2011 Annual Report

MainePERS is pleased to release its Comprehensive Annual Financial Report for the fiscal year ending 2011. The report provides detailed information on finances, investments, actuarial data and general statistics of the System.

Group Life Insurance January Invoice

Your January invoice will be available in Employer Self-Service on February 1, 2012. A couple of things to keep in mind when processing your invoice:

1. Monthly Premiums Due

- a. With the September Invoice MainePERS implemented monthly billing for premiums. The invoice requests payment for each of your covered employees for the entire month. We no longer calculate premiums due based on the number of pay periods you take deductions each month.
- b. Many employers manage payment of monthly group life insurance premiums by taking deductions from 24 or 48 pay periods each year. Some employers set up specific accounts to hold monthly premiums until due.

2. Adjustments

- a. Use the adjustment form when an employee is on a leave of absence, has terminated employment, or for payment of back premiums. MainePERS processes these adjustments along with your payment. Your payment should equal the amount due on your invoice plus or minus any adjustments.
- b. Do not use the adjustment form to account for the number of pay periods you took deductions that month. MainePERS does not process these as adjustments. The amount due is the monthly premium for each employee and retiree, if applicable.
