The teacher will learn from the agent the exact number of scholars having their legal residence in the district, whether living at home at the time or not.

The teacher will find it necessary to note the attendance and absence of pupils in *half days*, in a memorandum from which he will fill up his Register at the close of his school, reducing the whole to weeks and tenths.

To find the average attendance, add the column of "days present," and divide the sum by the whole number of days in the session.

CHARACTER. *P. D. I.*—PUNCTUALITY, DEPORTMENT, IMPROVEMENT. It is only recommended, not required, that teachers keep a careful account of the punctuality, deportment, and improvement of each pupil, for the information of the Committee, using such descriptive terms or numbers as they may please, or the Committee direct, to indicate the character of the pupils in the several respects named.

Male teachers reckon their wages by the month, female teachers by the week.

It is recommended that Teachers, at the close of each term, make a written Report to the Supervisor or Committee, of the condition and progress of their schools.

Princeton 28th Dec. 1861
To the Honorable
The Governor & Council
of the State of Maine

Agreeable with the "Resolves
in favor of the Passamaquoddy
Indians" passed in the Legislature
in March 1860 with accompanying
instructions; acting for the Sup. School
Committee of Princeton, I hereby
respectfully - Report -

I have attended to that duty
and herewith enclose the teacher's
bill for services, his register, also the
account of disbursement of school
fund, shewing a balance against the
State of \$6.80.

I was not informed that the
appropriation was any less this year
than last, until nearly the close
of the school and when notified,
I paid over \$10. to the Sup. School
Committee of the town of Perry.

In my opinion there has been
a perceptible advance in the scholars
of this school. Shewing a knowledge
of the fundamental rules of
Arithmetic. they now read with
tolerable fluency in plain and
easy reading; but their great-
est proficiency appears in their
penmanship. some specimens
of which, you will find enclosed -
they were written in the presence of
and at the request of the committee,
quite readily, with but very little
instruction as to the form, by the teacher.

There is evidently more interest among
the parents of the children, as the average
attendance is better this year, than
heretofore.

I am glad to report that the
State through the Indian Agent, has
erected a small school House, and hope
there may be an additional appropriation
to finish said building.

Feeling assured that good is
being accomplished, by this aid to
these Indians. I would again re-
commend another year's appropri-
ation, for the schooling of the chil-
dren of this people -

All which is respectfully submitted

Leonard Peabody } Sup. School Com.
