## "It's Like A Palace," Says Hermit About New Home

Arthur Plerson, Tenants Harbor "village hermit," is shown in Farmer's Variety Store before taking up lodging in his new one room home financed and built by his friends in the village. After taking a peek at his new quarters Monday he excitedly said, "It's like a palace." Villagers worked feverishly to have his new home ready for Christmas.

**TENANTS HARBOR** — Arthur Plerson, the village hermit of Tenants Harbor, moved into his one-room "palace" Tuesday night. He was as excited as a young boy receiving his first electric train after seeing his new home for the first time on Monday. More than \$200 was raised by villagers to build the new quarters so that the 71-year-old hermit would have a comfortable place to stay this winter.

He met with his friends in Farmer's grocery store Tuesday night before taking up his new lodging. He had decided to give it a "try" Tuesday and headed home with a bottle of kerosene for his lamp.

The cabin was temporarily fitted up with an old oil burner until a new one purchased by his friends arrives. Nobody knew how he had put in the night, Wednesday, as he hadn't been around to his usual haunts. He usually spends the better part of the day sleeping or reading and comes into the village center for supper in the evening.

Two Tenants Harbor selectmen, Arnold Stimpson and Charles Coolbroth, built the one room cabin behind the Odd Fellows Hall in Tenants Harbor. Many thought that the hermit might not survive another winter in the shelter he had been using for the past 20 years and had decided to do something about it.

The work in raising the funds and building what the hermit calls his "palace" was amply rewarded by the smile that radiated from his face Tuesday. Villagers have taken it upon themselves to see that he will have a good stock of groceries for the holiday and are doing everything possible to make his Christmas a happy one.

The commissioners explained the difficulty in coming up with a completely accurate budget. They will not know until March town meetings if any towns will approve bridge projects in which the county should participate. The commissioners also will not know if the Legislature will grant a pay increase for county officers whose salaries are set by that body.

The commission is headed by Chairman Roland J. Gushee of Appleton; the other two are George E. Boynton of Camden and Harold B. Hocking of St. George.

Travellers tell us that Eskimo children are never spanked. Maybe it does no good, anyway, through all those fur-lined pants.

## Generator House On Matinicus In Double Trouble

**MATINICUS** — A minor fire which might well have been serious burned a two foot square hole in the side of the generator building at the home of Mr. and Mrs. Lavonne Ames Sunday afternoon.

The building caught fire around the exhaust fan and was luckily noticed by Ken Ames, who was passing by on his way home. He ran home for a fire extinguisher and put out the fire.

Several hours later the same generator building was damaged as a large spruce tree fell across it.

## Brooklyn Heights Home Decoration Win Competition

**THOMASTON** — Colonel Frank Goguen, Brooklyn Heights, and Mr. and Mrs. Darold Hocking, 22 Gleason Street, won first prizes in the religious and seasonal home lighting contests respectively, it was announced late Monday night.

The Goguen display had live Christmas trees lighted on the side lawn, backed up by two side doors decorated alike. The front door was centered by a cross which was floodlighted at night. Subdued red floodlights bathed the home of the Hockings whose front windows were highlighted by wreaths and candles.

The second place winner in the religious category was John R. Egerton, 29 Main Street, and the second place winner in the seasonal division was George E. Stewart, West Main Street. Honorable mention went to Mrs. Myron Jones, 26 Main Street; Averill Robinson, Oyster River Road; Raymond Pinkham, 20 Hyler Street; and Walter Calderwood, West Main Street.

The judges were William Thon of St. George, Mrs. Bowdoin Grafton, Mrs. Harold Richardson, Miss Nora Seaver, and Miss Hilda George, all of Thomaston.

The contest was sponsored by the Thomaston Garden Club.

## Governor Reed Issues Plea For Holiday Safety

**AUGUSTA** — Gov. John H. Reed and Col. Robert Marx, State Police chief, today issued a joint plea for additional caution on the part of motorists and pedestrians during the Christmas-New Year holiday period.

"This is a time of year when many things combine to make driving and walking extremely hazardous," said Governor Reed. "Early darkness, uncertain road and weather conditions, and the unusual activity of the holiday—these seasonal factors, added to normal traffic dangers, demand extra care by every driver and every pedestrian."

The Governor emphasized that each of us has a moral, as well as a legal, responsibility to comply with all traffic laws and to obey all safety rules.

"The Christmas - New Year holiday time, traditionally a period for emphasizing brotherly love, is a fitting time for each of us to examine his traffic conduct and to make certain that it reflects the true spirit of 'peace on earth—good will toward men'."

"Please do every thing possible to keep the roads safe."

## Elderly Man Found Wandering In A Daze, Lightly Clad, On Monday In Fair Condition

**WARREN** — The condition of Hamlin Bowes, 85, of Warren, a diabetic found wandering in a dazed condition a mile from his home, early Monday morning, was described as "satisfactory" by Knox County General Hospital authorities Wednesday afternoon. He was described as being still "confused."

The elderly man was found by Mr. and Mrs. Clifton Meservey wandering in their yard at 5

o'clock Monday morning clad in a nightshirt, bathrobe and rubber boots. He was treated by Dr. F. G. Campbell of Warren and taken by ambulance to the hospital.

He lives in a trailer on Route 1 near the Lewis Farm Equipment Company with only a Boston terrier for a companion. The animal has been taken to a Damariscotta animal hospital to be cared for while his master is in the hospital.

## Local Chairmen Appointed For Lincoln County March Of Dimes Campaign For '61

**WALDOBORO** — A meeting was held last week at the Meenahga Grange Hall, Waldoboro, to map plans for the forthcoming New March of Dimes Campaign, to be held from Jan. 3 through Jan. 31.

Lincoln County director, R. W. Pearson, outlined the goals and objectives of this most worthy campaign and stressed the need for volunteers to work for the New March of Dimes. State Women's Advisor, Mrs. Dorothy Mills, of Belgrade, and Donald K. Groeger, State representative from the National Foundation, pointed out the need for continued effort in the struggle against birth defects, arthritis, and polio.

The following appointments were announced: Mrs. K. G. Harkins and Mrs. J. H. Parlin, Jr., Waldoboro, Winslows Mills; Mrs. Dwight Erskine and Mrs. T. B. Leighton, Alna, Headtide, and Sheepscot; Mrs. R. W. Pearson, Bremen; Mrs. H. M. Boyce and Mrs. M. E. Boyce, Jefferson; Mrs. F. L. Steele, Mrs. Betty Pierce, Mrs. J. E. Dalton, Mrs. Ann Benner and Mrs. Faith Jones, Damariscotta, Damariscott Mills, Newcastle and Nobleboro; Mrs. Edward Lewis and Mrs. Norman Ross, Bristol and New Harbor; Mrs. Dale Rogers, Coopers Mills, Whitefield and Somerville; and Mrs. Donald Carrigan, South Bristol and Walpole.

## Adele M. Hodgkins Is DAR Candidate From Waldoboro

**WALDOBORO** — The senior class and the faculty of Waldoboro High School have selected Adele M. Hodgkins as the DAR Good Citizen for 1960-1961. Miss Hodgkins is the daughter of Mr. and Mrs. Bryan M. Hodgkins of Jefferson. She is enrolled in the college preparatory course, is an honor student, and has been active in many phases of school life.

Currently she is class secretary, a member of the senior yearbook staff, and head cheerleader for the 1960-1961 season. She has also participated in the class play, in softball, has been a prize speaking contest winner, and a member of several clubs. Her application has gone forward to Colby College where she hopes to matriculate in September of 1961.

As a recipient of this Good Citizen award, Miss Hodgkins will be presented a certificate from the National Society of the DAR and

a pin by the Pemaquid Chapter. She is also eligible to compete for a \$100 U. S. Savings Bond in the State Essay Contest sponsored by the DAR.

## Bank Directors Recommend Stock Split

Directors of the Depositors Trust Company have voted to recommend to its stockholders that the par value of its stock be changed, at its annual meeting, from \$25 per share to \$12.50 per share and that each holder receive two shares of par value, \$12.50 in place of one share of \$25 par value stock then held.

It is the intention of the directors to increase the dividends to forty cents, quarterly, on the new stock, which is the equivalent of \$3.20 per annum on the present stock. The dividends will be paid at the rate of forty cents for each of the first three quarters, with the dividend in the fourth quarter higher, if earnings warrant. The bank has paid extra dividends of fifty cents per share in each of the last ten years, in addition to its regular dividends.

