WHITE NUBUCK PUMP \$1.95

Yes—

We certainly could call it a Bargain—but that word has been so over worked and, what's more, over estimated that we hate to use it.

Usually Bargains are what the merchant wants to be rid of. Consequently there's always a "string attached" in the way of odd sizes, old styles, etc. A bargain for him to sell—but for you to buy—well, it's sometimes a question.

But there certainly isn't any question about selling a White Nubuck Pump for \$1.95. Yes—and Goodyear Weltsed at that—would easily sell in any store for \$3.00. But we've "Got to get Acquainted" hence this remarkable value.

Lots of stores in town sell shoes, but there's only one store that can sell a Woman's Genuine Nubuck Pump, Goodyear Weltsed, for \$1.95, and that's

President Taft will be officially notified of his nomination at the White House Aug. 1.

William F. McCombs of New York, Gov. Woodrow Wilson's choice, was elected chairman of the Democratic national committee and was em-

powered to appoint a committee of not fewer than nine members to take active charge of the Democratic Presidential nominee's campaign.

Judge Hurley attended a meeting of the Democratic state committee in Augusta last week. Apparently the Democrats are not certain about carrying Maine as they have been boasting since Wilson's nomination.

For they decided that Hon. D. J. McClelland, Hon. Samuel W. Gould, Hon. Obadiah Gardner and Hon. Chas. Johnson should take the stump in the coming campaign. An invitation has been extended to Governor Woodrow Wilson, the Presidential nominee, and it is also expected to have a large number of Congressional speakers.

Hadley, who was the Roosevelt floor leader at the Chicago convention, in an authorized statement declares emphatically he will not support Roosevelt electors if they are put up in Missouri. He states, however, that he is opposed to any rule of prosecution which would drive from the Republican party those who would vote for Roosevelt electors if any are nominated and who would support the Republican state and local tickets. Close friends of Gov. Hadley say his opposition to the formation of the third party not only will not be passing out but will extend to his national organization as well as in his state.

The National Prohibition convention at Atlantic City last week renominated the party standard bearers of four years ago—Eugene W. Chaffin of Arizona for President, and Aaron S. Watkins of Ohio for Vice President. In each case the nomination was made by acclamation after a single ballot had indicated the preference of the delegates. Four candidates for President were placed in nomination against Mr. Chaffin. They were F. W. Emerson of California; Finley C. Hendrickson of Maryland; Aaron S. Watkins of Ohio, and Andrew Jackson Houston of Texas. Each in turn withdrew his name after the first ballot.

Last week there appeared in the newspapers the following despatch from Sea Girt, N. J.:

"Governor Wilson reached here Wednesday night from Atlantic City. At his summer home he found Senator Gardner of Maine awaiting him. The Governor discussed the general political situation and was given the Senator's assurance that Maine would be found still in the Democratic ranks on election day. The chairmanship and the general plan of campaign were also discussed. Senator Gardner asked Governor Wilson to speak in Maine and promised him a cordial reception there. The Governor told him that he would carefully consider the request in making out his campaign plans if he should decide to make a campaign tour."

This Winter

Here are four new views of Oakland Park, recently caught by the camera. The picture in the upper left hand corner shows the dam of the Frog Pond, a popular promenade across which many thousands pass in the course of a season on their pilgrimage to crystal spring over beneath the birches. It was necessary to repair this dam early in the season, and scanty rains have not been sufficient to fill the pond, as the management had hoped. But in it there is enough water to satisfy the frogs, which have shown their gratitude by a series of nightly concerts. Another season, when the pond is filled Manager Hawken will add certain aquatic sports to the increasing charms of the Park. The upper right hand corner shows the newest attraction. It is called the children's slide, but the title is a misnomer, for the juveniles get precious little chance to enjoy its pleasures when there is a party of adult picnickers in the Park. Mothers slide down the waxed way with babes in their arms, fathers shoot the chute with pipes in their mouths, and the summer girls make the descent with reckless disregard of the battery of admiring eyes focussed upon them. "Children's slide!" Perish the idea.—In the lower left hand corner is shown the artistic new entrance conceived during the winter months by Architect Hawken, and built in the spring days by his skilled workmen. The towers are surmounted by cupola arrangements in which there gleam at night clusters of incandescent lights. Have you noticed embedded in the right-hand tower a woman's face? This interesting relic came from a Massachusetts conflagration back in the eighties, and has been treasured by Manager Hawken for some such purpose as this. It is the only stony female countenance that you will find at Oakland Park these happy days.—The picture in the lower right hand corner shows children seated on one of the settles which forms part of the new entrance. These seats are decidedly popular when you are awaiting the arrival of the Park car. Remember that these Oakland views are merely an index to the series of delightful surprises awaiting the patrons of the finest playground in Maine.

## Camden's New Club House

Cyrus H. K. Curtis, Well Known Philadelphia Publisher  
Provides a Delightful Home for Yachtsmen.

The finest institution of its kind on the Maine coast, and one of the best in New England is the new home of the Camden Yacht Club, built by Cyrus H. K. Curtis, the millionaire publisher, at a cost of about \$80,000. Yachtsmen who have enjoyed its shelter thus far this season are unstinted in their praise of the new

lime sheds and kilns that were an eyesore to everyone, purchased of the Rockland & Rockport Lime Co. the lime kiln property east of Bay View street.

Here during the past nine months has taken place a transformation. The old wharves have been entirely rebuilt, the old kilns torn down and

the wharf is the open space for stands for autos and teams. All the rest of the grounds aside from the wharf proper are nicely graded and has been sown to grass. On the high ground above the terrace and next to the street will be the tennis court which is not quite finished yet.

The permanency of the building and grounds is best shown by the method of construction. Along the front of the wharf where the front of the club house now stands was constructed a solid cement bulkhead and the same on the south side. In behind this bulkhead was filled the rock harbor came from bay and islands and then a solid cement wall was built as a foundation wall for the club

house proper and inside of this wall are solid rocks and cement making a foundation as solid and enduring as the Camden hills.

The club house is very attractive in architecture, and a broad veranda extends around three sides, the floor of this veranda being cement. Over the main entrance is a pretty little balcony and it extends a few feet also inside of the main room with a double flight of stairs leading to it. From this front balcony is a view that cannot be excelled along the whole coast. On one side the outlook is toward the outer harbor with the bay and islands beyond, while on the other side, one looks over the picturesque little inner harbor with our village and the beautiful Camden mountains for a background.

