Efforts To Obtain Bank Branch At Union To Be Fulfilled On December 19

UNION — Banking facilities again will be available in Union starting Dec. 19, Clayton McCobb, president of the Camden National Bank, told members of the Union Chamber of Commerce at a special meeting, Monday night. It was through the efforts of the Chamber that \$700,000 in deposits was pledged to interest the Camden bank in opening a Union branch. The Depositors Trust Company closed its Union branch Aug. 12. Seeking sufficient deposits to warrant a branch bank became a community project. A thermometer was erected on the town common and dozens of people pitched in to raise enough pledges.

Harland Demuth, Chamber president, announced that a ribbon cutting ceremony at the re-decorated bank facilities will be held at 2 p. m. Saturday, Dec. 17.

Personnel and guests of the bank will be present Dec. 17 to meet the people they will serve and to show them around the bank. A brief program will be presented at the bandstand on

Union Common, followed by open house at the bank until 4 p. m. Refreshments will be served at the showroom of Butler, Maxcy and Heath, Inc., adjacent to the bank.

Routledge Manager

The bank announced that Brian Routledge of Martinsville, assistant cashier in the Camden bank, will be manager of the Union branch and Mrs. Marion Littlefield of Camden, a teller, will be his assistant. Only two persons will staff the bank for the present.

Depositors Trust Company said when it closed the Union branch that there was not sufficient business to permit operation. It left the people of the Union area the choice of banking in Waldoboro, Rockland or Camden.

The delay between completion of the pledge campaign and the announcement of opening the branch was caused by the time it took for the Federal Government to approve the move. Any expansion of a national bank requires approval of Federal banking authorities.

Hospital Engages Tenants Harbor Man As Director Of Long Range Development

The Board of Trustees of Knox County General Hospital, recognizing that it is its responsibility to provide the best possible care

William J. Reinhardt

for those admitted into the hospital, has inaugurated a long-range development program to meet the present and future needs of the hospital by insuring adequate income and endowment.

As a first step in this program, the trustees have obtained the services of William J. Reinhardt of Tenants Harbor as Director of Development. He will assist the Board of Trustees and the Administrator in planning, organizing, and directing the overall development effort.

Reinhardt comes to Knox County General Hospital from the University of Maine where

he was executive director of the Arthur H. Hauck Building Fund. Previous to this he was assistant to the vice president for Development of Colby College and helped direct that college's \$2,500,000 Fulfillment Program. Reinhardt also has had wide experience in church development work. Among the church building programs that he has directed in Maine are those of the Universalist Church in Rockland and the First Baptist Church in Bangor.

Reinhardt is a deacon of the Second Baptist (Ridge) Church of Martinsville and a member of that church's choir. He is vice president of the St. George Volunteer Firemen's Association and member of the St. George Fire Department, the Knox County Firemen's Association, the Maine State Federation of Firefighters, and the International Association of Fire Chiefs.

A native of New York State, he spent many summers in the Belgrade area. When he and his family moved to the Glenmere section of St. George six years ago it was their introduction to coastal living. Mrs. Reinhardt's parents, Mr. and Mrs. Fred S. Shumaker had been coming to Glenmere summers for a number of years before making it their permanent home.

The Reinhardts have two sons, ages two and four.

Depositors Trust To Pay Special 50-Cent Dividend

Officials of Depositors Trust announced Monday that the company would pay its stockholders a special dividend check of fifty cents per share. Payment of the dividend, which is in addition to the regular \$3.00 paid this year, will be made on Dec. 20 to all stockholders of record as of 3 p. m. Dec. 13.

This special dividend brings to stockholders of Depositors Trust Company a return of \$3.50 per share during the year 1960 and is the 10th consecutive year a special dividend has been paid.

Clark Island Postmaster Retires After 21 Years

ST. GEORGE—Mrs. Winnifred W. Milne, Postmaster at Clark Island for nearly 21 years, retired at the close of business on Nov. 30, 1960. Mrs. Milne, the former Winnifred Williams, daughter of the late Mr. and Mrs. John R. Williams, the former Postmaster, and his assistant, practically grew up in the business, as one might say.

Mrs. Milne was sworn in as clerk under her father at the age of 15 and has worked in the office, off and on, up to the time she became Postmaster. She took her oath of office as Postmaster Feb. 1, 1940. She worked in the Rockland National Bank and First National Bank of Rockland as individual bookkeeper for about 10 years. At that time the Post Office was open until 9 p. m. or later, so she would work in the office in the evenings for her father.

Mr. Williams became Postmaster Nov. 5, 1904, and due to the retirement law was retired at the age of 70, serving as Postmaster over 35 years. Upon his retirement, Mrs. Milne became Postmaster.

The Post Office at Clark Island was established as Clark's Island June 5, 1884. Its name was changed to Clark Island on Feb. 27, 1892. The first Postmaster was Fairfax W. Weaver, who served only three months.

Upon decline of the granite industry on Clark Island, the office was moved on Nov. 27, 1904, to quarters at the Williams' home on the mainland.

Christmas Seal Sale Shows Rise From Last Year

CAMDEN — The first Knox County report of the 1960 Christmas Seal Campaign of the Maine Tuberculosis and Health Association was said to be "encouraging and slightly ahead of the 1959 campaign," by Dr. C. Harold Jameson, Camden, president of the association.

"The early returns have been coming in well this year," Dr. Jameson said, and \$1,600.00 was reported for the first 12 days of the campaign in Knox County. This is \$377.10 ahead of the comparable number of days of last year's campaign.

"Although recent years have shown considerable gain in the fight against tuberculosis, thus far in 1960 thirty-one more persons in the State have been found to have the disease than a year ago. It is hoped that this is the result of better case finding and not the result of resurgence of the disease or some other complication," he stated. "Regardless of the cause, however, it indicates that we cannot afford to be complacent and lessen our efforts."

Dr. Jameson urged all persons who received Christmas Seals to accept and use them. "The entire health program of the association which includes work in respiratory diseases as well as tuberculosis, is dependent upon public support of the Christmas Seal Campaign," he concluded.

Deflated Tires In Rockland Plague Police

Several reports of deflated tires have been reported in Rockland in the last 48 hours. In one case the air valve was completely removed from the tire and had to be replaced. None of the incidents involved slashed tires, but have caused a great deal of inconvenience to the victims.

Tuesday night, Clarence Hooper found his tires deflated outside the Community Building. He was attending a function in the building and had to change tires when he came back to his car.

Three trucks belonging to the Railway Express Agency on Union Street had their tires deflated Tuesday afternoon and Wednesday morning. An unidentified salesman also found three of his tires deflated in the City parking lot on Winter Street Wednesday morning.

A special device attached to a pump in the Fire Department's emergency truck was used to inflate these latest occurrences.

Local police and firemen believe it is the work of teenage pranksters and are investigating the happenings.

Driving Charge Results From Warren Crash

WARREN — Two cars collided head on Tuesday night on the Clarry Hill Road in Warren resulting in damages estimated by State Police to be \$600. Craig A. Leonard, 17, of Union, driving one of the cars, sustained a cut lip but did not require medical attention.

State Trooper Arthur Wood identified the driver of the other car as Norma Gail Hamilton, 16, of Union. The accident happened at 7:45 and a charge of failing to keep to the right of the road was brought against Leonard in Rockland Municipal Court Wednesday morning. The case was continued until Dec. 9 for hearings.

Damage to the Leonard car was estimated at \$250 and \$350 to the Hamilton car.

St. George Native With Estate Estimated At \$115,000 Cuts Off Sister And Brother In His Will

The will of a St. George native, Frederic Smith, 79, which was filed in Middlesex Probate Court in Massachusetts this month cut off a brother and sister without a penny and gave his estate, estimated at \$115,000 to neighbors in Cambridge, Mass.

The will of the aged bachelor stipulated that his sister, Miss Gertrude L. Smith of Martinsville, and an older brother, Peter L. Smith of Sarasota, Fla., not share at all in the estate.

Beneficiaries of Smith's bequests were Amelia and Gustavus Johnson, husband and wife, who made their home in the same rooming house in which he lived prior to his death August 25 at 31 Upland Road, Cambridge, Mass.

Smith was a retired electrical engineer who was many years in the employ of the City of Boston. He was reputed to have been somewhat of a recluse in recent years, but to have been active in the stock market with marked success.

Mr. Smith died at the Cambridge City Hospital on Aug. 25, two days after he had been admitted, critically ill. The will which disposed of the large estate was dated August 24, the day after he entered the hospital. At midnight of the 23rd his sister in Martinsville was notified by the hospital as his next of kin that he could not survive.

Davis Funeral Home of Thomaston was called by Mr. Johnson who asked that they make funeral arrangements. The Johnsons were not in attendance at the funeral which was held the Sunday following. Interment was in Seaside Cemetery in Tenants Harbor.

Miss Smith had made her home most of her life with Mr. and Mrs. Nelson Gardner of Martinsville. Since their deaths, she has made her home on the same place with the family of Arnold Stimpson. Mr. Stimpson, a lobsterman, is a St. George Selectman.

Mr. Smith went to live in the Upland Road rooming house where the Johnsons reside some 10 years ago. The following paragraph was quoted from his will Wednesday evening by Boston sources. "The reason I wish to leave my entire estate to Gus and Amelia Johnson is that they were my neighbors that took good care of me and they were my personal friends."

The Johnsons are credited with having informed Boston news sources that they did not know of Smith's activities or his family connections prior to taking up residence with them a decade ago.

Mrs. Johnson, the mother of five, was employed as a waitress at Bliinstrub's Village in South Boston. She has quit work since Mr. Smith's death. Her husband is also reported to be a restaurant worker.

The will was filed with Middlesex Court on Dec. 2 by a Boston attorney, A. Herbert Kahalas, who is also a member of the Governor's Council in Massachusetts. The will was allowed by Judge Joseph W. Monaghan.

The document estimated Smith's real estate holdings at \$15,000 with his personal estate being uncertain. The Court appointed three appraisers to determine the value of the personal estate. Setting a value of \$100,000 were appraisers Robert

O'Leary, Abraham Skoburn and Hector Cicchetti.

Unconfirmed reports emanating from Boston Wednesday had it that securities belonging to Smith were found in his living quarters after his death. Also that some valuables were contained in an artificial leg which was removed from him at the hospital.

Persons close to Miss Smith told Wednesday evening of her relating that her older brother had assured her that she would be cared for in event of his demise. He visited her at Martinsville summers and she was with him in Boston in the summer of 1959, according to well informed sources. At that time he is reported to have reassured her as she accompanied him to his banking institution when he deposited earnings from his bond or stock holdings.

Attorney Samuel Collins of Rockland, who represents Miss Smith, said Wednesday night that he could not comment on the possibilities of contesting the will disposing of the large estate until he had conferred with his client. He did say that he was in possession of a copy of the will which he had obtained from Middlesex Court recently.

Mr. Stimpson said late Wednesday evening that he was to confer with Collins this morning on behalf of Miss Smith.

Band Boosters Hit Half Of Uniform Goal In Less Than Month Of Operation

A dedicated group of parents in the Rockland area have taken a big job by the tail and have given it a mighty twist in less than a month. The School Administrative District 5 Band Boosters report more than \$1,000 has been received for the band uniform fund in less than a month. They have achieved about half the goal.

The total topped the \$1,000 mark, Monday night, with a donation of \$300 by the Rockland High School PTA.

Activities have been held and

are being planned in all sections of School Administrative District 5. Another dance will be held at Spruce Head Saturday night. Dimes deposited in Rockland parking meters will swell the fund all next week. The dimes will not give any parking time but will help the Band Boosters toward their \$2,000 goal.

The organization was formed less than a month ago and the group set out immediately to raise funds in any way possible. Any donations may be mailed to Chairman Mrs. Margaret Lord, 23 Jefferson Street.

