Sur \$ 64.00

Portland, March 2^d 1839.

State of Maine,

To W^m Tinsion D^r

To 53 days from Dec^r 31st. 1838 to
March 3^d 1839, drawing a large
finished Map of the disputed
Territory, and adjoining Parts, delineating
the features of the Country (so far as
they have been explored) under their
respective angular shades; shewing
the high and low Lands, - the sources
and routes of the Rivers and Streams, -
likewise Profiles giving the face of
the Country, from the Monument
to the N. W. angle (with the exception
of a short distance which the Commissioners
had not time last season to accomplish)

- at 5 dollars per day, being the sum that
the State allowed me in 1836, when employed
by the Board of Internal Improvements for
doing the same kind of work, - and which
I represented to Col. Deane before I began
the job. -

\$ 265.00

To 4 days going to Augusta finishing the Map,
and returning to Portland

20.00

- Stage hire

6.00

\$ 291.00
