REDLEGS MOVE INTO TIE WITH WALDOBORO BY SQUEEZING OUT 10-9 WIN OVER THOMASTON

WALDOBORO — The Damariscotta Redlegs hopped into a tie for first place in the Knox-Lincoln Twilight League Tuesday night with Waldoboro as they edged the Townies 10-9, while the Thomaston Clippers were nipping the St. George Torpedoes 10-8 at St. George, also creating a tie for third between these two teams.

Damariscotta led all the way at Waldoboro but were hard pressed to stop a home team rally in the eighth and final inning when the Townies had the tying run on third and two runs in. An attempted squeeze play failed, however, and Don Bowman, third Redleg hurler of the

night, was able to put the lid on.

A three run homer by rugged Freddy Burnham in the sixth provided the winning margin after Dave Gaw had driven in the first run of the inning with a single. Gaw wound up as leading batter with three hits for the Redlegs to match the trio of Waldoboro's Bob Howe.

The first real rhubarb of the season developed at St. George when, in the fifth inning, plate umpire Alden Watts tossed both pitcher Roger Smith and catcher Cecil Seastrom out of the game after vigorous protests concerning balls and strikes on their part.

Dave Lowell replaced Smith and fanned 12 Clippers for the remaining distance but St. George errors proved fatal as the Torpedoes booted 11. The only homer of the game was the two run, eighth inning blast of Harry Melquist. Don Holmstrom was the only St. George player with two hits, while for the Clippers Doug Miller, Don Ledbury and Bobby Watts all had two.

Scores: Damariscotta 401 014 00—10-12-1 Waldoboro 000 025 02—9-11-3 Chapman, Gaw (5), Bowman (8) and Burnham; Chase, Verge (7) and Hanna. Thomaston 203 020 120—10-8-5 St. George 004 100 021—8-9-11 Johnson and King; Hyvarinen, Smith (3), Lowell (5) and Seastrom, Drinkwater (5).

DR. CONANT PINPOINTS MAINE'S SCHOOL DISTRICT TROUBLES

Dr. James Bryant Conant, president emeritus of Harvard University and authority on the high school needs of the nation, hit the nail on the head relative to Maine's school district troubles in speaking to Colby College graduates this week. As an outsider observing the squabbles within the state over school districts already voted and the voting down of proposals by others he was able to tag community pride in the local school, its athletic teams and social affairs as the seat of difficulties. In many towns the high school is the center of community social life. Its only competitor is the Grange or lodge hall. The smaller the town the stronger the ties with its high school and its events. Dr. Conant said that the smaller communities can only provide the type of diversified courses necessary in the modern day at exorbitant expense. We have seen it happen in the Coastal Area and would suggest that when the day of voting on proposed school districts again comes that considerable weight be given to Dr. Conant's words.

COMMUNITY COOPERATION AT ITS BEST

As Camden put its new hospital into operation this week and the YMCA opened its new facilities one could marvel at the task accomplished by the community in the span of less than two years. The county's second largest community had raised by public subscription three quarters of a million dollars for the two projects. Planning and fund campaign committees spent long months carrying out their tasks. That they did the job well is fully recognized. Knox County is proud of The Prettiest Village in Maine, its people, and their ability to work together for community good.

MEMO TO THE HIGHWAY DEPARTMENT — PART TWO

Thanks for filling in those Main Street holes—and a few dozen others about the village the past two days. Observant citizens have noted that there are a few here and there which threaten tires and springs. It will be interesting to see who discovers them first, the citizens who call in to mention them, or you who are charged with keeping the City's highway cavities filled. Some day, it may be "Look Hap, no cavities."

CAMDEN NIPS ROCKLAND IN BABE RUTH LEAGUE OPENER

The Camden Babe Ruth team defeated Rockland 5-4 in a tight opening game at South Field Tuesday night. A triple in the seventh and final frame by John Wentworth was turned into the winning run as he came on to score on a bad return from the outfield.

It was a pitcher's battle as Camden's Bob Whitely fanned 15 while his opponent on the hill, Carleton Willis, whiffed 14. Camden had nine hits to the four

of Rockland but many were wasted as Willis tightened in the clutch.

Wentworth and Whitely had two hits apiece for the young Mustangs, while Willis and Howard Lowell of the baby Tigers had all their team's hits between them with two each.

Score: Camden 100 030 1—5-9-2 Rockland 000 220 0—4-4-2 Whitely and Hansen; Willis and Pine.

Municipal Court

TUESDAY

In Rockland Municipal Court Tuesday, Donald L. Jameson and Everett L. Snowdeal, both 18, of Camden pleaded guilty to illegal possession of beer at Union on June 4 and were fined \$40 each or 40 days in jail. They were unable to raise the fines and were remanded to Knox County Jail.

Stanley Godin of Waterville pleaded guilty to operating a car with no inspection sticker at Rockport on June 5 and paid a \$10 fine.

WEDNESDAY

William H. Carleton, Jr., 30, of Rockport pleaded innocent to a charge of drunken driving on Myrtle Street in Rockland June

8 but was found guilty by Associate Judge Domenico Cuccinello following a hearing, and was fined \$200 and 15 days in jail. He appealed the case to the October term of Knox County Superior Court and furnished bail of \$1,000 for his appearance.

Rockland Policeman Robert Welch testified that Carleton was stopped on Myrtle Street after driving at excessive speed along Union Street. He was told to remain in the car Welch said, but fled as soon as the officer was some distance away. He was picked up Wednesday morning in the vicinity of Myrtle Street.

Allison F. Gibbs, 18, of Camden pleaded guilty to driving at 60 miles an hour in a 50 mile zone on Route 1 in Rockport on June 4 and paid a \$15 fine.