Camden Hospital Reaches \$7,700 In Maintenance Fund Drive For \$19,000

CAMDEN—With the conclusion date nearing, the Camden Community Hospital annual maintenance fund drive has reached nearly half its \$19,000 goal. Miss Bessie Bowers, treasurer, announced that \$7,733.09 has been received in contributions and pledges. The campaign committee seeks reports from all workers before Christmas.

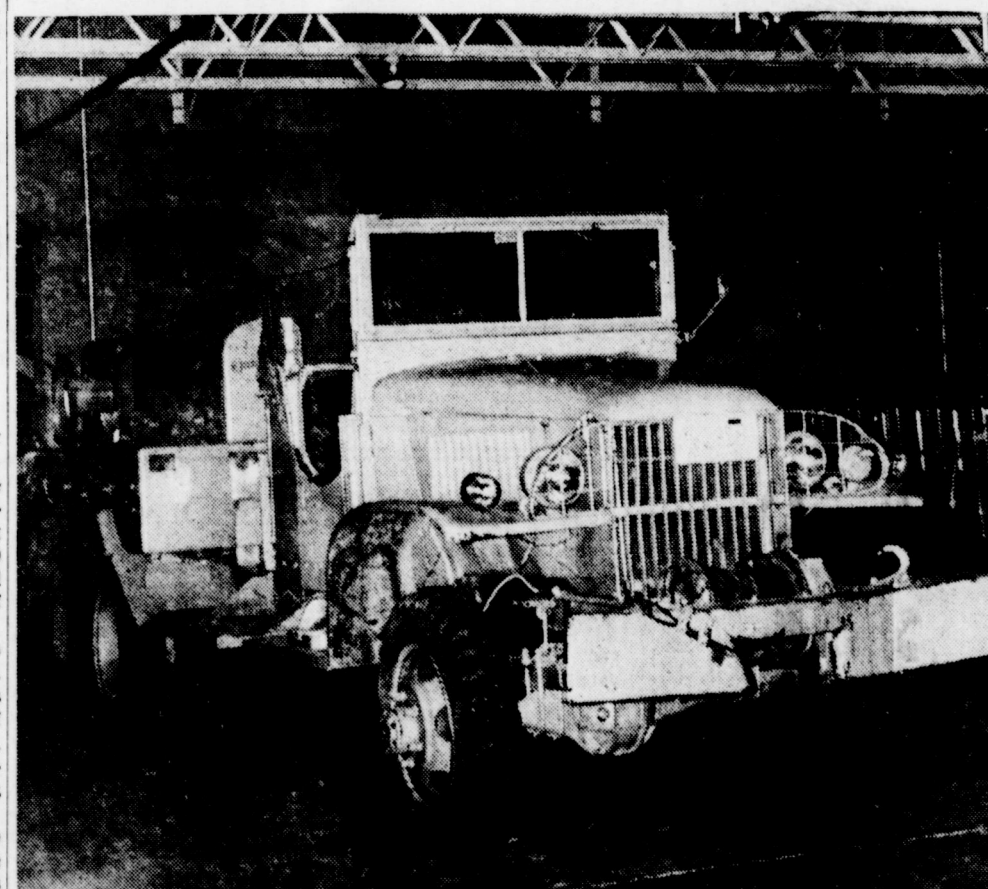

Robert Laite, trustee in charge of fund raising, explained that the goal is much larger than usual because the hospital incurred expenses in moving to the new facilities that will not be repeated. He also said the loss

from State aid patients amounted to \$8,611 in the past year. The State pays a little less than \$7 a day with hospital expenses almost triple that.

Laite pointed to 16 \$100 gifts as indicative of the fine response being given the drive. He also said the response from the board of directors has been outstanding.

Miss Bowers reported that there are a number of workers from whom she has not received a report. Anyone who has not been contacted may send contributions to Miss Bowers at 15 Mountain Street.

Split Between Firemen-Town Officers In Thomaston Results In Resignation Of Community's Entire Fire Department

A 10 wheeled government surplus vehicle owned by the Town of Thomaston sits in the Thomaston Fire Station as a symbol of a rift between the Fire Department and the Board of Selectmen. The vehicle was moved into the station, Tuesday, over the objections of the department. Town officials say housing the truck in the fire station is a temporary measure to avoid leaving it out in the weather during the winter. The Fire Department says it takes up space used for drills and maintenance. Photo by Cullen

THOMASTON—The question of who controls the Thomaston Fire Station and its use has resulted in an impasse between Fire Chief Edwin Anderson and the department with the Board of Selectmen. The controversy came to a head Tuesday morning when a town compressor truck was moved into the station and Chief Anderson, Deputy Chief Orrin Benner, Assistant Chief George Grafton and 27 firemen submitted their resignations.

Chief Anderson and the Board of Engineers (the deputy chief and assistant chief) contend a town ordinance gives that group

sole control of the department and the fire station.

Town officials say the compressor truck is housed in the fire station as a temporary measure until more space can be made at the highway garage. They plan to leave the truck in the fire station all winter and move it in the spring. The vehicle was purchased as government surplus last summer and made it possible for the town to avoid hiring all its compressor work done.

A further bone of contention, according to the fire department, is the fact that Deputy Chief Benner's vehicle which is

marked for emergency use has been tagged for illegal parking on the fire station ramp. Fire officials assert that the fire station apron comes under their jurisdiction.

Discussion to housing the highway truck in the fire station has been going on for some time. Chief Anderson attended a meeting of selectmen, Monday, in an attempt to dissuade them from the planned move.

Chief Anderson submitted his resignation Tuesday morning. It will be effective Dec. 31. Later, on Tuesday Deputy Benner and Assistant Chief Grafton submitted their resignations. Continued on Page Two

WHEN THE CHIPS ARE DOWN

An example of what a town can do for itself when the chips are down will be shown in Union December 19 when a branch office of the Camden National Bank will be opened in the community. In August, the Depositors Trust Company closed its Union branch office, leaving the town with banking services no nearer than Camden, Rockland or Waldoboro. The Chamber of Commerce undertook to interest another bank in locating a branch in Union. Officials of the Camden National Bank showed interest and said that if deposits of \$700,000 were pledged they would operate a branch in the community for general banking services. Within a few weeks the required amount was pledged by people in the north county as Chamber of Commerce members devoted their full efforts to the project. It is a job well done and much credit goes to the Union Chamber of Commerce.

A DOUBLE OPPORTUNITY TO HELP
AT CHRISTMAS TIME

We wish to call attention to two major service club projects which are scheduled this week in the City. First, is the Rotary Club Christmas Concert Sunday afternoon at the Community Building. The event will feature the Brunswick Choral Society and the Bowdoin College Glee Club. The second is the sale of Christmas trees being carried out by the Kiwanis Club in a vacant store at the junction of Main and Park Streets. Though totally unrelated in what they offer, both have the same aim, that of assistance to those who deserve a helping hand. Earnings from the Rotary Club concert will be used for scholarships which will be presented to Rockland High School graduates. Funds earned by the Kiwanis Club from the sale of Christmas trees will be used to purchase foods for Christmas baskets which will be distributed to needy families Christmas week. Both projects of the service clubs deserve public support. Both offer much in return for cash expended, in addition to the pleasure of knowing that the money will be helping someone who will appreciate it.

The Public Says

Those "Brighter Days"

Thomaston,

December 4, 1960

To The Editor:

My valued friend, Mr. Morse, has been writing some very interesting historic matter in your paper, dealing in a somewhat nostalgic fashion with what he so rightly calls "brighter days."

But what lately interested me particularly was his reference to the small boat "May Archer" and to her forthright skipper, Captain Archibald.

For I well remember the occasion, too many years ago to dwell upon, when I took the "May Archer" from Thomaston out to Monhegan, stopping at Port Clyde.

I had been in Rockland the previous evening and in some stupid fashion had contrived to miss the last trolley car back to Thomaston where I was stopping at the Knox Hotel. The walk would have been nothing except that there was a pouring rain.

So I was forced to stay in Rockland, and took the first car back in the morning, just in time to collect my things at the hotel—where of course I had to pay for the lodging I hadn't used—gulp a cup of coffee and get down to the wharf. It was a beautiful morning in August, but I was hungry! At Port Clyde I went up to the store and bought some dried fish and ship's biscuit, pretty grim fare as you will surely agree.

At Port Clyde, there was lying, tied up to a dock, the old schooner "Polly" whose origin is lost in the dim mists of antiquity. She was manned, quite appropriately, by four old fellows, antique and bearded, a truly amazing sight. As I remember it, they were known along the coast as Noah—the skipper — Shadrach, Meshach and Abednego.

Anyway, as we were about to leave for Monhegan, Captain Noah yelled to Captain Archibald, "Oh, Cap'n! Oh, Cap'n! Archie, Jonas said you'd jerk me out."

The voice carried a long way in the still morning and there was a roar of mirth from all sides. I do not know who "Jonas" may have been, but apparently he was known to Captain Archibald who was depend-

ed upon to give the old "Polly", ancient coaster with her crew of the ages, a short tow down the river into the open.

Captain Archibald, staggered for a minute, shouted, "all right, heave me your line." It was taken aboard and the steamer moved slowly ahead.

"Whoa, whoa", came from Shadrach, or it might have been Meshach or Abednego, who had not got the towline properly fastened.

"What do you think this is?" shouted back Captain Archibald, a little out of patience by now. "A yoke of oxen?"

We got the "Polly" out into the sea while her four bearded seamen made sail on her and set off to the eastward, no doubt to load paving-stone at Stonington.

The "May Archer" wound up her career in Rhode Island, as you may know, running from Providence to Block Island via Newport. More than once she encountered rough weather, for the run from Brenton's Reef Lightship to Block could upon occasion be choppy. But she was a good sea boat.

No trip anywhere was more attractive than in the early morning, down the beautiful Georges and then out to Monhegan and on to Boothbay Harbor. It is only one more, though, of the many things of that "brighter day" that are lost.

Rockland — Ronald Porter, 23, of Rockland was treated for lacerations of the right hand Tuesday at Knox County General Hospital. He cut his hand while working with a saw at home.

Rockland — A collision on Union Street at the corner of Talbot Avenue caused an estimated \$225 damage Wednesday morning at 8:15. Rockland Police said that Everett A. Conary, 71, of Vinalhaven attempted to make a left hand turn onto Talbot Avenue as he proceeded south on Union and crossed over from the right hand lane. He collided with a car driven by Mabel E. Peterson, 37, of Rockland resulting in \$150 damage to her car. Conary told police that he did not see the other car when he signaled to make his turn. Damage to his car was estimated at \$75. There were no injuries.

Rockland — Slight damage was caused Monday night when a car driven by Gerald Mitchell of Rockland ran into the rear of a car stopped on Summer Street waiting for a trailer truck to make a turn into Broadway. The Mitchell car received front end damage while the other car driven by Mrs. Richard French of Rockland received rear end damage. Rockland Police investigated.

KIWANIS CLUB IN BUSINESS — Pictured is the Rockland Kiwanis Club Christmas tree store next to Newbert's Restaurant near the junction of Park and Main Streets. The clubmen are bringing in fresh trees daily and are heavily stocked with all sizes for the weekend trade. All earnings from tree sales will go to the purchase of foods for Christmas baskets for the needy of the City. Store hours are from 1 p. m. until 8 p. m. daily with Kiwanians in attendance to help customers select their trees. The club has also set a free delivery service and trees will be delivered at the time the buyer specifies. Photo by Cullen

HOT ASHES BLAMED — Rockland fireman Richard Luce extinguishes the last few embers of a shed fire at the Pleasant Gardens home of Kenneth Spear Tuesday afternoon. Donald Robshaw is the other fireman in the picture. Spear told firemen that he had put a box of ashes out in the shed when he left his house in the morning. A fire box alarm was received by the fire department at 12:30 and the all out was sounded about 20 minutes later. Damage was light with part of the shed being burned out and a few pieces of wood charred. An unidentified neighbor was credited with discovering the fire and calling the fire department preventing a serious loss. Photo by Campbell

The case was continued for sentence until Dec. 9 and Parker was held in county jail on bail of \$1,000. Kigel said he first started missing things last August two months after Parker started working for him. A list of the items stolen was one G.E. clock, eight quarts of motor oil, four quarts of anti-freeze, four quarts of outdoor motor oil, one box

Rockland Man Is Fined For Wounding Hunter

BELFAST—Kenneth W. Myers, 23, of Rockland pleaded guilty and paid a \$50 fine with \$50 costs of the court in Waldo County Municipal Court in Belfast, Monday, on a charge of wounding a human being while in the pursuit of wild game.

