F.Y. 2000 ANNUAL REPORT

Libby Memorial Library
Old Orchard Beach, Maine

◆ Dedication ◆

Maureen M. O'Leary

An annual Town Report is one of a community's most important historical documents. It is with great pleasure and appreciation that the Town Council, on behalf of its citizens, dedicates the final Town Report of the twentieth century to one of its most dedicated public servants of the century, Town Clerk MAUREEN MAY MOKARZEL O'LEARY, who retired November, 2000.

Maureen, who is also known as "MO" to many citizens and close friends, and as "MIMI" to her nieces and nephews, served the Town of Old Orchard Beach and the citizens of the State of Maine for more than a quarter of the twentieth century.

She was one of thirty six births registered in the town in 1939. She was the third child of George S. and Kathleen Dorgan Mokarzel. Her father was a native of Beirut, Lebanon and her mother was born in Ireland. Maureen grew up in Old Orchard Beach when it was a "small village" and its citizens were an "extended family", when everyone was known by their first name in this "year-round community". She was educated in the local system and graduated from Old Orchard Beach High School in the Class of 1957, which had thirty seven students.

Maureen started serving the public as a young girl. While in junior high school, high school and college, she owned and operated Maureen's Gift Shop and later the Boston Fruit Store in the family block located on Old Orchard Street, now the location of the Belle Buoy Restaurant.

When she left the University of Maine in Orono, she worked for a major bank in Boston as an Executive Administrator's Assistant. She returned to Maine a few years later and worked as a traveling Clerk of Courts for the State of Maine District Court system. In 1979 she commenced her longtime service to the citizens of Old Orchard Beach as an employee in the Town's Tax Collector's Office. In 1981, upon the retirement of her predecessor, Barbara E. Lord, Maureen was the third woman to be elected by the voters to serve in the position of Town Clerk in a four way race with three other women. The first woman elected was Barbara Lord's predecessor, Esther Snow Crowley, who

succeeded Fred I. Luce. Since the Incorporation of the Town in 1883, Mr. Luce was the only person to serve in the elected position longer than Maureen. He served for twenty nine years. Maureen was then reelected to the position until the final year of the century when she announced her retirement at the end of her term in November, 2000.

Maureen is known to have kept her youthful virtues in serving as Town Clerk. The local High School yearbook, Oceana 1957, described Maureen as an "agreeable personality, hard worker, and always coming up with great ideas for the benefit of the Class".

In the 1982 Town Report, after her first term as Town Clerk, Maureen reported that "the position of Town Clerk is challenging and enjoyable".

Throughout her tenure as Town Clerk, Maureen greeted the citizens as "Honey" and "Dear". These terms of endearment will remain as her trademark, a part of the legacy she gave to the citizens while conducting Town Business. She was available at any hour to serve the people's needs, whether people needed hunting, fishing, or marriage licenses and other requests required of the office. She was not one to back away from controversies or pressures brought on by other elected officials or politicians. She knew her job well and fulfilled her obligations. She placed her faith and dedication in the voters who elected her year after year. She was challenged in her post the last two elections of her service and each time was victorious by wide margins.

She leaves as a model of dedication to public service for all future elected Town Clerks. She strongly believes that the position and responsibilities of the Town Clerk should be left to the voters to elect the official to serve in that capacity and not as an appointment of other elected or appointed officials.

Outside of her professional work, Maureen is also a gourmet cook. She thrives on cooking and sharing the recipes of her hereditary Middle East and Irish dishes as many of her former ballot clerks and coworkers, family and friends can attest.

Maureen and her husband, Anthony, a native of Ireland, never had children. However, they undertook the family responsibility of rearing their teenage niece and nephew, Kathleen and Michael Geyer, following the death of their parents, Maureen's sister, Beverly and her husband, Thomas.

To Maureen we say THANK YOU for the many years of public service and dedication to "your town and its citizens" as we close the books on the Twentieth Century.

(Special thanks to Roger & Mary Tousignant for writing the dedication)

Report of the

◆ **TOWN COUNCIL CHAIRMAN**

Greetings to all! It is truly an honor and a privilege to present you the annual report that marks the beginning of a new millennium!

What a year this has been for the Council. It has been a year that Council has met an average of once a week, all for the best interest of our community! I must say that despite the presence of adversity, we, as your Council, have demonstrated that a difference of opinion on an issue is healthy. We have, if nothing else, shown that we can disagree on an issue with professionalism and respect for one another, and for that Councilor Weinstein, Councilor Gardner, Councilor Raye and Councilor Kline, I cannot thank you enough. Your efforts and commitment to your community are truly commendable.

I must confess that the timing of me serving you as the Chair was far from perfect. Just prior to my selection as Chair I had announced a recent promotion. I felt this was the result of working an average of ten hours a day, putting forth that extra effort. Recognizing the window of opportunities that remained open before me, I continued to maintain this strong work ethic in my professional career. This again resulted with a promotional reward and the temporary title of Postmaster at the Kennebunk Post Office. Needless to say, the hours or workload did not diminish. I would like to take this opportunity to say I still put my best effort forward for you my fellow Councilors as well as you, my fellow members of the community. It certainly was not intentional or personal if something was delayed or a phone call not returned.

To avoid being repetitive or redundant to the Town Manager's remarks, I will keep my comments generalized and not focused on specific issues. I can honestly say that we, as your Council, have been fiscally responsible, committed to capital improvements, infrastructure repair, and committed to the education of our children as demonstrated through the budgetary process. I can proudly say that the ratio of debt service to total general fund expenditures has declined significantly during my last two years on Council, and is projected to do the same this year as well. More simply said, we as a community are fiscally sound, and are currently maintaining one of the highest possible bond ratings that a community can attain. I think a word of praise to all School Board members, Department Heads and the entire Staff for their role in helping us achieve this is appropriate; Good job folks, may the trend continue!

This year this Council put forth a vigorous recruiting campaign for members of our community to serve on a board or committee. The response was overwhelmingly positive. It is with great gratitude that I acknowledge those who served on the Planning Board, Zoning Board of Appeals, Finance Committee, Memorial Park Advisory Committee, Recreation Committee, Saco Bay Planning Committee, Community Development Block Grant Committee, Conservation Committee, P.E.T.S. Committee, members of the Library Board of Directors and the members of the Historical Society. Again, a "THANK YOU" is not enough for the countless hours you donate and devote to making this a better place for us to live.

In closing, I would again like to express my gratitude to you, my fellow members of our community, for affording me the opportunity to serve you for the last nineteen years, sixteen as a call fireman, two as your Councilor and most recently, one as your Council Chairman. It is without doubt the future holds many unanswered questions. However, I am still eager and proud to serve in the capacity as your Councilor during the remainder of my current term. Lastly I would like to thank my wife Diane for being so supportive and understanding during this endeavor of mine.

Respectfully submitted,

Shawn E. O'Neill, Chairman

Kelly Raye, Vice-Chair Eber Weinstein, Chairman Shawn O'Neill, Sonia Gardner and Joseph Kline

Report of the

◆ TOWN MANAGER

I want to first give thanks to the Town Council and Citizens of Old Orchard Beach for the opportunity to have served you this past year as your Town Manager. I want to also thank the loyal and dedicated employees that make up my professional and working staff. While it is always a pleasure for a Town Manager to take an opportunity to review a year of professional success, it is with the full knowledge that any success gained is through the combined efforts of employees, management, Council and community leaders. In political circles it is often said that Presidents probably get too much praise for good things that happen during their tenure and too much blame for failure. I am not sure that statement could not also be given to Town Managers. Again, I want to thank all for their contribution to what I believe was a very successful year.

Richard Haberman, Town Manager

We began the year in search of a new fire truck and solutions to our need for a wastewater clarifier. Both items were placed out to bid. Initial bids on the fire truck had resulted in one bid of over \$650,000. We refined the specifications. Second bid efforts resulted in three bids with the successful bidder pricing the truck at \$535,000. We later decided to self finance the truck saving an additional \$50-100,000 depending on the number of years. For many years the wastewater treatment plant had been operating with back up systems for all things but the clarifier. Since a failure in this plant would result in the discharge of less than fully treated water into the ocean, it was very important that the plant have a new clarifier added to the system so the older clarifier could be used as a back up. In November the fire truck and wastewater clarifier were voted on by the community in a referendum and were both approved by overwhelming numbers.

One problem that plagued Town Hall was unreliable Internet and e-mail service. This was one of four items established as a priority by the Council when I was first hired. During the year with the cooperation of Mr. Tom McLaughlin we were able to obtain the services of a local resident and student, Mr. Norman Delage, who developed a website at oobmaine.com. This site is still under construction, but when fully developed is anticipated to be a source of meeting agendas for the Council and all Boards and commissions, minutes of past meetings, and other important information. The ultimate goal will be to create a "virtual Town Hall." This will allow residents to do virtually all things over the Internet that they can do when they visit Town Hall, greatly expanding the service offerings to the community.

Among the tasks set as a priority by Council was the development of a performance based pay plan. The first task was to develop a proper classification system including accurate job descriptions for all positions under the pay plan. The classification program groups the various employees according to their relative job descriptions with the goal of providing equal pay for equal work. The second task is to establish goals and measures for the evaluation of performance and to develop a performance based method for future salary increase recommendations from the Town Manager to the Town Council. The classification program has been completed and the performance system is currently being accomplished.

The development of a comprehensive Solid Waste Program was a priority set by the Council. This program was presented to the Town Council for adoption in March 2000. Among the many elements were:

1. Expansion of the Town's composting operations.
2. Creation of a Town Sanitation Department manned by Town Employees for better management of solid waste generated in the Town.
3. Establishment of an Enterprise fund within the town budget to attribute all cost and revenues related to Solid Waste. This will provide the Council and residents a better means to assess the total cost of this item and better manage these costs.
4. Focus on maximizing solid waste reduction methods through use of a pay as you throw system.
5. Establishment of a total goal of 70% reduction in solid waste sent to MERC through a combined use of current technologies and resources available to the Town.

With the Solid Waste Program were problems associated with maintenance and cleanup of the Downtown Business District during the busy Summer season. My first day on the job dealt with this issue. After a series of meetings with the old MDD Committee we were able to, with the approval of the Town Council, hire a private contractor to provide the necessary services. In the second season we were able to add to the services provided, the dumping of barrels on the beach, which was formerly done by Public Works employees on overtime. The Town was able to save substantial money through this process and the Public Works Department was able to provide expanded construction activities this past Summer. As a result, more sidewalks and street overlays were accomplished than in past years by Town employees, again, a good trade to benefit the entire community. Now, after completion of the second season under this program, I believe all will agree this has been a highly successful program.

The Town Council has already met with members of the City Council of the City of Saco. The goal is to expand the compost facility to benefit both communities. This expansion may also provide alternatives related to our overall Solid Waste Program.

Another item that came forward in the public agenda was a better way to deal with issues related to Animal Control. Besides amending the current Ordinances, the Town was able to hire a full time animal control officer who also provides enforcement services for the Code Enforcement Officer, and reopen the OOB Animal Shelter through the efforts of the Animal Control Officer, the Town's Public Works Department, and Ms. Mary Dolan, President of PETS, a private nonprofit body consisting of volunteers within the community. The reopening of the shelter would not have been possible were it not for the volunteer efforts of the membership of PETS.

It quickly came to my attention that there was a perceived "anti business" attitude in the Town Hall. I have frequently heard this voiced in a variety of meetings in my eighteen month tenure. Given my twenty-five year tenure in the Private Sector before moving over to the Public Sector, I found that to be unacceptable. While I do not believe that the business community should dominate a Town, neither do I believe that it should be ignored. A healthy community is

one where business and residential issues are in balance. Thus, with the cooperation of Mr. Bud Harmon, Executive Director of the OOB Chamber of Commerce, a Town Manager's Business Advisory Committee was formed. We meet monthly to discuss issues facing the community with a goal of making recommendations of the Chamber and Town Council on policy initiatives that will serve the community, improving relations, and planning for long term growth and economic development.

Shortly before I was hired the Town Council essentially overhauled the business license process transferring duties to Town Staff. While the process has gone through revisions over the past eighteen months, the Code Enforcement Officer has been able to develop a process that will better ensure adherence to Town Ordinances, regular reinspection of businesses to ensure compliance with current Health and Safety regulations, coordination of the efforts of the Fire Department, Police Department, and Code Enforcement Officer to monitor business activities in OOB. This program has been modified each of the two seasons that the process has been in the hands of Town Staff and it is expected that new applications before the Town Council in 2001 will have all pertinent information for an informed decision.

Among the other items that have been successfully negotiated is the acceptance of 51 acres of wooded land on Portland Avenue as a gift to the Town from Janice Milliken Andrews. This land is to be set aside as a primitive public park with access by all to enjoy the natural beauty of this parcel of land. The other item was a successful contract with Poland Springs to provide wastewater services for water they use in cleaning bottles associated with bottling operations. The contract sets strict limits on the quality of water we receive and the revenue has been used for improvements on Temple Avenue and Manor St. without requiring use of tax funds. This has already proved to be a good public-private partnership that will benefit both parties.

