

To the Hon. Israel Washburn Gov. of Maine—

We the undersigned citizens of Wilton, would respectfully recommend George G. B. Adams as a suitable person to be appointed one of the Lieutenants in the Company of which Daniel Marston is the Captain, or is to be appointed Capt.

We ask the appointment of Lieutenant of said Adams, for the following reasons: firstly, we are well acquainted with said Adams, and believe him to be a suitable person for that position; and secondly, the Wilton quota twenty one, of which said Adams is one of the number, were by the consent of the said Adams, and others who enlisted in Wilton turned over to said Daniel Marston to make up his Company.
