As the foregoing records are among the most valuable of the town, it is hoped every citizen will take an interest, and report promptly to the Town Clerk, any birth or death taking place in their families, thereby enabling him to keep a complete record.

The following is taken from the Revised Statutes:

CHAPTER 59, a part of SECTIONS 21 and 22.—And parents, householders, masters of work-houses, alms-houses, prisons, and vessels, shall give notice to the Clerk of their town, of the births and deaths which take place in their families, houses, or vessels, and the elder person next of kin shall give notice of the death of his kindred.

Whoever neglects to perform the duties required of him in the preceding sections, forfeits not exceeding ten dollars for each offence, to be recovered by complaint, half to the town, and half to the prosecutor.

Return of Marriages to be made to Town Clerk:

CHAPTER 59, SECTION 7.—When residents of this State go into another State for the purpose of marriage, and it is there solemnized, and they return to dwell here, they shall file a certificate or declaration of their marriage with the Clerk of the town in which each of them then lived, within seven days after their return, or forfeit ten dollars, half to the prosecutor and half to the town where the forfeiture is incurred.

SECTION 15.—Every person commissioned as aforesaid, shall keep a record of all marriages solemnized by him, and, by the fifteenth day of each month, make return thereof for the preceding month to the Clerk of the town where the marriage was solemnized, and the Clerk of the town where the intentions of marriage of each party were recorded, certifying the names of the parties, the places of their residence, and the date of their marriage; and for any neglect to do so, he forfeits not exceeding fifty dollars, half to the County and half to the prosecutor.

Respectfully submitted,

WILLIAM F. FERNALD,

Town Clerk.

AUDITOR'S REPORT.

To the Citizens of Old Orchard :

Your Auditor in presenting this, the 5th Annual Report of the finances of the Town, has endeavored to condense and classify the different accounts so as to make the expenses of each department as clear as possible. The changing of the date of the financial year of the Fire Department to agree with the fiscal year of the town has made an extra expense in that department as shown in report. There are but three outstanding bills and the treasurer's report shows a reasonable reduction of the outstanding debt.

On October 27th the treasurer's safe was burglarized and \$100.62 of the town money stolen. It is recommended that you re-imburse him for that amount.

The Selectmen and Auditor submit the following estimates for appropriations for the ensuing year :

FRANK B. ROSS, Collector.

REPORT OF THE SUPERVISOR OF SCHOOLS.

Among the blessings derived from our free government, the greatest is our public schools; and although the cities and towns of the State generally, make liberal provisions for their support, there is too often a lack of interest among the parents to enable the schools to derive the fullest benefits from these expenditures. Every scholar should be permitted and encouraged to make as nearly as possible a perfect attendance.

Much good would be derived, by the parents of scholars often visiting the schools; these visits should be at least once in each school term. Such an interest manifested by the parents would encourage both the teachers and scholars to a higher ambition, and would go far towards raising both the moral and educational standard of our schools.

The High School, under Mr. H. R. Fling, has been admirably managed; the discipline and deportment all that could be asked, while the instruction has been thorough, and the interest of the scholars well maintained.

The Grammar department, under the care of Miss Ella Baker, has maintained the usual discipline and thorough instruction that has characterized it the past two years under her instruction.

The primary department has been in the hands of Miss Ina Moses. Miss Moses is thorough in her teaching and succeeds in interesting her pupils, and lays a good foundation for the future school course.

Respectfully submitted,

FRANK G. STAPLES,

Supervisor of Schools.
