County Commissioners.

GAVE HEARING AT CHEBEAGUE ON ROAD CONTROVERSY.

Witnesses Heard on Both Sides, and Hearing Adjourned Until Friday.

A hearing was held before the County Commissioners at Chebeague Tuesday which was opened at 11:30 a. m., on the premises of Mr. and Mrs. Wm. A. Harris of Springfield, Mass., well known summer residents. The hearing was adjourned almost immediately and reopened at the Harris barn at 12:30. The attorney in behalf of the selectmen of the town of Cumberland, appearing in behalf of the road, which was voted for at the town meeting last March. Other witnesses in behalf of the road as proposed by the town were Mr. Sylvester L. Hill and Mr. Henry W. Bowen. Those appearing in behalf of Mr. Harris besides Mr. Harris were W. A. Harris, Jr., Mr. Mitchell and Mr. Pennell of Portland, real estate experts, and Mr. Ephraim Hamilton and Mr. Ambrose Hamilton of Chebeague.

After witnesses had been heard on both sides and cross-examined by opposing attorneys the case was adjourned until Friday afternoon at 2 o'clock. At that hour the matter will be taken up before the County Commissioners, at which time the opposing attorneys will present their summing up arguments. No decision is expected in the matter before the next record meeting of the Commissioners which comes early in January, 1913.

The strongest arguments in behalf of the road seemed to try to show that public necessity demands a road to the shore on the north side of the island for the use of those approaching the shore to reach small boats.

The other side brought evidence to show that provision has already been made for such an approach and that the road as proposed would not lead to a point on the shore suitable for the anchorage of even small boats as they claim that the water at this point is very shallow even at high tide, and unsuitable for anchorage. Stress was also laid by the side opposing the road upon the fact that it would very materially destroy the value of Mr. Harris' property by its location over the most desirable portion of the Harris meadow, and that an approach to Mr. Cordes' house has already been established in previous proceedings of the case. The attorney for Mr. Harris also called attention to the decision of the court that no road has ever existed over the meadow except that used for approaching the Hamilton home, which now lies on the Harris meadow.

Ely Trio Gives First of Sunday Night Concerts.

The Sunday night concerts which have been one of the most popular features of this hotel in the past few years were again started last Sunday and were as enthusiastically received as ever by the large audience which was assembled to hear them. The Ely trio, composed of Marie Zeleny Ely, violin and leader, Cecelia Phillips, cello and Wilhelm Wagner, piano, rendered the artistic program which was offered in a most finished and delicate manner. The very first number, selections from Balfe's tuneful opera, "The Bohemian Girl," so familiar to everyone, received an outburst of merited applause, which was repeated at the close of each number on the program. An especially enthusiastic reception was given the cello solo by Miss Cecelia Phillips, who offered the beautiful "Evening Star" from "Tannhauser." The complete program:

Selections, Bohemian Girl Balfe
Sizibetta F. von Blon
Evening Star, Tannhauser Wagner
(Cello solo.)

Overture, Poet and Peasant Suppe

The regular Tuesday and Friday dances are in full swing now, and twice every week the ball room is filled with gliding couples, swaying to the melodious strains of the Ely Trio. These dances are a great feature of the summer and, as every one says who has gone to one, the nicest dances ever given anywhere. There are a considerable number of young folk summering on the island who are regular attendants at these functions and lovers of the terpsichorean art find a splendid opportunity to indulge in this entrancing pastime at these affairs.

The bookings at the house are the heaviest that have ever been known and it seems as if even the commodious quarters of this hotel will be taxed to its utmost capacity to accommodate the incoming stream of tourists. Many guests who have been regular attend-

Brown of Ipswich, Mass., and Mrs. D. L. Phillips of Little Rock, Ark., who have been guests here for the past two weeks, left recently, but will return in September.

Miss Elizabeth Delapierre and Miss Harriet G. Newhall, of Brookline, Mass., are guests at Miss Susan Jordan's cottage "Bonnyview" on Summer Hill, having arrived last week. Miss Rose Neely of Lewiston, is also a guest here for a short time.

Miss Susan Jordan opened the tea-house at Bonnyview cottage last Friday and from now on through the rest of the summer tea will be served there every afternoon from 2.30 to 5.30. Miss Jordan should make a success of this enterprise, as such a place will fill a long-felt want here. For visitors from other islands, too, it would be hard to imagine a more enjoyable way to spend the afternoon than to take the train to the rocky-bound coast of Bailey Island and drop in at this cozy little tea-house after climbing around the cliffs. Miss Jordan has also opened her studio here, which she has had in former years, and has on exhibition many beautiful photographs and views of the island and bay, which are the original handiwork of Fred Thompson of Portland, besides many unique oddities which make attractive souvenirs of a trip to the island. The photographs are a most wonderful collection and a revelation to the visitor. They are done most beautifully and reflect faithfully the entrancing charms of Casco Bay.