The main room in the club house is 30x45 with an alcove used as a writing room. In the very center and just opposite the balcony is an old fashioned fireplace. Back of the main room and conveniently connecting are three smaller rooms, the ladies' room on the south side with a toilet room connecting, the men's room on the north side with shower bath and toilet and between these a large and convenient kitchen. The kitchen is well provided with dishes and a range so that on special occasions meals could be served and tea and coffee are served afternoons to

those who wish. The main room is finished up to the roof making it airy and the staining is in restful and harmonious colors.

The furnishings of the building are in rare taste, tables and many of the chairs in mission style. An important feature is a handsome upright piano. The floors are of hard wood and well provided with elegant rugs. The ladies' room is particularly attractive and tasty. The whole atmosphere of the interior reminds one of the beautiful cottage home and it is the wish of the club that all who frequent the club house will experience this home-like feeling. A stenographer, Miss Bowden, is in daily attendance on the opening of the club house for the convenience of members and guests. The club house

and grounds are in charge of the janitor, Arthur Wagner.

While we have no way of knowing the cost of this property it has been variously estimated to be from \$60,000 to \$75,000.

John Calvin Stevens of Portland was the architect. The beauty and convenience of the building is sufficient testimony to his taste and ability. The entire work of construction and grading was in charge of Contractor C. P. Brown of this place and he has turned out a job of thorough workmanship of which he may well feel proud. Naturally the opening of such a fine club house has greatly stimulated the membership of the Camden Yacht Club and over 40 have joined since the season opened a large proportion being Camden residents. The membership is now over 100.

The following are the officers of the club: Commodore, Cyrus H. K. Curtis; Vice Commodore, E. E. Conway; secretary and clerk, J. H. Ogier; treasurer, T. J. French; directors, the Commodore, Vice Commodore, F. H. Dillingham, W. J. Curtis and George B. Phelps; Messrs. W. S. Bartlett, Regatta Committee, W. J. Curtis, Jr., Chauncey Keep, Carter Phelps, Committee on Admission, Dr. F. Forchheimer, C. P. Brown, E. J. Wardwell.

House Committee, George B. Phelps, J. H. Ogier, C. T. Gallagher.

New Home of Camden Yacht Club

club house, and Camden's fame as a yachting center has increased immeasurably. For the accompanying description we are indebted to the Camden Herald, and for the cut we return thanks to the Camden Real Estate Co., which is making use of it in a catalogue descriptive of Camden properties.

It is impossible says the Herald, to include in this picture the whole property and the beautiful grounds surrounding the house nor can we give an idea of the beautiful and tasty interior. There is nothing better, however, along the entire New England coast and the club and the town feel justly proud of it. That this elegant club house and property is now for use of the Camden Yacht Club is due entirely to the public spirit and generosity of the Commodore, Cyrus H. K. Curtis, one of our best known summer residents who has a summer home on the Beachcamp shore near the golf links.

For two years Mr. Curtis has been interested in our yacht club having permanent and convenient quarters and with that idea in view a year ago last spring he purchased the Carleton wharf next south of the Whitmore wharf where the Club had leased a place since its organization six years ago. After he bought the Carleton property Mr. Curtis, with the double purpose of obtaining still larger quarters and also of removing the old

the banking graded down into a pretty terrace. It has all meant an immense amount of work and a big crew of men have been at work practically all winter.

The result is even better than was anticipated and at the very entrance to our inner harbor is a spot that before was a blot upon the scenery but now an exceptionally attractive place.

Mr. Curtis owns the property and leases it to the Yacht Club on merely nominal terms. Is it any wonder that members of the Camden Yacht Club and the people of Camden feel a debt of gratitude to Mr. Curtis that they can never repay? It marks the biggest step yet made by our town in its development as a summer resort.

A few words descriptive of the buildings and grounds. The entire wharf frontage is about 275 feet. There are two buildings, the main club house about 62x72 feet and the building on the northern boundary 24x88 feet. This latter building serves a threefold purpose. The front end provides a room for the captains with a toilet adjoining; back of this is a room for private lockers which are let by the season to members and the western end of the building is reserved by Mr. Curtis for his private use for storage purposes.

Opposite this building is a recess in the wharf and here are located two large floats one for the use of employees and the other for the use of

Roscoe G. Ingraham, who has dealt in band instruments these many years, went a step beyond that vocation recently when he found a purchaser for a violin of the Stradivarius model. The instrument was purchased by a New York woman for \$300.

Special Officer Fernald is on the Northend beat while Patrolman Philbrook is having his vacation.

There will be no further meetings of Edwin Laby Post G. A. R., until the first Friday in September.

A new veranda and concrete walks are noticeable improvements to the Farwell premises on Lindsey street.

Mrs. Irving Smith of New York will sing for the offertory at St. Peter's church Sunday morning. "Hold Thou My Hands," by Kirchner.

Members of the Eastern Star Circle will picnic at Oakland Tuesday afternoon, July 23. Husbands are invited to supper at 6 o'clock. Take dishes.

Gray, the Rockport pond lily king, is dispensing fragrant blossoms along Main street, on which he has been a very familiar figure for 30 seasons. Mr. Gray also has generous patronage at the Sages.

Dr. Thomas L. McBeath and wife, graduate physicians and osteopaths, have taken the lower flat, Sprague building, Postoffice Square, and will begin the practice of their profession there about Aug. 1st.

The Ripley excursion to Matinecock, which was postponed on account of bad weather last Sunday, takes place next Sunday, July 21. Steamer Putnam leaving Tillson wharf at 8 o'clock, returning before dark.

Tinker mackerel, once so delicious by far than their big brothers, have been in the market this week, finding eager purchasers. Numerous schools of mackerel have made their appearance along the Maine coast within a few days.

J. B. Keene of Rockville reports a fine hay crop in his locality, but there is considerable difficulty in harvesting it on account of the weather and lack of help. During the last six months Mr. Keene has sold to local buyers of loose hay at the rate of \$16 per ton.

The Saturday game in the Knox Trolley League will be at Camden—Thomaston vs. Camden-Rockport Y. M. C. A. Next Tuesday at Oakland, Thomaston will undertake to revenge itself against the Street Railway.

At Grand Army hall may be seen an interesting relic of the battleship Maine, in the form of a powder tank cover, weighing 13 pounds. It is inscribed with the name of the ship, and which was its resting place for nearly 14 years.

