Welcome to Maine, the way life should be. Maine's natural beauty and largely untouched landscape offer tranquillity to some and adventure to others. So whether you want to escape the hustle and bustle or experience excitement in place of routine, Maine is the place.

Southern coastal beaches welcome thousands of visitors seeking a cool Atlantic breeze and a warm summer tan. Inland lakes beckon those wishing to enjoy a lazy day.

Maine has eight tourism regions, each offering scenic splendors, historical sites, scrumptious dining, retail bargains, outdoor adventures and lots of space to enjoy each. The map on page 2 details the regions.

We invite you to spend time with us all year-round. Summer offers thousands of choices from sandy beaches, rocky shores, historic or cultural venues to a thrilling whitewater adventure or biking/hiking experience. Fall has its colossal kaleidoscope of colors. Winter brings skiing, snowboarding, snowshoeing, ice fishing, snowmobiling and cross country skiing that's unsurpassed. Spring is when the colors begin to appear and each day brings warmer weather.

Throughout the year Maine's quaint inns and bed and breakfasts offer memorable stays. Many offer the best in home cooking, unique antiques, historic sites, fireplaced rooms and local amenities. This guide is intended to help you along the way and enjoy Maine even more. Be sure to tell your hosts you found out about them in the Maine Tourism Association's *Maine Guide to Inns and Bed & Breakfasts*.