Long Island

Last Saturday the Metropolitan Club held a most enjoyable gathering at the summer home of Mr. and Mrs. Frank G. Chase on Island Avenue. The ladies arrived in the morning, and the day was spent with sewing and a general good time. At 5 o'clock the gentlemen came, and dinner was served at the tables set among the trees on the spacious lawn surrounding the house. The grounds were beautifully decorated with Japanese lanterns and summer flowers, and proved a delightful setting for the delicious dinner served. The party spent the evening with their host, returning on the late boat to Portland. Those who were present were Mr. and Mrs. Frank Creton, Mr. and Mrs. B. G. Carter, Mr. and Mrs. Horace Brown, Mr. and Mrs. Gilman Barker, Mr. and Mrs. Franklin Nash, Mr. and Mrs. Clarence Caswell, Mr. and Mrs. Paul Whitmore, Mr. and Mrs. Charles E. Smith, Misses Ruth Snow, Harriet Page, Maud Perry, Janet Carter and Messrs. William Shaw, Harry Parker, Melvin Sweet, and Benjamin Brown. Mr. and Mrs. Harry L. Smardon of Grayshingles, recently entertained Mr. and Mrs. Charles Cortes. Their niece, Miss Marion Butler of Winthrop Beach, Mass., is a guest at the cottage during July.

Mrs. P. E. Benton of Dorchester, Mass., is a guest of her daughter, Mrs. Ralph Ingalls, at the West End. Mr. Benton and son, Clarence Benton, were guests at the cottage over Independence Day.

Mrs. Peter Berry has as guests at her South side cottage Mr. and Mrs. Arthur Willard and son, John Willard of Providence, R. I. They will remain a week enjoying the pleasures that only Long Island can offer.

On the fourth of July Miss Ethel Gray of the Holiday cottage delightfully entertained a party of friends at a picnic on the beach. Those present included Mrs. Winnie Curtis and family of Chesterville, Miss Marion Fernald of Portland and Mr. and Mrs. Bert Ryther of Yarmouth.

A young lady from Boston, but whose name was not learned, while bathing with friends on the south side beach on Sunday, suffered from heat prostration to an acute degree. She became unconscious and members of her party secured a doctor who, after several hours' work, so relieved the sufferer that she was able to return to Portland in the afternoon. A case of this kind that has been on hand much more serious results impeding on with the grave danger in entering the water while heated or direct from violent exercise.

Mr. John M. Bickford has as his guests at the Casco Breeze cottage his son, Mr. A. C. Bickford, and daughter, Miss Dorothy Bickford, of Portland, who will remain for some time days.

Mr. Drew V. Hills joined his mother at the Murphy bungalow on Beach Cove on Friday. He is in his third year as a cadet at the Peekskill Military Academy, in Peekskill, N. Y.

Dr. F. H. Flint of Dover, N. H., with his mother, Mrs. W. H. Flint of So. Berwick are guests during July at the Shea bungalow near Doughty's landing.

At the Rosedale cottage Mr. Harold Higgins is entertaining two Portland friends, Mr. Earl Frank and Mr. Lawrence Peterson. Mrs. Higgins possesses one of the most attractive sights on Long Island. This is the beautiful garden of old fashioned flowers that flank each side of the walk from the street. They are in plain sight of the public road and every day many passersby pause involuntarily to admire this beautiful spectacle of nature.

Mr. and Mrs. Charles Drew of Portland are occupying the Shawmut cottage, having arrived in the middle of June. They have as guests Miss Pearl Stevens and Mr. Earl Gribbin of Portland.

Mrs. Dr. F. H. Carter and daughter, Miss Margaret P. Carter of Melrose are guests for a week "among the roses" at the Melrose cottage.

Those residing at the "Barracks" building are Mrs. George Heal and family of Portland, Mrs. Walter Church, Mrs. Willis Nelson and Mrs. McLeod. Mrs. Nelson's building a cottage close to the Wilson cottage, which will soon be ready for her to occupy. The Chowder club of Portland, which has been staying at the "Barracks" building for the last two weeks returned home Sunday. There were fifteen young people in the party which was chaperoned by Mr. and Mrs. H. H. Harris, and their entire stay was a most pleasant one from beginning to end, not only for themselves but the other occupants of the house as well, who are looking forward to the visit of the Chowder club next year.

Mr. and Mrs. C. W. Jones of Cambridge arrived last week to occupy their summer home "Camp Bell" for the season. They are very popular with their friends who have been impatiently awaiting their coming. Mr. Jones is the traveling manager of the Northern Equipment company of Chicago.

Miss Florence Morrill is a guest for the month of July of Mrs. L. R. Weatherbee of Worcester, at the Bide-a-Wee on Island Avenue.

Mrs. H. A. Moreland of New York who has been the guest of Mrs. H. T. Cook at the "Old Homestead" for several weeks, left for Cambridge on Saturday. Mr. and Mrs. J. G. Hannaford were week-end guests at the cottage, and Mr. J. W. Baker and daughter visited there over Sunday.

Dr. and Mrs. F. H. Nutting and daughter are again occupying their cottage, "Norwood," for the season. This is their tenth year on Long Island, and they still draw as much pleasure as ever from their surroundings.

At Verona Villa Mrs. R. H. Dillingham and daughter, Miss Grace of New York, are visiting for the summer. Mrs. Homer B. Ragan and Miss Alice Ragan arrived Thursday for a two weeks' sojourn. Mrs. Ragan sails for Europe on August third to secure Miss Ragan's trousseau in preparation for her marriage in October to Mr. Wyndham Phinney of New York.

Miss Grace Grant of Glenwood st. Portland, was a guest at luncheon of Mrs. Armand Both at the Gamson cottage on Friday.

