## REPUBLICANS SEEK \$92,000 FUND WITH \$2,500 SOUGHT IN KNOX COUNTY TO SUPPORT CAMPAIGNS

Paul Dillaway, chairman of the Knox County Republican Committee has announced that during the month of September all enrolled Republicans of Knox County will be asked to contribute to the 1959 Finance Drive for funds. Dillaway states that this operation is a part of a statewide campaign by which it is hoped a budget established by Fred Ayer, state chairman of the party and approved by the State Committee of \$92,000 will be raised. Knox County's share of this amount is \$2,500.

The County's share has been broken down into quotas for each town and on this basis each town organization will co-operate by personal solicitations. This year

the plan calls for the participation of every enrolled Republican if personal circumstances permit. Dillaway announced that Fred Bird of Rockland, Donald Fogg of Rockland and Col. John Wilson of Hope will act as co-chairmen of the Finance Drive and assist the town organizations whenever needed.

In conclusion, Dillaway stressed a matter possibly overlooked in the past that being if there are any enrolled Republicans in the County who are not members of any Republican Town Committee, but who would like to help the party with this drive, or who might be willing to help in other ways, that a warm welcome is assured them.

## GOVERNOR MUSKIE, FIRST OF FOUR ISLAND FERRIES, DELIVERED THURSDAY

The new Islesboro to Lincolnville Beach ferry, the Governor Muskie, docked at her Islesboro terminal at 5:30 p. m. Thursday. A violent electrical storm, which dropped a bolt of lightning just astern of the tug which towed her from Port Deposit, Md., greeted the sleek 119 foot craft. The Muskie is the first of four ferries which the Maine Port Authority will have in service on the bay by snowfall. The others will serve Vinalhaven and North Haven with the mainland terminal at Rockland. The fourth will run from Swans Island to McKinley on Mt. Desert.

The Muskie was some 12 hours ahead of schedule as Capt. Richard Spar of Rockland, port captain for the Penobscot Bay Ferry Service, had planned to dock her at dawn Friday. He reported that unusually calm was had let the tug, Port Jefferson, tow the ferry at a steady eight knots since leaving Port Deposit at 12:30 p. m. Monday.

Islesboro Town Manager Ellis Robby and Ferry Committee member Jesse Rollerson were on hand to greet the new vessel and were among the first to board her. Most of the island residents, both year around and summer, who could break away from other duties or engagements were at the pier to view their new connection with the mainland.

Capt. Stanwood Hineckley, who will command the Muskie, hardly had time to give his new charge a glance. He was too busy shuttling the 22 year old Governor Brann back and forth to the mainland in an effort to accommodate all who wanted to travel. Friday, he took time to inspect her from stem to stern and is pictured during the morning in the Muskie's wheelhouse. A veteran of the ferry service, he has served aboard the Brann since she was

## PORT O'ROCKLAND CORPS TO REACH SAN FRANCISCO TODAY ENROUTE TO VFW CONVENTION

The 36 corpsmen of the Port O'Rockland Junior Drum & Bugle Corps are in San Francisco today enroute to Los Angeles where they will arrive at 7 a. m. Sunday. They will enter into the difficult corps and color guard competition of the national convention of the Veterans of Foreign Wars Monday and Tuesday.

Clark, the Corps director Friday, said that everyone was enjoying good health and that the youngsters were taking in the sights and visiting several points of interest on the way.

The littiest of the corpsmen have been batted down nights in

the broad baggage racks of the air conditioned bus which is their night and day home for the trip across the nation. Air mattresses were taken along for this purpose. The others sleep in their reclining seats, designed for just that.

## Soil Conservation Subject Of New Stamp

Harold Watts of St. George, right, chairman of the Knox-Lincoln Soil Conservation District, was the first person at the Rockland Post Office to purchase the new Soil Conservation stamp Thursday morning. Postmaster James Connellan hands Watts 10 sheets of the new stamp at the general delivery window.

