAN DRUG TESTING PROGRAM

The Human Drug Testing Program was created in order to test anyone with a Maine State Harness Racing license while in the paddock on race day. This program was designed to ensure the safety of the licensees and horses, on and off the track. Urine was collected by the State Stewards and was sent to the Department of Health and Human Services, Health and Environmental Testing Laboratory for analysis.

In the 2017 racing season, 61 drug tests were administered. Of the 61 samples collected there was one licensee in violation of the Commission's rules.

SUMMARY OF FINES AND SUSPENSIONS

During the 2017 racing year, there were on-track 67 violations of racing laws and rules.

Failed to Drive When Programmed	7
Failure to keep a line in each hand.....	30
Foot out of Stirrup.....	3
Foot out of Stirrup with Intent	7
Inside Pylons.....	1
Late Driver Change.....	2
Late to Bring Horse to Testing Barn.....	2
Excessive Use of the Whip	8
Interference - Impeding the Progress	5
Miscellaneous	2
TOTAL.....	67

COMMISSION ACTION ON 2017 RULE VIOLATIONS

Appeals	4	Upheld	2	Overtured	2
---------	---	--------	---	-----------	---

3. Practical Effect of Title 8, Chapter 11 and Recommended Legislation

Title 8, Chapter 11 establishes the State Harness Racing Commission and provides statutory authority for the oversight and regulation of harness racing in the state. It affords for the licensing of participants, tracks and off-track betting facilities, and for the allocation of race dates between the various racing venues. Chapter 11 contains extensive rulemaking authority for the Commission which has resulted in the promulgation of eleven chapters of rules.

In general, Chapter 11 provides adequate authority to regulate and support Maine’s harness racing industry. However, in an effort to keep pace with changing times, Maine’s harness racing statutes have also been amended multiple times over the last two legislative sessions, and one bill—LD 1766—is currently pending before the Legislature. While the need for additional changes is likely to arise in the coming years, no further changes are recommended at this time.

4. Report on the Commission’s Financial Position

The Commission derives its operating budget from three revenue sources as follows:

1. The Department’s share from the commission on harness racing wagering profits;

2. Licensing fees associated with racing participants, tracks, race dates and off-track betting facilities; and
3. To the degree necessary to remain solvent, periodic administrative assessments against revenue allocated pursuant to Title 8, Section 1036, Subsection 2, paragraphs B, C, D, H and I.

The Commission essentially operates a zero-sum budget, insomuch as it attempts to make administrative assessments in a manner that ensures that revenues are approximately equal to expenditures by year end. A small amount of carryover is a necessary component of the calculations since dedicated accounts should never show a negative balance. The table below summarizes the Commissions Financial Position for calendar year 2017.

Statement of the Commission's Financial Position-Cash Basis

REVENUE	ending cash balance 01/01/17 Commission acct 014-0320-07	\$94,125.22

8. Use of Funds by Commercial Tracks (pursuant to 8 MRS § 1037(1))

There were two (2) licensed pari-mutuel facilities that met the definition of a Commercial Race Track pursuant to 8 MRS Section 275-A. One is located in Scarborough and the other in Bangor.

Davric Maine Corporation, DBA Scarborough Downs conducted 82 days of live racing offering wagering on 758 dashes and HC Bangor LLC, DBA Hollywood Casino Hotel & Raceway conducted 49 days of live racing and offered wagering on 427 dashes to the Off-track Betting facilities in Maine as well as out-of-state. Both facilities were licensed to accept pari mutuel wagers on simulcast races for 363 days.

The revenues received from the Fund To Encourage Racing At Maine's Commercial Tracks were used by the recipients to defray expenses incurred in conducting live racing and accepting pair mutuel wagers throughout the licensing year.

The information required to be reported in 8 MRS Section 1037 subsection 1 is contained on the following pages.

Use of Funds by Commercial Tracks for 2017

9. Use of Funds by Fairs that Conduct Harness Racing (pursuant to 8 MRS §1037 (2))

There were nine (9) licensed agricultural fairs that conducted harness racing during their annual exhibition. The total number of days these nine agricultural fairs conducted harness racing in 2017 was 57 days. Cumberland Fair conducted one (1) day of racing that is classified as an Extended Meet.

These nine fairs spent a total of \$1,071,233 in premiums and made \$734,004 in capital improvements in 2017. These fairs wagered \$1,443,209 at their tracks and paid out \$1,533,500 in purses.

The information required to be reported in 8 MRS Section 1037 subsection 2 is contained on the following page.

It should be noted that absent a requirement in the statute to keep funds received from the racino in Bangor and the casino in Oxford separate, most fairs comingled these funds in either their general operating account or in the horsemen's purse account. Therefore, there is not an independent accounting for the funds received pursuant to 8 MRS Section 286 and 7 MRS Section 86. However, after reviewing the annual reports required for submission to this office, it has been determined that these funds have been used in accordance with the provisions found in 8 MRS Section 286 and 7 MRS Section 86.