Myers, a soldier stationed at Fort Knox, Kentucky, wounded George W. Pendleton, 19, of Islesboro with a .303 rifle while hunting near Lincolnville Center, Nov. 26. Pendleton was rushed to the Camden Community Hospital and later to Knox County General Hospital when the bullet passed through his leg about six inches above the knee shattering part of the bone. He is reported to be in satisfactory condition at the hospital, but it will be some time before the wound heals.

Myers had jumped a deer earlier and hit Pendleton when he fired at what he thought was a deer. Waldo County Sheriff Hoell Sanker, who brought the charges said that Pendleton was hunting with his father and two brothers when the accident happened.

Daughters Boost Church Repair Fund

AID REPAIR FUND — Rev. David Surette was presented a gift of money for the church repair fund from the Daughters of St. Bernard's Catholic Church Christmas party at the Knights of Columbus Hall. From left to right are Mrs. David Mazzeo, president of the Daughters, Father Surette, Rev. Leopold Nicknair and Mrs. Mario Grispi, chairman of the rummage sale from which the money was realized.

Rev. David Surette was presented a gift of money for the church repair fund by the Daughters of St. Bernard's Catholic Church at their annual Christmas party Tuesday evening at the Knights of Columbus Hall. The money was realized from a rummage sale held by the Daughters recently. Mrs. Mario Grispi was chairman of the sale. A short business meeting was held with President Mrs. David Mazzeo presiding. A report on the Sisters' basket was given by Mrs. John Duff, chairman, and it was reported by Mrs. Grispi that \$175 was realized from the rummage sale.

It was voted to send the Catholic Digest to the Maine State Prison in Thomaston. First communion dresses will be made by Mrs. John Rapose, Mrs. Charles Duff, Mrs. William Molloy, and Mrs. George Gherardi. The decorations for the party were in the Christmas theme and a casserole supper was served followed by a Christmas tree. Gifts were presented to Father Surette and Rev. Leopold Nicknair, who were special guests. Refreshments were served by Mrs. Anthony Cevaseo, hostess chairman, and Mrs. Robert Chisholm, hospitality chairman, assisted by Mrs. Grispi, Mrs. Ann Escorsio, Mrs. Edward Manseau, and Mrs. Gerard Powers.

Mrs. Benner Is New President Of Beaverettes

EAST UNION — The Beaverettes, at a Christmas party Tuesday evening at Beaver Lodge in East Union, elected Mrs. Leona Benner, president; Mrs. Ruth Wiggins, vice president; Mrs. Elita Anderson, secretary; and Mrs. Kitty St. Clair, treasurer. There were 96 members and friends present. A 6:30 p. m. covered dish supper was served with the Beaverettes furnishing home boiled ham and ice cream. After supper the group sang Christmas carols and presents were distributed from the large lighted Christmas tree. A dance followed.

Committee members in charge were Mrs. Alfreda Miller, Mrs. Ann Johnson, Mrs. Betty Carter and Mrs. Edna Young.

Warren Miss Is Wed In Bay State Nuptial Rites

WARREN — Mr. and Mrs. Ronald Messer of Warren announce the marriage of their daughter, Miss Tobey Lee Messer, to John A. Dirckman of Orono and Stoneham, Mass., son of Mrs. Dirckman and the late John A. Dirckman of Stoneham. The double ring ceremony was performed at the Baptist Church parsonage in Stoneham.

Mrs. Dirckman is a senior in the School of Education at the University of Maine. She was a practice teacher for eight weeks this fall at the North School here in Rockland. She is a graduate of Warren High School.

Annual Greens Sale To Be Highlight Of Season At Camden, Thursday, Dec. 15

CAMDEN — The ninth annual Greens Sale, under the auspices of the Camden Community Hospital Auxiliary, will be held on Thursday, Dec. 15, at the YMCA from 10 a. m. to 4 p. m. Over the years this sale has come to attract almost as much statewide comment as the famous flower boxes that decorate Camden's streets.

This season the decor of the Greens Sale, under the direction of Mrs. Ambrose C. Cramer, will be designed around the old-fashioned Christmas tree motif. As in other years there will be gifts as well as a table of special Christmas foods, the latter being the special province of Mrs. Alton French. But, as the name of the sale implies, emphasis will be greatly placed on greens; wreaths of all sizes, decorated or plain; swags, partridge berry bowls, box balls, holly, magnolia leaves, etc. For the do-it-yourself enthusiasts there will be a far-ranging, imaginative assortment of decorations that can be used on wreaths, Christmas trees, table centerpieces or gift boxes.

It is expected that the One-of-a-kind table will again exhibit some of the most ingenious arrangements of the sale. More often than not these are of a kind that can be kept for years and that add a continuing and familiar interest to the family Christmas.

Starting at 10 a. m., doughnuts and coffee will be served; and from 11 a. m. to 3 p. m. a delicious, inexpensive buffet lunch will be available to shoppers and the "just-looking-arounders."

Since the entire proceeds of the sale go to the new Camden Community Hospital, all townspeople benefit, directly or indirectly, from its success. Too, in patronizing it, tribute can be paid the teams of Ladies' Auxiliary members who have been working tirelessly behind the scenes for so many weeks to make this traditional and handsome sale possible.

However, with or without a sack of gold dust everyone will be welcome at the balm-scented sale at the Y on Dec. 15, that kick-off date of the Christmas season in Camden town.

Martinsville

Rev. and Mrs. Thurber Weller of Danvers, Mass., were weekend guests at the Martinsville home of Mr. and Mrs. Jim Chadwick. Mr. Weller was formerly the pastor at the Ridge Baptist Church until his resignation in late summer, due to illness.

evening was Harold Look. Speakers for the evening were Richard Carey, John Jenkins, Paul Thibault and Carl Miller. The cup went to Thibault and Look for the best table topic; to LaGassey as best critic; and to Jenkins and Carey as best speakers. The next meeting will be held Tuesday evening at the Farnsworth Museum. Paul Huber will be toastmaster for the evening, C. Owen Smith, table topics; and LaGassey, master critic. The invocation will be given by Thibault. Speakers will be Thurston, Basil Simpson, Kenneth Wilson and Look.

District Six Christmas Party Planned By VFW

VFW members of District 6 will hold a meeting and Christmas party at the Northport Post home on Saturday night starting at 7:30 p. m. The district includes posts in Knox and Waldo Counties.

All VFW members from the area are urged to attend and bring a small gift for the tree. Men are asked to bring a gift for a man and ladies for a lady.

The business meeting will be brief and the exchange of gifts will be followed by a social evening.

BREMEN MAN NAMED LINCOLN COUNTY CHAIRMAN FOR 1961 MARCH OF DIMES CAMPAIGN

BREMEN—Robert W. Pearson today was named director of the 1961 New March of Dimes for Lincoln County.

"The New March of Dimes already has made a substantial beginning in its expanded program of seeking to prevent birth defects and arthritis in addition to continuing to seek total control of paralytic polio," the new campaign director declared.

"The people of Lincoln County, through their splendid support of the March of Dimes for more than 20 years, have contributed substantially to a great health program that resulted in the Salk vaccine.

"The 1961 New March of Dimes

offers opportunity for all of us to be a part of work aimed at prevention of still more of the great cripples that afflict so many millions of Americans today," he said.

"I am confident that the people of this county will continue to fight for better health for themselves and their children through the New March of Dimes, both as volunteer workers and through their contributions."

Pearson is an Engineer at Sylvania Electric Products, Inc., having previously worked at Painted Post, N. Y. He is a native of Portland and resides in Bremen with his wife and daughter.

ROCKLAND NATIVE TO BE HEADMASTER OF NEW BOYS SCHOOL IN ATLANTA

Walter H. Butler, Jr., assistant headmaster of Cushing Academy, Ashburnham, Mass., has accepted appointment as headmaster of the Augusta Day School, Augusta, Ga. Butler will assume his duties Jan. 1, 1961.

The Augusta Day School was chartered in June 1960 and is scheduled to open in September, 1961. Tentative plans call for the inclusion of grades 7 through 9, the first year.

Butler has been on the staff of Cushing Academy since the fall of 1952 and was appointed assistant headmaster in 1957. In addition to his administrative duties, Mr. Butler has taught history, been head coach of soccer and golf and assisted in coaching basketball.

A native of Rockland, he is the son of Mrs. Walter Butler of 88 Talbot Avenue, and graduated

from Harvard College with the Class of 1946. He served in the U. S. Army Air Force from December 1942 to November 1945. After graduation from Harvard he attended Clark University and in 1950 received his master's degree in history from that institution. That year he joined the faculty of Deerfield Academy and was on the faculty there for one year before he was recalled to active duty in the United States Naval Reserve. He served in the Naval Historical Division in Washington for a year prior to joining the faculty of Cushing Academy.

Married to Elizabeth Fay Taylor, daughter of Vice Admiral and Mrs. Edmund B. Taylor, USN, in June 1953, they have three children, Walter H., III, age 6, Edmund Taylor, age 4, and Crittendon Gay, age 2.

Future Plans Of University In Legislature

ORONO — Will the University of Maine stand still or progress in the Sixties?

University of Maine President Lloyd H. Elliott said Wednesday that the answer depends to some extent on the decision of the 100th Maine Legislature concerning the State University's request for funds for "new and expanded programs."

He pointed out that it will take additional \$1,170,000 for the university to make modest forward steps in its teaching, research, and extension programs in the next two years.

At the request of state officials, the university has submitted a summary of its needs for operating funds for the next biennium in two parts—the first covering the cost of current services and the second covering the cost of an expanded program. The first part will cost \$8,683,202, while the second part would increase this figure to \$9,853,202.

The additional \$1,170,000 would be used as follows:

How Many Will Die In Fires This Christmas?

How many persons will die in fires during the Christmas holiday?

"Not a one, necessarily," the National Safety Council declared today. "The grim picture of frequent fires at Christmas does not need to be — not if people take a few precautions."

The Council cited these facts about fires:

More than 1,000 persons died last year in December — month when most fire deaths occurred. Chief victims are the very young — children under five — and persons 75 years of age or more.

In recent years, more than half a million homes have been struck by fire.

Fire losses in the home will total more than 300 million dollars this year.

To keep yourself and your loved ones from becoming fire victims, the National Safety Council makes these life saving suggestions.

Don't let gift wrappings accumulate so they become a fire hazard.

Don't smoke in bed. And at holiday get-togethers, use deep ash trays that will hold burning cigarettes securely.

Check your Christmas tree wiring for possible shorts. Better to buy a new string of lights than to risk having tragedy visit your home.

Don't leave the Christmas tree lights burning if you're away from home or out of the room for long.

Don't put your tree up too early. And don't leave it up so long it gets dried out. Keep it moist.

Metallic Christmas trees are fine — if you use the floor floodlights most manufacturers recommend. Don't risk a death dealing short by putting a string of lights on a metallic tree.

