## REPORT OF OVERSEERS OF POOR.

---

TO THE VOTERS AND TAX PAYERS OF OLD ORCHARD :

Below we give a statement of the expenditures in this department :

Two of our patients at the Insane Asylum have died during the year ; Ella Robinson and Mary J. Googins, leaving two permanent charges still in the institution.

One has been added to the list ; but we think in the case of Sewall Crane the stay will only be temporary.

The home calls have been about as usual.

## REPORT OF CHIEF ENGINEER OF FIRE DEPARTMENT.

---

TO THE HONORABLE BOARD OF SELECTMEN OF THE TOWN OF OLD  
ORCHARD :

I herewith submit my report of the fire department for the year ending Jan. 31, 1905.

The Company were called out seven times as follows :

April 5, small building on Grand avenue owned by Jos. Bernier, caused by burning grass ; totally destroyed.

April 6, grass fire on Old Orchard road near Amaziah Greens.

April 17, false alarm from box 5.

July 5 and 6, fire in Ocean Park woods, probable cause, passing engine.

Sept. 7, fire at Ocean Park, cottage owned by Rev. Mr. Paul ; totally destroyed ; caused by kerosene or gasolene explosion.

Nov. 11, fire on Grand avenue in house owned by Archie Jacques ; damage about \$400 ; caused by over heated stove.

Dec. 25, fire on Grand avenue in house owned by Fayette Staples ; damage about \$400 ; caused by defective chimney.

The Company did efficient service at all fires. The apparatus is in good condition and the men all take an interest in keeping it so.

We shall need a new set of harnesses the coming year, also

a new suction hose for the engine. I would recommend a small increase in the appropriation as the usual amount would not allow us to have them. About \$125 more would be enough.

Respectfully Submitted,

L. M. FOWLER,

Chief Engineer.

## SEVENTH ANNUAL REPORT OF THE TRUSTEES OF FREE PUBLIC LIBRARY.

---

Since our last annual report the library rooms have been enlarged by the addition of the unoccupied room adjoining the library rooms on the east. The partition was removed and the rooms so arranged that, at present, there is ample accommodation for the library, and will be for some time to come.

The expenses for enlarging the rooms and fitting them for use, which had to be taken principally from the library funds, (see treasurer's report) necessarily interfered with the ordinary purchase of books so that the accessions this year are less than last. The additions, however have been as large as possible and we believe they are such as the reading public will approve.

It has been thought advisable by the present trustees to place in the library each year, at least one standard work of intrinsic value.

"Beacon Lights of History" has been purchased as a work of great merit, if the opinion of reviewers and scholars is worth anything, and we believe it will be found to be a very valuable accession.

It is to be regretted that the most valuable works in the library are not taken out more frequently, while the less important ones are more generally read; that books of real value, such as are intended to impart information, to strengthen the mind and to aid in building the most worthy character, are often

untouched, while the books of fiction are more eagerly sought. If "truth is stranger than fiction" it does not seem in this case to be so attractive.

We have reason to hope that in "Beacon Lights of History" the people will find a work at once instructive, intensely interesting and in every way profitable. We trust it may be very generally read, especially by the younger readers who wish to acquaint themselves with the world's greatest characters and events.

We wish to acknowledge our appreciation of the interest shown by the selectmen in so cheerfully granting us the privilege of making the necessary additions to the library rooms as above mentioned.

We also extend our thanks to the Librarian for her faithful services and ready assistance which she has always been willing to render the trustees, and to all others, who, by gift or otherwise, have contributed to the interests of the Old Orchard Free Public Library.

The reports of the Treasurer and Librarian are herewith submitted and made a part of this report :

## REPORT OF SUPERINTENDENT OF SCHOOLS.

---

TO THE CITIZENS OF OLD ORCHARD :

I have the pleasure of presenting my third annual report as superintendent of your schools, and believe that the progress which has characterized the Old Orchard schools during the past few years, has been continued to a marked degree during the year just completed. There has been a large attendance of scholars during the greater part of the time, and the courses of study have been well arranged, and good results have been accomplished in each school.

There were two vacancies in the school committee a year ago, caused by the expiration of the term of Mr. J. E. Webber, and the resignation of Mr. E. M. Wright. Rev. O. J. Hancock and Mr. T. L. Cleaves were chosen to fill the vacancies, and at the first meeting of the new board, Mr. Hancock was elected chairman, and A. L. Jones was re-elected as superintendent for one year.

There have been some changes in the corps of teachers, although Prof. E. W. Wright and Mrs. Ida M. Elden have continued in their respective positions, the high and primary schools as for several years past. Miss A. L. Beard resigned as teacher of the grammar school at the beginning of the fall term, and Mr. H. E. Record was chosen for the position. Mrs. Lizzie E. Colley resigned as teacher of the intermediate school early in the fall term, and Miss Ethel Wright was elected.

In general I am glad to be able to report diligent and conscientious labor on the parts of all the teachers. In some instances there have been cases of disorderly conduct on the part

of certain scholars, but these have been dealt with as seemed to be most satisfactory. The discipline of a school is a very delicate, as well as important, matter, and there should be at all times an insistence on the point of obedience to the rules of the school.

The conveyance of scholars residing in the vicinity of Milliken's Mills by the Portland Railroad Co., which was commenced about the beginning of the fall term, has proved to be very advantageous. It has been more convenient and comfortable for the children, and more economical for the town.

The superintending school committee has co-operated, and at all times labored faithfully for what seemed to be most beneficial to the schools. Several improvements and numerous repairs have been made about the school property, while new text books, appliances and supplies have been provided in so far as the money at the disposal of the committee has permitted.

The people, as a whole are constantly taking a deeper interest in educational matters, and this is shown in many ways, among which is noted the increased number of visitors to the schools. It is to be hoped that these good signs will multiply rapidly. An enlightened and interested public sentiment will do much for the advancement of the schools, encouraging to teachers, scholars and school officers alike.

Largely attended and pleasing graduating exercises were held by the high and grammar schools in the Methodist church last June, and it would seem advisable to make these exercises an annual feature of school life, provided sufficient interest in them can be maintained.

I have now completed three years as superintendent of schools in Old Orchard, and the time devoted to scholastic interests here has been, so far as I am concerned, pleasantly and profitably spent. It is my belief that much progress has been made during these years, however little the amount due to my efforts. The nature of my work in the future will be such that I

could not be a candidate for re-election, even if there were any likelihood of such an occurrence. I have enjoyed my school duties, and wish to thank, at this time, all those who have so generously assisted me in the performance of the labors pertaining to the position.

It is my hope and belief that the schools of Old Orchard will continue greatly to improve in the succeeding years, and I trust that the citizens of this town will, in an increased measure, give their hearty moral and financial aid to its institutions of learning.
