**TO GOVERNOR JOSEPH E. BRENNAN AND MEMBERS  
OF THE ONE HUNDRED AND ELEVENTH LEGISLATURE**

In compliance with statutory requirements, I submit herewith the 63rd Annual Report of the State Auditor for the fiscal year ended June 30, 1982.

We have made extensive examination of major pertinent transactions. We do not make a detailed examination of all recorded transactions on the general books of the State for the year. We did, however, make a detailed examination of accounting records, procedures and internal controls, and verified financial transactions on a selective basis in our post audits of the activities of the various State Departments, Agencies, Boards, etc. during the year. The results of these audits, together with comments, observations and audit findings and recommendations are contained in our individual audit reports submitted to the respective State Departments, Agencies, Boards, etc.

Based on the scope of our examination, it is our opinion that, except for the exclusion of certain trust and operating fund transactions and balances recorded and controlled locally by State agencies and not reflected herein, the financial position and operating results of the various State Departments, Agencies, Boards, etc., of the State of Maine for the fiscal year ended June 30, 1982 has been fairly presented in conformity and with generally accepted accounting principles applied on a consistent basis.

Statements and schedules pertaining to the financial position of the various operating funds of the State of Maine at June 30, 1982 may be found in the Annual Report of the State Controller.

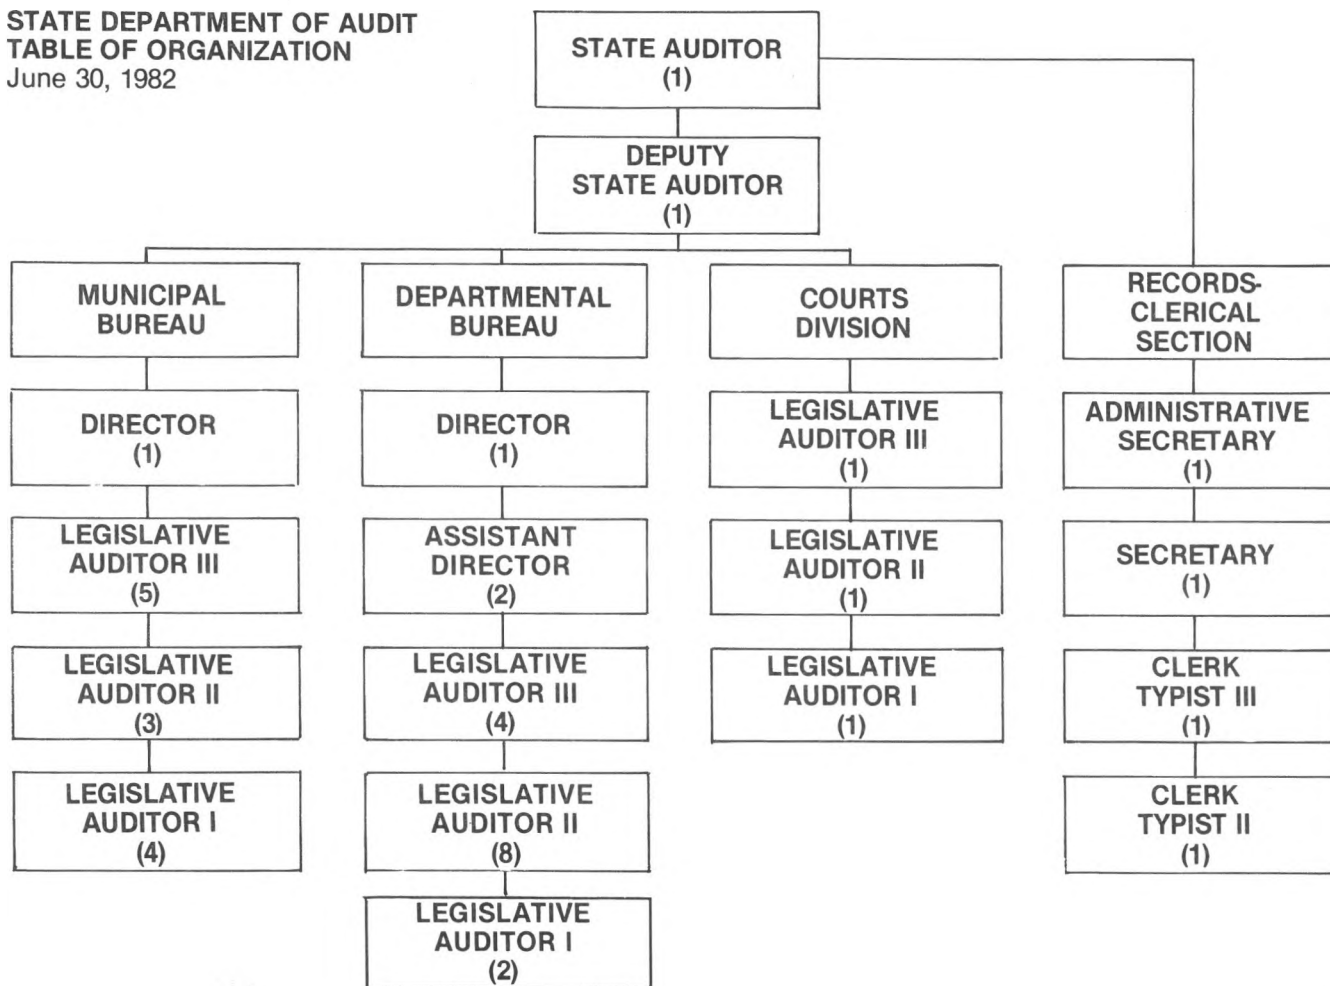

I would like to express my special appreciation to the staff of the Department of Audit for their continued loyalty and devotion to duty and to the State Officials for their cooperation with this department.

Respectfully submitted,

A handwritten signature in dark ink, reading "George J. Rainville". The signature is fluid and cursive, with the first name "George" and last name "Rainville" clearly distinguishable.

## STATE DEPARTMENT OF AUDIT MUNICIPAL BUREAU

Municipalities and quasi-municipal corporations are required by statute to have their accounts post-audited annually by either the State Department of Audit or by a qualified public accountant. This Department has been advised that the qualification of a public accountant includes registration by the Maine Board of Accountancy.

The statutes also provide that when there is dissatisfaction with a post-audit made by a public accountant as shown by a petition signed by at least 10% of the voters of a municipality, but in no case more than 1,000, and filed with the State Auditor, he shall order a new post-audit to be made by his Department, the expense of which shall be paid by the municipality.

During the fiscal year July 1, 1981 to June 30, 1982, the Municipal Bureau conducted post-audits of the following:

Municipalities and Muncipal Districts	75
Counties (Including Register of Deeds and Probates)	5
School Districts	33
Special Services	127
<b>TOTAL</b>	<b>240</b>

### MUNICIPALITIES

The Municipal Bureau conducted post-audits of approximately 15% of the municipalities for the 1981 fiscal year. Accounting procedures and practices were, for the most part, being satisfactorily followed; however, exceptions were noted and in those instances they were discussed with the responsible officials as well as being included in the audit report commentary.