Treated by a Waldoboro doctor following the accident were Moore; his son Merton, 13; Lucillas C. Thurston, 58, of Washington, a passenger in the Moore car; and Rev. John Crockett, Jr., 37, of Providence, R. I., a passenger in the Mohn car, a 1938 station wagon.

Trooper Wood said that the Moore truck was completely demolished and the Mohn car had \$750 estimated damage. All the injured were taken to the doctor's office for treatment.

**FIFTY YEAR MEDAL FOR WARREN MASON** — It was exactly 50 years ago Monday night that Ralph E. Suckney was raised to the Master Mason's Degree in Warren. He is shown above receiving a 50-year medal on the anniversary of his inception from Charles E. Duncan, district deputy grand master. Master Robert Beattie looks on as the presentation was made during a regular Masonic meeting Monday night.

## Three Treated In Knox Hospital After Collision

**Owls Head** — A car headed toward Rockland on the South Thomaston Road skidded on the sharp curve by the home of Everett Blithen and knocked down a utility pole at about 7:30 Monday night. Treated and released from Knox County General Hospital were the operator, Everett C. Carlson, 23, of St. George and two passengers, Alvin C. Hocking, 25, and John Hocking, 20, both of St. George. Carlson suffered a bruised head; Alvin Hocking broke his glasses and had small cuts about the face; and John Hocking bruised both knees. Damage to the car was estimated at \$300.

## Four Escape With Injuries

**WALDOBORO** — Four people escaped with minor injuries in a two vehicle collision at the intersection of Routes 1 and 220 north of Waldoboro Tuesday morning. State Trooper Arthur Wood said that William C. Mohn, 20, of Concord, Calif., was driving south on Route 1 when a 1954 pickup truck driven by Clarence Moore, Sr., 68, of Washington was unable to stop and his car came out of Route 220. Mohn crashed into the Moore truck just opposite Moody's Diner.

Treated by a Waldoboro doctor following the accident were Moore; his son Merton, 13; Lucillas C. Thurston, 58, of Washington, a passenger in the Moore car; and Rev. John Crockett, Jr., 37, of Providence, R. I., a passenger in the Mohn car, a 1938 station wagon.

Trooper Wood said that the Moore truck was completely demolished and the Mohn car had \$750 estimated damage. All the injured were taken to the doctor's office for treatment.

## Warren Tigers Break Out Of Five Year Slump To Swamp Bristol 79-34

**WARREN** — The Warren Tigers won their first Medomak Valley League game in at least five years Tuesday night as they tallied the highest total of points in their history to swamp Bristol 79-34. Four of the six Warren players hit in double figures as the Tigers jumped out of the wilderness of defeat with a vengeance.

Arthur Heathcote led the charge with 28 points (believed to be the highest total ever recorded by a Warren player); Terry Overlock had 20; Keith Helmer, 16; and Wally Heathcote, 10.

The Bristol girls won the opener, a tight 53-47 battle.

After the game it was found that the game ball was missing and presumed stolen as a prank by a visiting rooter. Warren Principal Edgar Lemke enlisted the aid of the Maine State Police in its recovery but there was no report of its recovery at this writing.

The ball has considerable sentimental as well as monetary value to Warren, representing as it does the first league win in many years.

**Score:**  
Warren (79): F. Payson 2(1), Lord, Helmer 7(2); c. Overlock 10; g. A. Heathcote 12(4), W. Heathcote 5.

## Six From Coast Admitted To Maine Sororities

**ORONO** — Six Coastal Area girls have been chosen for membership in the seven sororities at the University of Maine. Announcement of the pledges was made just prior to the beginning of the Christmas vacation.

Selected were: Judith Dillaway of Warren, Alpha Omicron Pi; Patricia Greene of Rockport and Deborah Hanna of Rockport, Chi Omega; Judith Payson of Union and Donna Rush of Rockland, Phi Mu; and Elsa Iivonen of Owls Head, Pi Beta Phi.

**Bristol (34):**  
F. Poole 6(1), Chickering 1, Wotton, Richards, Baker, Hanna; c. Chase 4, Meehan; g. LeGrow, Coogins, Gott (3).

Official: Dearborn.

## They Won the Game But Lost The Basketball

**WARREN** — The basketball with which the Warren High School boys' team made local history Tuesday night as they won their first league game in recent memory and chalked up the highest point total in the school's history was back home Wednesday, some 18 hours after it was taken following the Warren 79-34 win over Bristol.

State Trooper Cary Thing returned the ball to Warren High School Principal Edgar Lemke after recovering it from an unidentified person, presumably a disgruntled Bristol High supporter. No charges were brought—Warren just wants the game ball with which they made local history.

Added to the list of firsts for Warren was the fact that the 28 points scored in the game by Art Heathcote was the highest Tiger individual total ever recorded by a Warren player—not to mention the fact that this is the first time that a game ball was ever reported stolen, at least in this area.

## Knox-Lincoln Action Features Pair Of Come From Behind Wins By Loop Leading Waldoboro And Wiscasset

WALDOBORO—The Waldoboro Blue Jays continued their headlong dash for the K-L League flag Tuesday night with a tight 50-47 win over the Union Eagles. Union, which trailed most of the game, finally went ahead by two with a minute and a half to play, but the home team had enough left to get their second wind and go ahead for good with seconds to play.

It was Waldoboro's sixth straight league win. Union, now 4-2, dropped out of a tie with Camden for second.

The Blue Jays started fast and took a good lead into the second period, but the visitors gained steadily from then on and were almost successful in pulling it out. They were paced by the 19 point effort of the great Steve Knight who led all the scorers. However, Waldoboro again showed good scoring balance with three in double figures—Bob Spear, 15; Bob Hanrahan, 14; and Allan Graf-fam, 12.

The Waldoboro girls swamped the visiting lasses under a 61-28 scoring avalanche.

In the other league game of

the night Wiscasset held on to nip the Thomaston Clippers 46-43. The Clippers started slow and trailed into the final minute when they went ahead by two but could not hold the advantage as successful foul shooting by the Redskins after that made the difference. The visitors had a 9-3 advantage from the charity stripe.

Wayne Albert again led the Redskins with 15 and Johnny Miller led the Clippers with 13. The win enabled the Redskins to take over fourth place alone as the two had entered the game tied.

Thomaston's girls evened matters with a 56-35 win in the opener.

### Waldoboro

The annual Christmas Dance for employees and guests of Sylvania Electric Products, Inc., Waldoboro, was held Saturday evening at the high school gym with approximately 250 in attendance. Music was provided by Al Corey's Orchestra from Waterville. As usual, the beautiful decorations were the highlight of the evening along with the award of two cameras and one Sylvania clock radio. The winners were Mrs. Mary Feyler of Nobleboro, Mrs. Ruth Keith of Nobleboro, and Mrs. Pauline Powell of Damariscotta Mills.

**A BATTLE OF HEIGHT** — Wayne Albert (31) of Wiscasset and John Miller (14) of Thomaston battle for a rebound in Tuesday night's game at Thomaston High School. The other Thomaston player is Tony DeWolfe (31). Albert scored the winning basket for Wiscasset with 35 seconds left in the game. Thomaston made it a squawker and led by a point until Albert grabbed a rebound under Thomaston's backboards and put Wiscasset ahead. Wiscasset then made good on two foul shots with five seconds remaining to make the final score 46 to 43. The only interruption in the game came when a dog ran out into the court and was quickly herded off by the referees.

## Beavers Toppled By Mustang Power

CAMDEN — The Camden Mustangs downed their neighbor, the Rockport Beavers, 59-50 Tuesday night in a game which saw them hold the lead throughout and build up a wide margin in the middle periods. Rockport rallied in the final quarter and outscored the Mustang reserves but it was too late.

The win upped the Camden

mark to 7-1 and for Rockport it is now 4-2. Coach Beryl Leach, felled earlier in the week by a virus, turned the reins over to the veteran Dool Dalley.

Mrs. Leach spent a small fortune in dimes as she reported to Beryl at virtually three minute intervals all through the game on a pay station phone in the lobby of the gym and relayed words of encouragement to the Camden bench from Coach Leach.

Four of the Mustangs were in double figures led by Dick Allen, who had 16. Others were Paul McFarland, Bob Berry, and

Wayne Hansen. Jim Annis and Fred Thurston led the Beaver charge with 10 apiece.