All in all, it has been a successful year. The combination of some of the above mentioned programs allowed the Town Manager to present to the Town Council a Budget that contained a \$0.25 reduction of the current tax rate. Thus, while other communities have been increasing their annual tax rate, the Town was able to go in an opposite direction.

Respectfully submitted,

Richard E. Haberman, MPA

TO THE CITIZENS OF OLD ORCHARD BEACH:

The Office of the Town Clerk is once again more than happy to give you the report of the past year.

Amendments that were made to various Ordinances are: the License Ordinance, the Ordinance to Regulate the Control of Solid Waste, the Ordinance to Govern the Use of Watertoys and Non-motorized Watertoys on the Town Beach, the General Assistance Ordinance, the Zoning Ordinance and the Traffic Ordinance. An Emergency Ordinance regarding trucks was passed which was in effect only for the 60 day period in order to give time to the Planning Board to work on an amendment to the Zoning Ordinance.

Elections numbered three this past year: November 2, 1999 brought forth 3,246 voters for the State Referendum, the Municipal and the Special Municipal Election. The voters approved the spending of up to \$550,000 for a new ladder truck for the fire department and \$1,200, 000 for construction improvements at the Waste Water Treatment Plant. The State's second Presidential Preference Primary Election was held on March 7, 2000 with 450 persons voting. One hundred thirty-six persons voted at the State Primary Election which was held on June 13, 2000. Of those 136 votes, 20 of them were voted by the ballot clerks! For the first time in the history of Old Orchard Beach, I used voting machines on a trial basis at the June Primary. They worked very well and I purchased them with Council approving the funding. The following are those who

have served as Ballot Clerks in all the elections since my election in December of 1981. An asterisk after the name of the ballot clerk denotes that they are now deceased, but not forgotten.

Glenna Ahearn, Marion Ahearn, Carolyn Allen, Jana Angelosante, Theo Arsenault, Emile Aube, Marilyn Aube, Norma Baker, Roy Baker, Ruth Baker, Carol Bancroft, Daniel Bancroft, Daniel Barbano, Nancy Barbano, Edrice Bates, Herschel Bates, Connie Bean, Patricia Beaudoin, Leatetia Beaulieu*, Barbara Begin, Cecile Beland, Antoinette Bill, Alice Blake, Patricia Blake, Wendy Blake, Barbara Blanchette, Audra Blaney, Gail Blaney, Annette Blow, Joel Blow, Lisa Boisvert, Michael Boisvert, Laura Bolduc, Bernadette Bouchard, Claire Boutot, Jennifer Bradbury, Phyllis Burckess, Ralph Burckess, Howard Burpee*, Elizabeth Cabot, Patrick Caporino*, Carol Carlisle, Barbara Carter, Wesley Carter, Ellen Clark, Amy Clemens, Dorothy Clemens, Pauline Cockerille, Thomas Cockerille*, Dennis Coffey, Alan Coker*, Marion Coker, Bella Collins, Carmen Cook, Dorothy Cook, William Corcoran, Gloria Corey*, Ivy Corliss, Robert Corliss, Alexis Cote, Jackie Cote, Ellen Couri, Robert Couri, Helen Crowley, Timothy Crowley*, Jean Cullinan, Elizabeth Curry, Herbert Cushing, Rita Dancoes, Stacy Danton, Olga Dayton, Alice DeCosta, Elaine Degrace*, Jessica Demers, Lois Devine, Arthur Dickson, Joyce Dikeman*, Barbara DiModica, Richard Doe*, Shirley Doe*, Janet Doherty, Dawna Dolloff, Harry Dowd*, Walter Dowling, Dorothea Dube*, Robin Dube, Elizabeth Dunkerley, Amelia Dupre, Frieda Earle, MacCormack Economy, Antonio Eramo, Beatrice Eramo, Dorothy Fairbanks, Mary Fenton, Joan Finlay, Katy Gannon-Janelle, Beverly Geyer*, Laura Gilbert, Beth Gilman, Paula Girard, Sharen Girard, Ruth Goforth, Sylena Googins, Simone Goulet, Urbain Goulet, Debra Guarino, Jeanne Guerin, Michelle Gustin, Arlene Hanson, Gertrude Hanusek, John Hanusek, Faye Harding, Carole Harrison, George Hartley, Kathleen Hartley, Helen Harvey, Dorothea Haskell, Jacqueline Hayes, Yvette Herlihy, Emma Herrick, Alfred Hills, Josephine Hills, Hazel Hirst, Michelle Holmes, Thomas Howard, Nancy Jackman, Jillian Jakeman, Pierre Janelle, Simonne Janelle, Marie Jastrzebski, Paul Jastrzebski, Alice Jenkins, Edward Jurberg, Cynthia Kerr, Alice Kierstead, Lena Knight, Theresa Kozloff, Carolyn LaChance, Karol Ladakakos, Paul Ladakakos (Father and Son), Priscilla Lamb, Rachel Lamb, Alice Langdon, Lawrence LaPierre, John LaPointe, Jo-anne LaPointe, Janet Lavenbein, Michael Lavenbein, Karen Leary, Cora Lebeau, Arlene LeBreton, Irene Lee, Henry Lemire, Pauline Lemire, Karen Lemoine, Everedeke Lemos, Mary Leonard, Jerome LePelletier, Sandra Lewis, Ann Loranger, Nahdia Lorden, Michelle Magaudda, Patricia Magaudda, Donald Maheu, Geraldine Maheu, Lori Manchester, Frank Manduca, T. Elections are a stressful part of the work of the Town Clerk and each of these Ballot Clerks performed their duties with dedication, loyalty and integrity. Old Orchard Beach being of a political nature, had many recounts in local elections and proof of their work is that the result of any election was never overturned. Kudos and Bravo to these dedicated citizens.

I thank the School, Police and Public Work Departments for the extra special care that they gave to me in my years as Town Clerk. No matter what I asked of them, they did oblige, always attempting to take the pressure away and make my job a little easier. Many thanks for everything to each of you.

Thank you to the Board of Voter Registration for their cooperation to the office of Town clerk during elections. Registrar Aline Fontaine, and members Tony Bill, Ed Jurberg, Elaine Fletcher, Alice Langdon, Willie St. Pierre.

Deputies Jeff Thompson and Arlene LeBreton, deserve much recognition for the work that they did for me and our Town. They were there whenever I needed them. Pat Beaudoin, Pam Blake, Pat Magaudda, Elaine DeGrace*, Emile Aube, Beth Gilman Susan Roberge* and my sister Bev Geyer* served as Deputy Town Clerks as well. I was the first person in the Town to open evening hours to serve the citizens, opening every Wednesday not until 6:00 P. M. but until 9:00 P. M. Bev worked with me every Wednesday evening until her death in 1991. And I might add, not on the payroll. Tom Lee, Sr. has been my Election Warden for all of my 19 years, doing his job with sincerity and integrity. Love to Deputies and Warden Lee.

Herschel Bates was the Licensing Inspector prior to my year of being elected and in 1982 until 1998 he and I worked well together, collecting many thousands of dollars in license fees each year. Not one license fee ever went unpaid in all of those years. Hersch used to even go onto the beach to collect the money(!) but the licensees looked forward to his visit.

When first elected in 1981, Jerome G. Plante was the Town Manager until 1989. I thank him for those years of working with him. He always respected the Office of Town Clerk and he recognized the fact that it was an elected position.

I have announced that I will not seek re-election this year. How do I close my last Town Report to you? What can I say? How can I tell you what is in my heart? Words can never express what I feel for you. The love, support, care and confidence that you have given me all through the years is a treasure that I will savor for the rest of my life.

CITIZENS OF OLD ORCHARD BEACH, I SHALL NEVER FORGET YOU. GOD BLESS YOU AND THANK YOU.

Sincerely,
Maureen Mokarzel O'Leary, Town Clerk

TOWN HALL DEPARTMENT HEADS

Report of the

◆ REGISTRAR

We prepared for three elections during this fiscal year, principally the November 2, 1999 election, as there was a very large turnout of voters due to the very important issues on the municipal ballot. We had 7,112 registered voters at that time, and we had 1,242 on the inactive list.

I appreciate all the friendly, helpful participation from everyone at Town Hall and the Police Department. I would like to show a special appreciation for my deputies who worked very hard to prepare for these elections. It's because of people like this that I enjoy my job immensely.

The following are the statistics for the fiscal year ending June 30, 2000:

New Registrations	537
Removed Registrations	145
Deceased Voters – removed	85
Voters to inactive list	1,242
Changes of name or address	308

Respectfully submitted,

Aline Fontaine, Registrar

In February 2000, April was named as the Planning Assistant to take a position with the Town of... Although the Town has had a very effective and capable Planning Assistant, we offer our best wishes and success to April in her new career.

Respectfully submitted,

Paul Harty, Director of Planning

Report of the

◆ TREASURER

As I write this report, I am approaching ten months of service in Town Hall, almost a full cycle. It has been mostly enjoyable, often hectic and occasionally frustrating to experience what makes this Town function.

But, it is certainly gratifying to me to be able to make an impact on the Town that is my home and that I have known all my life as a summer resident and, for the past 6+ years, a permanent resident. So, I thank my predecessor, the Town Manager and the Town Council for having faith in my ability to handle this job.

The year ended June 30, 2000 was another success story for the finances of Old Orchard Beach. Tax revenues, State Revenue Sharing, investments and even our parking meters combined to give us once again an increase of \$600,000 above the revenue estimates. On the expenditure side, the Department Heads are to be commended for keeping close control of the operating budget. Although several Departments were slightly overspent, others were underspent, leaving us with a small remainder of available operating funds.

These positive numbers combined to leave a healthy surplus above the Fund Balance Policy requirement that has mostly been designated by the Town Council for much-needed Capital Improvement projects and to help in our conversion of the solid waste system to a full recycling program. This will create savings for all of us by not having to borrow money to take care of these needs.

My office has already completed a review of all Town payroll and benefits and we are currently updating our unwieldy vendor list. One of our top priorities over the next year is to strive for efficiency in all things. Outdated procedures are being overhauled, compliance with laws and regulations is being scrutinized and cooperation with all Departments is expanding with cheerful interaction and more regular financial reporting for fiscal responsibility.

I continue to be assisted as Deputy Treasurer by Peg Smith, whose years of dedication and accumulated knowledge are much appreciated by a newcomer. I thank her for helping me to get my feet wet without sinking completely.

Although as a support unit, our office does not perform day to day service functions for the general public, anyone is welcome to stop by with questions about the Town's finances.

Respectfully submitted,

A. Curtis Koehler III
Treasurer/Finance Director

Report of the

◆ DEPARTMENT OF PLANNING

The building boom of the last two years continued unabated in the past fiscal year. Development applications issued by the Planning Board, Architectural Review Committee, or the Planning Department remained nearly constant with FY '99 while development activity in some categories such as Downtown Design Review decreased. A summary of all permitting activity handled by the Department in the past twelve months is tabulated below:

Summary of Land Use Decisions Planning Board & Planning Department

<i>Application</i>	<i>Approved</i>	<i>Denied</i>	<i>Pending</i>
Conditional Use Permits	4	0	1
Site Plan Permits- Administrative	10		2
Site Plan Permits- Plenary	13	1	3
Subdivision	7	0	2
Design Review- Administrative	15	0	0
Design Review- Plenary	2	0	0
Private Way Permits	5	1	2
Zoning Change Request	2	0	1
Total	58	2	11

In addition to the project review, the Department has been continuing in its mission to improve the economic stability and the quality of life in Old Orchard Beach. Specific projects that were successfully completed in 1999 and 2000 include the following:

- Developed a new wireless telecommunications tower and facility ordinance that enables the community to attract cellular and digital service to the town without sacrificing the visual quality and safety of the community's neighborhoods.
- Completion of the \$ 400,000 Highland Avenue / Campground sewer, storm drains, road, and sidewalk reconstruction project which eliminated chronic sewer plugs, backflows, drainage failures, and dangerous road conditions on Maplewood, Oakland, and Highland Avenues.
- Completion of the groundbreaking Saco Bay Plan - the first comprehensive beach management plan in the State of Maine prepared by representatives from Scarborough, Saco, and Old Orchard Beach. Many thanks to the Old Orchard Beach delegation -Jerry Plante, Dick Kessler, Diane Fenton, and April Wernig - for their tireless efforts and superb work.
- Continued working with the Eastern Trail Alliance and the 13 other communities in the association to build the proposed Portsmouth to South Portland off and on-road bicycle and hiking trail through Old Orchard Beach.

In February 2000, April Wernig left the Town's service as the Planning Assistant to take a position with the Town of Needham, Massachusetts as the Assistant Planner. Although the Town has lost a very effective and capable Planning Assistant, we offer our best wishes and success to April in her new career.

