Dear Sir

There are a number of
good men ^{here} who wish to go with me
to Washington next week and join the
second Reg., and if you will allow me
I will recruit them without expense
to the State, and take them on to Wash.
- Wheelwright & Clark have about twenty
uniforms ready, so that number of men
could go with me by the first of next week
I shall return to Washington next
week - as my wife is now out of danger

Very respectfully
Yours