In the preliminary the Cam-

den girls won 57-33.

## Cold Second Period Leads To Rockland Tiger Loss To Waterville Panthers 42-49

WATERVILLE—The Rockland Tigers dropped a 49-42 decision to the Purple Panthers of Waterville High Tuesday night.

After a promising first quarter, when the visitors led by a point, they sagged badly in the middle sessions and let Waterville get a big bulge which held up until the end. Rockland went into a man to man press in the last session and outscored Waterville by an 18-12 margin but they started their drive too late and saw their seasonal mark dip to 2-3. Waterville is 6-0.

The winners also had their troubles in the second quarter when they scored only 11 points, mostly on foul attempts in which they enjoyed a 17-7 margin over the poor shooting Tigers over the route. Waterville managed to get back some semblance of their shooting eyes from the floor after intermission and pushed their lead to 13 points after three quarters.

Jim Shaffer and Billy Barbour led the Rockland assault in the first session when the Tigers

more than held their own, but they cooled inexplicably, along with the rest of the team, in the second session and Barbour fouled out midway of the final period to take away needed height. Floyd Montgomery turned in his best game of the year for Rockland.

A pair of sharp shooting Panthers — Bernie Noel and Bob Byrne hit well from outside especially after intermission, while Jim Shaffer tallied 18 points for the Tigers, mostly in the first quarter.

Waterville made a clean sweep as their Junior Varsity took Rockland 49-33.

### PICK THE BEST MAN FOR THE JOB

The post of associate judge of the Rockland Municipal Court is up for grabs as the term of Associate Judge Domenic Cuccinello, a Democrat, expires. Normally, such a position would go to the reigning political party with the legislative delegation from the county and the Knox County Bar Association indicating choices for the post to the governor. There are two Republicans seeking the berth which pays \$2,000 per year, plus an additional \$1,200 for clerk hire. They are Galen LaGassey of Rockland and Clifford O'Rourke of Camden. Both were unsuccessful candidates for nomination as the Republican candidate for county attorney last June. Cuccinello has also made it known that he would not be averse to reappointment. LaGassey was recently sworn in as a member of the Rockland City Council.

At the moment, the county legislative delegation is maintaining a hands off attitude and leaving it up to the Bar Association and the governor to make a move. The Bar Association is not known to have made a recommendation, other than that an office for the conducting of the business of the associate judge should be maintained in Rockland where it could be easily reached for court business. The Republican County Committee, as far as we know, has not got into the act yet, nor has been contacted for its opinion. Some attorneys have supposedly made their wishes known to Augusta as may have some of the legislators, but there is no firm stand on the issue by any group at this moment. The post is an important one as the associate judge keeps the records of the court and in the absence of the judge occupies the bench. Selection of a man for the position should not be based on politics alone, but on qualifications and the best possible service to the public and the court.

## The Public Says . . .

**Holiday Thievery**  
To the Editor:  
When is a thief not a thief? If I went into town and cut a tree from someone's lawn, that would be stealing or vandalism. Who gives the legal right to come into the country and steal a Christmas tree from land (even in road limits) that someone pays high taxes on? Does

it help celebrate the Holy Day or hearing Silent Night? Will you please print the above in your paper. Our land looks as through a bunch of pack rats had run in. I'm disgusted. Print this too if you want to.  
Sincerely,  
Inah C. Overlock

## Thank You For Helping

We wish at this time to express our appreciation to those persons who purchased Kiwanis Christmas trees; and to all who assisted the charitable project in any way. Their splendid cooperation has made it possible for the Club to carry out an enlarged program of distribution of Christmas baskets this year.

**Rockland** — The Rockland Kiwanis Club netted approximately \$500 from the sale of Christmas trees this year. The entire fund will be expended today and tomorrow in the purchase of foods which will fill Christmas baskets for the needy. The club members will pack and deliver the baskets Friday evening. The Christmas tree sale has been carried out 10 years by the club with all earnings going to the charitable project.

**Rockland** — Damage was estimated at \$175 when two cars collided at the intersection of Summer and Union Streets Monday afternoon. Police said that Vernon E. Nichols, 34, of Rockland was proceeding west on Summer Street and skidded when he entered the intersection colliding with a car driven by George A. Miller, Jr., 40, of Washington. Damage to the left side of the Miller car was estimated at \$120 and \$50 damage to the right front fender of the Nichols car. There were no injuries.

**BETHLEHEM'S CHAPEL**  
A silver star in the pavement  
Marks the spot where Christ was born.  
A marble slab in the grotto  
Where He was laid that Christmas morn.

There eager pilgrims lift their eyes  
In adoration to the skies.  
Oh little town, your radiant light  
The eyes of the world behold tonight!  
A tragic world of want and woe,  
God's wonderful peace around you flows.  
To all who sorrow His love impart,  
Tenderly come to the stricken heart.  
In Bethlehem's Chapel, renowned and fair  
I surely know that God is there.

## Subcommittee Of SAD 5 Board Discusses Wall

The building committee of the board of directors of School Administrative District 5 met Monday night to interview manufacturers of curtainwall, a non-weight bearing exterior wall to be used in the construction of a new high school. Irving H. McConchie said five manufacturers were interviewed, but no recommendations will be made to the SAD 5 Board until the committee has had an opportunity to examine various buildings in which curtainwall has been used. It is a key consideration in awarding a contract for a new high school.

The type of curtainwall used in the school could make a difference of as much as \$40,000 in the cost of the building. Nine bids were received by the board last week for the complete cost of the building indicating that the total figure will be around one million dollars. Each bid included at least two alternate prices for curtainwall depending on varying qualities.

Attending the meeting besides the committee's five members were Superintendent Bruce J. Kinney and Architect Elwin Tabbutt of Augusta who designed the building.

## Obituary

When making out your will remember your church and your hospital.

**THOMAS B. PENDLETON**  
ISLESBORO — Thomas B. Pendleton, 67, of Islesboro died Monday at Pownal.

He was born February 7, 1893, at Islesboro, the son of Frederick D. and Lydia Pendleton Pendleton.

Survivors include two brothers, Frederick Pendleton of Dark Harbor and Arthur Pendleton of Naragansett, R. I.; two sisters, Mrs. Annie MacLeod of Camden and Mrs. Carolyn Leach of Dark Harbor; and several nieces and nephews.

Committal services and interment were held Wednesday at 2 p. m. in Maple Grove Cemetery with Rev. William Jowett of Islesboro officiating.

**MISS ROSAMOND WILSON**  
PORT CLYDE — Miss Rosamond Wilson, 73, of Port Clyde, died early Wednesday morning in Rockland.

A resident of Port Clyde most of her life, Miss Wilson was born there March 12, 1887, the daughter of Lozier and Abbie Montgomery Wilson. She was a member of the Ridge Church.

Among survivors are a nephew, Donald Wilson, Sr., of Port Clyde; and two nieces, Mrs. Fawne Littlehale of Port Clyde and Mrs. Russell Slingsby of Lynn, Mass.

Funeral services will be held Friday at 2 p. m. at the Ridge Church with Rev. Edward L. Manning officiating.

## Seven New Cubs Enter Rockland Pack In December

Seven new Cub Scouts were initiated into Pack 203 at its December meeting and Christmas program at the new Universalist Church, Dec. 7. The new Bobcats are James Entwistle, Alan Pulkkinen, Mark Gott, Patrick Harris, Charles Larrabee, Keith Rose, and Danny Stone.

Other presentations made by Cubmaster Thomas Watkinson were Wolf Badge to Gerald Willey, Bear Badge to Bruce Gray, silver arrow under Bear to James Dow, and service stars to Ronald Watkinson, and Mark Rollins.

Following the awards, a Christmas pageant was presented under the direction of Mrs. Raymond E. Gross. As the Christmas Story was narrated by several speakers, the pack sang appropriate carols. The program concluded with the arrival of Santa Claus.

## Black Chairman Of Elks Project For Christmas

Fred Black will head the Christmas committee of the Elks Club again this year. He and the members of the committee are responsible for seeing that all needy families have a joyous Christmas. They have collected toys and Mr. Black is seeing that they are repaired and are ready to make some small child happy.

The committee has made plans to have many food baskets made up to be distributed to these families. The Elks are all working to make this Christmas a happy occasion for their unfortunate fellow men.