Coastal Jaycee Teenage Golf Tourney Is Set In Rockland For Monday, June 20

Young golfers in the coastal area will have an opportunity to prove their powers on the course on Monday, June 20, when the Rockland Jaycees will hold their annual teen-age golf tourney at the Rockland Golf Club, according to an announcement by co-chairmen John Billington and Richard Seymour.

The tourney is open to all boys up to and including age 17 in the entire area from Boothbay to Belfast.

The tourney will open at 8:30 a. m. and registration will be accepted at that time. Those who anticipate entering the tourney are asked to contact Billington at 50 Lawn Avenue so flights may be set up. Participation will not hinge on advance registration.

Two winners from the local tourney will go to the State Jaycee golf tourney at Portland in July. Four State winners will be sent to Waterloo, Iowa, in August for the national tournament.

A \$2 entry fee will cover green fee and entrance.

Rockport Cinches Tie In MVL With Win Over SGHS

In Medomak Valley League play, Rockport insured itself of no worse than a tie Monday as they handed the St. George nine a 10-4 defeat at St. George. The two had been tied going into the game and St. George appeared to have a comfortable lead going into the fifth when Rockport scored four times on only one hit.

In that inning Gary Harper who had fanned nine in the first four innings, suddenly lost his control and walked three batters and hit one; this, with a Keith May single and two errors, added up to four runs and a lead that the Beavers never gave up.

St. George faltered badly afield, committing seven costly errors. Harper fanned 15 but wildness proved his undoing. Steve Goodridge hurled well for Rockport, fanning ten and walking only two. He received strong batting support from Keith May who had three hits including two doubles. Don Holmstrom was the only St. George player with two bingles as the Saints dropped their first game of the season.

Score: Rockport 100 042 3—10-8-6 St. George 400 000 0—4-5-7 Goodridge and C. Peasley; Harper, Austin (7) and Link.

The Public Says . . .

Dodges Mountain
Rockland, Maine
To the Editor:

Yesterday in The Courier I read a highly critical letter about tourists in Maine signed "name withheld by request". I am all for an open discussion of critical or opposing points of view but not under the shield of anonymity, which strikes me as the method of a sneak rabble rouser would use to create untruths. So Mr. Name Withheld, I will answer you point by point.

To quote: "The Native must accustom himself once more to being pushed, trampled ignored or ridiculed. His land and possessions are pre-empted without a 'by your leave'." I have lived in and out of Maine for a long time. I cannot recall ever once being trampled or ridiculed. I really don't know what you mean by "ignored".

As to land and possessions being pre-empted, this is about as rash and unreasonable a statement as can be said.

No tourist, visitor or summer camper has to this date requested or demanded that I surrender home or property to them. I find them courteous people with some exceptions, but I will show you some of the discourtesies of the natives a bit later in this letter.

I am in no sense involved in tourist business so the assumption that one would "tar and feather" you is a rather primitive concept. This happens to be a part of America and opposite view points if expressed, do not ipso facto lead to a hanging.

Come, come old boy, this whole thing must be a gag. Or is it? To quote, "the native must forbid his children their playtime walks along the highways, since the tourist's expensive and high powered cars will scatter children and livestock alike". I

would think it indeed most negligent if not outright criminal to let young children play in main arteries of traffic, there are fields and woods and sea shores. As to high powered cars, we natives use exactly the same cars made by the same manufacturers. As to slaughtering livestock with cars, it does seem that no Maine farmer of any sense, let cattle wander here and there without fencing, it would be most idiotic to do so. A cow is worth a few hundred bucks, but as a gypsy rather worthless. As Robert Frost has said, "good fences make good neighbors". Maybe Mr. Anonymous you ought to patch your own fences first.

Then our irritated commentator gives a paragraph to the junk and debris thrown on highways. I agree it is repulsive, but why blame the tourist, he is not responsible from October to June. I live on a side road which seems to be a mecca for every Tom, Dick and Harry with a jalopy and a girl, having for sustenance pizza pies and beer. These are local people not outsiders, yet they think nothing of throwing their pizza plates along with their beer cartons on the middle of the road for us to pick up. Oh no, dear sir, we are not in one iota entitled to blame the outsider for our own piggy mess. Where do you think the beer cans and bottles on any highway side come from during the winter months? From the home consumers, the locals, not from Brooklyn, Chicago or Oklahoma City.

So dear friend, I know your problem, but it is homemade and not from tourists.

As to your saying "be gentle with the natives they bruise easily". Nuts to such dogma. We can bruise them far more easily than they can bruise us.

If such were to come up. A batter in his own terrain always has great advantage over the aggressor. Since when did Maine people bruise easily? A new one to me.

It does seem that your self centered non-budging type of people have killed tourism in Maine. Were I a New Yorker, I could easily hop a plane to Paris and have fun for the same money. I really do not know what Maine is peddling, except the absolute privacy of no interference. I like interference from outside. I like to get out of the soggy mud of Maine low tide and meet people from the world, bad, good or indifferent. I can stand them, if they can stand me. I do think your letter best exemplifies why Maine is a dying state in tourism. One cannot take their money and spit in their faces and expect them to come back, when the world is so easy to traverse. So what has Maine to offer except your type of nastiness, blaming all on the foreigner when the fault is the dead tissue of the local brain aided and abetted to by provincial jealousy.

Thank you sir for giving me a reason to spout off and I do hope for you a life without disturbance; but as death guarantees this, why jump the gun.

Best,
Kosti Ruohomaa

Mrs. Lufkin President of Rockland Hearing Society

MARSHALL POINT — Mrs. Alice Lufkin was elected president of the Rockland Hearing Society at a picnic luncheon held Thursday at the Marshall Point home of Miss Ellen Grosvenor. Miss Helen Fuller was elected vice president. Re-elected were Mrs. Nathan Witham as treasurer, Miss Maude Marsh as recording secretary, and Mrs. Nancy Brown as corresponding secretary. The new slate of officers were presented by Mrs. Ella Bird, chairman of the nominating committee.