Mr. F. W. Ford returned Sunday to his home in Medford, after having spent a few days with his family at the Forelette. Mr. Ford will return in August to Long Island for a more extensive vacation.

Mr. and Mrs. H. P. Bowen and son, Mr. H. S. Bowen, with Mrs. H. C. Bryant and daughter, Miss Elisabeth, came Tuesday, while Mr. and Mrs. A. S. Bryant arrived Saturday to occupy the Brown cottage for the season. Mr. A. S. Bryant will, however, return after a week to his business in Boston.

The Long Island Market, under the management of Mr. Peter Christiansen, is enjoying another year of unsurpassed success. Situated at the head of the steamer wharf at Doughty's Landing, it caters to a large number of customers in the immediate vicinity and the efficient delivery service insures immediate and prompt delivery to any part of the island. Mr. Christiansen has fresh eggs and chickens from his own farm, and carries in addition a first-class stock of the best provisions on the market.

CASCO BAY HOUSE

MANY GUESTS REGISTERED AT LONG ISLAND HOUSE.

Master Plumbers Association Has Dinner Monday.

This popular house, with its country-wide reputation and its large coterie of guests throughout the continent, is enjoying another year of success, which bids fair to out-do any that have ever gone before. The bookings have been unusually numerous and the house is already well-filled. Organizations from Portland and the vicinity are as usual finding it a fine place to spend the afternoon and enjoy one of Prop. Charles Cushing's famous shore-dinners. On Monday of this week the Master Plumbers Association of Portland came down and held a picnic and clambake in the pavilion. The party comprised over 150 members of the association, with their families, and they made the walk in ring in their efforts to have the best time they had ever experienced. In the afternoon a ball game was held between two picked teams and after a marvellous exhibition of the national game, the party sailed for home after the best outing in years.

Many guests are registered here for their summer vacations. Among these are Miss Isabel Deforest, of Boston; Miss L. M. Babcock, Mr. and Mrs. E. H. Sackrider and Mr. and Mrs. C. S. Babcock, all of Montreal; Mr. and Mrs. A. B. Sanders, Mrs. C. W. Keyou, of Boston; who have been guests of the hotel in former years and are coming back for another enjoyable summer here.

WAS SOMETHING LIKE A RUN

Munchausen Tells About a Bit of Sprinting He Witnessed in Scotland.

"Talkin' about runnin'," remarked Hon. Ananias Munchausen, "about the finest bit of sprintin' I ever saw was up in Scotland the shootin' season before last. I'd been out all day deer-shootin', and had had most awful luck when I spied a whoppin' great buck about eighteen hundred yards away. Takin' a careful sight, I let fly. But, bless your soul, the instant my bullet touched him, and before it had time to penetrate his hide, that beast was off like a flash!

"I never saw two such evenly matched things as that deer and my bullet. For over half a mile they sped on together, neither gainin' on the other, the bullet just managin' to keep in touch with the deer's skin. At the end of a mile, however, the pace began to tell on the deer, and he faltered just for a moment. 'Twas fatal. The bullet sped on, and the poor beast keeled over. He deserved his freedom if ever an animal did. He'd have got it, too, if he could have stuck out for another twenty yards, for that's about as far as my rifle carries."

Files a Case of Life in Africa. House flies are prevalent in South Africa during the months of October, November, December, January and February. As screen doors and windows are unknown there, the houses are filled with flies. Fly paper is now being used extensively.

Causes of Mine Accidents. Nearly half of the fatal accidents in coal mines are due to falling rock or coal, and less than one-fourth to explosions or fires.

Whew!

Sail ho! Ship ahoy!!

Doesn't this feel good after Boston or New York, what?

Come on in, the water's fine, and the beaches are being overcrowded by the merry bathers.

No, Belinda, those are not the flies that you see flickering around the cottage door. Far from such! They are joss sticks doing their duty in noble style.

While Casco Bay is far and away the prettiest place along the Maine coast, it is the duty of all the residents to keep it looking as attractive as possible. Keep your beaches and lawns looking neat, and if you are on a picnic, don't leave boxes and papers scattered about, but clean up after you.

There is another thing about which everyone here needs to be careful. With the grass and foliage as dry as it is now after such a long spell of hot, dry weather, a smouldering cigarette or cigar stub or a lighted match will easily start a most disastrous blaze. Every year great losses are suffered all over the country from just such causes, so be careful not to start a forest fire here.

You summer people, who come here every year and enjoy a vacation full of delight and happiness in Casco Bay, don't keep all your pleasure to your-

self. Ask your friends down who have never been here before so they can take in the beauties of the place. Mail a copy of THE BREEZE to them if they can't come. Let them know what a wonderful place this is, and make them tell others. The place deserves it, so help the cause along and boom the bay! boom the BAY!! boom THE bay!!!

It is rare indeed that a summer resort offers the visitor such unparalleled advantages even if he is making only a comparatively short stay here. Everywhere one goes, new views full of enchantment meet the gaze, new forms of summer amusement are offered, but it is all Casco Bay. As far as the eye can reach from Portland Head Light to the foaming shore of Small Point, some new entrancing scene meets the eye, only to be forgotten in the next that one gazes upon. Take a sail down the bay in one of the comfortable steamers of the Casco Bay and Harpswell Lines, and see if what we say isn't true and then tell your friends about it.