Respectfully submitted,
Tad Redway, Director of Planning

Report of the**◆ INSPECTIONS OFFICE**

The following is a summary of the permit activity from July 1, 1999 to June 30, 2000:

Building permits issued	380
Construction value	\$9,348,945.00
Building permit fees collected	\$20,341.52
New Construction	68
Sewer Impact fees collected	\$94,400.00
Zoning Board of Appeals	25
Plumbing Permits	\$9,007.00
Electrical Permits	\$1,238.05

This fiscal year ending June 30, 2000 has proven to be an extremely busy year. New construction has increased significantly and building permits for small repairs and additions has also increased.

Respectfully submitted by,

James A. Nagle, C.E.O.

Report of the**◆ ASSESSOR**

Total Value of Taxable Real Estate	\$531,735,300
Total Value of Taxable Personal Property	\$17,620,800
Total Commitment to Tax Collector	\$12,854,932
Total Value of Exempt Property	\$34,239,600

The tax rate for F.Y.'01 is .02340

William Healey, Jr. left his position as appraiser for the Town in August 2000 to become the Assessor of the Town of Cumberland. We wish him the best. Bill will be missed.

Respectfully submitted,

Peter H. Cook, CMA
Chief Assessor

Report of the

◆ POLICE DEPARTMENT

In the fall of 1999, Sgt. Vincent Mattia began his duties as School Resource Officer. This position which was unanimously approved by the Town Council, serves several purposes. First and foremost, it provides students with a direct contact with law enforcement which we hope will create a lasting trust between the student and the Police Department that will endure throughout their educational experience and beyond. The resource officer is also responsible for developing and presenting instructive programs that teach students at all levels about the dangers of drugs and alcohol. Officer Mattia is also available for counseling or helping any student that may be at risk or who is currently experiencing problems. We have initiated an emergency response procedure for all of the schools and Sgt. Mattia is responsible for ensuring that periodic drills are held and that any deficiencies are corrected. There are many other duties and responsibilities that Sgt. Mattia is responsible for but I do not have the space available here to explain them all. We will constantly be evaluating and improving on this position and hope to provide what we consider to be a valuable service to the students and teachers as well. The resource officer position is something that we have advocated for some time now and I am grateful to last year's Council for having the foresight to recognize the value of this position and providing the funding.

Chief Dana Kelley

Detective Sgt. Keith Babin continues to dedicate himself to the students at the high school and, along with all of his other responsibilities, still finds time to participate along with Sgt. Mattia in many school activities. We are fortunate to have two officers who are as dedicated to the youth of the community as these.

Also this year through federal grants and municipal dollars, we have equipped our cruisers with lap top computers and will be purchasing new software that will enable the officers to do reports from their vehicles, the objective being to keep the officers on the road and visible. Officers will also be receiving dispatch calls directly over the computer, which will speed up response time and help to eliminate any possible miscommunication of a call. We have joined a consortium of area police departments in southern York County that have received grants for much of this equipment. It is hoped that this technology will enable us to share information with other departments that otherwise would not be readily available to patrol officers.

Several new officers and dispatchers have been hired this year. They are: Patrolman Timothy Curran and Patrolman Jeff Reagan; Dispatchers Paul Jensen, Becky Ruel, Michael Gordon and Andrew Frechette. Officer Peter Schimek has resigned and has accepted a patrolman's position with the Biddeford Police Department.

Further, this has been the first full year with a full-time animal control position. ACO Bruce Savoy along with many volunteers from the PETS Committee have built an addition onto the

existing animal shelter creating a facility that now enables us to house animals there as opposed to contracting with the Kennebunk Animal Shelter. It will now be possible to release impounded animals from our facility at a lower cost to the taxpayer and without the inconvenience of traveling to Kennebunk. The ACO has also been assigned to handle some code enforcement issues as well. This department has worked very closely with the code enforcement department over the last year and I believe that together we have been able to address some of the quality of life issues that effect all of us in this community.

This department is made up of dedicated professionals who subscribe to our long-standing philosophy that we are here to serve you in any capacity twenty-four hours a day seven-days a week. We want you to know that we will always do our best to provide you with a service that ensures the safety and well being of all of our citizens and we look forward to working with you, the citizens, as partners to make Old Orchard Beach a safe and enjoyable place to live.

Respectfully submitted,

Dana Kelley, Police Chief

Report of the

◆ FIRE/RESCUE/LIFEGUARD DEPARTMENTS

Fiscal Year July 1, 1999 through June 31, 2000 continued to provide positive changes for the Fire/Rescue Department. Union negotiations and Council actions finalized our goal of reducing weekly work hours to forty-two (42) for our full-time staff effective with the 2000-2001 budget year. The addition of three (3) more Paramedic Firefighters increased our ability to provide ambulance coverage on a twenty-four (24) hour, seven (7) day a week rotation.

In November of 1999, the Town citizenry voted at a special referendum election to allow the purchase of a new Tower Fire Truck from Central State Fire Apparatus. This new apparatus will enhance our fire suppression capabilities and provide the opportunity for us to retire our 1975 American LaFrance ladder truck after twenty-five (25) years of faithful service. Delivery is expected in September, 2000.

New equipment such as an Amkus rescue tool, Quaker fire gear, Maine Forestry donated equipment, and individual SCBA masks for many of our personnel are other major additions to our department inventory.

Our seasonal lifeguard staff under the direction of Captain James Bergeron made another summer beach season a safe and enjoyable one for our "beach goers".

A positive attitude and sincere dedication from our full-time call force, part-time rescue, and lifeguard personnel continues to produce maximum efforts to serve our Town citizens and seasonal visitors.

Respectfully submitted,

John A. Glass, Fire Chief

Fire Chief John Glass

2034

Report of the

◆ RECREATION DEPARTMENT

Positive changes have been made towards a healthy and fiscally sound future within this budget year. A new approach to administration, promotion, accounting, and programming has allowed an explosion of growth to take place in a year where we started out in debt and had an unexpected loss of leadership. Each of these factors individually could have been disastrous. A combination of the two was quite a challenge to overcome before this year was completed. I looked at these circumstances as an opportunity to learn my new position and decided to meet that challenge with enthusiasm and vigor.

- Our community has a wealth of potential for providing some of the best recreational experiences in all of New England. Outdoor recreation nationally is growing by leaps and bounds. We are currently not on the list of top ten Beaches to visit in our nation as listed by research groups and the National Parks and Recreation Association. We would benefit greatly from researching why those beaches are listed ahead of us. I believe the three major areas which could soon change this are:
 1. The proposed community center on Milliken Street
 2. Developing the 51 acres of land on Portland Avenue into a passive recreation facility
 3. Memorial Park becoming a family center for cultural events
- The entire community can benefit from all three of these efforts. Residually the business community can count on greater numbers of families in summer seasons due to more activities available for their entire family. We would be wise to take steps to improve our standing in comparison to similar beach communities.
- Fiscally the department is sound at this point in time. We incurred a debt of greater than \$13,000.00 early in the year. This was erased through fees and fundraising during the year. There is no longer a debt in either the general fund ledger or the restricted fund ledger. We are now in position to make growth occur for the upcoming year.
- Our programs now include a full range of activities. Children can participate in football, basketball, cheerleading, soccer, tennis, swimming lessons, horseback riding, gymnastics, vacation field trips, and summer camps. Summer camp increased 89% from past years due to many scholarships from the business community. The camp is also now meeting all Maine State Guidelines for a childcare facility of 50 or greater children. This qualifies us for greater grants and acceptance of children into the program from homes in need of assisted childcare. The following numbers may help indicate how well this year finished up:

Program Year	98/99	99/00	Program Year	98/99	99/00
1. Girls Basketball	15	41	9. Tennis	4	115
2. Boys Basketball	28	64	10. Adult volleyball	0	21
3. Soccer	unknown	Unknown	11. Adult Softball	80	135
4. Football	21	51	12. Adult Walk Jog	20	8
5. Summer Camp	68	128	13. Adult Aerobics	5	35
6. Cheerleading	0	42	14. Teen Basketball	12	34
7. Soccer Camp	8	55	15. Teen Summer Grant	35	50
8. Football Camp	0	51	16. Vacation Activities	45	184

- Expansion of adult programming has made a great deal of impact on the community. We frequently have failed to meet the demand for adult activities in the past. We now provide the following adult co-ed activities: volleyball, A.S.A. certified softball league, Cardio-fitness, and trips to local events. All have improved the quality of life for our residents. We still need to improve upon these areas and continue to offer more quality programs in the future.
 - Senior programming is the area we can improve the most in during the 2000-2001 fiscal year. We lack any programs that are strong enough to hang our hats on at this point. We have a demand but it will require some more research and cooperation with outside groups to accomplish this goal.
 - Promotion of programs has changed towards direct contact of parents, proper signage, and target marketing to save resources. Marketing this department on a limited budget was a unique challenge. The public is now being informed in several ways which are directly related to increased numbers of participation.
1. Direct contact with parents has resulted in an increase of participation. Parents many times did not receive notices from their children when sent home through the schools. I believed this could be changed simply by conducting surveys in the schools, to gather the names of interested parties, and then mail the information directly to their parents. Our parents like this system much better. In the end it also costs less per customer than sending the same notice several times for inconsistent results.
 2. In my educational experience two factors told of many business failures and successes. Location and advertising play a major part of all business success. Our signage was poorly located, not maintained well, and too small. I have been working with other departments including the Adult-ed., PTO's, Police, Fire, Rescue, and Schools to improve signage for us all. I believe the signage project that will be presented to Council in July presents our best opportunity to help increase our effective communication to all citizens by all these departments. These departments all budgeted to make the improvement for 2000-2001.
 3. Targeting the specific group who will need the information for a program has helped increase participation. Inserting into the Courier newspaper, using free listings in the Portland Press, and Journal all helped us in 1999-2000. The brochures inserted into the Courier allowed information to be distributed evenly and cost effectively at about .08 cents per unit. I would like to use this method four times a year to help the department continue to grow.
 4. Accounting for the increased revenues meant a complete overhaul of our system. Acquiring the services of our current Finance Director was one of the biggest blessings this department has experienced. Mr. Koehler helped develop a system to track revenues and expenses in a manner which provide accurate and much more timely information. This made our recreation department more productive administratively. We are currently still improving this process for better service to our community.

The community will see the following happen during this upcoming year:

1. Milliken Street phase 1 of development with athletic fields being the priority.
2. A design presented to Council for a passive recreation facility on the 51 acres donated to our town in 1999-2000.

3. Atlantic Avenue Courts developed into a first rate outdoor court for basketball.
4. Memorial Park tennis courts improved with windscreens and practice boards.
5. Increased adult and senior programming including trips abroad.
6. Travel soccer, cheerleading, and softball added to our programs for children.

The Department of Recreation will seek to become a resource that touches every person in Old Orchard Beach during 2000-2001 through superior customer service and quality beyond expectation. Volunteers are a priceless asset in our community and we found better ways to reward their efforts this past year. Our business community rediscovered how much this department can help them indirectly. The support of other departments is increasing greatly. Our Town Manager, Mr. Haberman, has been very supportive in many ways during this first year. Without the effort of our entire community this would not have been a successful year. Many would characterize this year as a troubled time in the history of OOB Recreation. Instead, I feel it has been one of the few times this department can point out how much the community can accomplish when it comes together.

Respectfully submitted,

Rick Towle, Recreation Director

Report of the

♦ **PUBLIC WORKS DEPARTMENT**

The Department of Public Works enjoyed another busy year performing its normal duties of maintenance throughout Town.

Our ability to perform our work is enhanced with the delivery of two major items of equipment. Our new front end loader features a quick disconnect assembly that allows the tractor to use accessories for unique applications. We now have a plow assembly in addition to the usual bucket. The plow has proven to be exceptionally capable of scraping built up ice down to the pavement in very close areas. This has been a tremendous aid in those areas that do not have good drainage and tend to build up ice. We look in the future to obtain additional assemblies that will make this loader more useful without having to make large equipment purchases.

Our medium duty dump truck was not delivered until after this winter so we did not have it available for plowing and sanding. We anticipate that it will perform hard service in some of the tight roads and turns that have caused us difficulty in the past. The size and setup of this truck was cause of some interest at the statewide D.P.W. Rodeo held in Skowhegan this summer. It is of intermediate size and very versatile. Departments from other towns have contacted our truck vendor and indicated interest in our concept and design. In this issue our Department appears to be leading the way with original thinking in its applications. We will be depending on getting a long service life from this rugged truck.

In addition to our usual responsibilities of maintaining our sanitary sewers, drainage, roadways and beach maintenance we are very involved with supporting other departments and agencies in town. This past year we performed the site work at the recently opened animal shelter. Our heavy equipment removed the concrete entry at the Jameson School. The recreation department is committed to improving our parks and playgrounds and we were able to support this effort at the Atlantic Avenue basketball court and the Veterans' Memorial Park. There were times when the demand for our services taxed our ability to address tasks in a timely manner. This is especially evident during the spring when everyone is pressed and anxious to have all preparations completed in time for the summer season. We've made every effort to increase the level of service we are able to provide to the taxpayers and still meet the many demands by other departments.