A new four cent stamp featuring soil conservation went on sale at the Rockland post office Thursday morning. It had been offered to the public the preceding day at Rapid City, S. D., where the annual meeting of the Soil Conservation Society of America was being held.

Soil conservation is promoted by the federal government nationwide with Earle T. Blodgett being the agent serving the Coastal Area. Edward Coffin of Ash Point is his assistant.

The stamp portrays a modern conservation farm, according to Earle T. Blodgett, Work Unit Conservationist of Rockland. Grasses in the rolling pasture, foreground, prevent soil erosion and conserve moisture. Grazing is regulated to favor growth of the best forage grasses.

A farm pond, lower right, provides water for domestic and livestock use, for fire protection, for wildlife, and for recreation such as fishing, swimming and boating.

Contour stripcropping and rotation systems, left and right center, include grasses and cultivated crops in alternating bands. The grassed strips catch and hold soil that may move out of cultivated strips during rainstorms, and they increase moisture insoak.

Trees and shrubs control erosion, provide a home for wildlife, and protect the farmstead from the hot winds of summer and the cold winds of winter.

Conservation farming, as depicted in the stamp, gives assurance of a plentiful supply of food and other products of the land for the seven-eighths of our people who live in town, symbolized in upper right.

## BANGOR INTERESTS CONSIDERING THE BRANN AS A PENOBSCOT RIVER EXCURSION BOAT

If negotiations materialize between a Rockland marine broker and a private concern in Bangor, the 85 foot ferry Governor Brann will be used as an excursion boat on the Penobscot River when she is retired from ferry service between Islesboro and Lincolnville Beach.

The ferry, which has plied between Islesboro and the mainland for 22 years without a major delay or accident, will soon be retired by the much larger ferry Governor Muskie. The new 119 foot, double end ferry was towed into Islesboro Thursday night by a tug from Port Deposit, Md.

Capt. Henry Gallant of Rockland, disclosed Friday that he has discussed plans with a concern in Bangor on Thursday for the purchase of the Governor Brann to be used as an excursion craft between the city and Bucksport.

Gallant noted that the purchase of the Governor Brann by the Bangor interests would be a good thing

## Mosher and Pound Called For Grid Drills At Maine

A Rockland player and several others from the Coastal Area are attending the summer basketball camp at Casco being conducted by the Boston Celtics' Bill Sharman and former Celtic Bob Donham. Some 100 teenagers from all over New England are attending the sessions which started Wednesday and last a week.

The Rockland player attending is Bob Brewer, a member of the Tiger varsity squad last year. Others from this area are: Alan Graffman and Dick Howe of Waldoboro; Timmy Race and Terry Campbell of Boothbay Harbor, all of whom are members of the varsity basketball squads of their respective schools.

Next Tuesday, two players from the area will join the University of Maine Black Bear football squad at Orono for early season practice. They are Arthur (Buddy) Mosher of Rockland and Dave Pound of Rockport.

Both won their numerals in Freshman football competition and were among the 52 invited back for early practice by head coach Harold Westerman. Mosher is currently enjoying a fine baseball season with the St. George baseball team, while Pound has spent part of the summer doing a marine reserve tour of duty.

Both participated in all sports during their high school days.

## Clippers Drop One To Townies

The Waldoboro Townies nipped the Thomaston Clippers 3-2 in the Knox-Lincoln Twilight League game played at Waldoboro Wednesday night. The loss virtually ends Thomaston's hopes of overtaking front running Damariscotta which now enjoys a three and a half game lead with only four to play.

Bobby Howe won it for the Townies in the fourth when he led off with a homer and the slim lead held to the end. Thomaston was held to only two hits by Billy Chase who was wild, walking eight but he always kept the Clippers from breaking through.

Waldoboro opened with two in the first when a walk was followed by the only Thomaston error of the night and singles by Howe and Freddy Burnham.

The Clippers knotted the count in the third. A walk, triple by Jim Mayo, and single by Freddy Upham did the damage, but thereafter the Clippers were held hitless by Chase.

Waldoboro had only four hits off Floyd Johnson, two of them by Bobby Howe.

