School work has gone on very smoothly and pleasantly in 1909. Some of our teachers have remained in the same school for the year, Miss Mossler at Pierce's Crossing, Miss Gleason at South Orrington, Miss Pollard at Orrington Corner, Miss Ramsdell at Swetts Pond and Miss Hall at Orrington Center. In all of the other schools one teacher has remained in the same school two terms. A winter term at Goodale's Corner was considered by the S. S. Com. to be a wiser arrangement than transportation to King, as the pupils were young and the transportation difficult to arrange for. It has been my policy when possible to hire a teacher for the school year as changes in teachers hinders the best work of a school. Our schools have been badly broken into by contagious diseases. Whooping cough in spring and fall, and measles and scarlet fever in winter, in some cases nearly depopulating the schools yet you will note the statistics which show that parents and pupils have given the matter of punctual, prompt attendance their earnest attention and I have been pleased with the average attendance shown by teacher's registers. The School Improvement Leagues connected with East Orrington, Pierce, Pond and Nickerson schools have helped to buy for their rooms maps and many other useful and ornamental articles of schoolroom furnishings. These Leagues are of great help both as a source of supply for many needs of the pupils for which the school funds are not ample enough to provide, and as a training along literary lines. I would that I might report a flourishing League in every school in town. The School Library at East Orrington has been supplied by pupils and friends with a number of new books.

Entertainments have been held by many of the schools well

attended by parents and friends, who have been most liberal patrons.

We have lost one pupil from our ranks at South Orrington for whom we mourn. Harold Miles was drowned in early fall near his home. He was of a peculiarly sunny disposition and he is greatly missed by schoolmates, teacher and Supt. Quite extensive repairs have been made at Pierce and Snow's Corner schoolhouses, and these houses are now in good condition. A new shed and outbuildings have been added to the Nickerson school property which were much needed. Repairs and painting both exterior and interior are needed next year at Orrington Corner, and King schoolhouses. The King schoolroom should be reseated, we advise an appropriation for that purpose. Keeping the school property in good condition is economy for the town, cleanliness is necessary and expenditure of money to make schoolrooms sanitary is humane. We require \$200. to keep the supply of school books good. No one can realize unless actually engaged in school work how much wear a book gets in one year with fair usage and school supplies are expensive. The pupils are instructed to care for their books and in most cases appreciate them enough to do so, but we must realize that study wears a book much more than reading it. Schools have been in session 32 weeks this year, one week longer than we have had funds for before. We hope to be able to have *as many* each future year, if not more. I have been ably assisted in my year's work by the S. S. Com. and I wish here to express my appreciation for the help and encouragement they have brought to the work. Our pupils at "High Schools," as a body, are doing good work. I receive reports from different Principals most flattering, as to their prepared-

ness and industry. We are now sending 29, some of whom will doubtless be an honor to our town. I have been much pleased with results from the first grade work as carried out by the teachers. We have quite a class of beginners this year who have done good work. I feel very grateful at the close of this year for the continued favor and confidence of those for whom I am working and for the interest *in*, and help *for* schools which I find throughout the town.

I am very respectfully,

BLANCHE K. BLAKE,

Superintendent.