Remember the cake walk? Perhaps the day will come when we can ask the same question about rag time.

A lady named Yik Yung Ying is reported to be at the head of the woman suffrage movement in China. Nobody can accuse her of not being a Y's woman.

A five-story pickle factory in Chicago was destroyed by fire the other day. But, then, one could hardly expect a pickle factory to be preserved.

New York is threatened with a dressmakers' strike. New York is constantly facing some dreadful peril.

A statistician tells us that there are 280,000,000 chickens in the world, but it is evident that he does not count the mysterious substance known as potted chicken.

Mr. and Mrs. George Glover and family of Boston are occupying the Glover Cottage during July and August.

Mr. and Mrs. C. T. Brace and family of Richmond Hill, Long Island, are occupying the "Birches." This is their first season at Littlejohns and they, like many before them, have been greatly impressed by its scenic beauties and multifarious attractions. On Sunday Mr. and Mrs. John Zangy and daughter of Richmond Hill arrive for a two weeks' visit as the guest of Mrs. Brace and family.

Mrs. F. C. Underhill and daughter, Dorothea are in the Ellms cottage through July. They will be joined on Saturday by Mr. Underhill who will remain with them through the month.

The older summer residents will be interested to know that Mrs. Eugene F. Richards and daughter of Dorchester are again summering here having taken the Idlewild cottage for the season. They were last here in the summer of 1907 and previous to that, had spent some three summers on Littlejohns, so they feel quite at home upon their return for the season.

Mr. and Mrs. Nathaniel J. Andrew of Roxbury with Miss Alice Dobbin are staying at the Hillcrest cottage. The Andrews will be here only a week when Mr. Andrew leaves for the west. He is a zinc mining engineer of the Amalgamated Zinc and Lead Company of Boston, and goes to develop fields in Joplin, Mo., and Dodge City, Ark. In connection with this development Mr. Andrew said according to the United States Statistics the zinc field at Joplin is greater in value of production and point of output than the entire gold fields of the United States and Alaska combined.

The Doctor has been so unfortunate as to have suffered ill health during the last winter and is striving to regain his health in the wholesome airs of Casco Bay, a result which his many friends are sincerely hoping he will accomplish. As guests of the 4th of July Mrs. Prescott entertained Mr. Lally Coop and Mr. Gray Churchward at the cottage.

Mrs. O. B. Johnson and Miss Almira L. Johnson of Melrose Highlands arrived a week past to spend the summer at the hospitable Kingston cottage.

This store is managed in conjunction with his store on Littlejohn and the trade on both places are now assured of getting the best at the lowest possible cash prices.

Cousin's Island

A pleasant feature of Independence Day on Cousins Island was the entertainment given by Mrs. S. J. Bissett in the evening. The celebration was held near "Day Break Cottage" and about fifty of the Harmony Hill colony were present who enjoyed the brilliant display of fireworks. After the pyrotechnical display, the Victor was brought into use to furnish the musical portion of the evening's entertainment. Like all gatherings on Harmony Hill, this entertainment was thoroughly enjoyed by all those fortunate enough to be present.

Mr. and Mrs. Edward M. Pierce and Miss Mildred Pierce were at their Braeside cottage over the holiday. They had with them as guests, Mr. and Mrs. Charles A. Chaffin of Medford, Mass.

Mrs. Isabel McLeod with her two sons of Wakefield is spending the summer with her sister, Mrs. J. W. Garness at the Hamilton Cottage.

Miss Pearl Hardenbrook of Malden arrived on Friday evening to be the guest of Mrs. S. J. Bissett for the month of July at "Day-break" cottage.

Esqate who was a summer resident on Cousins last season, this year will not be here as during the winter he moved to California, and is now making his home in that beautiful state. Misses Mary and Isabella Cox of New York arrived Wednesday and are staying on the island. Doyle, and he will soon start work on a large cottage to be placed on this admirable location.

Something New in Awnings

It Seems to Be Just the Wanted Kind

THE CARPENTER "SPRING SHADE."

A practical, up-to-date Roller Window Awning for residences, office buildings, factories, etc.

"It Works from the Inside."

This is a radical improvement over the old Window Awning and possesses advantages which buyers of Awnings will appreciate at a glance.

This Awning runs on a spring roller with an extension arm something after the manner of a window shade, rolls up automatically, out of danger and practically out of sight.

We are firmly convinced that because of its easy, noiseless operation, its most attractive appearance, its fundamental simplicity, its ultimate cheapness, and its increased shade giving quality, it is by far the best Window Awning on the market.

We shall be pleased to demonstrate model and quote prices.

VALUE OF THE SUNROOM

Wise Woman When Superintending the Building of Her Home Will Add This Apartment.

The wise woman when superintending the building of her home will add a sunroom to the house.

This is a place where the children can gain health.

Greenhouses are built to give sunlight to plant life, but the children are allowed to grow in sunless rooms.

The sunroom is best when built upon the second floor, facing east and south.

The numerous windows should be built close together and set in a sloping roof.

This room should be arranged so that it is conveniently independent of the rest of the house, in case of illness.

Paint the walls cream, and have the floor parquet. Carpets and rugs should be eliminated from the sunroom. They harbor dust and germs.

