Gen Washburn

Dr Sir

Some of My friends here advised
me to apply for a quartermaster's
position in some of the segments
If you can help me to a situation of
that kind I shall be very glad
I can get up a strong petition here
if necessary

I can arrange my business so as to have
some time next month perhaps before
I dislike to be idle this winter or not
earning any thing * Business must of
necessity be dull outside of the war
you will oblige me by answering this
at your earliest convenience

If there is any particular steps to be
taken please advise me