Hospital and other points in Rockland Sunday night. The ages of the group ranged from 6 to 53. Young people of the Church were accompanied by Rev. Cleaves Henderson and several adult leaders. Deacon Carroll Wixson planned the itinerary for the group which returned to the church following the singing for refreshments, served by Mrs. Wixson and Mrs. Henderson with the assistance of several ladies of the church. The 62 people traveled in eight cars.

Mr. and Mrs. Charles W. Wixson of Winslow were weekend guests of their son, Mr. and Mrs. Carroll Wixson of Rockland.

## Methodist Men Hold Christmas Party Monday

WALDOBORO — The Methodist Men's Club of the Waldoboro Circuit held its first annual Christmas program and Ladies Night, Monday evening, at the Waldoboro Village Church. President R. A. Hall welcomed the members and guests and turned the program over to W. P. Crane, chairman.

R. E. Dolloff played several selections on the organ, followed by carol singing by the entire group. Miss Carol Bragg played and sang several popular Christmas selections on the accordion for the group. A filmstrip entitled, "And On Earth—Peace", narrated by Rev. LeRoy Curtis, closed the program.

Refreshments of cake, coffee, and ice cream were served in the church vestry, with the ladies each being presented with a gift. The refreshments were under the chairmanship of E. T. Payne.

The next meeting will be held Jan. 16, 1961, at the West Waldoboro Community House.

Scholars see a direct connection between the development and widespread use of the longbow in England, and the rise of political freedom there. This was the first time in recorded history that the average man had access to cheap, easily available, and adequate weapons to enforce their demands. Early guns were called "bombards" from Italian "bombo" for thunder, and "ardor" for lightning.

## 'Gram Rob' Active At 90

WARREN — Children, grandchildren and great grandchildren gathered at the home of Mr. and Mrs. Milton Robinson on Oyster River Road, Warren, Saturday evening, to help "Gram Rob". Mrs. Rose Robinson of Thomaston, celebrate her 90th birthday. She received many lovely gifts and refreshments of cake and ice cream were served.

Gram was the youngest of the group though 90 years, joining in the games which were played. She also still creates the lovely dolls for which she is famous as well as many other things.

Those present were Mr. and Mrs. Milton Robinson, Mr. and Mrs. Lewville Pottle, Ronald Reed, all of Warren; Mr. and

Mrs. Harold Robinson, Stephen Robinson, James Robinson, Mr. and Mrs. Leslie Fleck, Mrs. Oliver Hahn, William Hahn, all of Thomaston; and Mr. and Mrs. Edward Killoran and Mr. and Mrs. Everett Davis of Cushing. Others of the family were unable to attend.

The St. George Lodge of Odd Fellows will meet at the hall at Tenants Harbor, Dec. 27, at 8 o'clock. The initiatory degree will be worked on a class of candidates at this time. All members of the St. George Lodge are encouraged to attend this meeting.

A Christmas program was presented by the children of the Tenants Harbor Baptist Church Sunday School, Dec. 19. Their numbers were announced by Miss Karen Anderson of the Baptist Youth Fellowship. The Church Christmas tree was lighted and Santa Claus appeared in his usual jovial mood to give out gifts to all from young to old. Guests were welcomed by Theresa Kulju and the Primary department sang Christmas carols during the program. Instrumental solos were played by Jennifer Bryant, piano; John Patterson, trumpet; and Linda Phillips, clarinet. Miss Judy Hooper accompanied the singing. Taking part in the recitations were Jimmy Parker, Bonnie Smith, Julie May Barter, Karen Barter, Jody Bryant, Roxanne Anderson, Susie Parker, Rebecca Dow, John Falla, Aleda Herrick, Russell Johnson, Jill Bryant, Norris Armstrong, Janie Wilson, Randy Phillips, Terry Thompson, Joyce Wilson, Robert Morris, Jeffrey Falla, John Armstrong, Billie Jean Smith, Lawrence Wilson, Glenice Chadwick, Billy Johnson, Judy Johnson, Esther Ann Simpson, Larry Small, Bobby Jacobson, Jennifer Bryant, Claudia Stanley, Cynthia Wilson and Janie Johnson.

**PORT CLYDE CHRISTMAS PROGRAM** — Children of Port Clyde's Baptist Church sat around the Christmas tree as the Christmas story was read Tuesday night. From left to right in the back are Langdon Wilson, Hal Scarborough, Glenna McKinney, Deborah Matthews, Vicky Matthews, Paul McKinney, Marsha Matthews, Virginia Priestly, Brenda Priestly.

**PORT CLYDE** — A Christmas program and party was held at the Port Clyde Baptist Church Dec. 20, by the young people of the church under the leadership of Miss Edith Murray and Mrs. Eleanor Priestley. Adults as well as children enjoyed the evening. The program opened in the sanctuary with carol singing by all with Mrs. Hattie Tibbetts at the organ and Lynn McKinney at the piano. A piano solo was played by Glenna McKinney and her brother Paul played the trumpet. A visit from Santa

Claus, in the best of spirits despite his heavy schedule in St. George and elsewhere, delighted the children to whom he gave toys. After Santa and his reindeer disappeared into the cold night, Rev. Robert McKinney showed a missionary film of India, and the children told Christmas stories before adjourning to the new Collins room for refreshments. Mrs. Elberta Sorenson was in charge of these and the decorations. Young and old went home filled with the real feeling of the spirit of Christmas.

Rev. McKinney will give the Christmas message at the regular church service on Christmas Day when the young people will attend the 10:30 church meeting with their parents and there will be no Sunday School meetings. Mrs. Grace McKinney will sing at this service.

Billy Lannon and two friends from New York were here a few days over the weekend. John Crocker, Jr., and friend from Massachusetts have also been here.

Among Rockland visitors to date have been: Mrs. Clarence Stone, Mrs. Joel Wooster, Mrs. John Brown, Mrs. Bernard Smith, Mrs. Harvey Calderwood, Mrs. Oscar Waterman, Mrs. Gertrude Beverage Foltz, Mrs. Raymond Thayer, Mrs. Leon Crockett, Mrs. James Everett Brown, Mrs. Edna Dyer, Mr. and Mrs. Balnes and Alvin, Mr. and Mrs. James F. Brown, Mr. and Mrs. Foster Morrison, Mrs. Thorn Dyer, Mrs. Donald Witherspoon and Stephen Witherspoon.

On Sunday, Mr. and Mrs. Elliott Beverage of Eastern Bay Farm held a family Christmas party for the former family members. Present were Mr. and Mrs. Clyde Joy (Viola Beverage) and family, Carl Beverage, and Mrs. Wendall Howard (Dorothy Beverage) and four children. Refreshments of Christmas cookies and punch were served.

Schools closed on Tuesday and all but one out of town teacher left on Tuesday for the holiday. Mrs. Disney, who is in the late Jim Tabbutt house, and her son Loren are remaining here.

The main street has beautiful lights which have been put up by the Garden Club and other organizations in town. Also a lighted Christmas tree is on the Lincoln lawn.

The North Haven Church and Sunday School will have their annual Christmas tree in the church on Saturday evening at 7 o'clock after which there will be carol singing with refreshments served later in the Memorial Room with Miss Jennie Beverage in charge.

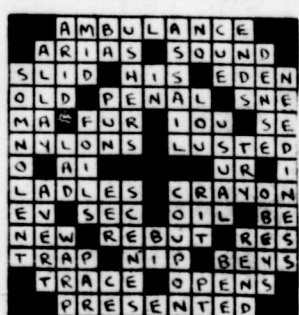

Mr. and Mrs. Michael Williams and son Robert left on Wednesday for an overnight trip on the mainland.

## GOVERNOR

(Continued from Page 1A)  
stble to prevent motor vehicle crashes. If each of us will accept his responsibilities behind the wheel, remembering always that he is 'his brother's keeper' in traffic, we shall be doing much to contribute toward a happy holiday for everyone we meet on the road. "Incidentally," concluded Governor Reed, "this type of driving is our own best insurance against the heart-break and remorse which are the inevitable consequences of traffic accidents."

Col. Marx echoed Governor Reed's plea for acceptance of individual responsibility by both drivers and pedestrians, and added:

"In meeting the police responsibility for control of traffic, we shall be using all enforcement techniques during the Christmas-New Year period. Saturation patrols and checking details will be in order during the entire holiday, and we shall make every effort to protect the law-abiding public from the irresponsible traffic conduct of those who refuse to comply with the law. Your patient, conscientious, sober driving will be a valuable contribution to the cause of safety during this critical traffic period."