Where the floor and wall join, a curve should be made, as in the modern hospitals.

The furniture should be of the simplest; comfortable chairs, settees and cushions with washable covers should be the rule.

Here, during the spring months, the children can study with particularly good results, and spend all recreation hours in this room.

This is an excellent reason why the sensible woman should set this "trap" to catch a sunbeam.

On Boston Common.

Comparatively few people know that there was once a "spinning school" on Boston Common. Winsor's "Memorial History of Boston" records that upon the arrival in Boston of some Irish spinners and weavers a spinning craze took possession of the town, and the women, young and old, high and low, rich and poor, flocked into the spinning school, which for want of better quarters, was set up in the Common, in the open air. Here the whirl of their wheels was heard from morning to night. Thirty-five years later the Society for Encouraging Industry and Employing the Poor again used the Common as a spinning school, about 300 young women appearing there.

Cities Fighting Toll of Noise.

Science is planning a noiseless world, in which the clamor of the present day will be reduced to a minimum. Prof. Blake, of the Harvard Medical school, declares that nervous prostration, brain exhaustion and deafness are the price that cities pay for noise.

Amusement in Egypt.

Buffalo and camel races are among the sports which give local color to the amusements provided for guests in Egyptian hotels.

Bustins Island

The season at Bustin's Island has commenced most favorably. All the cottages and bungalows are occupied or rented with the exception of one or two. During the fall of last year and the spring of 1912 three new cottages have been built, those of Mr. Jaynes, Miss Bowers, and Mrs. MacDonald. Wilson & Co. have a larger stock than ever before at their grocery and market, and already are filling most of their dining room seats at the Bustin's Island Inn. The dining room was opened July 1, and the store June 1 this year. Mr. and Mrs. Wilson having been the first cottagers to arrive on the island, landing on the first of May. Mrs. George H. Lavers has removed her old store and opened a delicatessen shop. Bustin's has this year something of which none of the other islands can boast—a wireless station. Mr. Robert A. Brown of Concord, N. H., is the first and only operator on the island. Mr. Brown at present only receives messages. If you are shipwrecked or lost, and desire to relieve the anxiety of your loved ones just send a wireless to Bustin's. If you wish to know whether it is going to rain, snow or be fair, just go to the store and see what the wireless forecast is.

A person who is lonely and homesick may feel great relief by pausing and listening to Mrs. J. B. Pidge's fine phonograph. Here Caruso and Schumann-Holck and many other famous singers may be heard.

By next week the Cottagers Association hope to have the tennis courts and golf links in good shape to play on. All the various clambakes, songs, card parties and entertainments which will occur during the summer will be announced beforehand in the Breeze, and everyone should get a copy to keep in touch with the doings on the island and in the Bay.

The following well known people spent the Fourth with Mr. Charles W. Newhall of Boston, who has one of the most expensive and beautiful places in the Bay: H. H. Ripley, Southern salesman for L. B. Evans of Wakefield, with Mrs. Ripley; A. O. Day of R. H. Fyfe & Co., of Detroit, with A. E. Burns of the same firm; George Melanson, shoe manufacturer of Lynn, Mass.; Frank Duzan of Daniel Fisher & Co. of Denver, Colo., with Jack Little of the Denver Dry Goods Co.; Melville Woodbury of Ira Woodbury and Byron Woodbury, with Miss Woodbury, all of Beverly, Mass. SPARROW CAUSES BAD FALL

Attacks Painter, Who Tumbles Fifty Feet From a Scaffold and Breaks His Arm.

Lawrenceburg, Ind.—An English sparrow mother bird, worked up to a state of excitement, made a fierce attack on W. Holman Morton, aged 36 years, a painter, when he destroyed its nest built under the eaves of the building which he was painting. The bird struck Morton several times on the head and attempted the pick his eyes out. He struck at the sparrow and, losing his balance, alighted on the cement pavement, fifty feet below, escaping with a broken left arm and a sprained right ankle. A number of spectators witnessed the strange attack and accident.

Lovers, Disturbed, Stop Jail-Break.

Meeker, Colo.—The next time Andrew Comstock, a convict, seeks freedom through the window of his cell, he will keep a sharp watch for sweethearts. Saving at his cell window bars, he disturbed a pair on a shady porch near the jail. The disgusted warden, seeing the head of the convict coming through the bars, objected to a third party and informed the warden.

Offended Sensitive Ear.

John Randolph, a past master of cutting invective, once, it is recalled, suppressed an opponent in congress by a similar comment on a slip in pronunciation. "I pass by the gentleman's errors in chronology," he said, "his misquotations, his faulty logic, his enunciations reading of history, but—turning on his adversary—"for God's sake stop it!"—assess!"

Irresolution to Be Pitied.

There is nothing more pitiable in the world than an irresolute man, oscillating between two feelings, who would willingly unite the two, and who does not perceive that nothing can unite the two.—Goethe.

The Opportunity.

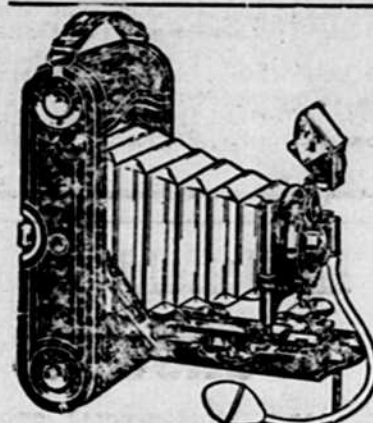

"Here's a new sect started that claims it can cure ill by the laying on of hands."