In behalf of the club, Mrs. Brown presented appreciation gifts to Miss Eda Lawry, the retiring president, who has served three years and to Miss Grosvenor, who has conducted lip reading lessons at the meetings. Recognition was given to mem-

bers with perfect attendance for the year. They included Mrs. Witham, Miss Louise Philbrook, Mrs. Lufkin, Miss Marsh and Mrs. Brown. Mrs. Ella Watts who celebrated her birthday Monday was also saluted.

Miss Lawry presided at the business meeting at which reports were given by Miss Marsh and Mrs. Witham. Greetings were read from Mrs. Maude Blodgett. Eighteen members and friends who attended the meeting included Miss Maria Williams and Miss Edith Sumner of Massachusetts, guests of Miss Grosvenor and Mrs. Ruth Fogarty and her two sons Danny and Kerry.

The group enjoyed the picnic in Miss Grosvenor's garden which is bounded by the ocean and the forest.

Give Comfort, Not Concern

When Mrs. Brown left the hospital after visiting hours, she was pleased with herself. She felt she'd done a good job of cheering up poor Dorothy. But back in her hospital room, poor Dorothy was having hysterics.

Mrs. Brown meant well but she broke most of the rules for making a hospital visit a welcome one. Here they are:

Call the hospital to find out if the patient wants visitors that day. A hospital patient who is feeling particularly tired or ill or who has been given a sedative may not want to see anyone.

Don't say, "How well you look." But also don't say with obvious shock, "Great heavens, you poor thing, you look awful."

Don't complain about the tough time you had getting to the hospital or how long you had to wait downstairs because you arrived too early.

Don't make the patient dissatisfied with the way the hospital is run or with the treatment given. This is especially important in long term illness such as tuberculosis, when the patient may be anxious to leave the hospital anyway, though against medical advice.

Don't talk about your own ill health or hospital experience. Don't press for details if the patient seems unwilling to talk about the illness.

Don't tout a pet home remedy that's "every bit as good as a hospital — such expense!"

Enter a hospital room quietly.

keep your voice low, don't lean or sit on the bed, and don't stay more than 15 minutes unless the patient insists.

Stopping Time Is Deceiving

AUGUSTA — "Can You Stop in Time?" This was the question directed toward Maine motorists today by the Maine State Police.

"Tests prove," continued the enforcement group, "that the average driver, after seeing danger, requires three-quarters of a second reaction time before he can apply his brakes. Translated into distance traveled at 20 miles per hour, this means that his car will move 22 feet before his foot hits the brake pedal. If his brakes are efficient, and if the road surface is dry, his car will travel 20 feet more before coming to a stop. Altogether, the total distance traveled after the danger is recognized will be 42 feet!"

"Remember," adds the police organization, "these figures are based upon average drivers, good brakes, and ideal road conditions. They pointed out that, at a driving speed of 40 miles per hour, the over-all distance required for stopping under the same conditions sky-rockets to 143 feet!"

The police urge us to keep these figures in mind, to regulate our driving speed accordingly, to avoid driving "in-a-hurry", to remember to Slow Down And Live!

In planning for the future pick the kind of work you like and have the ability for.

"Spring Magic"

This spring nest building period which seems to dominate these articles at this time of year may be just another routine of instinct in the lives of some birds—but there are, among the feathered creatures of this area, a certain few species whose preparation for the annual "blessed event" is a most colossal undertaking fraught with all the tensions, trials and emotions that assail us humans in such emergencies.

Fortunately, Mother Nature in her vast pattern of perpetuation, has endowed her wild creatures with the one and only essential for happiness and success in the family raising project—Love.

A comely little female warbler, quite content to flit among tall branches of our hardwood trees for her daily rations of insects, pays scant heed to her demure colored ensemble and worries not a whit about her personal appearance.

But the gaudy male, who is perched on a twig and preening his vestments in the warmth of mid-May sunshine a half mile away, is preparing (probably on an empty stomach) a conquest that will before long, guide (or force) him through that often tedious, but forever delightful experience of becoming a father.

Presently with his haberdashery presentable, a certain magic sunbeam shines tremulously upon his glossy waistcoat and in an exuberant burst of unexplained emotion he soars, as if only a weightless bubble, high over the treetops and a startling song comes fluidly from his throat.

Back in the hardwoods a pair of tiny ears, which only moments ago were scarcely aware of the tinkle of a bubbling brook close by, becomes alert, and a fat grub that would have been the final tid-bit of a satisfying breakfast, is allowed to drop to the ground and escape as she listens for the repetition of his song.

The die is cast! Mother Nature has devised such songs in careful calculation of her plan—and now a tiny female heart beats faster as she winds her way in short and hesitant flight towards "him"—her season's destiny of love.

Such moments are a trend of days like these. The fragrance of the dewy mid-May mornings is productive of such episodes as this; and even you (and surely

I cannot deny we feel the warmth, the urge to brush our cheek against a fragrant, faithful lock of hair, or clasp with ours a small white hand that's never faltered in its tasks.

But I'm supposed to write of birds—their lives among the radiance of Nature's blooms on misty mornings, and their twilight silence as the whip-poor-will calls—

So while I sat there watching, maybe for the hundredth time in a lifetime out of doors, this meeting of the warblers who never may have met before. This inspirational manuscript assumes a pattern "cut-and-dried", as love blooms in spontaneity.

Folks call it "secrets of the woods"—and well it may be to those household souls who cannot go afield, like me, to revel in such inexpensive joys.

And shortly I will tell you of the nest this pair will build and maybe you can sense the human parallel of likeness in your lives and theirs.