## Average Length Of Life Has Increased 50%

NEW YORK, N. Y.—The average infant born in this country today can expect to live almost half-again as long as one born in 1900, Health Information Foundation reported today.

In its monthly statistical bulletin, "Progress In Health Services," the Foundation discussed the medical and social implications of increased life expectancy.

"Life Expectancy," the Foundation pointed out, is a hypothetical measure often used as an overall indicator of health levels in a population. Expressed as a number derived from a "life table," it shows for a given time-period the average lifetime to be expected by a population if at each successive age it experiences the mortality rates prevalent during the time-period.

A baby born in 1900 could expect to live 47.3 years, while one born last year has a life expectancy at that time of 69.7 years—the highest ever recorded in this country for the total population. Although both males and females have benefited from increasing life expectancy in this century, greater gains have been made by females. Thus, while life expectancy for males rose from 46.3 years in 1900 to 66.4 in 1958 (a gain of 20.1 years), the comparable rise for females was from 48.3 to 72.7 (a gain of 24.4 years).

The foundation pointed to a number of social consequences arising from the trend toward longer life, notably: a record growth in the number of aged persons, an increase in the working lifetime of the average person, a decline in the number of orphans, and a general postponing of widowhood to the later years.

According to George Bugbee, Foundation president, the increase in life expectancy is "one of the most fundamental changes to affect our country in this century." Not only has the average lifespan lengthened, he said, but "the years of working life have greatly increased and family life has been strengthened. The great majority of parents today will not only live to see their children grow up, but can also look ahead to some reasonably active later years."

The last decade in particular, Mr. Bugbee pointed out, has seen "dynamic growth" in medical knowledge. "The results are nowhere more evident than in the extension of life, largely because the ineffective and parasitic diseases, which once decimated those at the younger ages, have now been so largely controlled. This class of diseases, which caused about 18 per cent of the deaths in 1900, today causes just over one per cent."

Nevertheless, he added, the application of new medical knowledge has imposed on the public "the need for greater investment in public health measures and great use of physicians, hospitals, drugs, and all components of medical care. Each new breakthrough requires a larger investment by the public if that knowledge is to be converted to longer life and more comfort to those living with illness."

## MAJORS IN HISTORY ONE OF LARGEST GROUPS IN ARTS AND SCIENCES AT UNIVERSITY

ORONO — Majors in history, or a combination of history and government, make up one of the largest groups in the College of Arts and Sciences at the University of Maine.

"Many of our graduates go into secondary school teaching," according to Dr. Edward P. Dow, head of the history department, "and a large group goes on to graduate work preparatory to teaching at either the secondary or college level."

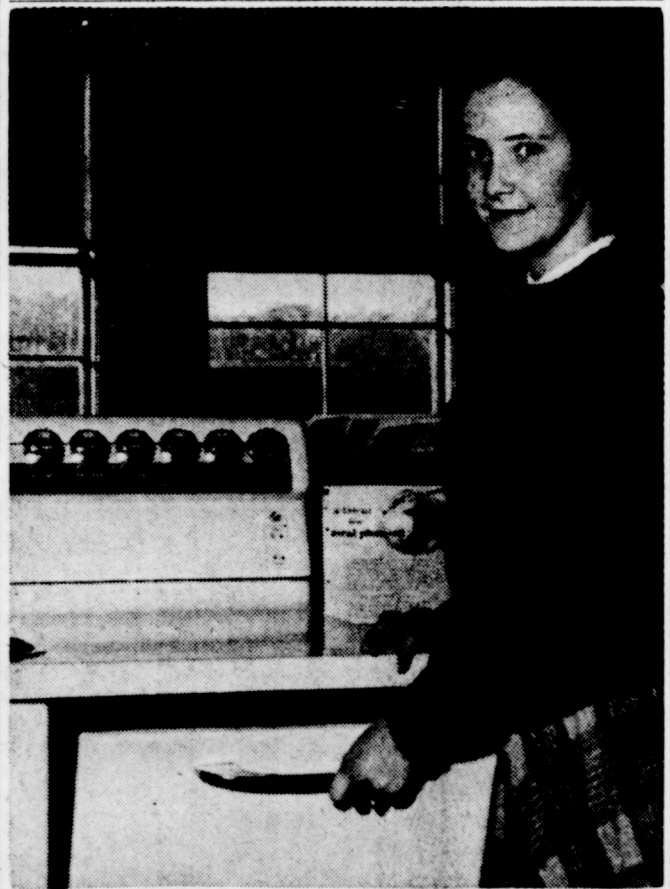

"We also have majors who enter nearly every phase of the business world, such as retail trade, management training, and insurance. Some do graduate work in business, or library science. A few become professional researchers or historians, and work in such places as the archives department in Washington, or as historians with other federal agencies."

As well as history and government majors in the College of Arts and Sciences, the department serves many students in the College of Education who major in history preparatory to a teaching career.

Students in the College of Arts and Sciences who major in history, or in the history and government combination, must meet the college requirements in four major areas. They must have freshman English and public speaking, a foreign language at least to the intermediate level, and a minimum of two years of science, with at least one basic year course in a laboratory science or mathematics. They must also have a year course in the humanities. Both men and women must satisfy requirements in physical education, and men the requirements in military science.

History majors are required to study American government, history of Western Europe, United States history, and at least 24 semester hours of additional history courses approved by the adviser.

History and government majors have the same required courses, and in the additional 24 hours at least 10 must be in each field.

## SPECIAL CHRISTMAS PROGRAM PRESENTED BY SUNDAY SCHOOL OF FIRST BAPTIST CHURCH

A special Christmas program, entitled, "The Gates of Christmas", was presented by the Sunday School at the First Baptist Church last Sunday evening for the evening service. The theme of the program, "The Gates of Christmas", was given by the pastor, Rev. Roy I. Bohanan, who was the narrator.

The first section represented "The Gates of Heaven" which were open for Christ to come to earth. The second part was concerned with "The Gates of Earth" which were closed in a large measure to Christ. The last section described "The Gates of Life" which Christ opened for all who will follow Him.

The program was as follows: "Welcome" by Charles Ross, Stephen Foster, David Fifield, Janice Widdcomb, Brenda Kalloch, Glenda Tims, David Gamage, Joyce Blethen, Cindy McLennan, and Karen Troester. Song by the Beginners Department, "Little Baby in the Manger".

## ANNOUNCING PAYMENTS TO RAMBLER BUYERS AS RAMBLER'S SALES VOLUME INCREASES

# Why You Should Join Rambler's New Crusade For Adequate Progress Sharing With Customers

**GEORGE ROMNEY**  
President, American Motors Corporation

Rambler's rise to a top position has put us in position to undertake a new crusade. This program, which could provide greater individual and national benefits than any we've yet undertaken, calls for customer progress sharing.

As volume goes up, costs come down. So, sharing economies that would result from a 50% Rambler sales gain over last year for the period December through March could provide payments to customers of \$18,698.062.

But, before presenting our new Rambler crusade, let me review some highlights of the first one.

When we forged our basic Rambler concepts, U.S. cars were in a size, horsepower and styling-change race that cost the car buyer money. So, we developed the compact, economical, modernly engineered Rambler.

### CONSUMER BENEFITS FROM LOWER PRICES

Because of low volume, we had to price our first Rambler Americans about equal with Chevrolet and Ford, traditionally "lowest priced."

As our output and economies increased, we shared the resulting economic advantages with Rambler customers. Despite inflation, we kept prices low. We also concentrated on durability and quality. That is why Rambler excels in trouble-free operation, as shown by trade surveys made by others.

What has this done? It has increased our sales—made us a vigorous new competitive factor, compelling all competitors to introduce compact cars. Their compact cars unquestionably are better buys than their big cars, because their big cars don't have the compacts' advanced engineering.

Despite these moves to meet Rambler competition, Rambler American models are now priced not only below competitive big cars but below their economy compacts as well.

In addition, Ramblers provide customers several exclusive trouble-free

"I believe participation by all consumers in economic progress is absolutely necessary in meeting the nation's economic needs."

engineering advances such as the acid-proof, rustproof Ceramic-Armored muffler and tailpipe.

The Rambler line includes three basic sizes of compact cars—Rambler American, Rambler Classic and Ambassador, the latter two developed after the original American series.