F. A. Sherer, West Meadow road, has 200 hills of squash plants, the leaves of which are as large over as the top of a bucket. He is growing them under contract for Hart's canning factory, and if there is a finer patch in Knox county this paper hasn't heard about it.

An examination for state certificates of superintendents of schools will be given under the direction of the State Superintendent of Schools at the State House, Augusta, on Friday, July 26. Candidates should apply to the State Superintendent for preliminary blanks and directions.

Harry A. Thompson, treasurer of the Moxie company, was in the city Thursday in his steam yacht. His family is spending the summer at Friendship. Mr. Thompson is a son of the late Dr. Thompson of Union, who discovered the famous beverage. L. St. John, who drives the well known Moxie motor wagon, has also been here the past week, covering many miles of Knox county roads.

One of the freaks connected with Tuesday afternoon's electrical storm was a violent squall which swept over Cribhaven, blowing a hatch from the deck of the steamer W. G. Butman, and sending that craft so gray that it was necessary to pull her away from the wharf. At Matinecock there was no gale to speak of, and had there been it could have done little harm in that well-protected harbor. Cribhaven also needs a breakwater.

The Knox County Board of Underwriters held its annual meeting and banquet Wednesday at Owl's Head Inn. Eleven members participated in the outing, and came home with looks of satisfaction adorning their countenances. Officers were elected as follows: George E. Allen, Camden, president; A. S. Baker, Rockland, vice president; H. H. Curdy, Rockland, secretary; H. N. McDougall, Rockland, treasurer.

State Horticulturist Albert K. Gardner received reports of a gypsy moth infestation at Rockport, which proved to be a false alarm. The summer residents, however, are much interested in protection from insect pests and a movement is being made for the protection of trees and shrubs in that vicinity. A power spray outfit will be purchased if sufficient money can be obtained. A public meeting is being talked of to which men conversant with the work in the state will be invited to attend.

Engineer Getchell's surveyors, who are mapping out the pole line on which the Central Maine Power Co. intends sending electrical jugs across the country for the R. T. & C. Street Railway, are now working in Union. Arthur B. Packard of Rockport has obtained options for the Power Company nearly as far as Washington, and other parties are securing options on the Augusta end. The pole line will extend over private property nearly the entire distance.

Have you tried Meservey's famous Peach Ice Cream? It is made from the ripe Georgia Peach.

If you want your friends to have an enjoyable time take them to Oakland Park. It will increase your friendship and give them an everlasting impression.

The Sears hose wagon has been repaired by Hall & Manson, and when delivered at headquarters on Spring street Wednesday, was found to be as good as new.

Hand organs and monkeys have added to the gaiety of Main street the past week. Groups of children gathered around them just as did the grandfathers and great grandfathers of those children more years ago. Some of the tunes were also the same that our forefathers heard.

The white moths which flutter so numerous around the electric light globes of nights fasten themselves to the poles of the light, where hundreds of them are promptly seized upon by English sparrows. Yet it was not so very long ago that folks looked upon English sparrows as nothing but a nuisance.

The first mid-week band concert of the season drew to Oakland Park Wednesday evening a crowd of more than 1500 persons. The Camden Concert Band, Mark L. Crockett leader, gave a very fine program, playing the new music of the day. Hawken states that these mid-week concerts will be continued through the height of the summer season.

The Sunday trips of the steamer Saut de Monts to Islesboro and Castine have been made more popular by the two trip arrangement. The steamer now leaves Maine Central wharf Sundays at 7 and 11:40 a. m., returning from Castine at 9:10 and 2:40. The fare is but 75 cents for the round trip, and a more delightful one would be hard to pick. The route is a most picturesque one among the islands of Penobscot Bay, and the steamer one of the finest of its class.

The extension of the Rockland & Rockport Lime Co.'s wharf at the Northend (better known as the Perry wharf) is in the hands of the well-known Woolwich contractor F. W. Carleton, who is taking every advantage of the good summer weather. The contract calls for 1000 piling, and 350 feet of stone wharf, together with 250 feet of trestle work in connection with the new wharfage of the Limerock Railroad. Maritime arrangements are nearly complete for snaking the big Perry store across the street, where a cellar and foundation are being prepared for it.

The season is now at its height at Old Orchard Beach, and the attractions never greater. Now is the time to enjoy the bathing and shore dinners. At this season summer people are attracted to this wonderful beach from all over the country. The arrangement of special train service from Rockland Sunday, July 21 will permit of Rockland people visiting this grand beach, spending the entire day, and returning to Rockland by the same train. Special cars from Camden will convey those who are desirous of taking advantage of the one day trip and low railroad fare.

John Thomas Blackwell, the famous negro pedestrian, reached Rockland Thursday on his return from Bangor whither he tramped from Tennessee, covering the distance of 1800 miles in six months. This would be much of a speed record, but "Uncle Tom" has been often called is 87 years old and does his walking stoutly leisurely. He has "hoofed" it all over this country and Canada, and making this trip because he wishes to see the old New England before he dies. Tom is a relic of the old slavery days. He served under three masters, and once fetched \$1800. He is highly intelligent and his talk would entertain any gathering. Folks are very kind to him along the road and he never lacks for food or shelter. When in the country he much prefers sleeping under trees. He is now homeward bound.

M. A. Johnson returned from Law Court this week, entirely pleased with the disposition of two important cases which he argued there. One was the case of William M. Kennedy, appellant, from the 2d degree of the Estate of Probate, and concerns the estate left by the late Capt. Peter Kennedy, valued according to some estimates as high as \$75,000. At the April term of court the evidence became of an unsavory character and the case was ordered to Law Court on report to see if such evidence is admissible and what its effect will be. The other case was the case of Commander Carl T. Vogel, who will be executive officer, and Lieutenant Commander Harry L. Brinser, who is to be chief engineer.

Crystal Spring water at Oakland Park is some of the best in the state. The spring flows about 250 gallons per hour and was never known to go dry.

