The Maine Regional Library System was created in 1973 under Public Law 626. The purpose of the Regional System is to:

- Organize library resources and services for research, information and recreation
- Improve statewide library service
- Serve collectively the entire population of the state

The Southern Maine Library District, one of three Districts in the Maine Regional Library System, consists of member libraries in Cumberland and York Counties and the following towns in Oxford County: Brownfield, Denmark, Fryeburg, Hiram, and Lovell.

The population increased from 460,089 in 2000 to 487,759, in 2010 – the largest of the three districts in the Maine Regional Library System. The Southern District is the smallest in geographic size with only 2,735 square miles compared to over 10,000 in the Central District and over 22,000 square miles in the Northeastern District.

The Portland Public Library serves as the Area Reference and Resource Center for the Southern District and provides:

- Interlibrary loan of books, audio/visual materials and magazine articles not available at local libraries
- Information services for district libraries
- Free PPL borrower’s card for eligible Cumberland, York and Oxford residents
- Mobile computer lab for district libraries
- Bookmobile outreach services

STAFF
Deborah A. Clark, Consultant; Elaine Bissonnette, Administrative Assistant
Goal I. Increase Public Awareness, Use and Support of Maine Libraries

- At least 80% of SMLD public libraries will promote the Maine Income tax check-off campaign on their websites from Jan.- Apr. 2015. Libraries will be encouraged to provide Schedule CP’s. Reached 52%. Some libraries publicized in their social media outlets rather than their websites. Some libraries preferred to direct fundraising efforts to their libraries alone.
- At least 30% of SMLD public libraries pledge to obtain one additional community member to join FOML by June 1, 2015. Consultant distributed promotional brochures, sent e-mails, and mailed sample United for Libraries newsletters to raise awareness of FOML and other Friends groups. Can confirm only 12% of libraries participated and FOML reports only one new member from SMLD region.
- At least 75% of SMLD libraries will promote the use of MARVEL databases by highlighting one database per month or promoting the new website and search engine by March 2015. Delayed. Waiting for statewide MARVEL Re-design workgroup to finish website revision. (82% currently link to MARVEL from home page)
- At least 75% of SMLD libraries will provide an easy-to-understand explanation of Learning Express along with a link to the resource on their websites by April 2015. Delayed. Waiting for MSL to unveil new authentication procedure and upgraded website.
- At least 10 SMLD public libraries will cross promote events/programs for other SMLD libraries on their websites by June 2015. Confirmed 11.

Goal II. Facilitate Professional Development

- At least 20% of SMLD public libraries will have staff participation in the voluntary public librarian certification program by June 2015. Reached 35%.
- The SMLD will provide at least one opportunity for conference attendees to share what they’ve learned with district colleagues via in-person meetings or webinars. Sharing encouraged at directors, adult services, library IT and youth services librarians meetings. Two webinars set up as sharing forums.
- The SMLD will sponsor/co-sponsor at least 4 continuing education programs for public library staff based on district needs assessment and collaboration with other Maine library districts and the Maine State Library. Fall Council, ILEAD, PLDI, NDO, RA webinar series, SMLD webinars.
- The SMLD will sponsor/co-sponsor at least 2 continuing education programs for school library staff based on district needs assessment and collaboration with other Maine library districts and the Maine State Library. Collaborated and/or supported Apple Educational Program, RRU, MASL Spring Fling.
- The SMLD Consultant will send out 2 messages to the SMLD list to promote the MSL mentoring list for its members and extend stipends to SMLD library staff who want to observe best practices at district libraries for the purposes of improving their library services. The messages will go out in September 2014 and February 2015. Accomplished.
Goal III. Encourage Resource Sharing and Regional Cooperation

- The SMLD will collaborate with other Maine library districts to offer at least one bi- or tri-district continuing education program. Tri-district Spring Council
- The SMLD Board will send representatives to the District Liaison Committee. Karen Silverman and Beth Sweet would represent the SMLD Board if DLC is activated.
- The SMLD will participate in the MLA Conference by sponsoring a breakout session. Sponsored Andy Wallace and Jen Stanbro’s session on integrating library skills into Essential Learning targets at South Portland schools.
- At least 15 SMLD libraries will host a Portland Public Library bookmobile outreach visit to promote extended patron access to ARRC services by June 2015. Visited 19 libraries.
- The SMLD will assist the ARRC library in promotion of PALS to school and academic libraries by June 2015. Withdrawn for now; consultant currently in discussion with PP’s new executive director.

Goal IV. Foster Literacy

- The SMLD Children’s Book Review Group will prepare and distribute a list of outstanding children’s and YA books (Cream of the Crop) by mid-April 2015. Accomplished.
- The SMLD will participate in planning a children’s and YA literature conference (Reading Round-up) for April 2015. Conference took place on April 9, 2015 with over 350 attendees.
- The SMLD Board will explore ways to address adult literacy needs by June 2015. Board discussion on this issue was held at the June meeting.