## Clipper Victory Cuts Redlegs' League Lead

The Thomaston Clippers kept their pennant hopes alive with a tight 1-0 win over the league leading Damariscotta Redlegs at Thomaston Thursday night. The Clippers were held to only two hits by Dave Gaw. One was a solo home run over the left field fence by big Floyd Johnson leading off the fourth inning, and it proved to be enough.

Meanwhile, the Redlegs were getting four hits off Clipper pitcher Bob Tweedie. They were all singles and none were bunched. The league leaders threatened only in the fifth when they had two men on base with one out but were unable to come up with another single.

Darkness held the contest to six innings and each pitcher fanned six. A single by Gary Seavey was the only other Clipper hit. Don Bowman, Charlie Anderson, Jim Belknap and Howie Spencer had the Redlegs hit.

The win tightens the Twilight League race as it enters the final week of play. Damariscotta holds a two game lead over second place St. George with Thomaston two and a half out. An important game Sunday matches the latter two at Thomaston with the loser probably out of contention.

Standings:

	Won	Lost
Damariscotta	16	11
St. George	13	12
Thomaston	13	13
Waldoboro	11	17

## McConchie, Staples Tied In Tourney

Mrs. Irving McConchie and Miss Priscilla Staples were tied at 94 each for first prize in the 18 hole flag tourney held Thursday at the Rockland Country Club. Miss Madeline Philbrick captured first honors in the nine hole B division of the event.

Mrs. Charles Duff led the B group with the least putts with 20 and Miss Priscilla Noddin won the special prize.

The finals were reached in the first flight for the men's club championship by Al Emery, who defeated Joe Phillips 3 and 2; and by Bill Murgita who won over Charles Merritt 2 and 1.

The final 36 hole match between the two for the championship will probably be played late next week. Play in the No. 2 flight has been

super Friday night in spite of the rain.

The Sunbeam brought Rev. Arthur White and his family who will live in the Red House and Rev. Mr. White will supply the pulpit the two remaining Sundays before September.

Mrs. Dorothy Mitchell came by plane Sunday forenoon to spend the day with Mr. and Mrs. A. M. Ripley, returning by plane to Rockland after supper.

Christ Jesus' triumph over material laws of limitation established the supremacy of God's unchangeable law.

This is a theme to be set forth at Christian Science services Sunday in the Lesson-Sermon entitled "Christ Jesus". Included in the Bible references to be read is the account in John (6) of Jesus' feeding of five thousand men with five loaves and two fishes.

From "Science and Health with Key to the Scriptures" by Mary Baker Eddy the following will be read (273:21-26): "God never ordained a material law to annul the spiritual law. If there were such a material law, it would oppose the supremacy of Spirit, God, and impugne the wisdom of the creator. Jesus walked on the waves, fed the multitude, healed the sick, and raised the dead in direct opposition to material laws."

The Golden Text is from John (3:16): "God so loved the world, that he gave his only begotten Son, that whosoever believeth in him should not perish, but have everlasting life."

### GOODWILL AT AN AGE WHEN IT COUNTS

The leaders of Troop 206 of Boy Scouts are to be praised for the goodwill trip on which they took their charges and lads from other troops to Yarmouth, Nova Scotia last weekend. The result of the local boys spending two days with their Canadian counterparts can only be good.

Maine's contacts with Nova Scotia and New Brunswick are becoming ever closer through fisheries and travel by the people of both countries across the border. This step by the Scouts to bind the people of Maine and the Maritimes more closely is a proper and fitting one.

We assure the Canadian lads and their leaders that everything will be done next summer to make their visit to Rockland as pleasant as was the trip of our boys to Yarmouth.

## Municipal Court

Raymond J. Littlehale, 54, of Warren was brought into Municipal Court Friday morning on charges of malicious mischief and breaking and entering, with intent to commit a felony.