Mrs. John Burgess pleasantly entertained friends at her home, 24 Ocean street, Wednesday afternoon and evening, in honor of Mr. and Mrs. Albert W. Merchant of New York. The gathering was a notable one from the fact that four groups of four generations each were included in the company. Photographer Harden and his camera were on hand early in the afternoon and several snapshots were made. A delicious supper was served from 6 to 7. Mr. Alrich a fine photograph of the occasion, under the direction of George Merchant, was much enjoyed by all, as was also the vocal chorus of old songs by the company which "Frank" Perry declared was better than the photograph. It remained for Asbra, however, to bring down the house with his inimitable rendering of the "Arkansas Traveler," with variations. All in all it was a most happy occasion for which pleasant memories will linger, not only with the guests of honor but all present, among whom were: Mrs. Clara Odiorne, Mrs. Francis Merchant, Mr. and Mrs. Albert Merchant and son Francis, Mr. and Mrs. George Merchant, Mrs. Margaret A. Perry, Mr. and Mrs. Byron I. Wilson and son Lisle, Miss Edna Bastick, Miss Anne M. Perry, Miss Oliver Perry, Miss Ethel Perry, Miss Nettie Martin, Mr. and Mrs. Asbra H. Burgess and son Everett and Mrs. Burgess.

## THE WYOMING IS HERE

Shares Honor With Arkansas of Being World's Largest Completed Battleship—Having Her Trials

The battleship Wyoming—sister to the Arkansas, recently tried her speed—arrived at 8 o'clock Thursday morning, and was put in condition for her standardization trial, which was in progress when this paper went to press.

The superdreadnought was given an anchorage close to the Breakwater, where she was an object of much interest to hundreds along the waterfront and the guests at the Samoset.

The ship was built by William Cramp & Sons of Philadelphia and was accompanied to this port by the president of that corporation Henry S. Grove. His motor car was in waiting for him here, and after seeing that everything was hunky-dory he came ashore and went to the Samoset to spend the day.

The board of Inspection and Survey for ship, which has charge of the builders' acceptance trials, arrived on the Boston boat Thursday morning, and after breakfasting at the Thorndike were transferred to the battleship by the tug Portland, which is leased by the builders during the trials.

The trial board on this occasion is made up as follows: Capt. A. F. Fichteler, president; Commander T. J. Senn, recorder; Capt. C. S. Williams, Capt. W. Strother Smith, Capt. C. B. Brittain and Naval Constructors G. H. Rock.

The Wyoming was launched May 25, 1910, and has the following dimensions: Length over all, 562 feet, beam, 93 feet 5 inches, draft, 28 feet, 6 inches. The armament includes 12 12-inch guns and 21 5-inch guns, besides automatic guns, field pieces, machine guns and torpedo tubes. In commission she will carry 34 officers and 1030 enlisted men.

While differing widely from the Arkansas in general dimensions and armament, the Wyoming has propellers which are four inches larger in diameter, and these are expected to operate in her favor.

The Wyoming is manned by a crew of 600 men, selected from among the Cramps' 5000 employees. Capt. Lucien Tilton is navigating officer, and the engines are in charge of J. H. Mull. The ship's officers are represented by Vice President H. W. Hand and Chief Engineer J. F. Metten. Among the officials who are to figure prominently in the personnel of the Wyoming when she is in commission, and who are aboard today are Commander Carl T. Vogel, sang, who will be executive officer; and Lieutenant Commander Harry L. Brinser, who is to be chief engineer.

AT THE EMPIRE  
The Great Auto Race in Nihilist's Conspiracy at Empire Today.

Never before has there been shown in Rockland such an exciting scene as the great auto race for liberty in the special feature picture "A Nihilist's Conspiracy" secured at big expense for the Empire this Friday and Saturday. It is without question the greatest of all big features and bound to draw big crowds to the Empire. The scene near the finish where the Nihilist's machine crashes through a heavy gate tearing it into hundreds of pieces is one of the greatest and most exciting incidents ever shown and a scene that will be long remembered. This remarkable picture is enacted by the actors of the Royal Theatre, Copenhagen, is marked by the skill of the actors and the beautiful photographic effects. It is seldom that 3000 feet of film can be made to contain so many thrills or sustain interest to so high a pitch. Besides this great feature there are two more good dramatic and comedy reels which are also big features and well worth seeing, especially the comedy picture which is one of the best laughing comedies ever shown at the Empire for some time. Remember, three new big special features, every week at the Empire—the most expensive and costly pictures ever shown in Rockland enacted by the leading actors and actresses of the world. Every feature a scenic wonder, just come and be convinced that you never before seen anything like it. Hundreds of others have this week, why not you.

## DIED

## Rockland In War Times

City Council Offers a Bounty of \$55 in Addition to State Bounty, for Volunteers—Elections in Enrolled Militia Companies.

The progress of the Civil War, as especially relating to the interests of our own community, is set forth in this series of articles, reproduced from the Rockland Gazette files of the corresponding period in 1862.

Pursuant to a petition signed by a large number of citizens, desiring the mayor and aldermen to issue warrants for a general meeting of the legal voters of Rockland, to see whether they would instruct the city council to raise and offer a bounty to volunteers, notices were issued for such a

meeting, to be held at Phoenix hall. The feeling was general in the community that a liberal bounty should be offered to volunteers, and when the time for the meeting arrived, a large and enthusiastic gathering of citizens filled the hall. The meeting was called to order by the mayor, and Benjamin Litchfield, Jr., was called to preside. George W. White was chosen secretary.

The chairman read the call for the meeting and called for the action of the assembly upon the subject to consider which they had come to together. The mayor being called upon for information, presented the following

despatch from Gov. Washburn, which was read to the meeting:—

Augusta, July 17, 1862. To the Mayor: General order No. 22, this day issued, increases the state bounty to recruits in new regiments to \$45, and in old regiments to \$25. This change is rendered expedient in consequence of the recent action of towns in different parts of the state and in order to relieve such towns in part and to equalize the burden.

I. Washburn, Jr. L. W. Howe, being called upon, made some remarks expressive of the general desire of our citizens to offer generous and ready encouragement in promoting enlistments, and presented the following resolution:

"Resolved, That the City Council be instructed to raise and offer a bounty of \$55, in addition to the bounty offered by the state and nation, to every volunteer who may enlist on or before the 15th of August, 1862, and be mustered and received into the service of the United States, as a part of the city's quota, under the late call for 300,000 more troops."

The resolution was received with hearty applause and was unanimously adopted. Stirring and patriotic speeches were made by T. K. Osgood and Hon. N. A. Farwell, at the call of the meeting.

Judge M. W. Farwell said he had faith that Rockland would speedily raise her quota of volunteers, but that faith without works was of little value. He had already obtained eight volunteers, and intended to get two more as his share of the work.