### RAMBLER SALES SOAR

In two years, Rambler's per cent of market has more than doubled. For the last 38 straight months, Rambler sales have established a new record for that month. We want to continue this growth by serving you even better.

### THE NEW RAMBLER CRUSADE

Our new Rambler crusade, like our compact crusade, is based on sharing Rambler progress with car buyers.

We believe the new Rambler crusade has timely significance. Our country currently is experiencing a mild economic slowdown—with rising foreign competition and weakness of the dollar. Our larger competitors are considering partial manufacture and importation of cars for the U.S. market from abroad. There is a general profit squeeze.

We believe the greatest single economic cause is that relatively too much of the fruit of industrial effort has been going to a few well organized economic groups, not to the consumer.

### CUSTOMERS TO SHARE RAMBLER PROGRESS

We decided there was something we could do. We decided to share future progress with ALL customers who take

### HOW PAYMENTS TO BUYERS WILL BE DETERMINED IN AMERICAN MOTORS' CUSTOMER PROGRESS SHARING PROGRAM

IF SALES ARE UP over last year	BUYERS RECEIVE U.S. SAVINGS BONDS (Maturity Value)	BOND PAYMENT SALES LEVELS			
		DECEMBER (Dec. sales)	JANUARY (Dec.-Jan. total)	FEBRUARY (Dec.-Jan.-Feb. total)	MARCH (4-month total)
50%	\$125	45,247	97,671	140,139	195,946
40%	\$100	42,231	91,159	130,796	182,883
30%	\$75	39,214	84,648	121,453	169,820
20%	\$50	36,198	78,136	112,111	156,757
10%	\$25	33,181	71,625	102,768	143,694
SALES FOR SAME PERIOD LAST YEAR		30,165	65,114	93,426	130,631

NOTE: In all cases, "BUYER(S)" means a person who actually takes delivery, not places an order.

WHY IT WILL PAY YOU TO BUY NOW. This unique program is cumulative and retro-active. Early buyers can get more, but never less bonds, than buyers in succeeding months. Your Rambler dealer will be happy to give you the complete details of the plan but here is a quick example of how it works and keeps on working for you:

If December Rambler deliveries increase 20% over last December, December buyers of new Ramblers or Metropolitans will receive \$50 bonds. As the four-month period progresses, additional bonds will be mailed to the December buyers each time the cumulative sales reach a higher bond payment sales level.

Also, if sales increase for the four-month period exceeds 50%, proportionate additional payments will be made to all buyers during any of the four-months.

### BOTH CUSTOMERS AND AMERICAN MOTORS GAIN

You have everything to gain and nothing to lose by joining this crusade. The same is true for us.

You can't lose because Ramblers are better than big cars and the best of the compacts. Ramblers are more trouble-free, more useful, lower priced.

You make your regular deal in the regular way for a new Rambler. You then may share proportionately in the economies and profits of higher Rambler volume in December, 1960, and the first three months of 1961.

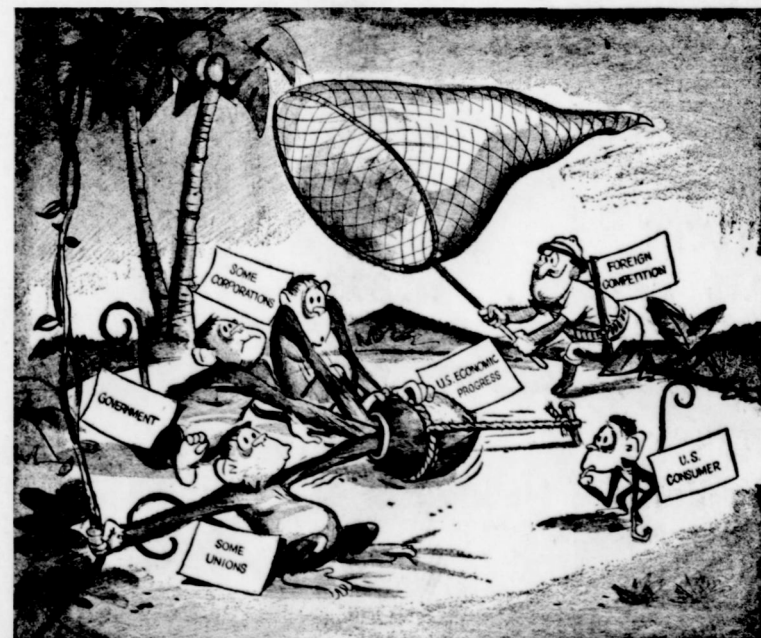

We gain by acquiring more Rambler owners, which will make our growing market even larger in the future. That's because Rambler owners become Rambler salesmen and are the most loyal "repeat buyers" of any make.

Ask your neighbor all about his Rambler, then join the Rambler crusade. Join us in focusing the nation's attention on the essentiality of equitably sharing economic progress with ALL consumers if the WHOLE NATION is to prosper.

*George Romney*

P.S. Some may say one company can't do much about national problems as big and complex as those cited above. Well, that's what skeptics said about Rambler's first crusade. Let's remember, every great thing is born small. If this new Rambler crusade is right, it can succeed and spread, just as the compact car concept did.

Mr. Romney's recent New York Press Conference on "Customer Sharing and the Nation's Economy" attracted nationwide notice. For complete text of his statements, write American Motors, Box 29, Detroit 32, Mich.

Monkeys are caught by filling a coconut shell with chopped coconut meat. The monkeys grasp a fistful and, unwilling to let any go, cannot withdraw their paws. So, they are easy victims. The U.S. consumer is not yet as scrawny as shown, but unless there is a more equitable division of the productivity increases, he will get that way. One of the three American groups must let go and set an example—or all will be captured and, along with the consumer, all will suffer.

## Loudville

We had our first big snowstorm of the season Dec. 12. No mail or school that day. On Tuesday morning, Mrs. Evelyn Gifford, with her energy, made the trip to the post office to mail packages, etc. The snow was to her hips in places. She arrived early enough to have dinner with the Priors and she waited for the mail to return.

On Tuesday, when Cecil Prior went off with his mail, our telephone began to ring; each neighbor calling to see if Cecil would bring back a loaf of bread, coffee, eggs, milk and of course cigarettes. Just a few necessary

articles. This he did. Nothing like being obliging to your neighbors.

Mr. and Mrs. Charlie Poland and son made a trip to the mainland on Saturday to do Christmas shopping.

Mrs. John Anderson of Port Clyde has arrived to spend the winter months with her daughter, Mrs. Cecil Prior.

Cecil Prior got in winter supplies this week for Arel Teel. B. T. Zahn visited our island on Saturday to decide where to build a wharf and buildings in the spring.

Mrs. Edward Murphy and nephew, Alpheus Poland were callers on the mainland this week.

Due to the severe storm the "Sunbeam" was unable to make her monthly trip here. John Prior is staying with his cousin, Bud Dolloff, at Damariscotta until Christmas. John attends Bristol High School.

As there will be no more news from here until after Christmas, I want to wish everyone a Merry Christmas.

Elizabeth Prior

## THE DRIVER'S SEAT

The Canadian Province of Saskatchewan is issuing license plates in three different colors. The purpose of this is to identify drivers according to their safety records.

A white plate denotes a safe, accident-free driver. A blue plate is issued to drivers with a few violations or minor accidents. A red plate is a warning to other drivers that its owner had a bad driving record.