CAMDEN—A modern surry with the fringe on top is tested by Craig Young, standing, who received it in an award made by Haskell and Corthell's clothing store in Camden. The eight-year-old son of Mr. and Mrs. Aubrey Young, 63 Mountain Street, gives brother Stuart, 5, and cousin Lynn Colley of Orlando, Fla., a ride in the smart little vehicle. The award was presented by the store in conjunction with a national manufacturer of summer footwear.

Two Rating Organizations Announce Revised Auto Insurance Rates For Maine

NEW YORK — Revised automobile insurance rates for Maine were announced by two national rating organizations today, effective June 8.

On the average, the revisions will result in a rate increase for liability insurance, a reduction in the cost of collision coverage, and a slight increase in premiums for comprehensive insurance.

The changes were announced by the National Bureau of Casualty Underwriters and the National Automobile Underwriters Association on behalf of their member and subscriber companies. They are based on a review of claims costs incurred by Maine motorists in automobile accidents.

Liability Rates Up
For automobile liability insurance the revisions result in an average statewide increase of 9.4 per cent for private passenger cars.

"This increase is necessary because of a steady rise in the cost of settling claims incurred by policyholders in Maine," the NBCU explained. The bureau added that while the new rates are considered adequate to meet projected loss figures, no attempt was made to recover past underwriting losses sustained by the companies.

Increases in basic premiums range from \$1 to \$25 in the non-military areas of the state, depending on car classification and

territory. For motorists on Dow Air Force Base, Kittery-Portsmouth Navy Yard, Loring Air Force Base, Presque Isle Air Force Base and the U. S. Naval Air Station near Brunswick, the increases range from \$2 to \$36 according to car classification. In each territory the largest dollar increase is for coverage of cars owned or principally operated by unmarried males under age 25.

Because farmers as a class incur fewer and less costly claims, car owners qualifying for farmer rates will continue to receive a discount of approximately 30 per cent from the premiums that otherwise would apply to their private passenger cars.

Physical Damage Rate Revisions
Revisions in premiums for \$50 and \$100 deductible collision insurance vary by territory and result in an overall revenue reduction of about six per cent, the NAUA said.

Premiums for comprehensive insurance for private passenger cars are increased an average of about one per cent, although there are some reductions. Comprehensive insurance covers such perils as fire, theft, windstorm, flood, hail and glass breakage.

later than usual. Mrs. Keffie Hall, one of our summer residents for the last 40 years, has had to cancel her plans of arrival due to a fall.

The Port Clyde Baptist Church held its first Sunday morning service June 5 with the results of a much larger congregation than usual and the Sunday School attendance tripled. A cordial invitation is extended to all - your attendance will be much appreciated in helping to attain a goal of a large and enthusiastic audience to welcome the new pastor when he arrives. There is great dismay over the broken memorial window - a very costly replacement. Vandalism? Shattered glass inside the church but no signs of the cause. A close supervision is being kept to prevent other such episodes.

A sure sign summer is on its way - tar trucks are plying their way up and down the main street, leaving a heavy coating of tar, sand and gravel - and heavy hearts to the owners of light colored cars. Shane, our dog, dashed boldly forth outdoors as usual this morning but stopped short and looked so dismayed when his paws stuck to the wet tar - he too had a heavy heart - and I have a sticky floor. So much for summer weather! We will not complain as long as the sunny days continue.

Mrs. Abner Heal is planning a barbecue party Saturday at her cottage for the Do It Yourself Club. The final meeting of the year has been held and officers elected. Mrs. Rose Pease is president for her third consecutive year; Mrs. Kathy Schwab, vice president; Metta Mathews, treasurer; and Anita Morris, secretary. A very busy program was voted for the winter months - rug making, knitting, sewing, embroidering, and caning of chairs will be taught to members.

Memorial Day has come and gone - and to you who found it impossible to come home for the holidays - I will say - they were two of the most beautiful days, weather wise, we have had all spring. The cemetery was exceptionally well cared for - mowed, trimmed and beautiful floral memorials. There seemed to be more cut flowers in evidence this year - gladioli, carnations, etc. Lilies not very plentiful - as they are just beginning to be in full bloom - rather late this year. Memorial Day exercises were held at "The Harbor". School band and speakers entertained. Refreshments were served at the Legion Building.

The St. George High School Alumni Banquet was held in Rockland this year. Those who attended spoke highly of the event, but wished it could be held in their home town.

The summer colony is slow in arriving. No doubt due to cool, chilly, damp weather as well as the problem of schools closing

Grade 1—Mrs. Cramer
The First Grade played a Rhythm Band piece in the recent program, "Spring Glow." Bouquets have been brought to school lately by the follow-

ing pupils: Julie Fuller, Deborah Nelson, David Taylor, Karen Burns, Nancy Anderson, Kathleen Ulmer, Sharon Heath, Deborah Collins, John Hart, Barbara Knox and Donald Han-

nan.
Rose King has moved to Warren but she is continuing school with us until summer vacation. David Taylor, Jeffrey Gibson, and Donald Risch have been ill and absent from school several days lately. We missed them. Pamela Gleason is very proud of her new baby brother, Donald Risch and Rhonda

Stewart celebrated birthdays in May. Nancy Anderson, Katrina Smith and Denise Moore have birthdays in June. During the summer Jeffrey Gibson, Rose King and Deborah Nelson will have birthdays.
Room duties are cared for by: Reading Table, Jerome Howard; Boards, Debra Demuth and Lawrence Rich; Piano, Al-

thea Savage; Room Decorations, William Niskala and Richard Wellington.

The First Grade received the Honor Award for buying Savings Stamps recently.

We observed Mothers' Day by taking to our mothers the plants we had been growing for them.