"I wish it would give demonstrations on the small boy."

Cliff Island

Aucoisco House.

Mrs. Batchelor is as usual entertaining a considerable number of guests at the well known Aucoisco House, and with new arrivals every day, is indeed a lively place. This hotel has always been very popular with Cliff Island summer visitors and the reasons are not hard to find when one considers its handy location to the wharf, postoffice and stores. Add to these the polite and careful attention given each guest at the hotel, combined with the most careful management, and one will readily understand why people return year after year to these hospitable doors. Some of the guests registered here are: Miss Madison G. Gunterman and Miss Jean D. Boag of New York; Professor and Mrs. H. P. Houghton and Miss Virginia Houghton of Amherst College, Amherst, Mass.; Mr. and Mrs. W. N. Smith of Baltimore, Md.; Mrs. W. B. Hill of Baltimore and Mrs. Wood and Miss Wood of Trenton, N. J.

Sunset House.

At this popular house things started with a rush last week. On Wednesday evening, the first "Hop" of the season on Cliff Island was enjoyed by a number of couples. Mrs. Wright had secured a most capable pianist from Portland who played so persuasively that one could not help but want to join in the dance and feel light hearted. The affair was greatly enjoyed by all present and it is to be hoped that this will be but one of many to be given during the summer. Some of the guests at the Sunset House are: Mr. George Genong, Mr. Chas. Guelcher and Mr. Lloyd Coleman of New York; Mr. and Mrs. Harry Ward of Allston, Mass., and Mr. and Mrs. W. P. Warren of Lawrence, Mass. Mr. Coleman and Mr. Guelcher are two fine baseball players, as was shown by the efficient services they rendered to the local team in their game with Bailey Island on Independence Day.

The Beachwood.

Mrs. Pettigill is very busy these days attending to the wants of her guests who are coming in a continuous stream. The Beachwood is making a name for itself as much by its bountiful table and general air of comfort as for its wholesome and homelike atmosphere. Among the guests to arrive the last week are: Mr. W. W. Gilest, who joined his son, Mr. Charles Gilest for a month's sojourn, and Mr. Talbot, a friend of Mr. Gilest's from New York. Other newcomers are: Miss Elizabeth Fox of Boston, Miss Gladys Barber, joining her mother, Mrs. John Barber, and Mrs. W. D. Buckner of Brooklyn.

Mrs. Charles Hunter of Phoenixville, Pa., arrived on Friday evening to occupy her cottage on Sunset road for the summer. With her is her daughter, Mrs. H. H. Gilkyson and Mr. Gilkyson. Mr. and Mrs. Gilkyson were married early in June and have just returned from their bridal tour. They are well known among the Cliff Island summer colony, as Mrs. Gilkyson, who was Miss Phoebe Hunter before her marriage, has been here for many seasons at her parents' home.

Miss Nellie F. Bennett returned on Friday to her "Shady Nook" cottage, after having spent four days in Boston.

Last Sunday afternoon the second of the weekly services of the summer was held at the Cliff Island church with Dr. H. F. Kloman of St. Stephens church in Portland officiating. It was a very successful meeting as a large number of the summer colony, as well as many of the island residents took the opportunity of enjoying the services. Each week on Sunday afternoon at four o'clock, these Union services will be held at the church and everyone is cordially invited to come. Pastors who may be visiting the island on their vacation, as well as those of local parishes, will be asked to address the meetings as in former years. It is safe to predict that before the summer is past, some of the foremost clergy in the country will be heard. This year also, Sunday school will be held at three o'clock in the church building for the many children on the island, and it is hoped that good results from the establishment of this school will be aided by a large attendance.

Mr. Charles P. Fiske of Auburndale, who has been sojourning a week at the family summer home "The Ledges", left Friday for Ridgeway, Penn. Mr. Fiske, who is a sophomore at the Massachusetts Institute of Technology, will spend the summer learning the business of the Boston Firebrick Company, with which his father is connected.

Mr. and Mrs. Norman Black are entertaining Mrs. Black's brother, Mr. Wm. B. Thurber of Providence, R. I., at their Cove cottage. Dr. D. C. Black left Saturday after having spent a delightful two weeks as a guest at the cottage. Dr. Black is a prominent dentist in Roxbury, Mass.

Mr. Asher F. Black and son, Mr. Norman Black, have brought down their motor boat, "Weona" from Portland and placed her in commission. The Weona is one of the best known motor boats hereabouts, and has carried many happy pleasure parties from Cliff Island to points about the Bay. She has been thoroughly overhauled during the winter and is now ready to give her owners more of the pleasure they have enjoyed in her, in past seasons.

On the Fourth of July, the local baseball crowd journeyed far from home to Bailey Island and watched two good games between the Bailey and Cliff Island teams. The first game which was played in the morning, was a hard one from start to finish, but was finally captured by the local boys to the tune of 11 to 10. After dinner they lined up again and this time the home team came back in full strength and won 16 to 11. The battery for the morning game for Cliff was C. Griffin—Spear, and for

the afternoon, Libby—L. Griffin. Both games were well played and proved quite exciting in parts, so that besides entertaining the crowd, they served the purpose of showing to the local fans that in their midst were the makings of a good ball team. Feeling convinced of this the boys have announced their intention of entering the Casco Bay League and competing for the pennant, which they as well as their loyal supporters strongly hope they will win.

