NOTE.—The last questions are asked in the hope of ascertaining how much money is expended in the education of children out of the State. Agents will confer a great favor by supplying the information as fully as they can.

SCHOOL AGENT'S RETURN.--No. 2.

If the Agent for the past year is in office after the first of April, he should fill the following blank, (No. 2,) and send it, with No. 1, to the municipal officers. Otherwise he must separate the two blanks, and retain this to be filled by the new Agent, and forwarded to the assessors, according to a provision of the law which requires him "to return to the assessors in the month of April, a certified list of the children in his district between four and twenty-one years of age, as they existed on the first day of said month, exclusive of those coming from other places, where they belong, to attend any college or academy, or to labor in any factory therein." Agents will please notice that it is not enough to give the *number* of scholars in their several districts, but a *list of their names* is required by the law.

I hereby certify that the following is a correct list of the names of the scholars, belonging to this District, between the ages of four and twenty-one years, as they existed on the first day of April, 1862.

(Signed,)

Agent.