This year I will be asking the taxpayers to consider a capital investment in our facilities. The garage is a thirty year old metal sided building that is well past its service life and in serious need of renovation. We've been forced to store winter road salt in one of our maintenance bays to the detriment of building and equipment. I've asked contractors to develop preliminary estimates for renovating the garage and construction of a salt/sand barn. The projected cost is considerable by Old Orchard Beach standards. As discussion and debate about this issue approaches, I invite anyone from town to view this facility to assist in their judgment about the necessity of the proposed improvements.

The coming year promises an increased level of activity with several capital projects either underway or in the planning stage. Taxpayers can look forward to better roadways and drainage. With the continued support of Council, I hope all will notice a general improvement in the infrastructure.

Tim Bruan, Public Works Director

Respectfully submitted,
Timothy B. Braun
Director, Public Works

Report of the

♦ WASTEWATER TREATMENT PLANT

During fiscal year 2000, the Wastewater Treatment Plant processed 470 million gallons of wastewater and removed 96% of pollutants far exceeding the 85% required by State and Federal standards.

I would like to commend Charlie Davis for his outstanding service to the Town. Charlie recently retired from the W.W.T.P. He was a dedicated and skilled mechanic for 14 years who was always the first to volunteer to help during emergency situations anytime day or night.

The W.W.T.P. staff has nearly completed the East Grand Pump Station upgrade. When complete the station will be totally refurbished and will have double the capacity.

This year we were very fortunate to win a wastewater disposal contract with Poland Spring Bottling Company. This contract will generate about \$300,000 in revenue for the Town over the next two years.

The Compost Facility continues to dispose of Old Orchard Beach and Saco sludge in a way that is safe and beneficial to the environment. Our sludge disposal costs are still the lowest of any community in the state.

Our future goals are to oversee the construction of the new secondary clarifier and to develop a long term sludge disposal plan.

I would like to thank the Town Council and the Town Manager for all of their support and for providing the resources we need to protect the beach and the environment.

Respectfully submitted,

Roger Goodwin, Superintendent

Timothy B. Brown
Director, Public Works

Report of the

◆ BEACH CLEANERS

Statistically, there are few if any changes in our operation this year. Our crew consists of fourteen people including myself. There have been two or three changes in personnel due to health or change of employment.

The area covered remains the same – from the Scarborough line to the Ocean Park line – a distance of roughly two and one half miles.

There are about sixty barrels employed along this stretch of beach. The barrels enable our crew to have a depository for the waste they gather as well as provide a receptacle for the beach visitors. Many people will dispose of their waste if containers are conveniently located. Of course, there are those who do not.

The general litter found along the beach consists of forty-five or more various items that we have catalogued. The waste consists of gum wrappers to broken beach chairs in size and from pampers to dead fish in another category. Then there are some hazardous pieces such as broken glass, boards with nails that some times float in although there are pieces from the land side, fire works, sparkles that have handles which can penetrate a foot(bare).

One alarming note is the dying out of our dune grass. I have read that this is caused by a grass disease. Many areas are dying out – not from being trampled, but inside well fenced areas.

I cannot close without paying tribute to the people who constitute the beach cleaning crew. They are reliable, they know what needs to be done, and they are doing it. I cannot add more. It has not always been that way.

When I go to work in the morning and see the beach littered and look again before leaving for home and see a clean sandy beach stretching out before me, I am pleased.

Mr. Adam Copeland, who has been handling the barrels and dumping them, has been very cooperative and he, himself, has been doing a good job as far as my contact with him has been concerned.

Respectfully submitted,

George Shorey, Supervisor

P.S. It should be noted that our budget was for \$15,500 and we were able to accomplish our mission for \$13,509.

Report of the

◆ CONSERVATION COMMISSION

The Conservation Commission is concerned with the following subjects: Dune Grass Preservation and Tidal Gates and Salt Marsh Preservation, The Eastern Trail Alliance Project, and Veteran's Memorial Park Planning.

DUNE GRASS PRESERVATION. This April volunteers have planted dune grass in five areas off West Grand Ave. The Sandpiper Ave. plot has already been killed by spreading sea grape plants. This type of invasion seems to be widespread. Experts from the state don't seem to have remedies. Fertilization may be the solution. Fencing is another consideration and signage prohibiting walking in the dunes. We have the signs but the frontal dune fencing has been eliminated in many places by Public Works. Commissioners are told that the five year program is over but conservation of dunes must continue to preserve Old Orchard Beach, our most vital town asset. This difference of commitment must be addressed.

TIDAL GATES AND DRAINAGE IN SALT MARSHES. The tidal gates situation at New Salt Road has progressed to the point where pressure from the D.E.P. has caused the Town to wedge open the gates to let some salt water in and some fresh water out. This action has minimal affect not changing marshes back to salt ones. Invasive fresh water plants are choking the marshes reducing their storage capacity thereby causing flooding. The solution is fluctuating tidal gates that can be adjusted to high and low tides. One tidal gate with installation costs \$50,000. What can be done? The answer suggested by the E. C. Jordan Engineering report in 1982 was to dig another drainage canal down Clover St. to relieve flooding. This job would be very expensive. The fluctuating tidal gate would be the best solution.

EASTERN TRAIL ALLIANCE. Much time has been spent on the Eastern Trail Alliance, a non-profit organization dedicated to reviving the old eastern trail railroad corridor as a hiking and biking trail. Four Town meetings have been held to allow Town's from Eliot to South Portland to learn about the trail and offer their suggestions. The engineering study has been completed by a private company hired by the Maine Department of Transportation. A temporary trail has been marked using roads where usable trail sections aren't available. Recently, a ceremony was held in each Town from Key West, Florida to Calais, Maine as water carried by bikers and walkers was exchanged. Now, fund raising is needed to finish the job. The Eastern Trail Alliance is part of the East Coast Greenway, a hiking and biking trail that extends from Key West to Canada with extra trails such as Cape Cod, MA.

VETERANS MEMORIAL PARK. The committee met three times with little action because of conflicting goals. The Recreation Director has developed plans of his own for removing fencing and one tree, and adding trees by the tennis court. The committee wanted time to digest these plans. The veterans have added more plantings and want new trees along the borders of the park. Action hasn't been taken as yet.

Respectfully submitted,
Parker VanHooenstyn, Chairman

Report of the

◆ HISTORICAL SOCIETY

The Old Orchard Beach Historical Society a.k.a. The Harmon Museum, is again glad to report another successful season with over two hundred visitors and a great turnout at our 2000 Summer Series lectures. We had four guest speakers at the Town Hall Auditorium this summer. All were well received.

The new research room at the Harmon Museum is picking up a lot of interest as expected. We urge all people interested to visit our museum and step back in time for awhile. There is no admission charge. Stop in some rainy afternoon to see all of our summer displays. Our able and knowledgeable curators will show our great displays and answer any questions you have.

Again we would like to thank all our volunteers and officers. A special thanks to Shirley Gibbons, our able president and Priscilla Gallant for all their many hours spent re-cataloguing our entire collection. Our membership is still strong with well over one hundred members. We would also like to thank the Town Council and Town Manager for their support.

Respectfully submitted,

Daniel E. Blaney

Report of the

◆ EDITH BELLE LIBBY MEMORIAL LIBRARY ◆

There have been some significant changes in Library personnel and staffing in the last year. In August of 1999, at the end of another successful Summer Reading Program, members and staff of the Libby Library said a reluctant farewell to Louise Capizzo, who had been in charge of juvenile services at the Library for four years. In September we welcomed a new Children's Librarian, Andrea Terry, who has already succeeded in bringing her own style and much enthusiasm to the position. We are pleased to report that the Library has finally been able to upgrade our part-time circulation librarian, Crystal Wilder, to the full-time position of Assistant Director. Although Crystal has been a valued member of our library family for some time, her experience and dedication have already proved to be of great additional benefit to the organization in her new position. Our long-time bookkeeper, Elinor Smith, retired at the end of December, but before leaving graciously spent several weeks training her replacement, Evelyn Strother. This has made it possible for Evelyn to provide a seamless change over with a minimum of confusion and disruption. 'Miss Ellie' will continue to serve as Treasurer for the Board of Trustees, which has added four new members, including Lois Benway, Shirley Mullen, Marjorie Garon and Jeff Thompson. This brings the total number of members to twelve.

Other changes and improvements to the Library include replacement of the entire roof on both sections of the building, and the addition of a walk from the street end of the new parking lot to the front door. The Libby Library now offers two internet connections for public access, as well as a public workstation for word processing, and has added a computer for basic operations including word processing and games in the children's room. A monthly calendar of events available at the checkout desk outlines the various programs and events offered for young and old alike throughout the year. Please come in and take a look at what is here, from audio books to the world wide web; pre-school crafts to classic book discussions; this is *your* library -- we urge you to make use of it.

Respectfully submitted,

Eileen McNally, Director

Report of the

◆ SUPERINTENDENT OF SCHOOLS

The 1999-2000 school year was both exciting and productive. As we now enter the 21st century, I am pleased to report that the Old Orchard Beach Schools are well positioned to meet the new challenges that we will now face. Preparing our children for the ever changing world and job market has become a primary focus for our staff.

A major district initiative has been the alignment of the Maine Learning Results with our K-12 curriculum. The entire faculty has been extremely involved in this process and we have been very pleased with our progress to date. Another primary district focus has been the integration of interdisciplinary units across and between grade levels. More than ever, we are attempting to provide our students with real life and meaningful experiences.

Teaching research and communication skills is also an essential ingredient in our overall educational program. The integration of library skills into every segment of our curriculum is now becoming the standard. With the evolution of the Internet our students are quickly becoming citizens of the world and must acquire the necessary skills to be technologically literate. We presently have over 300 computers in our schools thanks to our federally funded E.L.M. Grant. Every classroom, library and computer lab is now hooked up to the Internet on a high speed cable as our district's network easily is able to handle the increasingly high volume of activity. Computer use is now a mainstream activity throughout the district.

Safety in our schools continues to be our number one priority. Working closely with the local police we have delicately planned and implemented school safety drills. Our policies and procedures remain current and our staff's proactive stance on safety issues has become part of everyone's daily routine. Officer Mattia, through a federally funded program, is now working in our schools on a full-time basis. As part of our safety program, this summer we will be installing cameras to view playground activity and monitors at high volume traffic areas in the schools.

After losing our Gifted and Talented Program in the early 90's for budgetary reasons, this year the foundation for our new Skylights Program was established. We're all very excited to again be able to provide our accelerated students with instructional activities that will meet their individual needs.

The 1999-2000 school year also saw the birth of our district's choral program. Under the leadership of Jason Cassidy we are now able to compliment our exemplary band program with an array of vocal opportunities for our student body. It was truly a marvel to see how involved our students became almost overnight in this new program.

As you read the following reports, I am confident that you will see the excitement and enthusiasm radiated throughout our schools. Please join us as we strive to prepare all of the citizens of Old Orchard Beach for the ever changing demands of our emerging global society. I am confident that if we all work together, we can create a rich, meaningful and supportive learning environment for our children.

Respectfully submitted,
Jay Bartner, Superintendent

Report of the

♦ JAMESON SCHOOL

Jameson School began the school year in September 1999 with 361 students and ended the year in June with 363 students. From June of 1999 to June of 2000 however, 66 students moved in to our school and a total of 64 students transferred to other communities. This transient population is a typical representation of the student body that we work with each year.

Due to an exceptionally large kindergarten class this year (117 students in the fall), it was necessary to eliminate our pre k program for the year in order to create an additional kindergarten classroom.

We were fortunate this year to have an additional first grade teacher under the federal Class Size Reduction Act. This position changed expected class sizes of 20/21 to 15/16 students in the fall. As a result, classroom teachers were able to spend more individual time with students throughout the year and the need for supportive services for first grade was significantly reduced.

During staff development sessions throughout the year, we concentrated on learning more about differentiating instruction for our students, and worked on improving our instruction and assessment in the areas of reading and writing.

We appreciate the donation of two iMac computers and supportive hardware to our school this year from the Saco and Biddeford Savings Institution. The students have enjoyed using them throughout the year. The bank has always been very supportive of our schools.

An exciting improvement to our school during the past year was the addition of two new rooms that will be used as special education rooms. The new spaces were just completed this spring. They will help to relieve the congestion in areas designated for small group instruction. We look forward to moving into them this fall.

This year we have welcomed Vinnie Mattia as our School Resource Officer, provided by a grant to the OOB police department. Vinnie has been helpful in working with our students on a number of safety issues. He has visited classrooms to talk with students about seat belt safety, safety with dogs and arranged for instruction in bicycle safety. Vinnie and other members of the police department fingerprinted all kindergarten students for identification purposes. He was helpful in developing and practicing procedures for safety lock down drills with staff and students.

Our school library was very fortunate this year to be automated using the Winnebago system. This has made our circulation of over 10,000 books each year much easier and more efficient. The library has provided several special events and programs for students this year including a book fair, pajamarama nights, a Dragon Reading Club and a new summer reading program. Nadean Record, our school librarian, received a grant from the Maine Arts Commission that was used to bring children's author/illustrator Kevin Hawkes, as well as Gretchen Berg and Paul Sarvis, creative movement specialists, to Jameson for a combined residency this spring. This was a wonderful experience for our students.