The teaching of an additional 60 students (300 more each year) will cost \$323,000; expanded services will cost \$377,000; operation and maintenance of the plant (buildings, grounds, etc.) on a stepped-up basis will cost \$343,000; new equipment and alterations of present facilities will cost \$77,000; and added administrative personnel and their expenses will cost \$50,000.

President Elliott said the second part of the university's request for appropriations included modest amounts for the following: nursing program, \$75,000; educational television, \$100,000; forestry research, \$37,000; second-year courses in agriculture and engineering at the Portland campus, \$50,000; and a poultry diagnostic service at Portland, \$40,000.

Tuition funds made available to the university by increased enrollment will be employed directly by the colleges "to improve the quality of existing programs and to help defray the cost of new teachers and other expenses incident to educating greater numbers of students," President Elliott said.

He noted that through the generosity of a well-known Maine family, the university was able to establish a School of Nursing in 1958. The first class of college-educated nurses will be graduated in June of 1962. He said both the continuation and expansion of this school will require additional financial support.

"Service to business through greater research efforts is critically needed in industry allied with engineering as well as industry allied with agriculture, such as poultry and forestry," President Elliott said. "The addition of the second year of work in agriculture and engineering on the Portland campus will contribute substantially to expanded services in the southern part of the state."

Rockland Debaters Win First Place In Bowdoin Forum Tourney Saturday

Rockland High School took first place in the Bowdoin College Forum Debate Tournament held last Saturday. Carlene Wooster of Rockland was top debater of her varsity panel and received one of the major honors of the tournament for her showing.

First place awards were given to schools that had both novice and varsity panel winners. Each debater received scores which were added to determine which school was highest. After school standings were determined individual winners of the different panels received awards of honor.

There were six varsity panels and six novice panels representing the following schools: Rockland, Sanford, Morse, South Portland, Brunswick, Westbrook, Greenfield and Portland. The final report of complete standings has not yet been released. Judges for the contest were Richard O. Hathaway, instructor in history of Bowdoin College, Lt. Col. Edward A. Ryan, U.S.A., professor of military science, and William Dennis Halloran II, Bowdoin Class of '63.

MOST LOCAL HOOP TEAMS ON THE ROAD FOR FRIDAY NIGHT ACTION ON BASKETBALL COURTS

The Rockland Tigers go out of town Friday for their second start of the year as they meet the Crusaders of John Baptist at Bangor. Both lost opening games — Baptist taking a sound thrashing from well regarded Eastern power Waterville and the Tigers from equally well regarded Brunswick. However, the feeling, and certainly the hope, here is that the Tigers worked all of the bad basketball out of their system for awhile and will come back strong Friday, winning by at least ten and probably more.

The most important of the Knox-Lincoln League games will take place in Waldoboro where the Thomaston Clippers, now 2-1 on the season and packing a scoring wallop, will meet the undefeated Blue Jays. It is a must battle for both teams. In other Friday K-L action Lincoln Academy is at Wiscasset and Boothbay Region at Camden. The Lincoln Academy — Wiscasset battle matches winless teams, while the running Camden Mustangs are heavily favored over Boothbay Region's Seahawks.

The only Medomak Valley League game pits Bristol and Appleton at Bristol where taller Appleton will be favored.

Miss Harjula Tops Honor Roll At Thomaston

THOMASTON — Jacqueline Harjula, a junior, earned all A's in the first ranking period at Thomaston High School it was announced by Principal Clarence Woodbury.

The following honor roll students earned all A's and B's: Seniors — Maureen Carroll, David Harper and Julia Hill.

Juniors — Marylee Benner, Jill Feyler and Alice O'Connor.

Sophomores — Edward Moss, Jo Ann Harper, Helen Whitten and Barbara Hill.

Freshmen — Robert Genevick, Linda Allen, Paula Chapman and Eileen Beckett.

Grade Eight — Rosanne Morrison, Conrad Harding, Kathleen Daley, James Strong, Joanne Richards, Peter Mills, Nathalie Barlow, John Herbert Everett, William Hahn and David Mills.

Grade Seven — Ronald Smalley, Margaret Mills, Schuyler Morrison, Carl Shesler, Peggy Dorman, Peter Larson, James Sukeforth, Robert Strong, and Gary Woodcock.

Rockport Shows Power In Overtime Upset Victory Over Waldoboro Tuesday

WALDOBORO — The Rockport Beavers, behind most of the way, rallied to tie in the dying moments of their game with the Blue Jays Tuesday night and went on to win in sudden death 45-43. It was easily the most exciting game of the year to date in the area, and took considerable lustre off the Jays, who had been impressive in early games.

Rockport had little, if any, height advantage over the losers, but controlled the boards almost throughout. Only the fact that they were badly off in their shooting prevented them from winning in regulation time, observers felt.

Three of the Beavers combined to save the decision — first Jim Annis tied it at 39 all with a jumper from the key with four seconds remaining in the fourth

quarter; then, with three seconds separating Rockport from defeat in the overtime, Dave Farley hit with another from the same spot to knot it at 43-43; and finally Keith Crockett got inside to dunk one in after a minute of sudden death.

The Rockport Junior Varsity made it a big evening for Rockport with a 41-36 win in the opener.

Score:

Rockport (45)
F, May 3(2), Farley 4, Pinkham 1; c, Crockett 6; g, Annis 6(1), Frye 1.

Waldoboro (43)
F, Hanrahan 6(1), Little (1); c, Spear 5(6); g, Graffam 4(1), Howe 2.

Thomaston High Notes...

By Ronnie Cousins

Buenas dias amigos! Well we just had an election in which nobody requested a recount. It was the election of Student Council President which was held Monday and Thursday by secret ballot.

An assembly was held last Friday for the purpose of nominating up to 10 students as candidates. Eight students were nominated and they were juniors and seniors, which is compulsory in this type of an election. The eight students nominated were: Florine Brooks, Stephen Melgard, Donna Ward, David Harper, John Miller, Deleene Barr, Alice O'Connor, and Judy Hill. Then the following Monday an election was held to break the number of nominees down to three. The three who were chosen as a result of the first election were David Harper, John Miller and Stephen Melgard.

The final election returns came in about 1 o'clock Thursday afternoon, and John Miller is now our new Student Council President.

Well, I guess that just about winds it up for this week in this neck of the woods. I'll fill you

in next week on more T. H. S. activities.

Appleton Hits Biggest Score Of Year To Win

APPLETON — Appleton's boys easily defeated Islesboro here Tuesday evening 71-26 as forward Harlan Drinkwater racked up the biggest total of the Knox County basketball season to date — 30 points. Others on the Appleton team hitting in double figures were the Mitchells, Reggie and Gary, who dumped in 12 and 10 points respectively. Don Durkee of the losers was their high scorer with nine.

The Appleton girls won their fourth straight game by the score of 43-39.

Score:

Mr. and Mrs. Herbert Hawes visited Mr. and Mrs. Fred Tibbott of Chesterville on Sunday. Seven Tree Grange Circle mem-

bers will meet Thursday at 1 p. m. for a business meeting and Christmas party. Members are to be served dessert at 1 o'clock.

Extension members will meet Thursday evening, Dec. 8, with Mrs. Lorraine Gleason for the annual planning projects for the coming year. Refreshments are to be served at this meeting by the officers.

The Women's Community Club has been asked by the Knox County Red Cross Chapter to contribute to the gift program for

patients at the Augusta State Hospital who have no relatives or friends to remember them at Christmas. A box has been placed at Susi-Belle's Store for whoever is interested in contributing or articles may be brought to the Thompson Memorial Building, Tuesday evening, Dec. 13, when the club members will be presented a Christmas program by the elementary school pupils. Articles for the box may be for either man or woman.

Scientists believe that some 5,000 species of animals, land and sea, have become extinct over the past centuries.

A pound of seed of the cottonwood tree will contain 3 1/2 to 5 million seeds, and it takes five million of the seed of the rhododendron to weigh a pound.

In one battle, George Washington had two horses shot from under him, and had four bullets pierce his clothing, yet he was uninjured.

Mr. and Mrs. William Hewett and family of Winthrop were dinner guests of her mother, Ruby Hannan, Sunday. Mrs. Elmer Turner and daughter Adrienne were also guests.

Mr. and Mrs. Silvio Roy have had guests from Massachusetts during the hunting season.

Some of the hunters were very disappointed not to find any snow in November in Maine. We are all enjoying this beautiful weather but not interested in hunting I suppose.

Some of the Women are employed at Medomak Canning Company in Winslow.

Mrs. Edith Maddocks is having a few days home from the Moody Nursing Home.

Quite a few are cutting Christmas trees in this area.

Robert Maddocks and Millard Mitchell are working for Rodney Norwood on his new hen house, a beautiful building 72 feet in length. Earl Paxman and Kenneth Plaisted are the builders.

Kenneth Demuth has just had another beautiful building added to his hen house.

Women Meet

The two women's groups of the Tenants Harbor Baptist Church met Dec. 6 at the church, Mrs. Mabel Wilson presiding at the Ladies' Circle meeting and Mrs. Myrtle Taylor at the Clara Long Corey Missionary Society meeting.

The morning hours were spent setting up tables for the Christmas Fair, held Dec. 7, and a basket lunch was enjoyed at noon. Assisting with this lunch were Mrs. Wilson, Mrs. Rose Marshall and Mrs. Nancy Link.

Mrs. Jessie Harris reported to the Circle that carpet for the kitchen and the pastor's study had been bought and laid by Harry Watters. One function of this group is to raise funds for necessary repairs in the church and parsonage. Ten were present. The next meeting will be Jan. 24 and will be in the evening.

Mrs. Wilson was the accompanist for the opening hymn of the Missionary group which met later in the afternoon. Devotions were given by Mrs. Nancy Link and prayer led by Mrs. Hattie Grace Wheeler. The group decided to collect good used cotton clothing for the Mather School in Georgia as a winter project.

The program under the chairmanship of Mrs. Harris opened with silent prayer in observance of the Baptist Women's Day of Prayer which was Dec. 2. Mrs. Wheeler continued the reading aloud of "Mama's Way", a religious novel by Thyra Bjorn, one of the House party speakers. Mrs. Link led the group in depth Bible study with the assistance of Mrs. Sarah Haskell.

Mrs. Harris and Mrs. Owen Dowling. Love Gift boxes were dedicated by Mrs. Haskell.

The Missionary Society will meet at the home of Mrs. Fannie Makinen on Jan. 3 and Love Gift boxes will again be brought to the meeting. Mrs. Marshall will read another chapter of "Mama's Way" at this time.

Others attending the two meetings were Mrs. Hilda MacDonald, Mrs. Mamie Mills and Mrs. Maud Patterson.

Mrs. Annie Chaples of Clark Island was the guest of Mr. and Mrs. Clarence Freeman last week.

The Checkered Flag Said Beer & Ale For Sale

Throughout history, beer's place has been recognized. Even in the fifth century, when relatively few people could read, they knew that the checkered flag meant — "beer and ale for sale."

Today, these light, bright beverages of moderation still stand for refreshment, friendship and warm hospitality.

Yes, beer belonged then.
And beer belongs in Maine, today.

A sure way to let your guests know they are welcome is to serve tall sparkling glasses of beer and ale.

Unusual Show At Farnsworth

Mrs. Ruth E. Jackman of Fayette holds a piece of driftwood shaped like an animal from her driftwood zoo. In front of her are an emaciated vulture, a seal and a cow. Mrs. Jackman and her husband Dick devise jewelry, lamps and conversation pieces from articles found in their natural state. A specialty is driftwood creations. As Dick explains, the unusual pieces are found "where people aren't".

Work of Maine craftsmen is on exhibition in the north gallery of the William A. Farnsworth Museum in one of the most unusual shows of the year. Represented is the talent of about 50 persons belonging to Maine Arts and Crafts, Inc., and it is the first such showing north of Portland. To be seen are articles of jewelry, mounted driftwood, paintings, iron work, silver work, ceramics, textiles, block painting, sculpture and several other types of work.

