Mr. Walter Anderson
Maine State Geologist
Maine Geological Survey
Station 22
Augusta, ME 04333

Dear Walter:

As I recently discussed with Carolyn LePage on the phone, I regret to inform you that we are dropping our State of Maine mining claims in the Chase Stream and Johnson Mountain Townships, Somerset County, Maine.

As required by State law, I will be forwarding to you all factual data which we have acquired on the properties, including geochem, geophysical, and drilling data. The core from our holes is stored with other core from adjoining Scott Paper Company lands, and is located at the "potato shack" on the Scott Farm in Bingham, Maine.

Thanks for all of your help in our exploration activities. It was a pleasure working with your organization, and I hope we can do more business in the future.

Sincerely,

NORANDA EXPLORATION, INC.

Dear Walter:

Enclosed find the renewal fee (\$300) for claim #'s 5520 through 5539 and 5550 through 5559 (30 claims). In this affidavit I am also requesting that the excess expenditures on the claims in 1983 be carried over as expenditures for 1984. The amount of excess expenditures was \$7,857.81. The expenditures were described to you in a letter dated January 31, 1984 (copy enclosed).

During 1984 we also spend \$3489.51 on additional drilling (one hole), in excess of \$760 on geology and supervision, and in excess of \$760 on Max Min-EM. The total spent in 1984 was in excess of \$5009.51.

SUMMARY

Excess Expenditures from 1983	\$ 7,857.81
Expenditures in 1984	<u>5,009.51</u>
TOTAL	\$12,867.32

Dear Walter:

On the claims staked by Noranda Exploration, Inc. in Johnson Mountain Township (claim #'s 5520 to 5539 and 5550 to 5559), we set approximately 2.7 line miles of grid. The grid was covered with geology, geochemistry (169 samples), magnetics (100 ft stations), VLF (100 ft stations), and Apex Max Min II. The Apex Max Min II was done using two cable lengths and two frequencies (444 Hz and 1777 Hz).

Also during 1983 we drilled two holes on the grid for a total footage of 352 feet.

Following is a breakdown of the costs:

Grid location	\$ 405.00
Geology	540.00
Geochemistry	750.00
VLF	135.00
Magnetics	127.00
Max Min II	804.00
Drilling	<u>12,596.81</u>
	\$15,357.81

Dear Walter:

I would like to notify you that our exploration expenditures on the claim group on Johnson Mountain Township (Somerset County), claim numbers 5520 to 5539 and 5550 to 5559, have exceeded the \$7500 required to renew for 1984. Unfortunately, because of our accounting system, the itemized breakdown of our expenditures is impossible at this time. I would like permission to wait until the end of January to report our exact exploration expenditures.

Our work on the claim group in 1983 consisted of:

1. Geochemistry - collection of 100 geochemical samples,
2. Magnetism - approximately 2.7 line miles,
3. VLF - approximately 2.7 line miles,

-
4. Max Min EM - approximately 2.7 line miles using a 400 foot reference cable and approximately 1.75 line miles using a 200 foot reference cable, and
 5. Drilling - two holes.