Cheryl Rague continues to coordinate our volunteer program at Jameson. Last fall, Cheryl was honored with a Maine's 100 Award. This award is presented annually by the Governor's Office to

no more than 100 individuals or organizations that have demonstrated outstanding volunteer efforts and have contributed to the betterment of their community. Cheryl's dedication and hard work have organized 80 volunteers who have donated over 3,400 hours to working with Jameson staff and students this year.

The Jameson PTO has been active throughout the year with fundraisers that have provided for a variety of enrichment programs for our students. During the school year, members organized a pumpkin sale, a fall fundraiser, a Christmas craft fair, a backwards day dinner and a spring fling pizza night. As a result of their fund raising efforts, the PTO was able to sponsor the Maine State Ballet and Mr. and Mrs. Fish for our students. The PTO also contributes to our artist in residence program and sponsored an Audubon Society outreach program for our first grade students and a third grade field trip to a Portland Symphony Youth Concert at Merrill Auditorium. We appreciate the hard work of this organization throughout the year and invite other parents to become active members.

After school time continues to be a favorite time for students to participate in enrichment activities of all kinds. Our Kaleidoscope Program, under the direction of Maria Ellery, offered classes throughout the year on anything from beginner basketball to jewelry making. After school violin lessons helped interested students to refine their musical skills through individual and small group lessons with Margaret Hopkins. The Jameson Singers chorus, under the direction of Rita Smith, was popular with approximately 40 students in grades 1-3. The YMCA after school program enrolled approximately 35 students this year.

We truly appreciate the help of others in supporting the children in our school. Their support and assistance has helped us to provide a quality educational experience for our students.

Respectfully submitted,

Pamela Mullen, Principal

Report of the LORANGER MIDDLE SCHOOL

It was a great year at LMS, and many exciting and positive educational endeavors occurred for our students. With the many spelling bees, student exhibitions, plays, athletic games, vocal and musical performances as well as daily and major units of study, our students had a very enriching year. Some of our new programs and highlights are listed below.

S.T.A.R. Program – The middle school started at S.T.A.R. program (Safe, Tolerant, Aware, Respectful) this year. The goal was to improve school climate and to acknowledge students participating in safe, tolerant, aware or respectful behaviors. The program committee met throughout the year planning and getting this program coordinated. During the fourth quarter we kicked off the program with a guest speaker for a school-wide assembly followed by a review of the program's goals and expectations with the students. Students showing STAR behavior would earn a yellow star from any adult in the building, and as they earn additional stars they would earn special privileges and awards. Hopefully, this program will continue in future years.

Skylight Program – After being dropped from our curriculum for a number of years, the middle school once again started a Gifted and Talented program during the 1999/00 school year. The G/T program is being called the Skylight Program and it is directed by Peggy Marchand. Ms. Marchand comes to the middle school learners. The emphasis of the program is to enrich the accelerated learners and provide services for those who need it in this area. On a national average, approximately 5% of the student population qualifies for services in this area. We hope to have this program making great strides in the education of our students who qualify.

School Wide Safety Drills – For the first time ever, the middle school planned and practiced school-wide safety drills for our students and faculty at school. The purpose of these drills is to make our school as safe as possible in case there is ever a need to isolate or lock down a portion or all of our school. With the ever-increasing safety issues occurring across the country, we felt it would be prudent to have our students and staff knowledgeable of these types of drills and to have them practice them during a time of little or no stress to reinforce the drill and its purpose. As you know, we have practiced fire safety evacuation drills for many years, and these new safety lock down drills will become a part of our efforts to keep the students of OOB safe while at school.

Teacher of the Year – During the 1999/00 school year, we are proud to announce that George Shabo, our music and band teacher at the middle school was nominated for Teacher of the Year. He is a terrific teacher who works very well with all levels of students, is a respected member of our faculty, and is a good role model and valued member of our community as well. Mr. Shabo's dedication, hard work and student-centered style made him the perfect choice for us in this process. He has made it through the first two rounds of this process, and is half way there in becoming teacher of the year. He has been through the interview with the State's committee, he has been observed at school during his day to day efforts, and has been part of the exhibition stage in Augusta and finally is now presenting his professional portfolio for review over the summer months. We wish him well in this process, and look forward to the final results.

Respectfully submitted,

Mike Pulsifer, Principal

Report of the HIGH SCHOOL

The Old Orchard Beach High School enrollment began in September, 1999 at 390 students and ended at 358.

In many ways it seemed that school never shut down for the '99 summer. In June, Bill Marshall, Chuck Greer, Carolyn McMenemy, Caroline Sample and I attended an assessment workshop. The focus of this workshop was to learn more about various assessment practices and to develop a template that all of our teachers will use this year to develop their own performance assessment. This team effort was outstanding as it gave us a head start to this year's staff development focus on assessment. All of our staff development days and early release days were devoted to improvements we could make in our assessment practices through the ELM Take 1 course. This work will continue this summer as Jane Kerry, Kathy Camire, Martha Curtis, Stephanie Babin and I will take the ELM Take 2 course to continue in our commitment to improving assessment practices.

We continued to build on positive experiences and had a great start to the school year. The highlight of September was our Open House held on the 23rd. Although only one hundred and twenty parents were in attendance we had a lot of positive comments. The format of the evening was to have parents follow their child's schedule. During the 2 ½ hour event, parents got to meet teachers and find out what the expectations of each class were and in general, content of the class. Prior to following student schedules, Mr. Matthews addressed the parents on the school's major initiatives for the school year. Earlier that same evening the Junior Class held a spaghetti supper fundraiser that was well attended. The high school hasn't had an Open House for many years and this was a nice start to reestablishing that tradition.

The Regional Fine Arts Program started up again and this year we had fifteen students participating in Writing, Music, Studio Theater, Dance and Sculpture. Sculpture was offered during the second semester. This was an increase of student participation on the part of Old Orchard Beach students in this outstanding program. Music Composition and Sculpture have been added to the overall program to make Regional Fine Arts stronger. Our participating students attended once every two weeks to Biddeford to take part in this program.

The Parent Network Group held its first meeting in September. The group was also represented at the Old Orchard Beach High School Open House. Communication between parents, the school, the Old Orchard Beach Police Department and the Department of Corrections continues to be strong. The HELP team for at-risk students met regularly and has welcomed Detective Keith Babin as a new member.

In October the marching band participated in the Sanford High School Band Show. For the first time they were competing in a new division - Open Class, which is made up of the best marching bands in the state (Westbrook, South Portland, Biddeford). They also participated in the Westbrook High School Band Show.

In September a local composer, Barry Morse, gave a clinic to our music theory and band class students. He was commissioned to write a concert band work for us that represents and portrays the Town of Old Orchard Beach.

Our Sophomore Awareness and DAT testing for freshmen were held together in October. By holding both activities together we were able to minimize the overall interruptions to our regular routine. This was the twelfth year we have offered our Sophomore Awareness Program. With the consistent leadership of Jackie Tselikis and Jack Trull the program continued to develop leadership within the class, provide opportunities for teamwork and share information with students concerning a variety of social issues that our young people face today. All of this presented in a way to help develop young strong minds to make educated decisions about their future. Enhancing this approach, Interactive Theater students performed improvising scenes dealing with substance abuse, peer pressure, eating disorders and diversity issues. In likewise fashion, the DAT's provided an insight for staff and students to learn more about specific interests and career planning for their future. Both activities are worthwhile and we continue to look at the best way to serve our students' needs while providing a well rounded education.

Homecoming, traditionally, has been a great success. This year was no exception. Students enjoyed the various spirit days and a fairly large percentage of the student body participated. Homecoming dance recorded the largest attendance in recent history. Everyone enjoyed this social highlight of the season.

In senior guidance class, we focused on SAT test preparation and college selection. The new CHOICES 2000 program has been installed and is getting a great deal of use. Seniors are also using the internet to register for the SAT, research colleges, visit college websites, which often offer a visual tour of the campus, and request materials. Students can now file college applications through the internet.

The week leading up to Thanksgiving Day was a combination of Parent/Teacher conferences and teacher workshop days. Our workshops this year have had one central theme of assessment practices. To help us in this venture, Kathy Lee and Denise Stearns have presented the ELM course to our staff. We have been blessed with the computer technology from the ELM grant and now our participation in the ELM course will give us an opportunity to learn another practical application of this technology.

In between workshop sessions our staff practiced a school lock-down drill along with members of the Old Orchard Beach Public Safety Department. It was a good practice session as it helped to answer many questions about our procedures in case of an emergency.

A health mentorship program is in place to allow Mr. Trull's Advanced Health Class, once a semester, to teach a 40 minute health class to 5th graders. Subjects taught included Exercise and Nutrition, Smoking and Emergency Situations.

We have conducted curriculum area meetings with a specific emphasis on Master Schedule building. These meetings were productive in terms of reviewing the pros and cons of this year's Master Schedule and looking to meet the needs of our students for the next academic year. Our new MacSchool program has built into the software a conflict matrix for Master Schedule building.

Old Orchard Beach held its Honors Evening in March. Honor plaques and certificates were awarded and new members were inducted. This event was followed by a Chorus and Band Concert.

The band played a world premiere piece "Old Orchard Beach Memontos". This work was commissioned by the Old Orchard Beach High School Concert Band. Mr. Barry Morse, a native of Westbrook, is the composer. During the evening, art work was also exhibited depicting Old Orchard Beach, past and present.

Foreign Language Week was held again during the month of March. We followed up on the tremendous success of last year's effort. Mr. Paradis and Mrs. Gagnon did many cultural activities in their classroom while Sandra Lewis provided meals with many ethnic backgrounds. It was again a successful week.

Drama Coach Kathy Camire lead a group of fourteen students, among whom were five crew members, in a one-act comedy play entitled "Sunday Dinner". The students competed in the Southern Maine Drama Festival hosted by Wells High School on March 10th and 11th. While they didn't win, they were well received by the audience with senior Julie LoPesti winning All-Cast. The addition of five crew members yielded excellent results and were extremely important to the process. The cast performed before the student body at Old Orchard Beach High School on March 21st. The comedy was performed for an appreciative full house.

An air quality team, funded through a grant, was formed consisting of Jackie Tselikis, Kathy Camire, Marc Paradis, Jack Trull and Margaret LaPointe. They met with representatives of the American Red Cross and a building engineer expert. The group met and discussed air quality problems, a building tour was conducted and a follow-up meeting was held about the building. Several recommendations were developed from the tour.

The high school staff completed their ELM course in-service training. We have several of Old Orchard Beach High School's Take 1s up and published. To see them, go to the ELM site <http://www.elm.maine.edu> and click on Teacher Developed Assessments. Then click on Take 1 and you'll see a list. Twenty-five Old Orchard Beach High School teachers have published works on this site which reflects the quality work done this year through the ELM course.

On April 12th we had our 8th grade parent evening at Old Orchard Beach High School. We had a change in format this year that we hope was more personal and also did a better job of getting information to parents and students. We had a general session for all who were in attendance in our cafeteria. That was followed with split sessions of school tours conducted by Department Coordinators and a scheduling workshop presented by Mr. Matthews and Donna Godfrey.

Our prom was held at the Dunegrass Country Club again this year on Saturday, May 20th. This year approximately 170 students attended the prom and this is the highest number of students ever attending. We are excited to continue this new tradition and holding the prom locally continues to give this community an increased sense of pride.

A Jazz Night was held at the High School in April in the Cafetorium. Our special guest for the evening was the Thornton Academy Jazz Choir. Also performing were the Loranger Middle School Jazz Band, the High School Jazz Choir, the High School Jazz Combo, and the High School Jazz Big Band. The performance was well attended and well received.

Also in April, the High School Concert Band participated in a festival held at Scarborough High School. They performed a 20 minute program and were graded by three college band directors,

receiving grades of all "A"s and "B"s. The performance was followed by a clinic given to our students by Dr. Malcolm Rowell of the University of Massachusetts – Amherst.

The high school had several outstanding special events in May and June. The school sponsored talent show was done for the first time in five years and was held on Friday, May 12th. Ms. Marilyn Goodnite and Nick LaCasse were the primary organizers. They did a wonderful job pulling together a very diverse fourteen act talent show that lasted three hours. Mr. and Mrs. Leary videotaped the entire show for the students, who greatly appreciated their efforts. The students enjoyed the opportunity to perform for their community.

