FRANK'S BAKERY—This beautiful weekly publication is a welcome visitor to the parlor circle. The number for the ensuing week has been received by C. F. Fessenden, 444 Congress street.

"The best regulator of digestive organs and the best appetizer known."—A. J. C. Fessenden. Try it if you are overworked. Get from your grocer or druggist the genuine article, manufactured by J. J. B. Sigert & Sons, Portland, Me.

"There have been many remedies put before the public for coughs and colds, but we know of none that can give more thorough satisfaction than Adams' Cough Balsam."—Portland Press. Trial bottles 10 cents.

"This tried, languid feeling and headache is very disagreeable. Take two of Carter's Little Liver Pills before retiring, and you will feel better. They never fail to do so."

Advice to Mothers.—MISS WINKLOW'S "SOUTHERN SYRUP" should always be used when children are cutting teeth. It relieves the little sufferer at once; it produces natural, quiet sleep by relieving the child from pain, and the little cherub, awake as "bright as a button." It is very pleasant to taste. It soothes the child, softens the gums, allays all pain, relieves wind, regulates the bowels, and is the best known remedy or diarrhoea, whether arising from teething or over eating. Twenty-five cents a bottle.

"Best cure for Cough and Colds, the old Boston Vegetable Pulmonary Balsam."

Who is Your Best Friend?  
Your stomach of course. Why? Because if it is out of order you are one of the most miserable creatures living. Give it a fair honest chance and see if it is not the best friend you have in the world. Don't smoke in the morning. Don't drink in the morning. If you must smoke and drink until your stomach is through with breakfast. You can drink more and smoke more in the evening and it will tell on you less. If your food ferments and does not digest right, you are troubled with heartburn, dizziness of the head, and aching of the food after eating. If you are fatigued, or any other trouble of the stomach, you had best use Young's Fruit Syrup, as no person can use it without immediate relief.

Mr. Fairbanks said that the course taken by the Boston manufacturers was owing to the fact that the Fairbanks' land was being largely sold in the East, and also that the Boston then hoped that small dealers would not go to the expense of taking out a license to sell the land compound, but would content themselves to deal in pure land.

The witness opposed the bill, because he did not wish the product of his establishment to go before the country as something which had been stigmatized by Congress. After a three hour session the hearing was over until tomorrow.