Goal V. Improve Communication among Libraries, Library Organizations, and Other Groups

- The SMLD Board and Consultant will disseminate news and board meeting summaries via the SMLD List. Consultant is posting summaries of board meeting to the SMLD List.
- The SMLD Consultant will visit or call 90% of SMLD public libraries annually. [Currently 83%. Expect to reach 90% by June 30.]
- The SMLD Consultant will coordinate quarterly library directors, reference librarians, youth services, and technology staff discussion groups. That has been accomplished and is ongoing.
- The SMLD Board and Consultant will encourage all SMLD library staff to join appropriate e-mail lists such SMLD, MELIBS, MEINFO, YSS, Public Library Directors list. Subscription rate on the SMLD list will reach 85%. We have reached 85%.
- The SMLD will sponsor at least one professional development webinar by June 2015. Held a webinar in February on the value of community outreach and in April on creative fundraising ideas.

Goal VI. Foster Improved Library Service

- The SMLD Consultant will establish a discussion group for library youth services personnel by October 2014. Accomplished. Group met three times this year.
- The SMLD will offer 2 mini-grants of up to $500 (if budget allows) for one school and one public library piloting a new service for 10-17 yr. olds. Accomplished. Projects on oral history and STEM were funded in Kennebunkport and North Berwick.
- The SMLD Board will explore methods of reaching library non-users. Discussed at March 2015 meeting.
Status of District Libraries

All 66 public libraries in the SMLD filed their required annual reports with the Maine State Library.

One small rural library, **North Bridgton Public Library**, closed. The association could no longer raise enough funds to operate the facility. Those library users were welcomed to use Bridgton Public Library. NBPL donated some furniture, equipment, and materials to BPL.

Several libraries welcomed new directors:
- **Brown Memorial Library** in East Baldwin, **Tracy Batchelder**
- **Casco Public Library**, **Michelle Brenner**
- **Cundy’s Harbor Library**, **Tricia Gordon**
- **Lewis Dana Hill Library** in North Lovell, **Nancy Wilson**
- **North Gorham Public Library**, **Jennifer Plummer**
- **Walker Memorial Library** in Westbrook, **Rebecca Albert**

Several SMLD libraries have started or finished building expansion projects:
- **Merrill Memorial Library** in Yarmouth and **Libby Memorial Library** in Old Orchard Beach completed building expansion projects and interior renovations. **Falmouth Memorial Library** and **Thomas Memorial Library** in Cape Elizabeth saw municipal bonds passed in their towns to begin building expansion efforts there. Cornish residents are currently participating in a capital campaign to fund expansion of **Bonney Memorial Library** as are Wells residents to expand **Wells Public Library**.

In preparation to join the Maine Infonet Library System consortium (MILS), these libraries have started automating or migrated to the LibraryWorld system and are re-barcoding their collections:
- **North Gorham Public Library**
- **Cundy’s Harbor Library**
- **Richville Library**, Standish
- **Steep Falls Library**, Standish
- **Brown Memorial Library**, East Baldwin

In the past year, I have been reaching out to various libraries to encourage and assist their boards with strategic planning. I have met with people from the Graves Memorial Library in Kennebunkport, Raymond Village Library, Steep Falls Library in Standish, Goodall Memorial Library, and North Gorham Public Library to work on technology planning, capital campaign planning, or general 3-year planning. As a result of our efforts in Raymond, the board was able to obtain an additional $15,000 in budget funds to address the objectives of RVL’s strategic plan which was presented at their local budget committee meeting.

Municipal funding for SMLD public libraries increased about 4% on average in each of the past three years. However, many rural libraries report a lack of funds to adequately meet their needs for staff coverage, collection purchases, and building maintenance. This has prevented some libraries from being able to improve or add new services and update resources.

SMLD libraries continue to take advantage of grants and assistance programs such as PC’s for ME and the Stephen and Tabitha King Foundation to upgrade technology and complete building repairs. The Bonney Memorial Library in Cornish recently received a $23,992.00 grant from
Grants to Green Maine, a partnership between the Maine Development Foundation’s Maine Downtown Center, Efficiency Maine and the Maine Community Foundation to provide energy improvements that will help reduce energy costs and increase energy efficiency.

The SMLD Board, with the support of the Maine State Library, offered two $500 mini-grants for member libraries developing an innovative program for pre-teens or teens. From 14 applications received, the board awarded grants to D.A. Hurd Library in North Berwick for a teen STEM program and to Graves Memorial Library in Kennebunkport for a senior citizen oral histories project conducted by area high school seniors. These projects exemplify the how public libraries are evolving to support science literacy and local history and culture preservation in their towns while establishing important community partnerships.

Tri-District Spring Meeting, April 30
Augusta Civic Center (total attendance: 181, attendance from SMLD: 46)
Staff from all library types met for district business meetings followed by talks from Nancy Pearl, Library Journal Librarian of the Year 2011, and Maxine Bleiweis, Director of the Westport Library, Connecticut and recipient of the 2015 Charles Robinson Award for Innovative Leadership from ALA's Public Library Association.

