Dear Governor:

With reference to letter of May 23d signed by Mrs. Helen R. Sprague concerning certain utterances of a person named Gaskell of Farmington, I have to advise that the same has been referred to the Intelligence Section G-2, U.S. Army.

Very truly yours,

J. W. Hanson

This man brags he is a Nazi and only waiting for orders to join others and overthrow the U. S. Govt. Says he may be only a spouter. He has made remakes to several and has invited others to join the forces. Lives on straight road from Farmington Falls to Chesterville Center. He brings milk into Farmington. His name may be Glaskell (Arthur)