The students in Michael Angelosante's Problems of Democracy class were enriched by the broad range of life experience represented in the following guest speakers that visited their class during fourth quarter:

Peter Warren	Human Resource Director, Pollack Jewelers, School Board
Michael Carrier	Resource Officer, Thornton Academy, Saco Police Officer
Keith Babin	Old Orchard Beach Police Officer
Vincent Mattia	Old Orchard Beach Police Officer
Timothy DeLuca	Old Orchard Beach Police Officer
Cheryl Doane	U.S. Immigration and Naturalization
Stephanie Anderson	District Attorney for Cumberland County
David LeMoine	Old Orchard Beach Attorney, State Representative
Rust Gaines	Navy Seal, Vietnam Veteran
Stephen Leary	Rehabilitation Executive, School Board Member
Roger Belanger	Vietnam Veteran
Sandra Pedersen	Director, Volunteers of America
Bill Nemitzc	Columnist for Portland press Herald
Barbara McAllister	Democratic Party leader in York County
Harold Shepard	Minister – separation of church and state
Brian Kendall	AIDS/HIV awareness
Allison Roy	Sexual Response Unit – Portland
Susan Casey	HALO Director
Terry Davis	Biddeford Police Detective
Roger Stevens	Orchard Beach Public Works and Infrastructure
Rick Matthews	Principal, Old Orchard Beach High School
	Meet the Press on school issues.

This year, Ms. Twombly distributed the Old Orchard Beach Booster Club Sandy Seagull scholarships and several other scholarship forms to all seniors in P.O.D. classes. We had the largest number of applicants ever to the Old Orchard Beach scholarships. The scholarship committee met on May 11th to review the applications and award scholarships.

Graduation 2000 was held at the Pavilion and again was successful. The facility continues to enhance this memorable event for our seniors and their families. The Class of 2000 gave a wonderful gift to the school of a new sound system for our stadium.

We have much to be thankful for as this academic year was successful, safe, and happy.

Respectfully submitted,
Eric A. Matthews, Principal

Report of SPECIAL EDUCATION

The Special Education Department of the Old Orchard Beach Schools is responsible for providing an appropriate education for all students with disabilities in accordance with Federal and State laws. The State of Maine defines the following disability categories to which schools must be responsive:

Autism	Deafness
Other Health Impairment	Emotional Disability
Specific Learning Disability	Traumatic Brain Injury
Speech & Language Impairment	Hearing Impairment
Orthopedic Impairment	Mental Retardation
Deaf-Blindness	Multiple Disabilities
Visual Impairment including blindness	

The school is responsible for developing an individual educational plan on at least an annual basis for each student with a disability. This plan is developed in a Pupil Evaluation Team meeting which is attended by the Student's parents, classroom teacher, special education teacher and a school administrator. Parental consent is required before any student can be evaluated or receive services through the special education department.

One hundred and ninety-six students received special education and supportive services in the Old Orchard Beach schools. The special education teachers who provide services to our students are as follows:

Jameson School

Darlene Boissonnault
Bill Mullen
Robyn Nelsen

Loranger Middle School

Jane Allen
Ed Bogh
Rande Cassidy
Mary Feigenbaum
Barbara Roberge

High School

Maureen Holland
Jack Thompson
Emily Taliento

In addition, speech and language therapy is provided to eligible students in grades K-12 by Deborah Maksut, Maureen Butler, Paula Pelczar and Sandra Welzel. Lisa Kurtz and Molly Arnold provide occupational therapy, and Nancy Valcourt is our physical therapist. Dr. Linda Naaman is the consulting psychologist who provides evaluation and consultation for our special education students. A total of 13 students were placed in special programs outside of our public schools in order to receive appropriate special education programs. The following represents the number of students placed in these special programs:

Sweetser Children's Services - 4
Biddeford High School - 1
Saco Island School - 6
Baxter School for the Deaf - 1
R.E.A.L. School - 1

The Old Orchard Beach schools also provide Title I services to students grades K-8 who could benefit from remediation in reading and in math. Title I personnel provide these services through the direction of classroom teachers to approximately 100 students. Our Title I personnel are as follows:

Jameson School

Marcia Foote
Kristine Maturo (1/2 time)
Stephanie Hill ½ time)

Loranger Middle School

Carol Nale
Diane Hibbard (1/2 time)
Pat Howe

For the first time in many years, the Old Orchard Beach school system was able to hire a teacher to serve students who are gifted and talented. Mrs. Peggy Marchand joined our staff in October and developed what is now known as the Skylight Program. Mrs. Marchand serves students within their regular classrooms and/or on a pull-out basis. She has developed procedures for identifying students who are advanced learners, and she provides impressive professional development workshops for our faculty.

The Old Orchard Beach School Department is the recipient of supportive funds from the Federal Government under the following:

1. Local Entitlement, P.L. 101-476 IDEA	\$ 94,248.00
2. Title I, Part A, Improving America's Schools Act	\$169,281.00
TOTAL	\$263,529.00

Respectfully submitted,

Donna M. Ford
Director of Special Education

Report of the **CURRICULUM COORDINATOR**

The Old Orchard Beach School District has entered the millennium with a comprehensive vision of where it is going and what it would like students to know and be able to do. Within the district our staff promotes the mission statement and guiding principles developed by the School Improvement Team several years ago. These statements provide, for all of us within the district, a guide when making decisions or planning for the future.

This was year four of the five year Electronic Learning Marketplace (ELM) grant in which OOB is one of the three main partners. The focus for this year has been on further development and refinement of the ELM website www.elm.maine.edu. The high school staff took the ELM assessment development course and OOB now has thirty-three teachers who have published assessments at the ELM website. The staff in OOB has worked closely with the Southern Maine Partnership and the Department of Engineering at USM to develop the course to research information about Comprehensive Assessment Systems (CAS) and provide resources for parents and other community members about standards-based education. As we move into year five, our focus will shift to sustainability and long-range implementation of the excellent work that has been accomplished over the past four years.

All school districts in the State of Maine must develop a Comprehensive Assessment System (CAS) which documents what students know and can do in relation to the Maine Learning Results and locally developed Learning Results. According to the Learning Results legislation, the components of this system must be in place by 2002. In OOB, we have developed or implemented the following: an annual writing assessment scored by our teachers; a beginning and end of year computerized mathematics assessment (STAR math) done in grades 4-8; Developmental Reading Assessment done at least twice a year in grades 1-2; specific grade level beginning and end of year assessments done in grades K-3; Problem of the Week assessments for grades 4-8; science portfolios in grade 8; mid-terms and finals in grades 9-12; and performance assessments in various classes in grades 9-12. Also included in our CAS are the Maine Educational Assessment (MEA), the statewide assessment administered in the fall and spring and the Terra Nova, a standardized test, given in grades 3, 6, and 9. We analyze the results of these assessments and use the information to make appropriate revisions in our curriculum and instruction.

Old Orchard Beach teachers have worked with me to align the curriculum work done over the past eight years with the Maine Learning Results. An added step that our teachers wanted was specific grade level benchmarks so that each grade level knows for what they are responsible and accountable. During the summer of 2000, we published grade level Learning Results notebooks which included the grade level benchmarks assessments currently in place, portfolio information sent to the next grade level and miscellaneous information teachers would find informative.

The Old Orchard Beach School Department has a website www.oob.k12.me.us. A website development team worked on the site during the summer of 1999 and fine tuned some of the information during 1999-00. Improvements and/or additions will be made regularly. Please take some time to browse the site and offer suggestions on what you would like to see there and what would be informative for you.

Old Orchard Beach has a dedicated teaching staff who continue to work diligently to provide the best education possible for the children in our town. It is a pleasure to work with this staff to meet the needs of our students.

Respectfully submitted,

Kathleen Lee, Curriculum Coordinator

Report of

OLD ORCHARD BEACH/SACO ADULT EDUCATION

The joint Adult Education program of Old Orchard Beach/Saco had an enrollment of 1900, up 43% from last year. We offered 150 workshops and classes in basic skills, personal interest, vocational skills and high school completion. The joint agreement between the two towns was resigned for an additional two years.

The Adult Education program continues to run both day and evening classes. The daytime classes are held primarily at the Learning Center in Saco. The evening classes are held in both Old Orchard Beach and Saco at a variety of sights. We began offering a limited selection of weekend classes and hope to continue this trend. This year we offered a 10-week training program for TANF recipients. This program helped students acquire job readiness skills and basic skills to prepare them for customer service positions.

The adult education program received a Maine Family Literacy Incentive Grant. These funds were used to develop a family literacy resource center at the Fairfield School in Saco. The grant funded a part-time family literacy coordinator who developed materials for the Family Literacy Resource Center and provided parent and teacher support for literacy activities. We hope to continue these efforts in the upcoming school year.

The high school library at Old Orchard Beach was opened one evening a week during the school year to provide a career center to the community. A job specialist, hired through Adult Education, provided workshops and resources to the community on job hunting and job search skills.

A committee was convened by the Adult Education program to look at the increasing number of 16-20 year old students who are entering adult education. The Drop Out Prevention Committee is researching alternative education programs that could be developed in our region. The committee has been meeting for one year and will begin developing an action plan next year.

Respectfully submitted,

Sharon Ultsch, Director

**Report of the
TAX COLLECTOR**

I would like to take this opportunity to thank Patricia "Pam" Blake for her many years of dedicated service. As most of you already know, Pam retired May 24, 2000. She will be greatly missed by all of us and I am sure by all of you!!! I would also like to acknowledge Patricia Saunders and Terry Turcotte for their excellent work. Many thanks to both of you.

Respectfully submitted,

Deborah M. Mulherin, Tax Collector

December, 2000

Dear Friends:

As the business of the First Regular Session of the 120th Maine Legislature gets underway, I am honored to be serving you in the Maine Senate for two more years. I urge you to contact me to share your opinions and thoughts on legislation that comes before us over the course of the next few months.

Over the past year in the 119th Legislative session, I served as Senate Chair of the State and Local Government Committee and as a member of the Marine Resources and Research & Development Committees. With these committees, I worked on a wide range of issues including protection of the Lobster Management Zone Program, promoting moral purchasing practices by the state, and creation of the Maine Patent Program for innovations.

In the last year, the Legislature continued to increase our commitment to education, increasing state aid to schools by 6% and investing over \$30 million in our University and Technical College systems to provide scholarships, improve facilities and expand access to higher education.

The Legislature passed several bills this year aimed at improving the quality of health care for Maine citizens. We created the first-in-the-nation Maine Rx program, which will use the combined purchasing power of Maine's consumers to reduce the cost of prescription drugs. We enacted a Patients' Bill of Rights to guarantee consumer access to information, provide patient choice, and ensure access to specialty care. We also invested Maine's proceeds from tobacco settlement into health-related initiatives and the Fund for a Healthy Maine.

We continued funding for two important property tax relief programs: the Homestead Exemption and the Property Tax & Rent Relief program. We ensured that the first \$6,000 of retirement income is exempt from Maine Income Tax, regardless of its source. We also repealed the so-called "snack tax," the last remnant of the tax gimmicks of the early 1990's.

As always, my door is open to municipal officials and the citizens of our district. It continues to be a privilege to serve you in the Maine Senate. If I can be of assistance or provide you with information on bills before us or on a government agency or program, I hope you will not hesitate to contact me. I can be reached at the State Capitol (287-1515), by message on the Senate toll free line (1-800-423-6900), or at home (883-5414).

Sincerely,

Peggy Pendleton

Dear Friends and Neighbors:

I am pleased to be writing with good news for this year's Town Report. Working through a long and difficult process, our state government accomplished much good this year for the citizens of Maine and for our Old Orchard Beach community.

The Legislature's Taxation Committee, on which I serve, had a particularly effective session. **SALES TAX REDUCTIONS:** The general sales tax rate was reduced to 5% on July 1st and the infamous sales tax on snacks will be repealed at the end of the year. **INCOME TAX RELIEF:** The income tax brackets will begin being updated to account for inflation, and all retirees will receive an income tax exemption for the first \$6000 of their public or private pension. Self-employed workers will receive a tax deduction if they pay for their own health insurance, and working families will have a state earned-income tax credit for the first time. **PROPERTY TAX RELIEF:** We restructured the municipal revenue sharing system to focus more relief on high property tax communities and gave the program a jumpstart with a substantial one-time expenditure. This will translate into a projected increase of \$23,764 for Old Orchard Beach, in addition to the fiscal year 2000 Revenue Sharing of \$940,213. The important Homestead Exemption and Business Equipment Tax Reimbursement Programs were also continued.

EDUCATION: Continuing our statewide commitment to education, we appropriated an additional \$18.5 million in general purpose aid to education, achieving a total increase in school funding of 6% in fiscal year 2000 and 6% in fiscal year 2001. Old Orchard Beach schools should receive approximately \$1,936,304 from the state in 2000-2001. **HEALTH CARE:** Serious about our commitment to health care, we expanded the Low-Cost Elderly Drug Program and enacted a first-in-the-nation measure to control the rising cost of prescription medications.

I am proud of the work that was done, and I would be happy to talk with each of you about the session. It is an honor representing the Old Orchard Beach community. I value your comments and questions, and I encourage you to contact me whenever I may be of assistance.

Sincerely,

Dave

David G. Lemoine
State Representative

Independent Auditor's Report

**Town Council
Town of Old Orchard Beach, Maine:**

We have audited the accompanying general-purpose financial statements of the Town of Old Orchard Beach, Maine, as of and for the year ended June 30, 2000, as listed in the table of contents. These general-purpose financial statements are the responsibility of the Town's management. Our responsibility is to express an opinion on these general-purpose financial statements based on our audit.