10. Use of Funds by Fairs that Do Not Conduct Harness Racing (pursuant to 8 MRS § 1037 (3))

There were fifteen (15) licensed agricultural fairs that did not conduct harness racing during their annual exhibition in 2017. These fifteen fairs paid out \$604,708 in premiums and made \$1,215,332 in capital improvements.

The information required to be reported in 8 MRS Section 1037 subsection 3 is contained on the following page.

It should be noted that absent a requirement in the statute to keep the funds received from the racino in Bangor and the casino in Oxford separate, most fairs comingled these funds in their general operating account. Therefore, there is not an independent accounting for the funds received pursuant to 8 MRS Section 286 and 7 MRS Section 86. However, after reviewing the annual reports required for submission to this office, it has been determined that these funds have been used in accordance with the provisions found in 8 MRS Section 286 and 7 MRS Section 86.

*Information provided by Fair Associations

11. Use of Funds by the Maine Standardbred Program (pursuant to 8 MRS § 1037 (4))

The industry has experienced a decrease in the number of Sire Stakes eligibles participating in overnight events at the various licensed racetracks. There is a need for additional horses to participate in the overnight racing program. Therefore, we continue to import horses from other racing jurisdictions that are unable to compete favorably in their racing program.

2017

Yearlings Nominated	69
Mares Bred	106
Stallions Registered	23
Total Number of Dashes	123
2 year olds	57
Average Purse per Dash	\$10,080
Average Final Purse	\$59,059
Average Consolation Final	\$12,800
3 year olds	66
Average Purse per Dash	\$10,203
Average Final Purse	\$86,109
Average Consolation Final	\$0.00

The revenues generated for 2017 from the operation of the slot facility in Bangor was \$1,125,853.39; from the Oxford Casino was \$688,678.03; and from the wagering handle was \$231,445.08.

We have included an accounting of the funds received and the expenditures made from that account. At the end of the 2017 racing year, there was a balance of \$157,530.06.

Further, we have included a breakdown of the number of participants for calendar year 2017.

12. Use of Funds by Off Track Betting Facilities (pursuant to 8 MRS § 1037 (5))

There were four (4) licensed off-track betting facilities that operated in 2017. Pioneer Gaming LLC, DBA Favorites is located in Waterville; Midcoast OTB, DBA Winner's OTB is located in Brunswick; LRI, Inc., DBA Winner's Circle OTB is located in Lewiston and, Pioneer Gaming LLC, DBA Sanford OTB is located in Sanford.

All four facilities offer pari-mutuel wagering on races that originate in Maine as well as races from other states.

The information required to be reported in 8 MRS Section 1037 subsection 5 is contained on the following pages.

It should be noted that the requirement for Section 1037 subsection 5 paragraph A is not included in this report. None of the off-track betting facilities were able to extract this information from the totalizator records that were in their custody.

Use of Funds by Off Track Betting Facilities (pursuant to 8 MRS § 1037 (5))

5. Off-track betting facility. The report required by this section must include, with regard to a facility licensed to conduct off-track betting on harness racing:

	LRI	Waterville	Sanford	Winners
A. The number of individual wagers placed on intrastate and interstate simulcast races and the total amount for each;				
Intrastate Wagers	99,087	101,998	15,655	44,441
Interstate Wagers	3,169,656	2,857,346	2,468,550	3,566,619

B. The number of full-time and part-time employees of the off-track betting facility

Full Time Employees	3	2	2	4
Part Time Employees	5	1	2	7

C. The operating costs for the off-track betting facility	605,522	673,300	624,300	1,087,402
---	---------	---------	---------	-----------

D. The name and primary location of the company licensed to operate the off-track betting facility; [2011, c. 358, §6 (NEW).]

LRI, Inc. dba Winners Circle OTB Lewiston	Pioneer Gaming LLC dba Favorites OTB Waterville	Pioneer Gaming LLC dba Sanford OTB Sanford	Midcoast OTB dba Winners OTB Brunswick
---	---	--	--

E. The total number of races originating in the State received for simulcast as reported by the off-track betting facility; [2011, c. 358, §6 (NEW).]	1,683	1,683	1,683	1,683
---	-------	-------	-------	-------

F. The amount, if any, spent on capital improvements to the off-track betting facility and a description of those improvements. The first report must include the amount spent since November 2005, shown by year. Subsequent annual reports must include the amount spent on capital improvements the immediately preceding calendar year; [2011, c. 358, §6 (NEW).]	\$4,000 new computers for decoding race signals	-	-	-
---	---	---	---	---

G. The amount of the harness racing handle kept by the off-track betting facility and the distribution of the handle to the State and industry recipients under section 286; [2011, c. 358, §6

Handle kept by the Off-track betting facility

405,161	367,861	306,659	450,909