Grade 2—Mrs. Webb

One the last week of April, our second grade visited the Vose Library here in Union. Mrs. Farris, our librarian, allowed us all to take a book back to school. We had many wonderful stories during the two weeks that we kept them.

The children who have participated in the savings stamp program this term are: Ronald Salo, Chester Burns, Ralph Noyes, Edward Blake, Donald Rochoon, Scott Brown, Charles Burgess, and Keith Hilt.

Our perfect spellers are: Ronald Salo, Jack Gibson, Linda Athearn, Gerald Estes, Edward Blake, Scott Brown, Lynn Athearn, Joy Meservy, James Anderson, Donald Rochoon, Cynthia Stewart, Charles Burgess, and Keith Hilt.

Our room is decorated with large flowers and butterflies which some of the children have made. Some of the contributors are: Linda Heath, Edward Blake, Chester Burns, Keith Hilt, and Ralph Noyes.

We had a very interesting map on outer space, which Keith Hilt brought for us to study.

Ronald Salo will have his birthday on the twelfth of June. Keith Hilt celebrated his birthday on May 7.

Jack Gibson is back in school again after having the measles. Joy Meservy returned after having the mumps. At present, we have two more members at home ill with the mumps, David Pease and James Beverage both came down with them this week.

There are many beautiful honeysuckle blooms near our building. Nearby in a shrubbery bush is a bird's nest holding six tiny bird's eggs.

Grade 3—Miss Freethey

The pupils in our room enjoyed a musical assembly recently when the members of the Islesboro school orchestra were our guests.

The members of our class who have observed their ninth birthdays recently are Donna Lisa Smith, Barbara Knudsen, and Paul Payson.

Michael McAllister is a member of the Little League baseball team this year.
Naomi Grotton, Linda Heath, and Paul Payson took an active part in the operetta, "Spring Glow," which was presented to

a large audience recently. The remainder of our class sang a special number with the fourth grade.

The Junior Red Cross has completed its third successful year by filling 13 gift boxes which are to be sent to children in other countries who are not as fortunate as we are. We hope that the children who receive our boxes will write to us telling about their country. Throughout the school year, place mats, favors, and nut cups have been made to brighten up the trays of patients at Togus for special days. During the Christmas season, scrapbooks were made for the children at Pownal State School.

Our class has been very active in the purchase of Savings Stamps this year, and we have had the Honor Award or have received Honorable Mention nearly every week for the high-

est number of pupils buying from one grade. Interest was stimulated partially by a contest between the girls and boys. The boys won the contest, and, as a reward, the girls are to serve the refreshments at a class party to be held on Friday afternoon, June 10. Pupils, who have formed the excellent habit of saving by buying stamps regularly are Barbara Knudsen, Alton Wyman, Kerry Collins, Edward Bean, Gregory Demuth, Michael McAllister, Marc Burgess, Gerard Roy, Linda Heath, Brenda Miller, Richard Wyman, Ronald Aho, Paul Payson, Louise Beote, Donna Lisa Smith, Nancy Blake, Naomi Grotton, and Debra Drinkwater.

Interest in spelling and arithmetic has been further stimulated throughout the year by the use of charts. In the arithmetic contest, which was completed recently, Edward Bean

was the winner. Linda Heath won second honors, while Donna Lisa Smith and Nancy Blake shared third honors. Linda Heath and Naomi Grotton were tied for first honors in the spelling contest. Louise Beete won second honors and Marc Burgess and Gerard Roy were tied for third honors.

Ronald Aho visited relatives in New York City over the Memorial Day weekend, and he has told us of many interesting things he saw and did while he was there, including a visit to the Bronx Zoo.

Miss Freethy, our teacher, spent the Memorial Day weekend at her home in North Brooklyn.

Our group has enjoyed having Nancy Prescott and Lee Soucy as student teachers this year from the PTA Club of the High

School, and we wish to thank them for the help they have given us and for being so faithful in their duties.

As the school year draws to a close, our class is becoming more excited about the annual Field Day for our Central School which is held one day during the final week of school.

With the closing of school and another happy, but all too short, school year, the members of our class would like to wish the teachers and pupils of our school a very pleasant summer vacation.

Grade 4—Mrs. Ludwig Joan Carroll won the highest score in a recent "Weekly Reader" reading test.

Wanda Drinkwater and Sharon Gibson have had the measles this term of school.

Loren Athearn, Irvin Leach, Joan Carroll, David Hall, Maynard Knox, Roseanna Gleason, Mary Ellen Anderson, Wanda Drinkwater and Clifford Meserve have been our Stamp Captains since April vacation.

Sara Walker, Joan Carroll, Deborah Clark, Roseanna Gleason, and Sharon Gibson have sent for the summer "Weekly Reader" and are waiting for the first issue to be sent.

Sara Walker, Richard Gleason and Joan Carroll were in the Operetta "Spring Glow" given by Elementary School pupils on May 20.

On June 6, our sick-list included Maynard Knox and Walter Richardson. In Social Studies we are learning the capitals of the 50 United States.

Louis Leach has moved to a

new home near the school. Joan Carroll brought her New Encyclopedia to school one day and told us about the origin of numbers.

Walter Richardson brought a star fish to school for us to see as a Science Project. Deborah Clark brought two mussels, one of which had a barnacle growing on it. Thanks to Deborah and Walter for giving us a chance to observe these interesting items.

Sandra Calderwood, an FTA member, substituted in our room on June 3.

Grade Five—Miss Glendenning Mary Collins, Linda Taylor, Kenneth Beverage, Doreen King and Sandra Savage all celebrated birthdays during the month of May.

We have been having a number of spelling bees, getting ready for the sixth grade. Winners of the last ones were Larry Goderre, Kate Clark, Mariene Hill, Maurice Miller and Ralph Scott. These students then competed against each other and the final winner was Kate Clark.