Most of the members of the group live south of Portland and exhibit and sell their work in the Cumberland - York County area. Individuals show all over the state.

The organization was formed in York County in 1954 and slowly has spread northward. It seeks to include craftsmen from all parts of Maine.

MISS DORIS HYLER
Correspondent

Tel. CRestwood 4-2038 home

Miss Stella Comery is improving from a fall which she had two weeks ago injuring her back and shoulder. She has been confined to her bed, but on Monday she was able to sit up a short time.

Mrs. Carl Erickson observed the birthday of her son Dear with a family dinner, Monday evening. Besides his sister, brothers and father, attending were his maternal grandparents, Mr. and Mrs. Leroy Norwood, his paternal grandmother, Mrs. Nancy Benner, his great uncle, Eugene Calderwood and great grandmother, Mrs. Emma Norwood.

The Help Ole Another Circle, King's Daughters, met at the home of President Miss Doris Hyler, Monday evening. The Circle will meet with Miss Bertha Teague, Saturday, Dec. 17, to pack the Christmas Cheer Baskets. The regular January meeting will be with Mrs. Helen Borneman. Twenty-nine calls were reported having been made to the ill or shut-ins. Mrs. Helen Borneman and Mrs. Jennie Keniston took part in the opening and closing of the business meeting. Following the business meeting, the cheer baskets were covered and plans were made for delivery.

Miss Doris Hyler, president of the Maine Association, LAPM, accompanied Albert MacPhail, president of the Northeast Odd Fellows Association, and Mrs. MacPhail, who is treasurer of the Maine Association, LAPM, to Hallowell, Sunday afternoon, where they attended a planning meeting of the ways and means committee for the Maine camp of the NEOFA to be built at Camp Neofa at Montville. Mr. and Mrs. Nestor Brown of Rockland also were in attendance. Mrs. Brown, an LAPM past president, represents that organization on the committee.

The Ladies Circle of the Second Congregational Church will meet Thursday afternoon at 2 p. m. at the home of Mrs. David White, the president. The circle suppers of this church have been discontinued for the winter.

Mrs. Joseph Teague, since arriving in Florida, has had an ill turn and is in a nursing home. Mail may be sent to her at 1525 San Rafael Avenue, Coral Gables, Fla.

Friends and relatives surprised Mr. and Mrs. Frank Overlock and children Saturday evening when they arrived at their new home to help them hold a housewarming party. Mrs. Charles Overlock, 2nd, and Mrs. Keith Mink of Appleton were the planners of the party and were assisted in serving the refreshments by Mrs. Aldeverde Robbins and Mrs. Roy Swansen. The couple received a money calendar and a guest book. Wines Have Many Places In Holiday Plans

With Christmas so near that one almost expects to bump into Mr. Santa Claus or one of his reindeer on the street any day, our thoughts are turning to ways of celebrating this wonderful season. And it's just almost impossible to think of the holidays

without giving a thought to wines, for they are the very essence of holiday entertaining.

Traditionally, wines have always played a prominent part in hospitality and festive celebrations synonymous with Christmas and New Year's. For centuries, wines have been used to spread holiday cheer in a wide variety of ways. Since Old Testament days when King Solomon gave gifts of wine to Hiram, King of Tyre, wine has been a most discriminating gift. So even if you didn't heed the warnings and didn't do your Christmas shopping early, you still have time to go to your wine store and select welcome gifts for those favorites on your list.

In holiday entertaining, California wines are certainly versatile. Undoubtedly you will have friends stopping in to wish you "Merry Christmas" and there will be many informal gatherings. You'll find that your guests will really appreciate your offering them wine, and you'll appreciate the ease with which you can be a charming hostess.

For such informal gatherings, the dessert wines - California Port, Sherry, Muscatel, among others - are excellent choices. You can simply set out a tray

with glasses and one or two bottles or decanters and let your guests take their choice of wines. If more than one kind is served. With these wines, some of those delectable little holiday cookies are very good. Fruit cake is ideal for serving with the dessert wines. So are nuts and an assortment of cheeses.

Hot Wine Drinks Popular

Rich with Yuletide past, steaming wine bowls are as popular for informal entertaining today as they have been for many decades. Generally speaking, hot wine drinks fall into two classifications: the hot spiced wines and the egg-nogs made with wine, eggs and cream. Like the plum pudding of Christmas fame, hot wine bowl recipes have been modified somewhat to please the gentler tastes of this generation, but their fine old tradition lives on, making them ideal for service at Christmas or the New Year's Day open house or for any holiday party. The drama of their service is one of their greatest recommendations. Any large porcelain, copper or ceramic bowl that is available will be appropriate for serving a hot wine drink. Circle it with a wreath of greens and flank it with burning tapers, making it the hospitable

and decorative center of interest for the whole party.

The spirit of Christmas is one of happy anticipation. From thoughts of Saint Nicholas climbing down the chimney to the delightful mystery of package unwrapping and the majestic fowl that will be featured at dinner, joyful anticipation is the keynote. Your dinner guests on Christmas Day deserve a pleasing aperitif before the elegant entree becomes reality. You'll find a tray of appetizers served with chilled California dry Sherry is one of the easiest and most appreciated preludes to the feast.

Offer A Choice Of Wine

Of course, you'll be serving wine with your dinners, and the thing to remember is that there are no important rules to cause you concern. With turkey, some prefer a hearty red dinner wine, like Burgundy or Claret; others prefer a chilled white dinner wine, such as a Sauterne, Rhine or Chablis wine. The pretty pink Rose, served well chilled, is a favorite of many. An easy way to please everyone is to have some of each type of wine available and let guests make their own choices.

From a standpoint of beauty,

Monoxide Poor Companion In Parked Car

Young lovers who use the family automobile for their "billion and cooling" sessions were advised by the ALA to check the muffler for holes. "By muffler we don't mean the cloth with an arm in it which might be around the neck," said safety director Alan F. Strong.

"Every year during the cold weather," the ALA executive said, "we hear of many young people who die from asphyxiation while parked in some lonely spot with the motor and heater going."

"A check of the entire exhaust system takes only a few minutes and parents should insist that this be done even though the youngsters will say 'we're only driving to the library,'" Strong added.

Gleaming glasses of wine set the mood for a really festive meal. The ruby tones of the California red dinner wines, the gold tints of California white dinner wines, add light, gaiety and festivity to the holiday table. Any glass is the correct choice for table service, for you'll discover that wines are equally delicious from an inexpensive glass or from the best crystal.

Before long, you'll be hanging up the holly, wrapping your last gift and setting up the tree. If you follow our advice, you'll add a measure of wine to your entertaining and assure yourself a happy holiday, indeed.

DECK THE HALL WITH BOUGHS AND HOLLY — City Clerk Gerald Margeson on the left and Police Chief Maurice Benner are showing their Christmas spirit by decorating a large Christmas tree above the Pleasant Street entrance to the City Building. The whole building is being decorated in the Christmas theme and people approaching the building from Union Street are greeted at night by two large trees on each side of the entrance twinkling with many multi-colored Christmas lights. The greatest discovery is usually considered to be the use of fire, the invention of writing, or the perfection of methods of preserving food. Next to be conquered are disease, hunger, ignorance, war and prejudice.

A few historians believe Columbus visited Iceland some 15 years before crossing the Atlantic. He had accompanied a fishing ship in the North Atlantic for some time, and Iceland was a common port of call.

Switzerland was among the very first of the world's nations to establish a railroad.

THE DRIVER'S SEAT

Bright carnival colors and children seem to go together. Circuses, street carnivals, and department store toylands utilize gaudy colors to attract young eyes and provide an air of excitement to stimulate youthful imaginations.

A different combination of children and brilliant colors has been introduced in Indianapolis this fall, but this time the vibrant colors are being used to make the streets safer for Hoosier school children.

The civic authorities in the Indiana capital have replaced school zone warning signs with new signs made of fluorescent materials that can be seen by motorists at great distances, even on dull, cloudy days. The new signs are a bright orange color that is so brilliant it seems almost to shimmer.

The new school zone signs give motorists no excuse for failing to slow down when driving past a school zone. The optical brilliance of the colors act almost as magnets to the eyes. The motorist who claimed he failed to see them would be admitting to serious inattention or very bad eyesight.

Although new to Indianapolis, the use of fluorescent colors for school warning signs has been adopted in other areas. School zones in Cook county and the city of Champaign, Illinois use the bright colors. They are also being used in Seattle, Wash., and in Houston, Dallas and San Antonio, Texas.

Fluorescent colors to safeguard children are also being used in other areas of the country as markings for school buses to make them more easily seen by other drivers. These are the same type of colors which are being used as aircraft markings to make airplanes visible for miles.

The application of glowing colors for child safety is a natural one that can be expected to find wider use throughout the country. Bright colors and children seem to go together... a fact that motorists should keep in mind.

Notes From North School

Grade 1—Mrs. Brooks

Linda Wilson has moved to Park Street and is attending Mc-Lain School. Richard Lawry, Jr., has moved to Court Street and has joined our class, also Carmaleta Nason from Warren is a new pupil.

Timothy Fuller, John Boyington, Robert Lindsey and Alan Young have all been ill with the mumps.

Miss Steele visited our room for health inspection this month.

The class made get well cards and sent a game to Michael McMahon who has been a patient at Knox Hospital for a tonsilectomy.

In science we have been learning about changes in the weather. The first flakes of snow caused a lively discussion.

Those working on the Christmas mural arrangements to date are: Steven Beylea, Sharon Benson, Betty Colson, James Connon, Deborah Finley, Brenda Jordan and Jane Kurr.

Favorite books and toys were shared by Sherry Hooper, Richard Havener, Leslie Eastman, Mary Ann Hill, Linda Russell, Suzanne Beaulieu, Rosemary Delmonico, Raymond Scott, Jr., Cathy Walsh, Christine Knowlton, Colleen Rich and Carol Snow.

Cookie treats for afternoon recess have been brought in by Alan Carroll and Michael McMahon.

Grade 1—Mrs. Gifford

Miss Steele was a visitor on Friday making the monthly health check.

Cheryl Farley has joined the class. Cheryl attended sub-primary at South School.

Ann MacWilliams, Timothy Moulaison, Nancy Pierpont, Nancy Raye, Bonita Spear and Wanda Wildes have been monitors the past week.

For listening time Edward Kaler, Marjorie Gerrish, Carol Lagonegro, Michael Baker and Timothy Moulaison brought records for the class to enjoy.

Gwendolyn Wolfertz, Norma Dorr, Jackie Brackett, Timothy Moulaison, Robert Ellis, Nanette Beaulieu, Deborah Young and Nancy Pierpont have shared favorite books with their classmates.

Robert Ellis celebrated a late November birthday.

Nancy Pierpont and Frank Mace are room helpers the current week.

Sidney Walsh is confined at home with mumps.

Decorations for Christmas are being planned and made. The Christmas mural was arranged by Carol Lagonegro, Gwendolyn Wolfertz and Nancy Pierpont, with contributions from everyone. Window decorations were done by Barbara Butler, Wanda Wildes, Rebecca Estabrook, Marjorie Gerrish and Gwendolyn Wolfertz.

Grade 2—Mrs. Erickson

Last month we had a train in our room which we filled with cards showing the names of books which we had read for Book Week. We also had our table full of books which the children brought from their library at home. We found that the favorite stories were about animals.

We have our President's chart all filled in except one more picture of Grover Cleveland. He served twice as our president, so we need two pictures.

During Thanksgiving week we had several film strips about Indians. They showed us many things which the Indians taught the white man.

In science class our teacher told us how bayberry candles were made. It takes about five pounds of berries and one half pound of wax to make one small candle.