We conducted our audit in accordance with generally accepted auditing standards and the standards applicable to financial audits contained in "Government Auditing Standards" issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the general-purpose financial statements are free of material misstatements. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the general-purpose financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall general-purpose financial statement presentation. We believe that our audit provides a reasonable basis for our opinion.

In our opinion the general purpose financial statements referred to above present fairly, in all material respects, the financial position of the Town of Old Orchard Beach, Maine as of June 30, 2000, and the results of its operations and cash flows of its proprietary fund for the year then ended, in conformity with generally accepted accounting principles.

In accordance with "Government Auditing Standards", we have also issued a report dated October 3, 2000 on our consideration of the Town of Old Orchard Beach's internal control over financial reporting and our tests of its compliance with certain provisions of laws, regulations, contracts and grants.

Our audit was made for the purpose of forming an opinion on the general-purpose financial statements taken as a whole. The additional information included in Exhibits A-1 through F are presented for purposes of additional analysis and are not a required part of the general-purpose financial statements of the Town of Old Orchard Beach, Maine. Such information has been subjected to the auditing procedures applied in the audit of the general-purpose financial

Town Council

statements and, in our opinion, is fairly stated in all material respects in relation to the general-purpose financial statements taken as a whole. The information in Tables 1 through 8 has not been subjected to the auditing procedures applied in the audit of the general-purpose financial statements and, accordingly, we express no opinion on them.

Runym Kirsten Ouellette

TOWN OF OLD ORCHARD BEACH, MAINE
Notes to General Purpose Financial Statements

THE REPORTING ENTITY AND ITS SERVICES

The Town of Old Orchard Beach, Maine was incorporated in 1883 and is located in southeastern Maine, 12 miles south of Portland. A popular summer resort with 7 miles of sandy beaches, the Town encompasses 7.8 square miles. Its year round population of approximately 8,000 expands to 100,000 during the summer. The Town has operated under a Council-Manager form of government since 1950.

The Town provides the full range of municipal services contemplated by State statutes. These include public safety, public works, sanitation, health and welfare services, parks and recreation, education, planning, zoning and general administrative services.

This report includes all funds and account groups of the Town. An analysis of certain criteria was made to determine if other governmental units should be included in this report. In evaluating how to define the reporting entity, for financial reporting purposes, management has considered all potential component units. The criterion used defines the reporting entity as the primary government and those component units for which the primary government is financially accountable. Financial accountability is defined as appointment of a voting majority of the component unit's board, and either a) the ability to impose will by the primary government, or b) the possibility that the component unit will provide a financial benefit to or impose a financial burden on the primary government. Application of this criterion and determination of type of presentation involves considering whether the activity benefits the government and/or its citizens, or whether the activity is conducted within the geographic boundaries of the government and is generally available to its citizens. Based upon the application of these criteria, the following is a brief review of each potential component unit addressed in defining the government's reporting entity.

Libby Memorial Library - The Library provides library services and is not considered to be a component unit because it is a separate legal organization whose board is not controlled by officials of the Town. The only activity that flows through the Town's financial records is the Town's yearly appropriation to the Library. All other financial activity of the Libby Memorial Library has not been reported in the Town's general purpose financial statements.

Biddeford-Saco-Old Orchard Beach Transit Committee - The Town is member of the Biddeford-Saco-Old Orchard Beach Transit Committee, which is a jointly governed organization. The Committee operates a public mass transit passenger bus service within and between the three municipalities under a voluntary interlocal agreement. The Town of Old Orchard Beach's contribution to the committee for the year ended June 30, 2000 was \$45,000. The Transit Committee does not meet the definition of a component unit or a joint venture because there is no ongoing financial interest or responsibility by the participating governments.

SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Except as described below, the accounting policies of the Town of Old Orchard Beach, Maine conform to generally accepted accounting principles as applicable to governmental units. The following is a summary of the more significant of such policies:

A. Basis of Presentation

The accounts of the Town are organized on the basis of funds and account groups, each of which is considered a separate accounting entity. The operations of each fund are accounted for with a separate set of self-balancing accounts that comprise its assets, liabilities, reserves, fund equity/retained earnings, revenues

TOWN OF OLD ORCHARD BEACH, MAINE
Notes to General-purpose Financial Statements, Continued

SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES, CONTINUED

and expenditures. Government resources are allocated to and accounted for in individual funds based upon the purpose for which they are to be spent and the means by which spending activities are controlled. The various funds and account groups are reported by type in the general-purpose financial statements. Amounts in the "totals - memorandum only" columns in the preceding financial statements represent a summation of the combined financial statement line items of the fund types and account groups, and are presented only for analytical purposes. The summation includes fund types and account groups that use different bases of accounting and interfund transactions that have not been eliminated. Consequently, amounts shown in the "totals - memorandum only" columns are not comparable to a consolidation and do not represent the total resources available, or the revenues and expenditures/expenses of the Town. The Town uses the following fund categories, fund types and account groups:

GOVERNMENTAL FUND TYPES

Governmental Funds are those through which most governmental functions of the Town are financed. The acquisition, use and balances of the Town's expendable financial resources and the related liabilities (except those that would be accounted for in proprietary funds) are accounted for through governmental funds. The measurement focus is upon determination of changes in financial position, rather than upon net income determination. The following are the Town's Governmental Fund Types:

General Fund - this fund accounts for all financial transactions except those required to be accounted for in another fund.

Special Revenue Funds - Special Revenue Funds are used to account for the proceeds of specific revenue sources (other than special assessments, expendable trust, or major capital projects) requiring separate accounting because of legal or regulatory provisions or administrative action.

Capital Project Funds - Capital Project Funds are used to account for financial resources segregated for the acquisition or construction of major capital facilities other than those financed by proprietary funds and trust funds.

PROPRIETARY FUND TYPE

The Proprietary Fund is used to account for the Town's ongoing activities that are similar to those often found in the private sector. The measurement focus is upon determination of net income. The following is the Town's Proprietary Fund Type:

Enterprise Fund - this fund is established to account for operations that are financed and operated in a manner similar to private business enterprises where the intent is that the costs of providing services on a continuing basis be financed or recovered primarily through user charges.

FIDUCIARY FUND TYPES

Trust Funds account for assets held by the Town in a trustee capacity. All are Expendable Trust Funds and are accounted for in essentially the same manner as governmental funds.

Agency Funds are used to account for assets that the government holds on behalf of others as their agent.

TOWN OF OLD ORCHARD BEACH, MAINE
Notes to General-purpose Financial Statements, Continued

SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES, CONTINUED

ACCOUNT GROUPS

Account groups are used to establish accounting control and accountability for the Town's general fixed assets and general long-term debt.

General Fixed Assets Account Group - this account group is maintained to account for the fixed assets of the Town, other than those accounted for in the proprietary funds.

General Long-term Debt Account Group - this account group is established to account for the Town's long-term debt, other than debt accounted for in the proprietary funds.

B. Basis of Accounting

The accounting and reporting treatment applied to a fund is determined by its measurement focus. All governmental funds and expendable trust funds are accounted for on a spending or "financial flow" measurement focus. This means that only current assets and current liabilities are generally included on their balance sheets. Their reported fund balance (net current assets) is considered a measure of "available spendable resources". Governmental fund operating statements present increases (revenues and other financing sources) and decreases (expenditures and other financing uses) in net current assets. Accordingly, they are said to present a summary of sources and uses of "available spendable resources" during a period.

Basis of accounting refers to when revenues and expenditures or expenses are recognized in the accounts and reported in the financial statements. Basis of accounting relates to the timing of the measurements made, regardless of the measurement focus applied.

All Governmental Funds and Expendable Trust Funds are accounted for using the modified accrual basis of accounting. Their revenues are recognized when they become measurable and available as net current assets. Revenues are recognized (recorded) in the accounting period in which they become susceptible to accrual, that is, when they become both measurable and available to finance expenditures of the current fiscal period. Available means collectible within the current period or soon enough thereafter to be used to pay liabilities of the current period. This contrasts with the method used by private-sector entities, where revenues are recorded when they are earned.

In applying the susceptible to accrual concept to intergovernmental revenues, the legal and contractual requirements of the numerous individual programs are used as guidance. There are essentially two types of intergovernmental revenues currently being received by the Town:

- Monies must be spent for the specific purpose, or project, before any amount will be paid to the Town. These revenues are recognized based upon the expenditures recorded.
- Monies are virtually unrestricted as to purpose, and are usually revocable only for failure to comply with prescribed compliance requirements. These resources are reflected as revenues at the time of receipt, or earlier, if the susceptible to accrual criteria are met.

Licenses and permits, charges for services, fines and forfeits, and miscellaneous revenues (except Investment earnings) are recorded as revenues when received in cash because they are generally not measurable until actually received. Expenditures are generally recognized under the modified accrual basis

TOWN OF OLD ORCHARD BEACH, MAINE
Notes to General-purpose Financial Statements, Continued

SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES, CONTINUED

of accounting when the related fund liability is incurred. Exceptions to the general rule include: principal and interest on long-term debt which is recognized when due; and prepaid expenses, which are not generally recorded.

C. Investments

Investments are stated at fair value.

D. Inventory

Inventory consists of vehicle fuel, food and supplies and is valued at the lower of cost (first-in, first-out basis) or market, and is offset with a reserved fund balance for inventories. Inventories include the value of the U.S. Department of Agriculture commodities donated to the School Lunch Program.

E. Fixed Assets

The Town maintains a general fixed asset group of accounts. Expenditures for property and equipment are charged to departmental operations or to capital improvement projects whenever such items are purchased and the value is also recorded in the general fixed asset account group.

Real property and equipment owned by the Proprietary Funds are stated at the lower of cost to acquire or construct the asset or net realizable value. Routine maintenance and repairs are charged against income. Expenditures that materially increase values, change capacities or extend useful lives are capitalized. The Town depreciates the sports stadium facility over 30 years and various improvements to the building over 10 years.

F. Vacation and Sick Leave

Under terms of personnel policies and union contracts, vacation and sick leave are granted in varying amounts according to length of service. In some cases, employees are entitled to payment for unused vacation and a percentage of sick leave upon termination or retirement.

At June 30, 2000, the accumulated vacation cost was \$140,535 and is accrued on the General Fund balance sheet. Accumulated vested sick leave was \$378,025 and is disclosed in the general long-term debt account group because it is not expected to be liquidated with expendable available resources.

G. Encumbrances

Encumbrance accounting, under which purchase orders, contracts and other commitments for the expenditures of funds are recorded in order to reserve that portion of the applicable appropriations, is employed in the governmental funds. Encumbrances do not constitute expenditures or liabilities, except that they are included as expenditures for budgetary purposes (Statement 3).

H. Interfund Transactions

During the course of normal operations, the Town has several transactions between funds including expenditures and transfers of resources to provide services. These transactions are reported as operating transfers.

TOWN OF OLD ORCHARD BEACH, MAINE
Notes to General-purpose Financial Statements, Continued

STEWARDSHIP, COMPLIANCE AND ACCOUNTABILITY

A. Budgetary Information

A budget is formally adopted for the General Fund each year through the passage of the Town budget and is prepared on a basis consistent with generally accepted accounting principles with the exception that encumbrances are treated as expenditures for budgetary purposes. The Town's other funds do not have legally adopted budgets but have adopted budgets through formal authorizations by the Town Council, School Committee and through grant agreements.

In the General Fund, the level of control (level at which expenditures may not exceed budget) is the Department. The gross appropriation for each department shall not be exceeded except by consent of the Town Council. The Town Council may, by resolution, transfer an unencumbered appropriation balance or portion thereof including surplus between the general accounts.

For the School Department, the level of control is also the Department. Generally, all unexpended School budgetary accounts lapse to the School Department's fund balance at the close of the fiscal year. Once adopted, the budget can be amended by the School Committee, but only through transfers between expenditure accounts.

B. Budgetary vs. GAAP Basis of Accounting

As required by generally accepted accounting principles (GAAP), the Town has recorded a revenue and expenditure for Maine State Retirement contributions made by the State of Maine on behalf of the Old Orchard Beach School Department. These amounts have not been budgeted in the General Fund and result in a difference in reporting on a budgetary basis of accounting vs. reporting under generally accepted accounting principles of \$923,000. These amounts have been included as an intergovernmental revenue and an education expenditure in the General fund on Statement 2 (GAAP basis). There is no effect on the fund balance at the end of the year.

Additionally, the School Department compensates its teachers under a contract for services rendered between the months of September and June. However, compensation is remitted over a twelve-month period, September through August. At June 30, 2000, the balance on such contracts amounted to approximately \$566,642 and is fully accrued and reflected in the financial statements.

