1861-09-14 N.A. Farwell urges the exchange of muskets for rifles

Rockland Sept 14th 1861

Dear J Washington Jr

Dear Sir

The officers and
men of the 4th Reg M.V.M. are very anxious
to have an exchange of their muskets is it not
say you can induce the Government to
furnish the improved arm I think it would
add to the efficiency of the Reg and the
content of the men

I hope if it is possible
for you to have the exchange made you
will do so

I am yours truly