We have recently been studying about our neighbor to the North, Canada. Last week each student was required to make a map of Canada, and its provinces. Some of the best ones were made by Ralph Scott, Maurice Miller, Stephen Gleason and Sylvia Doughty.

Fifth grade pupils that had individual parts in the recent operetta "Spring Glow" were Robert Campbell, Larry Goderre, Sandra Savage, Eugene Leach, Maurice Miller, Stephen Gleason and Sylvia Doughty.

Grade 6—Mrs. Heath Gail Meserve, Lorraine Dan-

forth and Lanny Dean have returned to school after having the mumps. Ray Athearn is still sick, but we hope he will be back with us again soon.

Achievement Tests were given in all the grades last week. This will be the last week Savings Stamps will be sold at school. Although we seldom won the Honor Award, we feel that our room has been well represented in the stamp program this year. Children who have had charge of the stamps this month have been Karen Lonn, Margaret Collins, Gail Meserve and Lois Whitney.

Celebrating birthdays in May were Linda Anderson, Phyllis Paradis, Dennis Luce and Barbara McLeod.

Our grade joined Grade 5 last Thursday in the music room for our last music lesson of the year. Several instrumental selections were enjoyed as well as group singing of some of the songs we have learned this year.

We are very happy to have another member added to our class recently, Thomas Haka from Massachusetts. Those on hall duty have been Ronnie Hawes, John Clark, Anthony Payson, Dexter Hannan, Carol Hardie, Lorraine Murphy, Karen Kundsens, Nancy Simmons and Marie Blake.

Zoa Hawes has been absent because of illness. Patty Hopping and Elaine Taylor have been getting the recess milk.

Nearly everyone has completed his book reports for the year.

Linda Anderson and Nancy

Simmons have had charge of the lunch paper.

Winners of the Spelling Contest were Karen Lonn and Lois Whitney.

We enjoyed our class trip to the Farnsworth Museum in Rockland and wish to thank the Union PTA and those who took their cars to make this trip possible. Mrs. Robert Knudsen served as chairman in making arrangements for this trip.

The Reading Contest was won by John Clark who read 52 books.

Sally Peckham brought some Australian money to school to show us and John Clark brought some very interesting books on India.

Winners in a recent Arithmetic Quiz Game were Timothy Pease and Richard Kirkpatrick.

Sandy Smith and John Clark are planning a trip to Moosehead Lake sometime during June.

Richard Kirkpatrick was guest of Donnie Hills Friday night. They attended the School Record Hop.

McLain School Notes

Sub-primary — Mrs. Leach

We have spent every spare minute during the past month on our spring mural using paints, crayon, colored chalk, scissors and paste. Many of the animals, birds and flowers on the mural were studied first in Peggy Gherard's book on "Wild Flowers", Brenda and Bruce Jordan's book "Wild Animal Pets" and in a "Field Guide to Birds".

Mrs. Ausplund's first grade children read beautifully for us before we started to read "Our Big Book". Billy Leonard, one of our morning class members, completed one of their stories for Mrs. Ausplund.

Among the first spring flowers were snow-drops and columbine brought by James Cannon, beautiful purple violets and ladies slippers brought by Bobby Ellis, first tulips brought by Chuck Juicice, narcissus brought by Barbara Dahill and Linda Parker, lilies of the valley brought by Sherry Hooper and flowering

quince by Will Burk. Our room has been decorated with lilacs, buttercups and tulips.

Tim Moulaison brought his painted picture of palms done with oils from numbers and his brother, Raymond, who is in grade four, brought his science animals, dinosaurs and his model squirrel for us to study and make for our mural.

The children and Mrs. Leach enjoyed a long printed letter from a former classmate, Dean Strickland, who is now living in Florida.

We enjoyed the pictures and descriptions of Kathy Ellis and Bernadette Dinsmore's participation in the crowning ceremony at St. Bernard's Catholic Church and of Nancy Root in the dance recital.

The children did an excellent job sorting their teacher's personal story and picture books and selecting the ones suitable for fall, winter, spring and the many holiday seasons for the coming year.

The morning class won the PTA banner at our last meeting and the afternoon class enjoyed refreshments furnished at this final meeting by their mothers.

Stephen Aziz brought his Pinocchio to school and Billy Heald brought his story of "The Little Wooden Man" to be read by his teacher.

We enjoyed visiting Mrs. Merrill's room where we saw baby seagulls, lizards and salamanders.

Following the long Memorial Day weekend, the children had many interesting stories to tell about their many experiences: planting their gardens and fishing and camping with their families. Among the most interesting were Billy Leonard's trip to Simpson's Animal Park in Brunswick, his hike to the Rockland breakwater lighthouse and Gary Lucas' marching in the Camden parade with his grandfather.

Will Burk will be celebrating his sixth birthday at school during our last morning session. Other children, whose summer birthday cakes have been cut and mounted for our birthday corner, are: Sherry Hooper, Alan Chenbaugh, Billy Heald, Gary Lucas, Barbara Roscoe, Ann

Young, James Cannon, Dale Win-MacWilliams, James Gray, Bruce and Brenda Jordan, and Barbara-Jean Dahill.

Grade 1 — Mrs. Ausplund

On the afternoon of May 27th, 32 members of our class enjoyed a trip to the Farnsworth Museum to see the school art exhibit. As usual they enjoyed seeing the work of other children and they especially enjoyed the murals. On our return we stopped at the fire station for a tour of the building and a look at all the equipment. The tour ended with each child, who wished to, having a chance to slide down the pole from the second floor to the first. We are indeed grateful to the firemen there who extended us these many privileges.

At least 21 members of our class will have enjoyable reading each week all summer when they receive their summer Weekly Reader. As a premium for this number of subscriptions we received three books which will be a welcome addition to our class library. They are "Plants and Animals", "This World of Ours" and "The Christopher Robin" storybook.