The principal statutory violation noted pertained to departmental expenditures exceeding appropriations as set by the legislative body. Continued effort should be made by the municipal officials to follow laws closely relating to municipal finances, especially as pertains to expenditures exceeding appropriations. There were other statutory violations which required reporting per the following: depositing of monies by the treasurers at required times and remittances of property and excise tax collections by collectors.

Recommendations were also submitted in instances where it was considered that accounting procedures could be strengthened. These exceptions pertained principally to the maintaining of a complete general ledger on a current basis and monthly trial balances, periodic reconciliation of tax accounts with collectors, monthly reconciliation of bank accounts by the treasurer, and a review of receivables, including properties acquired by nonpayment of taxes, for liquidation.

As a result of a petition from the voters of the Town of Rome, an audit of available town records was conducted for the 1977 and 1978 fiscal years. The audit revealed that certain town records were not available such as a complete general ledger and distribution record as well as excise tax receipts. Overdrafts were noted in various appropriation accounts and several expenditures made from town funds were questioned. Recommendations were made to the municipal officials which would strengthen the accounting procedures.

The Maine Revised Statutes Annotated of 1964, as amended, provides that the municipal officers shall notify the State Auditor of the name and address of the auditor elected or engaged within 30 days after his election or engagement.

The Maine Revised Statutes Annotated of 1964, as amended, also provides that within thirty days after completion of a post-audit of a municipality or quasi-municipal corporation, the auditor shall send to the State Auditor a certified copy of the report and a certified copy of the audit procedural form prescribed by the State Auditor.

The preceding two paragraphs are a reminder to the municipal officials and the independent auditors that there are certain statutory requirements that must be followed. As we have indicated in the past, there are many instances whereby the statutory requirements were not followed in this respect.

## **COUNTIES**

Chapter 494, Public Laws of 1979, effective June 20, 1979, amended Title 30, Section 401, Maine Revised Statutes Annotated of 1964 allowing the counties to have an audit made by the State Department of Audit or by a certified public accountant selected by the County Commissioners.

As a result of this statutory change, the Municipal Bureau audited the financial records of eleven of the sixteen counties of Maine for the 1981 year.

For the most part the accounting records of the State audited counties and their related agencies had been maintained in a generally satisfactory manner. However, in those instances where accounting procedures and controls could be strengthened, recommendations were made to the proper county officials.

The principal exceptions and/or recommendations pertained to the maintenance of a complete general ledger, monthly trial balances, excise tax procedures for unorganized townships and inventories of county properties.

## **MUNICIPAL SURVEY**

The statutes provide that the State Auditor may inquire into the accounting and auditing system of any municipality. Due to the lack of funding by the Legislature the past several years, surveys have not been conducted by the Municipal Bureau.
