Re: Scintilore Explorations Limited
Pembroke, Maine Property

Dear Ms. Pistell,

Thank you for your letter of April 24th,
1984, and accompanying booklet: "Site Location of
Development", for the State of Maine.

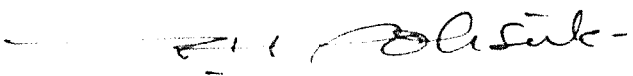

Scintilore Explorations Limited first began
work on its Big Hill Property at Pembroke, Maine in 1980.
Since then, the only heavy mechanical work undertaken has
been diamond drill coring. No excavations have been
conducted by Scintilore. No work is being done at the
present time, although additional coring is planned.

Scintilore welcomes your direct assistance
and advice and its engineering staff at the property will
contact your office when work is resumed.

Yours very truly,

SCINTILORE EXPLORATIONS LIMITED

Theodore H. Potisuk, President
Scintilore Exploration Ltd.
1010 St. Catherine West
Suite 1200
Montreal, Canada H3B 353

Dear Mr. Potisuk:

It has been brought to the attention of this department that Scintilore Explorations, Ltd. has been conducting hard mineral exploration activities in Pembroke, Maine. I would like to take this opportunity to inform you that the D.E.P. regulates mining activities as defined in 482, #2, 2-B and 3-A of the Site Location of Development law, (book enclosed, see pages 5-6). At this time we would like more information concerning the extent of your exploration activities.

Both myself and Mr. Ken Austin of our Bangor office are available to help you and/or your staff concerning Maine's mining regulations and permits. I am with the Department's Division of Public Assistance and can be reached at the above address or by calling (207)289-2651, and Ken can be reached at D.E.P., 106 Hogan Road, Bangor, ME 04401 or by calling (207)941-3030. Because of concern expressed by several sources in the Pembroke area we would appreciate a response from you by May 9th, 1984.

Thank you for your prompt attention to this matter.

Sincerely,

Ann E. Pistell
Division of Public Assistance