Janet Morrill is the only pupil who will be celebrating a June

birthday. Summer birthdays will be celebrated by Sue Bailey, Virginia Morrison and Frank Landre in July. Judy Call, Craig Gam-ava, Stephen Hodgkins and Andrew Swift have August birth-
days. We shall take a few minutes at the close of school on the last day to observe all the birthdays of the pupils in the class.

Lunch money has been cared for by Andrew Swift, Charlotte Dudley, Craig Gamage, Susan Kinney and Frank Landre.

Janet Morrill and Vickie Varney made gingerbread cookies, with the help of Mrs. Morrill, which they brought to school and gave one to each of their classmates. They looked very tasty.

Michael McLellan has the dis-

tinction of not having been absent for the entire school year.

Richard Wood has recently returned to school following his recuperation from a tonsillectomy. On May 27th he shared his birthday celebration with his classmates by giving each one a tasty popsicle.

Charlene Munsey, Irene Sleeper, Karen Seavey and Alice Cole have been the FTA students who came to our room this year. We feel honored to have had Miss Cole return for the third year. We appreciate the help which these young ladies gave us. We extend to them and to everyone best wishes for a very happy summer.

have been brought in by Sally Blood, Jacqueline Watling, Robert McKusic, Stacia Garey, Patricia Grindle, Frederick Brann, Glen Pease, Sue Todd, James Kilgour, Gail Gamage and Raymond Smallwood.

In social studies class we are studying transportation in Rockland. We have arranged a bulletin board exhibit entitled "Ways of Going Places". Pictures have been drawn by members of the class, stories written about individual experiences on trains, buses, boats and airplanes. We have visited the ferry landing. We watched the ferry boat come

in from Vinalhaven. We saw cars and trailer trucks as they came off the ferry and watched the trucks and cars being driven onto the ferry for its return trip to Vinalhaven. We all had a bus ride last week. We saw the small airplanes at the airport in Thomaston and went to the Municipal Airport at Ash Point to watch the Northeast Airlines plane arrive. The bus ride was especially interesting. Many had never before had a bus ride. Fay Morrill's mother went with us on the bus ride.

We are happy to welcome George Grierson as a new member of our class. George came to us from Rockport.

Christine Look left our class early this year. She has gone to Kentucky to visit her grandmother.

Stacia Garey has had perfect attendance for the entire year. We went for a nature walk through Lindsey Grove recently. We brought back many different things for our science table. After our walk we wrote stories and poems about spring and signs of spring. One poem which the class enjoyed was:

SPRING
I saw the forget-me-nots
And the flowers in the pots.
I saw poppies, it is true
And flowers old and new.
Cathy Schrenk

Grade III — Mrs. Crockett
This will be the last news for this school year. We have been studying and doing our lessons

well to be ready to enter the fourth grade this fall. We were invited to a science exhibit and demonstration in Mrs. Bangs' room. We saw and learned many interesting things about the world of science. Our cloak room has been newly painted.

The class visited the art exhibit at the Farnsworth Museum and saw some of our own drawings on display.

We have enjoyed having Miss Boothby, a student teacher, with us this quarter.

Christy Adams brought his baby dove for us to see. David Jordan brought his tadpoles, frogs and turtles to visit us.

Grade IV — Mrs. Bangs

Our exchange project with a fourth grade in Parkway School, Ephrata, Washington, provided a week of happy surprises. First we received a bundle of newspapers from Wenatchee, the Apple Capital of the World, with much information on the State of Washington. These were particularly interesting as even their daily papers have colored pictures.

Next came a package of Aplets, a unique fruit-but confection of the Far West. Then came a package containing tumbledweed or Russian thistle, sagebrush with its pungent odor and greasewood covered with yellow blossoms. These provided a valuable learning experience as we had read about them in social studies. In the third package were also pieces of petrified wood, lava rock, many colors of flint used by the Indians in making arrow heads and a spear head dug out of the bank along the Columbia River by some of the fourth grade boys.

We invited Mrs. Glidden and her fourth grade pupils from North School to visit during our science review and exhibit. We did for them the same program we had planned for our parents.

Birthday greetings were extended to Philip McEllan who was ten years old on June 6th. Nancy Townsend told us about her trip to New York and brought spruce gum, souvenirs of New York City and pictures of interesting places to visit as well as snapshots taken by the family.

Patricia Ellis brought us a beautiful bouquet of lady's slippers. Jean Russell, Roberta Gordon, Gerald Gherardi, William Stoddard, Donald Payson, Darrell Bowser and Raymond Moulaison have brought in records for our enjoyment.

Grade V — Mr. Gould
The enrollment of this class

has remained at 35, 16 boys and 19 girls.

The class has enjoyed an old map brought in by Dwight Wass which belongs to his grandmother. The map is over 130 years old and is unlike any seen in use today. It was fun to make a comparison between this map and the ones now in existence.

Recently our class attended Open House at the Telephone Building. This was quite interesting with many of the class becoming familiar with the way our modern dial system works. Pupils were shown that by telephone one can call California in a matter of seconds. This was actually done by the operator which was one of the things that added to the field trip.

This class wishes to thank all parents who furnished refreshments for the social held June 3rd. We would also like to thank grade six for the invitation to go. Many from our class were there and I'm sure all had a good time.

The movie "Hemo, the Magnificent" has been shown recently to this class. This movie tried to show how blood is circulated through the body. It was interesting and to put several points across in simple words and actions, animation was used in various parts of the film.

The fifth and sixth grades recently engaged in a mathematical race with several teams competing. Each team was made up of fifth and sixth graders. Pupils from this room who will have birthdays within the next few months of summer vacation are Steve Anderson, Jo Call, George Thomas, Bruce Bitler and Eileen Flanagan. All will be 11 years of age.