His wife, Mrs. Gladys Littlehale, testified that he broke the locks of three doors in her apartment Aug. 14 in Thomaston, forced his way in and threatened her life and the lives of their children. The property is owned by Mrs. Arlene Harriman of Thomaston.

Littlehale was found guilty of malicious mischief and was told to return to court Oct. 20 when sentence will be imposed. He was released on \$200 personal recognizance. The other charge was dismissed on the grounds that it was faulty. Judge Christy C. Adams said.

Murray A. Larrabee, 20, of 33 Tea street, Rockland, paid a \$20 fine after pleading guilty to speeding 50 miles an hour in a 30 mile zone on Camden street in Rockland Aug. 27. Rockland Police clocked him.

Steve H. Greenfield, 18, of Lynn, Mass., entered a plea of guilty to speeding 50 miles an hour in a 25 mile zone. State Police stopped him Aug. 15 on Route 1 in Thomaston. Sentence was continued to Sept. 2.

A fine of \$10 was levied on Richard H. DeRaps of Hancock after he pleaded guilty to speeding 60 miles an hour in a 50 mile zone Aug. 7 on Route 1 in Camden. State Police were the complainants.

Anthonny M. Haag, 21, of Pleasant Point paid a \$25 fine after he pleaded guilty Aug. 21 to operating a vehicle with excessive noise. Rockland Police stopped him on Main street in Rockland Aug. 20.

Richard W. Fowler, 29, of North Ridgeville, Ohio, pleaded not guilty to operating a vehicle after his license was suspended. Judge Christy C. Adams filed the complaint and explained that the only reason he did so was due to the fact that Fowler was assessed two other fines in court recently.

Fowler was found guilty of drunken driving in court Aug. 26 and was ordered to pay \$125 fine. His appeal to the October term of Knox Superior Court was noted and he was released on \$250 bond. State Police, who lodged both complaints, arrested him Aug. 20 on Route 131 in Warren. Fowler's right to drive was suspended by the Secretary of State Sept. 19, 1958, for failing to comply with the financial responsibility law.

He was arraigned recently on a charge of having short claims in his possession and paid a \$10 fine.

A 11 year old Rockland lad, who was arrested by Rockland Police for breaking, entering and larceny, faced Judge Adams in court again. The charges had been continued from Aug. 14.

Police charged him with stealing seven hamsters, valued at \$8.75 from Ken's Pet Shop, owned by Kenneth Thomas in Rockland Aug. 3 and removing \$15.83 in cash from Stanley's Garage, owned by Alden Stanley in Rockland July 28.

After listening to a report on the progress of the child, Judge Adams continued the complaints again to Sept. 29 and released the boy in the custody of his mother.

Roland A. Heal, 38, of Lincolnville paid a fine of \$100 after pleading guilty to operating after revocation on John street in Camden July 31.

State Police, who lodged the complaint, stated that Heal's license was revoked by the Secretary of State Oct. 23, 1950 after he was found guilty of drunken driving.

#### Business As Usual At C-D Center

August is considered by most people to be a good month to go on a vacation. However, at Knox County Civil Defense Control Center, the good word is—business as usual.

Some members of Knox County C-D have had to be away for various reasons—summer college courses, blueberry harvesting, etc.—but their places have been temporarily filled by other volunteers.

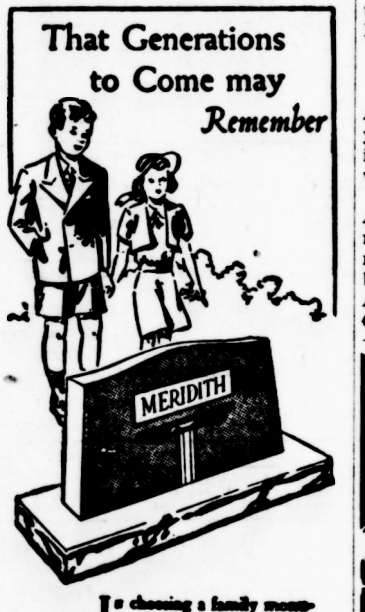

This week Knox C-D activities have been stepped up. Monday evening a group of new volunteers had photographs taken for their C-D identity cards. Last evening, Dr. Karl S. Woodcock of the State C-D Staff, presented advanced instruction on plotting a fallout pattern, to a group of Knox County Radiological Defense personnel.