Colonel Roderick D. Pearson, United States Army, is a guest, as is also Miss Helea Bentley of Williamsport, Pa., of Mr. and Mrs. R. A. Neely at the Chandler cottage. On Monday Mr. Neely went down to East Boothbay, his former summer home, and returned with his fine motor boat, Frances, which has been in storage during the winter. The Frances is one of the finest boats of its type in Casco Bay, being built on Navy-style lines, twenty-six feet long and run by a twenty h. p. engine. She develops excellent speed, and with her attractive lines and remarkable sea-worthy qualities is as nice a boat as one cares to see.

Mrs. John Carver of Germantown, Pa., has been occupying her delightful "Crow's Nest" cottage since the middle of June, where the Doctor will join her in August at the conclusion of his trip to Norway and Denmark, whence he sailed on June 13th. Visiting Mrs. Carver for the summer are Miss Mary A. Gilby of Germantown, and Mr. Haviland and the Misses Haviland of Brooklyn, N.Y. The Crow's Nest is built on a high bluff, and is totally surrounded by luxuriant trees, through which attractive glimpses of the bay may be obtained. On one side of the cottage are many beautiful elder bushes, that have at this season the berries in bright red bloom, and these attract great numbers of "Red Starts," song sparrows and silvery toned warblers. With these songsters, fluttering through neighboring bushes and filling the air with song, while the cool breezes from the Bay in the tree tops blow soft accompaniment, what more delightful spot could be found in which to spend a vacation?

Mr. and Mrs. A. P. Scull, Miss Eleanor Scull and Mr. A. P. Scull, 3rd, of Phoenixville, Pa., are occupying their "Cory" cottage which overlooks the bay, on Sunset road. They are entertaining for the summer, Miss E. B. Love of Beauford N. C.

Go to R. S. Davis Co., Portland, for exactly what you want for the cottage or home. Adv.

Some two hundred and eighteen people from the Deering District of Portland, spent the Fourth of July on Cliff Island. They arrived on the ten thirty boat and from that time until their departure, had the best time imaginable. They enjoyed a ball game and field events, and sat down to a most appetizing picnic dinner at noon.

Mr. F. E. Hersey and family arrived Wednesday to occupy their attractive new cottage on the south side. This is the Hersey's fifth season visit to Cliff and the fact that they have built a nice summer home proves their fondness for Casco Bay, as nothing else could.

The steamer "Island Belle" of the Peak's Island Ferry Company, has started her season, making her first trip Saturday. The company aim to give a first-class passenger and freight service between Portland and Cliff, long, and Peak's Islands, at a slightly lower figure than that charged by the other line. Their schedule is as follows: Week days: leave Portland, 8 a. m.-1.15 p. m.; leave Cliff, 9 a. m.-6 p. m.; Sundays, leave Portland, 9.30 a. m., 6 p. m.; leave Cliff, 10.30 a. m., 7 p. m.

An enterprise which deserves the support of every public spirited citizen of Cliff Island as well as of every loyal summer visitor who comes to her shores, is the Cliff Island Library club. At present their collection of books, numbering over one thousand volumes, of which 450 have been added within the last year, is in the building at the head of the wharf. These quarters are loaned for the purpose by Mrs. K. B. Batchelor, the president of the Club, and is in the building connected with the Aucoisco House. The collection includes, besides the more recent volumes of fiction, many works on history and art, so readers of various tastes will find here work of their liking. The library will be open to the public on Wednesday and Saturday afternoons during July and August, between the hours of three and six, and it is hoped that many persons will avail themselves of this opportunity to secure desirable reading matter free of charge at this convenient location. The library which was opened for the first time this season on last Saturday, now enters the fourth year of its existence.

LARGE CROWD ENTERTAINED HERE OVER THE FOURTH.

Busy Season in Progress with Guests Coming Daily.

This pretty hotel, under the able management of Mr. Fred A. Pierce, has lost none of its popularity with the travelling public, as may be evidenced by a glimpse at the hotel register. Situated so ideally on the neck of land at the extreme end of the peninsula, it commands a wonderful view of the lower bay with its rugged islands and the cooling sea-breezes, which sweep its porches continually, are a glad relief to the city dweller tired of the glaring heat of the town. It has always been a great place for people to come to on automobile or boat trips to enjoy a shore dinner, and this was conclusively shown by the large number of people who passed the Fourth in this manner. Over 75 guests were registered to spend this day and all went away after spending a most delightful afternoon in this way.

Mrs. L. E. Bora and her son, L. H. Bora, Jr., of Auburndale, Mass., have been registered here for the past week. They will probably remain for an extended sojourn as they have been greatly charmed with the place. Among the guests who are enjoy-

STRANGER TOURIST

While in Portland you will no doubt find it necessary to "go shopping" for some line or lines of goods.

If it is anything that may be usually found in an up-to-date Department Store, don't waste time and energy in looking around,—bring your want-list here. We'll fix you up satisfactorily, and at right prices. Anyone will point out the way to our store.

