REPORT OF OVEERSEERS OF POOR.

TO THE CITIZENS OF OLD ORCHARD:

We have at present only two persons who have to be permanently cared for by this department, Rose Blake and Douglass Robinson, who are at the Maine Insane Hospital, at Augusta.

The local calls have been comparatively few for the past year.

Following is an itemized account of the disbursements in this department.

Respectfully,

F. H. TITCOMB,	}	Overseers of Poor.

SELECTMEN'S REPORT

TO THE CITIZENS OF THE TOWN OF OLD ORCHARD:

On the following pages we present the result of our work as your officers for the fiscal year ending Jan. 31 1907, so far as it relates to the expenditures in the different departments.

As authorized by vote, we entered into a new contract with the Old Orchard Electric Light Co. for a term of five years, whereby we now receive our lights at \$25. per light, a reduction of \$5.00 from the former price, being the same price paid by the City of Saco which has just closed a five year contract with the same Company.

You will note that in addition to the \$1000.00 appropriated for reduction of Town Debt we have added an additional \$1000.00, as we found at the close of the year that we had saved that amount over our necessary expenses.

Following the plan carried out by your former officers, we have removed several pieces of plank walk and replaced same with gravel.

It will be necessary the coming year to build or repair two of our bridges which will call for quite a large increase in the Highway Appropriation; so that it will be well to curtail somewhat in other Departments if we are not to raise the rate of taxation.

Some new lights are being asked for, and in that connection it would be well for the voters to remember that each light costs \$25.00, and that we are now spending quite a sum for lighting, for so small a town as ours.

We will not take further space at this time, but would ask all voters to think of these matters, and come prepared to vote intelligently in regard to our appropriations.

Respectfully Submitted,

F. H. Titcomb.

Wm. H. Parsons.

James Kendrie.

ANNUAL REPORT OF CHIEF OF FIRE DEPARTMENT.

TO THE HONORABLE BOARD OF SELECTMEN OF THE
TOWN OF OLD ORCHARD :

I submit my annual report for the year 1906.

We have again been very fortunate in regard to fires. There were only two of any importance, both outside the fire limits. These were the Chandler place at Millikens Mills, which was totally destroyed, cause, probably defective chimney, fully insured; and the Seth Googins house, struck by lightning and entirely consumed, insured.

There have been an unusual number of false alarms during the past year, which of course were not only needless, but caused unnecessary expense; all citizens should be willing to co-operate with the Department in this matter and report any tampering with the Alarms so that the offender could be prosecuted as the law directs.

The Department is in a good condition, the roll is complete, and the members are all interested in the work.

We have now 1900 ft. of good hose at the Engine House, 500 ft. at the Campground and 500 ft. at Ocean Park.

I would recommend the purchase of about 500 ft. of new hose the coming year, as some of our hose is getting somewhat old and might not stand steamer pressure. The steamer and other apparatus are in good condition.

Some of the old hydrants should be changed to steamer connection, and I would suggest that the Selectmen take this matter up with the Water Co. at once.

The fire team has earned more money than usual this year, thereby helping out in the finances of the Department.

I have purchased a new set of harnesses for the horses.

Respectfully submitted,

L. M. Fowler, Chief Engineer.

NINTH ANNUAL REPORT OF THE TRUSTEES OF THE FREE PUBLIC LIBRARY.

TO THE TOWNSPEOPLE OF OLD ORCHARD :

The trustees submit with real gratification their annual report. There has been the customary effort on their part to keep the library fully abreast of the reasonable demands of the reading public, and kindly words of commendation from its patrons convince them that a fair measure of success has been theirs.

The usual additions to all the departments of the library have been made from time to time, as the means at hand allowed; and the trustees are encouraged to believe that no subject of vital importance is unrepresented in book or magazine form. Patrons are always urged to give names of books that they believe to be helpful along all topics of public interest.

The trustees have taken the initiative in bringing into available use the wealth of information stored up in the bound volumes of the standard magazines in the library. Much of the best that has been penned in literature, science, and art, has appeared first, and much of it solely, in magazines.