Dora Scott and Deborah Boyington are celebrating birthdays during December.

Our mural for December is being made by Nancy Axtell, John Anderson, Marguerite Miller, Joanie Benson and Richard Fiffeld.

Constance Grant, Russell Maxey and Melody Ames are working on the sand table for Christmas.

Robert Pietroski is our weather man for this month. It is his job to fix our weather chart each morning.

Robert Pietroski is our weather man for this month. It is his job to fix our weather chart each morning.

Beverly Hill, Stephen Joseph, Peggy Jura, Nancy Knowlton and Edwin Lavoie are our helpers for December.

In social studies we are going to study about the ways that children use to celebrate Christmas in other lands.

Everyone is busy decorating our room for the School Fair. We are going to have the grab able in our room.

During Book Week Nancy Axtell read the most books. Robert Pietroski was second and John Loker was third. Over 100 books were read by different members of the class.

Kevin McFarland has joined our class. Kevin comes from Decatur, Ga.

Grade 3—Mrs. Lamb

Interesting articles brought to show the class this month have been a lizard, Robert Lagonegro; a robin's nest, Peter Perry; a toy dog, Carolyn Carpenter; bride dolls, Beverlie Calderwood and Darlene Steeves; coconut, Peter Perry; large scallop shells, Robert Lagonegro; gun, Walter Harvey; porcupine quill, Kerry Ellis; turkey feathers, Debra Gamage and Jacqueline Benner; turkey leg, Jacqueline Benner and Pilgrim candles, Glenn Wooster.

Cynthia Wolfertz showed us a racoon skin before it had been processed.

Loretta Hedrich has been ill with the mumps. Loretta also has a new baby brother.

In social studies we are studying clothing materials made from animals, materials made from plants and man-made materials.

In science we are studying about the Pilgrims, and how they raised and preserved their food.

Miss Riley taught the class how to make Humpty-Dumpty puppets. Several of our clay figures were chosen by Miss Riley for the May exhibit at the Museum.

Terry Elliot, Beverlie Calderwood and Nancy McMahon told the class about their visit to a dairy farm with their Scout Troop.

We are busy working on our Christmas play, "Christmas Dinner in Mother Goose Land". We are learning new Christmas songs and busily making our room look Christmasy.

December birthdays are being celebrated by Patricia Anderson, Beverlie Calderwood and Kerry Ellis.

Robert Lagonegro and Cynthia Wolfertz had charge of our Thanksgiving mural.

Many interesting book reports were given during Book Week. Many pretty book covers were illustrated.

Nancy McMahon went to Portland to see the Globe Trotters play basketball. Jacqueline Benner has been to Connecticut.

Nancy McMahon, Barbara Barker, Kerry Ellis and Carolyn Carpenter have been making a Pilgrim village for our display table.

Birthdays are being celebrated by Walter Harvey and Paul Winchenbaugh.

We enjoyed a film strip "The First Thanksgiving."

Grade 3—Mrs. Kangas

Thomas Verrill has joined our class. He has been attending school in South Portland.

December birthdays are celebrated by Valmore Blastow and Jewell Williams.

The following pupils have read stories to the class: Debra Rich, Virginia Kennedy, Jewell Williams, Nathan Pierpont, Lucinda Estabrook, Alan Butler, Doris Ann Conway, Carol Coffin, Richard Baker, Gilbert Lane, Jr., Bonnie Benner, Timothy Varney, Jacquelyn Boothby, Vada Walsh, Charles Barnard, Beth Peterson, William Demmons, Daniel Ames, Marcella Mace, Karen Hill, Yvonne Stockford and Greg MacDougal.

We made a Thanksgiving mural showing the Pilgrims going to church.

Bonnie Benner, Jacqueline Boothby and Vada Walsh treated the class with candy and the treats were enjoyed very much.

We enjoyed seeing Greg MacDougal's collection of rocks. Some of the rocks came from Colorado.

We have been studying about clothing in social studies. Different kinds of material have been brought in. Posters have been made showing the kinds of clothing worn in cold, warm or stormy weather.

Pictures of Richard Nixon and John Kennedy were brought in by Marcella Mace. On Election Day we went into the cafeteria to see the voting machines.

In a recent issue of Weekly Reader we found some interesting stories about volcanoes and earthquakes. Timothy Varney read a story about how a volcano is born. Marcella Mace found some interesting information about earthquakes in an encyclopedia.

Timothy Varney treated the class with cupcakes and lollipops on his birthday. We enjoyed the treat very much.

A Mexican hat was brought in by Gilbert Lane, Jr. We enjoyed (Continued on Page Fourteen)

doing the Mexican hat dance. Records have been brought in by Richard Baker, Jacquelyn Boothby, Julia Duff and Greg MacDougal.

Carol Coffin, Greg MacDougal and Yvonne Stockford have been in charge of the lunch tickets.

Our Christmas mural shows three scenes: Santa Claus and his sleigh, a fireplace and a Christmas tree. We are making Christmas mobiles to hang in the room.

Grade 4—Mrs. Glidden

The class looked up information on the nuts they brought in. They gave oral reports on the information.

For science class the following have brought in articles of interest: Thomas Bailey, fern with spores; Kevin Kuliga, sample of Irish moss; Susan Pierpont, a pheasant's wing; Wanda Smith and Karen Carlson have planted beans that are growing; Brian Childs, a magazine; Kathrine Bowden did an experiment with bean seeds showing that they need moisture; Cheryl Havener did an experiment with celery and colored water to show how the moisture is carried to all parts of the plant; Stephen Carroll showed water evaporation; Wanda Smith brought her insect book; Carolyn Graves brought a sample of moss and Kathrine Bowden brought her pet hamster for the class to observe.

Karen Carlson and Cheryl Kalloch have celebrated their birthdays recently.

For Thanksgiving the class enjoyed a filmstrip showing the first Thanksgiving. They also enjoyed Stephen Carroll's pictures.

In the study of the Navahos, the class has pantomimed the story. They made a model of a Navaho Reservation. Kathrine Bowden was the chairman assisted by Carolyn Graves, Dennis Fullerton, Karen Carlson, Thomas Bailey and Donna Benson. Barbara Foster and Kevin Kuliga gave reports on plants of the Navaho country. Susan Pierpont brought in a doll dressed as a Navaho. Barbara Foster brought some Indian moccasins and pictures. The class made riddles and pictures over the Navahos for the class to guess.

Kim McFarland is a new member of the class, having moved here from Georgia.

During American Book Week we enjoyed a trip to the Rockland Public Library. Deborah Huber, a school librarian, came in to tell the class about the books in the school library.

Grade 5—Mrs. Simmons

We were very happy to welcome Dana Verrill to our class. He came to us from South Portland.

We enjoyed our trip to the Rockland Public Library where Mrs. Sleeper explained to our group how to find books there. A very interesting group of new books were on display there for all ages.

A reading contest is underway in our room. For each book read the pupil makes a Christmas ball for our tree, making a short report of the book with each ball.

Dana Verrill and Jay Madore have made a very interesting display for our bulletin board showing how Christmas is observed in other lands.

Robert Kurr brought many kinds of rocks and evergreens, cones, etc., which he gathered last weekend.

A modern farm has been built by a group of boys.

Nancy Low and Bruce Benner have brought treats for the class recently.

After Thanksgiving weekend Judy Gordon, Nancy Low, Jay Madore, Cynthia Manseau, George Varney and Brian Whit-

tier told us about their trips.

Mark Rollins, Brian Whittier, Roxanna Grover and Billy Trahan have birthdays this month.

Grade 5—Mrs. Hutchinson

In our room we have a substitute teacher. Her name is Mrs. Pinkham. Our class is sending cards to Mrs. Hutchinson, who has the mums.

We are making Christmas murals. Working on the murals are Sue Reichel, Julie McConchie, Beverly Thomas, Brenda Smith and Deborah Belyea.

With the help of our art teacher we made paper bag puppets.

Mary Jane Vanorse, Rhonda Harrington and Nancy Vanorse made a Christmas calendar for December.

For social studies we are making reports on famous people who lived during the Civil War time.

Grade 6—Mr. Verrill

Preparing for a Christmas play are Mark Young, Bryan Butler, Michael Flaherty, Jane Roes, Margaret Anderson, Russell Wolfertz, James Learned, Catherine Huber, Rainelle Mitchell, Donald Mansfield, Charlotte LaJole, Harold Proctor and Stephen Brann.

Committee members for the room this month are Jane Roes, Richard Bead, Bruce Winchenbach, Rainelle Mitchell, Kathleen Frost, Cynthia Mazzeo, Margaret Anderson and Donald Mansfield.

Celebrating birthdays this month are David Bodman, Donna Grant, Conrad Winchenbach, Bruce Winchenbach, Russell Wolfertz and Victor Mahar.

In charge of Christmas decorations for the bulletin board are Donna Grant and Jane Roes.

Grade 6—Mrs. Chapman
Class officers for the ensuing nine weeks were chosen recently by the class. They are: President, Charlene Peterson; vice president, Glenn Schofield; secretary, John Graf and treasurer, Janet Henderson. It was voted by the class to have class dues, the amount to be three cents a week.

Arlene Smalley brought a very interesting rock collection for the boys and girls to enjoy. Michele McLaughlin brought a fossil rock and Kevin McAuliffe contributed a fossil rock and petrified wood. Ellen Morang brought her own rock collection to show to the class. Madeline Kennedy and Michele McLaughlin brought very beautiful peacock feathers for the boys and girls to inspect and enjoy. William Bisbee brought a very interesting collection of Roman soldiers, chariots, animals and background for the class to enjoy in connection with our study of the Roman Empire.

During the past month one or more perfect spelling tests have been written by: Sally Barter, William Bisbee, Julianne Boothby, Alice Boyington, Florence Carlton, Rebecca Dorr, Janet Henderson, Stephen Jackson, Michele McLaughlin, Charles McMahon, Ellen Morang, Charlene Peterson, Donna Penney, Glenn Schofield, Arlene Smalley, Marie Staples and Robert Varney.

William Bisbee and Charlene Walker celebrate birthdays during December.

The boys and girls are working on a short Christmas play "The Talisman" as their contribution to be given during the assembly on Wednesday, December 14.

Grade 7 — Miss Carr

During Book Week, the class came to the conclusion that books are certainly friends, for pleasure, knowledge and culture. The class and teacher presented Mrs. Keller with a check to purchase a book for North School Library entitled Famous Women in History. Another highlight during book week was the pleasure of being invited to the Rockland Public Library to hear author Lew Dietz lecture.

Class elections took place this month. Class officers chosen

were: President, Willard Pease; vice president, Robert Allen; secretary, Sue Dow; and treasurer, Peter Johnson.

We lost Karen Urquhart who has transferred to South School.

We had the honor of Dr. Davis of the Graduate School, University of Maine, look over our soil samples. He found all labels decided upon by the class correct.

The children bringing in samples and cataloging them were Robert Allen, Stephen Hodgkins, Johnna Blethen, Sue Dow, Judith Proctor, Maria Fowles, Russell Huntley, David Ames and Deborah Small.

Grade 7 — Mr. Frye

When a recent story in reading told of capturing king cobras, Dave Sulin brought in a three foot king cobra skin that was passed around the class.

During National Book Week the class had the opportunity to go to the library where they heard Lew Dietz of Rockport discuss many of his books and give the background of the Jeff White series.

Geoffrey Low and Lillian Frost recently gave oral reports on dairying. The following week Robert Calderwood reported on a personal campaign to prevent the extinction of the long-horn cattle.

Paula Poland, Linda Pellicani, Richard Gray, Deborah Kaler and Ivan Erickson have all brought in rock specimens for the study of rocks and minerals in science.

Barbara Vinal and Raymond

Young have completed their large wall map of "The Major Agricultural Regions of the United States".

