If you have a vision problem that prevents you from carrying out the activities of daily living, getting an education or a job, there is help. The Division for the Blind and Visually Impaired can provide many services to persons with severe visual impairments.

VOCATIONAL REHABILITATION SERVICES

The goal of vocational rehabilitation services is to help you retain or return to employment.

You could receive:

- Individual counseling and guidance, and vocational assessment.
- Orientation and mobility instruction to develop independent travel skills.
- Other training, devices, treatment, job placement and follow-up services to enable you to succeed in a job.

INDEPENDENT LIVING SERVICES

Adaptive skill-training provides alternative skills to accomplish activities of daily living.

Homemaking skills training may include meal preparation, shopping, and cleaning.

Individuals may be trained in a variety of personal management skills such as managing money, dialing a telephone, and telling time.

Mobility instruction assists individuals to travel safely through the use of alternative techniques.

EDUCATION SERVICES FOR CHILDREN

Comprehensive services for children and families begin as soon as a child is identified as blind or visually impaired.

Education consultants and teachers work with parents and schools to develop and implement an individualized education program.

The Division can supply specialized materials and equipment to support an individualized education program.

FINANCIAL SERVICES

Any person legally blind and in need, may apply for SSI or SSDI at the nearest Social Security Office. For information, please call: 622-8348 or 1-800-772-1213.

REAL ESTATE TAX EXEMPTION

Persons who are legally blind may receive a real estate tax exemption of up to \$4,000.00 on their property valuation by applying through your local town office.

You must provide a medical report that states "you are legally blind".