It being suggested that if there are any present in the hall who intend to volunteer, they be invited to come forward and leave their names. Robert Anderson, late of the Commercial House and Dr. J. V. M. Higgins, dentist, came forward and gave in their names.

Thus Rockland is again prompt and earnest in responding to the call of the country. Our city has already more than enough men into the service to fill her full quota of all the troops that have been called for, including the 300,000 now to be raised, and we believe that her present quota of 80 volunteers will be ready to answer the call of the government in two or three weeks. Each soldier enlisting in Rockland, in a new regiment, will receive on being mustered into service of the United States, the following sums: City bounty, \$55; state bounty, \$45; United States bounty, \$25; one month's pay, \$13; sum paid for each recruit, \$2; total, \$140.

If he enlists in an old regiment, the state bounty will be \$25, making the whole amount \$150. Let the work be pushed forward vigorously, that our gallant army may be speedily reinforced and enabled to give the final blow to the rebellion and put a speedy end to the war.

The several companies of enrolled militia in this city have organized and held their elections of commissioned officers this week. The meetings have been full and in some cases there has been a spirited but good-natured competition for the several offices. The following is a list of the officers elected in the respective companies:

Company A: Captain, Michael A. Achorn; First Lieut., R. H. Haveren; Second Lieut., Josiah T. Sheerer; Third Lieut., Leonard Green; Fourth Lieut., Joel Thomas.

Company B: Capt., B. B. Bean; First Lieut., James H. Elwell; Second Lieut., A. E. Hewett; Third Lieut., J. G. Farnham; Fourth Lieut., C. M. Davis.

Company C: Capt., C. S. Crockett; First Lieut., C. N. Bean; Second Lieut., T. E. Simonton; Third Lieut., Ephraim Gay; Fourth Lieut., A. G. Hunt.

Company D: Capt., William Adams; First Lieut., J. M. Brown; Second Lieut., Nathaniel Jones; Third Lieut., E. E. Wortman; Fourth Lieut., Walter Tolman.

Company E: Capt., T. K. Osgood; First Lieut., J. R. Richardson; Second Lieut., George W. Berry; Third Lieut., A. W. Perry; Fourth Lieut., O. G. Hall.

Company F: Capt., John T. Berry.

## SEVEN YEARS OF MISERY

How Mrs. Bethune was Restored to Health by Lydia E. Pinkham's Vegetable Compound.

Sikeston, Mo. — "For seven years I suffered everything. I was in bed for four or five days at a time every month, and so weak I could hardly walk. I had cramps, backache and headache, and was so nervous and weak that I dreaded to see anyone or have anyone move in the room. The doctors gave me medicine to ease me at those times, and said that I ought to have an operation. I would not listen to that, and when a friend of my husband's told him about Lydia E. Pinkham's Vegetable Compound and what it had done for her, I took the picture of health and feel like it, too. I can do all my own housework, work in the garden and entertain company and enjoy them, and can walk as far as any ordinary woman, any day in the week. I wish I could talk to every suffering woman and girl, and tell them what Lydia E. Pinkham's Vegetable Compound has done for me."—Mrs. DEMA BETHUNE, Sikeston, Mo.

Remember, the remedy which did this was Lydia E. Pinkham's Vegetable Compound.

It has helped thousands of women who have been troubled with displacements, inflammation, ulceration, tumors, irregularities, periodic pains, backache, that bearing, indigestion, and nervous prostration, after all other means have failed. Why don't you try it?

2d: First Lieut., Albert Sayward; Second Lieut., John H. Ingraham; Third Lieut., Henry Flint; Fourth Lieut., Eli P. Hall.

Company G: Capt., John Bird, Jr.; First Lieut., O. P. Tolman; Second Lieut., T. E. Simonton; Third Lieut., F. P. Witham; Fourth Lieut., C. Hanrahan.

In Thomaston Elections of the enrolled militia have been held with the following results:

Company A: Capt., Aaron Austin; 1st Lieut., Rufus H. Counce; 2d, E. K. O'Brien; 3d, George G. Nanson; 4th, William E. Crawford.

Company B: Capt., Edward B. Hickey; 1st Lieut., Benjamin Ayer; 2d, William K. Bickford; 3d, Thomas S. Andrews; 4th, Alvin A. Reed.

In Union the following officers have been elected: Company A: Capt., M. Little; 1st Lieut., Adolphus L. Bartlett; 2d, Henry Fitzgerald; 3d, Gustavus Gilmore; 4th, Stephen W. Jones.

That tired feeling is a burden you need not carry. Hood's Sarsaparilla will rid you of it and renew your courage.

CUSHING Miss Ramona Carl and friend of Malden, Mass., are having an outing at the Albert Seavey farm, which Miss Carl's father has recently purchased.

Mrs. T. B. Wyley and children of Thomaston were guests last week of Mr. and Mrs. V. R. Taylor.

Lynwood Patterson is the guest of J. U. Teague.

Miss Josephine Wing of Stoneham, Mass., is the guest of Mr. and Mrs. H. L. Killian.

Miss Belle Matthews of Thomaston was the guest of Mr. and Mrs. F. I. Geyer last week.

Western Young of Glenmore has been helping his grandfather, Capt. William Carter hay.

Mrs. Edith Vaughn is occupying her bungalow at Taylor's Point.

Mrs. Harriet Ames is recovering from her recent illness.

Mrs. Rachel Hathorne is at the home of her brother, A. R. Rivers, for an indefinite stay.

Mrs. Frank Flint and children Herbert and Lizzie of Malden are in town for their annual vacation. Mr. Flint will join them later.

Dr. Elliott was called to Thomaston Sunday by the death of his sister, Miss Marion Elliott.

Waiting There's something in the air today That stirs the soul in many a way. The little wandering, transient breeze Whispers in silence through the trees; The western shadow on the hill Stretch long and cool to meet the ray; The drowsy lullaby of the humming bee Is all I hear. You will not come.

There's something in the friends I meet Whose comradeship was once so sweet; Their words fall on deaf ears today, Just because you have gone away. They wonder why I am so changed, Or if through fault of theirs estranged; But heart is dead and life is dim, Since you are gone and cannot come. And where there comes no shade of night, And better things are just to sight, Where hopes are realized, and more than that, on some fair shore, Here, tonight but care and griefs benumb—There, you are waiting till I come.

Incumbence. "No," said Mr. Curoiro; "I don't in the least disapprove of my daughter's marrying a title." "But you seem dissatisfied." "I am. What I object to is the fellow that goes with it."