Come in yourself or order by mail. We have a good mail-order department.

ORTEOUS, MITCHELL & BRAUN CO.

The Ear of the business and social world is attuned to the sound of the "Bell."

If you would command the world's attention—RING!

"Be Sure You're Right, etc."

Ever notice what queer pranks in transposing figures your mind will play?

Take three numbers—1458, 4546, 6428, for example. Now dismiss them from your mind for a minute and then try to recall them.

How easily you wonder whether it wasn't "1648," or "1456" or "6248!"

That's one reason why telephone subscribers are asked to consult the directory before giving a number—because this peculiar psychological trait is almost certain to lead to "wrong number" calls.

Such calls are not merely an annoyance but an economic waste. They abuse the patience of the person thus needlessly disturbed; they consume (instead of save) the time of the caller; and they burden the Telephone Company with a double operating expense.

Another reason why the directory should be consulted is found in the fact that telephone numbers occasionally are changed.

If you take pains to ascertain the correct number desired, and then pronounce it distinctly, in 999 instances out of 1000 you will get the correct connection.

The New England Telephone and Telegraph Company is one link in the chain of the great "Bell System," and in the states of Maine, New Hampshire, Vermont and Massachusetts is connected with 420,000 telephones.

Hill Crest.

POPULAR CHEBEAQUE HOUSE ENTERTAINING MANY GUESTS.

First Dance of the Season Given Last Saturday.

The first of the large series of social events which has been planned this year by Prop. Charles Hamilton, took place last Saturday evening in the form of a Hop in the hotel Assembly Hall. Mr. Walter C. Rogers, the Master of Ceremonies at the Hill Crest this season, and a musician of more than local reputation, presided at the piano, and to his inspiring strains, a large number of the summer people glided over the polished floor. The hall was very tastefully decorated with ferns and spruce boughs, the credit for which is due Mrs. Charles W. Lombard, of W. Somerville, Mass., Miss Louise Green, Miss Grace Somers and Mr. Clarence Stone. Mrs. George F. Taft, Mrs. C. A. Rogers and Mrs. Charles W. Lombard kindly consented to act as chaperones, and much of the success which attended the dance was due to their kindly offices.

Last Sunday evening an impromptu musicale was given in the hotel parlor by some of the guests, and several numbers were rendered in a most artistic and finished manner. A piano solo was given by Mrs. Charles W. Lombard, of West Somerville, which was followed by a violin selection by Miss Blanche Leves, of Montreal. Mr. Walter C. Rogers presided at the piano and a most delightful evening was enjoyed.

Mr. and Mrs. George F. Taft, and

Miss Helen Taft, of Allston, Mass., arrived during the past week, for the season. They have been coming here regularly for many years and are firm admirers of Chebeague.

Mrs. H. L. Holmes, of Newton, Mass., with Miss Marjorie and Miss Doris Holmes, arrived for their annual outing on Wednesday of this week. They were accorded a warm welcome by their many friends among the summer residents, as they have always taken a prominent part in the summer life here.

Mr. and Mrs. C. A. Rogers, of Quincy, Mass., arrived last week for their vacation and will remain at this house for an indefinite sojourn.

A new piano has been installed in the music room at the hotel recently and the one which was formerly there has been moved into the Assembly Hall. The new piano is an Orchestra Grand and is manufactured by Stultz & Co.

An enjoyable occasion last Saturday evening was the charade party given at the new bungalow, recently built by Dr. James F. Albion near the North road. Mrs. Albion and Mrs. Hunt of Portland acted as judges of the proceedings, while the rest of the company were divided into two parties, headed by Dr. Albion and Miss Madeleine Hunt respectively, which took turns in acting out the syllables of words chosen by their sides. Dr. Albion created much laughter in the role of a railroad conductor, while Miss Hunt was especially clever imitating a young woman in search of a husband. The whole proceedings were the occasion of much fun for everyone, both those in the audience as well as on the stage. Very little preparation had been made for the entertainment and consequently very unexpected situations constantly arose during the acting. At the conclusion of the charade great amusement was furnished by the clever character work of Mrs. Hunt, who gave several original impersonations.

Manager Robbins announces that he has secured the Emeralds of Portland to try conclusions with the local team on the home grounds on Saturday afternoon. This is the team that twice defeated Chebeague on Independence Day, but the latter have secured the services of Spalding, the crack pitcher of Newton High, and so the result is likely to be very different from the former easy victory. The Chebeague team will shortly appear in new uniforms as samples are being considered, and the order is to receive immediate delivery. This will give them the proper atmosphere for championship ball and all the fans are waiting for the ball to start rolling towards a pennant for the home club.

Where Tourists Should Dine.

The Astor Cafe, Temple street, observed its first anniversary July 4th, and in honor of the occasion a full course turkey dinner was served that day. This cafe is considered by all the most popular place in this city, and especially with tourists, being equipped with private dining rooms for ladies. The furnishings and appointments are ideal and the whole atmosphere of the place is all one could wish. Tourists in the bay while shopping or visiting at Portland, are finding the Astor Cafe the desirable place for them to lunch or entertain their friends. Mr. Charles E. Rowe, the present manager, is a man of wide experience in the catering business, having catered many years in Massachusetts and knows the needs of his patrons.
