AUDITOR'S REPORT.

To the Citizens of Old Orchard:

In presenting this the sixth annual report, your Auditor and municipal officers beg to call your attention to the fact that many needed improvements will call for increased expenditures, among which are the new county road, the building of the easterly extension of Grand avenue, needed repairing and extensions on our sidewalks, and probably the building of some new streets, which are asked for at the coming March meeting. It is also deemed advisable to provide a school-room for the use of primary school.

To provide for these extra outlays, it is deemed expedient to make a loan of thirty-five hundred dollars for a term of years, which measures are submitted for your careful consideration.

FRANK B. ROSS, Collector.

REPORT OF THE SUPERVISOR OF SCHOOLS.

One of the greatest blessings of our Christian civilization is our public schools, and next to the Church of God should receive the most careful attention and earnest support of all the citizens of our free government, and no lack of interest on our part should be permitted for a day, lest a foreign foe should finish the work already begun to destroy all our free institutions. Each town should in every possible way strive to use all the provisions furnished by the State, to erect such places of instruction in the most healthy and beautiful locations, and put within them every convenience and all equipments which will draw the young by the beauty of such adornments, and the benefits to be derived from proper channels of illustrations. I therefore recommend to the wise consideration of the lovers of education in this town, the importance of the removal of the present school building to a more healthy location near where it now sets and upon the main street; for the present situation is both unpleasant and detrimental to the health of the teachers and scholars. The time also has come when there should be a change in the internal arrangement of the house, so as to accommodate the primary school, which may be done in such a way as to save the cost of a new building. Our schools are well taught and managed. Mr. Fling who has taught the high school for the past year, is still in the same position, and is doing his work faithfully as usual, and the good results are very apparent each term. Miss Rosa G. Fling is in charge of the

grammar school, and from the time she took command last summer until the present we have seen that her work has been well done, both in discipline and instruction, and her scholars show that her teaching is a success. The primary department is under the careful and patient instruction of Miss Lizzie S. Mayberry who is doing the best she can in a room not suitable for the development of either body or mind, and I trust a speedy change will put all our scholars in a better sanitary condition. Last May, Rev. W. H. H. McAllister who was elected to the office of Supervisor, resigned, and I was appointed according to law to fill his place for the balance of the year; and I have found much to be done, which may seem strange to those who do not understand the connections of the office: and if in view of another year any one should aspire to a salary and position of so great a magnitude, the present incumbent will be happy to make a vacuum for such an one to fill.

Respectfully submitted,

H. B. MITCHELL,
Supervisor of Schools.

HEMLOCK,

AT MILE BROOK STABLE,

Foaled May 1883, bred by G. J. Shaw, Hartland, Me., by Gen'l Withers, son of Almont, by Alexanders Abdellah, by Rysdyks Hambletonian.

Dam Lady Knox, by Cleveland's Knox Boy, son of Gen'l. Knox.

Second Dam, daughter of Burnt Back, son of Warrior, by Young Messenger, by Winthrop Messenger. Hemlock is Mahogany bay, black points, no white, stands $16\frac{1}{2}$ hands high, weighs 1200 lbs. and has a good disposition. He is a pure gaited natural trotter, and his stile action and general makeup is all that can be desired. Four year old record $2.44\frac{1}{4}$.

He has several Colts in this section and all of them are good size, good looking, and up headed.

GEN'L WITHERS

has never been fitted for fast work, the demand for his services in the stud up to the present time having prevented from doing so, but at the Maine State Fair in 1883 trotted an exhibition mile in $2.30\frac{1}{4}$. Although a young horse he is the Sire of many good ones, among them, John S. 2.31. Trout Brook, $2.38\frac{1}{2}$. Gen'l. Withers Jr. 2.39. Almont Ledo, $2.41\frac{1}{2}$ Gen'l Grant, 2.50. Rising Sun 2.50 and Gen'l Logan, trial 2.30.

ALMONT

is the Sire of Westmont (Pacer) $2.13\frac{3}{4}$ and $2.01\frac{3}{4}$ with running mate. Puritan, (Pacer) 2.16. Fannie Witherspoon $2.16\frac{1}{4}$. Piedmont $2.17\frac{1}{4}$. King Almont $2.21\frac{1}{4}$ and 28 others with records of 2.30 or better and 110 with records better than 3 minutes. 38 sons of Almont have Sired, 79 2.30 performers. In addition to these 38 he has 55 other sons that are Sires of winners with records below 3 minutes. Eleven of his daughters have produced 13 performers with records from $2.17\frac{1}{2}$ to 2.30, and he now has 15 great grandsons and daughters with records between 2.15 and 2.30

Lady Knox, his dam, is a brown mare, $15\frac{1}{2}$ hands high, foaled in 1876 and bred by E. M. Shaw, Victoria Corner, N. B. She is very stylish, good size and has a clean open gait. She was never trained for speed, but before put to breeding could handily show a 2.40 gait. Her sire, Cleveland's Knox Boy, was sired by Gen'l Knox, and was a large, stylish, fine gaited horse with a great deal of speed, but his owner would never have him trained. Gen'l Knox is too well known in this State to need any comment.

In woollens for men's and boys' wear, we carry the largest line of any Dry Goods house in the city, and we have some extra good trades in these goods for Spring wear.

We have a large line of Domestic Goods constantly on hand and at the lowest market prices. And last, but by no means least, we wish to call your attention to our shawl department. Our trade in this line of goods for '88 was larger than any previous year, and we expect to increase it in '89. We have a complete new line in wool shawls for Spring, from \$1.25 to \$35.00; also large variety of shoulder shawls in Cashmeres and Shetlands.

We shall open our Spring Stock on or about April 1st.

CAPT. WM. M. BURBANK.

BIDDEFORD, ME., June 23, 1888.

I contracted rheumatism while in prison in the army, and suffered continually with it for 21 years, being laid up with it in bed for several weeks, about twice a year, suffering indescribable tortures. The disease was located principally in my shoulders, hips and back. I took very many remedies and patronized many physicians, but received no benefit, but was cured entirely of one of my severest attacks in June, 1884, in a short time, by DR. COBB'S RHEUMATIC CURE. Haven't had a particle of rheumatism since.

CAPT. WM. M. BURBANK,

An army veteran serving in both army and navy, also formerly overseer in Pepperill Mills, and formerly police officer in Biddeford. Residence, Rockingham House, 251 and 253 Main St., Biddeford.

From all over the country come thousands of statements of the wonderful cures made by this medicine. This medicine is not a liniment. You cannot cure these blood diseases by application to the skin. This remedy destroys the impurities from the blood and is a sure cure for rheumatism and neuralgia. It is one of the best tonics in the world and strengthens the stomach and nerves.

Send for circulars containing the statements of persons cured in your own town. Prepared only by A. E. COBB, M. D. And for sale at office, 112 Main St., Biddeford, Me., and by druggists. PRICE \$1.00 PER BOTTLE.
