Gov. A. C. Miles

Augusta 3 Sir

My attention has
been called to the case of Mr Thomas
G. Drummond of Bangor - a corporal
in the 1st Maine Heavy Artillery - Col.
D. Chapin - for promotion - Having
a personal acquaintance with the young
man - I take pleasure in recommending
him as a young man of business
application and integrity - of good habits
good judgment and interested in the
welfare of his country - And if you have
a good account of his military reputation
which of course you must get from those
associated with him - I am satisfied
his country would gain and his friends be
gratified by his promotion -
Very Truly