**LIFE INSURANCE COMPANIES**

They Are Closely Observing Public Health Conditions

An examining physician for one of the prominent Life Insurance Companies, in an interview on the subject, made the astonishing statement that the reason why so many applicants for insurance are rejected is because kidney trouble is so common to the American people, and the large majority of applicants do not even suspect that they have the disease.

He states that judging from his own experience and reports from druggists who are constantly in direct touch with the public, there is one preparation that probably has been more successful in relieving and curing these diseases than any remedy known. The mild and healing influence of Dr. Kilmer's Swamp-Root is soon realized. It stands the highest for its remarkable record of cures.

We find that Swamp-Root is strictly an herbal compound and we would advise our readers who feel in need of such a remedy to give it a trial. It is on sale at all drug stores in bottles of two sizes—fifty cents and one dollar. However, if you wish first to test its wonderful merits, send to Dr. Kilmer & Co., Binghamton, N. Y., for a sample bottle, absolutely free. When writing be sure and mention The Rockland Courier-Gazette.

## Freckle-Face

New Remedy That Removes Freckles or Cures Nothing

Here's a chance Miss Freckle-Face, to try a new remedy for freckles with the guarantee of a reliable dealer that it will not cost you a penny unless it removes the freckles, while if it does give you a clear complexion, the expense is trifling.

Simply get an ounce of ointment—double strength from C. H. Pendleton and one night's treatment will show you how easy it is to rid yourself of the homely freckles and get a beautiful complexion. Rarely is more than one ounce needed for the worst case.

Be sure to ask C. H. Pendleton for the double strength ointment, as this is the only prescription sold under guarantee of money back if it fails to remove freckles.

### WILLIAM A. LAMSON

William Ambrose Lamson, who died in the years of early manhood, was born in Rockville April 19, 1885, the oldest son of Leslie E. and Gratia (Packard) Lamson.

He was a pupil in the Rockport public schools, and later a student in the Rockland Commercial College.

As a young boy he became very much interested in electricity and engineering. This interest led him to pursue a course of engineering with the International Correspondence Schools of Pennsylvania.

He made application of his knowledge in the Lime-rock Steam Laundry, Hart's Canning Company and Rockland Steam Laundry on Oak street, being with the latter concern at the time of his death.

Dec. 4, 1907, Mr. Lamson was united in marriage with Miss Amy J. Pettigill of Rockland and has since resided here. He was a charter member of the Order of Moose, in which he had served as Sergeant at Arms. The respect and esteem in which he was held was mutely shown by the flowers—a pillow from the Order of Moose, and a wreath from the Epworth League and other pieces from friends and relatives.

Besides his wife and infant daughter, Marion, Mr. Lamson leaves his father and mother, one sister, Edna E., and two brothers, Albert L. and Clarence A., all of Rockville.

**Card of Thanks**  
We wish to thank our relatives and friends for their sympathy, expressed by the help and flowers in our recent bereavement.

George Miller took a trip to Togus recently in his auto.

**Mary J. Maddocks**  
Mary Jane (Thayer), widow of the late John Maddocks, who died in Carrington, North Dakota, in 1887, died at the home of her daughter, Mrs. Helen Bowes, after a two weeks' illness from pneumonia. Mrs. Maddocks was born in South Thomaston Nov. 25, 1829, a daughter of Captain Samuel and Ruth Thayer. She was one of two daughters; the other dying in infancy. There were three brothers, all of whom followed the sea as captains, the last one dying in 1894. Mrs. Maddocks was a member of the Methodist church and led the choir. Jan. 12, 1846, she married John Maddocks. They moved onto the farm now owned by Charles Bartlett of Washington. At that time Mr. Maddocks was one of the owners of the Lucr saw mill.

The funeral services were held at the home of her daughter, Sunday, July 7, conducted by Rev. Mr. Tennet of Jefferson. There was a profusion of beautiful flowers.

Mr. and Mrs. John Elliot of New York and Frank Elliot of Boston are at George Elliot's this week.

Mrs. Ralph Cushing, who has been spending several weeks in town, left Wednesday night for her home in Chicago.

Mrs. Rice of Chicago was at the Knox House last Thursday. Mrs. Rice is the great granddaughter of General Henry Knox and came to Thomaston from the town of which her illustrious ancestor lived and is buried. She found many interesting family traditions and relics connected with the estate. While in town Mrs. Rice called upon Mrs. T. S. Andrews.

Mrs. M. A. Metcalf of Somerville, Mass., is the guest of Mrs. Alvin Vose, Hyler street.

Mrs. Mary Dunn of Boston arrived in town Tuesday evening and is the guest of Mrs. I. D. Dwyer.

Lightning struck in a number of places here during the terrific thunder shower of Tuesday noon. A chimney in the Vinal block was struck, knocking off a number of bricks and making a crack the length of the chimney. A bolt came down the fireplace in the residence of Capt. W. J. Leinhardt, and playing around through several rooms, tore off the wall paper, turned all the gilt mouldings black, dented the walls here and there and started a hay-window. A tree on the lawn of the Walker house, occupied by A. B. Sampson, was struck and the bark peeled off.

If you are losing appetite, lying awake nights, take Hood's Sarsaparilla—it's just the tonic you need.

Aaron Starrett is at Gay's Island this week.

Augustus Nash of Lynn, Mass., who is stopping at Pleasantville, was a guest at B. F. Walter's Wednesday.

The funeral of Simon Paskiel was held Tuesday afternoon from his late home Rev. Robert Carey conducting the services. Deceased was 81 years old and had been afflicted with lameness for many years. No relatives survive him. Floral tributes were beautiful and many.

Mrs. Alice Sykes of Sanguis, Mass., is visiting her sister, Mrs. James Steadman at Cornhill.

Mr. and Mrs. Alexander Fuller of Union were guests of Mrs. L. E. Wright.

Mrs. Fannie Wright of Rockland is a guest of Mrs. Lucy Wright.

Mrs. Otho Thompson and daughter Helen of Medford, are guests of P. F. Richmond.

Mrs. C. S. French and daughter Elsie and Mrs. Inez Brown and friend are spending a few days at Gay's Island.

Fred Smith of Boston is passing his vacation with relatives in this town and Rockland.

Mrs. Sarah Barrows of Medford, Mass., is in town at her summer home, Elm View avenue.

Mr. and Mrs. Joseph Vinal went to Belfast Wednesday in their automobile.