The library is now taking the H. W. Wilson Co's Readers' Guide to magazines. It will gladly do more along this instructive line as encouragement is shown by the use of the "Guide"

The reading-room with its valuable books of reference and variety of standard periodicals is justly a much used room of great benefit to all. A higher appreciation of its real purpose should grow among the young folks.

The trustees are continually indebted to the careful, intelligent and patient work of the librarian for the high measure of efficiency that the library shows.

In connection with this report appear the ever full and interesting statistics furnished by the librarian.

Hearty thanks are gladly expressed to the many who by kind words and acts have materially increased the utility of the library.

E. W. Wright, Chairman of Trustees.

REPORT OF SUPERINTENDENT OF SCHOOLS.

TO THE CITIZENS OF OLD ORCHARD:

I am pleased that the condition of our public schools warrants me in reporting progress all along the line.

The school board of the past year consisted of Mrs. N. L. Chase, Mrs. K. L. Luce and Mr. W. F. Worcester. At its first meeting Mrs. Chase was elected chairman and Mrs. R. M. F. Buzzell, Supt. of schools.

This board has attended to its various duties with uniformity of purpose, harmonious action and encouraging results.

The number of persons in town of school age, five to twenty-one years, at the last census, Apr. 1, 1906 was 225. The number enrolled on the school registers is 134: Primary, 47, Mrs. I. M. Elden, teacher; intermediate, 41, Miss A. M. Rosborough, teacher; grammar, 26, Mr. H. E. Record, teacher; high, 20, Prof. E. W. Wright, teacher. There has been the same untiring earnestness on the part of the teachers as in the preceding year and the mutual good fellowship between teachers and pupils necessary for successful work.

During the last two terms, in addition to the regular instruction, physical culture and elocution have been taught at stated periods by Miss Cora B. Bickford, with marked results. Aside from the accuracy of the drill there is an observable increase of alertness and concentration of thought: also better positions in sitting and standing, so important for the physical well-being, particularly of the young.

In accordance with the views of the best educators, the vertical system in penmanship has given place to the medial. Special instruction in this branch is much to be desired.

The uniformity of text books arrived at last year has been brought near its completion and there remain no bills unpaid, yet I would suggest that the usual appropriation of \$200.00 for text books be made as much economy has been urged and needed supplies withheld to bring about the desired results.

Much care has been used in the selection of books; the revised edition of physiologies teach not only facts about anatomy and physiology but specialize the injurious effects of alcohol, tobacco and other narcotics to the human system. The mediocre reading of the average pupil is be deplored; hoping they might prove an incentive for better works, the Jones Readers have been introduced throughout the common schools.

The Tiffany Indus. Cabinet has proven all that was claimed for it, and I regret only, that it has not been ut-

ilized to the extent desired but hope that in the near future it may occupy as a source of information the high position it deserves.

The standard of rank has been raised from 65 to 70 per cent., thereby comparing more favorably with the average standard throughout the state.

In June the graduating exercises of both the high and grammar schools were in the town hall. The attendance, as also the visits of the parents and friends during the regular work of the year, betoken an interest in the public school somewhat unusual.

Much credit is due the High School Alumni Club for so successfully maintaining its organization, thereby not only sustaining interest among its members but stimulating ambition among the lower grades.

Among the repairs on school buildings have been a partition in the basement of the smaller building, painting and varnishing the interior of both, adding new register to heating apparatus in the room of the grammar school, and re-shingling porch. Twelve new desks and a teacher's desk have been added to the furnishings of the intermediate room.

Among gifts from friends I would mention a valuable Turner Brown point, presented to the high school by the Old Orchard Literary Club, and a beautiful picture of Frances Willard by Mrs. J. G. Harvey. A clock and smaller pictures have also been contributed to the

intermediate room. The primary teacher with her usual resourcefulness has engineered the purchase of a clock and desk for her room.

In closing, I would express thanks to all who have given me their hearty co-operation.

Respectfully submitted,

R. M. F. Buzzell, Supt. of Schools.