The candy sale given by the class netted \$10.11. Afterwards the class voted to buy subscriptions to "Science Digest", "Teens" and "Sports Illustrated" thus reducing the treasury back to its former condition.

Grade 7 — Mrs. Conary

Janice Widdecomb brought a small Santa Claus resplendent in red suit and cap and white whiskers.

Robert Hofacker has shown us several Brazilian coins and some Confederate money and Seward Dinsmore has shown coins from several other foreign countries. We are studying the monetary systems of other countries.

We removed the murals "The First Thanksgiving" and "The Landing at Plymouth" from the rear wall and have started a "Christmas Scene".

Mrs. Conary had a birthday in November.

We were very happy to welcome Barbara Hanscom back to the room. She has been in the hospital.

Seward Dinsmore has made the news this month. He brought in a sea mouse which has very recently been taken from Penobscot Bay. Seward also brought a hygrometer. He made a chart and is keeping a daily record of relative humidity. This interesting and useful device is a great help to us in our science class.

Helen Andrews and Cheryl Thomas are ill with mumps.

Special Class — Mr. Whitehouse

The past month we have been engaged in the study of Thanksgiving.

A filmstrip titled "Thanksgiving" started our study and we gained a great deal of knowledge from this. As a special activity we decided to have a program about Thanksgiving. We made Pilgrim costumes and spoke pieces. Those appearing in the program are as follows: The Pilgrims, Paul Iott and Charlotte Billings; Thanksgiving, Sandra Black, Douglas Laaka, Everett Creamer, Margaret Nolan, and Gail Vanorse; and Thanksgiving Dinner, Danny Ames, LeRoy Black, Gary Ames, Merwin Harvey, Richard Widdecombe, and Wayne Colson. Betty Buckner closed our program with the poem "Thankful". We presented our program to grades one, three and four.

At the present time we are preparing our room for Christmas and working on a Christmas program for the school assembly. In arithmetic we are finding Christmas an ideal time to study about money, the use of a catalogue and how to fill out an order blank. We have probably spent more money on Christmas than Santa himself.

In the tropics, the sun rises and sets at 6 a. m. and 6 p. m. the year around. There is no need of daylight saving time.

South Hope

Mrs. Virginia Emery of Rockland visited Mr. and Mrs. Wilbert Taylor last week Wednesday.

Mrs. Margaret Bowley and Mrs. Josie Robbins visited Mrs. Charlotte Frost at Lincolnville, Thursday afternoon.

Miss Joan McInnis, religious instructor in the school, was an overnight guest of Mr. and Mrs. Nathan Pease last Tuesday.

Mrs. Annie Pease and Lynne Pease were overnight guests of Mr. and Mrs. Willard Pease, Saturday, in Rockland.

Mrs. Mildred Thorndike accompanied Mrs. Muriel Pinkham of Thomaston and Mrs. Dorothy Childs to Bangor Saturday.

Mrs. Ruth Pease, Mrs. Annie Pease and Mrs. Winona Brown were in Brunswick, Saturday.

Mrs. Annette Porter of Rockland and Mr. and Mrs. Herbert Hall accompanied Mr. and Mrs. Harry Merrifield on a shopping trip, Saturday, to Portland and Lewiston.

Recent callers at the Pease home were Mrs. Olive Chapin of Camden, Mr. and Mrs. Lewis Bridges and son of Rockport, Mr. and Mrs. Willard Pease and daughter of Rockland, Mrs. Evelyn Williams of Pownal and Mrs. Esther McFarland of Camden.

Mr. and Mrs. Ralph Robbins visited Mr. and Mrs. Amos Norton at South Thomaston, Sunday.

Miss Karen Durkee of Head of the Lake was an overnight guest of her schoolmate, Lynne Pease, Monday.

St. George

Four senior boys from St. George High School were guests of the Rockland Rotary Club Friday for a ham luncheon at the Thorndike Hotel. The boys attending, Philip Morris, Steven Kallio, Sheridan Lewis and Joel Link, heard a recorded speech by Dr. Thomas Dooley, St. Louis physician, who has gained world wide prominence with his medical program in Laos. The Rotary Club has invited senior boys from St. George to its luncheons during the month of December and four more boys will be their guests next Friday.

Mrs. Sprague 80 Years Old

Photo by Marje Mayo

Mrs. Mildred Sprague

SOUTH THOMASTON — Mrs. Mildred Sprague of Rockland celebrated her 80th birthday, Saturday evening, at the home of her daughter, Mrs. Myrtle Makinen in South Thomaston. The party was given by Mrs. Makinen and her other daughters, Mrs. Hazel Bartlett and Mrs. Mildred Huntley. Refreshments were served, which included a beautifully decorated birthday cake and Mrs. Sprague's family and friends spent the evening playing cards. She was born in South Waldo-boro Dec. 3, 1880 and is the

widow of Ellis Sprague. She has four children, Mrs. Bartlett, Mrs. Makinen, Mrs. Huntley and Roy Mank, six grandchildren and seven great grandchildren. Her hobby is crocheting. Mrs. Sprague belongs to Pleasant Valley Grange and Edwin Libby Relief Corps. The guests who attended the party were Barbara, Norman and Carolyn Cunningham, Donald and Doris Williams, Gordon Williams, Douglas and Sheila Makinen, Vernon and Esther Ranquist, Louis and Helena Coltart, Marita Mealey and Harriet Grover.

ROCKPORT

Mrs. Emma Torrey entertained Friday evening at her home on Union Street, Mrs. Mabel St. Clair of Lynn, Mass., Mr. and Mrs. Arthur Crockett and daughter, Mrs. Ethel Cain of Camden, Mr. and Mrs. Maynard Crockett and children, Albert, Lottie, Ruth and Diana, and Albert Crockett, all of Thomaston, and Mrs. Joseph Lemanski of Rockport. Music was enjoyed with Arthur Crockett of Camden playing the accordion and singing several selections.

Mr. and Mrs. Charles Carver and Mr. and Mrs. Herbert Crockett and son Charles motored to Orono Sunday.

Cub Scout Leaders met Thursday evening at the home of Bob Lane. They started the charter

rolling. The theme for the month of December will be "Guiding Star". A Christmas party will be held at the Methodist Church, Dec. 30, at 7:30 o'clock. Two new Bobcats who will be admitted to Den Three are Gene Dinsmore and David Dixon. Those present were Vernard Merrifield, Mr. and Mrs. Edgar Barrows, John Larsen, Benjamin Drisko, and Mrs. Anita Grant.

Mrs. Mabel St. Clair has returned to her home in Lynn, Mass., after spending a week with Mrs. Emma Torrey.

Mrs. Vinie Johnson was a dinner guest Thursday of Mrs. John Shyne of Camden.

Miss Sharon Watts played a piano solo Thursday evening at the Megunticook Grange meeting in Camden.

Rockport High Chatter

By Richie Sims

Aloha, aloha from the summit of Diamond Hill! As usual, the high school is buzzing with activity. Everyone is looking forward to Christmas and that two weeks vacation, especially the teachers. Rumor has it that a group of Christmas-minded students sang carols for a few select members of the faculty last Saturday night. Mighty thoughtful group of students in Rockport High School—everyone is wondering what they'll think of next!

The Junior Class is still working on getting to Washington next year. They're making plans for their yearbook, The Tatler, which they plan to present to the public about the first of April. A Bangor photographer will snap pictures of the various clubs, classes, and teams all day Thursday. This is sure to cause a general congestion in the halls, especially around the mirror. Oh, well, it only happens once a year.

The Senior Class, which has the Nite Wit Club was entertained at the home of Barbara Healey on Tuesday evening. Lunch was served.

Word was received recently of the death of Mrs. Laura Varney, wife of Dr. Fred Varney at her home in Banning, Calif., Oct. 17. She was the public health nurse on Vinalhaven for two years during World War II. Mrs. Varney and her husband were assigned to Vinalhaven under the American Red Cross and Maine Seacoast Mission and will long be remembered for their work in the schools and homes. Mrs. Varney organized the Red Cross Home Nursing Classes on Vinalhaven with about 97 students taking the course under her direction at one time. Dr. Varney, 78, who survives his wife, resides at the Home for Aged People in Beaumont, Calif. He had conducted first aid classes in the High School at Vinalhaven. Mrs. Varney is also survived by a son, George Best of Baltimore, Md. Funeral services and interment were held in California.

already reaped the benefits of their efforts put forward on Tatter, Carnival and the like, has recently ordered announcements for graduation in June. Measurements have also been taken for the caps and gowns which will be worn at this momentous occasion. The boys' robes are royal blue, and the girls' are white, in accordance with class colors.

The high school recently purchased a new motion picture projector which is reportedly a great improvement over the old machine formerly used and said to be a Thomas Edison original.

For the first time, Rockport High School is forming a chapter of the National Honor Society, an association composed of high school students with high academic grades. At a general assembly last Friday, Mr. Hunter announced the names of the students who have been chosen for this group. They are, Edwin Bachelor, Brenda Erickson, Stephen Harvey, Ronnie Jones, Kristen Larsen, Patricia Pierce, Richard Sims and Fred Thurston.

I guess that just about takes care of the action around Goose River for this week. With three basketball games, Tatter pictures, play practices, and aptitude tests coming up, next week should be really busy. See you then.

Monhegan

Manville and Irene Davis went to New Harbor Saturday for several days.

Ronnie Stanley, who was visiting the Thomas Watsons in Five Islands, recently, while his parents were vacationing in Florida, was taken ill and entered the Bath Memorial Hospital for treatment. Banes and Mary were summoned home.

Morton and Joan Bernsteen have closed their summer home and left this week for New York. Enroute they will visit in Vermont and Philadelphia.

Jo and "Dint" Day, Vernon and Winnie Burton, Clarence and Julia Davis, Sherman and Barbara Stanley and children, Sherman and Carolyn, and Rev.

During World War 2, nine nations (only) remained neutral. They were: Argentina, Afghanistan, Eire, Portugal, Saudi Arabia, Spain, Sweden, Turkey, and Switzerland. Most of these were neutral "against" one side or the other, however. Eighteen nations remained neutral in World War 1.

By R. WALDO TYLER

A few of my "hardest shelled" critics declare that this column is no longer entitled to the name "Outdoor Around Knox County", and more than once over the last year or so some have suggested it be retitled "Wanderings Around The 'Weskeag'". (Not bad.)

Life has been good to me. Perhaps because I demanded little of it in my slow transition towards inevitable infirmity; but as I "sneak up" on seventy and find old father time exploiting my joints and muscles with occasional twinges of pain and punctuating my exertions with frequent "puffings", I have bowed gracefully to his often quoted axiom "slow down and live".

True, my observations afield no longer cover the county and besides the above there are other reasons, i.e. — I am no longer actively associated with any sportsmen's organization, I no longer hunt or trap, my fishing is exclusively salt water, my only conveyance is a 10 foot pram which rides nicely on the "Weskeag", and my only companion, "Little Evvy", the never failing motor.

"You're slipping bad," said one of my old "hecklers" on Main Street recently, "before long now you can change the heading of your articles to 'Doings Around My Dooryard', and hit the nail right on the head."

Well, I'm accustomed to such snide remarks from him. He's a young man (in his early 50's), so dyspeptic he takes an "alka-seltzer" chaser after every hearty meal, has got a waist line like "Two Ton Tony", and if Mother Nature ever saw him walk over a half a mile in her direction she'd say, "Whoze Dat?"

Weskeag River was coated

with ice for the first time this fall the morning of Dec. 1st. Reason? — No wind, low tide and cold night. Only 15 above at my house at 6 a. m.

In these days of uprisings and count-downs—satellites and blasters—bistros, blottos and Castros, you might look for most anything to suddenly happen. But I just can't believe any such wonders have yet reversed the laws of nature.