Miss Ethel Moody has been a recent guest at William Stickney's.

The wedding of Isaac B. Hooper of Martinsville and Miss Dorothy E. Gould was solemnized at the home of the bride's parents, Mr. and Mrs. G. Dudley Gould, Saturday evening, July 13. The ceremony was performed by Rev. Robert Carey, pastor of the Baptist church, in the presence of the immediate relatives and friends. The groom is a noted young man and an employee of the Warren shoe factory. The bride is the youngest daughter of G. D. Gould and one of Warren's most popular young ladies. They have the best wishes of their many friends for their future prosperity and happiness in their wedded life.

Yacht Princess of New York arrived in our harbor Thursday.

The deceased was born in Union 62 years ago, but of late has made his home in Camden, where he leaves a wife, one son in the West, a daughter in Massachusetts and son and two daughters, Jennie and Alberta in Camden. Sympathy is extended.

The funeral of Mrs. Lena Bolles was held Wednesday morning at 9 o'clock at the home of Mrs. Maggie Moore, Bay View street. The deceased passed away Monday after a long suffering of tuberculosis. Interment was at Camden.

The Maine Central Railroad has arranged for special car service for patrons of the Old Orchard excursion Sunday. For a day's outing nothing can compare with this annual summer trip offered by the Maine Central. Train leaves at 6:30.

The private funeral of the late Errol Hosmer, aged 62 years, was held from the French block Thursday, Rev. Henry Jones officiating. The deceased passed away Tuesday morning of heart trouble and leaves one daughter, Mrs. W. H. Elms, to whom deepest sympathy is extended.

Mr. Hosmer was united with the Masonic bodies, Mr. Battle Lodge, I. O. O. F., and was an Elk, besides being a member of the Business Men's Association, to which he was deeply attached. He made many friends and will be missed by the community at large.

Have you seen the Japanese art at Oakland Park? The Torii near the stage is very sacred to the Japanese. The lanterns on the top of the towers are very much admired as they are the most artistic design of all the Japanese lanterns.

Interest naturally centered upon Miss McLaughlin, who has chosen the stage as her profession. Not a few of our theatre-goers have been privileged to witness her triumphs in other cities, but it was the first time she has appeared before a home audience, and the welcome she received was an open expression of the pride which our people feel in her achievements. Her acting was marked by a complete absence of "staginess," and the audience marveled at the self-possession and naturalness with which she faced that most critical audience—the home people. At the conclusion of the first performance Miss McLaughlin was presented with an immense bouquet of roses, and received a very enthusiastic curtain call.

Although less in the limelight Mrs. Bird contributed much to the success of the playlet by her clever interpretation of the minor part.

Miss Bess Andra made a hit with her repertoire of songs and jokes. She has a gorgeous wardrobe. Miss Andra made her first appearance here two seasons ago in "The Rosary."

A new vaudeville bill Monday consists of "The Hiedelberg Four," the German Student Quartet, which made its appearance here about nine months ago. Manager Rosenberg was used to secure them for a return engagement. With this feature he has secured Golding Keating in a comedy singing and talking act, making a strong bill that no one should miss.

RATHBUN-WILLIS

Two Prominent Families United by Wedding in North Haven Summer Resort District.

"Bethziba," the summer home of Mr. and Mrs. Bailey Willis at North Haven, was the scene of a notable wedding Tuesday afternoon, when their daughter, Miss Hope Willis, was united in marriage to Seward Hume Rathbun.

The bridegroom is a graduate of Harvard University in the School of Architecture, and spent a year in England, France and Italy in architectural studies before entering upon the practice of his profession. He is the son of Richard Rathbun, who is assistant secretary of the Smithsonian Institution in charge of the National Museum.

The bride is a graduate of Smith College, and travelled extensively abroad, where she interested herself especially in the history and architecture of the French chateaux. She is a daughter of Bailey Willis of the U. S. Geological Survey, and now consulting geologist and engineer to the Argentine government, and a granddaughter of P. Willis, the poet, who was a native of Portland.

It was planned to have the wedding on the "Bethziba" lawn, but the sudden advent of a thunderstorm caused a change in plans, and the ceremony took place on the porch in the presence of the families and prominent members of the summer colony. Rev. A. R. Scott of Bangor officiated. Morton Smith of Cambridge, Mass., was groomsmen and Miss Alice Bolt of Brookline, Mass., a cousin of Miss Willis, was the bride's maid. Margaret Willis, the dainty 3-year old sister of the bride, made a very attractive flower girl. The ladies of the bridal party were very handsomely dressed and all of the appointments were in keeping with such a happy and important occasion. Bucklin's orchestra of Camden furnished the music, and Mrs. Burpee of this city did the catering.

After a short wedding trip Mr. and Mrs. Rathbun will reside at the Colonial in Bangor during the construction of the public library and schoolhouse of which Mr. Rathbun is supervising architect, representing Peabody and Stearns of Boston.

**ROCKLAND THEATRE**  
Miss Georgia McLaughlin's Initial Appearance Before Home Audience A Pronounced Success.

It seems that Manager Rosenberg never fails in getting on his bill acts that please everybody. Last night big crowds turned out to witness the new bill, which was made up of Miss Georgia McLaughlin and Mrs. Agnes Bird in the beautiful playlet entitled "The Other Woman," and Miss Bess Andra in a merry musical and talking act.

Interest naturally centered upon Miss McLaughlin, who has chosen the stage as her profession. Not a few of our theatre-goers have been privileged to witness her triumphs in other cities, but it was the first time she has appeared before a home audience, and the welcome she received was an open expression of the pride which our people feel in her achievements. WE ANNOUNCE FOR THE REST OF THIS MONTH

A  
PROFIT SHARING SALE  
OFDresses, Waists, Skirts, Underwear, Hosiery, Corsets, Gloves, House Dresses, Neckwear,  
Etc., Made Possible by the Unusual Conditions Prevailing This Season

A rainy April—a rainy May—a cold, backward June found the Manufacturer, the Importer, the Jobber, heavily overstocked, anxious and worried at the scarcity of re-orders. To such a market came our buyers, joyfully jingling the dimes and dollars which you shrewd and thrifty Knox County shoppers had left as in goodly numbers for the marvellous bargains offered you in our recent "Smoke and Water Sale." The "Joyful Jangling" sounded "Perfectly Good" to the over stocked Manufacturer, Importer and Jobber. They offered us prices, discounts and concessions that were especially pleasing to us. We have filled our various departments with **New, Fresh, Seasonable Merchandise**, bought within the last three weeks at 1-4, 1-3, 1-2 the usual prices. We intend to share our good luck with you.