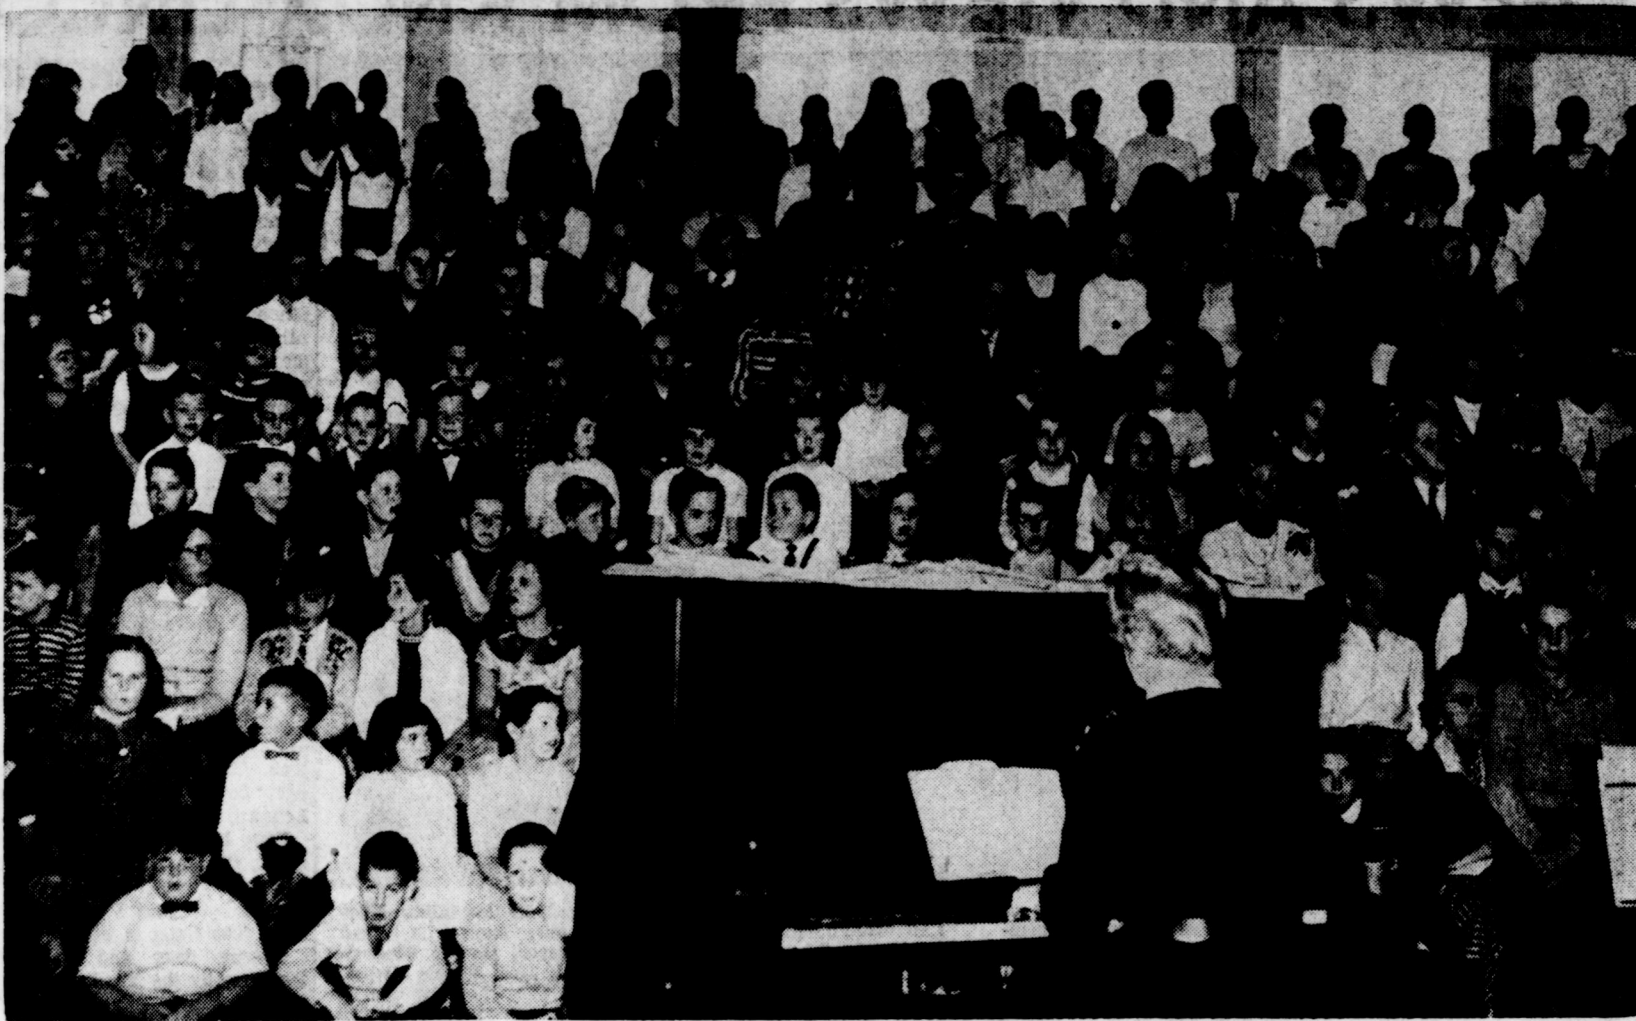

If a driver with a red plate gets involved in a few serious violations, he loses his driving privilege. The red plate isn't very popular in Saskatchewan, but it does have the effect of making its owner a bit more cautious when on the road. And it keeps other drivers alert to the dangerous driver.

In this country, ten of our states and the District of Columbia have adopted special license plates to warn other drivers—not of the driver ahead—but of the presence of another vehicle. Made of material which glows brightly in the headlights beams of other cars, these license plates offer extra safety when visibility is reduced by darkness. They are particularly effective in warning other motorists of slow-moving or stalled vehicles ahead.

President Eisenhower recently signed into law the bill that allows the District of Columbia to issue reflective "safety" plates.

It is imaginative thinking such as this that will keep chipping away at our terrifying traffic record.

A secret is what a gal tells to only one person at a time.

CAMDEN GRADE SCHOOL PROGRAM — More than 500 children participated in a Christmas program presented at the Camden High School gymnasium last Wednesday. Mrs. Esther Rogers, grade

school music teacher, is shown playing the piano above as grade two students, on the far right, standing, sing a Christmas carol. A seasonal selection was sung by each grade on the program which fea-

tured the reading of the Christmas story and a presentation of the Nativity scene. Many parents attended the program and enthusiastically applauded the children's efforts. Photo by Campbell

By the

Rockland Safety Council

This series of questions and answers on highway safety is intended to give information on good driving practices, familiarize you with Maine's motor vehicle code and test your knowledge of Maine's traffic laws.

Please direct any questions to The Rockland Safety Council, in care of this paper.

#### Questions:

1. What causes ice or frost to form on bridges, culverts and overpasses when there is none on the adjacent roadway?
2. What is driving with a "frozen eye"?
3. What seat in a vehicle is referred to as the "death seat"?

#### Answers:

1. Such structures cool more quickly than the roadway where cooling is retarded by heat radiated from the earth. Rapid cooling causes moisture to form and this in turn becomes frost or ice due to low temperatures.
2. When one focuses his eyes directly down the road. This is a dangerous practice. Keep your eyes moving constantly. The conscious effort of sweeping the terrain from left to right every few seconds keeps one alert.
3. The right front seat.

### New Device Is Replacing DC Auto Generator

DETROIT, MICH. — Important advantages of Plymouth's new alternator for avoiding embarrassing and costly "stalls" in slow-moving, heavy winter traffic and for keeping the battery strong, even under heavy electrical loads, were demonstrated to the press recently by Plymouth engineers.

The alternator is Plymouth's new electrical power-producing machine replacing the conventional DC generator. Introduced for the first time in regular passenger cars as standard equipment on the 1960 Valiant, it is a feature on all 1961 Plymouth and Valiant cars at no extra cost.

In one of a series of dramatic demonstrations of the alternator's amazing capabilities, newsmen in Detroit witnessed the departure of two cars, a 1961 Plymouth and a 1961 Valiant — without batteries — for Chicago.

Chicago newsmen were on hand to greet the cars when they arrived in the Windy City 5½ hours after leaving Detroit.

In making the 328 mile trip, the cars came to a complete

stop 24 times each, yet the engines never stopped running.

"The Detroit to Chicago trip demonstrates that under practical driving conditions the alternator, without the aid of a battery, produces enough power, particularly at the critical idling stage, to provide sufficient electrical current to prevent the car from stalling," Jack E. Charlap, Plymouth's chief engineer and director of product, explained.

"A generator - equipped car, without a battery, will stall when it comes to idle, because the generator by itself does not produce enough electrical energy to keep the engine running," the chief engineer said.

In a demonstration to illustrate the amount of electrical energy produced by the alternator at idle, Plymouth engineers disconnected the batteries of an alternator-equipped 1961 Plymouth and a generator-equipped 1961 competitive car. The competitive car stalled immediately while the Plymouth engine continued to run.

One reason church collections seem to be down may be that they haven't as yet developed a workable charge system.

Girls need beauty more than brains, because men can see so much better than they can think.