C. Excess of Expenditures Over Appropriations

For the year ended June 30, 2000, expenditures exceeded appropriations in the following departments:

Legal	\$ 1,169
Assessor	1,626
Code enforcement	21,511
Town Hall maintenance	4,386
Compost facility	23,438
Solid waste	2,929
Fire department	6,575
Hydrant rental	85
Treatment plant	10,046

TOWN OF OLD ORCHARD BEACH, MAINE
Notes to General-purpose Financial Statements, Continued

STEWARDSHIP, COMPLIANCE AND ACCOUNTABILITY, CONTINUED

Rescue unit	\$ 13,419
Lifeguards	14,624
Animal Control	2,217
Public Safety Complex	1,624
Historical Society	6,115
Tax abatements & write-offs	14,344
Planning: Zoning and Registration Boards	310

D. Deficit Fund Equity

At June 30, 2000 the special revenue fund Municipal Development District has a deficit fund balance of \$34,661, which will be funded by taxes in the subsequent year.

The enterprise fund retained deficit of \$111,107 will be written off if and when the Ballpark is sold. Effectively, the debt remaining after the sale, if any, will become part of the long-term debt account group to be funded by future appropriations.

DEPOSITS AND INVESTMENTS

The Town's policy is to invest all available funds at the highest possible rates, in conformance with legal and administrative guidelines, while avoiding unreasonable risk. The funds are invested in liquid investments with maturities planned to coincide with the Town's cash needs during the year.

A. Deposits

Town policy is that deposits can only be made in financial institutions insured by the FDIC and that funds over the \$100,000 insurance limit be collateralized or placed in other financial institutions.

The Town's deposits are categorized as follows to give an indication of the level of risk assumed by the Town at year end: Category 1 includes deposits covered by federal depository insurance or by collateral held by the Town or by the Town's agent in the Town's name; category 2 includes uninsured deposits covered by collateral held by the pledging financial institution's trust department or agent in the Town's name; category 3 includes uninsured and uncollateralized deposits.

At June 30, 2000 cash and cash equivalents consisted of:

	Carrying amount	Bank balance	Category		
			1	2	3
Checking and savings accounts	\$ 231,927	537,970	266,462	271,508	-
Certificates of deposit	2,350,290	2,350,290	2,098,985	251,305	-
Total	\$ 2,582,217	2,888,260	2,365,447	522,813	-

TOWN OF OLD ORCHARD BEACH, MAINE
Notes to General-purpose Financial Statements, Continued

DEPOSITS AND INVESTMENTS, CONTINUED

B. Investments

Maine statutes authorize the Town to invest in obligations of the U. S. Treasury and U. S. agencies, repurchase agreements and certain corporate stocks and bonds. Generally, the Town invests such excess funds in a cash management repurchase agreement account.

Investments are classified into three categories. Category 1 includes investments which are insured or registered or for which the securities are held by the Town or its agent in the Town's name. Category 2 includes uninsured and unregistered investments held by the financial institution's trust department or agent in the Town's name. Category 3 includes uninsured and unregistered investments for which the securities are held by the financial institution's trust department or agent, but not in the Town's name.

At June 30, 2000 investments consisted of the following:

	Carrying amount (market)	Category		
		1	2	3
Mutual Funds (1)	\$ 1,475,627			
Maine Class Trust investment pool (1)	872,283			
Government Agency securities	1,400,533	-	1,400,533	-
Corporate stocks	149,203	149,203	-	-
Total	\$ 3,897,646	149,203	1,400,533	-

- (1) Certain investments are not required to be classified in any of the three above categories because they are not evidenced by securities that exist in physical or book entry form.

PROPERTY TAX

Property taxes for the current year were committed on July 7, 1999 on the assessed value listed as of the previous April 1 for all real and personal property located in the Town. All real property taxes were due in two installments, 50% on August 17, 1999 and 50% on February 15, 2000. All personal property taxes were due in full on August 17, 1999. Interest at the rate of 10% per annum was charged on any amounts remaining unpaid after these respective due dates. Assessed values are periodically established by the Town's Assessor at 100% of assumed market value. A revaluation was completed for the list of April 1, 1990 with annual reviews being conducted since that date. The assessed value was 100% of the estimated market value and 98% of the 2000 state valuation of \$533,700,000.

The Town is permitted by the laws of the State of Maine to levy taxes up to 105% of its net budgeted expenditures for the related fiscal period. The amount raised in excess of 100% is referred to as overlay, and amounted to \$77,277 for the year ended June 30, 2000.

Tax liens are placed on real property within twelve months following the tax commitment date if taxes are delinquent. The Town has the authority to foreclose on property eighteen months after the filing of the lien if the tax liens and associated costs remain unpaid.

TOWN OF OLD ORCHARD BEACH, MAINE
Notes to General-purpose Financial Statements, Continued

PROPERTY TAX, CONTINUED

Property taxes levied during the year were recorded as receivables at the time the levy was made. The receivables collected during the year and in the first sixty days following the end of the fiscal year have been recorded as revenues. The remaining receivables have been recorded as deferred revenues.

The following summarizes the 2000 and 1999 levy:

	<u>2000</u>	<u>1999</u>
Valuation:		
Land	\$ 202,519,200	201,721,200
Buildings	304,060,100	297,448,200
Personal property	15,989,927	15,024,348
Less - Exemptions	14,116,300	12,932,200
Total assessed valuation	\$ 508,452,927	501,261,548

LONG-TERM DEBT

The following is a summary of long-term debt transactions of the Town for the year ended June 30, 2000:

	General long-term debt	Proprietary Fund	Total
Long-term debt payable at June 30, 1999	\$ 16,695,515	844,185	17,539,700
Debt issued	-	-	-
Debt retired	984,838	241,677	1,226,515
Long-term debt payable at June 30, 2000	\$ 15,710,677	602,508	16,313,185

Long-term debt payable at June 30, 2000 is comprised of the following:

	Interest rate	Final maturity date	Balance end of year
General long-term debt:			
1986 Capital improvement bond	Varies	2006	\$ 420,000
1989 Capital improvement bond	Varies	2009	400,000
1990 General obligation bond	Varies	2000	108,700
1990 School general obligation bond	Varies	2000	46,300
1992 General obligation bond	Varies	2012	6,055,000
1996 Sewer improvement bond	4.875%	2024	2,975,677
1998 General obligation refunding bond	Varies	2018	5,705,000
Total general long-term debt			15,710,677
Proprietary Fund:			
1987 general obligation security	Varies	2002	602,508
Total general obligation debt			\$ 16,313,185

The Town is in compliance with all significant limitations and restrictions contained in the various bond indentures.

TOWN OF OLD ORCHARD BEACH, MAINE
Notes to General-purpose Financial Statements, Continued

LONG-TERM DEBT, CONTINUED

The annual requirements to amortize all debt outstanding as of June 30, 2000 are as follows. Such amounts exclude overlapping debt requirements but include school debt requirements to be reimbursed by the State of Maine.

Year ended June 30,	General long-term debt		Proprietary funds		Total
	Principal	Interest	Principal	Interest	
2001	\$ 962,999	851,115	275,619	34,381	2,124,114
2002	836,314	799,603	293,626	16,374	1,945,917
2003	869,790	751,256	33,262	1,138	1,655,446
2004	958,436	699,376	-	-	1,657,812
2005	1,002,260	643,581	-	-	1,645,841

2011-2015	3,723,277	764,474	-	-	4,487,751
2016-2020	1,025,380	327,532	-	-	1,352,912
2021-2024	756,715	94,333	-	-	851,048
	\$ 15,710,678	7,234,105	602,507	51,893	23,599,183

TOWN OF OLD ORCHARD BEACH, MAINE
Notes to General-purpose Financial Statements, Continued

CAPITAL LEASE

The School Department has entered into a lease agreement as lessee for financing the acquisition of energy, environmental control and lighting systems. This lease agreement qualifies as a capital lease, and therefore, has been recorded in the Town of Old Orchard Beach's long-term debt group of accounts at the present value of the future minimum lease payments as of the date of their inception. Capital lease expenditures for the year ending June 30, 2000 amounted to \$47,035.

The following is a schedule of the future minimum lease payments under the capital lease, and the present value of the net minimum lease payments at June 30, 2000:

Fiscal year ending
June 30,

2001	\$ 48,681
2002	50,385
2003	52,148
2004	53,973
<u>2005 and thereafter</u>	<u>55,862</u>
Total minimum lease payments	261,049
<u>Less amount representing interest</u>	<u>47,511</u>
<u>Present value of future minimum lease payments</u>	<u>\$ 213,538</u>

STATUTORY DEBT LIMIT

In accordance with Maine law, no municipality shall incur debt for specified purposes in excess of certain percentages of State valuation of such municipality. At June 30, 2000, the Town was in compliance with these limitations.

STATE REIMBURSEMENT FOR DEBT SERVICE EXPENDITURES

The State of Maine currently reimburses the Town for a portion of financing costs of school buildings and school bus purchases. Continuation of such reimbursements is dependent upon continued appropriations by the State legislature.

Total	\$ 2,244,148

CONTINGENT LIABILITIES

The Town has been named as defendant in several lawsuits. The ultimate liability to the Town, if any, has not been determined.

LANDFILL CLOSURE AND POSTCLOSURE CARE COSTS

Under existing state law, Maine communities are required to close existing landfills under a state approved plan and perform certain maintenance and monitoring functions at the landfill site for thirty years after closure. The Town presently has two landfills that have been closed under an approved plan and one additional landfill whose closure was completed during fiscal year 1998. The only additional costs that remain are postclosure care costs on all three of the landfills. The estimated total postclosure care costs are \$174,000, which would include two mowings of each site during the year and well monitoring. This amount has been accrued on the general long-term debt account group and is being amortized over 30 years, as it is not expected that any of these costs will be funded with current financial resources. The actual cost of postclosure care may be higher due to inflation, changes in technology, engineering estimates, or changes in landfill laws and regulations.

MAINE STATE RETIREMENT SYSTEM (MSRS) - CONSOLIDATED RETIREMENT PENSION PLAN

Description of the Plan - The Town contributes to the Maine State Retirement System Consolidated Plan, a cost sharing multiple-employer retirement system established by the Maine State legislature. The Maine State Retirement System provides retirement and disability benefits, annual cost-of-living adjustments, and death benefits to plan members and beneficiaries. The authority to establish and amend benefit provisions rests with the State Legislature. The Maine State Retirement System issues a publicly available financial report that includes financial statements and required supplementary information for the Consolidated Plan. That report may be obtained by writing to Maine State Retirement, 46 State House Station, Augusta, Maine 04333-0046 or by calling 1-800-451-9800.

Funding Policy - Plan members are required to contribute 6.5% of their annual covered salary and the Town is required to contribute an actuarially determined rate. The current rate is .41% of annual covered payroll.

TOWN OF OLD ORCHARD BEACH, MAINE
Notes to General-purpose Financial Statements, Continued

MAINE STATE RETIREMENT SYSTEM (MSRS) - CONSOLIDATED RETIREMENT PENSION PLAN, CONTINUED

The contribution rates of plan members and the Town are established and may be amended by the Maine State Retirement Board of Trustees. The Town's contributions to the Maine State Retirement System Consolidated Plan for the year ended June 30, 2000 were \$2,280.

Teacher Group - All school teachers, plus other qualified educators, participate in the Maine State Retirement System's teacher group. The teacher's group is a cost-sharing plan with a special funding situation, established by the Maine State legislature. The Maine State Retirement System provides retirement and disability benefits, annual cost-of-living adjustments, and death benefits to plan members and beneficiaries. The authority to establish and amend benefit provisions rests with the State Legislature. The Maine State Retirement System issues a publicly available financial report that includes financial statements and required supplementary information for the Teacher's Group. That report may be obtained by writing to Maine State Retirement System, 46 State House Station, Augusta, Maine 04333-0046 or by calling 1-800-451-9800.

Funding Policy - Plan members are required to contribute 7.65% of their compensation to the retirement system. The same statute requires the State of Maine Department of Education to contribute the employer contribution, which amounts to \$923,000 (19.12%) for the fiscal year 2000. This amount has been reported as an intergovernmental revenue and education expenditure in the GAAP basis financial statements (Statement 2). There is no contribution required by the School except for federally funded teachers, for which the School contributed 19.12% of their compensation. This cost is charged to the applicable grant.

457 RETIREMENT PLAN

The Town offers all its employees a deferred compensation plan created in accordance with Internal Revenue (IRC) Section 457. The plan permits participating employees to defer a portion of their salary until future years. The deferred compensation is not available to employees until termination, retirement, death or unforeseeable emergency.

Assets of the plan are placed in trust for the exclusive benefit of participants and their beneficiaries. Accordingly, the assets and the liability for the compensation deferred by plan participants, including earnings on plan assets, were removed from the Town's general-purpose financial statements.

RISK MANAGEMENT

The Town is exposed to various risks of loss related to torts; theft of, damage to and destruction of assets, errors and omissions; and natural disasters for which the Town either carries commercial insurance, participates in a public entity risk pool, or is effectively self-insured. Currently, the Town participates in several public entity and self-insured risk pools sponsored by the Maine Municipal Association.

Based on the coverage provided by the pools, as well as coverage provided by commercial insurance purchased, the Town is not aware of any material actual or potential claim liabilities which should be recorded at June 30, 2000.