Remember This is Not a Sale of Left Overs, Undesirables and Stickers, but of Merchandise Fresh from the Manufacturer, Importer and Jobber

Joe Thomas, Once Middleweight Champion of World, to Box Tom Sawyer at Rockland Theatre Wednesday Night.

Knox county sports are booked to see an unusual attraction next Wednesday evening when Joe Thomas, ex-middleweight champion of the world, puts up his "dookeys" to Tom Sawyer in Rockland Theatre for the middleweight championship of New England.

Thomas, who makes his home in Lowell, writes to Billy Grant, promoter of the exhibition, that he does not want a cent for his trouble unless he puts Tom away in one of the two 6-round bouts which they are to fight.

Jimmy Gardner, the Lowell boxer, who is a brother-in-law of Thomas is training the latter for this bout, and will be at the ringside with him. In the Thomas-Gardner camp there is only one theory, and that theory spells disaster for our Tom.

Sawyer only laughed when shown the boastful letter that Thomas wrote to Manager Grant, and remarked that the ex-world beater must have all the money he needs, and well that is, for he will never carry any out of Rockland if he depends upon a victory next Wednesday night for it.

Frank Perron was picked to put

me out of the way when he boxed me in Worcester," says Sawyer, but when the bout was over I was middleweight champion of New England instead of Perron, who had held that title two years. That was only the 25th of last January. If Thomas gets the title away from me he will have to fight faster and hit harder than he ever did in all his life.

The semi-final will be fought by Cyclone Zip of Portland and Snooks Crowley of Lewiston, who can flourish the mitts with great skill and gusto.

There will also be a stirring prelim.

At Oakland Park there is a relic of the great Lynn fire that was taken from the ruins by Manager Hawken, who has cherished it all these long years. In building the towers at Oakland Park he decided to place it in the tower as a memorial of the great fire. It is the face of a lady. Mr. Hawken did not get her name but thinks she was a suffragette as she went through the terrible ordeal of fire and rose again to be triumphant in the beautiful Oakland Park.

Again St. George is the first Knox county town to pay its county tax. Treasurer Murphy received this week a check for the full amount, signed by Town Treasurer H. F. Kallach.

### JULY 4 VANDALISM

How It Was Dealt With By the People of Tenant's Harbor.

Editor of The Courier-Gazette.—In a late edition of your paper I notice that Rev. Mr. Day discusses a feature of the usual Fourth of July celebration which the safe and sane advocates seemed to have overlooked. I refer to the malicious mischief committed by young vandals in celebrating the so-called "night before the Fourth."

For several years in Tenant's Harbor there was celebrating of the same variety as Mr. Day mentions. Last year efforts were made to eliminate this evil; a watchman was stationed in the church tower to protect the bell and the church door was locked. Then when the boys approached the church their names were taken by our eagle-eyed guardian of the peace, who recognized the most of them. He found out the other later. The next day, following numerous consultations among the parishioners, it was decided to have the culprits arrested. That old saying, "Boys will be boys," was ever in our minds and we acted accordingly. Able counsel was procured for both sides. But not even a lawyer, capable as the boys' attorney was, could picture such wilful destruction as the result of innocent amusement, prompted by boyish impulse. The verdict was as fair as any other part of the proceeding. The vote of thanks which was extended to our protectors showed the spirit of the people.

So much for last year. This year the Fourth was celebrated in a way that reflects credit on everyone connected with the celebration. Mr. Day and the people of Rockland have the remedy in their own hands. Why not use it?

### CRIEHAVEN

Miss Ola Wilson of Glenmere is teaching the summer term of school which is to last eight weeks. School opened Monday, July 8 and our young people seem to be having a happy time. Miss Wilson is a sister of Mrs. Barter, whom she is visiting, thus happily combining business and pleasure.

Tuesday, July 2, the Criehaven Sunday school held a business meeting at Hillside Farm. Mr. Whitney presided. Miss M. E. Abercrombie was elected superintendent, Mrs. Stanley Parminter secretary and librarian, and Mrs. Lena Simpson treasurer.

Quite an unusual sight in our harbor last Saturday was the steam yacht Aria of Bangor.

Miss Annie Inman of Roxbury arrived Tuesday week and is visiting Mrs. Parminter.

Haying is progressing finely, nor could it be otherwise with these warm days, so unusual in this breeze-swept Isle.

Robert Gayen, artist, of Toronto, Canada, is at Hillside Farm for the season.

HOW TO GAIN HEALTHY FLESH.

C. H. Pendleton Advises Use of Samose.

While thinness may not be a disease, yet it is in reality a condition that needs attention. Under the nourishing power of Samose healthy, natural flesh will soon be attached.

This remarkable flesh-forming food strengthens the system generally and builds up the fleshy tissues so that good, natural plumpness results.

An ounce of flesh is better than a pound of theory. C. H. Pendleton believes that the best possible demonstration of the flesh-forming powers of Samose is to have it tried by his customers and to induce them to use it. He offers to pay for the Samose in case it does not give satisfaction. No stronger proof than his can be given of his faith in it. He has seen hundreds who were weak, thin and scrawny become plump, robust and strong solely through the use of Samose.

If you feel too tired for work or pleasure, take Hood's Sarsaparilla—it cures that tired feeling.

EAST SENNEBEC

Miss Callista Andrews of Fryeburg was the guest of Luile Ames last week.

Dr. Kellar was hastily summoned and took four stitches in the wound.

S. N. Simmons was badly bitten on his right hand by a neighbor's dog last week. Dr. Hadley cared for the wound and at the present time he is comfortable.

NORTH HAVEN

The recent showers have greatly improved the gardens and farm crops in this locality.

Most everybody seemed inclined to find fault with the warm weather of last week; even the summer people thought it rather hot for comfort.

O. L. Beverage of Dorchester, formerly of this town, delivered a very interesting address at the Grange picnic on the Fourth. A good crowd was in attendance and all enjoyed themselves.

Rev. Mr. Owens of Waterville occupied the pulpit at the Baptist church Sunday.

Mr. Kimball of Dorchester has returned to his home after spending a few weeks at W. E. Witherspoon's.

Mrs. Bowden and daughter are visiting Mr. and Mrs. John Beverage.
