

DR. E. W. RUSSELL, LEWISTON, ME.

PHILOSOPHER! preserve our health!
 Which more we value than our wealth.
 Wise Fate marked you in your profession
 To guide the way by swift progression.
 With antidotes you're far ahead
 With anecdotes you're not much lead
 Of all good things you have the best
 In autos, horses and the rest.
 But if your fortune e'er should fade
 And whirl away most all you've made,
 No doubt you would without remorse
 Let go the "rest"—and hold the horse.
