

Portland Oct. 8/1861

Gov. Wookburn,

An examining Surgeon
is required at this place and it has
been reported that one is to be
detached for that purpose.
I have been for some time past
been filling that position as a
volunteer and should such
detail be made, should like
to receive the appointment.
I think it will not be any violation
of Parole to act for the State
at any rate such is the usual
construction.

Respectfully

W. J. Wookburn
Gov. of Maine
