

Bangor April 29. 1859

Hon Genl McMorille
Augusta

Dear Sir

I learn that the appointment of Indian Agent is to be made at the next session of the Council and that names of several gentlemen will be presented for the Agency.

Albert Richardson Esq of Old Town is a Candidate; and should you deem it consistent to appoint him, I think the Executive nor his numerous friends will have occasion to regret it.

Mr Richardson is a gentleman of strict integrity, large sympathy, and every way qualified to care for and protect the interests of the Penobscot Indians - his appointment cannot fail in giving very general satisfaction.

Very Respectfully Yours
Isaac B. Clark,

Dear Sir

I learn from
Mr Albert Richardson of
Oldtown, that Mr Staples,
the present Indian Agent,
is about to resign his office,
and that he, Mr R. desires
the appointment.

I became acquainted with
Mr Richardson in 1853,
he being then a member
of the A. of R. from Jefferson.
Although we belonged to
different parties, I yet found
an extremely favorable
opinion of Mr R. as a

gentleman of intelligence
and moral worth, and
though I have had no
knowledge of him since
that time, I need have
no hesitation in cheerfully
recommending him to your
favourable consideration.

Respectfully,
Yours &c.

To his Excellency G. M. Morrill Governor of Maine
Dear Sir

It is here supposed that a new Indian Agent will have to be appointed Mr Staples it is supposed will leave the place — There are in this community some who feel anxious that the Indians should have their affairs conducted honestly and without speculation on the part of their Agents. But Speculators by extra efforts generally succeed in obtaining the office Mr Albert Richardson a citizen of this place I understand would accept the place if you should see fit to appoint him. He can be relied on as an honest man and a fair dealer in whose hands the business can be safely trusted.

Yours truly