Plans are being made for presenting a course in Radiological Defense Monitoring next month. Courses on C-D Organization, and other subjects, are being planned for the following months.

#### Scouts Guests Of Canadians At Yarmouth

Scouts from the County are shown in a snapshot in the main lounge of the Bluenose enroute to Yarmouth a week ago. Clockwise, they are: Steven Gifford, Bryan Harden, Mark Goodrich, Ernest Harrington, Gregg Boetch, Billy Butler, Dennis Simmons, Don Johnson, Steve Flanagan, Ricky Harden and Richard Sallinen.

Eighteen Rockland Boy Scouts went on an international camping trip over the past weekend to mark the first occasion in which local Scouts have crossed the Canadian border to officially visit in Nova Scotia.

The group, which had 11 boys from Troop 206 and seven others representing other troops, was led by the 206 Scoutmaster, Wilpas Sallinen.

In the group were 11 boys from Troop 206 of the Rockland Congregational Church. They were accompanied by boys from Troops 202, 203 and 243 of Rockland and Troop 200 of Camden to make a total of 18. Leading the group was Scoutmaster Wilpas Sallinen, Assistant Scoutmaster Elmo Crozier and Troop Committeeman Fred Harden, Jr., all of Troop 206. In addition, several parents made the trip. Included were: Mrs. William Butler, Mrs. Mildred Sikorski, Mrs. Frank Elliott, Mr. and Mrs. Bernard Gray and Mrs. Wilpas Sallinen.

The party got off to a 4:20 a. m. start from Rockland Saturday morning and was in Bar Harbor by 6 o'clock to clear customs and board the ferry Bluenose in ample time for the 8 o'clock sailing for Yarmouth.

At Yarmouth, weeks of planning for the weekend between Canadian and Rockland troop leaders paid off. When the Bluenose docked, Commissioner William Bishop and Pack Master Richard Filiatier of the Canadian Boy Scouts met the American party.

A Rockland firm, the Boston & Rockland Transportation Company, which does business in Nova Scotia, had a truck at the dock waiting for the boys and took them on the seven mile trip to the camp site at Sunday Lake outside Yarmouth. The Canadians had quarters ready in an activities hall and the visitors and Canadian lads were paired off in groups of six to make up patrols. Each group prepared its own meals and soon became friends to the point where they were swapping patrol patches and other equipment to the point where it was difficult to tell American from Canadian Scouts by their uniforms.

#### Morrill Has Job Ahead To Whip Up Grid Squad

Coach Bob Morrill reports that his young and largely inexperienced football squad is going through morning and afternoon workouts daily and engaged in light dummy scrimmages both Thursday and Friday.

The best attended practice session is in the morning when 30, on an average, turn out. The afternoon session is somewhat less well attended Morrill said. He stressed that prospective members of the squad must report for sessions next week as only three weeks remain before the opening game with Lisbon High on Sept. 12.

Morrill is faced with the task of building an entire line from end to end, plus a whole backfield. Only four players with much experience are back from last year.

As August draws to a close, it is becoming evident that continuing low prices for poultry and eggs are gradually bringing about a change in the thinking of many a poultryman. The industry has long resisted government controls, but farmers who once would have voted an emphatic no, are beginning to change their thinking. After all, most of us realize that we cannot keep on in business without better prices for eggs, fowl, and broilers.

Many a poultry farmer would gladly join in a self-control movement, but we know well enough that such a move would not work. A general decrease in flock size among the farmers large enough to improve prices would soon serve as a magnet to draw in new operators and we would be back where we started. Removal of subsidies on grain could conceivably lower the price of poultry feed and increase profit margin for the farmer, but that would also be temporary.