Children’s and Young Adult Book Review Meetings (240 total attendance)
2014/2015 year were held at the Portland Public Library on the following dates: July 8 (10), August 14 (6), Sept. 17 (36), October 8 (27), Nov. 12 (32), Dec. 10 (25), Jan. 14 (33), Feb. 11 (27), Mar. 11 (20), May 13 (32), and June 10 (18). There is no April meeting due to the Reading Round-Up Conference. Monthly meetings attended by school and public librarians who review new books received for the Maine Examination Collection. Participants keep the books they review for their library collections, which can
amount to as many as 240 books per participant annually. Volunteers processed a total of 1,595 (thru May 13) review books from approximately 70 publishers.

In October 2014, the Book Review group, with support from the Maine State Library, established an online database for their reviews. In the first 8 months, over 800 reviews were added to the database. The reviews may be freely accessed at http://www.maine.gov/msl/libs/services/book_reviews/index.shtml.

Keynote speaker Tanya Lee Stone addresses Reading Round-up 2015 attendees.
Statewide Meetings

**Reading Round-up of Children’s & Young Adult Literature** *(attendance: 360)*
Augusta Civic Center (April 9, 2015)
The topic for the 26th Annual Reading Round-Up of Children’s and Young Adult Literature was “Reading between the Blurred Lines: Children’s Literature Today.” The conference is sponsored by the Maine Regional Library System and the Maine Library Association’s Youth Services Section. Award-winning nonfiction author Tanya Lee Stone was the keynote speaker. Breakout sessions addressed topics such as evaluating historical sources for students, health effects of screen time on young children, library skill centers, StoryWalks, poetry, maker activities, using wordless books in story times, graphic novels, e-books and apps that promote childhood literacy, and presentation of the Cream of the Crop reading list.

The Reading Round-up Planning Committee, led by the SMLD consultant, meets regularly throughout the year to develop the educational workshops and coordinate all conference events.

**Orientation for New Library Directors** *(attendance: 9)*
Maine State Library (May 8, 2015)
This program was designed to give new and relatively new public library directors an introduction and familiarity with the resources offered to libraries through the Maine State Library.

**18th Annual Public Library Directors’ Institute** *(total attendance: 44, SMLD attendance: 8)*
The Senator Inn, Augusta (June 5, 2015)
**Innovation, Outreach, and Partnerships: Ways to Make Your Library Discoverable!** Peggy Cadigan and Tiffany McClary from the New Jersey State Library spoke about their “It’s time… to rediscover your library!” campaign, and ways to make libraries discoverable. It provided an overview of various innovative program ideas, tips and tricks, and offered real world case study examples. Attendees learned new ways to expand their reach into local communities through strategic outreach and partnerships.

**Maine Library Leadership Institute**
The Maine Library Leadership Institute is a year-long program that prepares library leaders to bring effective and innovative services to Maine citizens so they can meet the challenges of today and the future. The kickoff event for the institute is the week-long New England Library Association’s “New England Library Leadership Symposium” to be held in August. It will be led by Maureen Sullivan, a past president of the American Library Association and a nationally recognized speaker on leadership.

The 2015 class was announced in May and includes Mary Beckett of the Edythe Dyer Community Library in Hampden, Marcela Peres of the Lewiston Public Library, Abby Morrow of the Ellsworth Public Library, Erica Irish of the Belfast Free Library, **Michelle Conners of Walker Memorial Library in Westbrook**, and Lisa Neal Shaw of the Caribou Public Library.

Each month, starting after August 2015, the cohort will meet to learn about and discuss solutions to challenges facing the library profession. The participants will also be responsible for designing and completing a project that will address Maine library needs. The year will culminate with a presentation of the projects at a state-wide meeting of librarians.

Collaborations
This past year I worked on several projects with other Maine State Library staff. The MSL consultants partnered with New Hampshire and Vermont state library representatives to create a new three-year tri-state SCOOP discount contract for local library purchasing.

MSL consultants also developed a new more in-depth Library Trustee Handbook. Each public library received a print copy of the manual with a link to an online version which could be printed out as needed. The consultants expect the handbook to be used to answer common board questions as well as for trustee orientation and continuing education resource.

I continue to serve on the statewide committee to re-design the MARVEL Maine Databases website. The committee has reviewed other state library online resources pages and has discussed ways to make our site more user-friendly for the public. We are also testing geo-authentication access to the databases.

As the Maine State Library continues to collaborate with Cornerstones of Science, the Maine Historical Society, and IMLS/ILEAD partners on grant projects, I work to promote the initiatives in my district. I have helped the local Maine Historical Society staff schedule programs at southern Maine libraries. I also maintain a working relationship with the National Network of Libraries of Medicine to connect local Maine libraries with health education and promotion grants.

Consultant Professional Development