Still — in a recent picture shown here of barbed wire imbedded deep in the trunk of an oak tree, you will notice the slack in the wire seems to be sagging up instead of down.

O, thank you! You say the cut was upside down? — Gosh! for a minute I thought it was the camera.

Peter Reed, Jr., of Owls Head, about the only full time trapper in this corner of the county, caught 194 muskrats, 35 mink and several coon during the month of November. (I saw them.)

Did you hear about the fellow returning to camp from hunting when he picked up the tail of a recently dressed out deer?

Not having pocket room in his hunting clothes to hold the bloody thing, he tied it to the muzzle of his rifle, slung it over his shoulder and sauntered back to camp intending to use it later for fly tying.

Entering camp he showed it proudly to his companions while they "gaped" in horror.

"Don't you know hunters get shot every year carrying them things out of the woods?" one of his companions asked.

"Sure I know it," said he "and them hunters knew it too or they'd never throw such a rife tail away."

Camden High School Tidbits

By Karen Armstrong

Camden High School is in chaos and uproar this week with senior pictures and basketball games. Seniors are becoming exasperated with the exchanging of their portraits. Underclassmen are seeking pictures of their "celebrated superiors". This matter is frustrating to the teachers, who find it difficult enough to look at the students, let alone all their pictures floating around!

Eight C. H. S. Seniors reported to Rockland High School promptly at 8:30 a. m. Saturday morning to take the Scholastic Aptitude Test of the College Entrance Examinations. The test lasted about three hours, but to add to the stiff necks and writer's cramp, an afternoon writing sample was taken by many. This was the last straw, and the "strain of the brain" was so much that many had to recuperate in bed all the next day. They say they'll never be the same.

Ten faithful members of the Biology Class scoured Rockport shores at 6:30 Saturday in order to locate a large fossil rock seen some years ago. Finally the

rock was retrieved and is undergoing investigation in the science laboratory. Who knows? Maybe this specimen will bring fame and fortune to Camden High School through its great historic value.

Basketball season is going strong and so far C. H. S. is undefeated. The Tri-Hi-Y Club wishes to announce that they are checking coats at home ketchball games.

The National Betty Crocker Test was given Tuesday to Home Economic students. The local winner will compete state-wide, the state winner will compete nationally, and the grand winner will receive a scholarship.

The first dance was held after Friday night's victorious game and was a great success.

Rooming lists are being turned in for the Washington Trip now. Four students are allowed to room together. Some questionable combinations are turning up!

Candy is still being sold by the band.

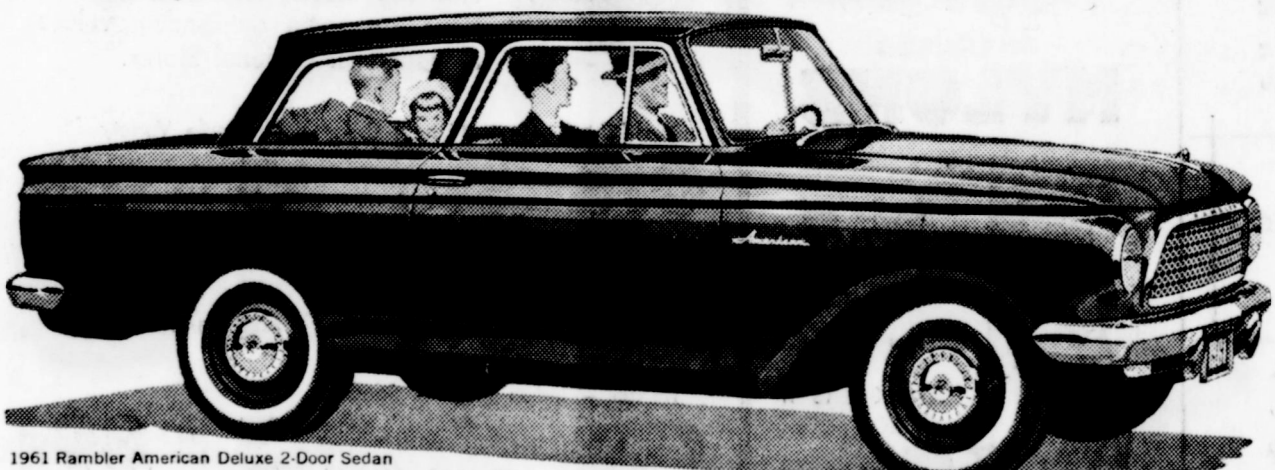

I guess that just about wraps things up here on Knowlton Street. I'll be back next week with more tidbits.

LANGUAGE MAJORS FOLLOW THREE PATTERNS NOTES DR. STARR AT UNIVERSITY

ORONO — Foreign language majors who graduate from the University of Maine follow three major patterns, according to Dr. Wilmarth H. Starr, head of the department. They are likely to teach at the secondary school or college level, enter government service, or take positions with industry and commerce concerned with international transportation and communications.

"We have a good program in the newer methods of language teaching," Dr. Starr said, "and maintain close contact with school systems and colleges which are anxious to get our better students."

"For those who wish to enter college teaching, we have channels into graduate schools which practically assure our good students graduate assistantships or fellowship aid."

"Government service, the second major area our graduates enter, includes particularly work in federal intelligence agencies such as the National Security Agency and C.I.A. Some 15 of our students have found happy, successful careers in this area since the war."

"In commerce and industry our majors have found openings in airlines shipping companies, and other large industries which have foreign outlets—we have graduates, for instance, with a large international banking firm, and with lumber export and import firms."

Students who major in the department of foreign languages may concentrate in French, German or Spanish; in romance languages; in modern languages; or in Latin.

In the first area of concentration they must take a minimum of 24 semester hours beyond the intermediate level in the literature and civilization of their choice. In romance languages the 24 hours are in French or Spanish literature and civilization beyond the intermediate level, and in modern languages the courses must include a romance language and German. Latin majors must have a minimum of 18 hours in their special field.

Students who plan to enter teaching are advised to round out their course with general academic subjects. Those who want government service are urged to take strong supporting programs in history, government, and political science, and those who wish to enter foreign trade fields are advised to take appropriate courses in business administration and economics. A number of these students also enter graduate study at the Latin American Institute in New York City or the Institute for Foreign Trade in Arizona for more specialized training.

The department currently has majors in all three areas, Dr. Starr said. There are usually some 40 juniors and seniors, with about two per cent of the graduates in the College of Arts and Sciences each year foreign language majors.

The department, which requires both oral and written comprehensive examinations for all seniors, emphasizes the audio-lingual approach to foreign language study.

A student planning to enter college and major in language should acquire as much audio-lingual skill in the field as possible. At least three or four years of a language at the high school level are desirable, particularly if the student wants to study a second language in college.

It is helpful if the student does on his major at least by the beginning of the sophomore

year, Dr. Starr said, and the department prefers to have all language majors study the History of Western Europe during the freshman year.

Spanish majors are required to take Latin American history, and Latin majors must have ancient history.

As well as undergraduate work the department also offers work leading to the master of arts degree in French, Spanish, romance languages, and German.

Sardine Season Closes With Increased Pack And Good Market Says Reed

AUGUSTA — The Maine sardine canning season officially closes today with a pack of approximately 1,975,000 cases. This is well above last year's production of 1,750,000 cases which was below normal due to a scarcity of fish.

Spokesmen in the Rockland area felt that the pack was "a little" above normal in most cases. They said the season started well and a steady supply of fish was available nearly all season.

The Maine Sardine Council's Executive Secretary Richard E. Reed said that 31 plants, located from Portland to Robbinston,

were in operation for most of the season which got underway on June 1.

He said that several thousand persons were employed in making the pack which would have a market value of about \$18,000,000.

Fishing in the Portland area was very spotty which limited production there while the eastern Washington County section had the best catch of fish in a number of years and conditions in the middle section of the coast were about normal, according to Reed.

He said that the pack was of excellent quality and reflected the activities in connection with the industry's quality control and mandatory grading program which was in operation for the third year.

"Market conditions are good and the industry should have no trouble disposing of the pack," Reed stated.

PUBLIC MANAGEMENT COURSE AT UNIVERSITY ONLY ONE OF ITS KIND IN UNITED STATES

ORONO — "The University of Maine's curriculum in public management is the only college program in the United States—probably in the world—which trains men for management positions at the undergraduate level," according to Professor

Edward F. Dow, head of the department of history and government at the State University.

"Since our first graduating class in 1948 we have had approximately 75 graduates. At least half of these are currently town and city managers—19 in Maine, four in New Hampshire, eight in Vermont, and others in Connecticut, Massachusetts, New Jersey, Michigan, Florida, Iowa, Illinois and Pennsylvania.

"There are also others in municipal work, such as purchasing agents, building inspectors and assessors. Two of our graduates recently began work with the Public Administration Service in Chicago, a group involved in state and local government research in this country and abroad.

"Other graduates have entered such businesses as investment and construction firms."

Salaries for those in public management are variable according to the size of the community. Prof. Dow said, but in general begin in the \$4,000 to \$6,500 range.

However, beyond the financial gain, the Maine professor pointed out the satisfaction of public

service, and the tremendous variety of fields in which the public management official works.

Students who wish to major in public management must begin the program in the freshman year, Dr. Dow said, and a strong high school preparation in mathematics is desirable because of the required courses in engineering.

During the freshman year the student has courses in engineering and forestry drawing, freshman composition, United States history, mathematics, foreign language, military science and physical education.

In the sophomore year he studies surveying, American government, public speaking, a natural science, with chemistry recommended, as well as military science and physical education.

The junior year includes principles of economics, elementary accounting, highway construction, sanitary engineering, municipal government, municipal administration, community planning, social problems and social welfare.

The final year includes business law, personnel management, Maine government, police, fire and public works administration, municipal law, public administration, statistics and general assistance in social wel-

fare.

Candidates for the M.A. in public management, and majors in public management are both required to spend three months of a summer as interns with town or city managers.

Interns from the University of Maine have worked in all of the New England states except Rhode Island, Dr. Dow said.

A number of students also earn the Bachelor of Arts degree with a major in government each year, Dr. Dow said, and a much larger group with an interest in government elect the combined major in history and government.

Government majors have entered various fields of state and federal service, particularly in the areas of personnel and finance. Several have entered federal foreign service, he said.

They are required to study American government, constitutional law or political and social thought, United States history and history of Western Europe, and at least 18 semester hours in other government courses. They must also satisfy the general requirements of the College of Arts and Sciences in the areas of English, foreign language and natural science and mathematics.

What lies behind and ahead of you is far less important than what is inside of you.

Slow Down And Live!

Prepare For Holidays

Envy Clifton Gould and Mrs. Gould stand beside one of the Christmas baskets that will be sent out to needy families come Christmas. The baskets purchased from funds collected through the Salvation Army Christmas kettles will be distributed on the Friday and Saturday before Christmas. They will contain a plump turkey and all the fixings to make somebody's Christmas dinner a happy one. The candles that the Goulds are holding are filled with toffee candies and will be sent to the Maine State Prison, hospitals, county jail, and convalescent homes in the area.

How to grow money on your Christmas tree

In a little more than 7 Christmases
U. S. Savings Bonds grow 33 1/3%

A Savings Bond gift gets bigger. And the Bonds you give this Christmas are better than ever. They earn 3 1/2% when held to maturity. That means the gift Bonds you buy now for \$18.75 will be worth \$25.00 in just 7 years and 9 months.

Give Bonds to all the children on your Christmas list—they'll be money-in-the-bank when it's time for college. Bonds are ideal gifts for people planning for retirement. Held to maturity, they'll be worth 1/3 more than you paid for them. Held ten years longer, they'll return \$1.93 for every dollar you put into them.

U. S. Savings Bonds are so easy to buy—just a brief stop at this bank and your shopping is done. Your bonds are all ready to hang on the tree or tuck in a Christmas stocking.