Grade VI — Mr. Parker

Each student in the class made a paper cutout of a person from the countries we have studied in social studies this year. We placed them on a string which ran to that country on the map.

Last Friday was our final social of the year. The chairmen

were: Michael Laliberty, Jacqueline Margeson and Mary Eller Gamage. Others who helped were: John Compton, Janice Christopher, Gloria Gifford, Edna Gamage, Robert Hofacker, Linwood Adams and Laurence Eneany. The fifth grade class helped with refreshments. Parents who helped on the refreshment table were Mrs. Lillian Margeson, Mrs. Eleanor Pellicani, Mrs. Ruth Blithen and Mrs. Mary Thomas. Mr. Thomas, next year's PTA president, also helped with the dances and refreshments. Mr. Parker and Mr. Gould were faculty advisors. Nearly all in both classes attended.

Class presidents this year have been Linda Pellicani, Willard Pease, Allison Ladd and Johnna Blithen. They have been highly successful in their terms of office.

We made leaf fossil prints in plaster of Paris in science recently. We have colored them and find they make an interesting study of the veins of various plant leaves.

We have seen "Our Mr. Sun", "The Great Adventure" and "Hemo the Magnificent" in visual aids in the past month. They come from the New England Telephone and Telegraph Company and from the State Department of Inland Fisheries and Game.

School librarians were taken to the drug store for sundae by Mrs. Keller, the school librarian. The top five on our reading circle designs were Johnna Blithen, Allison Ladd, Linda Pellicani, Sally Knowlton, and Sharon Douglas.

Our high school student teachers have left our classroom now but we would like to recognize them for their help. They were Mary Ann Hedaa, Michael Savitt, Sheila Vinal, and Shirley Carlson.

The telephone company invited us to tour their new offices on Limerock Street and we accepted. This was a great help in understanding how the telephone works.

SGHS BASEBALLERS WIND UP SEASON WITH STRONG 9-1 VICTORY OVER WARREN HIGH

ST. GEORGE—The St. George High baseball team wound up their season with an easy 9-1 win over Warren Tuesday afternoon. The win was made easy by the fact that Warren was guilty of 11 errors. The visitors were held to only three hits by Gary Austin and St. George had only four off the delivery of Art Heathcote.

St. George won it with a six run second inning when two errors and three walks were

mixed with singles by Don Holmes and Dick Minzy. Fred Durkee drove in the only Warren run in the seventh after an error and walk. Art Heathcote and Arnold Pece had the other two Warren hits. Holmes had two hits for the winners.

The Bristol at Rockport game was re-scheduled for Thursday. A Rockport win will clinch the flag for the Beavers, while a loss will create a tie with St. George.

Score:
Warren 000 000 1-13-11
St. George 160 002 x-9-4-1
A. Heathcote, Helmer (6) and Overlock, Austin and Link.

Law Bans Stickers On Windshields

The practice of posting political stickers on car windshields and windows is illegal and resulting in complaints, according to Arlyn E. Barnard, chairman of the Maine Highway Safety Committee. "The law expressly prohibits any such use of car windows," Barnard said. The law to which he refers is Section 39A of Chapter 171 which reads, "No person shall drive any motor vehicle with any sign, poster, or other non-transparent material upon the front windshield, side windows, or side or rear windows of such vehicle which obstructs the driver's clear view of the highway or any intersecting highway."

Points can be assessed against such drivers' records for violation of this provision at the discretion of police officers, Barnard added.

Running Close On Grace Period Causes Trouble

TOGUS—The habit of "riding the 31-day grace period" has caused the lapse of valuable GI insurance policies of hundreds of Maine veterans in recent months, the Veterans Administration said yesterday.

Manager Dr. Joseph Wellman of VA's Togus Center reported that too many veterans on "grace period" time are forgetting their final deadlines, thus lapsing their policies at a time when their dependents need insurance protection most. He advised all veterans to avoid this pitfall by making up that monthly payment they are running behind, if they have been making their payments each time during the grace period.

Two other bits of advice to GI policy holders were given at

the same time by the VA manager.

1. Pay premiums annually, semi-annually or quarterly instead of monthly, and save time and money in mailing, plus a small reduction in premiums.

2. Don't send cash through the mail to pay your premium. If it's lost in transit, it's your loss. Always use checks or money orders. This not only assures the safety of your money, it also provides a receipt in the cancelled check or money order stub.

Manager Wellman said any VA Contact Office could provide information as to the cost of premium payments on an annual, semi-annual or quarterly basis.

Reprints in 8 x 10 inch size of news pictures taken by Courier-Gazette photographers may now be purchased at \$1 each. Orders may be placed by phone, LYric 4-491, or at the office.

for the things you want

This is the Kingswood 4-Door
9-Passenger Station Wagon

With wagons like this one in the lineup, it's no wonder Chevrolet is the most popular car in the whole U. S. All five Chevy wagons, 6- and 9-passenger models, are widest where wagons should be wide—with comfortable seating space that becomes up to 92-cu. ft. of cargo area by a simple adjustment. All five feature all the things that are making Chevrolet first choice, too: FULL COIL SUSPENSION cushioning all four wheels... an ECONOMY TURBO-FIRE V8 that gets up to 10% more miles to the gallon on regular gas, or that well-known saver, the HI-THRIFT 6... the shift-free smoothness of TURBOGLIDE... a wider front seat and more entrance height in Chevy's ROOMIER BODY BY FISHER than you'll find in any other car of the leading low-priced 3. Now's the best time to stop by and let your dealer list all the reasons why YOU CAN'T BUY ANY CAR FOR LESS UNLESS IT'S A LOT LESS CAR! *Optional at extra cost