Now it is up to the poultrymen throughout the country to begin to study this piece of legislation. It is not something that deserves a casual reading and snap judgment. Poultrymen wishing a copy of this bill can get one by writing to any member of the Maine Congressional delegation.

In this talk last Thursday night at the meeting of the Independent Egg Producers' Association of Maine, President Charles Hudson of West Rockport told the members that he is planning to call monthly meetings of the organization. The proposed legislation will certainly be one of the major topics for discussion. Write to your congressman or Senator today for your copy of the bill and come to the next meeting prepared to take part in the discussion.

I want to say a word about Alvan W. Manchester of Orono, a

fine gentleman and a good friend of mine and many other farmers throughout Maine. Mr. Manchester retired July 1 as Maine Extension economist. Quoting Gil Jaeger, county agent, Mr. Manchester's retirement came after devoting more than half a century to the betterment of agriculture.

Farmers always looked forward to receiving Mr. Manchester's monthly report. They not only knew that it was the work of an expert of long experience, but they also knew that Mr. Manchester would strike a note of optimism whenever possible. His surveys were always complete and egg producers always found something of interest in every issue.

Lewis E. Clark of Orono, farm management specialist succeeds Mr. Manchester.

## MUSICAL NOTES

Hugh M. Bonner

Kurt Kamp

The Brunswick Summer Playhouse in winding up its highly successful first season in a burst of glory. "Show Boat," the beloved American musical by Jerome Kern and Oscar Hammerstein 2nd, is delighting packed houses with its beautiful melodies, sung by an all-professional cast. It will continue through next week, with the finale of the season on Saturday, Sept. 5. Evening performances begin at 8:30 with Wednesday and Saturday matinees at 2:30.

Lawrence Brooks, who has proved his versatility in a number of varied roles at the Playhouse this season, is cast as Gaylord Ravenal, the dashing riverboat gambler, and once more turns in a superb performance. Julie is played by lovely Virginia Oswald, her rendition of "Bill" was one of the highlights of "Show Boat." Janet Pavek who scored in her Playhouse debut last week as the winsome Rosabella in "The Most Happy Fella" is currently singing the "Show Boat" lead of Magnolia, and is certainly singing her way into the hearts of Maine audiences.

"Show Boat" is a portrayal of life along the Mississippi with a traveling theatrical troupe. The love story of Magnolia and Ravenal has become an American Classic. Highlighting the current production are two singers from the world-famous "Porgy and Bess" company which toured 39 countries in Europe and South America. Le-Vern Hutcherson, as Joe, has been thrilling Playhouse audiences with his unforgettable rendition of "Ol' Man River," and Rhoda Boggs is cast as the jovial Queenie. These two just about "stole" the show Monday evening, the audience demanding encores from these two

stars. Their two voices add immeasurably to the richness of music which has done so much to bring fame to the Brunswick Summer Playhouse this season.

Edward Grace, consistently popular with Playhouse audiences, has perhaps his best role to date as Captain Andy, owner of the show boat, and father of Magnolia. Dorothy Kahl and Ian Guthrie as Schultz and Schultz singing and dancing "Goodbye My Lady Love" were warmly received, and rightly so.

Every night, happy audiences have left the theatre humming their favorite melodies from this lavish, tune-filled production. Among the well-remembered hits from "Show Boat" are "Only Make Believe," "Why Do I Love You?", "Can't Help Lovin' Dat Man" and "Bill".

"Show Boat", with the present company will move on to Pennsylvania at the end of the Brunswick season. Producer Victoria Crandall is taking the troupe there for a two-week run at the Pocono Playhouse in Mountainhome.

Now for the good news. Plans for an exciting new series of Broadway musicals are already underway for next season. The Brunswick Summer Playhouse will present seven different Broadway musical hits over a 10 week period next year. Don't wait until next year, there is still time to see "Show Boat", after seeing and hearing this production, I'm sure you will feel like so many of this year's patrons, truly Miss Crandall has brought Broadway to Maine; and we all wait her return next season when I'm sure we will see a lot of familiar faces again at the Brunswick Summer Playhouse.