## MERRY CHRISTMAS

from Your Kitchen

By MARJORIE MAYO

Many of us are wondering what to give those on our Christmas list who already have everything. Cooked foods made in your own kitchen and attractively wrapped seems to convey the message that these tasty goodies were made especially for the receiver. What could be more personal than a gift made by you from your favorite recipes.

As an added touch of Christmas cheer, the foods may be packed in attractive candy dishes, apothecary jars, felt Christmas stockings, oven proof dishes, large gaily decorated mugs and cookie jars. Homemade gifts have a special meaning because of the extra thought and effort that goes into making them.

One gift that friends will love to receive is a loaf of homemade fruit bread. This holiday bread is flavored with orange juice and decorated with fruits and nuts. It makes a very attractive gift when wrapped in aluminum foil and tied with a large red or green bow.

The recipe is as follows:

**Holiday Nut Bread**  
2 1/2 cups sifted all-purpose flour  
4 teaspoons baking powder  
3/4 teaspoon salt  
3/4 cup chopped Brazil nuts  
1 1/2 cups mixed candied fruits  
1/2 cup raisins  
1/2 cup shortening  
1/2 cup sugar  
3 eggs  
1/2 cup mashed banana  
1/2 cup orange juice

Sift together flour, baking powder and salt. Stir in chopped nuts, candied fruits and raisins. Cream shortening. Add sugar and beat until light and fluffy. Add eggs, one at a time, beating after each addition. Combine mashed banana and orange juice; add to creamed mixture alternately with flour mixture, beginning and ending dry ingredients. Turn into a waxed paper lined and greased 9x5x3 inch loaf pan. Bake in moderate oven (350° F.) one hour. Cool 20 to 30 minutes before turning out on cake rack. Yield: 1 loaf.

Sweets made with pudding and pie fillings are delicious and pack easily.

**Chocolate Chewies**  
1 package chocolate pudding and pie filling mix  
2 eggs  
2/3 cup shortening, melted  
1/2 teaspoon vanilla  
1 cup sifted flour  
1/2 teaspoon double acting baking powder  
1 cup sugar  
3/4 teaspoon salt  
1 teaspoon hot water  
1/2 cup chopped nuts  
Combine pudding mix, eggs, melted shortening, and vanilla, and beat until blended. Add flour, baking powder, sugar and salt; blend well. Then stir in water and nuts. Pour into greased 8x8x2 inch square pan. Bake in moderate oven (350° F.) 25 to 30 minutes, or until done.

Cool in pan; then cut in squares or rectangles. Makes 18 squares (about).

### Butterscotch Refrigerator Cookies

1 1/2 cups sifted flour  
1 teaspoon double acting baking powder  
Dash of salt  
1/2 cup butter, margarine, or other shortening  
1/4 cup firmly packed brown sugar  
1 package butterscotch pudding and pie filling mix  
1 egg  
1/2 teaspoon vanilla

Sift flour once, measure, add baking powder and salt, and sift again. Cream butter, add sugar and pudding mix gradually, mixing thoroughly. Add egg and beat until mixture is light and fluffy. Add vanilla. Then add flour and mix well. Place dough on waxed paper and shape in roll about two inches in diameter. Wrap in waxed paper and chill overnight, or until firm enough to slice. Cut in 1/4 inch slices and bake on greased baking sheet in moderate oven (375° F.) 8 to 10 minutes. Makes about five dozen cookies.

### Butterscotch Penuche

3 1/2 cups sugar  
1 1/2 cups evaporated milk  
1/2 teaspoon salt  
1 package butterscotch pudding and pie filling mix  
1 teaspoon vanilla  
1/4 cup margarine  
1 1/2 cups (about) flaked coconut  
Combine sugar, milk, salt, and pudding mix in heavy 2 1/2 quart saucepan. Cook and stir over low heat until mixture comes to a boil. Continue boiling, stirring occasionally, until a small amount of syrup forms a soft ball in cold water (or to a temperature of 232° F.). Remove from heat, add vanilla and butter, and beat until candy loses gloss and thickens, about 5 to 7 minutes. Add coconut. Drop by teaspoonfuls onto waxed paper. Makes about 2 1/2 pounds of candy.

NOTE: Cookies keep well in a tightly covered container.

Few things are more habit forming than eating and resting.

## VINALHAVEN

MRS. LANGTRY SMITH

Signalman Third Class Charles Polk recently received his discharge from the Navy and has returned to his home in Vinalhaven. Charles has been stationed at Norfolk, Va. His wife and family will join him later and they will reside in the former Trudy Smith house which they have purchased.

The Vinalhaven Garden Club met at the home of Mrs. Gladys Dyer on Friday evening. After an exchange of home-made gifts and a short program, refreshments were served.

Mrs. Barbara Clarke, Mrs. Frank Thomas, Mrs. Hilma Webster, Mrs. William Bruce, Mrs. James Webster, Mrs. Robert Littlefield, Mrs. Mae Davis, Mrs. Ruth Philbrook, Mrs. Grant Duell, Stillman Osgood, Miss Ruth Ann Bennett, Miss Shirley Dyer and Douglas Rosen were Rockland visitors on Monday.

Robert Bennett arrived home on Monday from Canton, N. Y., where he is a student at St. Lawrence University.

Mr. and Mrs. Albert Carver, Sr., left Monday for Florida. A new experience for the Carvers as they are towing a new trailer and plan to try trailer life this winter.

Walter White, Kenneth Conway, Kirk Hansen, Delwyn Webster, and Paul Hopkins, students at the University of Maine, returned home on Friday for the Christmas recess.

Miss Janice Wadleigh, student at Husson College in Bangor, returned home on Friday for the Christmas vacation.

Mrs. Eleanor Conway is employed at the E. G. Carver grocery store during the Christmas rush.

The Night Hawks Club met last week at the home of Mrs. Phyllis Maddox. After a social evening a delicious lunch was served.

Mr. and Mrs. William Parmenter and son Perry left Tuesday for Connecticut where they will spend the holidays. Enroute they will make stops in Boothbay Harbor, Massachusetts and Rhode Island.

### The Driver's Seat

That between-meals snack of rich, fattening food could cost you your driver's license if police officials ever take seriously the recommendations of Dr. Rosario Robillard of Montreal, Canada.

The Canadian physician is convinced that fat automobile drivers are more accident-prone than slim drivers. The accident rate of an obese driver is directly proportional to his degree of overweight, he says.

Dr. Robillard has suggested that drivers' licenses be denied applicants who are extremely fat, and that restricted licenses be issued to other overweight applicants.

Metrecal, anyone? Speaking of drivers' licenses, did you know the Federal government has authorized the Bureau of Public Roads to set up a national driver register in Washington, D. C.?

Purpose of the Federal agency is to form a clearing house to identify for the states those motor vehicle drivers whose licenses have been revoked for

drunken driving or conviction of a traffic violation in which someone was killed.

Used to be that if your license was taken away in your home state, you could always move to another state and regain your driving privilege. The new Federal Driver Register is designed to stop this practice.

The American Optometric Society also has a few things to say about driver licensing. Seems that only one or two states test an applicant's night vision before issuing a driver's license. Since we do at least a third of our driving at night, the American Optometric Society feels we should demonstrate that we can see after dark before we are issued licenses to drive.

Night traffic accident records seem to support the charge that many drivers lack night vision. There was one narrow bridge in Minnesota that seemed a particular target of night-blind motorists who rammed into it at regular intervals. The problem was solved only when the entire bridge was coated with reflective paint to enable drivers to pick it out of the darkness a half-mile away.

### CAMDEN BASKETBALL ACE IS NAMED CO-CAPTAIN OF MIDDIE HOOPSTERS FOR NEXT SEASON

CAMDEN — Co-captains for next year's football and basketball teams at Maine Maritime Academy were announced Tuesday night at the annual Academy fall athletic banquet. Quarterback Gary Whitney of Farmington and end James Zedalis of

Hudson, N. H., were elected to head the Middle football eleven, while LeRoy Bennett of Camden and Walter Taylor of Millinocket were re-named by their teammates to captain the Academy basketball team another season. Bowdoin College football coach Nels Corey addressed the athletes and faculty members at a dinner held at the Jed Prouty Tavern in Bucksport. Presentation was made of the trophy won by the Middies as New England Small College Football Conference Champions. Coach Dave Wiggins of Maritimers had an 8-1 record, the best in Academy history.
